Teachers Colleges ‘Go For Broke’; ’57 Summer School May Be Delayed

Because funds are insufficient to meet next year’s budget, the State Teachers College board recently voted to cancel plans for a summer session during the month of June, 1957.

It is important to note that this action affects only the one month of June and the summer session during that month. This action was necessary because of the enlarged enrollments and increased costs not anticipated when appropriations were made by the 1955 Legislature. Consequently, there is not enough money to operate as planned for the year which includes three weeks in June, 1957. This action is not to be interpreted as a cancellation of summer sessions in 1957. Careful reading of the board’s minutes will show that it affects only the fiscal year from July 1, 1956 to June 30, 1957.

President Nels Minnæs has cited that there is a possibility that summer sessions may not start until July when a new fiscal year begins. It is probable that there will be summer sessions in 1957; at least, it cannot be said definitely that there will not be any summer sessions in 1957.

And She’s a TC Student, Too!

Once upon a time there was a beautiful queen... and no one knows the story better than the beautiful queen herself — Miss Marie Miller — Miss Minnesota of 1956.

Lovely, talented, gracious, poised, etc., etc., it was Marie who walked off with top honors at the Miss Minnesota contest in Albert Lea on May 19. Many hoped and others confidently knew she would.

Among those most confident of her victory was Bob Carroll, the Prince Charming in the story.

Since January it’s been a mad, merry whirl for Marie. It was on January 20th that she was acclaimed Miss Snow Flake and reigned over the Winona Winter Carnival with Jack Frost VI. Soon after that she was Winona’s visiting queen at the St. Paul Winter Carnival.

Since then she has made countless personal appearances representing Winona and will continue to do so during the summer...

Highlights of the FTA year included a successful carnival and the sending of four delegates to the state FTA Convention, plus the election of Ernie Buhler as the first vice-president of the State FTA.

Good Luck Graduates
Thoughts To Consider

Dems Emphasize Voice of People

Inscribed on the Democratic Emblem are the words, “Vox Populi Vis Nationis”, which means “the voice of the people is the strength of the nation.” This is the motto of the Democratic party and it is the uppermost principle in the minds of the leaders in the Democratic party.

In saying the people’s voice is the strength of the nation, it is also saying, “If you want a strong nation, you'd better use your voice.” It is your privilege.

Gus Tyler, a political director in one of our garment workers union unions, says, “My name is for political office. You may not be a member of a political party. You may not even vote. Yet you can not escape politics.”

Look around you and you will see how true that statement is. You may be able to carry your back politics but it won’t turn its back on you. Think of the things that are happening in education; the things in your community such as water supply, sewage and so on, which suggests you to support or oppose some candidates.

What are Americans trying to prove? Are they trying to curry favor in your back community, and so on? What do you want to do about such a situation? It’s worth considering.

And More Thanks . . .

And now I would again like to thank the students of Winona State for placing their confidence in me in the elections this spring. It is a great honor to be elected and to have the privilege of being the leader of the new Representative Council.

Also, I would like to extend my personal congratulations to each and every person who was elected to the Representative Council. I feel that we have an exceptionally good group elected to the Council this year. I believe that this reflects the interest and thoughtfulness of the student body in its voting.

And to Bill Schimmel, my most sincere congratulations for a job well done and my grateful thanks for the help he has been in orientating me to the office of Council president.

Alumni Banquet

The discussion of alumni banquets at Homecoming came up at the first meeting of the new Representative Council. An idea was presented that it might be better to have one big banquet for all the alumni instead of a number of small banquets as there is now. The Winonan would appreciate comments from the alumni themselves on this topic.

The OTHER VIEW

by C. F. G.

This month “The Other View” is leaving the international political scene to discuss a very baffling local problem.

On my way to the Smog the other day I was momentarily delayed by a large crowd of students standing outside the office during the last week of classes on the campus.

Making out a schedule is important and of course there will be some conflicts and thereby some complaining; we realise that this is unavoidable. But as I stood there trying to devise my own plans, I began to realise from the talk of the group that many of the students don’t know what subjects they need for their respective fields or for general education. Therefore, I thought I would say a few things.

The natural, of course, is real trouble is that many of their advisors don’t know either. Where the problem is most acute is with non-career students, many of whom are undecided as to what field to enter, what combinations work best together, and similar complications.

Wouldn’t it be better if we spent some time giving them real counsel instead of a vague suggestion? We need to give them more specific suggestions so that they become seniors. The trouble is that many of them never reach the senior year because they don’t know where they are going and that is one to help them find out.

I suppose I’ll be accused of overemphasizing the problem, but next year will be my fourth and I never had any real counseling or advice. Next year it’s probably my own fault. But when registration comes around this year I won’t make it. The future rests on how we reinterpret its message in the new situation.

