70th ANNIVERSARY DRAWS MAN TO COLLEGE

70th YEAR SCHOLARSHIP FUND RECEIVES $14,500

The Winona State Teacher’s College is this year celebrating its seventh birthday by staging one of the greatest events in its history — the Seventieth Year Scholarship Fund Drive. From 1860 until 1930 the institution, the first of its kind west of the Mississippi River, has steadily increased the number of its students and its faculty; its mission has raised its ideals and its standard of teaching; its support has increased. It is the university’s pleasure to use certain inventions, such as the telephone, telegraph, radio, and airplane, to send out the announcement of a fund and to sign the closing of the evening’s program.

Scholarship awards and announcements of honors featured the opening assembly of the College’s anniversary program on Wednesday morning. Special honors were awarded to five student teachers as a result of the annual examinations. Special honors are awarded to five students as a result of the annual examinations. COMMENTS MADE ON 1890 WINONAN

MRS. BRIN FIRST WOMAN APPOINTED TO STATE BOARD

Mrs. Arthur Brin of Minneapolis has the honor of being the first woman to be appointed to the State Teachers College Board for a number of years prior to his death. The anniversary program was received a few days before the close of the celebration.

CHANGES MADE IN FACULTY PERSONNEL

Several changes are to be made in the personnel of the Winonan State Teacher’s College faculty for the coming year. Miss Erna Steh of Fairmont, Minn., who has been assistant librarian for the past three years, will become head librarian at Elburn College in Illinois. Miss Minnie Zimmermann of Spring Valley, Minn., Miss Zimmerman is a graduate of the University of Wisconsin Library School.

Miss Ida Blumenthal of Chicago, Ill., a member of the State Teachers College Board, has been teaching in Akron, Ohio. Miss Elizabeth Rasmussen of Chicago will not return and Miss Suzanne Wason will hold that position as teacher of piano.

Miss Mary Agnes Collins of Red Wing, Minn., will take Miss Ada Marott of the Atkinson Board of Education.

Miss Ethel E. Hooks of the Winona Board of Education will deliver the address. His subject is to be “A Message from Goethe, the Great German Educator.” Miss Zelma Zelma is a distinguished scholar and author of several European and American text books. This summer, he has been teaching at Moorhead.

The college choir, under the direction of Dr. Walter C. Grinnell, will perform the “Divine Liturgy” of the Russian Orthodox Church. The performance will be accompanied by the organ and orchestra.

A science teacher will be very likely appointed as the closing school year. He will have charge of Chemistry, Physics and Science for Upper Grade Teachers.

ART SINGERS GIVE ENJOYABLE PROGRAM

An unusual feature in the Plan — The Seventieth Year Scholastic is the all-college dramatic society. The program is to be presented July 21-22.

The cast includes:

1. Serenade Delibes

2. Chaconne de Ballo

3. Martha Gounod

Mr. Walter Grimm, an instructor in the Department of Music, is the director of the program. The perfect blending of vocal music by the “Art Singers” of New York City was thoroughly appreciated. Women students and faculty, and at the Winona State Teachers College Tuesday evening, June 24.

The very beautiful contralto of the University of Minnesota and Miss Allie Kohn’s soprano供电 both giving a chance to gain an education. There are no limitations placed on the handling of the fund. The fund has been used up in the number of scholarships, and boys or girls of any class may receive its benefits. It is hoped that any student who has not already contributed and who may care to do so, will give freely to aid this worthy cause.

IMPROVEMENTS MADE THROUGHOUT PLANT

The improvements made throughout the plant for the current summer consist of the interior painting of all rooms on the first floor, the repainting of the exterior woodwork, and the completion of the third floor at Shepard Hall. Two double rooms and one single room in the dormitory are ready for occupancy. The lavatories, located in the south corridor of the new building, are being completed.

A power lift for transfer of trunks and other heavy objects is included in the new work. New rooms on this floor will be given to boys.

MUSIC APPRECIATION

If music can mean life itself to many individuals, aren’t those who experience a life devoid of the influence of melody and harmony of sounds left comparatively barren? One who would drink deep of life does not get a full cup when music has not entered into his sphere. He is contented, yes — even happy, because he is ignorant of the ecstasies, the more intense feeling, and the new emotions that can enter his soul through the hearing of music. For this reason even music, given enough time and chance for life in its fullest possibilities, should be given music appreciation in the school. One might say that if music meant anything to him, he would voluntarily accept its influence. He might never have a satisfactorily viewpoint, for the beauty of the old masters is realized only after continued association with them.

