Crowds Expected Today As Doors Open On T.C.'s 1953 Science Day

By Lee Krogh

Doors opened at 9:00 o'clock this morning on Winona State Teachers College's 16th annual "Science Day." An estimated 2,000 high school and college students as well as townspeople are expected to pass through them before they close at 9 p.m. this evening. The entire faculty and student body of Winona State extends a hearty welcome to them all.

Science Day has become one of the highlights of the school year at T.C. ever since the idea was originated by Dr. Minne in 1937. Its purpose, aside from being entertaining and often sensational, is to relate science and its problems to everyday living. The members of the Science Club, which sponsors this annual event, develop their exhibits with that thought in mind and in that way help insure its success.

Each project is a result of months of planning, research, and hard work. The members of each division of science and mathematics, which include geography, chemistry, physics, geology, mathematics, and biology, meet with their respective advisors to nominate committees and plan their exhibits.

This year's Science Day has added a feature. In addition to the various exhibitions by the various departments, movies will be shown in the auditorium during the day. Another feature will be ushers, who will escort various groups to the exhibits. Visitors may stay as long as they wish at the departments, and other ushers will assist them in finding the exhibits which they are most interested.

Science Day hours are from 9:00-12:00 a.m.; 1:00-3:00 p.m.; and 7:00-9:00 p.m. Harry Buck

More Science Day stories and pictures may be found on page 8 of this issue.

and Kay Keese are co-chairmen for this year's event, and Mr. K. M. Selz is the Science Club advisor.

Project chairmen for this year's Science Day

Movies Featured At '53 Science Day

Something new has been added to Science Day proceedings this year. Beginning at 10:30 a.m., and continuing throughout the day, movies will be shown at half hour intervals in the auditorium. Each movie will deal with a particular division of science, and will be informative as well as interesting. A schedule of the movie names and the time they will be shown will be placed in the front hall.

Future Teachers Groups Holding Convention On T.C. Campus Today

The Etta Hudson-Howell Chapter of Future Teachers of America is cooperating with the southeastern Minnesota Regional Conference for the selective recruitment of teachers in sponsoring a convention for high school F.T.A.'s today.

A planned program of the day's events include as guest speakers; Mr. F. R. Adams, Teacher Placement Service State Department of Education; Mrs. Mabel Robinson, Field Director M.E.A.-S,T.A.; and Mr. Walter Englund, Executive Secretary, Minnesota Education Association, St. Paul, Minnesota. There will also be buzz sessions in the afternoon.

Topics to be discussed include: F.T.A. Services to Schools; Meta Bergumson, member of the Red Wing High school F.T.A. Club; F.T.A. Club Programs — Jacqueline Harbrecht Organizing F.T.A. Clubs — Charlie Ludvitske

Advantages in Membership of F.T.A. — Marvin Rosen Financial Aids for Teacher Education — Georgianne Charles Hass and Marilyn Von Bargen stand ready in the zoology lab to explain the many insects and birds on display along with countless other displays and experiments.

The President Writes...

Welcome Back, Alumni

Dear Alumni Members,

The annual Alumni reunion will be held May 30 this year. Since this is a holiday, we hope that many of you, alumni of this college, will find it convenient to return to your Alma Mater.

This year's reunion will be held the week before commencement day and before examinations; therefore, many students will be on campus and will be able to attend reunion functions.

A noon luncheon, honoring the twenty-fifth and fiftieth year classes, is to be served. In the evening, the reunion and dinner at Hotel Winona is to take place. We are planning a short program. It is to consist of musical numbers and brief remarks by people connected with our college. We are planning no formal speeches because the business session must be held and the meeting adjourned in time for the program which will take place in Somsen Auditorium.

The program at Somsen will consist of a series of musical and dramatic presentations by students of the college.

We extend a special welcome to all Alumni who can attend our annual reunion. All of you, I'm sure, will be interested in seeing the progress which has taken place on our splendid new physical building, which will be called Memorial Hall.

