Wanted — Potential Queens

The initial announcement about the queen contest was made in assembly Monday, October 10, by Don Lowrie.

All clubs in school are urged by the homecoming committee to sponsor floats for the parade. "We would prefer to have as many organizations and classes as possible sponsor queen candidates," said Pat Severson, chairman of the contest. Pat went on to say that "the earlier the candidates are selected the more time the clubs will have to work out successful campaigns.

On Monday, October 31, the queen candidates will be presented to the student body in assembly. This appearance of the candidates will mark the official beginning of the full scale campaign, which will last until November 4. On this date the voting for the queen will take place between 8:00 a.m. and 2:00 p.m. The winner will then be crowned that evening at 9:00. To be eligible for the contest the candidate must be a graduating junior or a senior.

Any group interested in sponsoring a candidate should contact a member of the queen contest committee. Those members are Pat Severson, Don Lowrie, Darlyne Bearson, and Dick Berg.

Parade To Be Highlight Of 1955 Homecoming

"Progress in the preparation for this year's homecoming parade has been mostly in the planning phase so far," reported Art Nardello, parade chairman.

The parade committee has been quite busy contacting the chief of police, the fire chief, numerous high schools in the area and many of the WSTC clubs. Committee members who have been working hard are Art Nardello, Russ Blankenfield, Ken Bittner, and Chuck Henthorne.

Among the first duties of this group are to contact the local police and fire chiefs and get their permission on helping to route the parade. After this a big job is writing to all the high schools in the area and finding out which ones are going to have their bands in the parade.

Many schools usually participate in this, and for those who do so, the incentive the homecoming committee gives prizes to the outstanding bands.

Another tough chore of the committee is to get WSTC clubs to sponsor floats for the parade. This year, as always, the committee is making a plea for as many floats as possible.

Daughter Follows in Mother's Footsteps

"Like mother, like daughter,"...so goes the cliché. And in the case of Mrs. Rita H. Knowlton and her daughter, Alice, it holds true.

Mrs. Knowlton's teaching experience covers seventeen years, three spent in Rochester and fourteen in Winona since graduating from Winona State Teachers College with a Bachelor of Science degree. Aside from her academic program, Alice finds time to play in the band, to be in Wenaun Players and to work on the We- nan Hall cafeteria and for convenience are asked to make reservations.

A special section for parents will be reserved at Maxwell Field for the Northland game Saturday night, according to a decision by the representative council.

Following the game an informal reception for parents, teachers, college staff and special guests will be held in the foyer of Memorial Hall. Among the special guests will be several state legislators; Senator Walter Burdick of Rochester and Senator and Mrs. J. B. Kelby of Winona; Ralph M. Woolley, also of Rochester, one of the area committee members from the various outlying communities; the president director of the college, S. J. Kryssko and his wife and Lewis Schoening, president of the alumni society.

After this short reception parents are invited to attend the dance in the Smog.

Parents' Day activities and Saturday night at the close of the dance, but parents that are invited to remain overnight and spend Sunday in Winona.

College Hum With Activity

As Parents' Day Draws Near

New Speech Club To Be Formed

An organization of students in college who are majoring and minoring in speech is being established and will be functioning as soon as the constitution committee has submitted its report to the group.

The plan for such an organization was instituted last spring. At that time speech majors and minor set decided to organize, and elected Gerond Quiel as temporary chairman. The constitution committee consists of senior members including Patricia Wilkie, Gerond Quiel, Robert Brown, and Hugh Tague.

Police and organization details will be published in the Homecoming issue of the Winona. 

Parade To Be Highlight

Of 1955 Homecoming

"Progress in the preparation for this year's homecoming parade has been mostly in the planning phase so far," reported Art Nardello, parade chairman.

The parade committee has been quite busy contacting the chief of police, the fire chief, numerous high schools in the area and many of the WSTC clubs. Committee members who have been working hard are Art Nardello, Russ Blankenfield, Ken Bittner, and Chuck Henthorne.

Among the first duties of this group are to contact the local police and fire chiefs and get their permission on helping to route the parade. After this a big job is writing to all the high schools in the area and finding out which ones are going to have their bands in the parade.

Many schools usually participate in this, and for those who do so, the incentive the homecoming committee gives prizes to the outstanding bands.

