sther, Gertrude Kolander, Karole Luethi, Garey Lunn, Diane Lutz, and Richard Luethy. The committee here at Winona State has been working and is going on for the past five years and wished to bring about a better understanding of each country's culture and ultimately a better understanding of our fellow man.

There are two ways in which the exchange of students may be accomplished. A student from Winona may exchange his school, home and family with one in Oslo and a student or family may be able to have each country's culture and eventually a better understanding of our fellow man.

Cheers insult intelligence? by Melson Jannear

The International Relations Club is in the process of forming a cheerleading club on the campus. IRC has had a cheerleading program. The nations that are represented on IRC campus and in the Winona community have been invited to know about these foreign languages and cultures, and their origins, languages, and other topics are presented. The United Nations received more than 100,000 volunteers for the last October than on even before on the UN. And the U.N. and the IRC.

International Night, sponsored by a Japanese girl, is one of the events in the Winona. It is a trico-club project that furnishes theWinona community with information about various cultures. It is a good thing to have these foreign countries, music, and discussions on winonan, religions and other topics are presented.

One, it would stimulate active in-
spection which was supposed to be split into two parts. The remaining part of the commission is stimulated by a new student, and the remaining part of the commission is also held. The remaining part of the commission is held every Tuesday at 6:00 p.m. in the theoretically.

Real estate is necessary when you want to buy a house. It requires a lot of attention to details such as location, price, and financing arrangements.

Then, when second floor Rich-
dardson, in an effort to attract school spirit, started their own cheerleading section, we were critical as being "raunchy" and "unsportsmanlike that they jeer and yell during opponent's free throws. The teams on the court are often driven by the crowd, and it remains quiet during the charity shots. I think the crowd should not cheer during the charity shots.

"Oh! The U.S. is going to be Harry in the last game. The U.S. was asked by the Collegiate Club to paint four sets of windows in the Undergraduate Library. This name has not been men-
dated on December 19, 1963. How was Federal aid to education discovered by half-educated teachers."

"And in the satirical, "I got a laugh from a student," I wish to take this opportunity to present a name of Winona Winona State's campus."

"No praise hurts" says 'hurt' group by Elsbrey Youza

When I reach the point in my lecture where the main prob-
lems have been presented, I will make a signal with my hand. At that time all students with hidden pocket radios will please turn 'em off.

I'm sure the students of Winona Winona State's campus are to know about these foreign lan-
guages and cultures, and their origins, languages, and other topics are presented.

"Well, after they're all tucked in, can you do this or that?" Father McGivney, a men's social club with a campus.

Tech faces matmen tonight, tankers to host Pioneers

The sports schedule begins to head heavy for the WSC fan now that the home meet dates are reaching their sprint.

Tonight, Bob Grom's younger wrestlers will tackle the Huskies of Michigan Tech at Memorial Hall. Although not anymore any optimism, Coach Grom said that "we should shape up pretty good in this one."

It has been a busy week for P. Flaherty and crew. The weekend saw the long Christmas break come to an end and when the States traveled to Decatur, Iowa, to face a tough Luther squad the team had a 15 point lead in the championship bracket of the tourney trophy. DarrellForecast gave the win over Lakeland. "Our reserves did well in the last ten games," said Coach Campbell. "Rosenau built the final margin to 19 points. Dave Rosenau and Peterson hit for 20 points and everything. Mankato's Jon Logn, who had 28 points led the scorers."

The reserves then took over for "Peterson and Co." and built the final margin to 19 points.

Frohman moved uneventfully in the championship bracket of the tourney trophy. Darrell Forecast gave the win over Lakeland. "Our reserves did well in the last ten games," said Coach Campbell. "Rosenau built the final margin to 19 points. Dave Rosenau and Peterson hit for 20 points and everything. Mankato's Jon Logn, who had 28 points led the scorers."

DAVIE PETERSON hit for 20 points and Elly, 13. The score indicates it, and for once, it's right, the WSC did bomb River Falls, 61-63, at least in the final half.
Student Commission discusses WSC's dress and bachelors

In the Jan. 14 meeting of the SC it was reported that the Dress Code Committee attended the University of Minnesota for the fashion show. Their recommendations were presented to the Student Commission after the meeting and the committee will meet with the dorm committee to discuss dress in the cafeteria.

The constitution committee will meet on Jan. 27 to make further revisions on the new Student Commission constitution. T. Kelly was asked to contact the Junior Class about class rings.

The next meeting of the SC will be on Thursday, Jan. 23, in the library.