Present and retired faculty members will be present to greet you. They will be happy to renew old acquaintances, make new acquaintances, and talk over old times.

We hope many of you can attend the Alumni reunion. A special and personal welcome is extended to each and every one of you from the faculty and students. — Nels Minné

Behind the Scenes

As you may know, one of the oldest and best known organizations on our campus is the Wenonah Players. The club, which has a membership of forty, is open to any student who is able to act and/or wishes to do technical stage work, such as costuming, lighting, and scene construction.

It is an organization which is almost as old as the school itself. The club has existed as Wenonah Players since 1922 but was known before 1922 as the Dramatic Club. The Player's annual program of activities is a busy one. The program regularly includes an Alumni luncheon at homecoming, with active members as well as alumni, a road show for the benefit of area high schools, various extantatreonx portrayals of theatrical equipment and photographs of recent Player productions, and the annual spring production which this year was "The Heiress." Other projects planned this year were the sale of tickets for the foreign movie "The Heiress," and a contribution of photographs of recent Player prototypes of theatrical equipment and photographs of the highest and most coveted honors award each year at Award Day.

The Wenonah Players' spring production of "The Heiress," was heralded as one of the finest ever presented. The Players, under the direction of Miss Magnus, presented "The Heiress," arena style, to the faculty and students on April 14, and to the public the nights of April 14 and 15.

Dr. Soper was the possessor of a considerable fortune which was to be left to his daughter, Catherine. Her mother, the "Heiress," had not proved to be as charming as her mother and this did not help the doctor's attitude toward her. Catherine's Aunt Penniman made Catherine's life her business and made a point of attempting to marry her to any eligible young man, fortune hunter or not.

Jack Avery made a superb Dr. Soper, his maturity and poise were typical of the entire cast. Rachel Kottke was a charming Catherine. Shirley Minkowitz was a natural in the role of Aunt Penniman, and Neil Maillie a typical matchmaker. Helen Nelson was the blundering Mrs. Montgomery. Morris Townsend, Morris' sister, who unintentionally revealed his faults and intentions to the Doctor. Nancy Gynol who played the maid, Mariel, turned in a charming performance and was the only one who sympathized with the Doctor. "The Heiress" was full of tense emotional situations, powerful climaxes and wonderful acting.

Both the actors and technicians tackled an extremely difficult play when they decided to produce "The Heiress." They did a beautiful and professional job which was unrivaled by none.

Ellyce Johnson

Missing Something?

Were you at assembly last Monday, the Monday before, or the Monday after? Don't answer aloud, because if your answer is the right one, you're showing your ignorance.

The assembly speakers are paid from the money which YOU pay into the activity fund every registration day. It is only common sense to attend and take advantage of the lecture programs for which you have paid.

Everyone assumes that you are in college to gain an education. Part of your college education can be gotten by attending assembly programs. The speaker on the platform has something to offer to you—a new insight into world affairs or an interesting experience—or he wouldn't be there. Why not attend one of the assemblies once in a while. You might enjoy it, and what's more, you might learn something.

When you attend the assemblies, try to be courteous to the speaker. You know that when you're talking, you don't like to have someone writing or whispering. Save telling Jean or Pat about the big date until after assembly, it'll keep andMom won't mind if your letter is a day late. Show the same respect and courtesy that you expect, and most often get:

When you attend Monday morning assemblies, remember, you're adults now, college men and women, not high school kids. Listening to the assembly speakers is an important part of your college life.

Incidentally, see you Monday morning at assembly.

Gone But Not Forgotten

By Lois Mohr

Mr. Leslie King is a counselor in the General College, University of Minnesota. Lesy Reports that he enjoys his work very much. While working as a counselor he is also completing degree requirements in educational psychology. Mrs. King is a teaching core counselor at Marshall High School in St. Paul.

Word was received from Edgar Morrison, class of '41, that he is teaching at Tuscaloosa, Washington, and is looking forward to visiting us again some day. He also reports that he is the proud father of a new son.

