W.S.T.C. May Become Physical Ed. Center

There is a possibility that W.S.T.C. may add to its curriculum a four year course in physical education, leading to a degree in that branch of study. The matter was favorably discussed at a recent meeting of the College Board. Committees are studying the advisability of establishing special courses in the Teachers Colleges of the state, and will make their report at the April meeting of the board, provided a special meeting is not called in the meantime.

Should this matter of providing special courses in the Teachers Colleges be reported favorably, Winona would be the logical school to provide the physical education curriculum. Why Winona? There are many reasons.

First, we have three handy equipped gymnasiums, a large amount of locker and shower space, a fine large campus, one of the best and most convenient athletic fields of the state, and other equipment which would be at the service of the physical education department without a cent of extra cost.

Second, the faculty realize the value of physical education, and would cooperate wonderfully with such a department. The students, very much desire that such a course be brought in the Teachers Colleges be reported favorably, publishing special courses in the Teachers Colleges of the state.

Third, the athletic teams of Winona Teachers College are right at the front, and would give the physical education department a great impetus. The football team of next fall will play teams from three states. That speaks for the record which Winona has established, and would give the students major in this field a large percentage of them would major in this study. The matter was favorably discussed at the board meetings.

The students actually cost the class $4.00, but, because of the money received from advertising and from the organizations, the students will be able to purchase the book for $3.00. The staff intends to personally see all students who have not signed up for their copy. To get the best possible rate, at least eighty more subscriptions are needed.

THE ART CLUB GIVES ORIENTAL PARTY

Last Saturday evening the Art Club entertained the faculty and students at an oriental party in the gymnasium of College Hall. As a result of long study and much effort on the part of the members of the organization, everything, from the musical effects to the all enveloping fumes of incense, was in perfect keeping with customs of the East. The girls of the club were dressed in Arabian costumes created by themselves to be in harmony with the room decorations. In the screens and panels which adorned the walls as well as in the attractive bazaars at each end of the room, the dominating night, colors, blue violet and red violet, were accented with contrasting crescents and stars. The same general color scheme was carried out in the Saracen bangals suspended from the lights, in the trays, and in the paper wrappings of the dates which were served as refreshments. Until the gay canopies of the bazaars Mildred Malloy, Hannah Vanger, and Barbara Wilcox told fortunes by the mystic horoscope method.

Throughout the program, which consisted of a dance of the Orient by Fern Lawrence and a clever chalk talk by Gordon Beatty, colored spot lights were the means of producing an Eastern atmosphere. As a remembrance of the occasion each guest received an oriental ring or bracelet fashioned of paper.

1925 "WENONAH" MAKING PROGRESS

Since the last issue of the paper, the annual staff has been exceedingly active. The 1925 "Wenonah" is quickly being moulded into shape. Some real effort has been put forth, and the results are very evident. The cover, the size of the book, the theme which is to run through it, and many such details have been definitely decided upon. The scene section with many of the organizations and individual pictures, is now in the hands of the engraver, while other work requiring engraving is being made ready as fast as time will permit.

Each member of the staff has been allotted his or her specific work, and fine cooperation is being shown. The business manager, Irvin Gerecke, with his assistants, has been very active, having canvassed the entire city for advertising. The sum collected in this manner promises to be greater than in previous years, and due credit must be given the business department for this fine piece of work. All members of the staff are exceedingly anxious to get the book to press as soon as possible, because larger discounts may be obtained in this way, allowing them to put out a larger and better book for the same price.

The annual is not being used as a money making scheme by the Senior Class. The content for the book is being run as close as possible to the receipts. Each annual will actually cost the class $1.00, but, because of the money received from advertising and from the organizations, the students will be able to purchase the book for $3.00. The staff intends to personally see all students who have not signed up for their copy. To get the best possible rate, at least eighty more subscriptions are desired.

Musical Concert Course Arranged For School

A concert course of unusual merit has been arranged for this season by the lecture-concert committee. The following account of plans for the course is given:

"Four numbers have been arranged, the first of which will be a joint recital by Leo Ornstein, pianist, and Hans Kindler, cellist. The date of this recital is expected to be announced in a few days.

