Reds May Try To Delay U.N. Vote on Airmen

15 Korean War Allies Determined To Push Issue

UNITED NATIONS, N. Y. (U)—The 16 Korea War Allies looked for Russia to throw up procedural roadblocks today in an effort to delay U. N. Assembly debate on Red China's jailing of 11 U. S. fliers as spies.

Most diplomats felt, however, such Soviet tactics could not hold up action for more than a day on the Allies' demand that the U.N. denounce the Chinese action as a violation of the Korean armistice and seek the release of the men.

U.N. observers said Russia could delay things a while by:

1. Arguing the Assembly has no right to handle the case on grounds that it dealt with espionage rather than prisoners of war.

2. Demanding that the case be allocated first to the 60-nation Political Committee instead of going direct to the Assembly as recommended by the Steering Committee.

3. Insisting that Red China be invited here to give her side in the debate.

The Assembly must decide on all such points before turning to discussion of the Allied resolution, which calls on Secretary General Dag Hammarskjöld to work for release of the 11 airmen and report back to the Assembly by Dec. 31. Hammarskjöld is expected to approach the Chinese through some neutral state.

India is understood to have indicated her willingness to act as go-between.

U.S. sources said they anticipated no opposition to the resolution except from the five-nation Soviet bloc and a few Asian states who feel the case should first be placed in the hands of the Korean Military Armistice Commission. The United States hopes for a big vote of approval that might influence Red China to free the prisoners.

U.S. Delegate Henry Cabot Lodge Jr. yesterday gave Hammarskjöld a letter naming four other American airmen that Red Chinese representatives to the Geneva conference admitted were being held by Peiping. Lodge charged that their detention constituted an additional violation of the Korean armistice.

U.S. sources said they anticipated no opposition to the resolution except from the five-nation Soviet bloc and a few Asian states who feel the case should first be placed in the hands of the Korean Military Armistice Commission.

State Revenues Short of Need, Freeman Says

Estimates Budget Will Be Short by 36 Million Dollars

By ADOLPH JOHNSON

ST. PAUL (U)—Gov.-elect Orville Freeman said today anticipated revenues over the next two years will fall 36 million dollars short of meeting fund requests of state departments.

"This is as critical a financial picture as the state has ever faced," he said.

Department appropriation requests — which Freeman explained were carefully worked out and "hard headed" — total 176 million dollars.

Anticipated revenues under the present tax program amount to 140 million dollars.

Expenditures for the current biennium will total 155 million dollars while income for the period is estimated at 141 million dollars. The state started the biennium with a surplus.

Seeks Balanced Budget

Freeman said the job of trying to bring the expected income and outgo into balance is already under way. He declined to go into detail about how this would be done, or to discuss possible new taxes, but said:

"I was not elected governor to cut the heart out of programs aimed at improving human welfare and building an expanding economy for the state.

"On the other hand, administrative costs will be cut to the bone where they will not cause human misery, and programs that can be postponed will be delayed."

In nearly every case, department requests for the next two years exceed expenditures for the current two-year period. The request for public welfare programs, for example, totals 83 million dollars compared with the 78 million dollars being spent during the current two years.

Greatest drop in anticipated revenue, Freeman said, is expected in railroad gross earnings and iron ore royalty and occupation taxes. The yield from these taxes is expected to fall by as much as five million dollars.

Freeman called the present state financial situation "the result of an extended period of allowing matters to drift and taking the easy way out."

"Selective programs over a period when tax revenues were high could have made a substantial difference in the present financial picture, when revenues are falling," he added. He also was critical of the present system which requires an incoming governor to present a budget less than two months after elections.

"If we had six months," he said, "it would be possible to present clear-cut alternatives and a long-range program."

Freeman mentioned specifically among programs he wishes to push those involving care of the aged and others needing state assistance, the institutions program, conservation, business research and development and brucellosis eradication program.

He said the welfare budget as presented to the commissioner of administration did not contemplate removing the present \$60-a-month limit on old-age assistance. However, he did not express his own feelings on this issue.

Senator Accuses President of Red Weakness

Chips-Down Break With Administration

WASHINGTON (U)—President Eisenhower, dealing with questions about Sen. McCarthy's attack on him, declared emphatically today he has no intention of indulging in personal vituperation or quarrels.

The President came up with a crisp "No" when asked for comment at his news conference on the McCarthy attack.

And, in what he did say later, Eisenhower never did mention McCarthy by name.

In this, the President was sticking to his repeatedly stated policy of refusing to talk about McCarthy as an individual.

First Question

The first question put to Eisenhower, at the crowded news conference, dealt with McCarthy's personal attack.

McCarthy Tuesday accused the President of a "shrinking show of weakness" toward Communism and of tolerance for Reds who torture imprisoned Americans.

A reporter summarized McCarthy's charges and then asked the President whether he cared to comment in view of what the newsman termed the personal nature of the criticism.

The reporter also asked whether Eisenhower saw any danger to the Republican party in the McCarthy attack.

After a moment's hesitation, the President shot back briskly that the answer with respect to the first part of the question—whether he cared to comment in view of the personal nature of the criticism—was no.

No Quarrels

Eisenhower then added forcefully that he does not intend to indulge in personal vituperation or quarrels.

The President went on to say he always has upheld the right of congress to conduct investigations, and will continue to do so.

As for the second part of the opening question, whether Eisenhower saw any danger to the Republican party in the McCarthy attack, the President referred the question to Leonard W. Hall, chairman of the Republican National Committee. He suggested they ask Hall, what, in his opinion, the impact will be on the party.

By all signs, McCarthy decided deliberately on a break with the administration. It was no off-the-cuff remark, but a prepared-in-advance statement, when he lashed at the President.

McCarthy apologized to American voters for telling them in the 1952 campaign that election of Eisenhower would guarantee "a vigorous, forceful fight against Communism in government."

"I was mistaken," he declared.

In the past there has been a good deal of friction between McCarthy and the administration on the Communist issue and foreign policy. But Eisenhower, although critical of the senator in general terms, steadfastly has declined to speak out against him as an individual.

No Particular Singer

One Eisenhower aide, who asked not to be named, said in response to a reporter's question that the President showed "no particular anger" when informed about McCarthy's attack.

The aide said Eisenhower has steered himself all along against losing his temper over McCarthy, and that he apparently was determined not to lose it this time. There appears to be a feeling at the White House that the senator is trying to engage the President in a "slam-bang" quarrel.

In response to newsmen's questions, McCarthy repeated his statement of last week that he intends to continue in the Republican party. But this time he added, perhaps significantly, that "at this time" he has no interest whatsoever in any third party.

Later in the day McCarthy's office announced he had left town for a week or 10 days. His destination was not announced.

Among senators reached for comment on the sharp McCarthy criticism of Eisenhower, none supported McCarthy 100 per cent. Some Republicans who voted last Thursday against condemning him took issue with him for assailing the President.

Atoms-for-Peace Plan Taking Hold

By WARREN ROGERS JR.

WASHINGTON (U)—President Eisenhower's atoms-for-peace proposal has taken hold despite the uncertain future seen for it when unveiled at the United Nations exactly one year ago today.

Eisenhower's proposal electrified the U.N. General Assembly then and captured the imagination of the free world. Four days ago a rare unanimous vote stamped U.N. approval on the program in some what modified form.

Such acceptance could hardly have been seen a year ago by the men who helped Eisenhower re-juggle his speech to include the atoms-for-peace proposal, then furiously cranked out texts aboard the presidential plane Columbine taking the President from Bermuda to New York.

Reporters who met the Columbine at LaGuardia Field were surprised to find the speech printed on sheets of different sized paper, a giveaway that something had been added. This something was the atoms-for-peace plan, conceived as a ray of hope in what otherwise would have been a gloomy speech.

Eisenhower agreed to make the speech in response to mounting pressure to give the public more information about the horrors of atomic war. He told the U.N. the U.S. atomic stockpile had more explosive power than all the bombs and all the shells dropped and fired throughout World War II.

Then he made his appeal: (1) pool atomic materials and know-how among the nations principally involved, necessarily including Russia; (2) work out details in "private conversation" undertaken in good faith.

The immediate Russian reaction was an outburst of derision. The Soviets, however, reconsidered and came out with a more sober statement after the rest of the world applauded Eisenhower.

The Soviets said Eisenhower's idea was good but did not go far enough. They said it should prohibit atomic weapons by a pledge not to use them.

The Goodfellows emphasize that their work does not duplicate the work of any other social agency and that they provide only warm, winter clothing for the children. Toys are not bought, nor are Christmas baskets. And almost no money is used for administrative costs. Workers donate their time. Even the office space is free.

Goodfellows workers emphasize that the needy children cannot help themselves. Only the people in Winona and the surrounding area can help them. And anyone who contributes becomes a Goodfellow.

Besides keeping the children warm and dry on their way to school and during play, the Goodfellows clothes are often the only Christmas gifts these children get.

Cory Considers Toll Roads for State Improbable

MINNEAPOLIS (U)—It is highly improbable that any toll roads will ever be constructed in Minnesota, E. Ray Cory of Austin, president of the Minnesota State Automobile Assn., said here today.

"It would be difficult to justify a toll road on any basis in the Midwest," Cory told the annual meeting of the Minnesota Toll Assn. "Traffic here is considerably lighter than in the densely populated eastern states."

"Toll roads, before they are built, must be based on pretty positive assurance they can return a profit or they never will be built."

Donald Souers, manager of the Farmers Union Oil Co., was reported to be under hospital care at Grand Forks, N.D., with a minor shoulder wound.

Souers told Marshall County Sheriff Oscar Erickson that two men came to the station about 8:30 p.m. and asked if they could remain to warm up. Souers was working on his books in a rear office at the time. He ran to the front when he heard the till clang open. The men told him to get back in the office. The manager said one of the men appeared to be armed.

The pair forced Souers to open the vault, which contained his 22 caliber pistol. As he opened the doors, one of the bandits grabbed the gun and shot Souers in the shoulder. They took the money and fled.

Brothers Killed As Train Hits Auto at Crossing

NEW YORK MILLS, Minn. (U)—Two young brothers returning home from a high school basketball game were killed Tuesday night when their car and a freight train collided on a grade crossing here. A third youth was injured.

Dead were Robert Tumberg, 16, and his brother Gordon, 14. Clayton Kastaman, 16, was taken to a Wadena hospital. His condition was reported fairly good this morning. All are of New York Mills.

The boys had attended a basketball game at Sebeka, near here.

La Crosse Council Votes To Drop Christie Case

LA CROSSE (U)—The Common Council, acting as a committee of the whole, voted 11-3 Tuesday night to drop the entire case of Policeman James Christie. However, the decision is not official and the matter will be taken up again by the council in its official capacity, probably later this week.

Christie was dismissed from the force in December of 1952 after his superiors leveled charges that he was present where gambling was going on, that he had gambled debts and that he had acted improperly.

On Jan. 15, 1952, the police and fire commission investigated the case, declared it could not determine guilt or innocence and ordered Christie reinstated. However, the entire commission resigned the next month shortly before a special common council committee recommended that Police Chief George Long press the charges against Christie.

Christie went to court but the Wisconsin Supreme Court upheld a Circuit Court decision refusing to throw out the resolution telling Long to press the charges.

2 Men Rob State Filling Station

OSLO, Minn. (U)—Two men robbed a filling station of \$400 to \$500 here Tuesday night and wounded the station manager with his own 22 caliber pistol.

Donald Souers, manager of the Farmers Union Oil Co., was reported to be under hospital care at Grand Forks, N.D., with a minor shoulder wound.

Souers told Marshall County Sheriff Oscar Erickson that two men came to the station about 8:30 p.m. and asked if they could remain to warm up. Survivors of 'Atomic' Fishing Boat Released

TOKYO (U)—The 22 survivors of the Japanese fishing boat Lucky Dragon, which was dusted with radioactive ash from the American hydrogen bomb tests in the Pacific, will leave Tokyo hospitals about Dec. 20, hospital authorities said today. A 23rd fisherman died after a long illness.

Pope Closes Marian Year From Bedside

VATICAN CITY (U)—Ailing Pope Pius XII today closed the Marian Year with a blessing broadcast to the world from his sick bed. A television set was installed in his bedroom so that he could watch the final ceremonies honoring the Virgin Mary.

Thunderstorms disturbed the Pope's rest during the night but the skies over Rome and Vatican City were bright and sunny today.

A Vatican spokesman said except for the storm's disturbances the 78-year-old head of the Roman Catholic Church passed a "relatively good night."

Today was an important one for the pontiff, who inaugurated the Marian Year just a year ago to honor the Virgin and commemorate the centenary of the dogma of her immaculate conception.

The dogma established as Roman Catholic faith the belief that Mary alone of mankind was born without the stain of Adam and Eve's original sin.

Roman Catholics throughout the world have been holding special services and congress in her honor.

The Pope approved from his bed yesterday a decree for the causes of beatification and canonization of Pope Pius IX, who proclaimed the dogma 100 years ago.

The Pope had desired keenly to participate in the final ceremony of the year-long observance today at Rome's Basilica of St. Mary Major. His collapse last Thursday, following a recurrence of acute gastritis and hiccups, made that impossible.

An official medical bulletin from the Vatican press office said last night, "The gradual improvement of the Pope continues."

Mitchell Jury Deliberates in Assault Case

Wabasha Man Tells Of Relations With Theilman Woman

WABASHA, Minn. (Special)—The Leonard Mitchell assault jury went out at 11:20 a.m. today following testimony by the defendant which told of a secret romance with the Theilman woman he is accused of threatening until the day of the alleged attack in her home.

