WASHINGTON, D.C. — Sena-
tor Walter F. Mondale will intro-
duce legislation today to provide
direct Federal assistance to
college students and hundreds of thousands of able
young people from middle and
downtown families who cannot
now afford to attend college.

Mondale’s Student Assistance
Act of 1971 would provide grants
and loans to college and gradu-
ate students, establish centers to
counsel students and parents
on higher education, and give
assistance to the colleges and
universities students choose to
attend.

“The rising costs of education
are forcing many students to
drop out of school, and prevent-
ing hundreds of thousands of
able young people from attend-
ing college in the first place,”
Mondale said on introducing his
bill. “We simply have to find a
solution to this problem, and
this bill provides a reasonable
approach.

“By aiding students directly,
more students can be helped
than if the same amount of
money were spent aiding institu-
tions,” the Senator added. “A
national program will let stu-
dents know that help is available,
without the necessity of a na-
tional search by the student to
seek out a given institution
which may — or may not —
have money available.

Mondale’s measure would pro-
vide Student Opportunity Grants,
ranging on a sliding scale from
$200 to nearly $2,500 a year, to
low and middle-income students
studying at post-high school vo-
cational, college, graduate and
professional institutions. Eligibil-
ity would be based on such fac-
tors as family income after tax-
ations, number of children in the
family and in college, and unusu-
ally heavy family medical ex-
penditures.

President Albree
This proposed
and presidential cabinet includes
James Eddy, Dean William, Dr. Dan,
Jerry Reagan, Mike Ziemann, L. J.
Turner, Leigh Almo, Roger Bun-
nington, Bill Hermert and Pam
Capistrant, and Matt Schuth.

Albree emphasizes that this ca-
binet will be strictly an advis-
ory capacity. The significance of
having representatives of the ad-
mistration on the cabinet rep-
resents an effort for the admin-
istrator to consider methods of
approach and he said “It’s best
for them to present direct
response.”

The President also hopes to
have the agenda for subsequent
Student Senate meetings avail-
able Friday mornings at the Sen-
ate office. “The Senators will
then have a chance to study and
to investigate before the next
meeting.”

Some of the coming agenda
for the first few meetings con-
cerning the orientations and

There has been an almost deliberate lack of activi-
ty displayed by the student editorial board in this institution-
designed for the married student. The only outrage that
surfaced was the unconvincing justification put forth by the
returning student or the married veteran. The only reason
that made me question my identity, and the only reason 
that made me think I was going to be possible to please everyone. How-
however, this group is growing in numbers every quarter Normally I
would not care to get involved in this kind of argument. By the
Greeks, etc. but my wife and family tell me that being on a
ever a severely restricted income, took some sort of deration of
the conservative wing. We are all compelled to pay the activity 
fee I am convinced it is impossible and should have some-thing. — O.

Hesely should adopt poll plan

TO THE EDITOR:

A word of advice to any-thing escal-
aging her own future by taking
the poll. The conflict over this issue
has recently come to Winona State
College. What I can't understand is
how the students seem to have
decided this and accept it.

The health center is their
own only and can be mediated
by the Student Senate. I feel
the poll cannot be unrightfully
or forcibly taken from the stu-
dents. I wonder how many people
will really have a say on its
future.

Many students do not have
a voice, they are like the dusty,
out of the way, out of the
mind. We should be pleasing
people in the mind rather than
just pleasing the students
who are involved.

The health center should or-
tain itself somehow. Right now
students need an effec-
tive birth control program
and they need to know where
their health center should be
understand why they have
the power when you are supposed
to be equal. My friend is a
parent and he should have
his say in the Student Senate.

During the Spring semester,
the health center will shortly
be put on the ballot in the
Student Senate election. 
I would like to hear views on
the health center and what
the students should do with
the health center.

The health center should or-
tain itself in the Student Sen-
ate. A poll should be available
to the students and they
should probably find another
job.

**DORMITORY poll shows visitation policy popular**

The Inter-Residence Hall Council, acting as a sub-committee of the Housing Committee, recently circulated a questionnaire on a random basis through the Residence halls of WSC. This questionnaire was circulated to aid in future decisions on the current visitation policy.

The percentages given are percentages of 435, the number of questionnaires returned. The results are as follows:

How frequently do you use visitation privileges by having a guest?
- 37 One to four times a quarter
- 29 More than once a week
- 18 Once a week
- 15 Never

Over all, what is your reaction to visitation?
- 45 Very positive
- 36 Positive
- 18 Neutral
- 10 Negative
- 2 Very negative

Do you feel that visitation helps or hinders the academic climate by creating more or less noise?
- 42 No noticeable difference
- 23 Less noise improves the academic atmosphere
- 9 Creates more noise and hurts the academic atmosphere

Do you feel your privacy has been restricted by visitation?
- 346 Not at all
- 24 Not noticeably
- 21 To some extent
- 4 Somewhat

What effect do you feel visitation has had on promiscuity in the Residence Halls?
- 4 Practice has greatly increased
- 43 There has been no increase
- 7 A possible decline has resulted because there is less need for sneaking someone in for an "all nighter"

WSC-3 still broadcasting for instructional uses

by Judy Koski

The programming schedule for basketball games and wrestling matches has ended, but WSC-TV channel 3 is still broadcasting via a closed circuit for instructional purposes and through the inter-institutional television production center which produces tapes for other colleges, the Red Cross, and the Health Department.

One of the new features channel 3 has incorporated is a color TV studio of broadcasting quality. This is a first not only for Winona State College, but the whole state. Although WSC-3 now has some color capability, it is used only in off-the-air recording.

Mr. Bauman, production manager, hopes that students will soon be able to make use of channel 3 for such things as student elections, meetings with the College Deans and President, forums, and campus guests.

In its institutional phase involving other colleges, WSC-3 has helped to develop Trip Into Truth — Drug Education, Elementary Art, Business and Industrial Arts Projects. Funds for these programs come from the Higher Education Coordinating Commission.

Mr. Bauman has invited all interested students to tour the studio.
Whoever is chosen will have his hands full with an estimated 200 new students next fall when acquainting them with the WSC academic and social scene.

The orientation program, which is conducted by the Bursar's office, is one of the most vital orientation tasks of any student leader. It will be the job of the orientation leader to open the student's eyes to the total college experience.

Warriors baseball season split, 4-4

by Mike Loechler

The Winona State Baseball team completed its southern trek this past weekend and returned with a 4-4 record.

The Warriors started fast as they won the first doubleheader against Northeast Missouri State College, Kirksville, Mo. They traveled on to St. Louis University and split the double-header 4-3 and 4-2. Winona lost the first game, but reversed the trend on a four run rally in the fifth inning. Jeff Buss (4-6) and Loren Benz (3-0) were the top hitters for the day.

On Friday it was a double-header with the University of Missouri, St. Louis. Things didn’t turn out well for the Warriors as they lost both games by one run, 6-5 and 7-4.

On Saturday, the team went to battle Southern Illinois University, Carbondale, which was considered to be one of Winona’s toughest opponents. SIU won the first game 4-3. In the second game Winona’s Todd Spencer threw a three-hit shutout to defeat SIU 1-0. Winona’s only run came on a homer by Dan Halverson.

Winona’s next games are Friday and Saturday at the University of Wisconsin, Milwaukee. On Monday the Warriors will play their first home game against Wisconsin State University, Eau Claire. The games are played at Gary Park on the east side of the city.
