The many reasons for not having a dress code at WSC are listed in the story. Even though the student body is satisfied, the administration has chosen not to impose a dress code. The reasons given for not having a dress code are that the students have already decided, that their experience at WSC has been shaped by the atmosphere and that the students are responsible for their own clothing choices.

Survey indicates WSC students want employment

Dr. H. F. Foege, assistant professor of business at WSC, has been quoted during the past few weeks in the teaching duties he has found to be challenging. He has received many invitations to speak at various conferences and has written articles which are currently appearing in leading business publications.

The results of Dr. Foege's survey are so fascinating that we are sharing them with you. The survey was given to a sample of students at WSC, and the results are as follows:

- 75 percent of the students surveyed said they would work if they could find jobs.
- 73 percent of the students surveyed said they would work if the job paid $1.15 per hour.
- 16 percent of the students surveyed said they would work if the job paid $1.15 per hour.

Dr. Foege's survey indicates that many students at WSC are looking for work. At least half of the student body is working part-time and two-thirds of those surveyed said they would work if they could find jobs.

The average wage received by students is 10 dollars per week. This is considerably more than the 75 cents per hour received by students working for the college. Men receive 10 dollars per week and earn 11.15 dollars per hour while women average 16 hours of work per week, at 10.63 cents per hour.

In conclusion, the results of this survey show that many students at WSC are looking for work. If they could find jobs, they would work for 10 dollars per week. The average wage received by students is 10 dollars per week. This is considerably more than the 75 cents per hour received by students working for the college.

The third annual Club Night, sponsored by Circle K will be held Thursday, September 6.

This year the club booths will be set up in room 300 instead of the Smog. This is in order to avoid any possible confusion and keep the whole event under control.

Individual and team scores will be kept and the winners will be announced at the end of the evening.

Students from colleges throughout the region participated.

Baseball team is one of the finest

by Jim Schmitz

WSC baseball coach Dr. Luther McCormick had nothing but words of praise for this year's team in an interview held last week.

"The chances of winning are good although we will have a long, hard trip. However, win or lose we still have shown tremendous spirit and desire to win. Another large factor for this season's success is the leadership on the part of the players who have kept the team together for another year."