Reflection on College Days

By Bill Schimmel

As one whose days at WSTC are rapidly drawing to a close, I do not feel this to be the case. I am still in the throes of my college days and I feel that I have much more to learn. I feel that I have much more to learn.

The days of college are really not the happiest days in a person’s life but I feel it is in these days that one’s enthusiasm and spirit are really at their peak. I feel that the college years should mean a great amount of development and progress. As we finish another school year, the 98th in the history of our college, perhaps the feeling exists that this has been just like any other school year in our lives. But it may be that “college days” just don’t know how to put it.

In June of 1956, I will graduate from Winona State University with a B.S. degree and an M.A. degree. I will receive my Masters degree in July. After graduating, I will go to work at the Winona Senior High School. I will have a very strong feeling for the Winona community and will always cherish the memories of my college years. I will always cherish the memories of my college years.
Cindermen Snare 4th in Bi-State

Led by dashmen Jerry Ebert and Roger Krause, Winona State’s track squad finished fourth in the Bi-State track meet held Saturday, May 12, at River Falls.

For the first time this track season, the sun shone brightly all day, but not quite brightly enough for Winona as it could place only five men in the 14 event spectacle to total 28½ points.

Mankato was the winner, with 88 points as the Indians took nine firsts, while St. Cloud was second with 45½ points, River Falls scored 38, and last place Eau Claire had six.

Lee Loewen of Mankato was the outstanding individual in the meet as he took first in three events (high jump, broad jump, and high hurdles) and set records in both the 220 and 200 yard dash runs. His time in the high jump was a fine 6'4½ inches, and in the low he did 22'10½”. Lee qualified for the preliminaries for the new standard.

For Winona, Ebert, Krause, and Delwin Tschumper dominated the outstanding individual in the track meet as they placed first, second, and fourth, respectively.

Krause also was credited with a first in the 220 yard low hurdles when the winner, Loewen, was disqualified for finishing in the wrong lane.

Other point getters for WSTC were Jack Bratrud, tie for second in the high jump; Ebert, second in the 220; Tschumper, fifth in the 220; King Miller, fifth in the high hurdles; and the relay team (Ebert, Tschumper, Al Meyers, and Krause) which placed second.

The absence of Jack Strommer and a few other Warriors who were either injured or away on vacations deterred the hope of grabbing a strong third, or even second.

McCombmen Take 2 From Eau Claire

Gaining momentum as the season progresses, McCown’s diamondmen took a twin bill from Eau Claire 3-1 and 7-2, on Saturday, May 12.

The first game was a pitchers duel with Lee Paul getting the best of Eau Claire’s Dan Jordan as Lee fanned a dozen men in seven innings, only walked one batter while he limited Eau Claire to four hits. Winona scored its three runs in the bottom of the third when Jordan threw the ball over the first baseman’s head, and then Cook’s fly to centerfield scored Hubbard.

By 3rd Place Jinx

Winona’s track Warriors seem to be making a habit of coming in third-best in track competition, as they duplicated that feat for the third consecutive time Saturday, May 5, at Jefferson Field in Winona when they were defeated by St. Cloud and River Falls.

Paul and McGrath, Warrior Pitchers, Have Many Things In Common

Among all the men on campus there are two fellows who have many things in common and whose lives have followed some of the same general trends.

For example, each of these men married a girl named Beverly and each has a son named Terry. Both Lee Paul and Jack McGrath, for they are the men that are the subject of this article, are righthanded pitchers on the Warrior baseball team, and to make the similarity even more complete they are both graduating from college within the next year.

Now for something about each man individually —

Lee Paul:

Lee was born in 1932, graduated from Trempealeau High School, and served 22 months in the United States Army.

In 1952 he was married to Miss Beverly Simerson and in November of 1954, he was married to a second Mrs. Utica.

Besides his pitching on the baseball squad, Lee is also an outstanding basketball player. He has been one of the Warriors highest scorers from his forward post and also a good rebounder.

Other interests that rate high with Lee are outdoor sports like hunting and fishing. Beverly is interested in sports, too, as she follows Lee’s activities and even goes fishing with him, but she does feel “he goes overboard with his sports.”

When he is home, Lee and his family spent much time watching the baseball games on television. Terry takes an active interest in point of taking his bat and ball and trying to crawl right into the TV set to help the losing team.

Lee has helped Terry become lefthanded by encouraging the boy to eat and throw a ball with his left hand. Terry persisted with the hope of grabbing a strong third, or even second.

Jack McGrath:

Jack was born in 1930 and attended high school in Amborf Township. He married Beverly Sarn in January of 1951 and a year later their son Terry was born.

Jack has his service with Uncle Sam out of the way, having served from 1951 to 1953, and just quarter Jack is finishing his requirements for a bachelor’s degree.

