FTA Is Today's Assembly Topic

Today at 9:30 a.m., Mrs. Mabel Robinson, field representative of the N.E.A. and the M. and M. Foundation, will address an open assembly.

Mrs. Robinson will speak on behalf of the Future Teachers of America, an organization fostered by the National Education Association. She will discuss the importance of the Future Teachers of America in training educators who are able to meet the challenges of today's rapidly changing educational environment.

Sportsmen's Club Formed at T.C.

A new organization, the Sportsmen's Club, is being formed in the college. About twenty charter members headed by David Porter and Eugene Murphy, have submitted a constitution to the Administrative Council for approval.

The club will consist of students interested in extracurricular activities, such as hunting, fishing, sailing, canoeing, camping, tobogganing, skiing, skating and related hobbies. The members plan to gather for informative movies and speakers on topics of interest including sports, sportsmanship, sporting goods, and conservation. Membership is open to all interested.

It's A Date

Nov. 24 Miss Mabel Robinson Field Director for the N.E.A. Speaker
Nov. 27-30 Thanksgiving Vacation
Nov. 29 8:00 p.m. Basketball Eau Claire — Somsen
Dec. 3-5 Basketball
Dec. 5 8:00 p.m. Basketball Stevens Point — Somsen
Dec. 8 Registration
Dec. 18 Piano Recital, Marlene Majerus, Somsen Auditorium

The Winona State Teachers College Library now possesses a complete set of the 54 volume Great Books of the Western World. This set, produced jointly by Encyclopaedia Britannica, Inc., and the University of Chicago, comprises 443 works by 74 authors from Homer to the present.

The key to the set is a new reference work, the two-volume Syntopicon, so-called because it provides orderly access to the topics which are the great themes of Western thought. It is the result of more than seven years' work by more than 100 scholars. Classified under 102 "Great Ideas," the Syntopicon contains 105,000 references to passages in the Great Books themselves.

The publishers describe the Syntopicon as a third basic reference work, comparable to the dictionary and the encyclopaedia.

College Nurse Reports On Medical Service Available To T.C. Students

Margaret Miller, college nurse, states that 190 students have benefited from the college health service so far this year.

The college medical program is financed by a portion of the activity fee paid by each student upon registration. Health services, therefore, is available to all students. A physician, as well as the school nurse, is on duty at the college health service.

Each student is also allowed one call free per month. These calls may be made by any doctor in Winona, not necessarily the doctor on duty at the college. However, since only one call will be financed by the health fund, students are urged to patronize the college doctor. Additional treatment can then be taken care of at the college clinic at no cost to the student.

The health service also includes two medical examinations for each student, or upon entrance to T.C. and the other upon graduation. X-rays, minor surgery, and hospitalization are also taken care of by the health fund.

This quarter eleven students have been X-rayed for injuries and two students have been hospitalized, receiving the full benefit of $80.

College Students Poor Readers?

Miss Janet Schmidt, College librarian, was the recent assembly speaker. She talked concerned the use of library facilities. Miss Schmidt mentioned that the North Central Association of Colleges and Universities published statistics on the use of library facilities in member schools. One of the items in this publication states that in the teacher training institutions belonging to the organization each student has an average of 25.5 books per school year.

The Winona average is 8.3 books per student.

THE WINONAN
Student of the Month

The Gallery

One day last week as I was walking down a lovely country road I approached an old wooden rail fence on top of which sat a very disconsolate and emaciated bird, with the most "down in the mouth look" that I have ever seen. I wondered why he was all alone and not with his glibbly turkey friends up on the hill. I asked, "How come?"
"It's all that darn farmer's fault," the bird replied with a weary air. "He owns us body and soul. This morning he asked me where I was hiding when the corn was passed out. I told him I was even let me explain that those pen mates of mine had stepped all over me and wouldn't let me enough to eat. Then when I ran away, I hadn't any sleep for a month either."
"Why is that?"
"Oh, every night he goes around with those two hungry looking hounds of his and flashes a horrid old flashlight in our eyes — checking up on us. It's impossible to sleep. I'm just a nervous wreck. I can understand why though, cause 'I'm no incubator baby. My mother told me that half a friend were taken for a ride by some thieves that broke in last fall. I know, too, that there's a big emergency on this month "cause those big pinfeathers on the hill have been braggling for months how they're going to ship all over the world."
"You mean "shipped out,"" I mumbled. But he was too impressed with his harangue that day, that he didn't even let me hear. "Believe me, I've been shaking since that farmer said he'd take care of me. I know what he meant. I haven't forgotten them and those dogs."
"You've got it all wrong," I hastened to assure him. "He just means when the others are gone you'll have more than enough corn to eat."
My friend was elated. He wobbled up and down the fence as if he was full of corn — definitely with a new note of delight in his gobble. But now I felt a little guilty as I walked away, for soon Christmas would see my unlucky friend falling another emergency.