Charged by Judge Karl Finkelnburg, Winona, to find the defendant guilty on one of three counts of assault or not guilty, the jury filed out late this morning after convening at 10 a.m. Closing testimony was heard Tuesday afternoon.

Mitchell, 46, told the jury that he had intimate relations with Mrs. William Wallerich, 40, on Oct. 10 and that she confessed love for him when they rode together in his car the night of Oct. 14. They had a date for the evening of Oct. 13 which he did not keep, he stated. On Sunday, Oct. 14, after drinking some beer, he said, he came to the Wallerich home to take Mrs. Wallerich out.

Mitchell Testifies
She wanted me to stay all night at her home, but I refused, he stated. While we were riding after leaving her home, we parked and she put her arm around me and told me she loved me, he said. She then asked to be taken home and he complied, he said.

Mitchell denied pointing the gun at Mrs. Wallerich, saying it was pointed at the floor and that the bullets were in the magazine and not in the firing chamber.

He denied hitting Wallerich, but admitted pushing him. He later told her husband that he (Mitchell) was sick of meeting her (Mrs. Wallerich) in secret and that Wallerich might as well know about it.

Denies Statement
"I should shoot both of us, and clear up this mess," he told Mrs. Wallerich, according to his testimony. He denied saying, "Step back so I can shoot you between the eyes," and "When I go you'll both be dead." His intentions in getting his gun, he told the court, were to "try and scare her so she would leave me alone."

George Kotschade, a cousin of Mrs. Wallerich's who lives near Theilman, admitted that she told him she wasn't even scared during the whole ordeal.

Judge Finkelnburg asked the jury to bring forth acquittal or verdicts of first, second or third degree assault.

Rollingstone Town Board in Appeal For Help on Road

A delegation from Rollingstone Township met with the Winona County Board of Commissioners Tuesday afternoon for advice and possible financial help in meeting a request for construction of a town road.

The representatives of the town board explained that they had received a request from the owner of the Evenson farm in their township for an access road to the property on the top of a ridge.

The problem, the delegation said, was that the request was for a road from the farm to the foot of the hill—a distance of one mile.

The town board, however, has favored the possible construction of a road which would give access from another direction and would connect with another town road approximately 7 miles away.

The direct access by a hill road would cost upwards of \$16,000 to construct, the commissioners were told, while the longer road would cost no more than about \$8,500 and would be cheaper to maintain as well as benefiting more farmers.

County Attorney W. Kenneth Nissen told the delegation that the town board would have to provide some sort of access road to the property if the owner requests it but expressed belief that if the owner rejects the road proposed by the town board it might become a matter for the District Court to hear.

As far as the request for financial help in the road building was concerned the commissioners had little to say.

Commissioner Arnold Zenke remarked, however, "If we start giving allotments to one we're going to have to do it to all."

The board took no action on the matter.

Village Voting

For a detailed report on how Southeastern Minnesota villages voted on local issues and officials Tuesday, turn to pages 18 and 19.

In one community only four votes separated three candidates for mayor and in another a proposal to increase salaries of village officials was defeated when the voters split even on the issue.

4 Cities Demand North Central Service Continue

MINNEAPOLIS (AP)—Representatives of four area cities met Tuesday to demand that service by North Central Airlines be continued to their communities.

Flights between the Twin Cities and Grand Forks, N.D., now are being made on a temporary certificate from the Civil Aeronautics Board. The group said it was vital to the localities served that the service be made permanent.

Kenneth G. Lowe, president of the Grand Forks City Council, said plane service was vital to North Dakota's expanding economy. Other speakers were Mayor Levi Johnson, Brainerd; James Deneen, Bemidji city manager, and Mrs. Agnes Israelson, mayor of Thief River Falls.

All agreed that if North Central service was abandoned, their cities would have difficulty attracting other airlines to come in. Johnson and Deneen said the planes provided a vital link for mail and other services during the summer tourist season.

Ike Believes Fear of War At Lowest Ebb

WASHINGTON (AP)—President Eisenhower said today he believes the fear of a global war is at a lower level now than at any time in the last few years.

The President had these things to say on other matters:

Administration program—On Monday, Eisenhower will meet with Republican congressional leaders to discuss the administration's 1955 program and the necessary changes brought about by experiences this year. The President did not elaborate on the word, "experiences." In the elections last month, the Democrats won control of Congress.

Economic aid—The question of a new economic aid program for Asia has not developed far enough to be presented to Eisenhower, but he said that of course some program on foreign economic aid is going to be presented to Congress.

Politics—He has made no decision about whether to seek a second term, but promised to take newsmen into his confidence on the subject sometime in the indefinite future.

Egyptian Students Parade to Protest Hanging of Moslems

AMMAN, Jordan (AP)—A thousand secondary school students paraded to the Egyptian Embassy today, protesting Egypt's hanging of six Moslem Brotherhood members charged with trying to overthrow Egypt's military government.

There was no violence as soldiers and police surrounded the embassy and guarded the marchers' route through Amman. Communist influence was indicated.

The six Brotherhood members were hanged in Cairo yesterday after being convicted Saturday of plotting to assassinate Premier Gamal Abdel Nasser and unseat his government.

Indianapolis Mother, 3 Tots Die in Fire

INDIANAPOLIS (AP)—An Indianapolis mother and three children died last night in the flames which destroyed their frame duplex home.

Dead were Mrs. Mary Merrifield, 36, and her three sons, 8, 4 and 3.

A daughter, Juanita, 13, escaped from the blaze.

Try for Hike in Trust Interest, Legislature Told

By JACK B. MACKAY

ST. PAUL (AP)—There should be no maximum limit on the state's permanent trust funds and none of the principal on these funds should be spent, the Minnesota Tax Study Commission recommended today.

The commission urged that the Legislature consider steps to increase the interest yield from the funds. The total trust funds exceed \$253 million dollars. In the past fiscal year the interest amounted to \$50,231,645.

Under constitutional provisions, only the interest can be spent. It is used principally for school purposes. The rate of interest earned on the principal in the last year was 2.48 per cent.

The commission sent its report to Gov. Anderson, Gov.-elect Orville L. Freeman and members of the Legislature. It was the second in a series based on a study ordered by the last Legislature. Prof. R. T. Logan, head of the business administration and economics department of Gustavus Adolphus College, St. Peter, is chairman.

The commission took cognizance of proposals to reduce the amount of annual revenues now going into the trust funds. Such proposals have the purpose of making more money available for current state expenses.

The tax commission took the position that if the Legislature should propose constitutional changes along these lines, such changes should be restricted to a portion of the revenues received from the occupational tax on iron ore.

The commission drew a clear distinction between the ore tax and the other revenues accruing to the state, such as timber sales and royalties for mining on trust fund lands. The trust funds now receive 50 per cent of the occupational tax. In the 1954 fiscal year, this source provided \$13,790,950 for the trust funds.

A majority of the commission members took no specific position as to whether changes should be made in the trust fund revenues. However, two individual members added special statements to the report.

Sen. M. H. Anderson, Minneapolis, recommended that growth of the trust funds be slowed down by diverting a portion of incoming revenues to the state's general fund where it would be available to meet current expenditure needs. Sen. Gerald T. Mullin, Minneapolis, recommended further consideration of a proposal that none of the iron ore occupational taxes be dedicated to the trust funds.

Two general suggestions for getting an increased interest yield from the trust fund principal were made by the commission majority. It urged the Legislature should consider the advisability of permitting investment of a limited portion of the trust funds in "other than fixed income securities" under proper safeguards. At present investments are limited to United States and state bonds and to certain loans to Minnesota school districts and counties.

Consider Interest Yields
"Other than fixed income securities" might be construed to include selected stock issues of private corporations. Sen. A. R. Johnson, Wheaton, dissented from this part of the recommendations. He said he opposes trust fund investments in securities issued by private corporations.

Suggested also for improving interest yields were possible increased loans to Minnesota school districts. Among other constitutional restrictions on such loans, they cannot amount to more than 15 per cent of the assessed value of local property.

On the problem of "dedicated," "earmarked," and otherwise restricted state revenues, the commission felt that no particular tax advantage would be gained by changing the present system.

Receipts from gasoline tax and motor vehicle license fees are constitutionally dedicated for highway purposes only. Revenue from the state income tax is earmarked by the Legislature for school purposes. In addition to the permanent trust funds, these are the two main restricted sources of state revenue.

Wisconsin Driving Conditions Good

MADISON, Wis. (AP)—Wisconsin driving conditions today were reported like Tuesday's dry and clear except in the northwest area, the state motor vehicle department said.

14 Ways to Improve Mental Health

A 14-rule procedure for achieving mental health was recommended by Dr. E. L. Ragar, Winona State Teachers College psychology instructor, in a public lecture at the college Tuesday.

Delivering one of a series of public lectures, Dr. Ragar said, "Each of the rules has proved helpful in bringing about mental health improvement. Each has grown out of the work of mental hygienists who have devoted time and care to observing their effects."

The 14 rules:

1. Maintain good physical health. Exercise, rest and a balanced diet increase the joy of living.

2. Develop a wholesome outlook on life. Belief in the worth of the individual and in cherished goals gives point and meaning to life.

3. Gain confidence through making sure of at least small suc-

Elderly Woman Found Injured After 3 Days

An elderly Winona woman, who lay helpless on the floor of her home without food or water for almost three days, was reported to be in good condition at the Winona General Hospital this noon.

Mrs. Minnie C. Deike, 273 W. Howard St., was unable to summon help or obtain food after a fall at her home Saturday afternoon in which she suffered a broken hip.

She was returning from a shopping trip carrying a number of bundles when she slipped on a rug, breaking her left hip. She was unable to reach the telephone to summon help, but did manage to pull bedding from the bed to protect herself from the cold after the fires in the house went out. Mrs. Deike lives alone.

She was huddled on the floor when discovered by neighbors Tuesday afternoon. Mrs. Deike was taken immediately to the hospital, where surgery on the hip is scheduled for Thursday.

Thurley Homes To Enter New Phase January 1

The Arthur C. Thurley Homes, Winona's low-rent housing project, will shift from the development to management phase Jan. 1, Executive Director Arthur A. Gallien informed the Winona Housing & Redevelopment Authority Tuesday.

He said that Chester Treece, management officer of the Chicago Public Housing Administration field office, will be in Winona Thursday to assist in preparing for the transition.

The change-over was effected after the project achieved 95 per cent occupancy. Provisions governing operation of the 160-apartment site state that the project will enter the management phase at the start of the quarter following the one in which the 95 per cent figure is achieved. At present there are 155 families at the Thurley Homes.

Gallien also said that television has made its appearance at the site. He estimated that about 15 families have television at this time, and that to date, he had required them to procure permits from the authority's office and restricted antenna construction to 12-foot extensions on clothesline poles. The small antennas are not supported by guy-wires. It is believed that television may be a method of reducing juvenile problems.

Attending the meeting Tuesday were Chester A. Kitt, C. Paul Venables, William J. Thuroff, Roy K. Carpenter, Frank Cunningham and Gallien.

Early December Cold Snap Stays

By THE ASSOCIATED PRESS

Most of the nation shivered in freezing weather today as the early December cold snap continued.

The U.S. Weather Bureau said this morning was "one of the coldest this season for the country."

The 32 degree line extended from southern Georgia, northwestward through northern Alabama into northern Arkansas and westward into California. The coastal stations on the West Coast and Gulf Coast were about the only points above freezing.

It was a cold 12 above at Danville, Va.; 14 at Charleston, W. Va., and 19 at Greensboro, N.C.

Temperatures of 20 degrees or lower were reported over the eastern Ohio Valley southeastward to central North and South Carolina, the western Great Lakes region and most of the northern Rockies and in the Great Basin. Colder, Pacific and Canadian air pushed eastward over the Rockies into the western plains, dropping temperatures as much as 20 degrees over the Great Basin.

There was some warming over parts of the eastern half of the country, but readings were as much as 10 degrees lower in the Southeast.

There were only a few wet spots. Light snow fell in western South Dakota, Nebraska and eastern Wyoming. Snow flurries continued over New York state and northern New England and in the Lake Ontario region.

Winona County Ends Buena Vista Contract

Will Send Patients To Mineral Springs Beginning Feb. 1

The transfer of Winona County patients from the Buena Vista sanatorium at Wabasha to the Mineral Springs Sanatorium near Cannon Falls beginning early next year was voted by the Board of County Commissioners here late this morning.

By unanimous vote the commissioners agreed to end its long-standing arrangement with the Wabasha institution at the end of the current contract year, Dec. 31 and send patients to Mineral Springs on a cost-plus basis.

In order to afford Buena Vista time in which to resolve its affairs before the actual break is made, the Winona commissioners voted to extend the current agreement with the sanatorium for one month and to effect the transfer of patients Feb. 1, 1955.

For Over 30 Years
This morning's action brings to an end an agreement with Wabasha County that began more than 30 years ago and resolves a discussion of several months as to which institution county patients should be sent.

It was understood that the Buena Vista Sanatorium Commission will meet in a special session Thursday to consider all aspects of the county board's action. There has been feeling expressed that the sanatorium might not continue operations if Winona County withdrew from the participating arrangement. Two Winona County citizens are members of Buena Vista Commission.

The Winona commissioners chose the per diem arrangement rather than the once-considered proprietary share option.

Under the agreement that will be concluded with Mineral Springs Winona patients will be accepted there at the rate of about \$7.20 a patient a day plus a 10 per cent participation in the operational costs of the institution.

