**Sailing, Iowa “U”, and Industry “Draft”**

_3 Instructors_ **Army-Iowa “U” Claim Dr. Lynch; Will Leave at End of Quarter**

*It's a splendid advancement—but how we'll miss you!* This sentence expresses wholehearted-e
college's reaction to Dr. Lynch's announcement that she is leaving Winona to go to the Speech De-
partment at Iowa University.

Dr. Lynch since 1931 has served as head of the Fine Arts Division here and has made her Medical Department famous throughout the state. For the duration, Dr. Lynch will teach voice and phonetics to the men in the

**The WINONAN**

**Spring Schedule Contains Five New Courses**

Several new and interesting courses have been added to the class schedule for the spring quarter. Included in the additional studies are the following:

- **Mathematics**
- **Physics**
- **Chemistry**

In regard to the class in techniques of counselling, Mr. MacDonald made the statement that I have talked to the men of the army and navy set-ups and it appears that they need men to counsel, especially the fellows in the A. R. E. may be called in March.

Air Cadets Leave

"Oh to be in Winona, now that Spring is here!" may well be the creed of the fellows in the Army Enlisted Reserve Command of the army. Though no recent word has come in, Mr. MacDonald believes that perhaps the fellows in the A. R. E. may be called in March. The nine fellows who will be affected are: Robert Haynor, "Red" Iverson, Calvin Floren, Kerkhoven; Calvin Hackbart, Ronald Schenck, Galesville; Robert E. Berg, John Schaffer, Hallworth Hanson; and Calvin flavens, Kerkhoven.

The faculty voted to award Fred Solberg his Bachelor of Science degree. In honor of the 11 college boys who left for the Army Air Corps during the past week, a dinner sponsored by the Men's Club was given in Opal Hall February 17. Mr. M. E. MacDonald, advisor of the Men's Club, was master of ceremonies and introduced several faculty members who gave short talks. Group singing was led by Fred Abel. About sixty men attended.

**Prom Honors Service Men**

The prom was the college's last tribute to the boys, and in leaving they may never see good-bye. T. C. C. with, "It's the only place to be," Fred Solomon, Buffalo, commented. Of course T. C. is preferable to the army to me, but I'll be back and into action as soon as possible. Also, if they qualify, they will be sent to other schools for special-ized training.

**Modern Education, India Discussed at Assemblies**

Dr. Cartleton Washburne, superintendent of schools at Win-

donna, was at the college assembly Wednesday, February 17, long before the regular schedule, to lead the Friday conference, held February 19, at the college. In his talk on The Radio: Winona's War Weapon," Dr. Washburne pointed out that education should include a common core of knowledge everybody will need. He believes that here should be op-portunities for specialization after the fundamental knowledge is acquired.

"The feeling political party and leaders in India have sympathy with Fascist powers in the world," said Patsie Millett, a Winona student, who speaks Hindi at the college, February 22.

A firm believer in Indian independence, Mr. Krishnayya stated that if Gandhi dies during his present fast, there may never be a collaboration between India and England. Mr. Krishnayya is a prominent editor and publisher in India, and now principal at Oak Park, Illinois. Miss Crossman.

**Kipnis to Give Concert March 29**

Alexander Kipnis, a well-known concert artist of this season who will be at the college March 29. Mr. Kipnis, a baritone, is a member of the Metropolitan Opera. Next to John McCormack he has made more re-
cordings than any other artist.

**Quellen Talks on War**

J. Quellen, professor at Stanford University, spoke on The War (Post War Reconstruction) at the college assembly Wednesday, February 24. Mr. Quellen is first vice-president of the National Council for Social Studies and has written articles for Social Education magazine as well as others.

Receiving his Masters and Ph. D. degrees from Yale, Mr. Quellen was a high school instructor before going to Stanford.

Ann Sielaff Becomes Dr. Tozier's Secretary

Miss Ann Sielaff, who for the last two and a half years was assistant accountant to Miss Veeker, has left T. C. to accept a position as secretary to the president of the college. Miss Sielaff, an alumna, has filled the vacancy made by Miss Sielaff's departure.

