Recital in Costume To Be Given by John Forrest

The recital program for the summer session, including the formal recital, will begin at 1:30 o'clock today. The program consists of popular songs by Mr. John Forrest, a member of the Chicago Civic Shakespeare Society. He will present "Great Moments from Great Plays," in costume. Since the recital is free, all students will begin at 1:30 o'clock. The program consists of popular songs by Mr. John Forrest, a member of the Chicago Civic Shakespeare Society. He will present "Great Moments from Great Plays," in costume. Since the recital is free, all students will begin at 1:30 o'clock.

Other well known actors he has been long associated with the class of drama and in association with each other and the students. Mr. Lerando was not an average person. Mr. Lerando was not an average person. Mr. Lerando was not an average person.

His name was John McCormack. In 1910, he returned to America to settle in Chicago. In two years time he had finished the B.S. degree at the University of Western University. On his first American tour in 1912-1913, Mr. Lerando covered thirty-five states and duplicated his European variety in the country.

Results of U. Survey Given

For several years the University had extended two years of credit to the holders of the college two-year diploma, but no credit to students who had not completed the full diploma program. To the degree holder, the University had already granted graduate standing only after a one-year period of preliminary work, the time and work thus given not being applied upon the advanced degree.

Upon the formal request of the Teachers Colleges Board, the University selected four men to re-can the Halls of Science for the purpose of re-filling the equation, libraries, teaching and student personnel and standards, and to recommend to the University the modification of the rules previously adopted. The professors were then sent to the colleges and their fields of inquiry were F. L. Shumway, Mathematics and Science; C. B. Rawlings, English; A. G. Krey, Social Science.

After considering the reports of the inspectors the committee made the following suggestions concerning the administration of the Teachers Colleges of Minnesota:

I. For Undergraduate Colleges — That the present restriction on the amount of work to be completed in the Teachers College be abolished and a transfer student's advanced standing be established by subjects as for a student from any other institution after he has completed a year's residence.

The holder of a two-year diploma be admitted to the College of Education on the same basis as heretofore.

T.C. Excursion Huge Success

Earl Duntin's Orchestra Plays For Afternoon Dancing

Providing the biggest treat of the summer season, the senior Y.W.C.A. group under "J. S." Earl Duntin's much talked-of 10 piece orchestra from Notre Dame played for a large crowd after the dancing. The palm garden, wicker furniture and flowing fountains were enjoyed by all the students. Everyone enjoyed the cruise up the Mississippi viewing the many spectacular scenes on the river, and standing majestically among the other beautiful sights was the "White Way," a huge Mississippi steamer. It is owned by the Streckfus line and transferred from the Ohio to the Mississippi river. Gus Hale was chief engineer.

Leaving Winona at 1:30 P.M. the steamer boat with a large crowd on board cruised up toward Wabasha and returned at 7 P.M.

School Sponsors Edu. Excursions

Several tours have been conducted throughout the city of Winona. These trips were part of an extensive summer program, and those who attended gained much useful information.

On Saturday, July 15, a trip was taken down the Mississippi river. The manufacture of vanilla was explained and it was found that it takes ten months to find that it takes ten months to prepare for it. On Saturday, July 15, a trip was taken down the Mississippi river. The manufacture of vanilla was explained and it was found that it takes ten months to find that it takes ten months to prepare for it.
A Teacher's Answer to "Bid" Practice

The practice of school boards in some districts to hire teachers on the basis of "bidding," has been the subject of some comment in the Minneapolis Journal. The following excerpt from "Bids for Teachers: Positions: The Board of Education of Winona State Normal School, the School Board of Winona County, Minnesota, will receive bids for teachers' positions as follows: High school principal, English instructor, home economics instructor, agriculture instructor, grade teachers for grades 1, 2, 3 and 4. The board reserves the right to reject any and all bids."

"I saw an advertisement in the Journal as follows: 'Bids for Teachers: Positions: The Board of Education of Winona State Normal School, the School Board of Winona County, Minnesota, will receive bids for teachers' positions as follows: High school principal, English instructor, home economics instructor, agriculture instructor, grade teachers for grades 1, 2, 3 and 4. The board reserves the right to reject any and all bids.'"

"I wish to apply for one of the positions. I am 30 years old, have a college education, and have experience in teaching, both in grades and high school. I have taught English for two years in a high school."

"As for my qualifications, I have taught English for two years in a high school. I have a good knowledge of the subject, and have been successful in teaching it. I have also taught reading, writing, and arithmetic."

"I have been a teacher for two years, and have taught in both grades and high school. I have a good knowledge of the subject, and have been successful in teaching it. I have also taught reading, writing, and arithmetic."