Only Tuesday the board had been informed that the Mineral Springs sanatorium would agree to sell a proprietary share — an 11.73 per cent interest — to the county for \$50,000.

The original asking price for this share had been \$83,000 but despite the lowering of the figure the commissioners felt that the long-range cost to the county would be lower on the per diem arrangement.

Little Discussion

There was little discussion of the matter when it was brought up for a vote this morning; apparently agreement on the per diem plan during the current session of the board since a month ago a distinct difference in board feeling had been noted.

Commissioner Adolph Spitzer moved first for the ending of the agreement with Buena Vista and then presented the motion for a per diem arrangement with Mineral Springs. Both motions were seconded by Walter Schubert.

A question was asked as to whether the board, having rejected the proprietary share offer by the sanatorium, could send patients on the cost-plus basis and the board was told that it appeared that Mineral Springs would be willing to accept either arrangement.

This ended the discussion and the two motions were passed unanimously.

Conservatives' Domestic Program Gets Green Light

LONDON (AP)—The Churchill government had a green light from the House of Commons today to push ahead with its planned domestic program for 1955.

Commons last night defeated 298-299 an opposition Laborite move to censure the government for "unwarranted complacency toward social injustice" and "dogmatic determination to abandon public enterprise and essential controls."

The Labor motion was presented as an amendment to the Queen's speech from the throne at the opening last week of the new Parliament. The speech outlined the government's program. Such an amendment is the traditional opposition method of expressing dissatisfaction with Cabinet plans.

Winonan in Custody Of Iowa Authorities

A sheriff's deputy has been sent to Sioux City, Iowa, to take into custody a former Winona area resident charged with the sale of mortgaged property.

Sheriff George Fort said that Ernest Waletzke, about 42, will be returned here to face a charge involving the alleged sale of a mortgaged car which he purchased here in 1952.

The sheriff said that he requested that authorities in Sioux City take Waletzke into custody there.

2ND STREET COLLISION
A parked car owned by Clarence Duffert, Long Prairie, Minn., and a car driven by E. G. Bill, 166 Harriet St., were damaged in an accident at 4:15 p.m. Tuesday on West 2nd street near Johnson street. Duffert reported \$150 damage to his car and damage to the other car was estimated at \$25.

Knutson Faces 2nd Degree Murder Count; To Plead on Friday

PRESTON, Minn. (Special)—A second degree murder indictment against Ernest Knutson, 35, Lanesboro, was returned by a 21-member grand jury late Tuesday.

Knutson has until 3 p.m. Friday to enter a plea. Conviction would mean life imprisonment for the man who allegedly shot Fillmore County Deputy Sheriff Walter Kruegel Nov. 1. Kruegel died Nov. 10 in a Rochester hospital.

Judge A. C. Richardson, Austin, appointed C. P. Perkins, Chaffield attorney, as Knutson's counsel.

Perkins then asked the court for time to study facts before entering a plea. George Frognier, Harmony, county attorney, read the indictment at 5:45 p.m. after the jury had reached a decision on the shooting and had in Knutson's case.

Knutson expected the county jail here. Knutson was brought into the courtroom by Sheriff Donald Cook to hear the verdict.

Before being dismissed the jurors reported that repairs will have to be made on the jail, principally to a sag in the structure and to lighting and furniture. They were dismissed by Richardson at about 6 p.m. He adjourned the court until 3 p.m. Friday.

The jury was in secret session since 11 a.m. Monday.

Buffalo County Fair Reports Profitable Year

MONDOVI, Wis. (Special)—The Buffalo County Fair enjoyed one of its most successful years financially in 1954. It was reported at the first annual meeting of the new Buffalo County Agricultural Fair Association here Tuesday evening.

And the annual meeting was a successful one, too, as about 70 attended a meeting when temporary by-laws were adopted formally and temporary directors and officers were re-elected, each with one exception.

Until last spring the annual fair here was sponsored by the Mondovi Fair Association. At that time the new organization was formed by-laws tentatively adopted and temporary officers and directors named. The new board and officers were virtually the same as previously.

But fair operating expenses were reduced sharply and at the end of the exposition the board was able to clear up about \$1,500 in debts and still leave approximately \$500 in working capital. Some improvements are planned, including work on the grandstand, which was criticized from the safety standpoint by the state last year.

Francis Weirlein, Mondovi, was re-elected president and George Britton, Mondovi, vice president. Ted Schultz, Gilmanton, was elected secretary-treasurer to succeed Roy Tanner, Mondovi, who declined re-election, and Ivan Brotzman, Gilmanton, was elected to the board of directors to succeed Schultz.

Other members of the 12-man board, all re-elected: John Bollinger, Cochrane; Glenn Hardy, Mondovi; Larry Hammergren, Cochrane; Ralph Mock, Mondovi; William Kammler, Fountain City; Kearney Jacobson, Mondovi; William Heike, Mondovi; Francis Diller, Mondovi; Henry Multhaup, Fountain City; J. L. Bond, Fountain City, and Wilmer Rosenow, Cochrane.

O. J. Sohrweide, county superintendent of schools, and Archie Brodov, extension agent, are ex officio members.

The by-laws adopted provide that only residents of Buffalo County or those non-county members of groups originating in the county—such as 4-H clubs—can exhibit at the fair. Every legal voter in the county is automatically a member of the new association.

Brightman Named By Masonic Lodge

Arthur C. Brightman

Arthur C. Brightman, 1031 W. Wabasha St., was elected master of Winona Lodge 18, AF & AM, at Tuesday night's annual election of officers session.

Brightman succeeds Merrill O. Holland, who has been master for 1954.

Other officers selected Tuesday night included William Mann, senior warden; Jack Fair, junior warden; R. W. Tolleson, treasurer, and S. A. Boyd, secretary.

These officers will be installed at the Dec. 21 meeting along with the appointive officers who will be announced at that time by the new master.

Following election of officers the second degree was worked on a class of five candidates. Refreshments followed.

Tellers for the election were George W. Engstrom, Emil O. Werner, A. Grant Burleigh and Kenneth E. Chick, all past masters of the lodge.

Advent Service Set At St. Matthew's

"Christ Our Prophet In All Ages" will be the sermon theme of an Advent service at St. Matthew's Lutheran Church at 7:30 p.m. today. Vicar Harold Essmann will preach.

The school choir under the direction of Gordon Synhorst will sing "Come Thou Precious Ransom, Come!" by Olearius. A woman's club Christmas party will follow the worship.

Dakota Oil Finds To Affect District

Although geologists hold no hope of oil ever being found in the Winona area, the district will feel the effects of being near the great new oil fields of North Dakota and Canada. A. K. Reed, manager of the Standard Oil Co.'s Mankato division, told the Masonic Dinner club here Tuesday evening.

Already a change is taking place in the transportation of fuel oil and gasoline to this city, Reed said, pointing out that up to this time most of the oil and gasoline for the area has come from the Texas and Oklahoma fields, much of it by barge up the Mississippi.

Many Winona area motorists probably bought gasoline today which came from the Canadian or North Dakota fields. Two large companies are now feeding gasoline and oil products into the area from these fields, the speaker said.

In the next two years this will be even more pronounced, he said, and predicted that the north-bound traffic in oil probably would be replaced by the same barge lines carrying fuel oil and gasoline down the river from refineries in Minnesota.

In this way, Reed speculated, Winona could become a point of transshipment in which pipe lines would carry the oil to Winona and then the barge lines would carry it down the river.

Route of Products
His company, Reed said, is moving oil and gasoline from its new refinery at Mandan, N. D., through a 202-mile pipeline to Moorhead, Minn., where it connects with an existing pipeline to the Twin Cities.

From the Twin Cities it goes to Spring Valley, Minn., where products for this area are relayed by trucks.

In discussing the great new North Dakota oil field, Reed had a warning for any of his listeners who think they might get rich in oil well speculation. "Better forget it," he said.

He pointed out that oil men knew a great pool of oil existed in North Dakota and Canada as early as 1905 but that it was 1953—48 years later—before a real strike was made.

"And the interesting thing about this strike," Reed said, "is that it was within six miles of the spot where the geologists said was the best place to drill a well."

Reed guessed that the Williston Basin petroleum reserve might run as high as 2½ billion barrels, which he said was even greater than the east Texas field which has an estimated reserve of 2 billion barrels.

"The estimates of the basin's size range widely from 80 thousand square miles to 240 thousand square miles. The area of the Williston Basin, which takes its name from the town of Williston, N. D., was roughly a million years ago a huge inland sea which was basined in what is now the Dakotas, Montana, Saskatchewan and Manitoba," he said.

"In 1910 the first oil well was drilled in Bottineau County, N. D. But not much came of this and between 1910 and 1951 some 200 dry holes were drilled. As better exploration tools and methods were discovered, new activities came to the Williston Basin. On April 5, 1951, a wildcat well was drilled in Williams County. It was drilled to a depth of 11,630 feet and that was the beginning of the oil boom in that area. In 1951, 87 wells were drilled but only nine were producers. In 1952, 326 more were drilled of which 143 were dry holes. There are now more than 600 producing wells in the United States section of the Williston Basin alone and there are many more in the Canadian section of the basin."

Reed said the deepest well drilled in the basin.

Navy Reports Montgomery Wanted Fleet

By ELTON C. FAY

WASHINGTON (AP)—Asst. Secretary of the Navy James H. Smith says the big U.S. 6th Fleet with its aircraft carriers is kept in the Mediterranean because the North Atlantic Treaty command, of which British Field Marshal Montgomery is deputy, wants it there.

But Smith makes plain that the Navy isn't there by its choice, because the confines of that narrow sea limit the mobility of the fleet.

Smith's views came to light today in an outline of material he prepared for use at a news conference Monday, but all of which he did not use at that time. He made the remainder available today.

Smith, who handles naval affairs, called the Monday conference to reply to some of the points raised by Montgomery in an address last week at Los Angeles. The famed British soldier had said to the consternation of the carrier-conscious U.S. Navy—that the day of the flat-top is drawing to an end.

In Smith's notations, he said Montgomery focused his discussion on Europe, the North Atlantic and Mediterranean, which the American Navy official called "relatively small areas compared to the Pacific and Asia." Then, still referring to Montgomery, Smith wrote:

"He talks about the fact that navies in narrow seas such as the Mediterranean do not need their own air forces. Yet the organization (NATO) of which he is deputy supreme commander requires a requirement for the 6th Fleet with its heavy air attack capability to remain in the Mediterranean."

"We in the Navy comply with this requirement, but in doing so we realize that the very mobility which Montgomery stresses as being essential is reduced by forcing the fleet to operate in narrow waters in order to be able to strike land targets which apparently cannot be reached by land-based aircraft of the NATO forces."

Car Flips Over, Makes Safe Landing, Then Gets Smashed
LEVAN, Utah (AP)—George Floyd Hanna of Provo hit a slick spot on the road Tuesday, as he drove along U.S. Highway 21.

His car flipped completely over and landed on its wheels. Inspecting the damage, Hanna, 32, counted himself lucky. All he could find was a broken radiator hose.

So Hanna pulled the car off the road and hiked the mile-and-a-half into Levan for a new hose.

While he was gone, 57-year-old R. M. Allred of Utah's Emery County hit the same slick spot and smashed into Hanna's parked car.

When Hanna returned with his new radiator hose, he learned it would take a little more to make his car run again.

Highway Trooper E. C. Sherwood estimated it would take about \$500 more.

Stanwyck Can Laugh At 25 Years in Films

By EARL WILSON

NEW YORK—Barbara Stanwyck—one of Hollywood's best sports—looked at a smile when RKO put out a story that this is her 25th year in films.

"What—25 years?" she exclaimed incredulously over the phone. "Well, I started in 1930. I guess it is my 25th—but I won't complete 25 till next year!"

"They say 'Queen of Montana' is your 77th picture and that you've made more films than any living Hollywood actress."

"Who says I'm living? Besides, it's not my 77th. It's only my 75th."

I congratulated her on winning the Modern Screen popularity poll.

"Thanks," she said. "In my 25th year, I finally won my first award!"

Fran replied, "Yessir."

Shawano Man Pleads Innocent To Murder, Arson

SHAWANO, Wis. (AP)—Thomas Boswick, accused of killing his wife and then setting their house afire with her body in it, pleaded innocent by reason of insanity Tuesday to first degree murder.

Boswick, 20, of Birnamwood, in his Circuit Court appearance before Judge Arold Murphy of Marinette, also pleaded innocent to a charge of arson.

one of production, he said in closing, and cautioned that if production in the United States should ever lag the situation would be seized by the Communists as an opportunity to crush America.

Harold Gates, president of the club, announced the annual Christmas party for Dec. 21. Officers for the new year were elected and R. F. Stover was named president. Maurice Miller is vice president and M. L. Mariner secretary-treasurer. A. G. Lackore was chairman of the nominating committee.

Bloodmobile to Visit Melrose December 15

MELROSE, Wis. (Special)—Melrose area residents will have the opportunity to give blood when the Red Cross bloodmobile is at the Melrose High School Dec. 15 from 10 a.m. until 4 p.m. Mrs. Janis Brown, chairman, and Mrs. Elsie Young, co-chairman, are in charge of arrangements. Melrose women will solicit for donors.

"We have done everything possible to make this a successful bloodmobile visit," said Fred McDonel, county blood chairman. "We are running far below the county quota and if this continues to be the case, there will not be blood available for an accident victim or a child in need of a transfusion. People could not realize the feeling of failure of the Jackson County chapter if this should happen," McDonel said.

