Landro remind students of Commission's purpose

By EKIN LANDRO
Retiring Student Commission President

The following is the purpose of the Winona State College Student Commission, of which every enrolled student is a member: "To create and uphold standards for student activities and to develop interest in the varied activities of the college through cooperation of the faculty and students in controlling student activities."

The authority of the Student Association is vested in the elected officials of the Student Commission. The Commission meets every Monday evening at 7:45 at the third floor conference room of the Library. You are cordially invited to attend these meetings.

As retiring president of the Student Commission, it is my duty and privilege to remind you of some of the more important activities of the past year.

LETS BEGIN with last spring quarter, since that is the time the present commission took office. During this quarter, the members of the commission busied themselves with laying plans for homecoming, associating people for the orientation team and preparing the budget for the upcoming year. This budget totaled $34, and since this money comes out of the student activity fund, you can see that you have quite an investment in your student government.

The Minnesota State College Association of Student Governments is a strong organization which formulates policies and which strives to solve problems concerning student welfare.

FALL QUARTER saw homecoming carried out with care and efficiency under the general chairmanship of Ron Cleveland. Ron followed up homecoming with committee work and the dates for homecoming and Parent's Day for next year have already been set. We might add that excellent cooperation from the athletic department and the athletic commissioner facilitated this task.

Winter quarter saw much time directed to the selection of candidates for "Who's Who Among Students in American Colleges and Universities." Carol Cartesenian, president of the junior class, heads the nonstudent membership committee.

SELECTING OUR Campus Cover Girl was also accomplished winter. Under the capable direction of Bob Sillius, Leon Mohrman, and Charles Overly, Jr., the student body at the Christmas Dance. Bob also planned the winter quarter. Under the capable direction of Bob Slifka, Leah Sturges, and the athletic commissioner facilitated this task.

THERE is no word that the Cold War would equal the potency or impact of the unexpected slap across the face. This second after this act finds both parties in a startled state that only happens after the slap. Blang expressions are quite transitional, and they are soon replaced by more virulent words. But do you have cholerism, or do they have you?

MAYBE THE BEST WEAPON against the Cold War would be a warm heart. Ignoring or avoiding someone can be a most common and tryart act. And now for the final in a series of searching questions: Could you recognize the food in the last hotdish you ate? Instead of another cigarette or Money, try an "Intellectual Thought." Earl W. Solberg: I am a candidate for vice-president of the Student Commission. I am a junior majoring in mathematics and a member of Sigma Theta. My extracurricular activities include: chairman of LSA, pledge of Sigma Tau, member of Pi Kappa, member of the Minnesota Federation of College Republicans, Faith Christian Youth Board, and chairman of the WSC Young Republicans Club. Dennis Knitt: I am a junior majoring in mathematics and science. I am a member of Pi Kappa, Student National Educational Association, Faith Christian Club, and Sigma Theta. I am the junior class and a member of the finance committee. As a present member of the finance committee, I feel that I am qualified to run for this office. Jo Ann Horton: As a candidate for social commissioner, I would like to give you some of my qualifications. My years at Winona State have a very good religious program on campus. I also believe that I am qualified to fill the position of religious commissioner because I have been in close contact with many of these fine church groups and at the same time I participate in athletics, drama, and other clubs. Because of this I feel that I can see both sides of the question. I also recognize the Thursday night situation, and assure you that this can be worked out so it will be favorable to both sides.

Anita Peterson: I am running for religious commissioner that I am concerned for the spiritual well being of our college students and interested in being a member of the religious organization that my record of leadership in college activities, SNEA, Academic of Science, and LSA proves. I have been qualified and interested in being a member of religious commissioner because I have all a responsibility to qualify me for this position. If elected, I would work especially for closer cooperation among the campus religious organizations.

Joan Lohr: I am a sophomore majoring in English, I have been a member of the Debating Club and a member of the Young Republican Club. I feel that I am qualified to run for this office.
