This is a letter to the college's students, discussing their experiences and changes that have occurred over the past four years. The letter is written by a senior student, who reflects on the challenges and joys of college life, including the value of education and the growth that comes from living on campus. The student describes the camaraderie among classmates, the importance of friendship, and the impact of college on their personal development. They also mention the support of faculty and the role of extracurricular activities in their college experience. The letter concludes with a sense of gratitude and anticipation for the future.

ANDREJEC RE-ELECTED CAPTAIN OF CAGERS

Arthur Andrejek, stocky Ivanhoe native, athlete, was re-elected captain of the 1939-40 basketball team. As captain last season he led the team to its second consecutive Conference Championship.

Andrejek was one of the leading conference scorers last year, and he is considered one of the best defensive men in the conference. He regularly plays forward, but he is sufficiently skilled to fill the guard position, the position he held in his freshman and sophomore years.

R. SPENCER CHOSSEN PIGSKIN CAPTAIN

The logical person and the unanimous choice for football captain at St. Cloud is Ralph Spencer of Columbia Heights. Ralph has played regular halfback for three years in track and football, and he is the obvious choice of the coaches for the all conference first team. Although Ralph scores relatively few points he is the one who is depended on to smash through the tackle for yardage gained the hard way.

W. M. ROOKER

A word of praise seems appropriate here for a true sportsman, Jim Galligan, has been sacrificed for the Marquette Relays if he finds the meet worthwhile. Jim was a member of the 320 yard low hurdles, he ran as good times on the 100 yard dash as the 110 yard hurdles and he also ran on the 440 yard dash.

DAVIDSON CAPTAINS TRACK SQUAD NEXT YEAR

James Davidson of Winona, our outstanding distance man, will be St. Cloud's captain for next year by the track squad. Besides turning in consistently good ones on the 100 and 220 yard dashes he ran as anchor man on the relay team. He earned a total of 24 points during the season. Jimmy can also run the low hurdles in good time.

DAVIDSON. Jim, according to Coach Galligan, has been sacrificed for the sake of the team almost all season. In order to balance his team, Coach Galligan often had to place Jim in events that were not his specialties, and thus his performances suffered. This also speaks well for his versatility.

Galligan is contemplating entering a mile relay team in the Marquette Relays if he finds that the team cannot sacrifice too much of their study time to work out.

This year the team took part in more track meets than it has in the past several years, and in each meet it made a commendable showing. All in all the track season was a success.

Following is a summary of the State meet.