There are only two more blood-

Log Home Burns, 2 Children Die

GREEN RIVER, Wyo. (AP)—Mrs. Willie Gonzales returned to her log home yesterday to find it ablaze.

Two of her five children, Bobby, 5, and Marie, 4, met her at the front door and shouted: "The radio is smoking."

Mrs. Gonzales and two passers-by opened the door but flames barred them. Her two youngest children, Gary, 2, and Christiana, 10 months, died in the fire with their pet dog. A fifth child was at school.

mobile visits scheduled in the county before next June. Only 106 pints of blood have been collected. The quota is 644 pints.

More Witnesses Testify Sheppard Happily Married

CLEVELAND (A) — Dr. Samuel Sheppard's lawyers summoned a new set of witnesses today to support a main pillar of his defense—that he was a happily married man at the time his wife Marilyn was murdered.

His attorneys said some of those called will bring out "surprising" information about the mystery.

Others are expected to tell the jury they saw strangers near Sheppard's home the night of the crime. He says a marauder broke into the house last July 4, beat his wife to death and injured him in the struggle that followed.

The state accuses him of first-degree murder, and says his relations with other women provided the motive.

Yesterday the jury heard further details about the extent of Sheppard's injuries on the morning of the murder.

Possibly more important, a woman X-ray technician repeated the words she said Sheppard uttered while he was dazed and under the influence of a double-strength dose of demerol, a narcotic sedative. It had been administered in the hospital when he was brought there.

Mrs. Eileen Hulse, the technician, who X-rayed him that morning, said he kept moaning:

"I heard Marilyn screaming and I tried to get to her . . . I couldn't get to her and she was screaming . . . Things like this don't happen."

Sheppard also cried out once, "I thought I saw someone on the beach . . . Something hit me from behind," the witness testified.

Mrs. Hulse said she found a "red mark" on his neck on the left rear side, and blood in his mouth and on his teeth when she asked to open his jaws so she could make an X-ray. She said he was "shaking with cold."

Marshal at Whitehall Has Finger Amputated

WHITEHALL, Wis. (Special) — W. R. Bensend, Whitehall marshal, was released from the community hospital Sunday where he has been a patient since Friday.

The third finger on his right hand was crushed in the lift on the city truck and it had to be amputated.

Christmas Box Falls, Cops Get Their Man

CHICAGO (A) — Policemen who went to arrest William Penn for 21 traffic offenses were told by his wife he wasn't in. Then the officers heard a crash.

They opened a closet door and there was Penn, beneath a Christmas box that had fallen on his head. He won't find out what's in it. He's serving out a \$210 fine at the rate of \$1.50 a day.

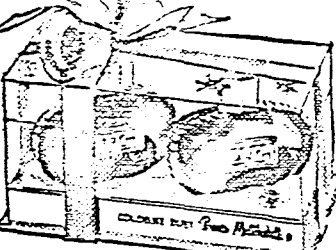

Tale of Accompanying Sheppard Burglar Hoax

CLEVELAND (A) — Police have freed Henry W. Fuehrer, 52, who admitted his story of accompanying a "bushy-haired" burglar to the house where Marilyn Sheppard was killed July 4 was a hoax. Officers said Fuehrer was in jail in Knoxville, Tenn., the night of the slaying.

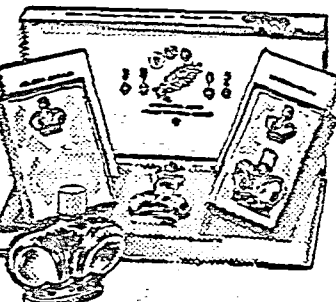

WHITEHALL POST OFFICE — WHITEHALL, Wis. (Special) — Postmaster Willie A. Johnson has announced that the window at the local post office will be open from 7:30 to 9 p.m. Friday and Saturday, Dec. 10 and 11, and Friday, Dec. 17, for the sale of stamps and the mailing of parcels. The post office will also be open for these purposes Saturday afternoon, Dec. 18.

Frontenac Site Meets Standard For State Park

ST. PAUL — State park authorities have carefully investigated 12 areas in the state as possible sites for new state parks, but only the site on Lake Pepin near Frontenac fully qualifies, U. W. Hella, director of state parks, told members of the council of state park advisory committees in St. Paul.

C. R. Magney, retired state supreme court judge, was elected chairman of the council and E. L. Chapman, Minneapolis attorney, its secretary-treasurer. Albert Marshall of Red Wing represents the Frontenac State Park association on the council.

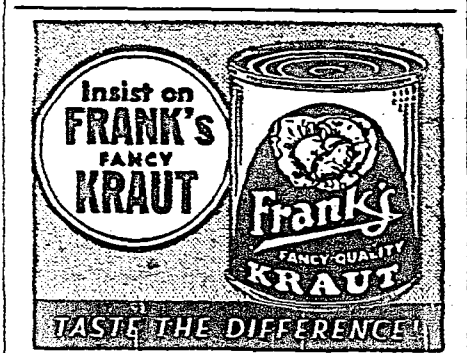

The council has been formed to act in an advisory capacity to the State Park Department, and to make recommendations to improve the services the state parks offer the public.

Stronger Reserve System Predicted At 47th's 'Return'

MINNEAPOLIS (AP) — Moves to strengthen the nation's Army reserve and National Guard systems were forecast here Monday as the 47th (Viking) Infantry Division was formally returned to its home states of Minnesota and North Dakota.

Maj. Gen. Charles L. Dasher, Chicago, deputy commander of the 5th Army, said traditional objections in this country to maintaining a large standing Army make it imperative to bolster the reserve and the National Guard.

"You of the 47th Division," he said, "can expect, I feel certain, a large increase in strength taking effect some time next year."

Colors of the 47th were accepted for Minnesota by Gov. C. Elmer Anderson and for North Dakota by Col. William Mjogdalen, commander of the 164th Infantry Regiment, and Lt. Col. Robert W. Carlson, commander of the 188th Ft. Artillery Battalion.

The ceremony, which also marked the end of the reorganization period for the Minnesota National Guard, were held in the National Guard armory here.

The 47th was called into federal service Jan. 16, 1951, during the Korean War. Although the division remained as an organization on duty, Minnesota Guard members were released almost two years ago.

New Highway 35 South of La Crosse To Be Opened Friday

LA CROSSE, Wis.—New portion of State Highway 35 in the vicinity of Stoddard will be opened for traffic Friday when the detour signs will be removed.

Base course of gravel is being laid this week on some four miles of the project leading into Stoddard, according to V. L. Fiedler, La Crosse division engineer for the State Highway Department.

Surfacing of a two-mile section south of Stoddard will not be completed for another two or three weeks.

However, since this is a relocation job, motorists can use the old highway, the division engineer said.

Total length of the Highway 35 new construction is 6.5 miles in Vernon County and a short stretch of .33 of a mile in La Crosse County.

ICC Investigating Owatonna Truck Fire

WASHINGTON (AP) — The Interstate Commerce Commission (ICC) said Monday it is investigating a blast touched off when a large truck trailer loaded with ammunition caught fire Saturday at Owatonna, Minn.

The trailer was owned by Watson Bros. Transportation Co., Omaha, Neb. No one was injured.

E. G. Cox, chief of the safety section of the ICC bureau of motor carriers said the investigation is designed to see whether there had been any violation of ICC safety regulations.

New Floor Care Ends Waxing

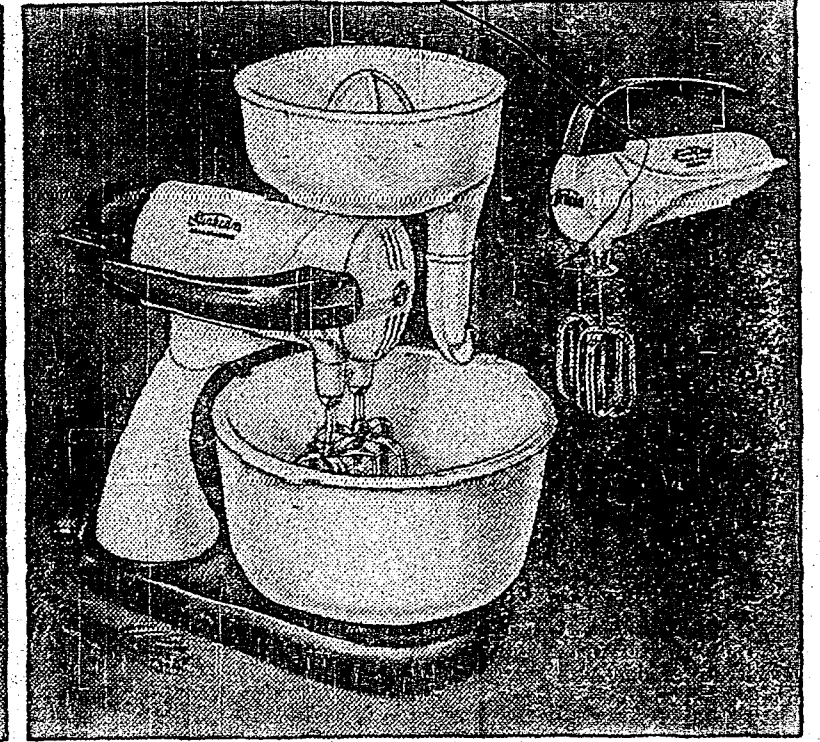

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Paint Depot, 163 Center St. in Winona or Pembroke St., Wabasha.

Yoshida Steps Down as Jap Prime Minister

TOKYO (AP)—Prime Minister Shigeru Yoshida, the sly old fox who guided Japan's destinies through seven troubled postwar years, stepped down Tuesday in the face of overwhelming opposition from both the right and left.

His likely successor is Ichiro Hatoyama, a conservative pro-American, as is Yoshida. Unlike Yoshida, however, Hatoyama favors diplomatic relations and increased trade with Russia and Red China within a framework of friendship with the West.

The Diet (Parliament) will vote tomorrow or Thursday on a new leader.

Yoshida and his Cabinet resigned just hours before the Diet almost certainly would have toppled his government with a no-confidence vote. Hatoyama led the conservative - Socialist coalition that introduced the no-confidence motion Sunday. The coalition controls about 253 votes in the powerful lower house. Yoshida could muster but 185.

Until the revolt against him, Yoshida ruled the Diet with an iron hand, backed by a working majority in the lower house. Hatoyama may find the road more difficult. He must depend to some extent on the Socialists, who said again today they would support him at least temporarily.

If the Socialists withdraw their support, the Japanese political kettle will probably boil over again.

The resignation may mean the end of the political trail for the 75-year-old Yoshida, who signed the San Francisco peace treaty for Japan and maintained close liaison with the Western nations. He will remain a member of the Diet, but beyond that his future is cloudy.

The stock market shot up immediately after the announcement that Yoshida was stepping aside. The action reflected the relief of

Austin Tax Rate Up to 218 Mills

AUSTIN, Minn.—Austin taxpayers will pay their real estate and personal property taxes next year at a record non-homestead rate of 218.7 mills.

This represents a sharp increase of 20.90 mills over the rate on which taxes were paid this year.

Most of the increase results from higher appropriations for the Austin public schools, which alone accounted for a boost of 19.15 mills.

The real estate and personal property taxes provide revenue for four governmental units—the schools, Austin city government, Mower County government and state government.

An increase in the budget of the Austin city government is reflected in the tax rate by a rise of 3.74 mills.

The other two government units that comprise the tax rate, reduced their rate slightly. The Mower County levy declined 1.20 mills, while the state levy is a trifle more than three-fourths of a mill lower.

The Austin homestead rate—which is applied on only the first \$1,000 of the assessed value of homestead property—will be 213.53 mills.

The following is a comparison of the new non-homestead rate on which Austin taxpayers will pay taxes next year, and the rate on which they were payable this year:

	Payable 1954	Payable 1955
Schools	112.12 mills	92.97 mills
City	61.86	53.22
County	35.52	38.72
State	9.15	9.95
Total	218.65	194.86

business leaders who had feared that Yoshida would carry out his threat to dissolve the Diet and call an expensive national election in a fight to retain power.

Such an election probably would have hurt both conservative factions and aided only the Socialists.

Children See Father Shoot Mother, Friend

LAS VEGAS, Nev. (AP)—A well-to-do toy shop operator who police said shot his recently divorced wife and another woman to death last night while children watched gave himself up to posse members today.

Held following a five-hour manhunt that included a house-to-house search was Fred Fowler, 54.

Killed in the Fowler home last night were Mrs. Dorothy Fowler, 32, who divorced her husband three months ago, and her friend Mrs. Emma Lou Cotner, 35.

Police said the Fowlers' children, Frances, 14, William, 7, and Freda, 6, and Mrs. Cotner's 4-year-old son

David were in the house. Young David, they said, witnessed the shooting. So did Frances, who called police and said: "My daddy just shot my mommy."

Ex-POW Signs Up For New Army Hitch

SALT LAKE CITY (AP)—Tommy G. Romero, 23, discharged a year ago November after 34 months as a Korean War prisoner of the Chinese Communists, today signed up for another three-year hitch with the Army.

"I like the Army," he said at the recruiting station in Salt Lake City. "It's just like home to me."

Democrats Have Plenty Presidential Timber, Says Butler

SOUTH BEND, Ind. (AP) — The Democratic party has "many men who are presidential timber" and Adlai Stevenson must seek the 1956 presidential nomination "vigorously" if he wants it, says Paul Butler, the party's new national chairman.

Butler, also told a television panel of South Bend newsmen last night that "he (Stevenson) and other candidates must let the party and the nation know their intentions by the latter part of 1955."