Many of our grads have been back for visits. Two visitors were Eddy Barrows and Donna May Freeman. Both members of class of 1932, they are the teaching in the Albert Lea public schools. Rosemary Seiber and Tom Stolman are two other '32 graduates returning for visits with students and faculty. Rosemary is teaching in Faribault and Tom teaching in Marshall.

Joyce Peterson, Ruth Dick, and George Nissen are several of the 1940 class members returning to renew old acquaintances. It seemed like old home week when five of last year's students had a week end stay in the dormitories. Visitors were Dorothy Tukua, Melra Bohnen, Joyce Moon, Harriet Jorgenson, and Margaret Kaiser. All are teaching now. Dorothy in Lake City, Melra in Litchfield, Joyce and Harriet in Pine Island, and Margaret Kaiser in Minnesota Lake.

Shortly after winter quarter graduation Milroy Tollin married Miss Patricia Benson. Pat was a student here in '51. At the present Milroy is completing army training.

Karl Stupel will be married May 31. Karl, class of '52 is teaching in Cottonwood, Minnesota. He will marry Miss Phyllis Foley of Albert Lea, Minn.

All Applications For Scholarships Due May 1

All students interested in being considered for scholarships should obtain application blanks from the Dean of Men, Dean of Woman, or in the president's office. The completed application blanks must be returned to the office not later than May 1. Students now holding scholarships must re-apply if they wish to be considered for a scholarship for next year.

In order for a student to be eligible for a scholarship, he must have a minimum average of 1.75. All questions must be answered in full and the application in by May 1 or the applicant will disqualify himself.

The income from a fund of close to $200,000 is available for scholarships and all students are urged to take advantage of it.

Denver Symphony Here April 21

On Tuesday, April 21, the fourth in the community concert series will be presented at the Winona Senior High School auditorium.

The Denver Symphony Orchestra, composed of approximately seventy-five members, has made a fine reputation during the past season. It has grown to spectacular proportions since an unknown pioneer took a plaza over a one-half mile long. It will travel to the rough mining town of Denver in 1858. Today, ninety-four years later, this orchestra, under the inspired direction of Saul Caston is known as one of the great orchestras of the nation.

It has a regional project of presenting a winter series of twenty Tuesday evening concerts with world-famous soloists. It has eight faculty members, young people in collaboration with the public schools and has held four symphony concerts admitting an entire family for the price.

The Denver Symphony Orchestra is the nucleus around which the Denver Symphony Music Festival has been established. The orchestra won international acclaim at the Institute of Humantistic Studies in Aspen in 1946. It tours the Rocky Mountain region annually and can be heard over the NBC broadcasting system.

F.T.A. Convention

Amelia A. Lovejoy, and Registration Committee Chairman is Delores Kieffer.

Future Teachers of America is newly organized at Winona T.C. and the name Etta Hudson-Howell Chapter was adopted by members of the club in honor of a former student of the college and a member of the faculty of the Phelps Laboratory School.

Miss Howell, who died in 1949, left a bequest, estimated at $125,000 to the college, the income of which is applied for scholarship awards to students in the elementary field of teaching.

Monthly meetings of the club consist of a series of panels followed by discussion. Topics discussed have been the question of Teacher Placement by Mr. Fishbaugh, Placement Director at T.C.; teaching in the elementary during the first week of school, by student F.T.A. members and should I become a teacher by Harry Schoen, student member.

At present there are 93 charter members in the local chapter.

Science Day

(Continued from page 1, column 3)

event are: Lois Mohr, anatomy and physiology; Mary Henderson, General science; mathematics; Dr. Christianson, botany; Roland Limpert, zoology; Charles Hays, and Dave Porter, chemistry.

The division of science and mathematics is headed by Dr. M. R. Raymond, professor of physics; Mr. and Mrs. Underkofler, physics and chemistry; Mr. Joseph Emanuel, biology; Dr. R. L. Lokensgard, mathematics and Mr. Kerlin Seitz, geography and geology.

