Mrs. Bremer killed in crash

The "Winonan" staff joins the rest of the college in expressing its sympathy to its adviser, Mr. Adolph Bremer, whose wife, Sylvia, was killed in a two-occident April 14 near Hastings. Mr. Bremer, who was a passenger in the car driven by his wife, suffered eye surgery April 15. Doctors said afterwards they were hopeful about the results but were unable to tell early this week if the vision of his left eye, which was cut by glass fragments, could be saved.

Mr. Bremer, who teaches a class in journalism at WSC in addition to his duties as city editor of the Winona "Daily News," was expected to be released from Salve Regina Memorial Hospital, Hastings, about the end of this week. Mrs. Bremer had been attending classes this quarter at WSC.

Why a Student Union instead of a dormitory?

Let's say it one more time: Why do we need a student union? Our city government tells us we haven't the tax money for building new buildings, acquiring land—or making repairs; the federal government is demanding taxes to aid other local and higher pay for teachers; and the general public is clamoring for higher education that the student union would finance.

YET WITH ALL THESE important issues facing the state and nation, our state legislature gave its approval to the state college budget, in spite of the distinct quarter in which to finance the building of student unions.

Two important questions need to be answered in regard to this action.

1. Are we giving in to the students and their demands?

2. Do we have the funds or the buildings for a new musical era at WSC?

The program opened with Mrs. Clauer's piano concerto, performed by the Winona Senior High Orchestra; the WSC Orchestra, augmented by the Winona University Orchestra, under the leadership of Mr. Milton Davenport; and Mr. Rodney McGlone, conductor. Mr. Davenport has taken the orchestra to more of a symphony congregation and has shown the orchestra that some constructive thinking would be done on the subject before the money is put to use. I am on no mission; we may find that in a few years we may find ourselves with a new, overstructured instrument to dwell on the philosophy of the new fully constructed student union.
