125 Awarded Scholarships

College Budget Not Yet Settled

David Harris

Because the special session of the state legislature has not yet appropriated, the college will continue to function despite a lack of funds.

The last time such an event occurred was in 1957, recalled Dr. Minne. Even if the legislature does not appropriate the by-end of this fiscal year, Dr. Minne went on, the college will continue to function despite a lack of funds.

Tuition Fees Change in July

Dr. M. R. Raymond has announced that tuition charges for the college next year have been raised, effective at the beginning of the second summer session of 1959, because of advanced costs of maintaining the college.

In contrast with the present flat rate of $40 tuition fee per quarter, next year’s charge will be $56. The activity fee, of editors of the school annual, announced the selection of Terrence Kohner as Managing Editor of The Winonan.

Editors Selected

Mr. Edward Jesson, adviser for the student publications, announced the selection of Terrence Kohner as Managing Editor of The Winonan and Lee Zell, James Mullinger, and Pat Clay as editors of the school annual, Winonan, for 1959-60.

St. Paul Educator To Address Seniors

The Reverend William Emmett O’Donnell, baccalaureate speaker, was born in 1901 in Fort William, Ontario, Canada, and came to St. Paul, Minnesota, as a child with his family.

He received the D.Sc. degree from Lourian University, Belgium, in 1928. He was Dean of Students at Indiana University, in 1938. The subject of his doctoral thesis was “La Lutte between French and America, during the American Revolution.”

Father O’Donnell returned to St. Thomas in 1938, where he became director of the College of Music. He was named Director of the College in 1938. He has been named President of the College of Music and the St. Thomas Military Academy. He is a member of the Indianapolis Symphony Orchestra, where he distinguished himself as a soloist on the cello and violin.

Grimm holds bachelor and masters degrees in music education from Indiana State Teachers College. He was also a pupil of the famous musician, Conchelis Van Vliet, while a student at the Indianapolis Conservatory of Music.

Students of Winona State will miss Mr. Grimm. His classes were always very popular, since he was a master of demonstrative teaching and kept his audience interested by the playing of records from his vast private collection of classical, light classical, and popular music.

Mr. Grimm To Retire

Mr. Walter Grimm, teacher of music education at Winona State, has announced his retirement, effective upon the completion of spring quarter 1959.

Mr. Grimm’s teaching career at Winona State spanned 35 years, beginning in 1923. Before that time he was a member of the Indianapolis Symphony Orchestra, where he distinguished himself as a soloist on the cello and violin.

A Scenic Drive

Glen Dahlman

One of the more scenic drives in the Twin Cities area is following the winding road that ascends picturesque Gilmore Valley, located just west of the city of Winona. Gilmore Valley may be reached by taking U.S. Highway 14 west, past the village of Rosemount, taking the first turn to the left beyond the college entrance. At this point, the valley is very narrow, but as the road climbs in elevation, the base level, or the spot at which it will enter the main river valley.

Consequently, it is comparatively flat and wide in this area, and the grounds of St. Mary's College afford a spacious view of the valley floor to the front, with an elevated valley wall as a backdrop.

**POPULARITY HINTS**

One of Madison Avenue's favorite idea-gathering techniques has provided expert answers to the biggest problem of young people — How To Be Popular.

The advice on the subject from adult authorities, most young folks listen more readily to people in their own age group. That's why authors John (eq) and June Kellogg, authors of the advertising method of "brain-storming," chose a group of popular teenagers to ask: What can a person your age do to widen friendships and become trusted and respected by others?

Hundreds of answers resulted from the brain-storming session, in which group members were encouraged to spout whatever ideas came into their heads. The best of these are reported in an article in the May 16, 1959 edition of *Teen-Ager Digest.* Some of the suggestions:

- People look like you know them. 
- Don't be afraid to start a sad — somebody has to.
- Avoid telling long-drawn-out or involved jokes — or the same joke over and over again.
- Don't burn people down just for fun.
- Don't carry grudges.
- Don't have one set of manners in school and another set for everyday.
- Think of ways to make others feel good.
- Don't concentrate too much on yourself, and never be too busy to help other people.

Warrior Nine Falls in NSCC Title Bid

Winona Misses

Winona State 5th In NSCC Golf Test

Winona State, playing without its No. 1 man, finished fifth in the annual Northern States College Conference golf meet at St. Cloud last fall.

The locals carded a grand total of 498 strokes, 16 behind champion Mankato State College. Absent from the Winona lineup was Slammers' Gordy Elliott, benched with a strained back muscle.

Coach Madsen (Moon) Molinari was quoted as saying, "We might have taken the meet had Elliott been able to compete." The golf missiles elaborated — "If he had one of his better days, I think we might have won it. He was our No. 1 man all year, averaging about 73 strokes a game. Then, too," he continued, "I think the other guys probably were a little bit down because Gordon didn't play.

The one bright note in the golfer's performance was that of WSC's Jimmy Jacobs. He qualifies for the National Intercollegiate Championships of Intercollegiate Athletics Play-off to be held at Huskeyville next week. Jim led his hometown team with a 39-40-41-120.

For the Indians from Blue Earth County, it was Butch Meyeran covering medalist honors with a 38-37-38-113. Moorhead shared the title last year with the Moorhead State, compiling a 6-2 NSCC record. It was the third time in 13 years that the City Gate team has finished in the runner-up bracket. In the other remaining 10 years the Warriors have either taken or tied for the championship.

Connie Gasper, who had a brilliant career as a moundsman at Sparta, Wis., High School, suffered the loss in the opener. Casper's loss was his second consecutive in two games. He won his first six starts.

It was smooth-working Don Behrens who won all the way for Winona in the second game and chalked up the triumph.

For Coach Joe Gerlach's boys, it was 10 wins while losing seven in over-all play for 1959 — a pretty fair country season in anybody's book.

A letter to Advertising A said that the following ad was repeated to the writer recently by his mother, now over 70, and that she had remembered it as a teenager back about 1895. It originally ran in a Massachusetts newspaper (ACP).

How Much Spent This Year At College

(ACP) — How much have you spent this year at college? A survey of a family economics class at Kansas State University revealed the average student spent $685.09 a semester. But the class professor was quick to point out “this average is a worthless number because of the many variables which enter into each student’s life.”

Prof. Richard Morse told the Kansas State Collegian some students get by on $300 a semester, others spend up to $1,300.

Most interesting survey discovery: The student who pre-sets a certain amount to spend in a given period will usually spend less than estimated. It worked out that way for 31 of the 40 students.