In connection with the announcement of its lecture course for 1925, directors of the school call attention to the fact that the first course to be offered in the new auditorium of college hall is the finest it has ever been able to offer, and one which it is not likely to surpass for some time to come.

This is made possible, they point out, by the large seating capacity of the new auditorium, the co-operation of the music club and the expected continuance of support manifested at the time of the visit of the Minneapolis Symphony orchestra in October. The committee in charge, guided by the enthusiasm shown at this concert, feels that the city will approve of, and support any program of really fine music, and has therefore engaged artists who have not

ORGANIZATIONS

ART CLUB NEWS

Hannah Vanger was selected as the result of a competitive trial to fill the place in the Art Club left vacant by the graduation of Mildred Prinzing.

Now that the Art Club party is over and the pictures are hung all hands are busy working on the annual. A number of the Art Club members are on the staff; Gordon Beatty is feature editor, Helen Chard is art editor, and Elizabeth Burns, Mildred Malloy, Beth Williams and Irene Hopke are the latter’s assistants. At present, Helen Chard is confined to her room as a result of being injured while toboggan sliding.

KINDERGARTEN NEWS

The Winona Kindergarten Club has been recently organized. Its members are the Kindergarten and Primary teachers of W.S.T.C. and city schools. The club meets monthly for discussion of present day problems. Miss Louise Sutherland has been made president of the organization. A meeting was held January 13.

The Kindergarten Club held its regular meeting January 16. Thirty dollars was given for the Near East relief for children. The deep interest of the kindergartners for the children of the world makes this gift very appropriate.

COUNTRY LIFE CLUB NOTES

The members of the Country Life Club are enjoying a series of very helpful talks given by Miss Gildemeister on the subject of “Questioning.”

The teaching schedule for the second half of this term has been made out. Miss Redmond and Mr. Stephen are at La Crescent, Miss Bremer at Drasbach, Miss Pfeile at Dakota, Miss Bushman and Miss Felton at Homer, Miss Oech and Miss Korupp at Sugar Loaf, and Miss Jacobson and Miss Cronin are at Gilmore Valley.

JUNIOR HIGH SCHOOL CLUB

The Junior High School Club held a meeting Thursday evening, January 15 in the Junior High Assembly. Mrs. Simmers gave a very interesting and beneficial talk on the organization of Parent-teacher’s Associations. After a short business session, the meeting adjourned.

THE INTERMEDIATE GRADE CLUB

During the regular meetings of this term the Intermediate Grade Club is enjoying a very interesting and valuable series of talks on the “Art of Questioning,” given by Miss Gildemeister.

A lawyer spends two years, or one-third of his six year course in learning to ask questions. Surely a teacher, in whose profession questioning plays such an important part, ought in the course of her training to spend some time in learning to question.

During these meetings the Club is discussing such topics as “types of questions,” “the kinds of questions most profitable for a teacher,” “who asks questions,” and “why questions are asked.”

The Club is very grateful to Miss Gildemeister for giving it her time in preparing and delivering these talks.

THE IMPORTANCE OF ART

The effect of art upon the great mass of people is, for the greater part, unconscious. Too few people really experience satisfaction in beholding works of art or in possessing beautiful things. It is this group of few people who keep the art standard up high, who make such things as museums and rare collections possible. It is this group which must be made larger and in view of this fact, there are certain tendencies in art education which are instrumental in increasing the number of appreciators of art and art products and in multiplying the number of artists and workers who are skilled in art processes.

In the U. S. the influence of the Massachusetts Normal Art School is widely recognized. Its graduates have influenced not only general instruction but also every industry whose products have elements of beauty. It is a noteworthy fact that at the establishment of this school in 1873, America recognized her own potentialities in art. Many Art schools are since being established but it is in our Teacher’s Colleges that stress should be placed upon art education for it is there that future teachers are trained and if the teacher has a comprehensive view of art, her work with pupils will be more effective and successful. This great need is becoming more apparent every year and an effort is being made to make art study an integral part of College education. That there is a positive need for art education is recognized by the fact that there is a great deficiency in human character resulting as a lack of art study and that it is practical in after school life.

Much has been done in the schools of America in the field of art education. Much is being done at the present time and the future holds great possibilities that in due time the entire nation will grasp the importance of art in relation to our social needs.—THROUGH THE COURTESY OF MRS. CASHOW.

