The assembly committee for next year has been allotted $500 to use in an effort to present better assembly programs. These funds will act as a supplement to those annually received from other sources.

According to Mr. Ralph Behring, committee chairman, this was one of the changes made by the finance committee in determining the 1960-61 budget.

Next year the committee plans to present outstanding lecturers and performers to the college audience as frequently as possible. Attendance will not be required.

OF THE TOTAL budget of $50,962, the largest share goes for athletics — $15,475. Other major expenditures will be: Homecoming, $1,910; social committee, $2,715; spring musical, $1,325; Winona, $1,688, and "Winonan," $2,510.

Some increases have been made, new giving $380 to the chorus and $469 to the Warlortettes. The Radio Club will receive $415 for the first time, but the community concerts and the senior dinner will no longer be subsidized. It was decided to cut support of the concerts in order to have more money for our own assemblies. The senior dinner will be paid for by those attending.

The budget has been projected to be the $30,902 figure on the basis of a 10 percent increase over current enrollment at WSC. There will be no increases in fees because the state legislature has not voted an increase. All five state colleges must be increased simultaneously.

REQUESTS for funds exceeded the amount of money expected for next year. However, "this budget was adopted unanimously with all members of the committee present," said Mr. Behring.

Unequal portions of the money allotted organizations do not report to the state of Winona, but are pooled into the general budget and are at the disposal of our president with permission from the state board.

Members of the finance committee equally represent the students and faculty.

• Automation of the building program.

• Added services in the educational program by the central State College Board of control.

• Division of the state into areas for student teacher assignment and off-campus classes. The State College Board task action earlier on this recommendation.

Representing WSC at the meeting were Dr. Nels Minne, president; Edward Jacobson, librarian; and Harold Murck, business manager, and John Fitzgerald, a public member of the task force.

Start brushing up on your Norwegian

You may find the next edition of the "Winoman" a little difficult to read.

The staff hopes that you won't think we've been replaced by "foreigners" or that we've lost our minds.

You see, it'll be our "Norwegian issue," and almost all of the copy will be in the language of that country.

It's one of the exchange projects with the Oslo Lutherskole and is being printed primarily to tell the students there about Winona State and us.

However, the staff thought you'd like to see it, too (there are 54 pictures). You can expect it about May 28, giving you more than a week to arrange a good translator. We'd suggest Miss Bjorg Bliven, graduate student from Oslo who is editing editor of the next issue of the "Winoman."

Revel F. Fenwick baccalaureate speaker

The main address for the baccalaureate service on May 29 will be presented by the Rev. Robert D. Fenwick.

The WSC choir will furnish a musical background with a scripture reading by the Rev. Edward W. Gisler, minister at the Minnesotta Methodist Church.

The Rev. Fenwick, priest-in-charge of Grace Episcopal Church, Montevideo, Minn., was graduated from Linwood, E. R. in 1948 and received his bachelor's degree in science degree with special honor from WSC in 1953. Following service in the U.S. Army, he went on to receive a bachelor of divinity degree from Bexley Hall, the divinity school of Kenyon College, Gambien, Ohio. He was ordained to the Diaconate in St. Mark's Cathedral, Minneap.

While a student at WSC, he ministered from the pulpit in Immamit Church, Roseland, Dur.

It is most enlightening to know that at least one person in school reads the "Daily News." It may be critically done, Better to be read and criticized than not read at all. I feel it is my duty to offer this re- port to Mr. McCormick's column of "the business office and duly submit it to the proper officials.

The "Daily News" is getting harder to read every day.

My life TODAY was music and rolled is traditional jazz and blues. It has taken time but I have develop- ed the ability to listen and respect for modern jazz and those who play it.

It is my purpose to discuss all types of jazz, but not per- fectly. My feelings have some in- terest in what I write. Being a musician such as Dizzy Gil- lepsie and not being part of the "new" modern jazz and those who play it.

Board raises salaries, sets college areas

Establishing operating budgets for the academic colleges for the fiscal year beginning July 1, 1960, was the principle business considered at the annual meeting of the state college board May 9 and 10 at St. Cloud.

Faculty members were given an increase of $500 each for the nine-month's salary under the authorization of the 1959 legislature.

ANOTHER ITEM of business was the establishment of graphic areas for the service of each of the colleges in which to conduct off-campus classes and to place college seminars for off-campus preparatory work.

After considerable discussion, Winona's area has been set at the western line of Mower county, extending northward to the Dakota county line, where the area runs westward to 218 and extends north to the twin cities.
