The Unorthodox

Shades of the Unorthodox and the Iconoclastic — a column on ideas, goals, and objectives. What do you think? Have you ever tried to please five or six hundred different people with as many different temperaments, ideas, and objectives? ... Have you even tried to please five or six hundred different people with as many different temperaments, ideas, and objectives? ... Have you ever wondered why I have a receding hairline.

The Unorthodox — a column on ideas, goals, and objectives???

Within five years it is a hidebound tradition and traditions die young in the United States. And there you have the life cycle of an Idea! An orthodoxy I'd like to depart from. It seems that those are those who would drop the word 'Teach' from their curriculum. Yet, and here is a thankskink task. Have you ever tried to please five or six hundred different people with as many different temperaments, ideas, and objectives? ... Have you ever tried to please five or six hundred different people with as many different temperaments, ideas, and objectives? ... Have you ever wondered why I have a receding hairline.

The Unorthodox — a column on ideas, goals, and objectives???

Youth. An orthodoxy. Within five years it is a hidebound tradition and traditions die young in the United States. And there you have the life cycle of an Idea! An orthodoxy I'd like to depart from. **THE WINONAN**

**SCHOLARSHIPS PAVE WAY FOR NEEDED EDUCATION**

For years deserving students of Winona T. C. have been receiving money from the institution to help pay for their education. Almost every college or university has a proposal for an Alumni Scholarship Fund. This can be spent only the income of the investments.

This year eight students are being assisted by $626.20 in their education. The Seventy Year Scholarship Fund was begun when the Alumni Society of The Winona State Teachers college held their annual reunion. Among their activities was the institution was about to enter

**ALUMNI NOTES**

**Tait Receives New Appointment**

Arthur T. Tait, E.D., class of '35, has recently left his job as educational director for the Los Angeles County Schools to become assistant director of research and technical services for the California Text Bureau in Los Angeles. He is also serving as president of the Education Alumni Association of the University of Southern California where he also teaches tests and measurements and educational research. Tait recently became a life member of the Winona Alumni Association.

Alice Procdahl, class of '40 has accepted a position teaching the first grade at Spring Valley, Wisconsin. She began her work there on November 29.

Virginia Reed, who was graduat

ed from the two-year Primary-Rural course in 1941, is now teaching English and speech in the New Haven High School, New Haven, Michigan. She received her Bachelor of Arts degree from Adrian College in May, 1948. Miss Reed recently stated that she does not look forward to Christmas with a great feeling of exhilaration because she is teaching in her home town.

Some spot reports we have picked up are as follows: Gilmour Pike is teaching science in the high school at Cloquet, Minnesota. Vern Kroeger has been appointed “Y” secretary at Red Wing.

The Christmas season is not a time that should be rushed into with a great feeling of exhilaration; but rather, a time we should look forward to Christmas with a great feeling of excitement because we are planning and thereby anticipate that it is a day for love and worship.

Red Owl Coffee Bar
Kappa Pi Holds
Art Bazaar
As the Christmas season draws near there has been increased activity in room eight, headquarters for Kappa Pi, national art fraternity. In a frantic rush to meet the deadline of December 10 for the art bazaar, the members of the organization worked steadily in order to provide a wide variety of handmade articles for their buying public.

The articles sold were in the best of taste and illustrative of the abilities of the artists. Among other articles were beautiful hand-painted tumblers, pitchers, and other glassware. They were done in rich colors and designs and elaborate grapevine motifs.

Delicate designs were carried into meticulously-done card boxes. Attractive and colorful peasant designs adorned trays, plates, and bowls of richly grained wood. Lines of high artistic achievement were for sale, as well as many other items produced by individual members of the fraternity. This bazaar has been an annual event for the past six years at Winona State Teachers college.

To heighten the Christmas spirit the art room windows have again been painted in tempera to achieve a stained glass effect. This year the windows were done under the direction of Don Redlich.

