PHOTOGRAPHS
As a safety precaution and as a courtesy to our many guests and participants, we respectfully request that you remain seated during the conferring of degrees. A professional photographer will be taking a color photo of each graduate, and each graduate has received information on ordering photos.
In order to provide you with a remembrance of this special day, Winona State University has contracted with Camera Art, Incorporated, to take a full-color photo of you as you are greeted by President Thomas F. Stark after receiving your degree. These photographs are being made available to you through the order form on the reverse side of this card. If you would like to take advantage of this service, please fill out the form and send it directly to Camera Art Studios at the address listed.

125th Commencement Program
Winona State University

Saturday, May 25, 1985
Memorial Hall — McCown Gymnasium
10:00 a.m.

“If ever there was a cause, if ever there can be a cause, worthy to be upheld by all of toil or sacrifice that the human hand or heart can endure, it is the cause of education.”

-- Horace Mann
From the President

A graduation ceremony is an important event. It is symbolic. It represents the attainment of a goal. It represents sacrifice—a sacrifice of energy, time, and dollars in order to attain something worthwhile. And yes, it represents the culmination of an important and exciting time of your life. You will always look back to your days at Winona State with great affection, and you will view your college days as some of the best of times.

Two words are used almost interchangeably to identify today’s ceremony—graduation and commencement. You will note that we have used the word commencement on the cover of this program. We have done so because commencement better describes the occasion. Graduation means the completion of something. Commencement means to commence or to begin something. Certainly today represents the beginning of a new and exciting chapter in the lives of our graduates.

I join the faculty and staff of Winona State University in offering congratulations to you and best wishes for the future.

Thomas F. Stark

ALMA MATER

"Hail! Winona"
by Charlotte Chorpenning

HAIL! WINONA

Lo, in Mississippi's waters,
Blue the eternal sky;
In our hearts, O Alma Mater,
Clear thy spirit high!

Chorus

Lift the chorus
Send it ringing
Far o'er hill and vale!
Hail to thee, O Alma Mater!
Hail, Winona, hail!

Noble hills watch o'er the valley
Where thy dwelling lies;
Steadfast hearts, O Alma Mater,
Guard thy destinies.

Ever shall tomorrow better
What today hath won;
Lead thy children, Alma Mater,
On, forever on!

RECESSIONAL

"Proud Heritage"

History of Winona State

Winona State University's history reaches back to 1858. In that year Minnesota's first legislature established the "First State Normal School at Winona." The institution was the first of its kind in the nation. Classes began in September of 1860, and with a humble beginning of 31 students, a single building, and a small staff of educators, Winona State began its long, proud history of educational leadership.

Over the years the university has continually grown and altered its goals to meet new educational needs. In those early years as a normal school, the institution's only purpose was to prepare teachers for public schools, and its curriculum consisted of only one course of study. In 1921, the name was changed to Winona State Teachers College and it was authorized to grant the bachelor's degree. In 1957, the name was again changed to Winona State College. With this change, the mission of the college was altered. In addition to the Bachelor of Science Degree, the college was directed to offer the Bachelor of Arts, Master of Science in Education and the Associate in Arts Degrees. Thus the old "Normal School" became an accredited state college offering diverse programs to new generations of students.

Today Winona State University is one of seven universities in the Minnesota State University System. Its nearly 5000 students receive instructions from a highly qualified faculty of about 250 from 27 academic departments. The undergraduate program offers studies in some 80 different academic areas and continues to grow. Winona State University is a comprehensive institution offering AA, BA, BS, MA, MSE, MBA, and Ed.S. degrees.

Winona State University's recent 125th Anniversary celebration on Saturday, May 11, highlighted both past and present strengths through a day of proclamations, music, alumni class reunions, and brunch and dinner programs. Winona State University has reached another important milestone.

The future of WSU is bright thanks to increasing regional public support and understanding of quality public higher education.
Academic Costume

The ceremony and academic costume at commencement exercises symbolize the record of academic achievement of the various individuals taking part in the exercises. The following brief description is given that the audience might more readily interpret the academic costume.

The use of academic costume reaches back to medieval times and the beginning of the famed old universities of Europe and England. Gowns (long, full robes) and cloaks with hoods were common garb. The unheated building frequented by medieval scholars certainly was an important factor in the choice of clothing.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code the bachelor's gown has pointed sleeves; the master's gown has oblong sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves. Winona State University commencement gowns are black. In foreign countries, gowns are of various colors.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be a color pertaining to the discipline.

An old poem first published in 1564, "The Ballad of the Cap," suggests that the square shape of the scholar's cap or mortarboard denoted the stability of scholars and their books.

The hood gives color to the academic costume while its length indicates the wearer's academic degree. Hoods are made in a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree. Winona State University's colors are purple and white.

The colors used in the edging of hoods, for tassels, and in some cases for the trim of doctor's gowns are associated with the discipline.

A partial list of degree colors is as follows:

Mission Statement

The mission of Winona State University is to provide citizens of Minnesota regardless of sex, age, race, religious affiliation or handicap, and particularly those of its southeastern area, with accessible, moderate cost, quality undergraduate and graduate programs to meet demonstrated needs in the liberal arts, fine arts, sciences, and selected vocations including business, teacher education and nursing. To achieve this mission and to make such additional contributions to the cultural and community activities of its service region and to research as its expertise and resources permit, the University is committed to cooperate with other institutions of post-secondary education.
