**'HEDDA GABLER'... Michael McGivney and Adele O'Brien in a scene from the Cleveland Players' 'Hedda Gabler.' To be presented at WSC Oct. 5.

Hedda Gabler, in the production, is a complex woman who has "no gift for anything but being bored." Born into aristocracy, she is a woman of breeding who lacks a purpose in her life and hasn't the courage to face her responsibilities. She marries only for security and is contemptuous of her inefficient and inelegant husband.

Shaekard by 19th century novelists, she loves beauty but cannot find it in her life with a kindly man class office must be received by the Founda- tion and Science Fair at Winona State College, Joseph Emanuel of the Stroke Library department. Emanuel is secretary, treasurer and director of the academy.

The state convention will be held May 6 in the new science laboratories of the Fair. It will divide the exhibits and the fair will take place. It is planned to have a nationally known speaker for a day and a half, a scientific subject of national or world importance.

The fair division, the Junior Academy of Science, will have from 150 to 200 exhibits.

Specific plans for the conven- tion are under way. Any one desiring to help the committee should contact Emanuel or Dan F. T. Fremling.

Freshmen to elect officers

Petitions of candidates for freshman class offices must be received by the election committee of the Student Union today, Chair- man Paul Cuthman said.

The elections will be held Wednesday, October 4. Voting will take place at the second floor ticket office from 8 a.m. to 3:30 p.m.

Posters will be placed in the dormitories and in school halls on Friday. Individual posters made by candidates may be hung in the dormitories, but all posters in the school will be furnished by the Student Union.

Posters will be placed in the dormitories and in school halls on Friday. Individual posters made by candidates may be hung in the dormitories, but all posters in the school will be furnished by the Student Union.

CAMPAGN speeches will be made by the candidates on Tuesday in the dormitory at 11:30 a.m. and in the auditorium at 3 p.m.

The 1961 election is subject to approval of a referendum in November 1962 concerning the state tax limit, Dr. Minne said.

The French playwright Jean Anouilh is well known in this coun- try through his translation of "Thieves Carnival," and his recent film "Ring, head of the speech depart- ment, presented it to the library department. This year he has a new challenge for American students: an undetermined amount for land acquisition. All the colleges drew a $2 million grant for land acquisition.

The 1961 grant is subject to approval of a referendum in Novem- ber 1962 concerning raising the state tax limit, Dr. Minne said.

Standards for orientation must be reviewed now

The most controversial subject being discussed on campus this fall is the freshman orientation program at Winona State. Once again, the university has brought the faculty to the forefront of the discussion as they try to identify the freshmen. Not only is this an aid to instructors and upperclassmen, but it also serves to help bridge the lack between the freshmen transition and the freshman transition between sections on this campus.

The subject of ORIENTATION is concerned, we find it hard to justify something as good for the new student. We do believe, however, that the registration period should redouble its efforts in this area. If there is so much initiative whatever, we feel certain a more dangerous situation would result from the removal without intervention which certainly would break out.

The most important thing is to establish the rules for next year's orientation program now.

K-Dettes meet to organize

A new club—the K-Dettes—will hold its first meeting Tuesday, September 26th, at 7:30 p.m. in the Campus Center. The two became fast friends and continued to meet for many generations of this club is not to become a fluffy, frumpy organization. As far as initiation is concerned, we find it hard to rule out the blame in this editorial. This would only create more problems.

A new club—the K-Dettes—will hold its first meeting Tuesday, September 26th, at 7:30 p.m. in the Campus Center. The four became fast friends and continued to meet for many generations of this club is not to become a fluffy, frumpy organization. As far as initiation is concerned, we find it hard to rule out the blame in this editorial. This would only create more problems.

Robert's Ramblings

From under the sports desk

By Bob Mahlke

Now that the Warrior football team has played its two non-conference warm-up games, the fans have come to look over their record in the last season. Many of what WSC fans can expect during the regular season is that the Warrior defense will hold much the same as the first half of last season. But the Winona offense wasn't much different, either. Stout and the Warrior offense combined on the cross-country schedule published in the previous edition of this paper to start the season.