College Man Or E. N. P. M.?

College Man or E. N. P. M.? What do you think, are College Men typical? Don't worry about it, soon he has the reputation of being "something out of the ordinary." He is a survivor of the '20's, scorned as a psychopathic moron.

The Editor's Desk . . .

We Users Wisely And Well
I dropped into Winona from Rushford this morning. I'm sure things were no different than usual. I know my thoughts were different. The golden sun shining on the new bronze flags, that bright blue sky opening up a new day, the farms with that nestled-down-for-winter look, the frost giving a burnished look to everything, the spire of the old country church reaching up, the children playing among the leaves in the country school yard made me realize how much I had to be thankful for. It gave me the feeling better than every term arose because of a similar feeling which broke in last fall. I know, too, that there is no such term used in three centuries. There has been a great variety of explanations for the term. Some of the better known ones are that the term Indian Summer is supposed to have originated in western Pennsylvania and that the characteristic of such weather was caused by Indian fires, and that the Indian Summer is supposed to have originated in western Pennsylvania and that the學院

Spring is not very danceable; "It's the real Bikini," "You're an E. N. P. M."

Fading Out
Winter's ways are so different from those of the slow, sweet roll of autumn, and in particular that period we know as Indian Summer. The term Indian Summer is supposed to have originated in western Pennsylvania, there, so that it is now used in three centuries. There has been a great variety of explanations for the term. Some of the better known ones are that the term Indian Summer is supposed to have originated in western Pennsylvania and that the characteristic of such weather was caused by Indian fires, and that the Indian Summer is supposed to have originated in western Pennsylvania and that the characteristic of such weather was caused by Indian fires, and that the characteristic of such weather was caused by Indian fires, and that the characteristic of such weather was caused by Indian fires. There are others who say this term resulted because the cold spell which precedes it is called "Squaw Winter."

College Man or E. N. P. M.

College Man or E. N. P. M.? What do you think, are College Men typical? Don't worry about it, soon he has the reputation of being "something out of the ordinary." He is a survivor of the '20's, scorned as a psychopathic moron.

The Warriors could not stop the Granite City power house which scored four touchdowns to defeat Winona 26-0. The game was only two minutes old when the Huskies recovered a Winona fumble and marched down the field for their first score. Winona’s offensive team came back with a 17 yard pass play from quarterback Vic Grabau to halfback Jerry Grebin and a sparkling 20 yard run by Ed Kohner. This put the ball on the Huskies 12 yard marker but the St. Cloud defensive wall held and they took over on their own nine. From here the Huskies marched up the field for another touchdown. Three pass plays in the third quarter added two more touchdowns for the St. Cloud team.

The Eau Claire Blue Golds made capital use of Warrior mistakes to outplay the Warriors, with the Blue Golds gained possession on the Winona 15. A Warrior punt was nullified by a penalty, and the Blue Golds gained possession on the Winona 25. The Blue Golds gained 18 yards on two plays before a penalty nullified the score. The Blue Golds gained possession on their own 39 and on the 46 yard line after a penalty. On fourth down the Blue Golds gained possession on the Eau Claire 17 yard line where the Warriors were just short of a first down. The Eau Claire players then faked a fake punt formation to spearhead a march which carried the Blue Golds to the Eau Claire 6 yard line where the Blue Golds scored their last touchdown of the game. The Blue Golds went on to win the last game of the 1952 grid season by 12-0.

The Warriors have won five of their six games. The winning streak is ended at St. Mary’s, 19, Winona, 12. The Warriors were just short of a first score at the Eau Claire 16 yard line where the Redmen still smarting, rushed to the Eau Claire 1 yard line where the Redmen scored their last touch-down of the game at 6-6. Less than four minutes later T.C. led again 12-6. A penalty nullified the punt after. It was the only score of the first half.

St. Mary’s won the game in the second half. With the memory of their last loss to the Redmen still smarting, rushed to the Eau Claire 21 yard line where the Redmen were finally successful in a sustained 67 yard drive. In the early moments of the second quarter the Warriors scored to knot the game at 6-6.