Many of those much-to-be-pitied individuals who turn a deaf ear to the music in chapels or read their books during the playing of an organ will have perhaps no music in their homes or communities in which they live — no background on which to base their understanding of those harmonious swells of rhythm and music. That is the benefit derived from personal contacts. Contacts with music are best made by seeing a great beauty in the simple and forceful writings of our best authors and poets. The straight forward way of presenting ideas is in itself charming and delightful.

Long after we have left school and our formal schooling we can still be educating ourselves by reading a little every day from various helpful books. The authors have spent years of toil — many in poverty — to produce books that are helpful books. The authors have spent years of toil — many in poverty — to produce books that are useful for them cannot be controlled.

Why waste valuable time reading something worthless that gives us no gains mentally or morally?

335 ENROLLED FOR SUMMER SESSION

The enrollment for the current summer session was slightly above the summer average for the preceding five years. The enrollment for July 1929 and 1930 is shown by the following table:

Talent shall I conquer loneliness and the very natural inclination to be lazy. What was it that balanced or outweighed this tendency? Perhaps it was necessity. Some of us are so inordinately lazy that only dire necessity could quell the desire to indulge in unlimited leisure.

The enrollment in the summer session this year shows a decided increase. The reasons for this are: the enrollment of the city, which slightly above the summer average for the preceding five years. The enrollment for July 1929 and 1930 is shown by the following table:

PHELPS SCHOOL OPEN

In spite of the heat of the summer months, thirty-six children enrolled for the first and second terms in Phelps school and have continued to attend regularly. Although continued attendance is difficult for us from our regular attendance, several children are in the city and parochial schools. Reading is given special emphasis during the summer for it is fundamental with the smaller children. Two new sets of readers, Human Children, Readers Books One and Two, and Work-Play Primers, in which the children are very much interested are being used.

The work in Industrial Arts is always popular. The main projects are carried for the play house, wooden ten-pins, and wooden animals. The Phelps School holds a summer session for pupils in grades one to eight who come for remedial work, an introduction to new courses, and in some cases only because they enjoy school.

In grades three to eight inclusive, there are thirty pupils enrolled. The children are divided into classes wherever possible to fit their special needs. The children are in the Phelps school until 12 o’clock. A twenty minute recess is allowed between play periods. The work in Industrial Arts is always popular. at Money Hall with Mrs. John
Christianson as guest of honor.
About 100 persons attended the
luncheon, which had originally aimed at
18700, and had reached $14,341.50 with
more to be contributed.

Following the welcome to re-
turning alumni and graduates of 1880
by Leslie Johnson, class of 1880, presi-
dent of the alumni association, President
Maxwell introduced members of classes who
were graduated prior to 1880. Mr.
Johnson presented each with a rose
taken from the beautiful center-

As a part of their work in drama, members of the class are required to direct a play to be given before an audience. The plays, "On the Shelf," "The Kings Cobblers," "The Clock Shop," and "The Green Scarf," have been given at different times in the college auditorium. Others are to be announced and presented in the near future during the remainder of the summer quarter.

"Hearts"—Mrs. Thomas, the social outcast from the local social circles finally discovers happiness and love. She is especially interested in the welfare of the young people who keep her from the social elite through the medium of a game of Hearts and the introduction of a few loneliness (of poison) at the proper time.

GRIMM TRIO GIVES RECITAL
The Grimm Trio which is composed of Mrs. Walter Grimm, violin; Mr. Walter Grimm, viola; and Mrs. John Helffwe, pianist gave a Schubert recital in the Tower Room, Tuesday morning, July 15.

The following numbers were played:
1. The Unfinished Symphony, Second Movement.
2. The Scherzo from Schubert's Octet.

MR. JEREDMAN SPEAKS IN CHAPEL
Thursday, July 3rd, a chapel program was given on the significance of Independence Day. F. A. Jeredman presented a few thoughts to recall the true significance of July 4th. He stated that the "fourth" seems to be less solemnly observed and that it has lost its true significance to the majority of people in America. The filling station, agents, hotels and restaurant managers and many other keepers of business places regard the fourth of July as a money-making day. It is well for all of us to take stock of things and realize the true meaning of the anniversary of our forefathers' declaration that "these United States of America are, and or fight ought to be, free and independent states."

TEACHERS COLLEGE BOARD TO MEET IN ST. PAUL AUGUST 6
The next session of the Teachers College Board will be held in St. Paul on August 6, when the budget to be presented to the coming legislative session will be considered. For the Winona school the completion of the Shepard Hall dormitory has been pending for ten years. Whether this can be received in view of the great need for new buildings at Moorhead, resulting from recent fire losses, and the severe need at Benton where the plant has never been completed, is a question which the Board will discuss.

