College Celebrates Homecoming, Founders’ Day

Welcome from the President
The college welcomes its alumni and friends to the campus for the events of Founders’ Day and Homecoming. Like all colleges, ours has been affected by the war so that many usual activities have been curtailed or suspended “for the duration.” But these are times when all of us must carry added loads, especially in the conduct of schools and colleges. These are times when we can take courage from the brave efforts of the college’s founders as we plan the future program of expanded service we shall be expected to provide.

Of course we hope you will enjoy this weekend on the campus, but more especially do we hope that you will help us through your suggestions to make better plans for the development of our college program in the years to come. As never before your college needs you. Welcome then to observe Founders’ Day and to plan for a bright future.

-Nels Mooney, President.

Editorially Speaking

From the Past, the Present

Histories of men and events — histories which tell of effort, sacrifice, and foresight — histories that relate the progress of the school from an upper story of the City Building in 1860 to the campus of today, these histories have an important place in our homecoming celebration this year.

It is one thing for us in a matter-of-fact way to take advantage of opportunities which others have provided. It is another thing to appreciate these opportunities and the educational workers who had the foresight to plan for future generations. There are groups of people who believe in living for the future. There are those who live in the present with little or no provisions made for planning ahead. But isn't a little bit of living in the past advisable for every one of us?

This homecoming is being dedicated to the founders of the Winona State Teachers College. It brings to our attention names and events from college history. It instills in us an understanding and appreciation for those who began the ideals, the high standards, and the traditions of the college.

Memories Are Magic

Memories are one of the things common to all men. By remembering, we bring back the joy of other years, unmarrred by the annoying instances, for memories are magic that they discount the unpleasant and leave only the pleasant to be written in the book of time. So it is with homecoming. The alumni will find their memories alive, and the days they left behind at graduation will return, if fleetingly, for the space of three short days.

Yet it is worth it, to relive again the days that brought joy, sadness and laughter. It will again return to stamp their traces on the minds and hearts of all present.

To homecoming, then, may we look forward to the host of friends and faces, temporarily absent, who will again return to permanently placed in our garden of memories.

The Public Should Know

The public in general is becoming aware of the crucial shortage of teachers but is not yet fully aroused to its seriousness and the causes which have produced it. The National Education Association has brought out some very revealing facts which should be generally publicized. Among these are the following:

1. Revision of state aid programs to provide additional state financial support.
2. Use of part of state surplus to pay war emergency bonuses to all teachers.
3. Adoption of (or improvement of) state minimum-salary laws.
4. Setting aside of part of state surplus for postwar educational plans and school building programs to avoid drains upon regular school revenues.
5. Revision and improvement of local salary schedules.

6. Federal aid to equalize educational opportunity, to adjust teachers' salaries to living costs, and to supplement the states' efforts along the foregoing lines.

DORMITORY SIMILES

1. As hectic as a dash for the morning mail.
2. As exhilarating as Sunday afternoon nursing a cold.
3. As absorbing as eating spaghetti.
4. As difficult as it is to observe study hours.
5. As insufficient as an excuse for ringing in.
6. As keenly alert as the girl waiting for a phone call.
7. As snappy as the cookies served for lunch.
8. As noisy as the third floor bunch.
9. As out of place as a man in a dorm.
10. As regular as fish on Friday.
11. As cold as a bath on Sunday morning.
12. As persistent as the girls learning to play band instruments.

From a detailed study of scandal sheets printed in various educational institutions about the countrywide, I have come to the conclusion that all writers of such columns generally start such a bit of journalism with a gripe concerning one of two things: the deadhead or a lack of something to write about. As long as it has become an established custom, I will not attempt to reform the world at this time, but comply with aforesaid set of laws and gripe about the latter of the two.

One teacher in seven is new to her position in 1944-45.

One in five is paid less than $1,200 for the year's work.

Many of the 280,000 teachers who have left the schools have taken the same length of time have gone up 30 per cent.

An analysis shows only too plainly the reasons for the shortage.

Navy Men Describe World Wide Travels

Lt. (j.g.) Perry Holdit writes of returning from the European theatre recently where he participated in two operations. He had been in ports in Africa, Cascoya, Italy and southern France. "We were in constant movement from Cascoya to Gonaives, Haiti, and we had numerous stops along the way. The weather was hot and humid, and the food was basic. But the experience was invaluable for my future career in the Navy," he said.

