Dear WSU Grant Committee:

It is my pleasure to recommend Callie Gustafson for a WSU Travel Grant. I was her professor for “Feminist Theories and Politics” in Spring 2014, in which she wrote the abstract for the Wisconsin and Midwest Women’s and Gender Studies Conference held at UW-River Falls from October 17-18.

Throughout the course, Ms. Gustafson offered valuable input to her peers via the peer-review process and by creating a study group outside of class. These actions illustrate her academic seriousness and desire to intellectually engage beyond the classroom setting, which this regional conference will offer. Her presentation “The Social Environment of Modern Medicine: A Call for Feminist Research and Practice,” bridges feminist scholarship with her academic pursuits in cell and molecular biology. Her abstract is available to view at: <http://continuingstudies.wisc.edu/conferences/wisconsin-midwest-womens-gender-studies/sessions.html>.

I support Ms. Gustafson for this travel grant. Her demonstrated leadership in the classroom and community has made a great impact at Winona State University and presenting at this conference will further support her academic endeavors and contacts to scholars in the field of Women’s, Gender, and Sexuality Studies.

Sincerely,

Mary Jo Klinker