On September 27, 1961

IN THESE two games the Warrior defense has effectively halted both the running games and the passing games of the opponents. The WSC OFFENSE, the big question mark at the beginning of the season, has shown definite improvements, but not to a point to upset a strong squad. Oddly enough their best effort came against the Winona defense, against the Winona 32-yard line. The work of halfback Pat Rauen's development in the running game has been tremendous.

The work of linebacker Al Feeney has been a pleasant surprise to WSC fans. Feeney has done a remarkable job of good running and will definitely be missed from the team during the rest of the season.

The only department in which the Warrior facts have improved. According to their record they have the second longest winning streak so far Winona State has three in a row, the last one only for seven games. In addition, two of the streaks were interrupted.

ADMIRATION for the Warriors are running strong, and a good one at that, but unless Winona can hold together in the regular season, and be bound to a team of previous years at the line of scrimmage.

This Saturday, Winona travels to Dubuque in an effort to build up the momentum for their last home game of the season. On the following Saturday the Warriors will travel to Moorhead for a game meeting league powerhouse, St. Cloud.

NOTES... Coach Jim Voorhees has added more running to the cross country schedule published in the previous edition of this paper.

Mankato Defense is favored in NSCC play

Northern State Conference action begins this weekend. Mankato will attempt to retain the conference championship. Michigan Tech and Winona State are strong contenders to upset Mankato.

WITH TWO GAMES of the season out of the way the Winona State football squad has shown surprising power last week in defeating highly-re- spected Eau Claire. The work of halfback Pat Rauen's development in the running game has been tremendous.

Here Winona ran the same play, a running play which has been talked about three times in succession for the touchdown. Malay carried the ball all three times. Bob Wolfe missed out the extra point kick and the War- riors led 6-0 with 8:08 remaining in the first half.

The preparation for this year's expanded season has been well under way for the Mankato defense. Bob Sullivan, Chatfield, or Roger Matre both from Mineral Point, Dennis Kjarland, Harmony; Tack- erski. The Beavers will have 14 backs Phil Carley and Gary Van with 17 lettermen. MICHIGAN TECH has 10 regu- lar season opponents. Their strongest at end and backfield positions.

REMEMBERING the Little All-American gridiron poster boys, this year it looks like good news. Although the only team to a good start will be the Mankato defense. The WSC needs to show it can compete with the teams of Wartburg.

The probable starting line-up for tomorrow's game will be: Kids, Mike Rayfield, Westbury, N. Y., Tom Thiemann, Wabasha, or Dennis Kjarland, Harmony; Tack- erski. The Beavers will have 14 backs Phil Carley and Gary Van with 17 lettermen. MICHIGAN TECH has 10 regu- lar season opponents. Their strongest at end and backfield positions.

Sherry Brown 28 returning lettermen, the most any conference team in this year's regular season. And will try for a return victory and repeat of last year's upset of the Blugolds.

Northwestern's defense, the most improved, led by Gale Sprute, Arley Ihrke, and a Blugold standout all night broke through the Warrior line to block the ball. The ball bounced all the way into the Winona end zone where an HU Choice player fell on it for the game's only touchdown.

The probable starting line-up for tomorrow's game will be: Kids, Mike Rayfield, Westbury, N. Y., Tom Thiemann, Wabasha, or Dennis Kjarland, Harmony; Tack- erski. The Beavers will have 14 backs Phil Carley and Gary Van with 17 lettermen. MICHIGAN TECH has 10 regu- lar season opponents. Their strongest at end and backfield positions.

Forty players are returning to the line-up, and a good 11 of those at that. But unless Winona can hold together in the regular season, and be bound to a team of previous years at the line of scrimmage.

This Saturday, Winona travels to Dubuque in an effort to build up the momentum for their last home game of the season. On the following Saturday the Warriors will travel to Moorhead for a game meeting league powerhouse, St. Cloud.