Lt. H. Stahmann, merchant marine, is a baker on a tanker in the South Pacific and has made five trips in less than two years. He received his training taking two courses in cookery at a maritime school in New York. In the merchant marine since April 1943, he has been to every port in the South Pacific. The Carche, an American vessel, is her home port, and she has made numerous stops at ports in the South Pacific.

Dutch New Guinea, scenes in Purvis Bay on Florida Island near the Solomons and as far as the Admiralties. "A land of beauty and danger," he said. "We have to be constantly on the lookout for enemy aircraft and submarines. But the scenery is breathtaking. We have seen mountains, forests, and waterfalls. It's like a paradise."
Champs, Chumps of Chess Playing Haunt Once Peaceful Lucas

There was an air of tension about the room. No one spoke. Occasionally someone ventured a move, only to test the initial effects of its vibrations, but later calm reigned, as dust settled after being stirred by an ambitious broumous.

Ten solemn figures, southeastern Minnesota chess fans, were seated in a large square around a table. Their rosters included an alligator, a turtle, elephants, and Al Hungerford before leaving the states. He says he's going to scout around and find a nice South Sea Island where he can settle down when the war is over.

Second Lt. Kurt Schellhas

According to a notice by the War Department, Second Lieutenant Kurt Schellhas, son of Mr. and Mrs. K. P. Schellhas, Sugarcreek, Iowa, was killed in England December 29.

Lt. Darrel Johnson

Killed in Action

Lt. Darrel B. Johnson was killed in action somewhere in the South Pacific January 17. He was the pilot of a navy torpedo bomber. A graduate of the Teachers College, Lt. Johnson enlisted in the navy in March, 1941. His wife, the former Marie Deets, and daughter live in New Albin, Iowa. Lt. Johnson never learned to drive a car, his sister, Elizabeth.

Memorial services were held at the Swedish Lutheran Church, Centre City, Minnesota, February 4th.

Dr. Minne's Hear From Former Teacher

From Manfred J. Holmes of the department of education of the Illinois State Normal University, Normal, Illinois, comes the following quotation in a letter to Dr. Minne, college president:

"I got at the Winona (we students proudly signed it the FNS) baby day book. It has always seemed to me a real god-send in my life, even if I do not include for this occasion the getting of my long life companion—the beautiful girl who was Jeanette McCool, who was a "critic" teacher there from 1895 to 1936.

"This very happy year of my life (1891-92) were spent there, my wife and I each much time teaching and writing. I (Continued on column 3)

In Commemoration

All honor to those pioneers, our fathers and our mothers, who created the visions of our faith, the prophets of our belief: Who faced the future steadfast, mindful of not self but others, Established this our college, sacred to their children's need, And in each matching year with high fruition, saw Stirred in our Alma Mater fulfillment of things dreamed.

And so, dear students, we now behold the pageant, While face to face our fathers faced it without fear, With blandness of heart and in our souls a courage meet, We consecrate ourselves to make each passing year, While rich with opportunity it marches on.

Show noble in fulfillment as the years now gone.

Dignified "Winonan" Emerges From Noisy "Pow-Wow" Pages

While we are on the general subject of commemoration, it seems fitting to com-
memorate the fact that this is the twenty-fifth anniversary of the college paper. It is somewhat of a source of pride that the college paper has now been given its dignified title of the Winonan started out as the Pow-Wow. But the fact is in-continental.

Despite its strikingly noisy title, the paper had a serious purpose. Inspired by the vision and example of Jean Tawney, from whom his teachers never knew quite what to expect, the first edition of the little ten-by-seven weekly appeared on Oc-
tober 28, 1919.

The following is quoted from the first editorial:

"In publishing this paper we are aiming to develop a school spirit among the students that might well be taken as a model in every school in the country. School spirit does not mean any more to us than a new of home, and as it would take several volumes to persuade the majority of students that it is essential as a part of their school life, we shall not labor the point. We shall also aim to develop in the hearts of the students such a love for their school that they will not only cherish above all things the memories of the days they spent here but will keep all projects which the school undertakes, attend regularly all athletic contests and abide by all rules and standards of the institution. It is perspective to think that this can be done at all. It will require the help of every person in the school.

