**Homecoming plans underway for weekend of October 28-31**

Preparations for the homecoming weekend began last year. As a result of this planning, many changes have been incorporated; for example the dormitories, which are located at the north end of campus, are now open in full swing; the entire movement to be restructured in the near future. Presently, preparations for the weekend are being made to ensure that the event goes smoothly and that entertainment will be provided.

The winner of the kitten contest will name the campus kitten which will necessitate a special contest for names. The kitten will be presented at a special ceremony.

The weekend kicks off with the Homecoming Parade on Saturday, October 28, followed by a variety of entertainment events.

**Teacher exam schedule set**

College seniors preparing to teaching should take the National Teacher Examinations on any of the four different test dates announced today by Educational Testing Service, a non-profit corporation which prepares and administers this testing program.

New dates for the testing of prospective teachers are: Jan. 12; Feb. 17; March 10; and July 10, 1967. The tests will be given at nearly 500 locations throughout the United States, EFSA said.

A BULLETIN OF INFORMA-

tion containing a list of test cen-
ters, and information about the examinations, as well as a regis-
tration form, may be obtained from college placement officers, scholastic counselors, or directly from National Teacher Examinations, Educational Testing Service, Princeton, New Jersey 08540.

**Construction to start on utility tunnel to new dorm**

The COST of the 121 feet intern-
teel tunnel will be about $40,000. The cost will be covered by the bond

voluntary pay-off. It is urged that

individuals, clubs and

and individuals are to contact the homecoming committee for the scheduling of their own plan-

nated activities. It is urged that individuals make the m o t o f

these homecoming activities in view of the fact that it is one of the largest events of the fall semester. The home-

coming has a great potential in raising funds for the student’s benefit. It is esti-

mated that over ten thousand dollars will be raised on homecoming preparations; let’s make the money pay off.

**Archaeological institute forming in Winona**

Preliminary plans for a local branch of The Archaeological Institute of America are now being formulated in Winona. The A.I.A., founded in 1910, was an outgrowth of the Archaeological In-

stitute of America founded in 1879 and head-
ed by Dr. George Minne. Dr. Charles E. Pro-

Abandoning “mixer” dances
now under SSD consideration
by J. M. Wiercha

The possibility of abandoning “mixer” dances at WSC was one of the solutions to the crowded dance conditions submitted by Roni Polaski, SSD advisor, at the Oct. 3 SSD meeting.

It was reported that because of damages to school property and disrespect toward the custpodier, measures will have to be taken to either improve the behavior at the dances or to discontinue them altogether.

A student who discussed the issue was quoted as saying, “The Winonan is a fine stock of photo merchandise.”

The Winonan

Editorial

Construction shows progress

Construction at Winona State College is increasing at an ever faster pace. Referring to this progress, the SSD advisor as of 1962 and 1963 are amazed at the buildings which have gone up in the short three to four year span.

Since then, Paul Watkins Hall, Oldenheimer Hall, Kraye Chemistry College Center, and President’s and Lucas dormitories have been constructed and are being used.

Presently, a new library and dormitory addition are under construction, and the ground is cleared for a speech and music building, and recently more land has been acquired for further expansion.

Along with the new buildings, the SSD advisor represents a very large sum of money. For example, in the past nine years the building program has expanded and city blocks have been acquired by the college for the new buildings. These 80 blocks represent to the taxpayers, over $5 million dollars, so small sum.

Flag etiquette requires review

It was noticed that when the President of the United States, state holidays and birthdays, and civic events.

The flag is to be displayed at polls on election days.

The Fлаг is folded into a cooling bag and the grommets come together for an easy fending to line. When one raises the flag, it must be done with quiet and lower slowly. No part of the flag should ever touch the ground or anything beneath.

The National Panhellenic Coun-
cil of Winona State College will
hold a Convocation in Pasteur
Auditorium on Monday, October

The purpose of this Convoca-
tion is to explain the procedure
involved in rushing and pledging
both Alpha Xi Delta or Delta
Zeta National Sororities. Every-
one must attend this Convocation
either Alpha Xi Delta or Delta
Zeta. Attendance does not,

College offers digital computing course this fall

This fall, the Science and Mathematics Division of Winona
State College will offer a course in digital computing and pro-
gramming in FORTRAN IV, the primary computer language
in use for scientific computing at

typical problems from numer-
ical analysis, statistics, physics
and engineering, including work
with matrix algebra, Boolean al-
gebra and Monte Carlo tech-
niques will be solved using
the IBM 1130 computer system,
according to David E. Hamerski,
Associate Professor of Physics,
who will teach the course at the
Winona State College extension
program. "This course is indica-
tive of the present moderniza-
tion process which the division
is undertaking," adds Mr. Ha-
merski, "a process which calls
for the acquisition of both digital
and analog computers in the near
future."

THE OTHER SIX cheerleaders
chosen are: Linda Jackson, a
freshman from Houston who is
majoring in elementary education. Also a sen-
or and a returning cheerleader
in Doris Shaw, Wykoff, a physical
education major.