Another tough chore of the committee is to get WSTC clubs to sponsor floats for the parade. This year, as always, the committee is making a plea for as many floats as possible.

Daughter Follows in Mother's Footsteps

"Like mother, like daughter,"...so goes the cliché. And in the case of Mrs. Rita H. Knowlton and her daughter, Alice, it holds true.

Mrs. Knowlton's teaching experience covers seventeen years, three spent in Rochester and fourteen in Winona since graduating from Winona State Teachers College with a Bachelor of Science degree. Aside from her academic program, Alice finds time to play in the band, to be in Wenaun Players and to work on the We- nan staff.

Both Alice and her mother are native Winonans. When asked what she thought about Parents' Day, Mrs. Knowlton replied, "It seems to me that parents, students and faculty members can benefit by participating in Parent Day activities. Much can be gained by all, through knowing and understanding each other better."

Apparently many parents of TC students share Mrs. Knowlton's ideals judging from the many favorable replies President Minne has received since letters were sent out.

Expectations are high that this first Parents' Day at TC will be as noteworthy an occasion as preparations seem to indicate.

Beard Contest Revived, Tedrow Takes Charge

One of the most popular events of past homecoming at Winona State, the beard growing contest, is being revived this year under the imaginative direction of Jerry Tedrow.

Participation in the beard growing contest should be very high as Keith Todd, freshman initiation chairman, has said that all freshmen boys are required to take part. Besides the compulsory contestants, a large number of upperclassmen are expected to participate as there are going to be many prizes given out for the different types of beards, moustaches, etc.

The contest opened last Monday and will close Wednesday, November 2. Prizes will be awarded in four separate classes:

1. Moustaches
2. Sideburns
3. Beards — either full face or chin
4. Goatee-including the complementary moustache

There are five judges for the contest. These judges, who are students, will "float" among the student body all during the contest and will meet periodically to discuss progress. The judges, who were picked by Tedrow will remain unknown to the student body until they announce their decision.

Prizes to the four contest winners will be awarded Friday, November 4, when the decision of the judges is announced.

President's Welcome Parents

The college extends a hearty welcome to parents of our students when you visit the campus this week-end. This is our first attempt to set a visiting date especially for you. Perhaps it can become a traditional annual event.

We would like you to feel at home on our campus whether this be your first or more frequent visit. You are naturally interested in the college your son or daughter attends. It will help you to understand their progress toward an educational goal if you can become acquainted with the staff, the college facilities and the program of studies provided.

We hope too, that you will visit be an enjoyable experience.

On behalf of all of the student body here at Winona State and speaking for myself, I want to welcome all of the parents to our first annual Parents' Day. We are sincerely aware of the importance and value of a college education and while we know that schoolwork is our job and responsibility as students, we certainly want to acknowledge the very important part our parents play in our college careers.

We, here at Winona State, are very proud of our school and we sincerely hope that you, as parents, will share in our pride.

Feel free to bring your family to look over the school and its facilities and feel free to ask questions of any of the students. We want you to enjoy meeting and talking with other parents and we sincerely hope that your "Day" will be not only informative but highly enjoyable.
The President Speaks

It is always a pleasure to extend a welcome to Freshmen and other students new to the college, especially so when the entering group is the largest in our history. This influx plus the larger return of upperclassmen has now carried our on-campus enrollment near to the 800 mark. This growth reflects a demand for education which will continue, and we applaud this demand. It is gratifying to see this growth.

This rise is an omen of the future for which we must plan. Added staff and added facilities will be needed to provide the incoming tide carries us past the capacity of this college to serve adequately. These plans are now being given careful consideration by our governing body, the State Teachers’ College Board, in a study of the needs of all five State Teachers Colleges of Minnesota.

Each student now enrolled here can be assured that our present provision for his education will permit him to achieve the best of which he is capable. Education is still an individual matter regardless of numbers in college. The college welcomes you to do your best, to achieve personal growth, to attain professional competence.

Someone has said: “education is always at a beginning, but never at an end,” a good note on which to start the year.

President’s Office
Nels Minne

YOUR PASTOR SPEAKS...

This column is written this week by Rev. Rollin Eyman, pastor of the First Congregational Church. The Congregational Church is the largest in our history. This influx plus the larger return of upperclassmen has now carried our on-campus enrollment near to the 800 mark. This growth reflects a demand for education which will continue, and we applaud this demand. It is gratifying to see this growth.