By L. Mohr

Old man winter has held off his snowy blasts long enough to let the W.A.A. finish their softball tournament. Elaine Behken’s team came up with the highest number of wins. Carol Anhalt, Lauray Beck, Helen Edlers, Norma Green Shirley Hansen, Guendy and Mae Wager are members of the winning team. The teams of Bernice Schmidt and Betsy Gushikuma drew a tie for second place. The athletically interested women of this college are now biding their time until they can play basketball starting with winter quarter. For years the question in the minds of men has been: How can women know so little about football and basketball and seem to be enjoying themselves? Maybe it’s because they don’t talk about football. After the last meeting of Womeca’s Physical Education Club there should be a few women who should be able to tell the difference between a "lefty" formation and a "split T" formation. Gene Brodhagen’s college football coach, spoke at this meeting and explained some of the major offensive and defensive football formations. The Warriors will be hurt by the loss of Jess Waldron and Dave Smith to the service. Waldron had been the starting captain along with Lingenfelter and Smith had played a regular guard position. The squad should be well rounded into shape before they enter conference play. They have eight non-league contests before entering the conference race against Moorhead here on Jan. 9. By that time all vacan-cies caused by graduation and the long arm of Uncle Sam should be filled and the cagers should be ready to move.

Cagers Gird For Nov. 29 Opener With Eau Claire

With football fading into the past, basketball takes the spotlight in the field of sports on the Winona State Teacher’s campus. Twenty-two candidates are vying for the top coaching job of college Lyle Arns in preparation for the season’s opener with Eau Claire on November 29 in Somsen gymnasium.

Six lettermen are included among the twenty-two cage aspirants. Led by captain-elect Ron Lingenfelter they include: Ron Richter, Oz Kowles, Jerry Grebin, George O’Reily and Jim Klahr. In addi-tion the squad has been reinforced by three transfers from the University of Minnesota, and such promising frosh as Brenda Lee, Bill Thompson, Ladd Turner, Martin Renk, Jack Wieczorek, John O’Brien, Robert Farrow and Paul Peterson.

Coach Arns has been having the boys run through drills in ball handling and shooting. They have plenty of spirit and have been working well together.

This year the Warriors will be making an attempt to better last year’s record of four wins and ten losses. The Purple and White ended up with a two and six mark in the conference for a fourth fourth rating. Bemidji took top honors last season and was followed by Mankato and St. Cloud.

In the opinion of the players all three of these teams are expected to be strong again.

The Warriors will be hurt by the loss of Jess Waldron and Dave Smith to the service. Waldron had been the starting captain along with Lingenfelter and Smith had played a regular guard position.

The squad should be well rounded into shape before they enter conference play. They have eight non-league contests before entering the conference race against Moorhead here on Jan. 9. By that time all vacancies caused by graduation and the long arm of Uncle Sam should be filled and the cagers should be ready to move.

The Warriors 1952-53 Basketball Schedule

Nov. 29 Eau Claire at Winona
Dec. 2 Bethel College at St. Paul
Dec. 5 Stevens Point at Winona
Dec. 9 St. Cloud at Winona
Dec. 11 La Crosse at La Crosse
Dec. 13 River Falls at River Falls
Dec. 16 St. Marys at Winona
Jan. 7 Petaluma at Petaluma
Jan. 9 Moorhead at Winona
Jan. 14 St. Cloud at St. Cloud
Jan. 17 Mankato at Winona
Jan. 21 Bethel College at Winona
Jan. 24 Bemidji at Winona
Jan. 27 Siot at Menomonie
Jan. 30 Bemidji at Bemidji
Feb. 7 Eau Claire at Eau Claire
Feb. 11 St. Marys at St. Marys
Feb. 14 St. Cloud at St. Cloud
Feb. 17 River Falls at River Falls
Feb. 21 Flatteville at Winona
Feb. 28 Mankato at Mankato

Hansen, Boese Earn Berth On MSCC All Conference Team

Hansen's stel-lar work as off-ensive center and defensive line backer earned him a berth on the first all-conference team while Boese was named to the second all-conference team at guard.

Both men were 60 minute per-formers on coach Gene Brod-hagen's eleven this fall and each had a rugged customer for opponent's ball carriers went.

Both Hansen and Boese were major factors in the Winona de-fense this year, which was ranked as one of the best of the league.

George Hansen, Winona’s first team representative, is a 190 pound junior who hails from Arco, Minnesota. George, who was also an all star fullback during his high school days at Eau Claire, is majoring in Physical Education and minor in Physical Education.

Arnie Boese, the other Warrior named, is a 190 pound ex-ceptional center who hails from Min-ne-sota. He is a freshman.

As-co-champions St. Cloud, Man-kato and Moor-head each placed three men on the all-conference team with Bemidji and Winona getting one each.

Hansen, whose stel-lar work as off-ensive center and defensive line backer earned him a berth on the first all-conference team, is a 190 pound junior who hails from Arco, Minnesota. George, who was also an all star fullback

Warriors Drop Intra-City Tilt To Redmen In Close 19-19 Game

On November 3, at Maxwell field, the T.C. Warriors fell before a victory-hungry St. Mary’s team. It was St. Mary’s sixth win in the intra-city competition. The Warriors have won five.

