MISS CRONKHITE, Y.M.C.A. DELEGATE TO IOWA CONVENTION, RETURNS

The Y. W. C. A. sent Miss Doris Cronkhite to Des Moines recently, as its delegate to the National Student Volunteer Convention which was held there.

This Convention was a very large and important one, at which about ten thousand delegates attended from schools all over the country. Speakers of great note were featured on the program, and the Y. W. C. A. feels very fortunate to have found a delegate as able as Miss Cronkhite to bring it the message and inspiration of the Convention.

Miss Cronkhite will give her report at an early meeting, and it is hoped that all will take advantage of this opportunity to hear her.

PARTY IN GYMNASIUM SCENE OF MERRIMENT, IS SUCCESS

The party given in the gymnasium last Friday evening was the scene of merriment, fun and frolic. It was one of the best attended of any of the parties of similar nature, that has as yet been given by the school. At 8:00 sharp, the doors were hung wide, so to speak, and the students passed down the reception line. Soon after, dancing was commenced and then the fun began. The decorations, although simple, were very appropriate.

To those who did not attend the party last Friday, we can say only this, that you missed something good if they fail to attend.

Y.W.C.A. TO HOLD MEETING

The Y. W. C. A. will hold its regular meeting Wednesday, the 14th, in the Music room. The members will miss something good if they fail to attend.

PAUL E. BAUMGARTNER, OLD NORMAL STUDENT, DIES SUDDENLY

Paul E. Baumgartner, a student of the Winona Normal in 1880 and 1881 but more recently the vice-president of the Deposit Bank of Winona, died suddenly last Thursday evening at his home in Winona, of heart failure. Mr. Baumgartner had been suffering for several months with a lingering illness of the heart and had suffered many times from several attacks. It was thought that he would recover from the last one, but it was too severe.

Mr. Baumgartner's son, Paul, who was to be graduated from the Normal in 1917, is now attending the University of Pennsylvania.

ANNUAL FOOTBALL BANQUET HELD AT HALL SHOWS SPIRIT

The annual football banquet held by the men, both of the faculty and student body, at Morey Hall on Monday evening, January fifth, was an excellent demonstration of the spirit that prevails among the men of the school, it not the entire student body. A toast was given to President Maxwell who was unable to attend. Dr. Dickerson, the toastmaster, praised the men on the squad for their hard work during the season and the work of Mr. Stulcup, the official "shin cracker" in keeping the crowds off the field. Among other things that received honorable mention from Mr. Dickerson was Bremner's "mustache" and Randall's repeated "gas attacks."

Six tables for the feasters were set, down the center of the dining room at the Hall, Mr. Holzinger said grace. After all had been seated, the accompaniments differing and ball began, but was stopped short with the introduction of food. Roast pork, delicious biscuits and real goodness make pie, were only a few of the delicacies that were served. From the time that the eating commenced until the last crumb had disappeared, scarcely a word could have been heard.

The speeches were excellent. In nearly all of them, the idea of school spirit was brought out. Mr. French's oration on "High Finance" disclosed several startling details concerning the methods used in raising funds for athletics. All due credit was given the Fiske Jubilee Singers by Mr. Dillon, who said that they were responsible to some extent for the spirit of the team; introducing the song "Shoes" which became a battle song of the whole squad. The list of speakers and their speeches follows:

NEW DORMITORY WILL GIVE WINONA ONE OF MOST MODERN OF STATE SCHOOLS

The new dormitory that has been in the process of erection since early last fall, will without doubt be completed by next summer, and, with its completion we will be able to boast of one of the best equipped normal schools in the state of Minnesota.

It is interesting in looking back over the records of the Normal to see that ever since the first act was made by the Minnesota Legislature, on March 10, 1860, to establish a normal school at Winona, there have been steady improvements, either minor or major, nearly every year. After all of the main buildings had been erected, several years passed before the state appropriated any money for the first improvement of the school, but on November 19, 1881, $8,000 was given for the fencing and general improvement of the grounds.

The policy of steady improvement continued to be carried on and thirteen years later the state gave it more money for the same purpose and also for continuous sessions. In 1907, $55,000 was appropriated for the erection of the Library and Gymnasium and two years later $75,000 was given for the building of Morey Hall. A few years later the state passed another bill for the erection of the Training School building, and it is expected that the new dormitory will be ready for occupation by next fall. It is to be built on the same lines as Morey Hall but it will be somewhat smaller. It will have nothing but up to date equipment and will accommodate about half as many students as Morey Hall.

They say it’s mighty lak a rose,
Ad Id requires so helpless blows.

The less some people have to say the more they let you know it.

THE BEST FIRM

A pretty good firm is Watch and Waite.
And another is Atit Early and Layte,
And still another is Doo and Dairet,
But the best is probably Grimm and Barrett.

"Did you hear about the elevator dance?"
"No."
"It’s a cinch. No steps to it."
