## Salesman Killed on Highway 61

Skid Marks To The Left of the center line of highway were left by the Verdale Larson car, according to Sheriff George Fort. Larson was driving toward Winona when his car collided with the auto transport

which crashed into the bluff at the left. After the collision the car swerved to the right where it came to a stop blocking the northbound lane of traffic at the right. (Daily News photos)

Its Front End Torn Away, the car involved in a fatal car-truck collision near Lamoille is lifted off the

pavement by a wrecker. The accident scene is about one-half mile north of Lamoille.

### Broker Believes Stocks Reflect U.S. Confidence

By ED CREAGH  
WASHINGTON (AP)—A leading Wall Street broker voiced confidence in the health of the stock market today in the wake of a three-billion-dollar tumble in stock prices.

Winthrop H. Smith, managing partner of Merrill Lynch, Pierce, Fenner & Beane, attributed the 18-month-old market boom mainly to public confidence in America's future.

He told the Senate Banking Committee, "There appears to be a greater feeling of confidence at this time than there has been for a long time."

Smith's testimony was prepared before yesterday's selling waves on the New York Stock Exchange—one of the year's worst breaks. But there was no indication after the break that Smith planned to alter his statement.

Some analysts linked the market's jitters with yesterday's testimony by Harvard economist John K. Galbraith in the committee's "friendly study" of the stock market and the stock price boom.

Galbraith urged "strongest precautionary measures" to guard against the boom's getting out of hand and winding up in a collapse.

Chairman Fulbright (D-Ark) said he doubted if the market break had any connection with Galbraith's testimony or with the Banking Committee's inquiry. But he did comment that yesterday's market performance only "demonstrated the wisdom" of Galbraith's words of caution.

Smith, who heads the world's largest brokerage firm, did not list speculation among the factors to which he attributed the stock price boom that started in September 1953. He described the price rise as a natural and "not too surprising" result of a "reawakening of confidence" by investors in the future of America's economy.

### 26 Dead in Crash Of Mexican Plane

By JACK RUTLEDGE  
MEXICO CITY (AP)—Rescue workers battled a raging forest fire today in an effort to reach the bodies of 26 persons killed in Mexico's worst plane crash. The dead included four Californians.

The airplane, a two-engine DC3 of the Compania Mexicana de Aviacion (CMA), crashed into a mountain yesterday shortly after taking off from Puerto Vallarta, on the Pacific coast. It burst into flames, touching off the forest fire.

A rancher who reached the scene before the fire surrounded the wreckage said there were no survivors among the 23 passengers and three crewmen. The passengers included two children.

The U.S. citizens aboard were identified as:

Edd Johnson, a staff member of the San Francisco Chronicle who had been on leave at Puerto Vallarta. He formerly was an editor of the New Republic magazine and a foreign correspondent for a Chicago newspaper.

Dr. Clifford Hays, 32, a dentist, Arcadia, Calif.

Dr. Russell Ingle Jr., 31, a dentist, Montebello, Calif.

R. S. Hall, 47, a grocer, Whittier, Calif.

In Whittier, a friend of Mrs. Hall said the grocer left there last

### Dulles Afraid U.S. Must Face China Showdown

#### 4 Men Die in Oregon Fire

PORTLAND, Ore. (AP)—At least four elderly men died early today in a fire in the Lind Hotel in downtown Portland.

More than 80 guests were registered. Most of them got out of the three-story structure by climbing down fire escapes or making their way to exits through smoke-filled corridors.

The bodies were not identified. Six guests were overcome by

smoke or required first aid treatment for burns. One was hospitalized for treatment of second and third-degree burns.

Five firemen were overcome by smoke while rousing the sleeping guests.

One family, including seven children, escaped unharmed.

The three-alarm blaze apparently started in a second-story hallway, firemen said. The cause was not determined.

### Red Cross Checks On Flood Damage

CINCINNATI (AP)—Red Cross officials today said some 2,558 families in four states have suffered property damage by the flooding Ohio River. This includes Ohio, Kentucky, West Virginia and Indiana.

As damages mounted downstream, the Weather Bureau predicted the river should be back in its banks in the lower portion this weekend. Many of the areas hit generally suffer damages when the river overflows.

Cincinnati braced for the flood crest today along with numerous small river towns in Ohio, Kentucky and Indiana. The crest has swept past Pennsylvania and West Virginia.

Among the hardest hit river towns was Manchester, Ohio, where the state highway patrol said 225 families fled shore homes as the crest neared the town today. Manchester is about 80 miles

upstream from Cincinnati.

Sixty-four Manchester businesses suspended operations as the crest of the river traveled from Portsmouth toward Cincinnati.

The Ohio highway patrol reported over 1,000 families and nearly 400 evacuated businesses from Pomeroy, Meigs County, down to Cincinnati and Hamilton County.

However, no rain which would swell the river further was in sight for today or tomorrow, the Weather Bureau reported. Some showers are expected tomorrow or Friday but these would not affect the cresting unless they develop into a downpour.

BOONE, Iowa (AP)—Danny Laver, 4, who police said tried to hitch a ride on an auto transport truck, was injured fatally Tuesday when he fell beneath the wheels.

#### Father, Son Overcome By Fumes in Trailer

MONTEVIDEO, Minn. (AP)—A father and son were hospitalized here in critical condition today after being overcome by fumes from a defective gas stove in their trailer home at Clara City, Minn.