The college welcomes you to do your best, to achieve personal growth, to attain professional competence. Education is still an individual matter regardless of numbers in college. The college welcomes you to do your best, to achieve personal growth, to attain professional competence.

Someone has said: “education is always at a beginning, but never at an end,” a good note on which to start the year.

Readers’ Opinions

Dear Editor:

I would like to see some changes made in the initiation which is called “freshman initiation.” As it is now, nothing goes on except foolishness that does no one any good. “Double Button.” Down go the books, and up go the handkerchiefs as they help the freshmen clean up, and I don’t think it does the upperclassmen any good. Some people even resort to cutting freshmen’s hair when the freshmen don’t wear their beards. I think it would be better to help the freshmen, rather than harass them.

A friend of mine told me of an initiation introduced in some other colleges called “help week,” rather than “hell week.” In this initiation the freshmen helped with useful school and community projects. This can give the freshmen a feeling of satisfaction, whereas the foolishness that goes on now gives no such feeling. The only thing it leaves is a feeling of relief when it is over. I think we should try to make college initiation more of a college function rather than permitting it to remain on an elementary school level.

(Name withheld)

Robert Anderson Ensemble

To Appear at Winona State

Five members of the Minneapolis Symphony, conducting the Robert Anderson Ensemble, have been chosen by the assembly committee for an appearance at State. The performance will be held on Wednesday evening, October 26, at 8:00 p.m. in the college auditorium. The program, as selected, will range from a piano concerto to “September Song.”

Members of the ensemble are Robert Anderson, Eva Knardahl, Gerald Samuel, Eric Wahlin and George Koc-bs.

The program will be opened by Dr. Murray, St. Teresa, and the general public at an admission fee of fifty cents for private college students and seventy-five cents for non-students. T.C. students will be admitted on activity tickets.

Jean Thomsford, senior member of the assembly committee, reported, “the evening assembly is an experiment, but we are hoping that something highly excellent program, there will be good student attendance.”

The committee also asked last week for suggestions for a proper actress Tore Segelke, who is on a study tour of the United States, for an appearance in January.

Enrollment Soars — Will Marks Follow?

The total enrollment at Winona State College for 1955-56 has reached 765 students.

This is the greatest enrollment in the college since it was founded. The reason for this increase is traced to the fact that there were more high school graduates in the turning age area, greater interest in going to college as a requisite to a better role in the future, and the general period of prosperity.

There are 484 men students and 281 women, and their distribution to their year in college is as follows: 219 freshmen men as compared to 116 freshmen women; 104 sophomore men as compared to 77 sophomore women; 90 junior men to 60 junior women; and 54 senior men to 29 senior women.

In addition, five full time graduate students and five women are attending the college to complete their Master’s degrees, and part-time attendance are two men and twenty women undergraduates.

The total increase in this year’s registration is 33% over the previous year.

Thoughts To Consider

It is usually expected of an editor, when he takes over the managing of a paper, to express his editorial policy. This is usually impossible, except to make a few general, and therefore quite meaningless, statements. However, to satisfy what curious minds there are in this institution, we shall make some of these statements.

Last year’s editor was criticised rather freely, although rarely to her face, for her conservative attitude. The editor before her was criticised even more for taking the opposite stand, i.e., being a “cru- sader.” On the strength of these criticisms it appears that if the new editor wants to be better liked than the preceding editor, she must reach a happy medium between these two, or in another sense, take the spineless middleground. This, however, is not the intent of the editor. It is hoped that previous editors have been treated, we shall do our best to do what we feel is the fourth purpose of a school newspaper.

1. To provide information to the students. We feel that the students would and should like to know about future events, alumni news, student council meetings, administrative doings, and most of the other things that make up the “news” part of a newspaper.

2. To entertain as well as the writer’s talents will allow.

3. To express the opinions of the students, both as a group or as individuals. Opinions of the student body as a whole will be expressed to help that group accomplish its ends. At the same time opinions of individuals will be expressed to protect the rights of the individual and minority groups.

4. And last, we feel that a school paper should do everything in its power to help raise the academic, cultural, social, and moral standards of the students.