The South Bend lawyer, pressed by the newsmen to name possible candidates, mentioned Sen. Estes C. Cavanaugh of Tennessee, Sen. Russell of Georgia, Gov. Frank Lausche of Ohio, Gov. G. Mennen Williams of Michigan, Gov.-elect George M. Leader of Pennsylvania and Gov.-elect Averell Harriman of New York.

"All I know is what I read in the papers and most papers consider him (Stevenson) the leader right now," Butler said. "But the Democratic party is fortunate in having many men who are presidential timber for 1956."

Bank Robbers Getting Thicker On Texas Range

DALLAS, Tex. (AP) — Round up the posse, boys. We got to do something to catch these bank robbers. They're getting thicker than buffalo on the Texas range and the cost is terrific.

Just yesterday a galoot in blue jeans moseyed into the Citizens State Bank at Royce City, 35 miles northeast of here, and made off with \$5,944. The day before, a city slicker type made off with \$5,000 from Dallas' suburban Oak Lawn National Bank. He didn't even show a six-gun.

In the face of the growing robbery rate at banks, Dallas Police Chief Carl Hanson proposed that Dallas follow the example of some 12 other cities and use women for traffic officers and parking meter service. It would allow the men to be used in more police-like pursuits, such as chasing bank robbers.

Nationalists, Reds Exchange Gunfire

TAIPEH, Formosa (AP) — The Nationalist Chinese Defense Ministry today reported sporadic gunfire duels with Chinese Communists.

The ministry said there was a light exchange between Nationalists on Quemoy and the Reds on Amoy. To the north, shots were traded between the Reds on Tainan Island and the Nationalists on Yikiang Island.

Whitehall Mail Carrier Retires

WHITEHALL, Wis. (Special) — Henry J. Aleckson, rural mail carrier on Whitehall's Route 2, has been retired because of physical disability after 28 years, two months and 17 days of service.

In 28 years, he traveled 337,200 miles, the equivalent of 13 1/2 times around the earth at the equator. He wore out eight automobiles. But he didn't always drive cars; it was necessary for some years after beginning his duties on July 6, 1926, to drive a team on the route in the winter time and during the breakup season in the spring.

That was before snowplows came into use, and often Aleckson had to cut the wire fences and cross fields to cover his route.

"Yes, it's true that we read post cards," Aleckson admitted, "but they generally all say nothing more than 'Having a good time, wish you were here.'" He added, "How would we know who was getting married, or when the stork was scheduled to make a visit, if we didn't read the cards?"

Volume Increases
According to records he has kept, the volume of mail increased 17 per cent on his route in the 10 years from 1934 to 1944, and for

the period from 1934 to 1954 it increased about 53 per cent.

Aleckson was teaching rural school at Coral City when he received his carrier appointment. He commented, "If there was any political graft in getting the appointment, I did not see it. I think things have changed since then."

His first route was 28.6 miles long but with the coming of the plowed roads and hard surfacing, the routes were consolidated. There were originally four routes out of Whitehall, which were reduced to two in 1937, and Aleckson's route became 46 miles long, which he traveled daily except Sundays and holidays.

He served under three postmasters, Hartwig J. Elstad, Donald Warner and Willie A. Johnson, and one temporary postmaster, William G. Olson, who immediately preceded Johnson.

"Children who came out to get the mail in 1926 are the parents of the children who do so now," Aleckson commented, adding, "In many places the third generation has taken over the home farm."

"A rural mail carrier perhaps gets better acquainted with his

period from 1934 to 1954 it increased about 53 per cent.

clients than any other profession," Aleckson said.

Employed Working
In retiring, Aleckson declared that his carrier days have been the best of his life, he has enjoyed being of service to the patrons on his route, and he is grateful for their courtesies to him, which he hopes they will pass on to his successor.

His successor has not yet been appointed, but Merrill Anderson, who has been his substitute for some time, is currently doing the work.

The postal department announced a carrier-clerk examination this fall, applications to close in November, but no further announcement has been made.

Chinese Commandos Take 14 Prisoners In Island Raid

TAIPEH, Formosa (AP) — Chinese Nationalist commandos caught 14 Communist soldiers asleep during a predawn raid yesterday on a small island and brought all back as prisoners, the Defense Ministry said today.

The commandos raided Tapo, roughly three miles northeast of Nationalist-held Quemoy Island, close to the Red China coast opposite Formosa.

"The raid shows that the Communist shelling of Quemoy has not intimidated us and we are always ready to hit back," the spokesman said.

Old-Timer Gets Wish, Flies New-Fangled Jet

LAREDO, Tex. (AP) — Elderly S. H. (Slats) Rogers flew a jet airplane for 30 minutes yesterday, just as he wished.

Rogers claims he built Texas' first airplane back in 1911 and flew it in 1912. He said he has flown almost everything since then except a jet.

He went up in a jet for 45 minutes with Col. W. T. Samways of the Laredo Air Force Base at the

controls for 15 minutes of the time.

'Bubbles' Help Doctor Treat Stomach Ills

By RENNIE TAYLOR
AP Science Reporter

LOS ANGELES (U)—Doctors now can get clearer pictures of ulcers and other diseased parts of the stomach by making the affected areas produce bubbles.

They also can spot ulcers of the stomach and duodenum more accurately and earlier by tricking the stomach into going through the motions of digesting food.

These new advances in diagnosis were reported today to the Radiological Society of North America.

The bubble trick is done by giving the patient a drink of barium solution mixed with hydrogen peroxide and then taking the picture. A barium-filled stomach or intestine shows up hazy white on the film. Doctors do their diagnosing by looking for suspicious shadows in the haze. Usually they are very faint and sometimes they don't show at all.

Named delegates to the Trempealeau County convention this month were: Mr. and Mrs. Perkins, Mr. and Mrs. Carhart, Mr. and Mrs. Kriessell, Robert and Clyde Howell and Wendell Hilton. Mrs. Lucille Johnson is the alternate.

Lunch was served by Mrs. Perkins, Mrs. Russell Williams and Mrs. Gertrude Halderson.

Tax Cut Due For Eau Claire

EAU CLAIRE, Wis.—With state, county and city financial needs for the coming year now down in black on white, Eau Claire residents find they have a tax cut coming up.

City manager David Rowlands announced the rate for taxes to be paid in 1935 will be \$34.47 per \$1,000 of assessed valuation, compared with \$34.50 paid in 1934.

Sixty per cent of the \$2,100,000 to be raised by taxes (exclusive of state and county) will be earmarked for schools, 27 per cent for city government, and the balance for the public library, health

department and vocational school. Rowlands reported strict economy had been the rule in preparing the budget for municipal activities, the purpose being to ease the burden of the school expansion program now under way. Included in the latter will be construction of a \$2,600,000 senior high school, scheduled to begin next spring.

Nevertheless, the budget provides for completion of the new "white way" system in the business section, another aerial ladder for the fire department, a lie detector for the police, new park and playground facilities, rewiring of the city hall, airport improvements and acquiring of several generators and walkie-talkie equipment in the Civil Defense-disaster plan.

CIO Adopting Code to Guard Welfare Funds

LOS ANGELES (U) — The CIO convention today was expected to adopt a code designed to safeguard union welfare funds from graft and "make sure that maximum benefits" are paid to beneficiaries.

An ethical practices committee came up with the code after receiving the views of insurance firms and other experts in the field at recent hearings in New York City. Disclosures that some union officials and insurance brokers had profited handsomely from handling such funds prompted the study.

Among the recommendations slated for convention adoption were:

1. Welfare funds should be audited at least semiannually by independent certified public accountants.

2. Trustees should make public at least once a year "all pertinent facts concerning the administration of welfare funds" including salaries, expenses, fees paid and for what purpose.

3. Company or union officials acting as trustees or administrators should not get extra compensation beyond their regular salaries.

4. Welfare programs carried through insurance companies should be awarded "on the basis of lowest net cost for given benefits provided by a responsible company. The company should warrant that no fee has been paid directly or indirectly to any representative of the parties in connection with the coverage provided."

5. Insurance carriers should be required to furnish statements for public distribution specifying "claims experience, commissions and amounts of dividends received and to whom paid."

6. Brokers performing no service should get no commissions or fees, and laws requiring fees for non-service should be repealed, with the savings devoted to "greater benefits for beneficiaries."

7. National unions should "establish and enforce specific standards" as above outlined for their local and national union welfare funds, and supply locals with advice for negotiating and administering such funds.

Teen-Agers Joy Ride Ends in Jail

BLACKFOOT, Idaho (U) — Four teen-aged youths took a joy ride yesterday, one that landed them in county custody.

Officers said the old-model coupe, driven by 19-year-old Floyd Coby, overturned along the Rose-Groveland Road, Unhurt, the boys righted it and drove on.

But four miles down the road, the coupe was demolished when it went out of control and crashed into a bridge abutment.

Still unhurt, the boys were taken into custody by sheriff's officers. Coby was fined \$50 and given 30 days in jail for reckless driving.

Colorado Governor's Dog Is 'Look-Alike'

DENVER (U) — There's only one Zip, Gov. Dan Thornton wants the nice people of Denver to know, and he's been found.

Zip, a golden retriever, strayed from the governor's quarters last week but was recovered a few days later after stories about him appeared in the papers.

Trouble is, there are more doggone dogs that look like Zip in Denver than anyone knew. And most of them have been brought to Thornton's door by well-meaning citizens the last few days.

One gent called with a golden retriever under his arm yesterday. Told the real Zip had returned, the caller told Thornton he'd taken a taxi all the way across town to return the pup. The governor dug into his pocket and paid the cab fare.

Opposition Seen To Old Age Lien Law Repeal Try

By JACK B. MACKAY
(Associated Press Correspondent)

ST. PAUL — Any attempts to repeal the old age lien law in the next Legislature will meet plenty of opposition.

An Associated Press survey shows that, of those replying to a questionnaire, there are three opponents for every two favoring its elimination from the statute books. Fifty-one legislators were opposed in contrast to 34 favoring repeal. The lien law was enacted in 1939 during the administration of Republican Gov. Harold E. Stassen. It provides the state can collect from the estates of deceased recipients of old age assistance, the amount given them as aid during their lifetime.

Killed in Committee
The second bill introduced in the 1953 House was a repeal proposal. It was killed in committee by a vote of 14 to 4, but when no report was made of committee action after a lapse of many weeks, it was forced out of committee under a certain rule by its author, the late Rep. Thomas O'Malley, Duluth.

After spirited debate in which O'Malley protested against "allowing the old folks to be held up to shame and dropped on the scrap heap of charity," the House defeated the measure, 74 to 49.

Rep. Howard Ottinger of Chaska, chairman of the welfare committee pointed out in debate opposing repeal that a survey by him in 1951 showed only five of the 87 county welfare boards in the state favored repeal. He said 51 states also had lien laws for recovery of costs. During the year 1951-1952, lien collections totaled \$1,251,397, Ottinger said.

Principal dissatisfaction with the law, according to Ottinger, came from the sons and daughters of aged persons "who do not want to take care of them but who want the property."

Repeal Bill Planned
Rep.-elect Floyd R. Anderson of Duluth, who hails from the district previously represented by O'Malley, told The Associated Press that he will introduce a bill to repeal the lien law promptly after the Legislature opens Jan. 4.

Anderson said he also will seek an increase in the old age assistance "ceiling" from \$80 to \$90 a month. Another newcomer, Sen.-elect Henry Nycklemoe, Fergus Falls, said he has been against the law since its enactment but that to repeal it, after it has been in effect so many years, "would invite endless litigation."

The test on the lien law in the last Legislature came on a motion to substitute the minority report recommending the bill to pass. The vote was not along strict liberal and conservative lines and, it is expected, any attempts in the next Legislature to repeal will find an unchanged situation in this respect.

VOICE of the OUTDOORS

'Going Fishing'
We had no intention, Ed Shave, to pass up the fact that it took you 70 years to decide to go fishing instead of working. In fact, we are looking forward to greeting you on Duschek Creek next April 30, opening of the trout season.

Henry Hanson, we are sure, will have some of these big browns like the ones you are holding in the above picture, taken last May 1, awaiting, and with your skill as a fisherman it will be a repeat performance. Lund will be there to get the picture and rush it to the Trib's sport desk so everybody will yell when you come in—"Where are my trout, Ed?"

Minnesota conservation is going to miss Ed Shave despite the fact that he will continue to be active in the 10,000 Lakes Association and other hobby projects. Those 200 talks annually to sportsmen groups that knitted their thinking along constructive conservation lines will be missed. Also the tourist industry of the state will miss the clever publicity that Shave originated.

Ed, of course, is the best known figure in conservation in Minnesota. Probably more people know him than ever knew any governor of Minnesota. At least they read some of his writings, saw some of the pictures he directed, or heard him speak.

Ed, big and burly, does not look his 70 years, and most of his friends were surprised when he announced his retirement in part, Dec. 1. He will still write an occasional piece for outdoor columns and publications and be official greeter for the state for notables coming to the Land of Ten Thousand Lakes—a slogan he made known internationally.

Old timers recall Ed's activities in the fight ring when he was sports editor of the old

St. Paul News, his work as promoter of the St. Paul hockey team and as director of the state tourist bureau. He is the guy who put on annually the pheasant dinner for all veterans in Minnesota Veterans hospitals. Ed knows and has driven nearly every mile of highway in the state and fished probably most of its 10,000 lakes.