The Winona school will ask for $15,000 to build a four-story athletic field and will doubtless seek to have the swimming pool completed in order that the recreation program may be carried on in use as soon as possible. The entire rental of outside facilities. An increase in general maintenance to meet the needs of the four-year program will be requested. For the dormitories there should be renewed the matter of a sidewalk and a suitable enclosure in order that the privacy of the students may be preserved. Moreover there is a need of general repairs and the third floor, now being completed, must be considered. The budget of $15,000 having been found unavailing, the sum of $8,000, having been found unaval-iable, will be considered for the new building instead of through the rental of outside facilities. An increase in general maintenance to meet the needs of the four-year program will be requested. For the dormitories there should be renewed the matter of a sidewalk and a suitable enclosure.

THE WINONAN
FOOTBALL MEN TO RETURN IN FALL

Prospects for another good football team next fall are brightened by the news that many football stars are returning to T. C. Some former men, who are returning are: Bernard Kramer, of Redwood Falls, Minn., who has played end for three years; Tom Mullin of Redwood, Wis., who has played end for three years; Ralph Rice of Grand Meadow, Minn., who has played center for two years; Bernard Welch of Winona, Minn., who has played halfback; Dewey Blanch of Mountain Iron, Minn., who had played half-back; Art Kern of Winona, Minn., who has played quarterback for two years, formerly of the Freshman team at Carleton; Wendell McKibben of Lambert, Minn., who has played three years; Harold Rogge of Winona, Minn., who has played fullback for one year; George Rogge, also of Winona, Minn., who has played fullback for two years; John O’Dea of Winona, Minn., who has played halfback for one year; and Vernon Risty of Lakefield, Minn., who has played halfback for two years.

The following students, who were out for spring practice, and are returning this fall are: R. Weight of Winona, Minn.; S. Vermilyon of Dexter, Minn.; Carl Fischer of St. Charles, Minn.; "Red" Open of Zumbrota, Minn.; and Allen Norby of Rushford, Minn.

There are several new students who plan on entering T. C. this fall who are leaving some good high school records behind them. Under the able coaching of "Mrs. Galligan," students at T. C. next fall, are promised some thrilling nights. Let’s all be there with “ye old Purple and White school spirit.”

WOMEN’S ATHLETICS

Although no formal gymnasium work is given during the summer session, lively interest is being shown in the various special summer sports that are being directed by Mrs. Galligan.

Forty girls are enrolled in the two swimming classes that meet each Tuesday and Thursday evening at the “Y. W. C. A.” Pool. The girls are showing much interest in this sport and are progressing rapidly, according to Mrs. Galligan.

Tennis is also being offered twice each week. The ‘Love’ Games seem to be the most popular sport among the students. The season will close for the women, with the annual tournament which is now under way.

"Fore" became a much spoken word at T. C. when announcement was made to make girls’ tennis. There are several members of last year’s team back, including Hubert Stidger, formerly of the Boston Green Socks, and Cohen, formerly with the “Yankees.” Cohen will be remembered for he knocked one of the longest home runs ever seen on the T. C. Field many years ago.

Men, here’s your chance. Let’s get busy and organize our teams and be ready for action soon. Many students are reserving seats already and we may be able to develop a regular school spirit.

KITTEN BALL TEAM TO BE ORGANIZED

Rumors have been spread on the T. C. Campus that kittenball teams are again to be seen in action this summer. Plans are rapidly going ahead in organizing the men, who have formerly attended T. C., to play against the new students.

This has always tended to create a keen rivalry and some close games can be expected.

Last summer, some very good games were played and enjoyed by several hundred spectators. There are several members of last year’s team back, including Hubert Stidger, formerly of the Boston Green Socks, and Cohen, formerly with the “Yankees.” Cohen will be remembered for he knocked one of the longest home runs ever seen on the T. C. Field many years ago.

Come on, cheer leaders, are you ready? Umpires — beware!

FOOTBALL SCHEDULE

The T. C. football schedule for this fall is as follows:

Sept. 20 — St. Cloud T. C. (there).
Oct. 4 — La Crosse Teachers College (here).
Oct. 11 — Red Wing Junior College (there).
Nov. 11 — Homecoming game (here).

There are several reasons why W.S.T.C. believes night football a good proposition. In the first place, it relaxes the conflicting of games. Formerly, there has been more than one football game in action in Winona at the same time. This has tended to lessen the crowds at each of the different games and the interest has not been centered on one particular team. With night football installed everyone will have the opportunity to attend the T. C. Games and also see the other teams in their day games.

Another advantage of the night games will be that business men and employees will be able to attend night games. This has been one of the supporting reasons for night football.