The division of science and mathematics is headed by Dr. M. R. Raymond, professor of physics; Mr. and Mrs. Underkofler, physics and chemistry; Mr. Joseph Emanuel, biology; Dr. R. L. Lokensgard, mathematics and Mr. Kerlin Seitz, geography and geology.

Mendelssohn, and Apollo Club and the chorus composed of the members of both organizations will present their annual spring concert on May 6 in Somsen auditorium.

The program for the spring concert will include some of the pieces which were sung in Winona at a Kiwanian Club meeting on May 30 and at a Rotary Club meeting on April 8. The list of selections will include the following:

- Sing On! Sing On!
- Kimmie
- Motet (There Is an Old Belief)
- Sir Hubert Parry
- Song of the Mississippi Boatman
- Sir Hubert Parry
- Folsom Song arr. by Mead
- The Clothes of Heaven
- By Katherine Davis
- Clare de Kitchen
- Old American song – Russell
- Land-sighting
- Grieg – Spicker
- Down in the Valley
- Folk song arr. by Mead
- The Summer Rayne
- Noble
- Gold and Silver
- Lohar – Joslyn
- Slumber Sweetly
- Chapman

Pre-Prom Dance Well Attended

By Lois Mohr

"Springtime is Pre-Prom Time" was the theme carried out at the pre-prom dance in Somsen Hall Saturday evening. Curt Peterson and his orchestra furnished the music for the dance which is a preview to the forthcoming traditional Spring Prom.

Refreshments were served and violet flower decorations put a finishing touch to the gala affair. The joint social committee under the chairmanship of Charles Ludwiske was in charge of arrangements for the dance. Other committee members are Hildegarde Timomara, Betty Fechman, and Patricia Wilke.

Faculty sponsors for the dance included President and Mrs. Mielke, Mr. and Mrs. R. M. Ray- mond, Mr. and Mrs. David Davis, Mr. and Mrs. Joseph Emanuel, Miss Beulah Greigore, Mr. and Mrs. Daniel Hoyt, Mr. and Mrs. M. L. Marinier, and Mr. Kerlin Seitz, and Miss Margaretta Steffenson.

Housekeeper's Tragedy

North Carolina folk song

Eichhorn

Mr. Walter Grimm will direct the Mendelsson Club and the Chorus; Miss Agnes Ball will direct the Apollo Club. Accompanists will be Miss Bard and Margaret Rigg.

The three musical groups also plan to present programs in nearby communities; however, arrangements have not yet been completed.

According to Mr. Grimm, head of the music department, there will be a program on May 29 especially for the alumni of the college, the graduates, and their friends. The entertainment will be planned by the music department and is to include instrumental as well as vocal music.

Norwegian Speaker

At May 1 Assembly

By Barb Gaddis

"Peer Gynt — Ibsen's Poetic Masterpiece," will be the subject of the lecture presented by Dr. Francis Bull before the college assembly May 1.

Dr. Bull, professor at Oslo University since 1920, is the foremost authority on Norwegian literature in which his speciality is Ibsen's plays, norwegian, and Norwegian literature during the union with Denmark. He is co-author of the monumental "History of Norwegian Literature.

Business Manager

Of Yearbook Named

Jack Streed succeeds Ralph Stroem, who recently completed his work on the 1953 annual before enlisting in the Air Corps. According to Eloise Johnson, Wenonah editor, the business manager has finished a successful year. Eloise reports that the subscription campaign has been closed and that the advertising campaign, lead by Dave Porter, has exceeded the quota by $60.
Undefeated Warriors At Iowa Teachers Today

Having successfully finished their southern swing, the Winona Warriors move to Cedar Rapids, Iowa, to meet the Iowa State Teachers Panthers this afternoon. The Warriors will have the benefit of the experience gained on the southern trip, but the Panthers will also have played two powerful opponents in Iowa State and the University of Minnesota.