He has been a newspaperman in the Twin Cities since 1910, mainly writing sports and promoting the tourist business. He could spend the rest of his life writing unpublished stories about Minnesota's recreation history but we are sure he will just go fishing and tell all the hounding editors to "jump in the lake."

Winter Trials
Next Sunday, Dec. 12, the Tri-State Hunting Dog Association will hold the first of a series of five winter retriever trials. There will be one on the second Sunday of each month through April.

Started more than ten years ago for the training of young dogs, and for keeping other retrievers in shape, these Winona winter trials have grown to an outstanding area event in Northwest retriever circles. Dogs have already been entered from Minneapolis, White Bear, St. Paul, Rochester and Austin.

Entry fee for the four all-land stakes are low. There will be two sets of judges, the puppy and derby stakes will get going at 8:30 a.m. and will be followed by the qualifying and open all-age. Hot lunch, probably bear sandwiches, will be available at the club's quonset hut on Prairie Island, adjoining the field that will be used for the running of the stakes.

Wins Awards
National and state officers of the Izaak Walton League of America will present a number of awards to the Will Dill Chapter here at its December meeting on Prairie Island Thursday evening. The awards are for membership records in 1954, and for forming a new chapter here—the Wenonah Ladies Chapter.

D. T. Palmer, Rochester, na-

tional director will represent national headquarters, while George Laing, Excelsior, state president and Thomas Grouse, St. Paul, state secretary, will represent the state division. Alton Bergh, St. Charles, district president, will be in attendance.

This group with Marvin Shaw, local delegate, will report on the state convention held in Minneapolis last weekend. There will be election of officers and Louis Sheekanoff—Winona's bear hunter—is to provide a bear feed.

Atom Business of Everyone, Kappa Delta Pi Told

"Most of us lack a concept of what the atom is and what it does for us," said Dr. Olaf Anfinson, member of the science department faculty at Winona State Teachers College, who was guest speaker at the December meeting of Kappa Delta Pi, Tuesday evening at the home of Miss Floretta M. Murray, chapter faculty adviser. His topic was "What Every Teacher Should Know About Atomic Energy."

Dr. Anfinson continued, "We have set scientists up on a pedestal and we listen to things we do not understand. We must have a background or experiences of our own to interpret what the scientist has to say. The atom is not only the business of the scientist. It is the business of everyone."

The speaker traced the history of the atom from the beginning of the 20th century to the present.

"Science is an international thing," he said. "It is important that teachers of today have a sound and pure concept of atomic energy. We know that atoms exist because the experiments exist."

In conclusion he summarized the many purposes to which atomic energy can be turned. "We must become more energy-conscious in the future."

The speaker was introduced by Miss Donna Freeman, Dexter, Minn., president of Gamma Tau Chapter of Kappa Delta Pi, national honor society in education.

Miss Murray was hostess for the evening assisted by Mrs. Arnold Donath.

Yvonne Carter, Donald Wolfe Wed at Ft. Lewis

INDEPENDENCE, Wis. (Special)—White chrysanthemums decorated the post chapel at Ft. Lewis, Wash., for the wedding of Miss Yvonne Gloria Carter and Pfc. Donald R. Wolfe at 1:30 p.m. Nov. 6. The Rev. Connor Smith performed the ceremony before 65 guests.

The bride, daughter of Mr. and Mrs. William H. Carter, Oring, Wash., wore a white corded silk gown with ruffled skirt and jacket of lace and silk. Her veil was edged in lace and worn beneath a crown of seed pearls. She wore a double-necklace of pearls, a gift of the bridegroom, and carried an orchid on a white prayer-book.

The maid of honor, Miss Gladys Carter, sister of the bride, was groomed in coral net and lace over taffeta, and carried white chrysanthemums.

Bridesmaids were the Misses Betty and Peggy Smithart, dressed in blue and white tulle and yellow net over taffeta, respectively. The former carried yellow chrysanthemums and the latter red chrysanthemums. Each wore a rhinestone necklace, a gift of the bride.

The bridegroom, son of Mr. and Mrs. Herman Wolfe, Independence, was attended by Cpl. Duane Madden, San Mateo, Calif., as best man. Ushers were Cpl. John Bays, Vallejo, Calif., and Cpl. Gene Bottom, Richmond, Kan.

Mrs. Carter, mother of the bride, wore dark blue and white tulle and Mrs. Alice Pogreba, aunt of the bridegroom, was dressed in maroon velvet. They wore gardenia corsages.

A reception was held at the bride's parents' home.

The bride's going away costume was a light blue suit and hat with white accessories and she wore an orchid corsage.

Mr. and Mrs. Wolfe are now at home on East F St., Tacoma, Wash. They will return to Wisconsin in May to make their home.

ASIDES - By the Society Editor

Once again going through my deck I find a concentration of odds and ends that will probably amuse or interest you as much as they did me. Here's one that really let me wide-eyed without benefit of make-up. It's the new "silver crescent" makeup for glamour at holiday parties. Follow me if you can. Apply eye shadow stick in blue-green in the shape of a V on your lid and work the shadow directly over this blue-green shadow apply platinum eye shadow, for a fascinating silvery glow. With jade overpoint eye pencil line your eyes from the inner corner, as close to the lashes as possible, to the outer corner of the eye on both top and lower lashes. Now apply blue-green waterproof mascara to the upper lashes only. Foundation liquid rouge in a heart shape high on the cheek bones is next. Place a tiny dot of the liquid rouge at the nostrils to give them a slightly flare look. Apply true-red lipstick to the lower lip and "red velvet" to the upper lip. As a final fillip, place a silvery beauty patch as a cleft at the tip of your chin—and to highlight the silvery look, streak your hair with silver touch for a starry glow. I'd never get to the party if I had to do all this.

An unusual Christmas is offered by an airlines—a 12-day Christmas tour of the Holy Land especially planned for Rotarians. In cooperation with the Rotary Club of Jerusalem which will celebrate its silver jubilee only, a full itinerary of gala Rotarian functions, civic and governmental receptions, concerts and extensive sightseeing is planned. The tour leaves New York Dec. 18, stops in Amsterdam for one day of sightseeing before going on to Tel Aviv, Haifa, New and Old Jerusalem and Nazareth.

Here's another notice on travel—"a golf club special" in Bermuda where membership in a swank golf course, unlimited use of the course without the customary greens fees, complimentary use of a set of golf clubs for a week, half a dozen top-quality golf balls, and a guest card for one day at another exclusive course, all for less than two sawbucks, is offered. For the golf widows of these golfers, arrangements have been made for swimming in special pools, beach club trips, tennis, sightseeing trips, and picnics so that they will be "merry golf widows." What more can you ask of those who plan your vacation schedules. Well for those who still aren't satisfied, we have an official third annual garden tour of Europe planned for a limited number of amateur gardeners and those interested in flowers and plants. The Queens take you across the ocean to official receptions and visits to private estates and nurseries in Italy, Switzerland and the Riviera, to celebrated chateaux of the Loire Valley and Paris, to the famed flower show, "Florales Gantoises" held only once every five years in Belgium, the "Kukenhoof" outdoor flower show, the bulb fields of Holland, the Chelsea flower show in England and the great estates of Ireland and Scotland.

Let's get back home again—to the kitchen. If you struggled with string to sew up the Thanksgiving turkey and are facing a Christmas fowl, one note which arrived at my desk suggests dental floss. "It's simply a nylon thread," so goes the suggestion, "and this makes it easier to draw through the turkey's flesh, and it won't dry out and break apart in the oven's heat—and it's easier to remove too—doesn't break into little pieces when pulled out." For Christmas candy makers who decried thin dry pieces or too thick pieces, a quick fudge firm is offering a new gadget similar to the metal bars used by professional candy makers. Neat white plastic bars, a set of four, specially notched to form a square, which is placed on wax paper, and into which you pour the fudge. They hold just one batch. Each plastic bar is even marked so you can cut the fudge into uniform size pieces.

Ever hear of a "Sprout Stik." It's a new measuring device for junior. One young father took a cutoff strip of Masonite quarter-inch tempered hardboard which was left after he saved a panel for another purpose, rounded the corners and lightly beveled the edges with a file, painted a white strip along one edge, bored three holes for wood screws and fastened to a wall in his home. So that the "Sprout Stik" would be both attractive and show a permanent record, he used die-cut white letters, obtained at an art store, to mark the child's height in inches at intervals of six months. The various dates, recorded opposite the record of inches, from the age one are first marked in pencil on

high ceilings because the colonial carpenters erected the frame upside down.

And for a final laugh, there is the story in a new pocket-sized collection of the husband who saw a detested woman friend of his wife's coming up the walk. He sought refuge upstairs, remained hidden for an hour and finally risked calling down to his wife. "Has that horrible bore gone yet?" His wife, equal to the occasion, answered sweetly. "Yes, dear, she went long ago. Mrs. Sumter is here now." And another husband, upset when his wife announced she had purchased ten new dresses one afternoon, howled. "What could any dame want with 10 new dresses?" The answer from his wife. "Ten new hats."—May Murray.

Francis Enders, Bride at Home

PLUM CITY, Wis. (Special)—Miss Audrey Bock, daughter of Mr. and Mrs. Evald Bock of this area, became the bride of Francis Enders, son of Mrs. Mary Enders, Arkansaw Rt. 1, Nov. 20 at the rectory of St. Mary's Basilica, Minneapolis, in a double-ring ceremony.

The bride's attendant was Miss Sandra Skoglund, Pepin, and best man was Donald Bauer, Arkansaw.

For her wedding, the bride chose a navy suit with pink accessories, and wore a pearl necklace, a gift of the bridegroom, and a corsage of deep pink roses. Her attendant wore a brown suit with green accessories and a corsage of yellow roses.

A reception was held in the afternoon in the parlors of St.

Joseph's Church, Arkansaw Valley.

The bride is employed as a secretary by the Aetna Insurance Co. Minneapolis, and the bridegroom, a former student at River Falls State College, is now employed by the NP Rd. They will reside in Minneapolis.

Child, 3, Dies In Fire Near Augusta, Wis.

AUGUSTA, Wis. (AP)—A 3-year-old girl lost her life when fire destroyed a farm home seven miles northwest of here in Eau Claire County.

The victim was Virginia Naus, daughter of Mr. and Mrs. Alfred Naus.

Her parents and three other children escaped from the burning home.

The next to youngest of the five children was trapped when flames engulfed the family's four-room house, about 9 p.m. Monday.

It was then that Mrs. Naus was roused from her sleep by the smell of smoke. She dashed to the bedroom where Virginia and her three sisters — the oldest is 7 — were sleeping. She started them on their way to safety.

Then she hurried back to her own bedroom to pick up the five-month-old baby and follow the older children outdoors.

There she discovered Virginia was missing. By then flames blocked the doorway.

Mrs. Naus tore off a window screen and cut her hands breaking the glass in a futile attempt to get to Virginia. She needed help, but the nearest neighbor was half a mile away. Naus, a railroad employee, was working the night shift in Altoona, Wis.

Jane Wyman Divorces Her Third Husband

SANTA MONICA, Calif. (AP)—Actress Jane Wyman, 40, has divorced her third husband, band-leader-composer Fred Karger.

They were married Nov. 1, 1952 and separated last Nov. 7. Miss Wyman was granted an interlocutory divorce yesterday on her charge of mental cruelty. She said Karger threw furniture and clothing when angry.

\$12,000 Levy For Whitehall

WHITEHALL, Wis. (Special)—A city tax levy of \$12,000 was voted by the Whitehall city council following the budget hearing Monday evening at the public library.

There were no appearances. The proposed levy was \$13,753.07, but it was cut so as to reduce the tax rate somewhat as state, county and local school taxes are all higher than last year. Councilmen decided in favor of short-term borrowing if necessary, making the slight reduction in the levy possible.

The budget as adopted calls for anticipated expenditures of \$121,160, less estimated revenues other than property taxes of \$75,328.07 and less an estimated unencumbered 1954 surplus of \$33,831.93, leaving the \$12,000 property tax levy. A comparison of the levies on Whitehall real estate and personal property for this year and last year is:

	1953	1954
State tax	\$ 870.44	\$ 883.49
County tax	43,249.57	44,395.27
Local school	49,528.57	54,112.03
City	10,000.00	12,000.00
	\$103,648.58	\$111,390.79

All property in the city was reassessed the past year. As a result, the assessed valuation on which the taxes are based was increased about one million dollars. Last year the assessed valuation was \$1,942,520, and the tax rate was \$33.36 per thousand assessed valuation.

This year the assessed valuation is \$3,102,102 and the tax rate is \$35.91 per thousand assessed valuation.

The council instructed City Attorney Floren Hegge to draw up a resolution appealing to the state department of taxation for review of the valuations of manufacturing property in Trempealeau County. The council claims that nearly half the full value of manufacturing property in Trempealeau County is not located in Whitehall, as indicated by the 1953 report of the supervisor of assessments and left the same in the 1954 report.

The equalized valuation of manufacturing in the county in the 1953 report totaled \$2,612,000, of which \$1,205,700 was placed in Whitehall. Lester Brennon, L. D. Anderson and Eyvind Peterson were appointed a committee to investigate the advisability of hiring a night policeman.

Roy Watson Sr. to Retire at Rochester

ROCHESTER, Minn.—Roy Watson Sr., 65, president and general manager of the Kahler Corp. of Rochester for more than 26 years, will retire as head of the firm Jan. 17.

Announcement of his forthcoming retirement was made at the banquet of the 36th annual convention of the Minnesota Hotel Association Saturday night at the Kahler Hotel. The retirement becomes effective at the time of the annual corporation shareholders meeting in mid-January.

