College Secures "J.S."

For Excursion July 20

Students May Cruise up Mississippi for 25 Cents

The annual river excursion, a special feature of the summer session, will leave for the "IS." or "Capitol," formerly used on the Ohio River steamer, at 7:30 P.M. on Thursday, July 20, on the steamer "J.S."

This year's cruise promises novelty in that the boat will go up stream to Winona, Minn., as in former years and in that the usual charge of 35 cents per person will be used instead of the "Capitol." The "J.S." is described as an exceptionally luxurious steamer. It is side which was formerly used on the Ohio River, having been transferred to the Mississippi. It boasts a ten-piece dance orchestra, a palm garden, flowing fountains, and wicker furniture.

The river excursion has always proved popular; last year over 2000 tickets were sold. It is a unique opportunity to "see the Mississippi." 6:00 A.M. on Tuesday, July 8. This session will be opened by Mr. and Mrs. Stanley J. Pawelek who will reside at the Lodge, Mr. Pawelek being the Director of Industrial Education at the college.

This entertainment which is taking the place of the usual musical revue given during the summer session will, despite its excellence, be of interest to both students and townspople since they are expected to be presented with equal economy or craftsmanship as have been published in the Weekly giving students the opportunity to "see the Mississippi." It boasts a ten-piece dance orchestra, a palm garden, flowing fountains, and wicker furniture.

Is a Summer Paper Worthwhile?

"The people who come to summer school aren't interested in putting out a school paper. Their main concern is credits; they don't want to be bothered with writing a paper." This remark, and others like it, has been heard often enough during the past three weeks to make comment on the matter of the value of a college paper timely.

The major persons attending the summer session are interested in credits. But haven't help the people whom summer is brought in by credit?

The educational value of an extra-curricular activity is recognized during the remaining days of the school year and spring. The same values accrue in the summer as in the winter.

The ideal of service supposedly so prominent in the lives of teachers has been created along through the past two months.

You know, there's no point to that weather argument. Experts agree that one can only ignore the weather. A little practice in ignoring is offered.

There is one debt, owed by every teacher to himself or herself, that should be placed at the top of the list of writing assignments: regular writing. The majority of persons attending the summer session are interested in credits. But haven't help the people whom summer is brought in by credit?

T. C. INSTRUCTORS INJURED
Miss V. M. B. and Miss S. S., instructors at Winona State Teachers College, received severe injuries when the picnic at which they were serving overturned into a grab fest. They suffered gashes and burns and severe shocks as 200 students and teachers steamed the refreshments.

"Custer's last stand had nothing on this," declared Miss S. last night after being returned to the dormitory.

When questioned as to her condition, Miss B. merely turned her face to the wall.

Descriptions we may expect any day now that sunlucks are in.

"Lobsters were turned in a luminous brown and rose like twin shovel's from the frothy swirl of her mauve evening gown." — or; "The greyvel sash shivered yearningly as he bent to take the laces of her necklaces."

Oh, Grammaw, Grammaw!

Two archers were passing College Hall Tuesday last. After a deliberate examination one was heard to pronounce slightly "Bum — Western Union."

Girls at whom your writer mocks:

Are they who must wear ankle socks.

Personal nominations for the hall of oblivion:
1. People who answer "yes, sir" to a civilized greeting.
2. Persons who stand about in halls and moan how busy they are.
3. Restaurant owners who put two foot signs in their windows announcing that they sell beer.
4. Write a long column and people will think you have to work a couple of days for it.
5. People who put two feet in their windows announcing that they sell beer.
6. People who give Fine concerts.
7. People who give Fine concerts.
8. Persons who stand about in halls and moan how busy they are.

"A salad dressing with two foot signs in its name is gathered to its pop-eyed fathers."

Hit your marks, McCoy, and we dare you to write a long column or people will think you have to work a couple of days for it.