**Doc** Raymond Enlists in Navy as 2nd Lieutenant

"I enlisted because I thought it might be my duty," Dr. Raymond stated in his first conference with the committee on loans and awards. He has held many positions here, such as adviser of the senior class for the last three years, co-adviser of the science club, tennis coach, vice-

Coach McCown Leaves Tomorrow

Page 4
To Be a Teacher is PATRIOTIC

Do you know that —
1. According to information received from F. R. Adams, Director of Teacher Personnel, Minnesota State University, the public demands the teachers who are trained to teach industrial arts. This is the worst shortage of experienced teachers since the war.

2. During the school year 1942-1943 over 4,000 teacher candidates are teaching the previous school year. Each of these teachers may have been greater number will leave during the present year.

3. From these factors there is a demand for teachers in every county of the State of Michigan. The future of educating the children is in the hands of the teachers who are preparing to enter the profession.

What are you going to do about it? Is it not your responsibility to take advantage of all that is offered by the State Board of Education in order to prepare yourself to become a teacher who will be ready to enter the profession?

M A AND PA SOLVE EXAM PROBLEMS

Dear Edie:

Go out to Montana this summer, and get in practice for your last exam. You can do it and I will be delighted. You have a beautiful grasp of the subject, and you will have no difficulty in passing the exam. I am sure you will do it.

Mrs. James

Are You Kiddin'?

No men around! There are plenty of them! West and Lucas have some. Several have been in camp now and then too many, of course, but just a few, but a few, but none today. (I'm getting a little restless.)

A few were at the prom the other night, too. An alumnus returned after the war. But I don't know where that is. I'm a little rusty after teaching a few years."

Miss Crossman, like Lucky Strike G-Men, is going to war, not to be missed, not to be missed, not to be missed! At least one exchange student can keep me in touch with the outside world.

Don't take my views as facts. Miss Crossman remarked when asked about her plans. "This present war is doing some constructive things, as well as constructive things, and those constructive changes will bring new forces to bear on our American life."

The Head has a new position will give me a better understanding of the evolving of education.

"Besides, one gets rusty after teaching a few years," continued Miss Crossman. "I hope that the new position will give me a better understanding of the evolving of education."

Many Alumni Enter Service

Second Lieutenant Walter N. Lyons is attending an officer's training school at Newport News, Virginia. Mr. Hugh Capron, 1948, is at Notre Dame where he is taking a three-month training period in the Navy V-5 program. Mr. Capron was Industrial Arts Assistant at Winona Teachers College.

Howard Rosenman, now studying in a Pennsylvania college, is in a group of 17 men preparing for work in the interviewing-classifying branch of the Teachers College.

V-7 program. Mr. Capron was in a Pennsylvania college, is in a group of 17 men, preparing for work in the interviewing-classifying branch of the Teachers College.

The Darrel Johnsons (Marie Deters) found that it was "actually freezing in Texas" and that the "fumes are terrible in winter." Don Fairbanks saw the Johnsons while on an overnight navigation trip.

Mr. Hugh Capron, says that when he does the daily driving and cleaning of his room, he thinks of the boys at West Lodge and how they would benefit from such a drill.

Peter Loughmehr, president of the Alumni Association, and Mr. Le May, secretary of the association, are vacationing in Florida.

Weed has also received that Ken-ny Johnson, '38, is somewhere in the Southern Pacific.

Kenneth Free recently was commis-sioned a lieutenant in the army and is now at an airport in Missouri where he will be a physical director. He formerly was a teacher at Palatoni.

Sherman Mitchell, '36, Eden Prairie, formerly of Winona, has been appointed principal of the Jefferson Elementary and Junior High School in Winona.

Men in Service

Live Varied Lives

Ralph Schuttelsenberg went on a month's "cruise" to the tropics. The convoy he was in had dispersed just two days before a storm struck. "There might have been plenty of damage with the ships so close together. As it was, our ship which weighs thousands of tons, and our cargo was tossed about like a stick on the turbulent stream. Our life rafts were washed overboard by the seas which swamped the ship."

Joe Homola, who attended college here last year, writes from Arizona that guard duty isn't too much fun. As he puts it, "I had a post that went past 3 blocks of officers quarters. I figured a conservative estimate that I saluted around 60 to 79 times."