This has tended to lessen the crowds at each of the different games and the interest has not been centered on one particular team. With night football installed everyone will have the opportunity to attend the T. C. Games and also see the other teams in their day games.

Another advantage of the night games will be that business men and employees will be able to attend night games. This has been one of the supporting reasons for night football.

FOOTBALL MEN TO RETURN IN FALL

Prospects for another good football team next fall are brightened by the news that many football stars are returning to T. C. Some former men, who are returning are: Bernard Kramer, of Redwood Falls, Minn., who has played end for three years; Tom Mullin of Redwood, Wis., who has played end for three years; Ralph Rice of Grand Meadow, Minn., who has played center for two years; Bernard Welch of Winona, Minn., who has played halfback; Dewey Blanch of Mountain Iron, Minn., who had played half-back; Art Kern of Winona, Minn., who has played quarterback for two years, formerly of the Freshman team at Carleton; Wendell McKibben of Lambert, Minn., who has played three years; Harold Rogge of Winona, Minn., who has played fullback for one year; George Rogge, also of Winona, Minn., who has played fullback for two years; John O’Dea of Winona, Minn., who has played halfback for one year; and Vernon Risty of Lakefield, Minn., who has played halfback for two years.

The following students, who were out for spring practice, and are returning this fall are: R. Weight of Winona, Minn.; S. Vermilyon of Dexter, Minn.; Carl Fischer of St. Charles, Minn.; “Red” Open of Zumbrota, Minn.; and Allen Norby of Rushford, Minn.

There are several new students who plan on entering T. C. this fall who are leaving some good high school records behind them. Under the able coaching of “Mrs. Galligan,” students at T. C. next fall, are promised some thrilling nights. Let’s all be there with “ye old Purple and White school spirit.”

WOMEN’S ATHLETICS

Although no formal gymnasium work is given during the summer session, lively interest is being shown in the various special summer sports that are being directed by Mrs. Galligan.

Forty girls are enrolled in the two swimming classes that meet each Tuesday and Thursday evening at the “Y. W. C. A.” Pool. The girls are showing much interest in this sport and are progressing rapidly, according to Mrs. Galligan.

Tennis is also being offered twice each week. The ‘Love’ Games seem to be the most popular sport among the students. The season will close for the women, with the annual tournament which is now under way.

“Fore” became a much spoken word at T. C. when announcement was made to make girls’ tennis. There are several members of last year’s team back, including Hubert Stidger, formerly of the Boston Green Socks, and Cohen, formerly with the “Yankees.” Cohen will be remembered for he knocked one of the longest home runs ever seen on the T. C. Field many years ago.

Men, here’s your chance. Let’s get busy and organize our teams and be ready for action soon. Many students are reserving seats already and we may be able to develop a regular school spirit.

Come on, cheer leaders, are you ready? Umpires — beware!

BAY STATE MILL VISITED  

About eleven students responded to the opportunity of seeing flour manufacturing at the Bay State Mill. They followed the wheat through four stages of grinding and thirty-two layers of sifting. With the flour made, the sacking, weighing, storing, and packing proved almost as interesting as the actual manufacture.

A remarkable feature of the plant noted was the passenger elevator, running continuously, both up and down.

For the excursions highly profitable, — examples of “seen, and know”?

Miss Barbara Lindsey, a former violinist student of the Phelps School of the Winona State Teachers College, Monday morning, July 5, played two violin solos, “Nobby Knows the Trouble I’ve Got”, and “Deep River,” during the chapel exercises. Miss Lindsey has completed her second year at the University of Missouri.

"GET-AcQUAINTED PARTY" HELD

At the close of a series of games and stunts, which formed the program of the “Get-Acquainted Party,” every member of the college was declared introduced, formally or informally, to every other member. That was Saturday, June 28th. Miss Richard directed some clever stunts which assured introductions to most students. There were pantomime, dance music-guessing game, and general mixers. After the program, those who wished could play cards or table games, while other danced to music furnished by Burnmire’s Orchestra.

The decorations were used at the Annual Prom and Anniversary Party — pastel shaded crepe paper streamers from the center to edges, forming a false roof, with sea blue balls covered with ocean life figures.

Among the alumni who attended were, Mrs. Paul Kingsland, Meara, Leo Dahn, Barbara Glynna, and Marianne Blit.

STUDENTS ENJOY PICNIC

One of the most delightful events of the summer was the Annual Picnic. The committee disappointed no one in arranging it this summer. The time was Saturday, June 28th, and the place, the Acheson.

Every kind of amusement was furnished: horseshoe, baseball, croquet, hiking, a “flying machine,” etc.

The biggest event, for the men, at least, was the fox supper. All in all, it would be hard to imagine anything nicer!