College Winter Party
To Be Held January 15
The all-college winter party, sponsored by the Science club, will highlight the social calendar for January. A full evening of entertainment is being planned for Saturday, January 15.

According to tentative program arrangements a snow queen will be selected from the T. C. student body. This queen will be the candidate to represent the college at the winona Winter Carnival, at which time the 1949 Queen of Snows will be chosen.

Indoor games and a movie will be provided for those students who wish to remain at Somsen hall. At 10 o'clock all groups will converge to the cafeteria for the coffee hour, December 12. - After the dinner tour Tuesday evening, December 17, at the Lutheran Church, Ave. and Strand, and Robert Aarsvold.

Among other articles were beautiful hand-painted glasses and pitcher sets. The group will also give a performance of the play "My Experiences in Russia" by Arthur Grosz, a Soviet Union native, who was the topic presented by Gunther Hohmann, a German student near there has been increased activity in room eight.

Among other articles were beautiful hand-painted tumblers, pitchers, and other glassware. They were done in rich colors and designs and elaborate grapevine motifs. Shown making preparations for the annual Kappa Pi art bazaar are Charles Pearson, Marcia Holberg, Stan Ledebur, and Bob Anderson. Each year members of the art fraternity make a wide variety of articles suitable for Christmas gifts, which are sold to the public at the bazaar. Officers of the organization are Mr. Anderson, president; Adeline Johansen Christensen, vice-president; Anni Goss, secretary; and Donald Redlich, treasurer. Miss Floretta Murray is adviser of Kappa Pi.

Of Gosips and Grape Pimps
By Alice Mae Schuel
Trudging dejectedly down the hall late one afternoon, I suddenly spied one of those rare items—a note for me on the bulletin board. I tore it open and read:

"From the gospel according to St. Phil—"

Six days shalt thou labor and do all thy work, but the seventh day is a day of rest for the Lord thy God."

I chuckled and said to myself, "That fellow is really witty.

Then the force of those words struck a mighty blow. This was the third of December, and I, a lowly page editor, had no copy! My eyes popped from their sockets; my nose twitched, and my mouth went dry. While my teeth chattered and my knees shook, millions of goose pimples chased down and under my spine. I staggered slowly down to the athletic department.

There I selected the choicest baseball bat, and reclimbed the stairs. With car-like steps I crept into the publications room and hid behind the door, a wicked gleam shining from my eyes.

Unaware of my presence, Larry Catlin swept into the room. When he saw me with the arched cheek and face free with horror, I raised my bat, ready to strike a blow. Then Larry smiled. "Hi, Alice," he chirped. Slowly I weakened. After all, this was the season of peace on earth, good will toward men.

"What do you want for Christmas?" I asked him.

Larry's grin spread from ear to ear. "Why, I'd like an anxiety that would pay me $1,990 a month for the rest of my life," he answered.

Whistling merrily, Paul Sagat burst into the fatal chamber. He looked so cheerful that I just couldn't resist displaying a wholehearted grin. That did it.

When Paul Schwab walked in, I fell on my knees and handed him the baseball bat. "Here is a present for you," I whispered meekly. "Merry Christmas!"

CLUBS FEATURE
VARIED EVENTS
"My Experiences in Russia" was the topic presented by Gunther Hohmann, a German student now at St. Mary's college, at the monthly meeting of the International Relations club, Tuesday, November 30. Mr. Hohmann served in the German Luftwaffe during World War II, and was captured by the Russians. He discussed the general living conditions of the Russian peasants and also the economic and political systems of Russia.

The annual Christmas banquet of the Lutheran Students Association was held at Central Lutheran Church Sunday, December 12. After the dinner LSA members attended the Christmas Card missing弗尔 service at the church. Serving on the food committees were Joan Warner, Darvin Christenson, Clara Strand, and Robert Aarsvold.

Members of the Y.W.C.A. participated in a Santa Claus outing Tuesday evening, December 17. This year the group enjoyed a tour of the homes of elderly Winonans and of the T. C. faculty.

