Future, Element of Uncertainty - Minné

The events of the college year end soon and push for their share of attention. June bacca-
laureate and commencement days will soon be upon us and another group of graduates then
will close their college careers. Looking back, the four years of college seem unbelievably short and
the years after college stretch ahead interminably.

But that is always the case with time. In retrospect, the past recedes quickly, while the
days ahead seem long only because we cannot foresee what they hold in store for us.

There is bound to be an element of uncertainty about the future. That is what makes it
interesting, challenging, stimulating to the creative person. Graduates going into new positions
will find situations and problems which are new and unexplored. No curriculum can possibly anticipate all the needs of the beginning teacher. Formal education can only alert him to problems he may confront. His success in solving them will depend on his readiness to attack them actively, hopefully, conscientiously, cooperatively with his fellow workers.

To the graduate we can however give the secure assurance that his college is genuinely interested in him and that the success he is able to make in his first position. We stand ready as a staff to give him help if needed when he calls on us, though he must as far as he can, stand on his own feet.

The good wishes, even fervent hopes for a useful and successful career go with our graduates as they prepare to leave the college. Your friends among the students and the staff earnestly hope that the reward your efforts merit.

President Nels Minne
May 20, 1954

Good Luck Grads!

Boese Elected Representative Council President for '54-'55

Although there was plenty of activity around school from May 3 through May 5, only 190 students participated in the elections of Student Association officers. The candidates were introduced in an Association meeting on Monday and there were plenty of posters adorning the lower halls.

Scholarships Awarded Seventy-six; Others In Elementary Field Still Available

Scholarships totaling more than $7,000 have been awarded to elementary and secondary stu-
dents entering the 1954-'55 school year. Dean Maurice Mariner has announced.

He emphasizes that scholarships are still available in the elementary field and applications will be accepted from eligible can-
didates at any time. Eligibility requires a definite economic need, a 1.75 average for college students or top-quarter class standing for high school students.

Scholarships

Faculty Changes For '54-'55 Announced

Faculty personnel changes for 1954-55, voted by the State Teachers College Board at their last meeting, have been announ-
ced by President Nels Minne.

Luther A. Arnold of the division of science, who will be on leave to complete his doctorate at the University of Florida, will be replaced by Olaf Anfinson, who is completing his doctor's degree in June at Colorado Col-
lege of Education, Greeley. Anfinson, a member of the Teachers College faculty in 1946-47, has since taught in Florida and Min-
nesota.

Ralph Beblng of the English department will spend a sabbatical leave in graduate study at the University of Minnesota. Glenn E. Fishbaugh, now on sabbatical leave at the State College of Washington, Pullman, will return to the campus for the first summer session, and Hugh Capanon at present studying at the University of Florida, will resume his teaching at the opening of the second summer term on July 20.

Boese

Arnold Boese, senior, is the new president. James Threinen, junior, vice-president; Arlene Martinson, senior, is the new secretary; Pat Yenco, sophomore, is the treasurer. Arnie, Arlene, and Pat were all members of the Representative Student Council this year and with this background experience. Work has already started for the Homecoming and the social calendar has just about been planned for the entire year.

Class Elections

Class elections were held the week of May 10 through May 14. David Mahlke, has been elected the president of the senior class. Other officers are: Russell Schmidt, vice-president; Maxine Czapiewski, secretary-treasurer; Curt Legwold, finance committee; Donna Daxen, public relations; Carol Ahlalt, assembly; and Sondra Stephens, social commit-
tee.

Junior class officers are headed by Robert Ziebell, president. Other officers are: Barb Gaddis, vice-president; Jean Thomforde, sec-

Nov. 9 — Co-Rec — Card games
Nov. 19 — Fall dance — freshman class sponsors
Dec. 6 — All school party at the Home
Dec. 10 — Christmas Dance
Dec. 14 — Co-Rec
Dec. 16 — Chorus Program
Jan. 3 — Dance after the St. Mary's basketball game
Jan. 11 — Co-Rec
Jan. 21 — Winter Party
Jan. 22 — Dance after the St. Mary's basketball game
Mar. 5 — Co-Rec
Mar. 14 — Registration Dance
Mar. 25 — Carnival (E.T.A.)
Mar. 30 — Science Day
April 16 — Easter dance — freshman class sponsors
April 22 — Pre-Prom dance
May 4 — Co-Rec
May 13 — Holzinger Party
May 21 — Spring Prom
May 24 — Co-Rec
June — All-college picnic

Questions & Answers From The Vet. Admin.

