Nursing institute gives view of problems nurses encounter

Eleven WSC nursing students attended the annual Paul Ramsey Hospital on November 29, 1966. The nurses who attended from the WSC nursing program were: Janet Hegvedt, Rochester; Cathy Walters, Bloomington; Jean Fiel, Fountain City, Wis.; Ray Hegvedt, Rochester; Lynn Schauman, Eau Claire; Judy Swigart, Winona; Sandra Runnings, Winona; Joan Whorton, Winona; Denise Puetz, Winona; Karen Hiel, Harmony; Karen Mietz, Arcadia, Wis.

THE PROGRAM began at 9:30 a.m. with an address by Dr. Elmina Price, nurse-researcher, St. Luke’s Hospital, St. Paul, and member of the American Nurses Association Committee on Economic and General Welfare, who spoke on “Economic Urgency,” a topic which has been meaningful throughout the nation as nurses strive for salary increases. Dr. Price noted that nurses are being asked to be part of the team, and in the normal course of the organization is to aim in the preparation of students for the complex of professional responsibilities.

Sociology students work with local social agencies

Sociology students from both WSC and the College of Saint Teresa are participating in an unusual work-study program throughout the city of Winona. The courses, titled Social Work, are directed by Professor Larry Connelly of WSC and Professor Paul Koprowski of St. Teresa’s. Although each college conducts its own separate courses and they are not connected in any way, students from both colleges are permitted to attend the same classes.

The program, which is only three years old at Winona State and has been in existence at St. Teresa’s since 1964, trains students for positions as social workers.

Philosophy behind the course, Connelly commented, “that social work skills can best be learned by integrating theoretical and practical knowledge under the supervision of a professional in the area.”

The students receive three hours of classroom work every second week for four or five hours at the agencies, for one quarter.
To the Editor:

After attending ten Student Senate meetings this semester, I have become interested in the operation of the Senate and the fact that student representation is not adequately done. The Senate, as currently constituted, deals with student discipline, and it was felt that representation by one faculty member as non-voting chairman was inadequate. Since this constitutes a critical review of the Senate, it is long overdue.

The proposal to the Student Senate to make changes at WSC was the point of discussion at the December 1 meeting. Professor Charles Lane, in his address, stated that students could publish past exams of teachers and examine the work of the Senate in passing a motion for the Senate to have its own meeting of clubs that senator representatives.

The purpose of the Senate is to present three points: (1) Williams Christian is a member of the Residence Hall staff, specifically acting as Head Resident of Monterey, and that his role is not adequately done. (2) Two letters to the Senate (November 17 issue of Winonan) state that Mr. Christian "stood head and shoulders above the rest of the Res Hall residents," and that his role is not adequately done. (3) It is our opinion that Mr. Christian acted efficiently and with consideration for the welfare of the students. Mrs. Judith Stadler, Residence Hall Director, expressed the same sentiments.

Mrs. Stadler clarifies issues

To the editor:

The one thing that bothers me about the letter is that he talks up the whole student body, 3,000 people, for the actions of a few. It's no damn wonder the public has a dim view of college students. When one of your faculty calls the school mediocrity, the student body mediocre, and a whole lot of other things mediocre, I wonder if his salary is mediocre. We'll probably find out in his next letter.)

The public can't help but judge students as a whole lot of other things mediocre, and what's the use of all the student body for a few people. The story is always the same: that one side is generally played up more than the other. Negative publicity will always win out if it is allowed to. I suggest to Mr. Lane that in his future letters, he should stop his finger, penal it, and not wave it.

Fund offers nurses interest free loans

A limited number of interest-free loans will be made available from the "Blanche Hunter Memorial Fund" to Saint Teresa and Winona State nursing students. Funds from the estate of the late Blanche Hunter are intended "To assist all worthy, sincere, and serious-minded individuals, male and female, who are engrossed in or continuing the profession of nursing."

As TRENDSETTERS at the estate, the First National Bank of Winona has the authority to grant these loans at its discretion. Although the bank is not bound by Scholarship and Finance Committee recommendations, these recommendations will be a major consideration. Nursing students should also have a B average to apply.

Should the balance in the trust ever exceed $50,000, it will be divided between the two colleges and used for advancing the nursing program in the respective schools.

Warriorettes highlight game

The Warriorettes presented their first performance of the basketball season on Saturday when WRI play La Crosse in Memorial Hall at 7:30 p.m. Donna Delites, Carol Nemler, and Kathy Bootheker, the cheerleaders, demonstrated their skills in handling the basketball in a dance routine.

The FIRST of the Warriorettes' halftime entertainment will include a precision drill to the music of the Globe Trotters, "Sweet Georgia Brown."

Correction: IM Football

Several errors in the IM Football championship story, as appeared in the last issue of the WINONAN, have been brought to our attention. Foremost, it was the Morry Michaels, '67, and the Raiders. There were 256 boys on 16 teams, and it was under the direction of Coach Stevenson.

