Mu Epsilon Nu
Gives Banquet

The all mens banquet, sponsored by the Mu Epsilon Nu Club, was held Sat. evening, Jan. 10th, in the social rooms of Shepard Hall. Plates were reserved for seventy guests. The tables were very beautifully arranged, special decorations having been provided for the occasion. The decorations and the program were both centered around the theme of the “Good Ship.” Promptly at 6:30 the guests, who constituted the crew, put out to sea. Roll call was responded to by the reading of a little poem, found concealed in the favors, which decorated each plate.

Clarence McLeod introduced Mr. Lynch as toastmaster and first mate, who, in turn, took over the piloting of the ship. He was responded to by Pres. Maxwell, Elwina Johnson, Michael Bambeneck, Julius Curtis, Mr. Jennings, Rev. Keller, and Joseph Martin.

The faculty quartet provided excellent entertainment, and was loudly applauded. Mr. Grimm led the group in a number of songs.

“We had a wonderful voyage” was the unanimous decision of the “crew” as the ship sailed smoothly into port with the singing of the Alma Mater.

Rev. Geo. Keller was the special guest of the evening, and gave a very inspiring address on “Man’s greatness depends on his ideals.”

PLAY COACHING CLASS TO GIVE PLAY

In observance of National Drama Week which is sponsored by the Drama League of America, the Play Coaching Club will, that week, present Dunsaney’s “The Lost Silk Hat.”

The Drama League of America appeals to all institutions and individuals interested in the promotion of better civic life through the means of art, to observe for the second year, a week during which various dramatics will be presented throughout the country.

“Follow the Sign of the Crescent” is being coached by Wil- liam Cokleen. The cast of characters is as follows:

The Lover: Thomas Gilsdorf
The Clerk: Bennet Nylander
The Laborer: John Cameron
The Post: Donald Clark
The Policeman: Walter Pellowes

Rules for Contest:
1. There must be 15 snaps in a collection.
2. Collections must be varied.
4. Place in box marked “Snap Shots” at Winonan Office.

MUSIC CONTEST TO BE HELD

Musical contests are continually proving to be more popular and more valuable. Their value lies chiefly in the fact that schools are more capable of realizing their strengths and weaknesses after a contest and can better plan their musical work. In addition, the pupils have the advantage of public appearance under ideal conditions.

In view of these facts, the Music Section of the Minnesota Educational Association placed the organization and administration of a State Music Contest in the hands of a committee.

The following facts are taken from the program presented by the committee:

The state is to be divided into eight districts having as their centers the University and the State Teachers Colleges.

The contest events provide for three different types of performance: vocal or instrumental ensemble; vocal or instrumental solo; and music memory. Each school is permitted to compete in any or all the events. The classes which may be entered are: Mixed Chorus; Girls’ Glee Club; Boys’ Glee Club; Orchestra; Band; Vocal Soloist (girl); Vocal Soloist (boy); Violin Soloist; Reed Instrument Soloist; Piano Soloist; and music memory entry.

MR. SELLE ATTENDS NATIONAL MEETINGS

E. S. Selle, teacher of sociology and American government at the college, attended two impor- tant national meetings in Chicago, the American Sociological Society and the American Economic association, during the holidays. He also visited a number of settlement houses and community centers in connection with programs of these associations and the work of his own classes at Winona.

PRIZES OFFERED

For best collection of Snap Shots:
First Prize $1.50
Second Prize .75

COLLECTION OF NEARLY 400 TO ADORN NEW HALL

Some weeks ago, Mr. and Mrs. Paul Watkins presented the Winona State Teachers College with a fine collection of oil paintings, engravings, etchings, lithographs, and photographs.

The pictures, which number nearly four hundred, were collected by Mr. Watkins in European art centers during recent visits and have been framed in suitable size, form and color under his own personal direction. The pictures cover a wide range of subjects, including reproductions (some in color) of many famous paintings, exterior and interior photographs of cathedrals, palaces, and other great pieces of architecture; original etchings and engravings; etched and engraved copies of paintings of historic and dramatic scenes, and of old English inns. Among the collection are some eighty portraits of famous musicians, scientists, authors, poets and artists.