Q. — I understand that I'm allowed to suspend Korean G.I. Bill training for 12 straight months after my starting cut-off date. Will I be allowed to go back in training afterwards?
A. — To get back in training, you will have to show VA that the suspension in excess of 12 consecutive months was due to reasons beyond your control. If VA approves the excess suspension, you will be permitted to resume your course.

Q. — Under the Korean G.I. Bill, I'm allowed to make one change of course. Will I still be permitted to make this one-and-only change after my starting cut-off date?
A. — After the cut-off date, you will be allowed to change your course only if (1) the course you want is a normal progression from the one you're now taking, or (2) you haven't been making satisfactory progress in your present course, due to no fault of your own, and vocational counseling indicates you'd do better in some other course more in keeping with your aptitudes and abilities.

Plates Available; $2.50 Purchases Yours

"The Commemorative plates have arrived!"

Not a startling statement, perhaps, but a very interesting one for friends and alumni of Winona State Teachers College, and a most rewarding one for a committee which has been working on this project since April 9, 1950.

The Wedgwood plate, dinner size, shows an engraving of Som’s Hall in the center, with a conventional Wedgwood floral border. In keeping with the school colors the plate is Mal- bery, or Boston purple.

The name Wedgwood stands for excellence, and is on every Som’s Hall Commemorative plate. These plates are available in Winona at the business office of the college.

T. C. Poll: 62% of Students Fail in Civic Duty; 38% Vote In Council Elections

Only 38% of State's student body voted in the Representative Council elections to determine what our student government will be for the coming year. What was the reason for apparent lack of interest?

The Winonan's Poll for May reveals that students did not vote because of the following reasons:

You can decide if you were justified or not.

"I forgot to bring my Activity Ticket that day and therefore could not vote."

"I am not planning to attend college next year and therefore did not feel I should vote."

"I didn't take the effort to vote."

"I didn't know about it." (Ed. Note: Character of he is to be killed.)

"I didn't care about it."

"I forgot."

Alumni Notes:

Elise Shimonishi, '53, has accepted a teaching position in the Seattle, Washington, Public Schools for the coming year. Evelyn Stephane, '48 left in April for a job as librarian in Okinawa for eighteen months. Miss Stephens is in the Department of Special Services of the Army.

Virginia Towner, '41, has been teaching in The Hague, The Netherlands, since September.

Her new address:
Virginia Towner
Voorhoutstraat 36
The Hague, Netherlands

Mrs. Rosa Bukovac, '39, has become a recipient of a General Electric Co. Fellowship in mathematics at Purdue University for the summer of 1955. She is now teaching mathematics in Sainte Marie.

"There is no solution; Seek it constantly."

— Tennessee Williams, "Cat on a Hot Tin Roof"

— Tennessee Williams, "Cat on a Hot Tin Roof"
Prospects for next season look promising, with the exception of the men on this year’s team who are finished fourth in this meet. All of them are freshmen.

Last year the Warriors finished fourth in the Bi-State meet held at Jefferson field on May 15. They were able to cop only one first place spot, that being the two mile event with Harry Reed doing the honors, in a time of 10:55.5.

The Warriors gained six other places, however, as Reed captured a second in the one mile, Charley Hagedorn fourths in the high jump and the high hurdles and fifth in the low hurdles, and Don Fair a fourth in both the mile and two mile. The relay team also captured a fourth.

Golfers Win Three, Lose Two For Season

The men on the links for the State compiled a three won, two lost record and a second in the Bi-State meet.

Mankato reversed the decision in the Bi-State meet, however, and thus won the meet and put the Warriors down into second place. Last year the Warriors finished fourth in this meet. All of the men on this year’s team are freshmen, with the exception of Frazer who will graduate, so the prospects for next season look pretty bright for the linksters.