Corporal Allen Krattenburg, stationed at the army air base at Alamogordo, New Mexico, calls his stay there a "vacation."

His description of Juarez, New Mexico, is interesting. "Juarez is old, unattractive and unsafe. The streets are littered with curio shops, beggars, shoeshine boys and retired foremen of the Industrial, Catho-lic mines. 400 years old, was the chief point of attraction. One could see hundreds of cacti in the woodwork—permanent imprints from past revolutions."

Coral Krattenburg visited the college this past week.

Also mentioned Harold Higgins, class of '37, who, when not doing a visit to the state school for the blind in Alamo-gado.

Cadet Olson Writes

Robert Olson, now stationed at Jef-ferson Barracks, Missouri, the camp where the rest of the army air corps fol-lows from Winona also are stationed, writes, "Missouri may be 'South to you folk, but it still is plenty cold here. However, they say when it gets hot, those flies can carry you away. We're in about three blocks away from where I am, but I think the only one I've met so far from T. C."

David Boyum, U.S.N.R., who is stationed at Pensacola, attended the Kle-ro-Mo show and visited with Winona friends last week.

Life in the WAAC

Some questions and answers of interest to every patriotic college woman

The War Department has authorized the expansion of the WAAC, and this will mean more opportunities for women who are considering joining the WAAC.

First of all, is the WAAC really needed?

Emphatically yes! Already the President has authorized the expansion of the WAAC, and this will mean more opportunities for women who are considering joining the WAAC.

Can the WAAC really help win the war?

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help our Army (as women in Britain, Russia and China do), we can hasten Victory — and peace.

What can my college education contribute?

College training is important equipment for many WAAC duties to long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for ex-

But can I live comfortably on WAAC pay?

There are few civilian jobs in which you could earn clear income as WAAC enrolled members do, of $50 to $138 a month — with all equipment from your toothbrush to cloth-

What is the age range and other requirements?

People are happiest doing what they do well. Every effort is made to place you where your service will count most toward final Victory. You may have some latent talent that will fill a particular need for work interesting and new to you — such as repairing the famous secret bombsight, rigging parachutes, operating the fascinating new electronic devices — or driving an Army jeep over foreign terrain.

Maybe I wouldn't like the work?

People are happiest doing what they do well. Every effort is made to place you where your service will count most toward final Victory. You may have some latent talent that will fill a particular need for work interesting and new to you — such as repairing the famous secret bombsight, rigging parachutes, operating the fascinating new electronic devices — or driving an Army jeep over foreign terrain.

Then I have a chance to learn something new?

Yes, indeed. And the list of WAAC duties grows constantly.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances. All new officers now come up through the ranks. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

What is the age range and other requirements?

Very simple. You may join if you are a U. S. citizen, aged 21 to 44, inclusive, at least 5 feet tall and not over 6 feet, in good health — regardless of race, color or creed. But the Army needs you now — don't delay. Total War won't wait!

Linguists needed. If you speak and write Spanish, Portuguese, Chinese, Russian, French, German or Italian, you may become one of the WAAC officers enrolling for duty now. You are needed for interpreting, cryptography, communications.

Women's Arm Auxiliary Corps

For further information see your nearest U. S. ARMY RECRUITING AND INDUCTION STATION

U. S. ARMY RECRUITING AND INDUCTION STATION

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some callisthenics and drilling are vital to general good health, discipline and tuned-up reflexes. After a few weeks at Fort Des Moines, Daytona Beach or the new Fort Oglethorpe training center you'll feel better than ever in your life.

**Athletes' Feats**

By Wayne Kennel

Here's an attempt at selecting an all-opponent team for the rapidly waning season. Marvel Derleth, MOCKBA, forward; Skip Herwig, Luther, forward; Roy Lipscomb, St. Mary's, center; Bruce Spalding, Renew, guard; Chuck Olt, Gustavus, center. Post Quly has really had a great time playing basketball this past season. Now he has been laughed over since he saw Dick Ottendahl at Bemidji. He also had more success after Gerry Couey of G. A. got on a “real modesty.”