Mila Opal Foster, first grade supervisor at Phelps, spoke on "Washing a German" at a meeting of Elementary Grades Club Monday, November 29. She told of her experiences as an exchange teacher in Scotland last year and listed the benefits of exchange for both the individual and the community. Members of the refreshment committee included Marilyn Graskamp, Joyce Jenny, and Mary Lou Norton.

Members of the Minzor presented a program of Christmas music at the meeting of the Ron Dresser Club Monday, December 15, at the Hotel Winona. The group also gave a performance at Altura, Minnesota, Saturday, December 15, at 8:00 p.m.

Mr. E. T. Winkels of the Wisconsin Technical College addressed members of the Industrial Arts club at their meeting Thursday, December 17, at the Hotel Winona. The group was given a tour of the new shop equipment for the art department. After the meeting, the members enjoyed refreshments, and a number of new members were elected.

Of Christmas Movies
"Going Home" is a real, heart-warming movie, for there can be no more heart-warming story than the story of Christ's love for us. It is a true love story and one that every Christian should see...."
Grade Club Plays Santa

From theory to practice is the step being accomplished by members of the Elementary Grade Club under the direction of Lois Kirkland. Using the techniques learned in Industrial Arts, the girls are repairing Christmas toys to be distributed to poor children in the city.

At the November meeting of the Club, members voted to cooperate in some way with the welfare office in helping alleviate some of the unhappiness that is bound to occur at this season. Each donation to the City Relief office will be made to buy material to be used in making of layettes but the girls felt that something more personal could be done in this game of playing Santa Claus to the poor. Accordingly, Jean Keefe and Eileen Schuman were selected as a committee to contact Mrs. Kathryn Lambert of the County Welfare Office. It is expected that the plans to be developed.

Several merchants from the city had already offered to donate or sold toys to the welfare office and the girls volunteered to make some of the toys and wrap the toys in seasonal style.

With about 75 toys, tractors, teddy bears, wagons, doll beds, the girls have been spending their leisure time for the past two weeks trying to repair the marks of carelessness or accident. With drill, hammer, saw and paint brush they have been making the very thing for which some less fortunate child has been longing. Now, the children will spend their Christmas party time in wrapping the completed toys.

Whoever they are, there will be 75 harriers younger who Santa makes his rounds Christmas Eve.

Barry's Phelps Class Wields Paint Brushes

It's just possible that some of the current eighth grade girls in Phelps' School might not know all of the formulas and facts that make up the subject matter itself.

Then because the subject is of an abstract nature, there is plenty of evidence that they are becoming authorities in the art of interior decoration.

Under the direction of Mr. Barry, instructor of the eighth grade, the class undertook to redecorate the classroom in the northwest corner of Somers Hall.

Since the maintenance budget for the college did not include funds for the project, the pupils planned to include the price of paint and brushes in their undertaking. To finance the work, they sold a house numbering service to Winona property owners.

Under the plan which has netted about $50 for the school job, house numbers are being painted on curbsides of cooperat ing customers.

The actual work began several weeks ago with the washing of walls and ceilings in the classroom and Mr. Barry's office.

Three student teachers, Henry Bartel, Christ Kristo and Bill Fox, assisted in painting the first ceiling coat, but the remainder of the work has been done by the pupils with Barry's supervision.

The paint was furnished by the State of Minnesota, the funds originally allotted for that expense have been rede- signed to be used in the purchase of drapes or Venetian blinds after the painting has been completed.

Mr. Barry expects the work to be finished in time for an open house to be held next week.

The anticipated students depend on Schaffer's

Athenlo's Feats
By John D. O'Brien

Bang! the timer's gun barked ending the game. The scoreboard read Winona 56-Platteville 56. The visiting Platteville five had made a storybook comeback, scoring twenty-three points in the last quarter, to send the game into overtime. Bedlam broke out in the spacious auditorium. This, the first game of the season, was turning out to be quite a thriller.