Swimmers open Saturday, first home meet Tuesday

Coach John Martin and the Winona State swim team will open their season this Saturday by traveling to Oshkosh, Wisconsin to take part in the yearly Titan Relays. Always a tough meet this might just be the chance the swimmers need to prove themselves the best in the Mid-West amidst eight of the finest schools in this region.

Last year the aquatic team finished fourth in this big event behind first place and NCAA national champion Marquette College of St. Paul, Loyola of Chicago was second, host team Oshkosh third, and the Warriors in fourth. Next came a three-way tie for fifth place between Lawrence University, Michigan Tech, and North Central Michigan.

The University of Wisconsin at Milwaukee wound up in last place.

This year's team is said to be the best and strongest team that Coach Martin has developed in his four years while at Winona State and is a sure bet to improve in this relay event on Saturday.

With 11 lettermen and 10 experienced swimmers this is without a doubt the year to watch the Warrior's stroke and dive their way to a conference championship, as well as an excellent national finish, if not the coveted ranking itself.

SWIMMING WITH A SPLASH . . . Members of Winona State's swim team were one of the tankers who took off from the blocks. Watching, from left to right, are Bill Kohler, Pelo Kopeckinad, Bill Rennan, and Dick Childsers.

Cagers take first home game, even record

Whether it was good team work or the faraway is still in doubt but the Warrior basketball team returned from Thanksgiving vacation and scored its first season victory, at home, against River Falls 83-80.

Although River Falls' sophomore shooting ace George Yous aimed the nets with a dashing 39 points the Warriors were able to utilize a balanced scoring attack and some Falcon mechanical errors to direct the victory for Winona.

Almost much of the first half was a see-saw battle with both teams switching leads, the Warrior led with a narrow 40-39 score at half-time. Starting the second half it looked as though the Warriors would never get back in the ball game as poor shooting and guard Dave Meineker in foul trouble rocked the team for quite a spell. But it was a transfer student, Mike Willows that saved the day as he came from the bench to spur a flurry of great shots accounting for 13 points. With just over three minutes to play in the game Winona's Little All-American guard Dave Meineker came back in the lineup and sealed the victory for the Warriors.

In Tuesday's game, the cagers dropped La Crosse 84-80, to bring their season's record to 3-1. *. * *

In the first season and away game of the year the Warrior hardwood men found it hard going against Stevens Point College, Wisconsin, and lost 83-74. Capitalizing on Winona's poor shooting and many mistakes Stevens Point was able to garnish its victory and handed the Warriors their first defeat of the year.

However, it wasn't until the fourth quarter that the Warriors went behind and lost the contest. The trouble came when center Mike Jereck fouled out of the game with 22 points and left Jim Bloom the 6-6, 230 lb. center of Stevens Point out to score and help the winners cause.

WPE wins swim meet

They can't dance and they can't sing, but they do swim. In fact, they swim so well that on Saturday, November 13, The Women's Physical Education Department of Winona State had hosted and won its first home- invitational swim meet. The抗衡e favoring the girls with competition were Menlo and Gustavus Adolphus. Mankato finished second with 69 points, Gustavus Adolphus third with 72.

Although Mankato lead the field of 13 events with 7 first place finishes Winona dominated the field of 13 events with 7 first place finishes. In diving Miss Locks, Women's Intramural-Extramural Coach, and Miss Day and Mrs. Sprenger, guides, handled under the guidance of Miss Berndt, the Women's Physical Education Director, Mike Kerman, and Dick Childs.

Miss Richardson placed first in the 50 yd. butterfly in 37.6, and taking second and third places to bring 25 yd. freestyle in 14.3, followed by Sue Kuchenmeister's 14.6 second place in the same event. Miss Marquardt also captured a 3rd place in the latter event was 1:14.4.

Another double winner for Winona were Jeri Madsen and Jeanne Berndt. Miss Berndt's 19.6 time in the latter event was 17.2 and 39.1.

Outside the individual competition Winona placed twice with 2nd and 3rd place finishes in both the 25 and 100 yd. freestyle. Miss Frenette also captured a third 46.4 in the 100 yd. freestyle also in 1:14.4.

The invitational meet was handled under the guidance of Miss Day and Mrs. Sprenger, coaches, and Miss Locks, Women's Intramural-Extramural Co-ordinator.

The Grotto

There's more than fabric superiority in Gant. In addition, "wooled-in-the-warp word of ever-lasting shirt"—there's flair-fit show — three vital inhere rents that make all the difference when a man wears a Gant.

We chose Gant because they take shirt making seriously. They've to hard to please (like we are) when it comes to fit of collar, its roll, its profile—how much it shows above the suit collar. They're fastidious about the way the body of the shirt drapes and folds. All must integrate to achieve that viable ingredient which gives comfort and aplomb. In substance, Gant shirts are keyed to the discerning tastes of well-groomed men who appreciate quality. These men are our customers.
