**HC week kicks off with rally tonight**

A wide variety of activities have been scheduled for homecoming this year. Some changes have been made from last year. Most notable is the homecoming parade, which will not be held this year.

The traditional Delta Zeta Mum Coronation on Oct. 23 will continue until Oct. 23. Tonight the Booster Rally will take place in the west cafeteria of the College Union. Seven groups are sponsoring candidates for homecoming queen. These candidates will be introduced in skits tonight at the booster rally. The queen candidates are Pam Kytel, sponsored by Alpha Xi Delta, Jan Johnson, sponsored by Sigma Tau Gamma and Delta Zeta; Diane Magej, sponsored by Alpha Xi Delta; Mary Ann Glass, sponsored by the W Club; Tennesse O’Reilly, sponsored by the Veteran’s Club; Diane Ostern, sponsored by Tau Kappa Epsilon; Linda Siems, sponsored by Phi Sigma Epsilon. The rally will begin at 7:30 p.m.

On Oct. 5, the Brothers Four will be in concert at 1 Memorial. Ticket prices are $1.50 and $2.00 prior to the concert, the cost going up an additional fifty cents at the door. Also featuring at the concert will be the introduction of the queen candidates. Voting for the candidates will take place on Oct. 23. Coronation of the queen will take place at 8:00 p.m. in Somsen Auditorium.

On Wednesday Oct. 21, the student body will have an informal party, where in Norway such events are mainly public and the celebration is for the queen candidates and their escorts. Alumni tours will be given from 11:30 a.m. until 1:30 p.m. They will also be given on Sunday, Oct. 25, from 7:30 a.m. until 9:30 a.m. Alpha Delta Pi, Alpha Xi Delta, and Delta Zeta will be sponsor teas at their respective houses at 11 a.m. Saturday. Phi Sigma Epsilon will have cocktails at 5:00 p.m. and have a buffet dinner at 7:30 p.m. at the Green Meadow Supper Club, Blair, Wis. Sigma Tau Gamma will have an alumni banquet at 7:30 p.m. at the Celsie Club, La Crosse, Wis.

**Norwegian notes differences**

Making a new home in Winona is Sverre Tonnessen, foreign exchange student from Norway, Sverre comes from Kristiansand, which is 280 miles south of Oslo.

His father is a Lutheran minister and he has an older brother and sister. Sverre is living with the Ron Gordon Arensberg family at 70 W. Howard St. Sverre’s education in Norway consisted of several schools and was less than one hour’s travel from his home. He had to walk to school for the first half year and also worked in a restaurant shop for one year. These requirements were for academic as well as practical experience at the National College. Upon entering college, the students are divided on a year’s training in the army for one year.

Last spring Sverre graduated from the Carlsten College with a mechanical engineering degree, which enables him to teach a vocational school level or work for large companies. He now hopes to get a business administration degree. Because the completion of his studies is in demand in Norway.

Sverre is a “first” in that he is not a student from the Oslo Teachers Training College. He had decided to come to the U.S. to go to school before he applied for the exchange program. His interest in WSC was aroused by Norman Elling, a former foreign exchange student from Winona State, who lived in the same apartment house at 70 W. Howard St. Sverre hopes to stay at WSC after his year on the exchange program terminates and acquire a degree.

Concerning the difference in school systems, Sverre said that everyone enrolled in a particular course in Norway, and has the same classes with the same people all day long. Classes for the first year include: German, English, Norwegian, and Mathematics. The second year is more specialized. The schools in Norway are mainly public and the tuition is free.

Sverre also mentioned that over here we tend to have more informal parties, where in Norway the students tend to go to big dances or small parties.

Sverre’s interest includes music, he plays the piano and organ, and cross-country skiing.

**Head leads student poll on campus**

A volunteer committee on the Winona State College campus has just completed a poll on the campus comparing candidates in Minnesota’s governor and senatorial races. A set of guidelines were used in conducting the poll.

First, the poll was restricted to a random selection of students living on campus. Secondly, names of the candidates were alternated every other time. The poll was also limited to about 200 students.

In the senatorial race, Congressmen Clark MacGregor (Rep.) and Clark MacGregor (Dem.) were matched against Hubert Humphrey (Dem.). The results were: Hubert Humphrey 46%, Clark MacGregor 38%, Earl Craig 1%, and Undecided 15%. In the race for governor, State Senator Wendell Anderson (Dem.) was matched against Douglas Head (Rep.). The results were: Douglas Head 47%, Wendall Anderson 33%, Undecided 19%. The poll committee headed by its chairman Steve Leitewil, will conduct the campus poll just prior to the election.