Wisconsin alumni plans luncheon

Wisconsin Winona State alumni will
hold a luncheon at Fazio's on Fifth, Milwaukee, at noon on
November 9.

The luncheon will cost $3.00
per plate, and reservations
should be made with June Eng-
lish, RR No. 4, Box 411, Kenosha,
Wis., 53140, by October 25.

Shaw's 'St. Joan' runs November 4-10

Wenonah Players, Winona State
College, will open their 1966-67
theatre season November 4 with
George Bernard Shaw's spectacu-
lar drama, ST. JOAN. The run
will continue through November
18, according to Dorothy B. Mag-
nen, head of the Speech Depart-
ment and director of the college
theatre.

The play concerns the well-
known story of Joan of Arc, spec-
ically the events leading to her
martyrdom. The action spans a
period of two years between 1429
A.D. and 1431 A.D.

In his preface to ST. JOAN,
Shaw comments: "I have taken
care to let the medieval atmos-
phere blow through my play freely. Those who see it per-
form will not mistake the start-
ing event it records for a mere
personal accident. They will have
before them not only the visible
and human puppets, but the
Church, the Inquisition, the Feud-
al System, with divine irri-
dation always beating against their
darkest state.

Wenonah Players will present the
first open stage production of
ST. JOAN in the Winona area.
The play was performed at the
Guthrie Theatre, Minneapolis, two seasons ago.

All performances are open to the
general public.

Notice to faculty

Faculty members are reminded
that the nomination deadline for
Woodrow Wilson Fellow-
ships is Oct. 31. Students nomi-
ated should have the capabili-
ties to become outstanding future
college teachers in the arts and sciences.

Civil Service offers test for partial summer jobs

The Civil Service Commission has announced a nationwide competitive office and science assistant examination for many of the temporary jobs in the federal departments and agencies that will be filled in the summer of 1967.

The examination includes a written test for jobs at grades GS-1 through 4, with salaries ranging from $69 to $92 per week.

FOR SIMILAR jobs during the summer of 1966 -- the first year a competitive test was given -- more than 105,000 applicants competed. The test for jobs in the summer of 1967 will be filled in the summer of 1967.

The office and science assistant examination does not cover employment under the President's Youth Opportunity Campaign for disadvantaged youths, and the so-called blue-collar jobs.

THOSE INTERESTED in federal summer employment in 1967 should obtain a copy of Civil Service Commission Announcement No. 401 entitled "Office and Science Assistant Examination for 1967." Applications may use the tear-out form which is part of the announcement leaflet or ask for Civil Service Form 5000-AB to make application to the U.S. Civil Service Commission, 1900 E. Street N.W., Washington, D.C., 20415.

The office and science assistant examination does not cover employment under the President's Youth Opportunity Campaign for disadvantaged youths, and the so-called blue-collar jobs.

Touchdown Bound . . . Roger Wistrcill (52) heads for the end zone after an interception. His interception and 39 yard runback was the only score as the Warriors fell, 14-7, to Bemidji. Other state players are Jan Gladson (53) throwing a block, and Bill McNary (61).

Defense scores in loss

To say the least, one football game can't determine a full season of play but "would you believe" three straight losses can? At any rate a lot of great defense and a lot of poor offense added up for a 14-7 loss to the Bemidji Beavers here last Saturday.

Continual fumbles, interceptions, and in general, poor offensive play, proved to be the name of the game for the Warriors, if not for the whole team so far this season. Winona was guilty of committing a total of eight turnovers altogether: five fumbles and two interceptions and a roughing-the-kicker penalty. The costliest of all the fumbles came on Bemidji's one-yard line, a mix-up in the backfield resulted in a touchdown for the Beavers.

To say the least, one football season isn't for the whole team so far of the game for the Warriors, if not for Bemidji, as Winona's Largest and Distributor for WOLLANSK Tape Recorders

Speculating In Sports

by Gene Gambril

For the ensuing year, I hope to narrow a new interest in sports on the Winona State campus. I now invite the readers of this column to voice their own opinions in the form of letters to the sports' desk of the Winonan.

It's about time that someone can defend himself very well. That man is the heavyweight champion of the world, Cassius Clay. This Writer is fed up with statements such as, "Clay can't punch." Each time I listen to a Clay boost, I hear ABC sports announcer Howard Kocell ask, "Can Mohammed Ali punch?" Well, how's baby, my answer is YES.

In sports, comparative analysis is a poor form of reporting. However, everyone else seems to do it, I may as well take a crack at it. Clay knocks out Floyd Patterson. Floyd Patterson mangles Henry Cooper, who Clay also beats. Conclusion drawn by most: Clay can't punch. Clay injures Sonny Liston so badly that Liston can't continue a fight. Sonny Liston can knock Floyd Patterson on his butt in less than one round. Still Clay can't punch. Ridiculous.

And another thing, Clay's chicken - he won't fight in Vietnam. In Vietnam, the enemy is the Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist. The soldier carries a gun. He sees a Communist.

But in Vietnam, the enemy is the Communist. I'M HUNGRY Register for the FREE PORTABLE STEREO Drawing Halloween, Oct. 31