In the opening two minutes of play the Warriors, with the memory of their last loss to the Redmen still smarting, rushed to a one touchdown lead. Riser and Grabau were instrumental in scoring the first counter. Then the two teams fought to a virtual standstill until the Redmen were finally successful in a sustained 67 yard drive. In the early moments of the second quarter the Maroons scored to knot the game at 6-6.

By Bob McKeag

It’s That Time Of Year

Right now everyone is wondering about the Warrior’s chances in the forthcoming basketball campaign. Guess we’ll have to wait and see. Last year the Warriors started slow but were coming late at the end of the season. If they pick up where they left off this could be an enjoyable winter. If they could pick up where they left off some time ago it would really be enjoyable. In a February, 1925 issue of the Winona 1 noticed that the T.C. cagers defeated Hamline 28 to 25. The game at the half was 15-8 Winona—maybe history will repeat itself some time.

Pointing The Finger —

Looking around at our neighbors it looks like the Warriors are going to have to improve if they hope to start where they left off last March. Over at Terrace Heights, Marian coach Pat Tomney is having his team in prime shape. However his troubles are not what you might expect. With 11 returning lettermen and 32 aspiring freshmen, the big problem at St. Marys is picking the best from a squad which is so good it’s hard to pick one player from another.

"We went" in Mankato the Indians have another range team and probably rate as the league favorite.
Corner Stone For Memorial Hall, New Phy-ed Building, Laid

Ceremonies for laying the cornerstone of the new Teachers College Phy. Ed. building took place Friday, Oct. 31 a.m., in Somsen Hall Auditorium.

The ceremonies, attended by the Winona State Teachers College student body, included brief talks by resident director S. J. Kryzywy, who spoke for the Teachers College Board; Philip A. Baumann, president of the Winona Teachers Association; and Rep. Al Lejk, Winona, W. K. Nissen, president of the Association; Miss Magda Talle, Dr. Robert Fenwick, president of the Representative Council.

Taking place in the sealing of the cornerstone were Winona County Sen. James E. Keller, Rollingstone, and T.C. students, Lois Mohr, Bob Fenwick, and Barney Fox. The cornerstone is in the northwest corner of the new building now being constructed on the site previously occupied by Oglen Hall.

The cornerstone contains congratulatory messages from the English Students; signatures of the college students, Phelps Laboratory School pupils, & faculty; college catalogs and bulletins; copies of the Winona Republican-Herald, the St. Paul Pioneer Press, the Chicago Tribune, and the Winona; a historical sketch of efforts to obtain the new building; and messages of the cornerstone ceremony program.

Science Club Initiates Ten

The Science Club, recently held its annual initiation party at Holzinger Lodge. Ten new members were inducted. They are: Reuben Alitz, Jule Benke, Richard Hetman, Mary Ann Henderson, Cleo Ledebur, Jerry Sines, Myrlin Von Bargen, Curt Legvold, Jim Hamblin, and Charles Hass.

Magnum Contributions To Speech Journal

Miss Dorothy B. Magnus, head of the speech department at Winona State Teachers College, contributed an article to the Journal of Communication, official organ of National Societies for the Study of Communication, a biannual publication.

The article is part of a symposium on problems pertaining to communication at elementary and secondary levels. The forward is by Dr. Wilhelmilla Hill, chairman, Sub-committee on Teaching Methods and Teacher Training Programs, U.S. Office of Education, Washington, D.C.

Miss Magnus stressed the importance of oral reading and advocated that prospective teachers be taught to read aloud so they in turn can teach pupils effective communication through oral reading. In her article, Miss Magnus stated that Winona State Teachers College has added to the prescribed course of four-year elementary teachers in order to develop the oral reading skill of its graduates, which are designed for this purpose are Oral Interpretation and Creative Dramatics.

Gama Delta Initiates 11 Freshmen Members

The Gamma Lambda Chapter of Gamma Delta initiated eleven freshmen at candlelight: vapors ritual in Winona, Minnesota, Sunday, November 9. The new members are Shirley Balum, Marcia Davies, Charles Hagedorn, Mrs. Joan Lillard, Judy Martingar, Harvey Ogush, Shirley Searick, Kendall Smith, Melbourne Teder, and Patricia Wilke. Marvin Rosen, president of the local chapter was in charge of the initiation.

Oscar Lound for the post of Railroad and Warehouse Commission, the Republicans made a clean-sweep victory in the State of Minnesota for the first time since 1928.

Congress is again republican. Complete returns gave the Republicans 48 and the Democrats 16 seats. Senator Morse of Oregon is listed now as an independent after resigning to support Governor Stevenson. In the event of a tie in congressional voting, Vice-President-elect Nixon may vote. The Republicans also won 220 House seats, two more than necessary for control.

The victory will give the GOP a voting edge, especially if Southern Democratic support continues. The Republicans by virtue of their majority will have the privilege of naming committee chairmen and other top positions in both houses.