Other members of the committee include: Marie Myerich, Heidi Sweby, Annette Gregoire, and Paul Wieland.

**Sketches for Union addition completed; await State OK**

As authorized by the Chancellor’s office of the State College system, the first preliminary sketches for Phase II of the Union Common’s College Center at Winona State College have been completed.

Construction on the 1,728 million dollar project will commence upon approval by the State College Board and the 1971 legislature’s authorization for the release of funds from the Revenue Bond Fund. This fund contains student fees only. The Union Board of Directors in conjunction with Mr. James Carlson of James E. Carlson Architect—Engineer & Associates of Winona, have tentatively planned for a building containing some 30,000 square feet in two levels.

The construction of the Student Activity Center will contain recreational facilities, a main lounge, bookstore facilities, and Union offices. It will permit unification and centralization of all student government, programmatic, and publication organizations. Offices and private files will also be available for other student organizations not previously mentioned.

The lounge facilities will contain areas for students to relax and study. A communications center will provide bidirectional, tape, and phonograph facilities for listening along with theater seating for the viewing of television. The inclusion of the bookstore facilities will allow this campus to expand service and better provide for the needs of the students and the institution.

Further plans and sketches are currently being continued for this proposed addition and the college awaits the approval of the State College Board and the Minnesota State Legislature.

**Student Senate Announcements**

The freshman senators elected Tuesday are Paul Roberts, Scott Eipstien, Pat Sawyer and Sally Stevens.
Editorials

Sheehan meets State codes

Women in Sheehan Hall have expressed concern about the safety of the stairway, which was approved by the Fire Prevention Bureau, Winona City Fire Dept.

When talking with the Bureau we found that the staircases are, to put it mildly, a fire hazard to be avoided. A fire may occur in front of an entrance to the stairs, forcing some women to use the stairs on the other side of the floor. But, according to the Fire Prevention Bureau, a fire on a floor will not spread into the stairwell.

The building, designed by a state architect, meets all state codes.

The projects NSF is interested in would be totally students originated, planned, proposed, implemented and researched.

If the expressed concern among students for the environment is genuine into how to get this information

Dealing with public information as we do, the newspaper would like to know if students can find the effort to the "clean-up." Then, we'd like to know how best to get this information across to the public and into effect.

This is just our idea. There may be many angles from which to view the problem and just as many ideas for a Student Originated Study.

New faculty take positions

Forty-seven new faculty members began at Winona State this fall. This is the last of four articles introducing them to the student body.

ROBERT BAUMAN, assistant professor, audio-visual — B.S., University of Minnesota; M.S., Indiana University. He has been instructor at Macalester College in the AV department for 15 years and produced all educational TV programs for the college. He is married.

MRS. EDNA WLODKOWSKI, assistant professor, foreign languages — B.A., University of Wisconsin. For the past five years she has been assistant professor at Northern Illinois University. She is married and lives at 816 W. Wabasha St.

MRS. BARBARA SORENSEN, assistant professor, art — B.S., Lewis University; M.A., St. John's University; Ph.D., University of Chicago. She has taught in high schools in Oregon and New Mexico. While at the University of Colorado she was secretary in the foreign student office. Her home is at 366 E. Sanborn St.

MARY SCHWAGER, instructor, education — B.S., Winona State College; M.A., University of Colorado. She has taught in high schools in Oregon and New Mexico. While at the University of Colorado she was secretary in the foreign student office. Her home is at 366 E. Sanborn St.

NORMAN SORRENS, assistant professor, sociology — B.A., University of Illinois; M.A., University of Wisconsin; Ph.D., University of Minnesota. For the past five years he has taught at the College of Saint Teresa and at Mary's College. He and his family live at 1171 W. 5th St. (Not Pictured).

SUE KUCHENMEISTER, instructor, physical education — B.S., M.S., Winona State College, with major in physical education. During the past year she was assistant professor at Northern Illinois University. He and his fraternity at 217 N. 5th St. (Not Pictured).

STUDENT BODY

Players hold alumni lunch

Members of the Winonan Players will hold a luncheon meeting Saturday, Oct. 24, at 11:30 a.m. All past members with their spouses, in addition to all current members are invited to attend.

Saturday afternoon, Oct. 24, at 6 p.m., the W.S.C. chapter 27 of the National Collegiate Players (NCP) will hold initiation n campu.

The place is to be announced. Following the ritual, the initiation banquet for the NCP will be held at 5:30 p.m. at the Holiday Inn. All former members of NCP are urged to be present.