WENONAH PLAYERS HAVE INTERESTING PROGRAM

A very interesting program was given at the last meeting of the Wenonah Players.

“The Witching Hour” by Augustus Thomas was reviewed by Valois Dezel. The mysterious power of the cat’s eye was developed into a spell binding power over the audience.

“The Hairy Ape” by Eugene O’Neill was given by Morilae Walker. This play is full of humor and pathos. Those who are looking for an interesting play that is “something different” should read this work by O’Neill.

Arrangements were made for the winter production which will be advertised soon. Watch for the announcements.

THE WINONAN

DORMITORY NEWS

Shaperd Hall

Vernice Rice, Mabel Vathing and Grace Sanden spent the week-end at their homes.

Mrs. Potter went for an outing to the Boy Scouts Cabin on Prairie Island. They left Winona about 4:30. Some of the girls rode in the sled which carried the food, while others hiked. Mr. Linney had a bright fire blazing in the fireplace when the girls arrived. While some of the girls roasted weinies and prepared some of the girls roasted weinies and prepared

MEXICAN EDUCATION UNDERGOES CHANGES

Revolutionary Spirit Spread By Missionaries

In thinking of our unfortunate neighbors on the south, we immediately think of war, bloodshed and revolution, of armed factions rising against one another and of complete political and economic unrest. With every Mexican election, our newspapers are filled with reports of uprisings and revolutions.

Today the Mexican government is taking up the problem of education. The government is appropriating five times as much money toward education as it did fifteen years ago. Thousands of rural schools have been established. Volunteer missionaries of education have pledged themselves to go to remote and inaccessible regions at their own expense to carry the light of education. Teachers training schools have been established and teachers salaries have increased.

CHIAPUSSO ENTERTAINS NORTHERN STATE TEACHERS

Chiapusso will play for the students of the Teachers College of Aberdeen South Dakota. He gave us a delightful entertainment last year which will be long remembered. His artistic ability is not doubted by anyone who has ever heard him. He was born of Dutch and Italian parentage in Java. He comes to the United States with European successes of real importance. Mr. Chiapusso has studied extensively under the world’s greatest masters and in consequence has scored many European successes. In Paris he was awarded the much coveted “Musica Prize” in a contest in which sixty pianists participated, several of whom are recognized artists today.

EAU CLAIRE NORMAL IS WORTH $285,000 ANNUALLY TO THE CITY

The Eau Claire State Normal school is worth annually in a financial way, at least $285,000 to Eau Claire and vicinity. This estimate is not guess work, but is based on figures submitted by 350 of the 500 students of the school, and a knowledge of what the faculty payroll is and what the school spends locally for supplies. The average expense for a student is $274.79 per year. Those who live a considerable distance from home spend a great deal more than this amount; those who live at or near home, a much smaller amount. The students who live in Eau Claire are put to very little necessary expense.

STUDENTS ENTERING JANUARY 26

Helen Caroline Brannon, Winona.
Marion Calvin, Winona.
Catherine Carter, Hastings.
Lillian Fitting, Houston.
Evelyn O’Dell, Winona.
Florence Reinarts, Winona.
TO THE STUDENTS

Recently a deplorable situation has been brought before the student body and faculty members by some public spirited student. We refer to the noise and disturbance that is made in the study room by thoughtless or selfish persons. In fact, at any period of the day, there are enough of these unrestrained people to make study impossible. This is an abuse of a privilege. A place is furnished the students and devoted to their leisure hours to wholesome, healthful exercise. We believe this was a thoughtless statement, and will explain the reason for so believing.

A large percentage of the boys earn all or part of their way while attending W.S.T.C. 44% of the boys earned all or part of their way while attending our school last year. This percentage of self supporting men was not reached by any college in the state, not even at the University of Minnesota.

As to the scholastic ability of the men, we might say a word. The men of the school constitute about 14% of the entire student body. Yet, with only two exceptions we find them at the head of every organization of extracurricular project to which men are eligible. Comparing percentages, we find the men more than holding their own in the honor roll.

Lastly, we might mention the fact that the boys have been showing some fine form in athletics, and have brought against stiff opposition, several championships to Winona. This needs no explanation.

