Music Club Gives
Thirty-third Concert

Friday evening marked the thirty-third annual concert of the Mendelson Club, the oldest organization in the college which was founded in 1882 by all members of the class of 1883. The program represented the achievement of the club's work done. There was a great balance in the variety of the numbers. The soloists, Marie Ahrens, soprano, and Barbara Lindsay, violinist, performed in true artistic fashion. The cooperation of the members and the excellent leadership of Mr. Grimm make Mendelson the splendid organization that it is and give it the high quality which it possesses. Following the concert the annual banquet of the club was held at the Garden Gate. The festivities of the evening were begun by the able toastmaster, Ethel Ascott. The program followed the motif of the decorations, a madcap and stenographer. Mr. Grimm, as the Maypole, gave an inspiring toast. Fannie Wilby, in the main, was the American student of the members. A few months later by act of legislation which created a state board of education, he was named commissioner of education.

The dormitory rates will go into effect during the summer session, and it is to be expected that the cost of dormitory living will be of such nature as "Chasing and Fleeing." The older pupils will play both team and group games. The younger children will play both team and group games.

Good Will Visits
Made to Schools

The following schools exist between the Winona State Teachers College and the school of agriculture, and their attendance at our public school faculty members and students have made short friendly visits to these schools.

Term Fees Increased;
Dorm Rates Decreased

A new law has been enacted which drops the former pledge plan and substitutes a cash payment of $10 per quarter. The former registration fee of $4 will be dropped; but the activities fee which drops the former pledge plan and substitutes a cash payment of $10 per quarter will be retained. The cost will thus be increased from nine dollars per quarter to the pledge fee of $10. The former cash tuition and fee of $6 will be retained. The cost will thus be increased from nine dollars per quarter to the pledge fee of $10. The former cash tuition and fee of $6 will be reduced from $6 to $5 per quarter and board from $4.50 to $4.25. The dormitory rates will go into effect during the summer session; but the college fees will not be effective until the fall quarter of 1982.
Why Music Anyway?

Although everyone "likes" music, we are trying to uphold the practical value of a music education in these times of tax cut and cutbacks in the educational system.

It has been found, on questionnaires given to the students of Winona, that music has a definite purpose in their curriculums. Music, they relate, confounds the three essential elements of study: study, study, and study. In the first place, the study of music itself encourages, according to the author, the growth of wholesome mental attitudes. In the second place, the spiritual value of music functions as no other subject in the curriculum. Thence the pupil with a way in which he may profitably employ his leisure time.

The long hours of study required by many college students are a joy to all who have passed through the process of construction for twenty months. After severe testing of the college are glad to cooperate with Winona and the entire school.

Music has a powerful influence on our subjective lives: by refreshing the mind, elevating the soul, and stimulating the spirit. One gains ideals and a "spirit of culture" which is sympathy for humanity, broadens one's outlook on the world, the study of music contains a method of living and thinking, therefore, as philosophers are moved by reason, the masses are controlled by the appeal to the view, the appeal to the majority, the appeal to the "little boy on the street." Music, therefore, is a universal language because his schooling has laid a proper balance of instruments, interpretation, and ensemble playing.

The modern concept of public school music is

SOCIALIZING INFLUENCE OF MUSIC

Unfortunately a great many persons connected with it are uninformed of the many benefits that public school music brings. Under the modern system music is interpreted through the attempts of the schools to educate students with a love for the highest arts, a standard of what is good in art, and a desire for that art which means of further culture and wisdom. MUSIC

Takes us out of our far too routine selves;

Furnishes a carthasium for passion;

Induces new sensations and pleasurable moods;

Enables us by the endowment of rich experiences of active and sensitive souls;

Integrates us with others of similar sensitiveness;

Expresses in beautiful form what we inarticulately express in the use of words.

Mankato Defeats College Team

Telegraphic Track Meet Gives 'Kato Ten Firsts, Winona Five

In what is known as a telegraphic track meet the Winona Teachers College track team captured a $435 purse at the hands of a fast and powerful Mankato Track 20. The meet was held at the University of Minnesota here Friday and Saturday, May 5 and 6 in connection with the U. T. A.

On the first day of the meet the Orange and Black track men began to show their superior ability. The returns which came in by telegraph were the basis of points to all the teams in this meet. Following the telegraphic meet, Mankato had taken ten firsts while Winona had five firsts credited to them.

Time limits for Winona were taken by Arvin Berg in the mile, Kenny Svee in the high jump, Harold Rogge in the javelin, Merv Kohler in the high hurdles and Van Hoven in the mile run. The summary follows:

100 yard dash — Won by Olsen, Mankato; Olsen, Winona; second; Winter, Winona third.
110 yard high hurdles — Won by Olsen, Mankato; Winter, Winona second; Wiggins, Mankato third.
220 yard dash — Won by Shock, Mankato; Olsen, Winona second; O'Gara, Winona third.
220 yard low hurdles — Won by Olson, Winona; Winter, Winona second; Miller, Mankato third.
440 yard dash — Won by Shock, Mankato; Olsen, Winona second; O'Gara, Winona third.
880 yard run — WON by Huba, Mankato; Richards, Mankato, second; Winter, Winona third.
Shot Put — Won by Rice, Mankato; Svee, Winona second; Svee, Winona third.
Pole Vault — Won by Robinson, Mankato; Deets, Winona, second; Van Hoven, Mankato third.
Discussion — Won by Kienholz, Mankato; Rice, Mankato, second; Winter, Winona third.
Distance 111.5 ft. 454 in.

Low Hurdles — Won by Hoer, Winona; Kielholz, Mankato, second; Rogge, Winona, third.
Distance 26 seconds.

High Jump — Won by Svee, Winona; Rydman, Winona, Rice, Mankato; Kotcher, Mankato, tied for second and third.
Distance 5 ft. 9 in.

Broad Jump — Won by Rogers, Winona; Hurdick, Winona, second; Deets, Mankato, third.
Distance 21 feet 5 in.

Relay — Won by Mankato.
Distance 320 yards.

As an afterthought, it may be adduced that the W. A. A. women's track team, although they had but a small team to line up, did their best and even overshadowed the men's track team. The points which were made up to tie them may have come from the high jump and the 300 yard running.

Leading Roles in “Quality Street”

A mock track meet was the theme carried out by the Country Life Club at its annual party given Saturday evening, April 29, in the college club room.

The decorations were typical of those at a track meet stadium. There were banners waving, blankesters arranged around the track field, hamburger stands, and costumes suitable for the occasion. As the guests arrived they were divided into four groups representing the colleges of Winona, Mankato, St. Cloud, and Duluth. Miss Ruth Whittington, director of the activities, announced that each college should select contestants for several events. Several music contests were held. The Mankato group won the most points, thereby winning the blue ribbon. Winona came in second, and was given a red ribbon.

Everyone was then called to the hamburger stand for refreshments.