Many schools throughout the country, especially since the close of World War II, have been challenged to make an initial evaluation of their freshman initiation policies. In the late 1940’s the more mature veterans, who descended on many small schools en masse, started questioning the worth of the hazing of freshmen. The more mellow, and in some cases, the more educated veterans of the 1940’s and 1950’s, pressed to help that group accomplish its ends. At the same time opinions of individuals will be expressed to protect the rights of the individual and minority groups.

UNIQUE SUMMER JOBS HELD BY STUDENTS

Did you have a job this past summer that was slightly peculiar? That was the question put to several students on our campus.

One of these students was Murriel Sattle, a typical Mecoy Hall girl. She made Sure Electric Fence at the Shilling Electric Company in Galeville, Wisconsin. Electric fences are the apparatus that regulate the flow of electricity through the fences on farms, in case you didn’t know.

Elaine Tollefson had a very unusual job this summer. She moved the Mabel Cemetery. You could find her out there moving the lawn and getting her daily exercise three days a week. Once in a while she even went out and helped her father dig graves.

There are also girls who helped their fathers on the farm. One girl cleaned the pig pen. Can you feature a girl doing that? Ardena Didrich, from St. Charles drove a small Allis-Chalmers tractor and cultivated 125 acres of corn and beans. Ardena liked to drive barefoot, and once in a while she cultivated her shoes under.

Keith, a freshman, painted highway signs around this area last summer. There’s nothing funny about that except one day he put the paint on a cable and it spilled all over him and the surrounding area.

Have you ever given a snake a bath? Well, Jan McPhail has. He is one of our transfer students and he sang for the U.S.O. as a regular job, but on the side, he bathed Cobra snakes. She did this on a wild animal ranch which is connected with the Washington, D.C. zoo. As another odd job, Jan modeled false eye lashes and false tears for a theatrical organization in Washington, D.C. She was also employed by Esquire calendars, and they are using a sketch of her mouth on the August ’56 publication.

The Ruler...

Keith Todd

Keith Todd

A familiar face around the campus this year—and especially to the freshman—is Keith Todd, president of the sophomore class. We could give you some of his vital statistics, such as his pretty brown eyes and hair, but even then we couldn’t come close to knowing Keith and the freshmen are getting to know him better each day.

Keith was born in Eola, Minnesota, and graduated from St. Charles High School in 1954. He said he decided to come to Winona State because of all the good things he heard about the school. He also liked the idea of coming to a relatively small college. Keith is majoring in science and math and has a minor in physical education.

Football is among the varied interests which Keith has. He is a co-captain on the WSTC team this year, but says he isn’t sure whether he will go out for any of the other sports or not. He doesn’t have any special hobby, but is very fond of hunting. He goes when he can find the spare time.

Concerning other interests, Keith, like any other red blooded American boy, has an eye for the girls.

Keith says he considers it a real pleasure to be president of the sophomore class, and it is one of his nicest honors. According to him, the sophomore class is fun to work with and everyone has been very co-operative.

First Impressions of WSTC

Can some of you who have been at T.C. for several years remember just what your first-impression of the college was? Sometimes our first impressions are lasting forever—or sometimes they are not. Several of the freshmen and transfer students have been asked what they first thought of T.C. Here’s what they had to say.

Betty Theis, sophomore this year, transferred from the Junior College of St. Petersburg, Florida. Betty says that the name Winona seemed very unattractive to her. Betty noticed about WSTC was the "friendliness of the students." She said she had heard that southern schools were supposed to be so much more hospitable than northern ones, but that T.C. had them beat.

Rita Brenne, freshman from Mabel, Minnesota, stated that to her, "T.C. looked like an overgrown high school!" Rita said that everything wasn’t strange to her as she thought it might be. She also voiced a like for the girls’ dorms.

Also among the freshmen this year are three girls from Hawaii. They are Sue Itomura, Sach Sato, and Ann Miyazak. Sue and Sach said that they already had a pretty good idea of what T.C. would be like since their relatives had gone before them. They said they had looked forward to coming to Winona for a long time, and they hadn’t been disappointed yet.

Ann arrived a few days ahead of her luggage and said she thought for a moment she "had gone through college with just one suit and one pair of shoes." They all thought the students at T.C. had all been "very friendly!" Well, we’re mighty glad, and glad also that we have T.C.