State Drops Two

At Mankato, 10-3, 9-1

The baseballers lost a double-header to Mankato at Mankato in their first conference test of the season. 10-3, and 9-1.

In the first game the Indians pushed across nine runs on two hits. Starting pitcher Jerry Grebin had a rough time finding the plate and walked eight men while only getting one out before being relieved.

Those two hits were the only ones the Indians were able to collect, while the Warriors had three.

The second game was almost a repeat performance of the first as wildness again troubled the Warrior pitchers and they issued eight walks, and committed two errors. The Indians collected nine hits in this contest, however, and the Warriors had six. Dick Kowles was the big gun with two for three.

Peds Cop First

Conference Win 4-1

The Warriors swung back into conference action against the St. Cloud Huskies at Gabrych Park, winning the first game of a scheduled doubleheader 4-1, with the second one being rained out.

In the second inning with the Warriors out front 1-0.

The second game was almost a repeat performance of the first as wildness again troubled the Warrior pitchers and they issued eight walks, and committed two errors. The Indians collected nine hits in this contest, however, and the Warriors had six. Dick Kowles was the big gun with two for three.

Women's Sports

By Lois Mohr

Women's P.E. Club held a playday for area high school girls the week end of May 15th. Girls participating in our swimming, volleyball, and basketball activities were from Lake City, Wykoff, Decorah, Iowa, Litchfield, and Winona.

The annual P.E. Club banquet held on the 19th terminated our swimming, volleyball, basketball, and track and field season. Participation in these activities was impressive. Of course, we have still to hear the results of the track meet held at Jefferson field on May 15. The Warriors made a clean sweep of all events.

The Winona State Warriors finished third in the Bi-State track meet held at Jefferson field on May 15. They were able to cop only one first place spot, that being the two mile event with Harry Reed doing the honors, in a time of 10:55.5.

The Warriors gained six other places, however, as Reed captured a second in the one mile, Charley Hagedorn fourths in the high jump and the high hurdles and fifth in the low hurdles, and Don Fair a fourth in both the mile and two mile. The relay team also captured a fourth.
Grad Program

General purpose of the Junior Year Programs is to give the American student an opportunity to live in another country, to acquire fluency in another language, to understand the culture of another people, and at the same time, to earn credit toward a bachelor’s degree from his own college in the U.S. All Junior Year Programs listed in Group Study Abroad are under the supervision of an American faculty member who supplements the regular university courses with lectures, reports, and examinations.

Group Study Abroad can be obtained from the Information and Counseling Division of the Institute, 1 East 67th St., New York.

A King, Indeed—
by Marlene Majuras

Jazz lovers—the library finally has a copy of Barry Ulanos's interesting book A History of Jazz in America, which I have mentioned previously in this column. This book answers the question "what is jazz" and it gives the history of jazz from its days in Storyville, across the Tracks, Chicago, Swing up through present-day hop, progressive jazz and cool jazz.

Sports in American Life by Cozens and Stumpf should be of special interest to you, ed. majors and all others who are interested in games, sports and recreational activities and wish to understand the basic sociological significance of this aspect of the culture. This shows how the world of sports has really grown up; how the sports page in newspapers is the "American Phenomenon," the role of the school, church and community in sports, race relationships and international sports.

James Bark's The Crest of the Broken Wave is a biographical novel of the life and loves of Robert Burns, the famous Scottish poet.

Examination Schedule

FRIDAY, JUNE 4
8:00 a.m.-10:00 a.m. All Types of Literature classes
10:00 a.m.-12:00 noon All fifth hour classes
2:00 p.m.-4:00 p.m. All sixth hour classes

MONDAY, JUNE 7
8:00 a.m.-10:00 a.m. All third hour classes
10:00 a.m.-12:00 noon All first hour classes
2:00 p.m.-4:00 p.m. All seventh hour classes

TUESDAY, JUNE 8
8:00 a.m.-10:00 a.m. All fourth hour classes, except Safety Education which will have exam in the last class period on Thursday, June 3.
10:00 a.m.-12:00 noon All second hour classes, except School and Community which will have exam in the last class period on Thursday, June 3.
2:00 p.m.-4:00 p.m. All eighth hour classes

