The Winonan

Orientation Team to be selected; application deadline set, April 8

Preparations for the orientation of the class of 1970 are getting underway. As in the past, orientation for freshmen and new students will be organized and conducted by an Orientation Team composed of 80 to 90 students and a faculty advisory committee appointed by the President and approved by the Faculty Senate.

THE ORIENTATION TEAM will begin scheduling orientation planning meetings in April. Most all of the preparations for the fall orientation program will be completed this school year.

Students interested in becoming a member of the Orientation Team are urged to secure and return by April 8 an application from the Office of Student Personnel Services, Room 106, Student Center. From the applicant pool, about 80 will be selected by the Co-chairman and the Faculty Advisory Committee to serve on the Team. Students who are selected as 1966-67 Resident Hall Assistants or shall be student teachers in the fall quarter will not be selected as members of the Team.

The Orientation Team is an excellent opportunity to render an important service to our college; the incoming freshman, and new students while having a very enjoyable experience.

Twelve new senators elected

Eleven senators are a result of the Senate election held March 23-24. A requirement for registration by all of the candidates was a $5 fee to replace it if it has been lost. If the border color is to change, there will be no charge.

A requirement for registration for new students will be taken March 23-24 from 8:00-4:00.

Mr. Mariner to go on cruise

Mr. Maurice L. Mariner, Director of Student Financial Services at Winona State, recently announced that Captain W. J. Scott, vice president of the United States Navy, will fly to the United States to represent Sigma Epsilon Fraternity as their new sweetheart.

Mr. Mariner said that he can provide a hostess is necessary. She will be called upon by Fraternity members to use her feminine taste in choices of gifts and aids and also for Social functions.

CONCERNING HER new status, Miss Pellowski says: "I'm real, real tickled about it. It's an honor and it's exciting."

SCHEDULED FOR MONDAY . . . The Indianapolis Symphony Orchestra, one of the foremost symphony orchestras in the United States, will present a special WSC matinee performance Monday at 3 p.m. in Memorial Hall. All final examinations scheduled for this time have been postponed. (Photograph by Gary McDowell)

By Phyllis Olson

The people of Indianapolis, Indiana, are very proud of their symphony orchestra. They have shared them with other towns, including Winona State, and with the informed and exotic tastes of Tel Aviv, Israel, Tokyo, Japan, and with the knowledgable audiences of Mexico, Thailand, Greece, Chile, Lisbon, and the Netherlands, and now we of Winona State College have the opportunity to thrill to the music of this great and established orchestra.

THE INDIANAPOLIS Symphony Orchestra will be here, to play for us, in Memorial Hall, Monday, at 7 p.m. The Indianapolis Symphony Orchestra under the leadership of Dr. E. Benato Pacini, conductor, has planned a selection of such greats as Mendelssohn, Brahms, Wagner and Brahms. The orchestra itself has a deep resonance, precision and flexibility of its ensemble.

One cannot miss this wonderful opportunity to see and hear the Indianapolis Symphony Orchestra appearing Monday, in Memorial Hall at 7 p.m.

The first tri-college faculty din and dance will be held on March 12 at the West Field Club House.

The night begins with a buffet dinner at 8 p.m. and dancing to the music of Pro Ed Band to the first VI and the Quartet at 9 p.m.

THE WIVES OF the faculty members of WSC are sponsoring the dance. The dance committee are: Mrs. Carl Christenson, Mrs. Larry Kasten, Winona; departmental, Mrs. Carl Christenson; religious, Peggy Walsh, Winona; senate liaison, Alice Peterson, South St. Paul; social, Veronica Pellowski, Winona; and student union, Gayle Christopherson, Stillwater, Minnesota. Though the polling place was open from 8 a.m. to 3 p.m., only about 700 people voted. This is about 25 per cent of the total enrollment.

New senators chosen . . . Here are seven of the twelve new senators who will take office on March 15. They are from left front row: Ann Thacher, Gayle Christoffersen,
Use all the library facilities

To the editor:

Often times people are guilty of giving图书馆 a fair shake. They think, "If I don't go in, they won't know me there," and demand more. When their demands are not met, they act like they are going to strike, and by so doing the rest of us are forced to give more attention to the library than they feel entitled to receive. Many, many students of this college are guilty of possessing such an attitude in relation to the school's library. In order to better inform the students of the facilities available at Maxwell Library, Mr. Rob Johnson, the head librarian, was recently interviewed by Happy People.

I would certainly imagine that many of you know that the library continues to push forward with new ideas. That is, a machine that will reproduce practically any printed page you can think of. The students are aware that the library processes a micro film reader. This machine is designed to re-produce material already contained on film. In addition to these two machines, the library owns an animation slip reader, microfiche reader, and micro card reader. These machines are all that all read micro film, but, differ in that the former reader is used to convert micro film into a readable form, while the latter two read microfilm and transparency 3 feet by 5 feet cards respectively. Obviously, the latter machines are quite a bit more expensive than the standardised micro film reader.

In EXCESS of these mechanical aids, the library has added fourteen new tables, which enable some 18 to study at a sitting. The library continues to push on them in an attempt to meet the needs of a growing student body. Mr. Jacobsen stated this fact to the students, who were interested in the following information. First, he pointed to the computer room, which is presently going on outside his office window as an answer to the overcrowdment problem now confronting the college library. Second, he pointed to plans designed as increasing the library's staff size in the future. An increase in the library's staff size, which will add, would make it possible for an increase in hours. Third, he heard by this reporters request that the library reorganize its hours of operation in order to serve more students. Mr. Jacobson displayed his willingness to suggestions. I am glad to report that this request has been granted.