"I wish to be considered for the position of grade teacher, as I have a good knowledge of the subject, and have been successful in teaching it. I have also taught reading, writing, and arithmetic."
T.C. Intramurals

Round to Close

The fate of a summer school program of sports is to be cut short just at its peak height. At least that is the opinion of the many men who have been active in athletic programs, for Winona against a La Crosse and so is going to "play first base" for Winona. Coach Galligan, however, still does not believe this is the end. The group soon graduated Mr. Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

The annual golf tourney at Arcadia topped off the golfing season at Winona. Beginning late in the season. Much needed preliminary instructions were contributed by the coach Galligan. Those of you who attended the first day. The group soon graduated Coach Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

The Purple Warriors will slip directly from the football season into the Northern Teachers College Conference cage war of 1933-34 with Captain Verne Herman of Plainview, N. Dak., the new coach. Pre-season training will be completed with a non-conference game with Eau Claire T. C., before the holidays. Immediately afterward a second game will pit the Zorn and Galligan coached men. Then the conference schedule of eight games will be at hand consisting of duels with Picto, Champion, Biddeford, Duluth, and Winona. Those of you who attended the first day. The group soon graduated Coach Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

Temperament Regulator

For by Women of College

Some like them hot, some like them cool. Showers, I mean. Some women prefer the hot showers; others prefer the cold. But for the moment let us dwell on to defeat Owens for the championship. The winter may not be far away in many colleges of the country. The Warriors will slip directly from the football season into the Northern Teachers College Conference cage war of 1933-34 with Captain Verne Herman of Plainview, N. Dak., the new coach. Pre-season training will be completed with a non-conference game with Eau Claire T. C., before the holidays. Immediately afterward a second game will pit the Zorn and Galligan coached men. Then the conference schedule of eight games will be at hand consisting of duels with Picto, Champion, Biddeford, Duluth, and Winona. Those of you who attended the first day. The group soon graduated Coach Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

College Asks For New Field Fence

The College is asking for proposals for erecting a one-story building, with a roof of one inch thickness, for the use of intramural athletics. Much needed preliminary instructions were contributed by the coach Galligan. Those of you who attended the first day. The group soon graduated Coach Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

WARRIOR TALK

You are probably wondering by this explanation why this column is entitled "Warrior Talk." The explanation is simple. The Warriors are members of the varsity athletic teams. During the regular college year we have "beep" many times about the Warriors and their activities in the Winona. The term "Warriors" in the summer session includes all those who participate in intramural athletics. As we can always find someone to say something about them, the"Warriors" may not be away in many colleges of the country. The Warriors will slip directly from the football season into the Northern Teachers College Conference cage war of 1933-34 with Captain Verne Herman of Plainview, N. Dak., the new coach. Pre-season training will be completed with a non-conference game with Eau Claire T. C., before the holidays. Immediately afterward a second game will pit the Zorn and Galligan coached men. It is with regret that this activity terminated Mr. Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

Tennis Tourney Won by Landitcho

The play-offs for the summer tennis tournament for men were held during this last week. Landitcho, however, was not in the group soon graduated Mr. Galligan with the work. It is possible that with a little more typing from the list, it would be without a doubt, a much more enjoyable physical program open to the men of the summer.

Good Turn-Out for Women's Sport

Despite the extremely weather, many of the students have been indulging in the summer sports. The most popular sports at both the pole and tennis classes has been basketball. The Purple Warriors will slip directly from the football season into the Northern Teachers College Conference cage war of 1933-34 with Captain Verne Herman of Plainview, N. Dak., the new coach. Pre-season training will be completed with a non-conference game with Eau Claire T. C., before the holidays. Immediately afterward a second game will pit the Zorn and Galligan coached men. College Prepares For New Students

Applications for admission on next Sept. 5, Freshmen days, are coming to the office. At this date forty new students have fully complete credentials, and have been notified of their acceptance, while as many others have partly completed applications.

The fact that there has been no limit hereof set open enrollment, the university is encouraged promptness on the part of potential students. All 150 more applicants, while they will delay this matter until their applications have been processed, will mean loss to the student and to the university in this respect. It is the student's interest to have his application in the office as early as possible.

The natural science group in plant life, "Plant Growth," "Roots of Plants," "Fungus Plants," and "The Dogs of Plant Life and an animal life, "Fish, "Beach and Sea Animals," "Fluttering Fields," have been utilized in performing the experiments for the scientific films. The subjects were in the fields of natural science, physical science, and social science. The films are being widely used in the teaching of these subjects.

"Energy and its Transformations" has been utilized in performing the experiments for the scientific films. The subjects were in the fields of natural science, physical science, and social science. The films are being widely used in the teaching of these subjects.

Jewish Rabbi

Speaks July 18

"Man is something more than a mere animal or a machine. Man was created as an image of God and anything that man's social life is considered irreligious," states Rabbi Albert G. Mindel from the Temple, Winona, Minnesota.

The theme of Rabbi Mindel's address was "The Social Message of the Bible." He continued, "It seems to me that we have done too much classifying and pigeon-holing of man. The individual and the social order are so interdependent that each of them is hard to draw distinctions" he continued.

"To my mind the Bible is the greatest book of human relationships. It sets forth the social ideas of justice and religion, which are the very foundation of our social legislation at this point in time, and the social ideas put forth in the Bible. The entire code of the Bible deals with ideas of justice and religion. It seems to me we have done too much classifying and pigeon-holing of man. The individual and the social order are so interdependent that each of them is hard to draw distinctions" he continued.

"The library is the greatest book of human relationships. It sets forth the social ideas of justice and religion, which are the very foundation of our social legislation at this point in time, and the social ideas put forth in the Bible.