The Panthers have several returning lettermen, but Coach L. W. Whitford says that there will have to be some revamping done in order to get the most out of their charges. He also explained that several promising freshmen have turned out and are expected to give the returning men a fight for their positions.

Back to handle the mound chores for the Panthers will be right-hander Rod Tanganem, who was undefeated last season, and left-hander Dick Koch, who handled only relief roles last season, and left-hander Dick Koch, who handled only relief roles last season.

REMAINING GAMES
April 16 Iowa State Teachers at Cedar Falls, Iowa
April 17 Wartburg at Waverly, Iowa
April 28 La Crosse at La Crosse
April 30 St. Mary’s at St. Mary’s

Promises Bright For T.C. Linksters

After a somewhat discouraging season last year, the 1953 edition of the Warrior golf team under the direction of coach Gene Brodhagen hopes to make up for those disappointments encountered last year.

Mr. Brodhagen is taking over as Golf coach this year replacing Mr. L. W. Whitford who is on a leave of absence this year at Washington State College in Pullman, Washington. The Peds are looking up for the linksters this season as some experienced men form a working core, something the squad lacked last year.

Golfers who are returning are: Bob Frazer, Marty Roesler, Jerry Sines, and Ross Wood. These boys, plus some promising freshmen, have to fight for "bring home the bacon" for W.S.T.C.

Thinclads Show Promise In Loss

The Warrior Cindermen dropped their opener to La Crosse Teachers in a meet held last Saturday on the west end’s Jefferson Field. The speedy Indians pretty well dominated proceedings and accumulated a total of 11 runs which points to 32 for the Purple and White.

Coach Gene Brodhagen found something to smile about in spite of the defeat however in the performance of the freshmen and other track newcomers. The Warrior Thinclads showed more balance and depth in this opening meet than in previous years.

Times were slow, because of the cold wet weather which prevailed, but frost Paul Knopp and Al Woychek still came through with firsts in the pole vault and two mile run respectively. The Ped relay team, consisting of Paul Knopp, Art Maze, Jim Sonnabend, and Bud Mullens, also proved strong, covering the half mile distance in 1:06-8.

Gaining points for the Warriors cause were Chuck Hagedorn with a second in the 120 yard hurdles and a third in the 220 yard lows; Bud Mullens, a third in the 100 yard dash; Art Maze, a third in the 220 yard dash; George Hansen with a toss good enough to win the shot put; Kube Krieger, second in the discus event and Woychek also garnered second in the mile run.

Iowa Out To Squeeze Out a Win

Just who will open on the mound for the Warriors was still a dark secret as the Peds left for Cedar Falls this morning but coach Arns hinted strongly that Bill Whitford, who was injured last season, and Art Maze, a 6’5” right-hander, might be the hurling choice.

Because of a lack of common opponents with which to make comparisons, the game must be regarded as a tossup.

REMAINS GAMES
April 18 Carlton Relays at Northfield
May 2 Mankato Teachers in Super Meet at Mankato
May 9 Triangular meet with Eau Claire and River Falls at Winona

May 22 State Meet at St. Cloud

Warriors Al Woychek and Gene Hampton take off in the mile run in the meet with La Crosse which was held at Jefferson Field last Saturday.

Warriors Warbles

By Bob McKeag

Hail The Conquering Heroes —  
"We should take more southern trips." That seems to be the sentiment around the campus this week as the Warriors return triumphant from their annual tour of the southland. Taking four consecutive wins from teams which have already reached mid-season form is quite a feat and it begins to look already as if coach Arns and the Peds mean business. From the sound of things the pitching is as good as last year’s, which was plenty good, and the hitting is better. Unless the Warriors run into a let-down after this early success Iowa

The Road Ahead —

Taking a hurried glance at the remainder of the sports calendar we see a real rush of business for the T.C. athletes. Two conference track meets, two conference golf titles to be decided, the city championship in gold and baseball, plus a full conference baseball schedule still to be played add up to a busy time indeed. The future holds real promise however, as spring always proves to be the title winning seas—

**BÅLLET**

To be used only by active members of the Alumni Society of Winona State Teachers College.