PICTORIAL REPRODUCTIONS

The engravings are fine examples of pictorial reproduction, before the invention of the photo- graphic process, and represent the work of some of the best artists — engravers of more than a hundred years ago, many of the engravings bearing dates of the last quarter of the eighteenth century. These fine specimens of a bygone art, lending an air of quiet refinement and elegance to their surroundings, are replete with interest, and well deserve serious study.

This unique collection will prove of the greatest help to the institution, not only as artistic decoration and as the basis for art studies, but will very much aid instruction in such subjects as history, literature, geography, music and dramatic work. It multiplies several times the number of pictures which the school had acquired for the original building from many sources and through a half century, but which were lost in the fire of two years ago.

GIVE SCHOOL DISTINCTION

The extent and quality of the collection, together with the many pieces of sculpture previously presented by Mr. and Mrs. Watkins, gives the Winona school an unparalleled dis- tinction among the teachers colleges of the entire country, making it one of the most unique schools in this respect in the world. The members of the school in unanimous rising vote at the general assembly Wednesday forenoon, gave expression to their feeling of deepest appreciation to the donors of these gifts.

When, after a few weeks, the placing of the pictures is completed, under the direction of
NEW LIGHTS INSTALLED

Another addition to our auditorium has been made in the form of two troughs of border lights. There are three lights to a foot of trough and the bulbs are of four different colors. These lights and the spotlight recently installed are destined to play a prominent part in the presentation of future dramatics.

KEEPS BUSY

President Maxwell aroused our interest the other morning when he announced in chapel that he had seen more faculty members than students on the skating rink one afternoon. We believe his statement, every word of it.

We know that a large number of the women students spend hours downtown every afternoon. We also see many of the men students loitering around the different soft drink establishments. The thing we do not see is members of the faculty loitering at any time.

There are lots of busy students, many of them find little time for recreation, but the busy ones are usually the ones who utilize their time the best. Those who complain of heavy assignments are usually the ones who have the most time.

But here is the point; spend more of your time at the skating rink and less of your time on third street and you will be farther ahead from the standpoint of health and finance.

The ice is perfectly safe and the faculty members are nice company. — A BUSY STUDENT.

PLAY? - - WHEN?

The other morning in Chapel, Mr. Maxwell introduced the basket ball game by a little talk on play. He said something about more faculty members than students. He also intimated that it should not be so, since such sport helps much in keeping the individual in health. It occurs to me that the night Mr. Maxwell spoke was a school night. If that is not so the rest of this does not hold. Speaking for those of us who have really tried to find time for play and also for the work that is asked of us in the classroom, let me say that there is mighty little for the first. If there is anyone who can suggest to us some way of arranging our schedule so that it is possible for us to get some of the things we like to do so squeezed in, we would like to have his system. If that night the president mentioned was during the week end, there is no excuse for the students, and we take this all back. — I. W. II.

COLLEGE BOARD HOLDS REGULAR MEETING

The State Teachers College board held its regular quarterly meeting at the Department of Education building in St. Paul Tuesday. Reports from each of the six colleges were received, matters of business considered, and certain items of legislation including appropriations were reviewed. At this time the board voted formal acceptance on behalf of the Winona college of the Watkins collection of art material, the gift of which was reported to the board at this time.

GARVIN PRESENTS PHOTOS

H. C. Garvin has presented to the library of the college an unusually fine set of views of the buildings, grounds, and environs of the institution. These artistic photographs, of which there are 24, are bound in leather with a printed title for each picture, and the volume as a whole embossed in gold letters as follows: "Photographic views, Winona State Teachers College." These photographs were secured especially for this volume and include some of the finest scenes to be found in Winona, so far as they are related to the college, including a "Bird's Eye View of the City from the Bluffs," "Views from Garvin Heights," "Lake Winona," and others.