Two more transfers, Ruth Krieger and Jan McPhail also have something nice to say about T.C. Ruth transferred from the U of M and says "T.C. seems a little small to me, but kind of homey!" Of course, Ruth is deeply interested in football and knows that Winona has by far the best players. Ummmm, Ruth?

Jan transferred from the General College in St. Paul, Minnesota, in Washington, D.C. She says that "getting to know everyone is the biggest thing around here. I think I like a college the size of T.C. better than one like G.W. It’s easier to get to know the thousands." Jan also said that the first very thing she noticed about T.C. was that everyone "had a different way everyone talked." She thinks we would say "Vanya!"

So, here is what just a few of our new-comers think of our school. They all expressed the opinion that T.C. had been very friendly to them. Let’s not let them down all you old-timers. We sincerely do hope that every new student will come to love T.C. and really feel at home here.
An appropriation of $300,000 has been made for an addition to the Phelps Laboratory School to be used by the kindergarten and primary classes. Plans will be under way for the addition during the winter months. The addition will be located on the playground across from the Winn Field House.

It is hoped that the early planning stages will be completed in the near future.

Plans have been made for a kitchen with service counter and a large lunchroom. The lunchroom will be of the general purpose type to be used for indoor play, movies, programs, and assemblies.

The present hot lunch program which was started in 1943 or 1944, has been carried on in a converted classroom on the top floor of the Phelps building. This program serves 150 of the 200 children enrolled in the State.

Provision of a schoolroom to be used for observation by college students has been planned. In these observation balconies, a college class may observe a kindergarten or primary class without being seen.

The new story building will be adjacent by a passage-way to the present Phelps Laboratory. Mr. S. C. Smiley and associates, architects from Minneapolis have been appointed by the State Department. The State architect also in charge of the building is Mr. R. G. Zelzer.

Plans Under Way for Phelps Addition

Alumni Notes

Lt. Robert L. Eastin, '42, who is now with the Naval Air Transport Service, is living in Hawaii with his wife and children.

Mrs. Richard Ylvisaker, (Joanne Ambrosen, '52) accompanied her husband to army camp and is now living in Augusta, Georgia.

Virginia Tower, '41, is married to James Waters, Jr. The Waters will make their home in Waunee, Wisconsin.

Graduates of the Alumni Tea at the SEMEA in Austin are: chairman; Claribel Cheadle, '44; and Miss Gertrude Crowly, '55.

Don Redlick, '50, a former officer of Winonah Players, is now a professional actor in Minneapolis. He is a member of the touring company of the hit play, PLAIN AND FANCY.

John Kirby, '50, is now director of the college theatre at Stot Institute, Menomonie, Wisconsin. He and his wife, the parents of a daughter born last May, are in Minneapolis.

Robert Beyer, a graduate student in speech in '53-'54, is home on leave from the armed forces. John returned from several months service in Vienna to spend his leave at his home in Winona.

Dr. Bushby, '51, a former president of Winonah Players, is now studying for the professional theatre at the Pasadena Playhouse at Pasadena, California.

Donna May Freeman, '55, a former president of Winonah Players, is now training for a position in the personnel and educational department at Marshall Field and Co. in Chicago.

Gerald Radke, '49, is now married and living in Amarillo, Texas.

Mrs. John Pendleton (Mary Engstrom, '39) is a patient at the Sisters Kenny Institute, Minneapolis.

Music and You

I am going to take this opportunity in this my first music column, to elaborate on the Rhythmasters Swing Band at WSTC. To begin with, and to answer a question expressed the other day, all members of the band are students at Winona State, and I will add that we are indeed very fortunate to have them at our school, for facts prove that very seldom is it that an orchestra of remarkable renown can be found in a college set. Also, the personnel of our band realize that we have a band director who is so totally responsible for our being a musical unit, that director being Mr. Fred Hoyer, who does almost all the arranging for the band. All who heard our concert on Monday, October 3, will agree that he is a very talented arranger, and a wonderful jazz musician.

As I previously stated, the band members are completely aware of this and are seling the opportunity to receive participation in orchestra participation which is offered them. They are doing a wonderful job of practicing and parts diligently and striving to make the band sound as a unit, and in study they have been so persistent in their persistence that they have even learned their parts without instructor. Miss Gertrude Crowly, who is replacing Joseph Emanuel while he does advanced study at the University of Minnesota, has almost mastered her parts in social studies.