In recognition of his years of service in the profession, the Rochester Hotel Association honored him with a gift of a hand-carved plaque. The award was presented by Paul Greife Sr., of Rochester, who is a member of the board of directors of the American Hotel Association.

Eleanor Roosevelt Belittles McCarthy Attack on President

LOS ANGELES (AP)—Mrs. Eleanor Roosevelt had this comment today on the charge by Sen. McCarthy that President Eisenhower has displayed weakness toward Communism:

"If you can accuse Gen. Marshall you can accuse anybody. It will have just that much effect."

The widow of the late President Franklin D. Roosevelt arrived by plane last night and was by her son James, a congressman-elect. She will address the CIO convention.

Her statement referred to a long speech McCarthy made in the Senate several years ago accusing Gen. George C. Marshall of being soft on Communism.

Traffic Accident Grounds Pilot, 92

LOS ANGELES (AP)—A traffic accident grounded James W. (Dad)

Montee, 92, the nation's oldest active licensed pilot, yesterday, but only for a moment.

He was knocked down by an automobile, but when an ambulance attendant suggested that he go to

the hospital, he said: "Just put a patch on this cut on my head and I'll be on my way."

The attendant did, and Montee took off, walking to his home nearby. The driver was not held.

Club Liquor License Loses At Spring Grove

SPRING GROVE, Minn. (Special)—By a margin of 95, Spring Grove voters Tuesday rejected a proposal to give an on-sale retail intoxicating liquor license to the American Legion Club.

A total of 184 favored the proposal while 279 were against it. A total of 463 votes were cast in the election, described as a "mildly heavy" vote.

Increases in the salaries (to \$150 for the mayor and \$120 for the trustee) had been passed by the village council Nov. 1. The vote Tuesday favored the increases 340 to 111.

Ben E. Olson, Spring Grove jeweler, was elected justice of the peace with 18 write-ins. He will serve two years. The position has been vacant.

Clerk B. A. Osgard and Trustee Alfred G. Sylling, neither of whom filed for office, but were recommended by petitions signed by six Spring Grove residents, were both returned to office. Osgard, who will serve a 2-year term, polled 395 votes and Sylling was named to a 3-year term by 418 votes.

Constable Carleton Trehus received 333 votes, returning to office for two years. Incumbent H. M. Burtness received 93 votes for the 2-year assessor's term.

Write-ins Elect Three at Utica

UTICA, Minn. (Special)—Write-in votes elected three of five village officers Tuesday.

Riley Troppman, the only filing for the office, won election as trustee by polling 27 votes while 17 write-ins were cast for W. H. Seifert.

The only candidate for justice of the peace, Ronald Frisby, received 48 votes.

William Greethurst, who did not file, was re-elected to another term as assessor with 31 write-ins. W. J. Midler, the only candidate to file for assessor, was named on 23.

Another incumbent who did not seek re-election, R. S. Krenzke, polled 30 write-ins to win another term as clerk.

Another write-in winner was LeRoy Langerud who tallied 14 votes for election as constable. Russell Hirschey had 4.

More than nine million people in the United States have some form of heart disease.

4 Votes Separate 3 Lanesboro Men

LANESBORO, Minn. (Special)—James Austin Tuesday was elected mayor of Lanesboro in a race that saw only 4 votes separating the three candidates for the post.

Austin, who will serve until Dec. 31, 1935, for the unexpired portion of the term of J. H. Lewis who resigned, was named on 127 ballots cast in the election.

R. O. Benson was runnerup with 124 and Leo Hager, the other candidate in the three-way race, polled 123.

A proposal to raise the mayor's salary from \$80 to \$100 a year and the trustee's salary from \$20 to \$40 annually was approved by a 253-121 vote.

Gerald Olson won re-election as village trustee by defeating Gloy Bennett, 249-117.

Tie Defeats Wyckoff Plan

WYCKOFF, Minn. (Special)—A tie vote defeated a proposed ordinance to raise salaries of the mayor and trustees here Tuesday, as about half of the eligible voters—110—turned out.

The ordinance, which would have raised the mayor's salary to \$130 annually and trustees' to \$120, was beaten by a 52-52 tie. A majority vote was necessary.

Only two candidates, both incumbents, filed for office. P. J. Kabus was re-elected clerk with 89 votes and William Mulhern was returned assessor with 91.

Write-ins for three offices completed the balloting. Arlo Laging, incumbent justice of the peace, was re-elected with 25. Harry Sheff, basketball coach at the high school, had 22. Hugo Schunke received 27 and Floyd Pitzer 11 votes for constable. Ralph Anderson was elected trustee with 60 write-ins.

Six Incumbents Win In Houston Balloting

HOUSTON, Minn. — Six incumbents were re-elected without opposition here Tuesday. A "very light" vote of 65 was cast.

Returned were Harold Poppe, councilman for 3 years, and Odin Selvig, clerk; Paul Baumgartner, assessor; D. C. Dyer and Raymond O'Connor, justices of the peace, and Walter C. Anderson, constable, all for 2 years.

There were no referendums on the ballot. Write-in votes were scattered. According to Selvig, there are over 500 voters in the village. The light turnout was blamed on the lack of contests.

La Crescent Votes Down Proposed Full-Time Marshal

LA CRESCENT, Minn. (Special)—Nearly 300 voted here Tuesday when four incumbents were returned to office and the referendum to hire a full-time village marshal was defeated.

Village councilmen were given a pay boost, from \$50 to \$150 annually, by a vote of 153 to 124. The marshal proposal was beaten 204 to 85. Total vote was 289.

Constable James Farrell won re-election from Dallas Ames in the only contest of the day. The vote was 201 to 83.

John Blashaski replaced Carl Wittenberg as trustee for three years. The incumbent did not file. Blashaski received 197 to 23 write-ins for Wittenberg. William Lathrop, incumbent clerk, got 243 votes against 9 scattered write-ins. Assessor George Kelly, received 260 votes to 8 write-ins and 23 blanks.

Justice of the Peace Charles Leske received 222 votes to 6 write-ins.

Plainview Elects Al Posz Clerk

PLAINVIEW, Minn. (Special)—A better than average turnout of voters here Tuesday named Al Posz clerk, succeeding Stanley Wachowiak who filled out the unexpired term of Roland Anderson.

Posz received 130 votes; Wachowiak 115.

Three other incumbents were returned to office. Kenneth Briggs, who has served as a trustee 2½ years, polled the largest number of votes, 234. He was unopposed.

Arthur Becker, assessor for the last 16 years, received 229 votes, unopposed. Ernest Wedge, justice of the peace for 15 years, got 148 votes. His opponent, Arden Carpenter, received 93.

Constable Russell Boyd was defeated in a write-in campaign. Ed Jacobs polled 42 and village policeman Leon Ellringer, 23. Boyd got 12.

There were 246 votes cast, considered better than average.

Male gorillas may weigh more than 400 pounds.

Elgin Voters Pick New Village Clerk

ELGIN, Minn. (Special)—A contest for the office of clerk produced the heaviest vote in village history here Tuesday. A total of 286 votes was cast.

Former mayor Lloyd Behrens unseated incumbent clerk Dr. A. E. Luhman, 159 to 123. He will serve three years. In other results, Ernest Miller was re-elected constable for 2 years receiving 27 votes to 17 for Merle Prescher. Neither had filed. Everett Olson was re-elected trustee with 246 votes while Ed Beck and Arthur Peterson received scattered write-in ballots.

Mrs. A. E. Luhman was re-elected assessor, receiving 209 votes to 30 write-ins for Mrs. Donald Tiffany.

Write-ins Decide Canton Offices

CANTON, Minn. (Special)—A "very good" turnout of 96 voters increased the salaries of village officials Tuesday. There were no filings so all balloting was by write-ins.

The ordinance to raise the salary of the mayor to \$60; clerk, \$125; treasurer, \$35; and trustees, \$40, passed 61 to 34.

Elected were Vane Synder, incumbent trustee who defeated Earl Casterton, 61 to 34. Clerk Lawrence Galligan received 96 as did Assessor Kenneth Kaster. Neither was opposed. Casterton was elected justice of the peace over Mrs. Nettie Aske, 49, to 34.

Only 62 Citizens Vote at Preston

PRESTON, Minn. (Special)—Four incumbents were returned to office here Tuesday, two by write-ins. Only 62 voted.

Donald Brownlow, councilman, was returned with 54 votes. C. P. Grebin, clerk, was re-elected with 49 votes. Both had filed.

E. A. Vischer, constable, won with 17 write-ins. Assessor Alton Olson was returned with 32 write-ins. Neither filed. The turnout is considered "very light."

Minnesota City Trustee Defeated

MINNESOTA CITY, Minn. — A "fairly light" turnout of 62 voters here in Tuesday's village election defeated one incumbent in the village's only contested race, elected one write-in candidate and returned three other incumbents to their posts in uncontested elections.

Defeated in balloting for the post of 3-year trustee was incumbent Leo Richter, who was ousted by Melvin Anderson. Anderson polled 45 votes and Richter 17.

Re-elected without opposition were: George Schneider, clerk, 2-year term, 57 votes; Melvin Hosenec, constable, 2-year term, 32

votes, and Emil Wockenfuss, assessor, 2-year term, 27 votes.

A write-in candidate, Leonard Cisevski, polled 26 votes for justice of the peace. No one had filed for the post.

23 Cast Ballots In Peterson Voting

PETERSON, Minn. (Special)—Only 23 voters went to the polls here Tuesday in uncontested election of four village officials. All had filed for election.

Silas Evans was re-elected trustee for three years with 22 votes; George Stevens, clerk for 2 years, 23 votes; Ronald Erickson, assessor for 2 years, 21 votes, and Theodore Lee, constable for two years, 19 votes.

Harmony Returns Four Incumbents

HARMONY, Minn. (Special)—In a very light vote here Tuesday, only 65 voters cast ballots in re-electing four incumbents.

Orville Haines was re-elected clerk for two years with 52 votes, while Wilbur Peterson polled 31 write-ins as trustee for 2 years.

Mrs. Viola Anderson, incumbent justice of the peace, received 44 write-ins and Constable Harry Wahl received 42 write-ins. Both are for 1-year terms.

Roderick Wolstad received 12 write-ins as trustee and Arnold Moren 4 for constable.

Caledonia O.K.'s Two Referendums

CALEDONIA, Minn. (Special)—Two referendums were approved in the village election here Tuesday. Voters agreed to issue \$15,000 in bonds for fire equipment and to raise the wages of officials.

Two offices were contested—constable and justice of the peace. Ben Schwabach defeated incumbent William Betz for the constable job, 351 to 161. F. W. Kunst, incumbent justice of the peace, won with 202 votes against Mrs. Earl Grenier's 140. Archie Longueville's 68 and Fred Roberts' 32.

Cass Goergen was re-elected assessor with 27 write-in votes. Trustee Henry Henry received 355 votes without opposition. Henry E. Wisland, clerk, got 488 without opposition.

There were 532 votes cast, an average turnout. The fire equipment issue was approved 397 to 129 and the salary ordinance won by a count of 268 to 237.

It is understood that the village council will purchase a 3-ton truck with 500-gallon water storage tank, several types of hose, ladders, extinguishers and other fire equipment with the \$15,000. Salary of the mayor will be \$175; councilmen's \$125.

Kellogg Names First Woman to Village Office

KELLOGG, Minn. (Special)—A woman was named to village office here Tuesday for the first time in history. There's a tie in a write-in race for another office.

Mrs. Warren Granger, 27, votes to defeat James McDonough for assessor. McDonough, the incumbent, did not file and received 23 write-in votes.

Harry Sherwood and Leo McDonough, both write-ins, received 6 votes for the office of trustee. Sherwood had served out the unexpired term of Lenus Feuling who moved from the community. No decision has been made on how to break the deadlock.

Louis Kennebeck, incumbent recorder, got 48 votes. McDonough had 3 write-ins and Gerald Granger 2. Jess Schouweiller, incumbent constable who did not file for re-election, got 29 write-ins. There were scattered write-in votes for most of the offices.

In The True American Tradition, these citizens of Lanesboro went to the village polls Tuesday and voted by secret ballot. Left to right in the booths in the basement of the city auditorium are Melvin Strand, O. J. Mindrum, Mrs. O. J. Solberg and Mrs. Mindrum. An election judge, Mrs. Arthur Ward, is seated at the lower left.

A hotly contested mayor race brought out nearly 400 voters at Lanesboro in one of the most spirited elections in Southeastern Minnesota. (Daily News photo)

Goodview Elects Woman As Justice of Peace

GOODVIEW, Minn.—Four were elected to office here Tuesday with only write-in opposition but one incumbent was defeated for re-election by a field candidate.

As a consequence, Goodview will have a female justice of the peace. She is Mrs. Leafa Boelter, widow of Hugo Boelter, who received 73 votes to 53 for the incumbent, Leo Borkowski, Lewis Albert, William Pagel and George Haun each received 1 write-in vote.

In advisory balloting, the village council was told to hold a special election in the spring on construction of a building and purchasing of fire fighting equipment, including a used fire truck. Plans are being drawn.

Filed candidates who won were:

Trustee — Willard Matzke, incumbent, 70 votes, with Fred Thompson receiving 31 write-ins and Lester Berg 31.

Clerk — Carl Larson, incumbent, 121 votes, with William Drakowski receiving 6 write-ins and Owen Brenno 1.

Assessor — Reuben Kaste, 106 votes, to succeed Rex Johnson, the incumbent and not a candidate. Johnson received 12 write-ins, Roy Brugger, Lester Larson, Clyde Girard, Ray Beaman and Richard Deeren, 1 each.

