Education moves into a field of quagmire

A bill to establish an upper level state college in the St. Paul area was introduced last February to house last Tuesday by Twin City representatives.

In order to accomplish this move, a 16-member advisory council has been established to drum up support for this bill which is aimed at attracting students who are graduating from junior colleges and vocational courses.

The majority of this council do not have an education degree and their functions will be to determine how to use the money, but there is no guarantee that they will be able to accomplish their education or for those who have had their education interrupted.

Another point not previously outlined, if the fact that it may help solve some of the state's overcrowding problems. It is hoped that some of their students aren't intellectually capable of meeting the academic standards that will be set before they can enter the upper level college system.

The advisory council also composed of Edu. Exec. of the upper level college system.

Some politicians should be neither seen, heard, nor felt. For an example, I told him that he could have won the Irish Derby but he didn't. And that if he ever wins the Irish Derby again, he should lose it to another horse. If I ever win the Irish Derby again, I want to win it myself.

TO THE EDITOR:

In regard to Mr. Turner's column, "The Brambledon" of Feb. 12, if this column continues to be childish, it would be to your advantage for us to leave once more. Such writing does little for the prestige of our paper.

Song writer, singer Mac Davis to entertain in Memorial Hall

by Judy Koski

Song writer and singer, Mac Davis, will be appearing Saturday night at 8 p.m. in Memorial Hall. The free event is sponsored by the Student Activities Coordinating Committee. Staffers and Davids will provide backup sounds.

Mac's songs exhibit the rich dynamics of pop music while reflecting the sound of a country pop. And, he's blessed with a voice most songwriters can't match. His musical track record is nothing less than phenomenal.

MAC DAVIS
Mac's songwriting credits include three hits for Elvis Presley Memories, In the Ghetto, and Don't Cry Daddy and a pair of hits for O.C. Smith; (Friend, Lover, Woman, Wife and Daddy's Little Girl).

March 17 will mark another entry to Davis's list of achievements when he makes his network television debut on the Red Skelton Show performing two songs from his Columbia album titled "Mac Davis: Song Painter." The disc, Mac's first, features his original compositions in which he both creates and interprets the music.

One of the factors contributing to Mac's success is the inherent subtlety of his songs. Rather than writing songs of pure protest, Davis is able to lyrically drive home a social message through quiet, evocative suggestion. The result is subtle dynamics, cutting through dogmatic rhetoric in order to reach the essence of the message he desires to communicate.

Both Milwaukee and Hamline are AWAY meets, contrary to what was originally published in the school calendar. The NIC meet will be held at Southwest State College on March 5 and 6.

As for training methods, Coach Martin commented that, "Our primary goal is winning the NIC meet, so we are presently concentrating our efforts on being prepared. A new technique we are starting is a gradual tapering of work load over a period of two weeks. Coach Martin explained that, "The logic behind a tapering is subliminal dynamite, cutting back the push in order to increase the pull." The result is a smooth change in the race plan.

Both Milwaukee and Hamline are on their home court, leaving their nearest neighboring opponent over the five seconds behind. Milwaukee and Hamline are Winona's only two contenders before the Conference Meet.

Political action group sponsored by Senate

Urban Concerns will be on campus Monday at 7:30 p.m. in the SMOG, sponsored by the Student Senate. Urban Concerns is a group interested in a new style of political education. They will provide discussion leaders for small group discussions involving Winona State students interested in learning how to make their voices effective working through the system.

The Senate is cooperating with the Union Program Council in sponsoring a coffee hour with Dr. Dufrenee at 10 a.m., Tuesday, in conference room 5, College Union.

The free event is sponsored by the Student Activities Coordinating Committee. Haffit and Daves will provide backup sounds.

The game wasn't over until the final gun however. It took a lucky free throw by Ochs and Young, and a missed layup by St. Cloud's Bob Kelly with nine seconds left in the game to enable Winona's fifth win.

Although statistically Bay and Pretzman didn't have their best games, their presence in the game was felt. The 50 Winona fans who made the trip also did their job with vocal support.

Winona now has a 4-2 NIC record, with four remaining games. This Friday the team will travel to Michigan Tech, to avenge an earlier loss, and the next home game will be against St. Cloud on Tuesday at 7:30 p.m.