Laws: Constitution Article 5; By-Laws Amended 11/5/30; 2/2/52

- Prior to the annual meeting the Board of Directors is authorized to appoint a Committee of five on Nomination of the candidates, the duties shall be to promote...members for election for the elective offices.

State of Officers designated by Committee on Nomination:

**PRESIDENT**

EUGENE SWEAZEE

**VICE PRESIDENT**

ROBERT CLAYTON

**DIRECTOR (1935-56)**

FERN ELLISON

**DIRECTOR (1953-56)**

MILDRED BARTSCH

Present officers are: W. Kenneth Nissen, president; Eugene Sweazee, vice-president; Angelyn de Groot, secretary-treasurer; Directors: Donald Karow (1935), Mildred Bartsch (1935), Roger E. Clayton (1935), Eugene Sweazee (1935), Ruth Wendt (1953), Philip Schwab (1955).

Mail ballot to Miss de Groot, WSTC, or cast ballot at annual dinner meeting Saturday, May 30, 1953.
Famous Author Speaks at WSTC

“Geographical Illiteracy” was the subject of the talk presented by Johnson E. Fairchild, famed American author and social geographer, before the Winona State student body Monday, April 13 at 9:30 a.m.

Fairchild, who earlier in life was an instructor at Hunter College and the first male dean of that largest of all girl’s schools, is currently the head of the depart-

ment of social philosophy at Cooper Union Forum.

Before the beginning of World War II, Fairchild served as chief research analyst for the military Intelligence Corps. During that war he was on active duty with the U.S. Air Corps in the China-Burma-India Theatre, where he increased his intimate knowledge of the Far East and its people. He is co-author of the book “American Possessions in the Caribbean,” and has written many papers on geography.

Adams Appointed To K.D.P. Post

Louise Adams has filled the office of Recorder of Kappa Delta Pi, which was recently vacated by Walli Dohman, who is now teaching at Blumington, Prairie, Minnesota. The office includes membership on the Executive Council, which is composed of the president, Bob Ferrick; the vice-president, Adrian Vondrashke; the secre-
tary, Luette Rheingans; and the treasurer, Vina Naysmith, as well as carrying duties of its own. The Historian Recorder reports all meetings and speakers to the newspaper and records in a scrap-

book all publicity received.

Summer Classes (Continued from page 7, column 1)

Agnes Bard, Georgia Garlid and Fretta Murray. This workshop is planned to meet the needs of the classroom teacher. Program activities provide for a creative approach by means of directed and independent self-expression in art and music. Students will be given the opportunity of working with various media in art and music, including the designing and making of musical instru-
ments from scrap material, the use of tempera, water color, charcoal, finger-paint, wood and wire in constructing problems.

Group and individual participation in interrelated activities of art and music as experienced through design and music, crafts and rhythms and art construction will be offered. In addition, stu-
dents will have the experience of building original musical and art programs for children’s produc-

The writing workshop, offered this year for the first time in the summer school, is under the direc-
tions of Dr. Augusta Nelson.

The course, according to Dr. Nelson, is organized on the indi-

vidual and group method and planned to designed to develop rapidly the mechanics of expression and to develop, that is, the ability to express in written form. Class work will be ad-
justed to meet the most practical and individual needs of each student.

Other summer school courses, covering a wide range of interest in the field of adult education for laymen as well as for teachers include speech correction, rene-

vating and reading, English composition, sociology, mass modes of com-

munication, field geography, bio-

chemistry and advanced typing, hygiene and activity courses in physical education for men and women.

Various blocks of professional education courses will provide areas of study of particular interest to business and secondary school teachers.

The first session opens on June 30 and closes on July 17, the sec-
ond session opens from July 20 to August 22. Both sessions will be open to adults interested in furthering their education.