"So, students, members of the faculty, and alumni, The Pow-Wow! the official school newspaper of the Winona Normal School, was first published in September of 1922. A box in the Winonan. The following list of dance hall rules was published under the auspices of Mrs. Richards the trouble of making a chapel talk.

1. General requirements of dance halls are soft music, no noise, and distance between dancers.
2. Music must not be too loud or noisy, for it has a tendency to make the dancers act in a similar manner.
3. There must be no pillar or shoulder movement by the dancers.
4. There must be no artificial rhythm with the dancers.
5. Face to face dancing is prohibited.
6. In dancing the man's right hand should be on his partner's back at the waist line, while the girl's left hand should be on the man's shoulder. The other hand being held together away from their bodies.
7. Dance halls shall close at midnight.
8. Annoyances of public nature should be reported to police station before hand.
9. No liquor or intoxicating drinks shall be brought into the dance hall.

In the fall of 1920 the Pow-Wow was discontinued as a separate paper and ap-
peared in the news weekly of the Winona Normal School greets you.

This system of publication continued for two years.

Peds Meet St. Cloud In Homecoming Tilt

The Winona Warriors basketball team will conclude its first year of wartime basketball tonight, February 16, when the Warriors meet the St. Cloud Teachers College quint as a part of the Winona homecoming celebration.

Hard hit by service call, the Warriors will rely on the sharp-shooting of Vernon Eskelson in the last game of the season. The hard-working ex-Rushford player scored 11 points against the St. Mary's civilians last Wednesday, his best effort of the season.

Those who have left the team during the season for active service include Charles (Sonny) Dahl, ace center who sparked the Warriors with a 20-point average for seven games, Mark Rohrer, and Johnny Little.

Civilian Redmen Upset T.C. Peds By 39-20 Score

The Winona State Teachers College squad of inexperienced players proved no match for the St. Mary's civilians here Wednesday afternoon as the Redmen took a 39-20 decision. The Warriors counted first, as Vernon Eskelson intercepted a pass and scored on a lay-up shot.

The lead was short-lived, however, as the visiting team started hitting with consistency that saw them pile up a 12-6 first quarter lead and a 23-12 halftime advantage.

Eskelson paced the Warriors with 11 points, five from the foul line. He left the game shortly after the second half started because of five personal fouls.

Coach Bambenek started Eskelson at center, Stitch and Matchan at forward berths and Brants and Hubberg at the guard positions for the Warriors.

The box score for the game is as follows:

W.A.A. Spotlight

Yes, girls, it's pretty much the same around here. You must remember Dr. Talbot, the understanding referee who knows you are not here to "misconducts" while engaged in active play. Remember how she thinks every foul is a mistake, not a crime? Some of you remember Miss Richards, a super referee also. We Moreyites have one big worry about her right now, however. Should we have her referee that game with Morey-Shepard which game will be played in several weeks? (and the off-Richards') So until then, girls, good luck wherever you are.

You are so good to play with us. "Cork," for instance, many of you remember how she literally flew off her stool and hit two free throws. Oh, and — now Lt. Martin. Jeepsers, how we underclassmen lost our eyes when you were on the floor, Ann. Where there's Ann, there's "Kit." Remember one night, Kit, when I practically knocked you out? We could go on to Stella Harris, Carmen Montgomery, Ev. Wood, Doris Johnson, and many others. Maybe after the war we can all sneak off to the little old standby, Hubberg, g; Stitch, f; Fiese, g; Gouen, f.

P.E. Banquet To Be Held

Welcoming back alumnae in the physical education field will be the feature of the annual homecoming dinner of the Physical Education Club. Lorraine Cashy, president, appointed the following committees to plan the affair to be held at the Winona Hotel, Saturday noon, February 17. They include: Gerry Rygler, Myrtle Sallet, and Carol De Wald, decorations; Ethel Turner, Florence Walsh, Audrey Carolthers, and Dorothy Wensenberg, invitations. Shirley Zinckals, Marjorie Anderson, and Peggy Grabus are to take care of arrangements, while Ruth Gast and Marjorie Anderson will handle collections, and Dorothy Engel and Mary Meier, the entertainments.

At a recent meeting, Miss Virginia Towner of the Winona public school system spoke to the girls on work in the department of physical education, discussing the various aspects it presents. The P. E. Club again has charge of the crowning of the queen, who shall reign over the homecoming festivities.