Riding the dubious crest of last year's all-conference-game losing streak, the Warriors had entered this game determined to win. They seemed to have the game well under control as they coasted to a 19 point halftime advantage. But it was an aroused Platteville quintet that took the floor in the second half. Their fast-breaking attack and uncanny shooting had knotted the game up. It was Tom Murphy, their hot-shooting forward, who sank a free throw in the last thirteen seconds to send the game into overtime.

Platteville scored first in the five minute overtime period sending a momentarily chill through the Winona fans thronging our vast gymnasium. However, big George Vondrashek netted a hook shot seconds later, and Dennis Jr hit a two-pointer from mid-court putting the Warriors ahead to stay.

The highlight of the entire game was the one-man dribbling exhibition that Donnelly put on during the extra session. Expertly quarter-backing the team from his guard position, he proved a handy man to have around in the church. At one time he kept control of the ball for nearly a minute, miraculously thwarting all of the opposition's desperate attempts to gain possession of it.

The entire Warrior team, working well as a unit, has shown great poise and scoring ability in all its pre-conference games. Coach McCown's hoopsters, rated as the "dark horse" team of the teachers' loop this year, will certainly not be the doormat of the league. We'll keep an eye on the Warriors when the Wisconsin State Conference schedule is announced. With the last two games of the season, we are expecting a successful year of top-notch court competition.

George Vondrashek, our 6'3" center, teams with Sonny Dahl in controlling the backboard and between the two of them, they grab off an amazing number of rebounds. Von's accurate hook shots and fadeaway tip-in's have provided the bulk of the otherwise well-rounded scoring attack of the Warriors. Pete Polus, a former all-stater from Cotter High of Winona, is the most recent acquisition to the squad. Earning a starting berth in his first appearance for the Warriors, Pete scored eleven points against a rugged Eau Claire team. It was his last shot, the last seconds of play, that put the game on ice.

Burkard, DuBois and Johnson have been outstanding at the forward positions, while the experienced "Soup" Winblad has shone at his basket, in the last 40 seconds of play, that put the game on ice.

Defensively, Vondrashek and Dahl were the key men. "Soup" Winblad provided the spark that speeded up the game in the first half. The Warriors clicked several times fast breaks that left the visitors in the lurch. It was scoring in the overtime period by Don Johnson, Phil Donnelly, Dahl and DuBois, that put the game on ice.

In the second game, it took a pair of free throws by Pete Polus and a basket by Pete Polus in the last forty seconds of play to top the top-notch Eau Claire ball club, 61-57. This was the first
playoffs in the 7th Service Command of Omaha. It was while with this group that he met Coach McCown. It was a three-point game in the third period that set up a tie, and a three-point play won it for the home team. The Warriors have been basketball-wise in their last two games, bringing their won-lost record to 6-2. Coach McCown's Warriors have time in nearly six years.

Winona was unable to find the range consistently and, excluding Vondrashek, Polus, and DuBois, it failed to demonstrate its usual scoring punch. Vondrashek, although closely guarded and often fouled, garnered 13 markers, while Polus also had 13 and DuBois 11.

The Warriors held a nine point edge at the half and were running away when the Indians staged a whittling comeback to cut the lead to 44. Trailing by ten points midway in the third period, the Platteville quintet which erased a nine point deficit in the last two minutes to win the ball game, 46 to 44.

Winona State Teachers college is in the somewhat awkward and a gymnasium with grossly inadequate seating capacity. The need is bound to produce a parade of exciting crowd-attracting games. This opening victory was a good start.

The highlight of the entire game was the one-man dribbling exhibition that Donnelly put on during the extra session. Expertly quarter-backing the team from his guard position, he proved a handy man to have around in the church. At one time he kept control of the ball for nearly a minute, miraculously thwarting all of the opposition's desperate attempts to gain possession of it.

Women's Sports
by Kak and Rosie

As winter quarter rolls around, W.A.A. has an increase in membership, for the beginning of winter quarter means the start of girls' basketball, and this sport finds many enthusiasts at T. C. Two teams have now been chosen with Jo Wempen and Joyce Peterson as captains. You can still come out. Tryouts are Fridays and Thursdays from 3 to 4.