Four Memberships At Local Golf Course Purchased

The Finance committee has announced that four (4) golf club memberships at the Westfield Golf Club have been provided for recreational activities of the students.

The committee asks that stu-
dents please observe the rules set up by the Westfield Club manage-

ment for the use of these memberships.

Please use the blank below to make dinner reservations. This should be cut out, filled in and returned to Angelyn de Groot, W.S.T.C. before May 27.

DINNER RESERVATIONS

Saturday — May 30 — Hotel Winona, 5:45 p.m.

I wish to reserve

plates at $1.50 each.

Check enclosed.

Signed.

* No cancellations can be honored after twelve noon, May 27.

T.C.’s Memorial Hall, the new phy-ed building, seems to take shape before your eyes as rapid progress continues on the new building.

New Phy-ed Building Will Greet ’53 Fall Enrollment

By Barb Gaddis

October 31, 1952, may not be an outstanding date in any history book but in the history of Winona State Teachers College it stands for the memorable day when the cornerstone for Memorial Hall, the new physical education building, was laid. Today, nearly six months later, the building shows a great deal of progress and promise of completion for the 1953 fall quarter.

Incoming freshmen and returning upperclassmen will have ac-
to the educational and recrea-
tional facilities of the building.

An outstanding feature of Memorial Hall will be the main gymnasium which will be one of the largest college gymnasiums in the state.

The bleachers of this gymnasium, with a seating capacity of 2,000, can be folded back when not in use to make room for two playing floors which are separated by a folding curt-

ain. A small gym on the upper floor will contain horizontal bars, parallel bars, mats and other physical education apparatus.

The 30 ft. by 75 ft. swimming pool will have both a 3 ft. and a 10 ft. diving board. Two class-

rooms, offices for the athletic administra-
tion, and dressing rooms will also be housed in the new building.

Physics Group Has Many Highlights

Can a person put his hand in boiling water? Does paper fall as fast as metal? Can a faucet be suppressed by a sneeze? Can a light bulb be made to burn at the touch of a human hand? All these questions and many others will be answered at the physics display during Science Day.

The purpose of the convention was to renew and promote pro-

fessional interest in the fields of health, physical education and recrea-
tion. The program, via lectures and demonstrations, covered camping, recreation, re-

search, rhythms, and school vis-

itation.

The Sioux Falls conference had a better student attendance than any other A.A.H.P.E.R. meeting of this type. Of the 440 delegates currently present, 190 of them were stu-

dents.

The S.T.C. delegates reported that the conference was very good and very interesting. Luette Rheingans said that the conference was very good and that the conference was very good.

Wenonah Players

(Continued from page 1, column 2)

unanimously selected his down by,

related to the conference, “I enjoyed it very much and I think that the conference was very good and that the conference was very good.”

The committee chairmen for “The Heiress” were as follows: assistant to the director, Janis Kan-
fal; business manager, Lois Mober; head technician, Adria

Vondrashke; and advertising manager, Jack Streed.

3 Attend Sioux Falls Conference

Three Winonans were repre-

sentatives to a recent conference of the American Association for Health, Physical Education and Recreation. Kay Reese and Luette Rheingans were representatives and Miss Beulah Gregoire represented the faculty.

The five day conference was held in a Central District meeting of the A.A.H.P.E.R. at Sioux Falls, South Dakota.

The purpose of the convention was to renew and promote pro-

fessional interest in the fields of health, physical education and recreation.

The program, via lectures and demonstrations, covered camping, recreation, research, rhythms, and school visitation.

Dr. Debert Obergester, author of the book used in T.C.’s course of Principles of P.E., was the main speaker.

The Sioux Falls conference had a better student attendance than any other A.A.H.P.E.R. meeting of this type. Of the 440 delegates currently present, 190 of them were students.

The S.T.C. delegates reported that the conference was very good and very interesting. Luette Rheingans said that the conference was very good and that the conference was very good.