Also, the personnel of our band are interested to join the club, regarding themselves as English majors and minors.

Minné. Dr. Minné has been one of the major voices for the development of the organization in 1948, and has since continued to support it.

Although we are sometimes curtailed because of scheduling problem, we are indeed very fortunate to have the swing band of service to the student body during the year for dancing and listening pleasure.

Ten Different Faces On 1955-56 Faculty

Magnus, Players Receive Acclaim

Wenonah Players, the college drama organization, has received outstanding recognition in the "Theatre Arts" magazine for their activities.

In the August, 1955, issue of this magazine, which has international coverage and is the most widely read magazine of the commercial theater, the Wenonah Players were listed in the directory of College, University, and Commercial Theaters in the United States, Hawaii, and Canal Zone.

Also, the organization's activities, with special emphasis on the fifth anniversary season production, "Hedda Gabler" received notice in the "Theater, U. S. A." section of the August issue. Reference was made to the director, Miss Magnus, the occasion for the production, and the staging in arena style.

Players were previously published in "Theatre Arts" in August, 1950, when a photograph of a scene from The Glass Menagerie was published.

Carol Mahlke has been chosen editor and Karl Brungardt business manager of the 1956 Wenonah. Ralph Behling, advisor to the annual, also announced staff members who are as follows: Janice Michel, copy; Bob Zickell, men's sports; LaRue Swearingen, women's sports; Jean Thorpe and Nancy Gyldin, faculty; Pat Severson and Bob DeYoung, classes; Anne Ellison and Darlene Conley, organizations; Lauray Beck, student life; Charles Henthorne, art; Alice Knowton, index; Florence Sebo, typing.

Carol Mahlke and Karl Brungardt "Brew" up subscriptions For the 1956 Wenonah.

Newman Club Begins Very Successful Year

With only a month of school gone by, the Newman club is already well on its way to having one of its most eventful years in history here at Winona State.

At the first meeting of the year, the officers were introduced and the committees appointed. Preliminary reports were made about the National Newman Convention at Boulder, Colorado, and other business included the preparation for the Newman Club picnic at Holzinger Lodge and the fall communion breakfast.

The picnic at Holzinger was highly successful as approximately 300 students came out to enjoy the dancing, good food, and slightly off key singing. Instrumental music was provided by a fine combo made up of Fred Heyer, Jan Michel, Gene

"Enthusiastic" Rep. Council
To Rely on Experienced Leaders

State's council represents you with enthusiasm. It is hoped that the enthusiasm will be returned by strong student interest and support. So, anytime you have a problem, don't just complain about it, bring it to a council member. Our council is here for you. In the presence of pending council action, let your representatives know how you feel about it. Below is a list of your representatives who have a responsibility to you and your desires. Let them know what you want and need.

Bill Schimmel, the president of the council, comes to State from St. Louis Park. He graduated from the U. of M. in 1952 with a B.A. degree. After completing his B.S. degree this fall quarter, Schimmel plans to begin work on an M.S. Schimmel has been active in student government in high school and college, and also active in athletics. At State, besides his position on the council, Schimmel is a member of F.T.A. and Newman Club. Last spring he served as assistant to the track coach. Schimmel is majoring in social studies and geography.

Pat Diethert, a junior from Stillwater, is vice-president. A transfer from Marquette, Pat has always been active in student government. Outside her council office, our vice-president is a member of Kapaa Pi, L.S.A., Wenonah, and vice-president of Y.W.C.A. As an "extra" to all this, is added the position of homecoming chairman. Diethert is a history and art major.

Barbara Gaddis, a senior and the council secretary, is from the city of Austin, where she was very active in student government. Gaddis has been equally involved here at State. Her participation has been in F.T.A., Y.W.C.A., Canterbury Club, Winonan staff, representative council, orientation team, class officer, Kappa Pi, and assistant student dean at the dormitory. Gaddis is majoring in kindergarten-primary.