With the start of December and the approach of a cold winter, the girls banded in their shin guards and hockey clubs and decided to bring the field hockey season to a close. We can't say it hasn't left its mark — namely, bruised legs and arms, sore toes and fingers, along with many near accidents. The girls learned early in the season that when "shift" swings that club — the safest place to 10 feet away — that is, if you like the color of your eyes as they are, rather than two big black ones. Piping hot pancakes really hit the spot after an afternoon swim Saturday, November 20, at the pool at College of St. Teresa. Thirty girls from T. C. were entertained at a Splash Party put on by the W.A.A. club from St. Teresa. The highlight was a relay in which the girls swam across the pool with lit candles. A good time was had by all, and it was really a treat for the girls since we have no pool of our own.

Another joyous time was had by the members of the Women's Phy. Ed. club at the annual Christmas party. The party took place at Dr. Talbot's house, Monday, Dec. 13. The high point of the evening was the exchange of gifts — along with the food, of course! Ruth Dick and Joyce Peterson handled the refreshments, and Mary Schmit, Kak Swanson and Marjel Velthuizen planned the entertainment of the evening.

Of all the phy. ed. classes, I believe the tumbling class is the most fun. By the way, girls, it seems like a good way to take a few inches off those hips. So far the class has done such stunts as the Log Roll, and the Mule Kick. (Hmm, that ought to be interesting to watch — sounds like an easy way to break your back.) Just ask Rosie Critch. If you hear a loud noise echoing down the hall one of these days, don't be alarmed. It's probably just the clogging class with the newly acquired taps on their shoes.' The class should prove to be pretty entertaining, with Dick Cook and some of the other big, burly foot ball players trying their hardest to look graceful.

Another surefire evening will be the New Year's Eve party on December 31. This evening will be a dance with music provided by the W.A.A. and a special guest speaker. The speaker will be a noted author and will discuss current events and the impact they have on our lives. The evening will be filled with music, dancing, and delicious refreshments. mark your calendars and join us for a night of celebration.

Warrior's Cage Hopes Bright

Freshmen Hoop Artists Bolster Winona Squad

In addition to the seven returning lettermen, this years club will feature many new faces and talents. The present squad numbers three seniors, two juniors, four sophomores and twelve freshmen.

In an all-out effort to improve on last season's record, Coach Luther McCown and his assistants, Kyle Arndt, have declared all positions open and should come up with a combination that will be tough for anyone to stop. Although the Peds are expected to have one of the strongest squads in recent years, ironically the Teachers College Conference on the whole is slated to be the toughest in history.

And the loop favorites now appear to be Mankato, St. Cloud and Bemidji, in that order, with Winona rated as a dark horse. Coach McCown hesitates to make many predictions about his cagers, but one easily gathers that the popular mentor, who is starting his fourth year at the Warrior helm, is very pleased with his material. It is also obvious he is plotting a few hardwood surprises before the record book is totaled next spring.

Something unusual in the schedule this year is the possibility of a title contest at the Watertown Tournament. The final game of the season, January 5, will pit Mankato against Winona, with the winner likely to emerge as the conference champion. The Warrior's Cage Hopes Bright.

In the games to date the team has shown strong rebound ability and ever improving scoring punch. The most pleasing feature of play so far has been the poise displayed by a predominantly freshman squad. Twice now the Warriors have come from behind in the late minutes of the game to leave the court victorious.

Winona definitely has the potential of a little contending club. With a nod or two from the press, the team may lead the pack, come February 18. The conference finale winds up January 5 with Eau Claire, and three days later power-house conferences in southern Minnesota and Wisconsin.

The pre-conference schedule winds up January 5 with Eau Claire, and three days later powerful Mankato is guest to start off the new year. With a nod or two from the press, the team may lead the pack, come February 18.
