Kampus Kapers Proves Success

Kampus Kapers, sponsored by the Intermediate Grade Club, was held February first amid decorations which typed a truly American college scene. The guests found games down stairs and dancing upstairs. This side-and-side-winter party, was highly successful and very informal as was proven by the hospitality with which the college students did away with colds and hot dogs.
Youth's Hope Springs Eternal

The most precious asset of any country at any time is its people. And youth is a valuable part of that population. It has recently been estimated that the average population age in the United States is slightly over twenty-eight. The birth rate is and has been steadily decreasing.

In the world war (1914-1918) over eight and a half million people were killed; the total casualty list was nearly thirty-eight million. The United States casualties exceeded one-third of a million. Now, is the United States going to squander its human resources and jeopardize future generations? For — WHAT? If this generation fails, the future of the United States is slightly over twenty-eight. The birth rate is and has been steadily decreasing.

Youth's Hope!

More than all, and above all, Washington was master of self. If he be one quality more than another in his character which may exercise a useful control over the men of the present hour, it is the disregard of self when in the most elevated positions for influence and example.

Be Careful! You'll Lose Your Job!

Think of all the great manufacturing systems, banking houses and wonderful schools which we have. Think also of the scope of the daily papers and radios. Each day many individuals who eat, work, and think in the same manner bend their efforts toward the maintenance of these necessities which the American public demands. You see, each one of these persons is busy at work. Each person who does things. Each person employed must contribute his share or he is no longer a part of the scheme.

The Poet’s Corner

The Earth’s Crown

The stars came slipping
One by one.
Millions of them
Like the dawns on us till.
Each little light was different,
One steady against the black —
Its neighbor seemed to dwindle
In the chill of the cool air...

A bright one — a dim one —
But the millions and millions
Made one lovely crown
For our earth to wear.

I wish
To watch my friends
Go on their way
And not to think
I’d have to say
Which way was best.

I think I’d be
A happy man
If I could go on
Catch-come-catch can
On life’s long road.

I love you when I’m sane.
I’ve suffered with it, it’s suffered with me,
And we’ll suffer together some more.
I’ll pick me up a Cadillac
When the Revolution comes,
And roll along all by myself
And slip around the bums.
I’ll grab the Tuscaloosa,
Or the doctor’s motor boat,
When I need some money, just give me yours
And I’ll float and float and float.

Have You Got The Spirit?

That the spirit of St. Valentine’s Day has not been lost is proved by the Pledge School, which will have its yearly celebration on February 14th.

A novel arrangement in the first prize, planned by Miss Foster, is Valentine Week which is the week preceding Valentine’s Day. It is devoted to learning Valentine songs, making Valentines, and telling Valentine stories.

Although the children will be looking forward to February 14th, peculiarly, the most important thing is that they are being taught to carry the same spirit to everyday affairs.

To My Valentine

I love you in the rain,
I love you when I’m silly,
I love you when I’m sane.

Ah, such a declaration
Must set your heart aflutter,
And give an indication,
My mind is in a fog.

My mind is in a fog.

To My Valentine

I love you in the sunshine,
I love you when I’m silly,
I love you when I’m sane.

Oh, yes, my life without you
Is just a weary rut,
So dolorous and unhappy,
An open door that’s shut.

Oh, do please, make me happy,
Oh, set my mind at ease,
Oh, tell me that you love me,
Oh, will you, won’t you, please?

Bowling continues to be a popular activity on Wednesday afternoons. Among the regulars are Ruth Story, Ruth Kjos, "Scout", Windhorst, Martha Bakken, Avis Nelson, Leona Halstenrud, Kathryn Sandberg, Harriet Palm, Evelyn Sohn, Dotti Johnson, Stella Harris, Anita Paulay, and Agnes Kjos. Who the best is among these hard workers, for it seems that the girls have a policy of not getting the same twice in succession.

Today the Play Day's class composed of physical education majors and minors is sponsoring a play day for all junior high school girls in Winona.

Looking to the future we find some important dates to keep in mind:
February 13—State W. A. A. convention held on the Hamline University campus. All liberal arts colleges, teachers colleges, and the University will be sending delegations. From our college Shirley Snyder, president of the W.A.A. and Leona Halstenrud will go.
March 15—All state college day play held at Mankato Teachers College. Tentative plans have been made by the W.A.A. to hire a bus to take the Winona girls to the play day. Any girl who has participated in either fall or winter activities is eligible to go with the group.
March 19—All-college girls party sponsored by the physical education department. The party will be centered around a carnival theme.