Winona Buries Eau Claire Normal 41-12

TEACHERS DISPLAY EXCELLENT TEAMWORK

The Winona Teachers quint took the Eau Claire visitors into camp by the decisive score of 41-12 here last Thursday night. Eau Claire will be remembered as the school which downed Winona by a good score.

Coach Milleren used his second team most of the time as a game with La Crosse Normal was scheduled for the next night. The Eau Claire regulars were sent in for the last ten minutes of play but were unable to improve their score even against the Winona second team. The T.C. men were seen giving their best exhibition of basket ball this season. Every man did exceptionally fine work with Chinske coming in for special mention. Hargesheimer had some hard luck on several shots but was hard pressed against the Winona second team. The points on fouls which was followed by Chinske on a number of them.

Gerlicher started the marker by making two points on fouls which was followed by Chinske dropping in two free throws. Gerlicher put one through the ring from the field. Eau Claire then found the basket and Chinske countered with a nice one. Bannon ran up the score for four more points and additions were again made by Gerlicher and Chinske. Rolly now had a four-pointer, in which strengthened their defense. The ball remained Winona's although by Gerlicher's one pointers. Ten minutes of play remained when Coach Milleren sent in his first stringer, in which strengthened the defense slightly. Bannon and Chinske counted first and the visitors put in two. Chinske easily dropped in two free throws. Eau Claire scored four, but Eddie covered it with one for Winona following by one by Hargesheimer. Tust made three points on free throws followed by Chinske's and Gerlicher's one pointers. Ten minutes of play remained when Coach Milleren sent in his entire first lineup and Coach Habermann reciprocated by sending in four waiting men. A flashy passing game ensued but neither side was able to score. The ball remained Winona's most of the time as it was during the entire game.

First T.C. Conference Clash Here Tonight

The clash with the Rochester Juniors here tonight is the first, this season, of the conference games. The Hospital City will bring a team that will well test the T.C. flashes. The record so far made by the visitors is one which warrants the consideration. The Carleton Frosh were badly drubbed by our opponents of tonight.

The game will be of special interest because it will again be a contest between the large and the small. The Winona team has made long strides of improvement as evidenced by their fine exhibition Thursday, of last week. The superior quality of coaching combined with the speed and teamwork gives promise of a team which will bring as much fame to T.C. as the foot ball team did last fall. However, it must be remembered that probably never has the College carried such a hard and heavy schedule as is before it this year.

OUTSTANDING PICTURES

The following list is illustrative of some of the outstanding pictures: photographs of the magnificent church of St. Peter's at Rome and the cathedrals of Milan, Pisa and Rouen; of The Parthenon, The Colossal Of Chillon, and The Temple of Jupiter; of The Jungfrau; of The Venus de Milo; and Michael Angelo's David; of Rembrandt's Lesson in Anatomy; of Lo Spozalizio and Madonna by Raphael; the Lion of Lucerne; Pyramids and Sphinx of Egypt; The Forge of Vulcan by Vesuvius; Joan d' Arc; Le Pont du Gard, France; The Alhambra, Granada; The Concert by Giorgione.

There are hundreds of other rare and artistic pictures, each of which should be carefully examined and studied by all who are interested in the subject of art, and there will be ample opportunity for this, both on the part of the pupils and teachers of the Winona State Teachers College, and of the public at large, as soon as this fine collection is definitely placed.

One More on Ping Pong

Frances—"A penny for your thoughts." Wampus—"I was thinking of going." Pa Emmert at the head of the stairs—"Give him a dollar, Frances, it's worth it."

Pictures Presented by Paul Watkins Placed

Mrs. T. M. Cassidy of the Art Department, a special opportunity will be afforded the public to visit the building in order to study this great art collection. Nevertheless, the pictures may be conveniently seen at any time and the citizens of Winona are especially invited to view them and to bring out of town guests in on any school day. The fact that the corridors rather than the class rooms are used for the exhibit, prevents any disturbance by visitors of the class work of the institution.

SPECIAL PRICES TO STUDENTS

We are prepared to offer a very fine grade of photograph at an especially low price. Sittings any time, Day or Evening by appointment. No Day light used. Splendid equipment in lenses and accessories. Make your appointment NOW.