Dave Mertes, a Winona High student, holds the office of treasurer and is a member of the sophomore class. A great football player, Mertes has been a member of the finance committee, and of business and "W" clubs. Mertes' major is business. Other members of the council by classes are the following:

Seniors: Jim Threinen, president; Gordon Hanson, vice-president; Jim Belden, finance; Nancy Gynild, social; Jean Thompson, assembly; Bob Ziebell, public relations; Irene Buhler, library.

Juniors: Art Nardello, president; Bill Ziebell, vice-president; Shirley Marburger, social; Bob Brown, finance; Marilyn Schmuck, assembly; Dave Lauchie, public relations; Donna Grevzdahl, library.

Sophomores: Keith Todd, president; John May, vice-president; Pat Severson, finance; Bill Krieger, social; LaRue Swearingen, assembly; Barbara Renslow, public relations; Nancy Van Allen, library.

Freshmen: William Gilden, president; Loren Pickart, vice-president; Mr. D. R. Ellis, secretary; Leona Ruline, treasurer; Thomas Chandler, Finance Committee; Janice Eide, Assembly Committee; Janet Tuttle, Social Committee; William Morse, Public Relations Committee; Judy Bell, Library Committee.

"Biggest and Best" Says Bev About Homecoming Dance

"This year's homecoming dance should be one of the best attended and best decorated dances we've ever had at Winona State," said Bev Krieger, chairman of the homecoming dance.

Going into more detail, Miss Krieger mentioned the fact that the dance will have a central theme around which the decorations, programs, and entertainment will be planned. The theme itself will be kept a secret until the time of the dance, but it should be known that the lion's share of credit for selecting and developing the theme should go to Bill Stumpf, dance decoration chairman.

Other committee chairmen also doing their jobs capably are Duwayne Malwicki, band; Marie Miller and Barb Peterson, refreshments; Gil Bergsma, programs; and it is expected that Clyde Passvogel will do an excellent job as cleanup chairman.

Music for the dance is to be provided by Johnny Roberts' fine eight-piece band. This year, the office of homecoming dance will be the formal, with this year's event taking place on Saturday, November 5. Programs for the dance, which will last from 9:00 p.m. to 1:00 a.m., will be passed out at the door.

Dance Policy Changed, Other Action Taken
At Council Meeting

The Representative Council has made a move to bar the further attendance of St. Mary's and Winona students at any future State dances.

The action was taken because of the expressed opinion "they are both very much out of their own dances." Nancy Gynild had asked previous to the move that non-State students pay seventy-five cents to a dollar if they wished to attend since "they would not pay enough to support any other dance." Shirley Marburger followed with a suggestion that it be investigated to see how many students who do not attend State actually do come to the dances. Both representatives however, had their verbatim plans overruled when Gordy Hanson moved that only State's students be admitted. The motion was taken with the understanding that only students will be allowed in under the rules.

Dr. Nels Minne made the suggestion through Bill Schimmel that a foreign student be sponsored by the student body. The conference voted to use a part of the foreign student activity fund. Expenses were estimated at tuition $120, room and board, $450, and $60, making an approximate total of $750. The provision for student aid is $100, making the amount amount to $550. Traveling expenses would be paid by an insti- tute in Chicago. The general feeling of the council was "it's a nice good-will gesture, but it's a motion to delay definite action until a later date.

Schimmel also presented the fact that a suggestion that a TV set be purchased for student use. Under the proposal, the set would be owned by the student body. "If a TV set is valuable to our education, then the set should be bought by the student body," is the feeling expressed by Bob Brown, and backed by the council. Another action was taken, and the proposal was accepted.

Only two committees, social and finance, had business to report. There was an agreement that publicity, public relations, and library, had not met as yet.

The long discussion was brought to a close with an off the record unanimous backing of Todd in execution of his duties.

Tri College Dance To Be Held Soon

"The annual tri-college dance will be held Tuesday, October 25 in the Catholic Rec Center," announced Art Nardello, Newman Club president.

"This dance is open to all students from the three Winona colleges—St. Mary's, St. Teresa's and Winona State. The dance is one of the few occasions the three colleges have to come together and get to know each other better.

"We hope that the students of Winona State will do their part to make this dance as successful as it has been in past years," Nardello said. "We hope to have a great attendance and a great time together—and get to know each other better."