Thursday, May 27, 1954

"Underwater" Prom Success At Oaks

Underwater Fantasy was the theme of this year's spring formal, held Saturday at the New Oaks. A dinner was served before the dance. Committees which worked on the formal were: programs: Mary Keiffer, and Noel Grech; chaperones: Joan Bassett; advertising: Jon Soetaj and James Renwick; publicity: Valerie Cieminski; theme and decorations: Mrs. Howard Johnson, Charles Hen- thorpe, Robert Jenson, and Val erie Cieminski.

Other members of the decoration committee were: Mrs. Ronald Lobhe, Orrin Tubbs, Joan Holliday, Sondra Stephens, and Don ald Lorie. Charles Henthorpe, was general chairman and Miss Floretta Murray served as ad visor for the group.

In the receiving line were: Dr. and Mrs. Minne, Dr. and Mrs. Raymond, Dr. and Mrs. Van Altine, Mr. and Mrs. F. A. Iderman, and Mr. and Mrs. Jacobson. Chaperones were: Dr. and Mrs. Guthrie, Dr. and Mrs. Gullick, Mr. and Mrs. Hoyt, Mr. and Mrs. Mariner, and Miss Steffenson.

The Gallery by Shirley

At last my time has come! This is what I've been looking forward to for four years! In two more weeks I receive my "wings," and I shall lift my head proudly and set my course straight ahead — toward the future.

Every previous year I have a secure feeling which told me "another year at school." I knew what was coming. This year there is no looking forward, for I can't see — perhaps it will clear up soon, I hope so, only right this minute I just can't see.

Students to Meet

At Ames Aug. 22

Keyed to a "Responsibilities of Freedom" theme, the Seventh Annual National Student Congress of the United States Na tional Student Association convenes at Iowa State College, Ames, Iowa, on August 22.

Over 800 representatives from American colleges in every part of the land and the largest number of overseas observers in USNSA's history plan to attend, according to James M. Edwards, USNSA president. "There is now a pressing need," Edwards explains, "for American student leaders to discuss the problems which all have in common and the responsibilities which fall to each in today's complex society."

Further information is found in a bulletin now being sent to all member and non-member schools. Other interested parties may write: United States National Student Association, 1234 Gimbel Building, Philadelphia 7, Pennsylvania.

Art for the Masses

by Valerie Cieminski

Art, in general, is the expression of a civilization, it reveals the visual, religious and psychological attitudes that are characteristic of the times. Art transforms what men think into images and pictures. It is the record of the artists' plastic vision. It transforms something he has seen and felt into an arrangement, a design, in color, line, or mass.

But the artist is not simply the "social agent" expressing his time, and art is not the mere by-product of an age. The greatest works of art cannot for a moment be understood merely as con dencations or summaries of civilization. They do "sum up" the essence of a culture, but they also transcend their cultures in the degree that they are works of art and not simply transcriptions. Each work of true art represents simultaneously the individual genius of its creator and the general character of the age in which it was born.

Epicurean Thoughts

by Georgi

That bewildered group of students seen wandering about the halls this week is not made up of freshmen this time. No, it's the upperclassmen who have been elected as next year's officers in school organizations. They're wondering just how they can do justice to any one job when they've been elected to more than one — and they're right. Why is it that a few people always do all the work and gain all of the valuable experience available? You're going to get awfully tired of either wearing a formal or of eating mustard this month, depending on which type of club you belonged to last year. For either a formal dinner party or a picnic seems to be the way every club on campus is winding up the year's activities. Question of the month: Are you a banquet eater or a mustard eater? A T. C. student with an elderly automobile needed a push recently. Looking up and down the streets around Sonnen, he saw only two cars with high enough bumpers to push his. True, even the middle-aged cars' bumpers were too low, but there weren't even very many of those around. Four out of every five cars were born since 1950. Gone are the days when college students lost weight because they couldn't afford to eat. How will we ever teach our children how fortunate they are to be getting a college education so easily if we can't say, "Now when I was in college . . . ?"

Watch this space next year!