THE LOW DOWN

After Coach "Tubby" Keeler broadcasts the news that La Crosse Normal will not meet Winona in basketball this season, "The Racquet," the La Crosse school's weekly, makes light of the fact, and states in its humorous column that "Winona should be thankful that "Tubby" could not give us a game."

That statement is decidedly our idea of a bum joke.

For the first time in the history of athletic competition between Winona and La Crosse has a situation like the present arisen. La Crosse has always been more than willing to meet Winona in any sport, and until very recently, they have beaten us by large scores. Now a date cannot be arranged in either basketball or football. Something is rotten, and it's not in Denmark either.

Winona appears to have the best basketball team it has ever had, and Keeler knows it. We also have prospects of a good football team next year, and good teams in both sports in the future. Keeler knows that too. We venture to say, that a date is not the reason we are left off the La Crosse schedule. It would be a tough blow to La Crosse to have Winona beat them, because they should have better teams than Winona, for La Crosse Normal is a physical education school with many more men and better equipment. What say, La Crosse?

The Eau Claire game last week was certainly a good exhibition of one sided basketball. Every man on the Winona outfit was going at top speed, and laying them in almost perfectly.

We had understood that Eau Claire had a whirlwind team. That may be true, but Habie's proteges kept the ball in their possession so much of the time that Eau Claire didn't have an opportunity to demonstrate.

For Any One Who Did Not Know

Eau Claire beat Carleton very decisively, the first defeat Carleton has suffered on their own floor in five years. Winona beat Eau Claire 41 to 12.

Now Here Is The Real Dirt

When Coach Haberaman wrote to Carleton for an early season game, Carleton ignored the letter. Possibly they are glad that they did, since things turned out as they did.

Getting back to the game last week, every player on our outfit played a whale of a game. Being that it was "Roochie" Hargesheimer's appearance as a regular, we feel that he deserves a special mention. "Boob" played tip top basketball in every department of the game, and came through with some pretty shots. He is a "Dead Eye Dick," when it comes to shooting, and we can bank on him to help win games in the future.

By tomorrow at this time, Rochester will begin to realize that they played against a good team.

WITH FACULTY APPROVAL

The following stories and jokes are published at the suggestion of a member of the faculty. They have not been censored by the staff.

"What is a waffle?"
"A waffle is a pancake with cleats."
"How long can a man go without air?"
"I don't know. The longest Pullman trip I ever took lasted six days."

No Hurry

Maggie's sweetheart, a tight-fisted Scot, had taken her out for the afternoon, and that was about all. They rode some distance on the trolley, turned around and rode home again. Never was mention made of food or entertainment.

Back within her own gateway, Maggie, who had keenly felt the neglect, proffered Sandy a dime.

"For the car fare you spent on me," she said meaningly.

"Boots, toots, woman," returned Sandy pocketing the coin "there was nae hurry. Saturday would have been time enough."

Mr. Selle, in Government—"Could a woman become President of the United States?"

W. Goodwin—"Well, if that ever happens, I move to Mexico!"

As above, in as above, "We will take in advance, The Federal Judiciary — chapter thirteen, I believe it is."

As above, again, "Naw, that isn't it. Chapter thirteen is 'The National Judiciary'."

In a 'Principles' test, "Economy began by eating everything, even inviting guests."

Someone accused us of falling down on the Job. She said that since we have ceased paying any attention to the favorite couples there is no news in the paper. All of which reminds us of one of Frances and Wallie.

She (pensively)—"I wish God had made me a boy!"

Wallie—"He did. I'm it."

"Are you Mr. Donath?"
"No I'm his twin brother."
"Name, please?"

Follow the Sign of the Crescent

Bill (to Jack who has just come out of the telephone booth)—"Well, did you get me a date?"

Jack—"No, she knew you."

Logic

The woman who is able to support a husband can do without one.

The best illustration of mingled hope and fear is our friend Hans Wein looking for work.