Co-Captains Provide Leadership

**Habeck**

Ken Habeck is one of T.C.'s co-capitans on the football team. Ken is a native of Winona and is now 25 years old. He graduated from Winona high school in 1948. During his high school years he participated in football and in wrestling. The past summer he worked at the Teachers' College in Winona. Ken has taken his share of the big ones and will continue to do so. Let us get out and support our team...it is a good hard working one. They deserve our loyal support.

**Mertes**

Dave Mertes, our other co-captain, is a nineteen year old native of Winona. While at Winona High he participated in football and basketball. He was a starter in all three sports. In his senior year he was named to the Big Nine All Conference team at center. Mertes was one of the forces which led Winona to a very successful season with a fine record.

**Habeck and Mertes, our co-captains, are key players on the Winona football team.**

Comeback Fails, Moorhead Wins

The Winona Warriors traveled the long trip to Moorhead only to go down to defeat at the hands of the Moorhead Dragons. After a very slow first half, the score stood 0-0 in favor of Moorhead. The players used with the most success for the Dragons were the coasters and end-runs. The Winona team did not play well in the second half, and at one time were within one point of Moorhead, 10-9. In the third quarter, with the Warriors' final threat, however, and took the ball from deep in their territory for a touchdown. This gives the Warriors a 1-2 record in the Teachers College Conference and a 1-3 for the entire season thus far.

Northland, St. Cloud Future Opponents For Local Gridders

The Winona Warriors football team meets Northland College from Ashland, Wisconsin, and St. Cloud Teacher's College from St. Cloud, Minnesota, in its next two football games. Last year the Winona squad traveled to Ashland and beat Northland in the contest. It was this contest in which Laverne Peiper immortalized himself as a backfield man when he snagged a loose ball and "scrampered" approximately 80 yards for a touchdown. This game is non-conference, but one to win none-the-less.

On October 21, St. Cloud will invade the Warriors' gridiron their team which is currently leading the Minnesota Ten College Conference. St. Cloud defeated Mankato 13 to 6 last weekend, while the Winona team went down to defeat in the Moorhead Dragons. St. Cloud is sparked by a brilliant quarterback Kessel, and Peters, a halfback with a tremendous amount of speed and drive. The rest of the backfield is also serviceable, and full of hard runners. With a good line to lead them, such a fleet of backs is hard to stop.

Winona's Coach—Russell Owen

Winona has added a teacher in the physical education department. Dr. Russell Owen comes to Winona from Mondovi, Wisconsin. He participated in both football and basketball at Waukesha, and played in every game. Under him the Gridders have been hard to stop.

Warriors Open Home Season Victoriously, Beat Bemidji

The big, hard-charging Winona State football Warriors got their home season off on the right foot, with a 26-6 victory over the Bemidji State Beavers, Friday, September 26.

The conditions were perfect for a victorious evening. The field was in good shape; a crowd of anticipating fans filled the stadium; the team was in exceptional high spirits; Freddie Heyer and the T.C. pep band were pretty spirited up too, and with the exception of a few mispronunciations, the scene was set.

The first touchdown, which came midway in the first quarter, was set up when fullback, Don Segermark, recovered a Bemidji fumble on Bemidji's 48 yard line. Two plays later, on a second down and ten-yards-to-go-situation, Benny Cook dashed his old form, when he took a hand-off from quarterback, Jerry Seeman, cut off left tackle, and scooted through the Bemidji secondary to score the first touchdown of the season. Benny's placement for the extra point wide, and T.C. led 6-0.

Late in the third quarter, after Jerry Seeman recovered another Bemidji fumble, Roger Carroll, who played an outstanding running game, came up with the most beautifully executed play of the game when he bolted through the Bemidji line, and raced 53 yards to the Bemidji two yard line, where he was nipped by the Bemidji safety man. On the next play, Roger carried the nail over for the second touchdown of the game and season. Carroll also added the extra point in a splendid place-kick.

That was all the scoring, with the exception of Bemidji's lone touchdown in the third quarter.

The only injury of the game came in the fourth quarter, when Benny Cook was stricken with two Charley horses, while he was scooting for a nineteen yard gain, to the Bemidji fifteen yard line. Although Ben was carried off the field after the game, his injury was of no serious consequence.

It is the general opinion of the players, fans, coaching staff, and this writer that the team, as a unit, has sense of spirit and desire to win, which were so lacking against Stout and Mankato.

**Winona's Coach—Russell Owen**
