MANKATO COMMERCIALS DEFEAT NORMAL BASKET BALL TEAM WEDNESDAY

Having been defeated by the strong St. Mary's College the Mankato Commerical college of Mankato turned the tables Wednesday night and defeated the Normal basketball team 33-22 in a fast and well played game. The outstanding feature of the game was the large number of technical fouls called on the Mankato team.

The Normal scored first when Capt. Kreger caged a basket from nearly the center of the floor. A few minutes later Capt. Kreger scored again on a free throw. This small spurt was stopped by a whirlwind offensive made by the Mankato quint. Four baskets were made in rapid succession. This substantial lead was kept for the remainder of the half, the final count being 18-9.

The second half opened up with a rally made by the Normal team. Bambenek made the first score which was followed by two baskets made by Gerecke and one by Kreger. Mankato likewise dropped several shots through the net but the margin was made closer. For nearly fifteen minutes neither team scored, but a final effort made by Mankato left the score 33-22.

Y. W. C. A. GIRLS LOOK FORWARD TO MORE HIKES TO POOR FARM

One of the pleasures the Y. W. C. A. girls have been enjoying is the delightful walks to the County Poor Farm in Gilmore Valley. Our first trip was made one lovely Sunday afternoon last fall when, after a most enjoyable walk, we sang to about twenty-five of the residents. The appreciation of the listeners was truly sincere, and greatly added to the pleasure of our trip.

At Christmas time we had the fun of presenting each person at the home with a small gift, and some fruit and candy. This was made possible by each girl of the Y. W. C. A. giving a trifles. Since spring is such a delightful season in which to take long walks we are looking forward to a continuation of these trips with even greater eagerness than before.

CAST OF "NEIGHBORS" ENJOYS PARTY

The cast of "Neighbors" enjoyed a real picnic party Wednesday, after the afternoon rehearsal. The thing that made the evening really perfect was the envy of the others, when they heard about it.

Mr. Reed: "What kind of fires would they have out on the prairies?"

Miss Carbert: "Why—forest fires."

CONCERT BY MINNEAPOLIS SYMPHONY TRIO ENJOYED

The second number of the 1920 concert course was given last night by the Minneapolis Symphony Trio. Carlo Fischer, cellist, as the head of the trio was assisted by Mr. Henry J. Williams, harpist and Mr. Joseph Gallicheo, violinist. The program was opened by the trio playing Widder's "Serenade," followed by three numbers by Mr. Williams. The third selection, Oeelschlago's "Nocturne" was unusual in context, and very pleasing. This number was new to most of the listeners. The two violin solos played by Mr. Gallicheo were rich in emotional interpretation, this being especially true of the second number, "Adoration" from "Thais" by Masen. The musicanship of Mr. Fischer was shown in his solo numbers "Lullaby" by Czosnowgy, La Cinquaintaine" by Gabriel-Marie. The program was closed by an arrangement for the trio of Strauss' on the Beautiful Blue Donaul.

$40.00 TAKEN IN BY KINDERGARTEN CLUB AT RECENT APRON SALE

As a result of the apron sale that was conducted last Friday afternoon by the members of the Kindergarten club, $40 was taken in from the sale of the aprons. The sale was conducted with all that had been said about it in chapel, the array of dainty things made every one wish that he might buy all that was possible. The aprons disappeared very rapidly from their places on the wall. The kitty bags and lingerie clasps likewise met with favor. The money that was taken in will be used to finance the party that the club is to host the entire school in the near future.

MISS SLIFER GIVES READING TO SEVENTH GRADE CLASSES

A most delightful reading from "The Idylls of the King" was given by Miss Slifer, to the seventh grade English classes at the training school last Friday. These classes have recently been studying the "Idylls" so the reading was made doubly interesting.

FIFTH GRADE LAD WRITES ESSAY FOR ARMY ENLISTMENT DRIVE

A little boy in fifth grade was asked to write a paper on "What are the Benefits of an Enlistment in the United States army?" The following is an extract from his paper.

"A young man after he joins the army has learnt to do his own washing and also ironing, and mending of his clothes which helps him out in many ways after he is discharged from the army and goes home to his folks he could help his mother out in many ways and house hold work. If he gets married after he is discharged he could also help his wife with the household duties. If he was forced to be a bachelor he could keep his own house neat and clean."

STUDENT TEACHERS ENTERTAIN CRITICS

FIRST TWO PLAYS OF SERIES OFFERED TO LARGE AUDIENCE

"Neighbors" and "A Twig of Thorn" the first two plays of a series of five, that will be given by the members of the Dramatic club, were presented Friday evening to a large and appreciative audience in the assembly room.

The first one that was presented was "Neighbors." This was a little one act play depicting the life in a small town in the middle west. A great amount of local color was brought out through the dialect, customs, and conversation. The characters were all very well played and the play as a whole showed the results of excellent coaching. The coach was Miss Fern Rose.

The second play, "A Twig of Thorn" was of a somewhat different type from the first. The setting was in Ireland, and the time was about XI century. The old Irish customs, the conversion, and the rural life, were very vividly shown through the speeches and actions of the characters. The plot was based on the old superstitions beliefs that the people of old Ireland had. The coach of this play was Miss Hazel Bard, the assistant kindergarten instructor.

RURAL TRAINING SCHOOL EXPERIMENT SUCCESSFUL

The Gilmore Valley training school is completing its fifth year of existence and so successful has the experiment been of having a rural training school, that already plans are now under way for the continuing of this institution. During the past year, the school has had an enrollment of twenty-four children, representing eight families.

The school is situated about a half a mile from the St. Mary’s college on the Gilmore valley road, in a former residence. It has become the center of activities for that community and the headquarters of the various clubs that have been organized among the young people, the farmers and the children of the nearby country. The school is fully equipped and has besides the equipment necessary for the maintenance of a school, a victrola, piano, and other articles used in connection with the social life.

A small dormitory is maintained for the teachers who come to this school to do their practice teaching. The teachers often have to stay out in the country for several weeks at a time, according to their teaching schedule.

SLIDES OF NEW YORK SHOWN

A most interesting series of stereopticon pictures were shown by Mr. Reed at chapel on Thursday. WHO’S WHO?

Below appears the first picture to appear in the Who’s Who column. We want every student and member of the faculty to guess who it is of. The poem appearing underneath the picture will give you a slight hint. We will publish the correct answer next week.

I know, my dear, although it isn’t right
That you must needs stay in most every night.
Yet ’tis the penalty that you must pay.
And you can generally meet him in the clay.

HARD BOILED SPUDS!

One noon, the potatoes at Morey hall were hard and seemingly underdone and, as she vainly struggled to make an impression on her "spud" with a knife, one of the girls remarked, "This certainly is a case where I'd say they were hard-boiled."

Girl: Where can I find sympathy?
Boy: In the dictionary.