One of Beverly’s most important, but not very frequent, jobs in the McGrath household is consoling a pitcher when Jack loses a game. Jack has pitched for WSTC for three years now and he has also thrown for the Winona Chiefs.

Besides being a topnotch pitcher, Jack is also a good all around ballplayer and is quite often used by Coach McCown as a pinch hitter.

Terry is going to be an athlete some day and frequently now he gets Jack to throw the ball over the first baseman’s head, and then Cook’s fly to centerfield scored Hubbard.

Huskies Win Baseball Crown

As Warriors Split Twin Bill

Winona State’s baseball squad finally had its grasp on the conference championship when the Warriors split a doubleheader with St. Cloud, 7-3, and 5-13, at the Park Saturday.

The Warriors went into the twin bill needing a sweep to gain the title, since St. Cloud was one game ahead of Winona before the second game started.

Winona took the first game off right by winning the first game 7-3 on the fine pitching of Paul and McGrath and some timely hitting.

St. Cloud tallied once in the top of the second inning, and McCown’s boys came back with two scores on singles by Hoef, Hubbard, and Timm in the Warrior half of the inning.

The Huskies then took the lead at 3-2 in their half of the fourth, but the Warriors bounced back on two walks, a single, and a wild pitch to regain the lead at 4-3.

Winona added three runs for insurance in the sixth on a double by Hubbard, and singles by Wieczorek, Cook, and Hoef.

The second game was a completely different story as the Huskies just about were taking up the contest with six big runs in the first inning. The Warriors were never quite able to overcome this great initial deficit, and St. Cloud went on to win, 13-5.

A couple of highlights for Winona fans were the home runs hit by Hoef and Wieczorek.

As a result of the two games St. Cloud won the conference baseball championship with a 9-1-0 record, compared to Winona’s 8-2 mark.

Mankato Tracksters Win State Meet; Winona 5th

by Jerry Tedrow

Winona State’s track squad placed last in the State Track Meet held at Winona on May 18. The host team won the title with 122 points.

Three records were set all by the Indians’ Lee Loewen, who is currently rated one of the three top hurdlers in the nation.

Loewen set records of 14.6 seconds in the 100 yard hurdles, 24.1 seconds in the 220 yard low hurdles, and 22½ 10½” in the broad jump. His efforts erased the old record on the books, which was set by Owatonna’s Walter Koss in 1930.

Although only 18 points were garnered by the Warriors, a possible 10 or more points were lost when dashboard-hardier Roger Krause fell during the low hurdles preliminaries in the morning after he had already qualified for the 100 yard dash, and so he was unable to compete in any of the races he had finished first on or second in on all season.

It was a key factor that prevented the Warriors from finishing higher in the standings.

Other scoring for Winona went to Jerry Ebert, who took the 100 yard dash and fifth in the 220; Del Tschumper, who placed second in the 100 and third in the 220; Jack Strommer, who placed fifth in the mile and fourth in the two mile; and Jack Bratrud, who placed third in the 100 yard dash.

For second place in the high jump.

This was the last time for Gene Brodhagen’s far-travelling Warrior track squad placed third in a triangular meet held here. The 1-3-2 score saw St. Cloud the winner over River Falls and Winona, 63 1/2 to 62 1/2 to 54.

High scores for the meet were Nelson of St. Cloud and Zamboh of River Falls as they scored 15 and 14 points apiece. Leading point-getter for the Warriors was Roger Krause, with a first in the 220 yard dash and a fourth in the 220 yard dash. Krause scored the only first for TC.

Other second-place winners for Winona were Del Tschumper (100 yard dash), Jerry Ebert (220 yard dash), King Miller (high hurdles), and Jack Strommer (2 mile).

Men are running our government. It's your responsibility. Pick your party and pull your weapon.

Senator Humphrey (D., Minn.) once said, "If you don't belong to any party, you are no good to anyone. Don't be a fence straddler. A person who can't make up his mind is immature. College students are probably the biggest offenders. They hide behind their college careers and say they have too much work to do. A student who has no time for his political responsibilities will find that in college he will have no time for similar responsibilities afterward."

Phones To Be Installed At College As Result Of Council Action

Two pay phones are to be installed at the college, after approval by the council at their last meeting of the year May 14. One phone will be installed in Somsen Hall and the other in Memorial Hall at a cost of $7.80 per phone per month.

The move was made by Tom Chandler and passed by a unanimous vote of those present. A petition must now be submitted to the finance committee for final approval of the phones.

The phone in Somsen will add to student convenience it was stated, since the phone in the general office is inaccessible during the noon hour and after five at night. The phone in Memorial is to add to the convenience of those attending basketball games, who are many who want to call cabs, etc.

The rest of the meeting was devoted to a summary of the year's activities. At the close of the meeting, Bill Schirrmich stepped down from the presidency and introduced his successor, Bob Brown.
