SUPPLEMENT TO THE PEE-WEE

JULIE STRONG: "When I graduate, I will accept a position at $150.00 per week.""—"Where do you work?"—"At the Cash Register."—"Do you ever get tired of that work?"—"No, I enjoy it.

ATTENDANCE OF EFFECT

The new system of recording a student's daily attendance was introduced in the fall of this term in the order that the students were present at the sessions. The system was well received and has been continued with satisfaction all year.

STUDENTS SAY VISITS ARE MOST ENJOYABLE RECRUITING SCHEMES

Mr. Bland took an interest in the work of his English class and some of the students said they enjoyed the visits to the various schools. The visits were made to different schools and were well received. The students were interested in the different methods of teaching used in the schools.

THE PEE-WEE

The system, used in the teaching of physics, has been found to be a valuable aid in the instruction of students in this subject. The system is based on the principle that the student can learn more effectively by doing than by merely reading. The system consists of a series of problems, each of which is designed to illustrate a particular principle. The student is required to solve the problems, and the solutions are used as the basis for the subsequent instruction in the subject.

The governor has endorsed a cooperative plan for the success of the potato exchange.

**FARM MORTGAGES**

We have some carefully selected mortgages on improved farms in Minnesota which we have personally inspected, and carefully studied the credit of the borrower and the condition of the property.

**What Have You To Sell?**

There is probably something on your farm that would be worth getting into the market, such as farms, trees, livestock, or other products. Please let us know what you have to sell and we will give you an estimate of its value.

**OWN YOUR OWN FARM**

In a strong farming country, with good soil, good climate, good water, a little care, a little management, and the right advice, you can produce grain, dairy products, beef, pork and mutton as cheaply as anywhere in the United States. There are excellent schools, churches, good roads, rural mail routes, telephone lines and facilities for the use of the farmer.