Yes, there may be a few of the boys who find time to loaf, but why censor the whole regiment? We'll come right out and admit that the boys make good wall flowers at the dancing parties but maybe there's reason. They may be over-worked and need the time for rest. At any rate we believe there's reason. They may be over-worked and need the time for rest. At any rate we believe there's reason. They may be over-worked and need the time for rest.

Co-operation means:
“Let her lie.”
“Help her up, but just then I —
Pretty girl in front of me with —
Walking along a slippery —
Silk stockings —
Street and a very —
Sunday morning the girls of North Lodge were somewhat alarmed by a small fire on the roof discovered by Victoria Oland. After a vain attempt to put out the blaze with buckets of water, the girls summoned the fire department. The fire was quickly extinguished.

Sunday morning the girls of North Lodge were somewhat alarmed by a small fire on the roof discovered by Victoria Oland. After a vain attempt to put out the blaze with buckets of water, the girls summoned the fire department. The fire was quickly extinguished.

The inference was made that they were spending their leisure hours in down town districts instead of devoting their leisure hours to wholesome, healthful exercise. We believe this was a thoughtless statement, and will explain the reason for so believing.
Conference Race Opened With Win over Rochester

Teamwork of Victors Features in 23 to 20 Game

With that never dying spirit and proper condition, Winona State Teachers College defeated Rochester Junior College here, 23 to 20 in a fast and furious basketball game that was packed with thrills.

Rochester 20, Winona 13, the score stood at about the middle of the second half. Both teams had been going at a terrific pace. Winona had had its share of shots at the basket but had failed to make them count. Seven points behind, Coach Habermann's men, keeping going in high, threw off their shooting jinx and started to narrow the gap separating them from Rochester. Steadily the lead diminished as Winona swept down the floor with well executed plays and grabbed an accurate pass from Gerlicher and in a frenzy of excitement as they realized that Rochester was just one point away.

At this tense moment Chinske swept down the floor with well executed plays and put up a pretty exhibition of stalling. When the whistle a moment later.

The score at the half way mark was 14 to 14.

With the new system employed in the second half, Winona held the upper hand, and the baskets came in quick succession as the Purple took the lead early in this period, and never relinquished it. Bannon, Chinske, and Gerlicher dominated scoring honors, with 11, 10, and 8 points, respectively, while Ver Duin was high point man for the Mankato outfit with a total of 10 points.

Football Men Receive Honors

On Monday morning, January 19th, the men of the football squad received recognition of their services in the form of sweaters, "W"s, and numerals. Chinski, Cleary, and Lynch received sweaters with three service stripes, while Capt. Ostrom, Chekalke, Dezell, Beatty, and Morgan received sweaters with two service stripes, emblematic of the number of letters they have won in the same sport. Captain-elect Bush, Tust, Bannon, Schwager, Wachols, JOehansen, and manager Kenny received the purple "W". The boys who failed to compete in enough conference games to win their purple "W" were given numerals. Those were given to Kalbtenner, Spencer, Bambenke, Beaton, Sova, McLeod, Olsen, Zierdt, Garlock, Leckness, Martin, McCready, and Roy Johnson.

THE LOW DOWN

The month of January 1925, has been a
banner month in a number of ways.

On Saturday the twenty-fourth we were
favored by a total eclipse of the sun, according
to information gathered from the newspapers.

 Possibly the most important event of the
year thus far was the arrival of a tiny Habermann
leaving as a result of agony is quite distressing.

Since we last discussed the basketball situa-
tion, "Habie's" tossers have tacked two more
away. The last two victories give Winona a
clean slate in the conference. The only other
team with a thousand percent is Hibbing Junior
College. It looks like we are pointed for another
championship this year.

While we are speaking of basketball, we would
like to suggest that the faculty quartet refrain
from doing their stuff during the intermission
at the games. The conclusion caused by people
leaving as a result of agony is quite distressing.

We will also suggest that "Wampus" Morgan
take a seat on the south side of the gym. This
would afford more people the opportunity of
viewing his contortions.

THE ALL COLLEGE LETTER

(Proposed printed form letter for students to
send home. It can be filled out in a few seconds.)

Winona, Minn.
Sept., Oct., Nov., Dec., Jan., Feb., March, April,
May June (Check One)

Dad,
Dear Folks,
Mother,
I am well - sick - dead - married. (Check
each one.)