When you know it's for keeps

All your sharing, all your special memories will be forever symbolized by your diamond engagement ring.

The name, Keepsake is in the ring and on the tag, you are assured of fine quality and lasting satisfaction. The engagement diamond is flawless, of superb color and precise modern cut.

Your Keepsake Jeweler has a choice selection from the yellow pages and on the tag, 50 E. Third Street

DIAMOND RINGS

S. Kuchenmeister Mayor

JUDITH MEYER, assistant professor, political science — B.A., College of St. Thomas; M.A., M.A.P.A., University of Oklahoma; Ph.D. candidate at University of Oklahoma. She has been research associate, Bureau of Government Research, University of Oklahoma, and instructor at University of Oklahoma Center for Continuing Education. He and his family live at 918 Park Ave.

FRANK P. MORELLO, assistant professor, political science — B.S., Farming University; M.A., University of Wisconsin. He has taught in high schools and colleges of Oregon, and in high school in California, her latest assignment was at the University Women's Club in Seattle as teacher of woodcarving.

MRS. EDNA WLODKOWSKI, assistant instructor, nursing program — B.S.N., College of Saint Teresa. She began work at Winona State in January 1970. She lives at Homer.

BARBARA SORENSEN, assistant professor, art — B.S., Lewis and Clark College; M.A., University of Oregon; M.P.A., University of Washington. She has taught in the high schools and colleges of Oregon, and in high school in California, her latest assignment was at the University Women's Club in Seattle as teacher of woodcarving.

EMERITUS FACULTY

J. WILLIAM HANLON, associate professor, VHS administration department head — B.S., M.S., University of Minnesota. For the past two years he has been assistant professor at Northern Illinois University. He and his family reside at 1171 W. 5th St. (Not Pictured).

THE WINONAN October 15, 1970
Winona State's Warriors overcame the disappointment of the 3-yard nullified touchdown and held on for their first win of the year by defeating Southwest State 7-0.

Receiving the opening kickoff, Winona moved the ball well and was in control through most of the first quarter. With the aid of several penalties and the maneuvering of Ron Fuglestad, the Warriors were soon deep in Southwest territory. Capitalizing on the situation, quarterback Don Wistrick pulled to Swanson, who went over for the first six points, and who made that seven by kicking the extra point.

The Warriors managed another touchdown before the quarter ended, but due to an offsides penalty against Winona at the line of scrimmage, it did not count. In the second quarter Southwest got down to serious business by starting a long drive. With less than a minute left, and Southwest deep in Winona territory, Dave Prudick saved the day with a pass interception, and saved the victory for the Warriors.

Winona will travel to Michigan, and there tangle with defending Tech next Saturday. The next two weeks are nonconference, the first quarter. With the aid of several penalties and the maneuvering of Ron Fuglestad, the Warriors were soon deep in Southwest territory. Capitalizing on the situation, quarterback Don Wistrick pulled to Swanson, who went over for the first six points, and who made that seven by kicking the extra point.

In the second half Winona had yet another touchdown nullified because of a holding penalty. With only a 7-0 lead to work from, the Warrior's defense had to really hold. Late in the last quarter, however, Southwest started another long drive that looked as if it could mean a tie ball game. With less than a minute left, and Southwest deep in Winona territory, Dave Prudick saved the day with a pass interception, and saved the victory for the Warriors.

Women's Club Honors New Members

The Women's Physical Education Club held its first meeting of the year Monday, Oct. 5, at Holtzinger Lodge. It was preceded by a picnic supper held in honor of the freshmen and transfer students majoring in Health and Physical Education.

New members were introduced by older members of the club, who will lend a helping hand toward Winona's first victory this Saturday. The Warriors made the first half, Southwest was once again threatening, but a brilliant defensive showing by starting a long drive.

Winona moved the ball well and was in control through most of the first quarter. With the aid of several penalties and the maneuvering of Ron Fuglestad, the Warriors were soon deep in Southwest territory. Capitalizing on the situation, quarterback Don Wistrick pulled to Swanson, who went over for the first six points, and who made that seven by kicking the extra point.

In the second half Winona had yet another touchdown nullified because of a holding penalty. With only a 7-0 lead to work from, the Warrior's defense had to really hold. Late in the last quarter, however, Southwest started another long drive that looked as if it could mean a tie ball game. With less than a minute left, and Southwest deep in Winona territory, Dave Prudick saved the day with a pass interception, and saved the victory for the Warriors.

Winona will travel to Michigan, and there tangle with defending conference champion Michigan Tech next Saturday. The next home game is Homecoming on Oct. 24, when the Warriors will play host to St. Cloud State.