Constable — Iver Odegard Jr., incumbent, 123 votes, B. L. Patterson, Jack Borkowski, Mark Schneider and Lewis Albert each received 1 write-in vote.

A total of 132 ballots was cast.

6 Candidates Run Without Opposition In Altura Election

ALTURA, Minn.—An election in which six candidates ran unopposed produced a very light vote here Tuesday. Only 34 residents went to the polls.

Re-elected were Alvin Simon, trustee, who polled 28 votes; W. A. Kohler, clerk, 34 votes; the Rev. G. W. Thomas, assessor, 32 votes; Edward Neeb, justice of the peace, 32 votes, and Constable Bert Gage, 34 votes.

Rudolph Suter, an unopposed candidate for the office of treasurer formerly held by Edward Lagervall, received 33 votes.

Holliday also ran second in the constable's race, receiving 22 votes to 30 for the incumbent, John Gatzler. Philip Frey polled 15 ballots as assessor to 4 for J. I. Stimpson.

Charles Sauer was named justice of the peace by the voters on a dozen ballots with 6 other write-ins favoring Steward Holliday. The office is vacant at present.

Four Elected At Lewiston

LEWISTON, Minn.—A very light vote was recorded here Tuesday as two incumbents were re-elected, another elected after filing for the office and a fourth elected by write-in balloting.

John A. Christenson, who has been justice of the peace but filed for election as a trustee for 3 years, received 61 votes for that position. H. N. Blanchard, the incumbent who did not file for re-election, received 18 write-in votes.

Succeeding Christenson as justice of the peace is Arnold Frigge, who received 23 write-ins.

Clerk Bernice Matzke was returned to office although he did not file. Matzke received 49 ballots to 2 each for Milo Bundy and Webster Fischer.

St. Charles Asks County Funds for Repair of Bridges

Notice was given the Winona Board of County Commissioners Tuesday afternoon that the city of St. Charles intends to improve and repair two bridges in the city.

A petition presented to the board from the St. Charles City Council requested that funds be appropriated from the county road and bridge fund for construction work on a bridge on 3rd street and one between St. Charles and White-water avenues.

The cost of the work has been estimated at about \$8,000.

The bridge projects were approved by the St. Charles council in October.

Another resolution was received from the Rollingstone village council commending the county board — "with special thanks to Commissioner Adolph Spitzer of District 3" — for two recent road improvement projects in the Rollingstone area.

The resolution thanked the board for "eliminating a hazardous curve on County Aid Road 111 and for the application of a stabilized base and bituminous surfacing on State Aid Road 22" near Rollingstone.

The annual report of the county extension service and monthly reports from the county service officer, county physician, county nursing service, extension service and the Buena Vista sanatorium were received and placed on file.

Several representatives of firms wishing to provide the county with workmen's compensation insurance were heard by the commissioners.

Lakers Bow to Knicks, 97-89

By THE ASSOCIATED PRESS
There's no stopping the high-flying Fort Wayne Pistons, especially George Yardley.

The 6-5 ex-Stanford star scored 29 points Tuesday night as the Pistons trounced the Milwaukee Hawks 101-85 and gained another game over the defending champion Minneapolis Lakers who lost to New York Knickerbockers, 97-89.

The victory enabled Fort Wayne to increase its first place margin in the western division of the NBA to four and one-half games.

In the other league games, Syracuse defeated Philadelphia 83-81 and Boston moved into second place in the eastern division by nipping the Rochester Royals 85-83.

Macs, Tommies Win; Gusties Beaten 83-65

By THE ASSOCIATED PRESS
West Texas State today was a floating yardstick to measure the comparative strength of Gustavus Adolphus and Hamline, co-favorites in the Minnesota College Conference basketball chase.

The Texans mix with Hamline tonight in St. Paul fresh from a surprising 83-65 victory over Gustavus which snapped the Gusties' string of home court victories at 17.

St. Thomas' Lou Shears and Ted Hall, switching off in the pivot, combined for 46 points and got brilliant rebound support from Bill Rogan to defeat St. John's, 79-64.

The loss to the Johnnies' first in five games and gave St. Tom a 1-0 MCC record for new coach Tom Feely.

Hall bagged 25 points and Shears, 6-6 like his scoring cohort, weighed in with 21. Shears seven consecutive points in the second half blew the game open.

Macalester handed Augsburg its first MCC defeat and first loss of the season with an 80-74 overtime victory. The Augies Ron Hess sent it into an extra session with a pair of free throws in the final second of regulation time.

But Macalester drew away from the 70-70 tie with a free throw spree. Bruce Pagel hit five times from the foul line. Jerry Dreyer led Macalester scorers with 24 points.

Moorehead Teachers' John Torgerson dumped in two free throws with seven seconds left for a 70-69 verdict over intercity rival Concordia. The score was tied 14 times, 10 in the first half. Torgerson scored 22 points, a figure duplicated by Rod Westrum of Concordia.

St. Cloud Teachers bowed 82-84 to North Dakota, whose Don Augustin stuffed in 23 points and St. Cloud led by 12 points at one time in the first half but withered before the scoring of Augustine and Ron Lackie.

St. Olaf posted its first victory by beating Luther of Iowa, 59-53. Jim Varland scored 13 points for the Olaf. Superior easily defeated Bethel of St. Paul, 90-68, although Frank Burleson scored 27 points for Bethel.

DENNIS THE MENACE

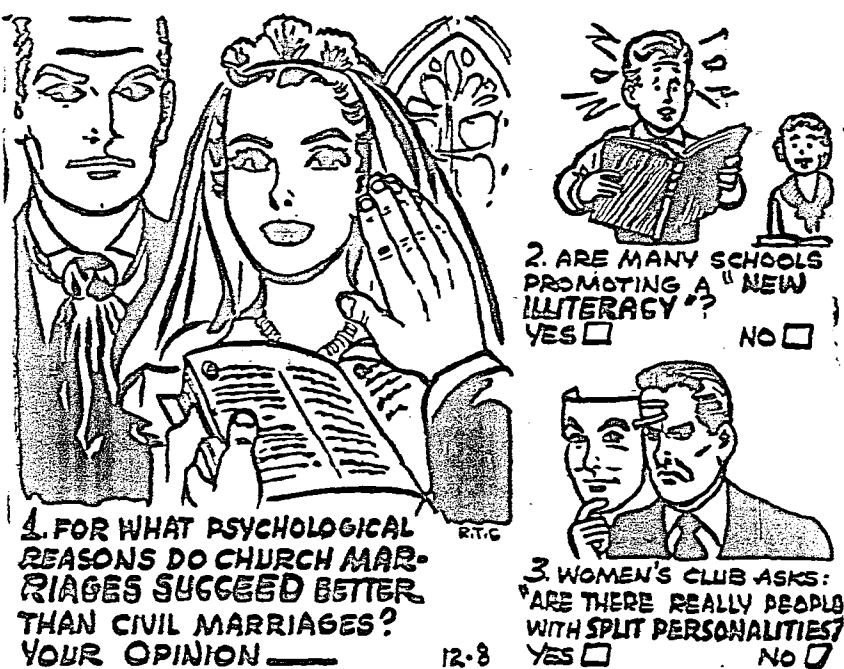

LAFF-A-DAY

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGAM, D.Sc.

Answer to Question No. 1

1. As pointed out in the book, "Marriage Analysis," by Christensen, common religious attitudes attract many people to each other. Similar religious attitudes usually signify common beliefs in ways of life and likings in common for many other things. Also the religious ceremony is more solemn and impressive. Our booklet, "Facing the Facts of Married Life," will help many more marriages to succeed. Nonprofit, 15c (coin only) plus self-addressed, stamped envelope.

Answer to Question No. 2

2. Educator W. H. Whyte says that many high schools are "narrowing their courses to the immediate, practical, attractive, and vocational," thereby promoting a "new illiteracy." Students must make a living, but to label them educated when they know nothing but the "practical and vocational" is

actually promoting ignorance of the cultural and spiritual studies that make a truly educated, socially useful person.

Answer to Question No. 3

3. Yes, Psychologist J. C. Coleman says in his "Abnormal Psychology" (paraphrased): "Multiple personality is found in a person who manifests two or more completely different personalities, each distinct in thought or manner. One may be gay and fun-loving; the other, quiet and serious. The change lasts from a few minutes to several years. Only about 100 cases have been found. Little is known about causes."

FAIRLY SPOKEN

By MARGARET LATROBE

(Editor's Note: Because of the sudden death of Erich Brandeis who has been writing "Looking at Life" for Daily News readers, this spot will be filled hereafter by Margaret Latrobe who will write under the heading "Fairly Spoken.")

Some fairly astounding replies came in response to this column's recent query—"What kind of man would you like your daughter to marry?"

Not a single woman listed any high-flown qualities which would have outlined a combination Gable and Galahad. The only possible conclusion to draw from these letters, which ranged from warm-hearted to touchingly gentle, is this: There are some wonderful people in this old world.

They spoke of their own husbands, what fine men they were, how they were sure the girls would naturally choose husbands as nearly like Dad as they could. With a kind, understanding, generous hard working husband as an example, why should they worry about son-in-law material?

A few brand-new mothers said, "Well, this is pretty far in the future but I just hope my little girl is as lucky as I was." The astounding thing to me was that, out of all these letters, the term "son-in-law" was never used. Instead, they referred to him as "my daughter's husband" or "my son-in-law" is really a son to us, you know.

Neither did a single reply say they would have any interference when the girls approached marriage. Hands off, was the universal policy. One mother of six, from Iowa, said she made only one stipulation when her children married: No divided houses. If her sons and daughters married one of another race or religion, she had taught them to accept the Biblical precept from Ruth—"Thy people

14 on Lanesboro High School's Honor Roll

LANESBORO, Minn. (Special)—Fourteen Lanesboro High School students have been named to the honor roll for the second 6-week period.

They are: Dianne Drake, Genevieve Hadoff, Norma Haroldson, Jean Jacobson and Ralph Sorum, seniors; Barbara Johnson and Ellen Lerol, juniors; Billy Olson and Marlys Sorum, sophomores; Philip Abrahamson, a freshman, and Ole and Merwood Storhoff, eighth grade.

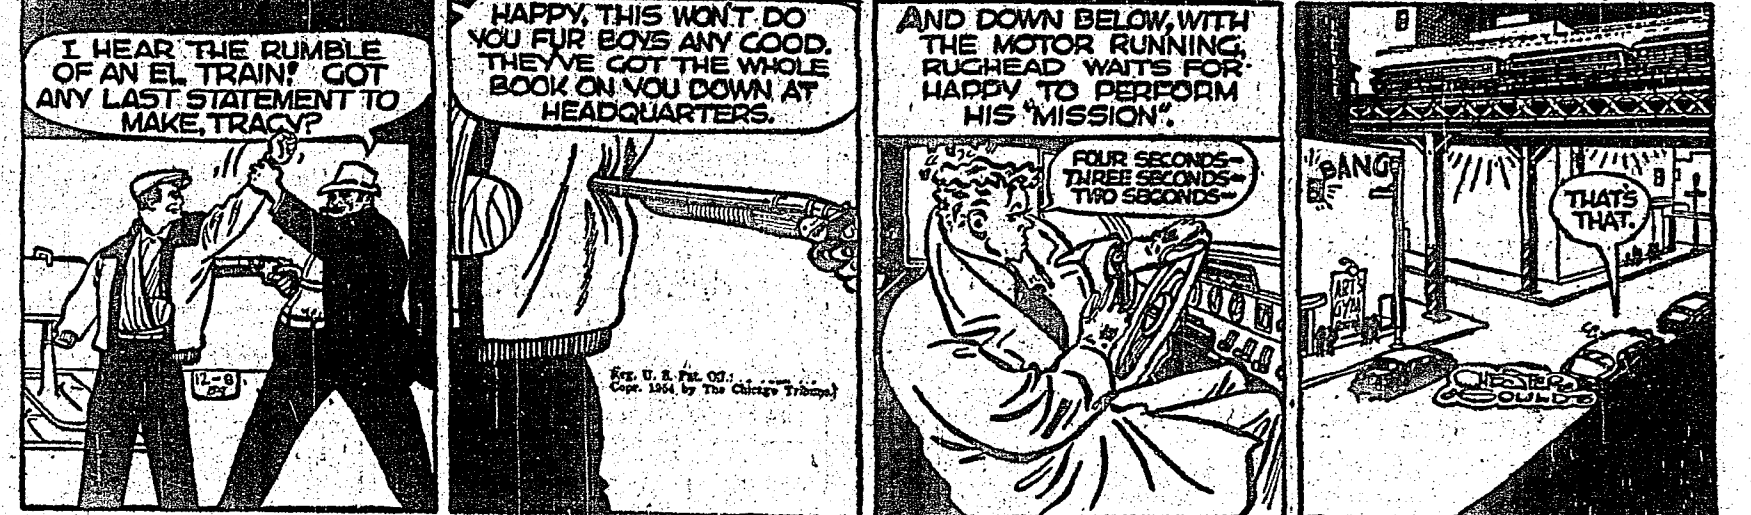

Dianne Drake has been elected president of the Pop Club with Dianne Redalen as secretary-treasurer. The club has about 100 members.

Class chairmen are: Martha Johnson, seniors; Louise Larson, juniors; Sandra Boyum, sophomores; Marjorie Aslesen, freshmen; Diane Ode, eighth grade, and Thomas Lyke, seventh grade. The club plans to sell lariat ties.