Please send - check - flowers - congratulations.
(check two.)

Math. Indus. Arts
I flunked Psych.; I passed Hygiene;
Lit. Penmanship
so I will - will not - be home this quarter.

$25.

Better make that check out for $50.

$100.

Love,

Musical Concert Course Arranged

For School

(Continued from Page 1)
been available in the past because of their high
cost.

Mr. Orstein who appears on the first program
needs no introduction to Winona music lovers
as he has played several times with the Minne-
apolis Symphony orchestra as well as with the
symphony orchestras of Boston, New York, and
Philadelphia.

Mr. Kindler was for many years the first
cellist in the Philadelphia Symphony orchestra.
He had so many calls for concert work that he
was compelled to devote all his time to it. He
comes to the middle west after a succession of
triumphs in the west.

Second Number is Lecture

The second number will be held about the
last of February. It will be a lecture by some
leading speaker, but the committee has not yet
definitely decided who this will be.

The third and perhaps the biggest number
will be a concert of all operatic selections by a
trio from the Chicago Civic Opera Company
with an assistant conductor as accompanist.

This trio is composed of Virgilio Lazzeri,
basso, who is sometimes called "the successor
to the great Chaliapin;" Forrest Lamont, the
American tenor, of whom Glen Dillard Gunn
says "a fine virile is his and as art musically
refined;" Myrna Sharlow, soprano, of whom the
Chicago Evening American says "she has
arrived."

This outstanding attraction is possible only
because they are spending some time in Minne-
sota and have an open date in this vicinity.

U. of W. Glee Club

The fourth and last number will be a concert
by the Wisconsin University Glee Club. This
is a high class musical organization who sing
music of a very high grade. A year ago last spring
they went to New York and won first prize
singing in contests against such universities as
Harvard, Yale, and Princeton. They will go
to New York again this spring.

The Music club of the city is cooperating
with the school in making a success of this
course by underwriting the sale of the tickets
open to the public."

HELP! HELP! HELP!

The sport editor is said to have taken up
cross-word puzzles as it were. He hands in
the following write up of a game:

The game opened with Molasses at the stick.
Smallpox was catching. Cigar was in the box
and had plenty of smoke. Hora was playing
first base and Fiddle was playing second. Corn
was in the field, Apple was umpire. When Axe
came to bat he chopped one and made a Cake
walk and Sawdust filled the bags. Song made
a hit and Twenty made a score. Every foot of
ground kicked and they said Apple was rotten.
Balloon started to pitch but went up in the air.
Then Cherry tried but was wild. When Spider
cought the fly the crowd cheered. Needle tried
to umpire. He was sharp enough but had only
one eye. Ice kept cool until he was hit by a
pitched ball, then you should have heard Ice
Cream. Cabbage had a good head and kept
quiet. Grass covered lots of ground in the field.
Organ refused to play. Hornet stung the ball
but it fell into the hands of Clock. Bread
kicked around until they put him out. In the
fifth inning Wind blew around about what
he could do and Hammer began to knock
when the trees began to leave. Knife was put
out for cutting first base. The crowd roasted
Peanut all through the game, and everybody
kicked when they put Light out. Then Meat
was out at the plate. Season did not affect the
game very much although he was out all the
way through. The score was 1 to 0 and the
game was over. Door said that if he had
pitched he would have shut them out. There
was plenty of betting on the game in which Soap
cleaned up but Eggs went broke.

The above may also be the result of eating
midnight lunches.

New Stude—Mr. Owens, are you a German?
Mr. Owens—No, I am not but why do you
ask?

New Stude—Well, your marks are so low.

I had the sweetest little girl,
A fresh co-ed named Esther.
She had the looks, but not the brains.
She's not here this semester.

Mr. Habermann—Eyes right!
Dedricks—I didn't say you wasn't.

Hub—Are you on the Wenonah staff?
Bub—Yessir.
Hub—What is your official capacity?
Bub—About three quarts.

Kenny—Did your girl come out when you
serenaded her with your saxophone?
Weeds—No—but some guy got her out with
an auto horn.

Burglar—Lay down there, I'm looking for
money.

College Stude—Just a minute, mister, and I'll
get up and help you look.