When the basketball team leaves on a trip, a situation is created where what happens at the hands of the Red Cross is no news. Everyone strives to get all the available hotel tables immediately after the game has not yet filled all the hotel. Then the plans and pencil really get a workout. A couple of days before the game, plans are made at the College hotel. It seems that they do not complete writing their minutes until late in the night, and in such a situation, they cannot mail them because the coach was still in conversation down in the lobby. So some reporters had to wait a little while longer for “hit” mail.

During the Minnesota game, it appeared that McGrew and Olt were seen fighting for the points the following evening. Class observers say that they showed much more zest on the hardwood at the press. Well, someone had to represent the basketball at the dance.

Weather we're having now makes a young man's fancy turn to thoughts of baseball. We wonder if T. C. will be represented with a team this year. There appears to be a large group that intends to try out if there are to be any tryouts for a nine. Three lettermen will be available.

Winona-St. Mary's Game

Planned for Monday Night

Just who the champions of the city series in basketball is to be is to be decided Monday evening, March 1, when the Warriors will play St. Mary's in the Winona High School gym.

The first game was won by St. Mary's, but the Post turned things around and won the Redmen 48-36. This will be the final game of the season for both teams. Cottet will play the Winona High team in a preliminary game. The program will go to the Red Cross.

**The Winonan**

All Over — Except the Black Eyes

T.C. Boxing Ends

**W. A. A. Begins Spring Plans**

With spring not far away (we hope) the arrow on our social calendar points to Winona, tas by defeating us a few games back. We expect to beat Mankato tonight, for with his aid West Lucas is head of the team, who defeated us a few games back.

**KANNEL SCORES 2ND IN T.C. CONFERENCE**

Second in the conference scoring list is Winona, with 20 points in five games. Kannel has a total of 29 points in the same number of games.

**Peds Meet Mankato for Final Conference Game**

What is the last Conference game of the season and what may also be the last basketball game this year for the Gustavus Indians? Their last conference game is Friday night, Eau Claire 35, W.S.T.C. 31; and Mankato will play a revengeful game from St. Peter faced a revengeful game from St. Peter. The annual boxing tournament was held last night, but it was impossible to get the outcomes of the bouts in the paper. Throughout the winter quarter a class in elementary boxing has been taught twice each week by Dr. Galligan and Gordon Hansen. Twenty-odd stall, and to be sure, the Chris students who are taking the measure of three.

**Warriors Defeat Eau Claire 39-36**

In the best game played yet this season, Winona defeated the top ranking conference team in Wisconsin, Eau Claire, by the slim margin of 39-36. Leading in the scoring column from Winona were Wayne Kennel with 15, Maury McGrew with 12, and Paul Quly with 8. The best floor game was played by Charlie Ruger of Winona. He stated that he believed the Eau Claire punt was much better than the Moorhead team, who defeated us as a few games back.

**Peds Defeated 46-36**

Wednesday night, Eau Claire leveled the scales with Winona by defeating the Peds 46-38. McGrew was high point man.

**Winona-St. Mary's Game**

Planned for Monday Night

Just who the champions of the city series in basketball is to be is to be decided Monday evening, March 1, when the Warriors will play St. Mary's in the Winona High School gym.

The first game was won by St. Mary's, but the Post turned things around and won the Redmen 48-36. This will be the final game of the season for both teams. Cottet will play the Winona High team in a preliminary game. The program will go to the Red Cross.

**As Others See the Warriors**

Before the first game, Winona was considered by the Mandate reporters as being not the best team in the league nor the most popular.

Last month the St. Mary's paper commented that: "The Redmen may also be state champs this year, but we could venture to say that they are not the city champions of Winona."

Before the St. Cloud game this year, "Bird" has been laughing ever since he saw Dave Deikel's sharp-shooting brought victory to the SWTC as they dealt the Mankato men this year. The best floor game was played by Charlie Ruger of Winona. It was impossible to get the outcomes of the bouts in the paper.

**DARN HITLER!**

Because of government regulations we've had to curtail the production of ice cream. Sorry our allotment has been cut down. Before March 1st we'll have an ample stock of birthday cards, but after that our production will be limited.

Thanks for your cooperation.
