League of Women Voters
Mrs. Marie B. Anderson, president; Jereline Millner, vice-president; Dorothy Braut, Christina Sawyer, and Edythe Bassett were on a trip to Minneapolis to automobile Friday, October 13, to attend the League of Women Voters convention held here that year at Macclesfield College.

John Dewey Club
The John Dewey Club was entertained at its second annual meeting held at the home of Mr. and Mrs. W. A. Owens on November 10. After a brief business meeting, Marie Barmister, club president, introduced Mr. Owens as the speaker of the evening. He gave a brief but thorough presentation of the topic "Tests and Measurements," and concluded his talk with an amusing question, "What tests do you give at home?" A round table discussion on the subject followed.

The American public has been clamoring for drama and more drama. The only thing I have for deviating from my former style of writing is that I most potent form of public. After all, fifty million coats can't be wrong!

With his football season successfully completed Coach Glen Galligan, aided by Captain Verne Herman, will have his time building up a smooth working basketball outfit for the coming 1933-1934 season.

With the close of the fall quarter, fall sports must also come to an end. The seniors will round-up will be posted on the bulletin board. The W.A.A. is planning a "get-to-gather" for the purpose of introducing the Purple to the intercollegiate sports.

opening of the institution. Two outstanding men of the college are planned to have their annual banquet at Morey Hall. More than seventy-five men are expected to attend.

Mr. Jordan is to be toastmaster so, of course, will be plenty of wise-cracks and abandoned good humor.

Several short speeches are planned for during the evening and Mr. Minne has been asked to talk to the group.

Faculty Members Attend Conference

Mention has been made in carrying out this idea under the leadership of Dean Johnston. Three topics were considered.

Should there be a larger participation on the part of all colleges, including the junior colleges, in the high school testing program carried on in Minnesota under the direction of Dean Johnston? This is the testing program, involving high school school selection for college work. The results of this test would be sent back to the high schools and would help avoid having students coming to college not equipped to carry their work successfully.

The second was to cooperate in a testing program in the high school beginning with the tenth grade and aiming at better vocational guidance.

Ought more significant and complete records be made in high school, preferably on some uniform examination? That valuable information might accompany the student to college or indicate his most promising lines of work in high school?

Saetveit Leads Choir

In First Appearance

The A Cappella choir is working on two very difficult numbers to be sung at chapel on Friday, November 17, at which time the organization led by Mr. Saetveit, will make its first appearance before the student body.

The first number is an eight part arrangement of an old German chorus, "Praise to the Lord" by F. Melius Christianson, director of the St. John's choir. A Russian song, "The Cherus- hini Song" by Bortmanni, written in four parts is the second number being prepared.
