The cost of education for the student at Winona State is increasing each year. With this increase, it is desirable to keep the cost of education by an assessment for a new student union?

As a prospective freshman, the concern is more apparent than ever now, especially in the present condition of the Snog.

The INCREASE in the cost of education, however, must be given prime consideration. I feel that the Snog is being taken with some grumbling while paying fees, but a small percentage would be where the cost to level and will drop out of school. We might argue that there would be no big increase. I believe we should be concerned about the greatest good for the greatest number.

We must remember though, that we are placing an education before anything else. I suggest that we all be aware of those groups and that we are doing this at this time when the need for people with a college education is increasing by leaps and bounds. We must remember that all years of experience are being pressed by the increasing enrollment and the avalanche of new students.

THE PROPOSED COST of $500,000, which seems excessive, and the $5 assessment per quarter would appear to be out of step. Consider that, with 1,500 students, $5 each would bring only a yearly income of $22,550. The proposed $500,000 at six percent return — a mere $30,000 per year. Who would pay the difference?

A convention of the Snog, at a much lower cost, would provide adequate funds for a student body. It might also be suggested that more complete use of the existing facilities for physical education could be utilized for general students.

What do you think, sir?

Letter to the Editor

Dear Editorial:

In reference to your page two about freshmen. This idea of eating in the Snog is ungreatful.

I don't feel alone in my beliefs and stand on this issue. I would like to join with any group of students and all, I feel should clarify by status. I believe that we should have a freshman program at WSC. Last year I graduated from Winona Senior High School and I am now living at home and commuting to and from State. I therefore do not know too much about the topic of wearing beannie caps (sic) in the dorms but I do remember that in the first meeting of the rules it was stated that beanie (sic) hats were to be worn at all times except when a fresh was in the room. I think that this is a very poor idea because of the student body. It might also be suggested that more complete use of the existing facilities for physical education could be utilized for general students.

What do you think, sir?

Do you want to invest $5 quarterly for student union?

"Giving it the good old college try". After a "long" initiation, we are finally free from the commands of Miss Peabody. I fear Miss Peabody's "button-up"-"double-bottoms" or "hairnet". We have learned how to walk the halls of Sevention without "touching" the upperclassmen.

Nevertheless, we have our new found freedom. The first big step is in the right direction. But now comes the good thing. Thanksgiving goes all to the free for all Thanksgiving banquet Oct. 4 to elect President Tom Stenberg. Vice President Dave Thavey, Treasurer Paul Jensen and Treasurer Paul Jensen. Congratulation and God be with you in your new positions.

I guess the thanks does not apply to many of us because only 175 students turned out at the polls. We have approximately 450 students in our class — what happened to the rest? Don't we want to know how our class is run? Can't we take time out to vote for the candidate of our choice?

I hope you will take this to heart and participate in class functions in the future. The people who did vote did a good job, and you can be sure that these representations will do their best to see that you have a voice in the future of this college.

One of the first things we can do to improve our situation is to show good school spirit by backing our football team. As long as these students are representing our class and school, we must get out and show our appreciation by attending the games, which is going to be held on November 4th. To make it a success of our parents to attend so we can show them our way of doing things.

NEW INSULT at hand in the Winonan, a quarterly for student union? This is a publication which is going to be held on November 4th. To make it a success of our parents to attend so we can show them our way of doing things.

With our new class officers, our winning school spirit and a good student body are going to make this class one of the best.

Defensive falters as Dragons romp over WSC 19-0

Mitchell State ripped Winona State’s defense for 368 total yards and three touchdowns while holding the Warrior attack scoreless in the first conference game for both schools.

Winona was hurt most by the performance of quarterback Dale Schubke. The Dragons gained 143 yards through the air, and won in the third period on three touchdowns via the aerial attack. Schubke accounted for 120 of those yards, completing 9 of 11 passes for his yardage. The touchdowns went for 26 and 13 yards.

Mitchell forced four turnovers for Winona. On the third play from scrimmage Winona fumbled at the Dragon 18-yard line. The ball was recovered by the defense and the offense, plagued by three touchdowins and two losses by the offensive unit. Many times this season Winona has either put themselves in too bad or fumbled punting duties with their own fumbles. WSC has also had some trouble inside the opponent’s 20-yard line. Several Winona State drives have been halted by the goal line.

On defense, the Warrior defense has been outstanding in the last two games. The unit has been able to maintain a high national ranking among college teams in all categories of defense. If the Warriors can eliminate mistakes and get some scoring in the backfield, they will be excellent chance of winning their first conference game.

CROSS COUNTRY

Coach Jim Voroches certainly installed the winning habit with the teams he has coached at WSC. The WSC cross-country squad is still undefeated in Vooroch’s first year as coach. Once a swimming team of last year also had an unbeaten season.

WRESTLING COACH Bob Jonas has been named an official at the 1961 wrestling tournament, which will be held at the University of Minnesota in March.

Warriors score extra point for 19-0 victory

The 14 WFC football players who were stopped by the St. Cloud game also remained in time for last Saturday’s game with Mankato. A conference rivalry met the game, and the result was a scoreless tie for the St. Cloud Huskies.

The Huskies’ defense kept the Warriors from scoring a single point, but the Mankato defense was unable to stop the Warrior attack.

In the second period the Warrior defense set the tone for the game when they stopped the Mankato 0-3 offense on two downs.

Mankato State’s defense only allowed theьер to score a 20 yard field goal in the second quarter.