Since February 15, the library has opened one hour later and closed one hour later than it traditionally had done. This makes it possible for more students to take advantage of library hours on Saturday.

The only criticism that the students of WSC owe a special thanks to Mr. Jacobsen and Pres. Carter, is that...in order to serve the students of WSC owe a special thanks to Mr. Jacobsen and Pres. Carter, is that...in order to serve more students Mr. Jacobsen displayed his willingness to suggestions. I am glad to report that this request has been granted.

Board accepts Chemistry major and a new fifth year program

By Phyllis Olson

Winona State College has recently approved a new fifth year program, and also a new Chemistry Major. These changes were approved by the State College Board, after deliberation by a committee on campus called the Curriculum Committee. This committee, composed of three specialized areas: General Education, Specialization, and Teacher Education, met regularly to discuss the possibility of new major fields of study.

Since a suggestion has been made for a new major, it is discussed by members of one of the three areas of specialization, and if approved there, is sent on to another committee called the Cabinet. The Cabinet is responsible for making the final decision on this campus. However, this does not necessarily mean that the new change has been accepted; after approval by the Curriculum Cabinet, the proposed change is then sent to the State College Board for final acceptance and approval. This is done for major changes, like the new chemistry major now being offered.

The Cabinet is composed of the chairmen of the three specialized committees, and the chairmen of other committees not represented plus the registrar. Dean Raymond is the chairman.

The CABINET is now giving consideration to a Medical Technology program, which when approved will have to be sent to the State College Board for final acceptance.

Exam schedule announced, tests run March 14 to 17

Winter Quarter 1966
March 14, 15, 16, 17
Examinations will be held in the morning and afternoon and certain other examinations (in all sections of History, Civ. 120 and 125, in all sections of Psychology 110, all sections of History 120, all sections of World History, and both sections of History 200) in the evening.

Trackmen to open April 16th with 13 lettermen back

Coach Bob Keister's track squad, supplemented by the return of thirteen lettermen, will open its season on April 6 by hosting La Crosse State in a dual meet at Jefferson Field. Those letter winners from last year's team are: John Rahman, mile and two-mile; Bill Anderson, half mile; Harry Gebhardt, discus and shot put; Jim Vigness, pole vault; John Olson, javelin; Don Kropp, discus; Kirk Horswill, shot put; and Bob Stone, hurdles.

The year's team are: John Rahman, mile and two-mile; Bill Anderson, half mile; Harry Gebhardt, discus and shot put; Jim Vigness, pole vault; John Olson, javelin; Don Kropp, discus; Kirk Horswill, shot put; and Bob Stone, hurdles.

However, the return of thirteen lettermen, including serious training, including serious training, will likely mean that there will be fewer first-time letter winners this year. Those letter winners from last year's team are: John Rahman, mile and two-mile; Bill Anderson, half mile; Harry Gebhardt, discus and shot put; Jim Vigness, pole vault; John Olson, javelin; Don Kropp, discus; Kirk Horswill, shot put; and Bob Stone, hurdles.

The news of nature's rebellion coupled with some clutch wrestling, Coach Bob Gunner's matmen were able to capture their first NIC conference championship. The Warriors wound up with a total of 99 points for the victory. St. Cloud finished a close second with 82. Bemidji was third with 61, Mankato next with 61, and Michigan Tech last with only 15.

Despite the fact that a hazardous storm forced a 34-hour delay of the conference wrestling meet held in Bemidji last weekend, the weather was definitely on Winona's side. Blizzard conditions not only pushed the contest up a day to last Sunday, but the Warriors' top rival, Monteval, was unable to attend the meet. As a result of nature's rebellion coupled with some clutch wrestling, Coach Bob Gunner's matmen were able to capture their first NIC conference championship. The Warriors wound up with a total of 99 points for the victory. St. Cloud finished a close second with 82. Bemidji was third with 61, Mankato next with 61, and Michigan Tech last with only 15.

MEERLE "THE MULE" Sovereign, Winona's outstanding 152-pound representative, slipped past Bob Wrede of Mankato, 2-1 for the individual title, and freshman Jim Tannehill followed next by placing his opponent in the finals at 160 pounds. Ray Wicks then contributed the third consecutive individual title for Winona by defeating his partner P.J. in the 185-pound division. The meet closed with a bang as heavy-weigh, John "Malay" Zwoleikis pressed St. Cloud's Larry Wolff to the mat to complete the Warrior's dominance in solo championships.

The YMCA league begins tourney

The YMCA adult basketball league closed its regular season last week with the Cowboys and the Falcons tied for the top spot with identical 8-1 records. The league closed its regular season last week with the Cowboys and the Falcons tied for the top spot with identical 8-1 records. The Falcons' Dave Milne, finished second in the race scoring 28.5 per game.

The Cowboys completed their schedule with a decisive 84-64 victory over the Packers last Wednesday and the Falcons clobbered the Vikings 101-58 for their eighth victory. In the other top game, the Bears edged the Redskins rated as the odd-on favorites to win the championship.

Tom Becker of the Packers closed this Wednesday with the Cowboys, Falcons, Bears, and the Redskins rated as the odd-on favorites to win the championship.