Henry B. Gerutz and his son Theodore, were found unconscious Tuesday by another son, John, 13, who lives at another home and had come to visit on his way to school.

#### WEATHER

FEDERAL FORECAST  
Winona and Vicinity—Generally fair and continued mild tonight and Thursday. Low tonight 35, high Thursday 54.

LOCAL WEATHER  
Official observations for the 24 hours ending at 12 m. today: Maximum, 48; minimum, 28; noon, 47; precipitation, none; sun sets tonight at 6:05; sun rises tomorrow at 6:29.

AIRPORT WEATHER  
(North Central Observation)  
Max. temp. 48 at 11:30 a.m. today. Low 32 at 9:30 p.m. Tuesday. Noon readings—Sky clear, visibility 15 miles, temperature 48, wind from the west-northwest at 5 miles per hour. Humidity 54 per cent, barometer 29.74, rising.

#### Decision Seen Over Formosa By Secretary

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Secretary of State Dulles' trip to the Far East apparently convinced him the United States and Communist China are heading toward a military showdown—probably over Formosa.

In a nationwide broadcast last night, Dulles issued two solemn warnings:

1. To the Chinese Reds he said U.S. sea and air forces in the area are "now equipped with new and powerful weapons of precision, which can utterly destroy military targets without endangering unrelated civilian centers."

2. To the American people he said the whole defense system for free Asia will fail unless they are willing to use their "greater force" in response to a military challenge from Communist China.

Dulles' tone was grim although he reported progress on strengthening the Southeast Asian alliance, whose conference at Bangkok, Thailand, took him abroad. He returned Sunday after stops at other capitals, including that of Nationalist China on Formosa.

Promises Arms Aid  
Dulles promised continued arms aid for Far Eastern countries. Without giving details, he projected U.S. cooperation toward improving economic conditions. He termed subversion the greatest danger in Southeast Asia, but voiced belief the threat would diminish when such countries as Viet Nam understand that their allies "have the power, and the will, to strike down an open armed aggressor."

One theme dominated Dulles' talk. It was that the free, friendly peoples of Asia are mainly dependent for their security on "mobile Allied power" spearheaded by U.S. sea and air power. And he said if they think that the United States will not fight if trouble comes then they will lose confidence and free Asia will fall apart.

Seeks Cease-Fire  
Dulles did not say specifically that the showdown which he foresees will come over Formosa. But in several key sentences he stated his view this way:

"We hope that the present military activities of the Chinese Communists are not in fact the first stage of an attack against Formosa and the Pescadores. We hope that a cease-fire may be attainable. We know that friendly nations, on their own responsibility, are seeking to find substance for these hopes. Also the United States is studying the matter in a search for peace."

They're Going to Tell  
World About Milkmen  
DES MOINES (AP)—The Iowa secretary of state's office has approved incorporation of a non-profit organization known as the Waterloo Retail Milkmen's Assn. The organization stated its purpose was to "enlighten the public about milkmen."

### Senate Group OKs Harlan for Supreme Court

WASHINGTON (AP)—The Senate Judiciary Committee today approved the nomination of Judge John Marshall Harlan for the Supreme Court.

Sen. Dirksen (R-Ill.), emerging from a closed meeting of the committee, told newsmen that 10 senators voted for confirmation, 4 against and one voted present.

Harlan, grandson of a Supreme Court justice, was nominated by President Eisenhower last November to fill a vacancy on the court left by the death last October of Justice Robert H. Jackson.

Dirksen said that he thought there would be "a bit of a floor fight" when the nomination is brought up in the Senate, in view of the four adverse votes in the committee.

Harlan now is a judge of the 2nd U.S. Circuit Court of Appeals. He was confirmed for that post, in New York, last year.

### Hungarian Reds Attack Premier, Dismissal Seen

VIENNA (AP)—Hungary's Communist party blasted Premier Imre Nagy today for "hollow, demagogic promises" which caused production in heavy industry and agriculture to drop.

Nagy's dismissal from office appeared imminent. He had been his country's chief mouthpiece for Soviet ex-Premier Georgi Malenkov's policy of more consumer goods, rejected earlier this year by Moscow.

A decision of the Hungarian party Central Committee, broadcast today by Budapest radio, accused the 59-year-old Nagy of "protecting the undermining work of bourgeois circles within and outside the party" and of supporting "right-wing deviationists."

Nagy's downfall had been expected since Malenkov lost his premiership and both the Soviet Union and Hungary returned to policies of prime emphasis on heavy industrial production, which includes war material. The Budapest government announced in mid-February Nagy had had a "serious" heart attack and would not be back in his office until "probably sometime in April."

The party attack on the Premier symbolized the continuance in power of the country's real Communist boss Matyas Rakosi. Nagy replaced Rakosi as premier in July 1953 after Stalin's death, but Rakosi continued the No. 1 man in the party Politburo.

It remained to be seen whether he would take the premiership back or would still wield power from his party post, in the manner of Soviet Communist party chief Nikita Khrushchev.

### Princess Margaret Will Marry Captain

By JACK SMITH  
LONDON (AP)—Princess Margaret intends to marry 40-year-old RAF Group Capt. Peter Townsend this fall, an informant in touch with the royal family said today.

Townsend himself, a divorced man, was quoted as saying: "There can be nothing said until the time is ready or somebody else does something."

The 24-year-old princess is expected to renounce her right of succession to the throne to smooth the way for her wedding to a commoner, according to the informant, who refused to permit use of his name.

Margaret's marriage to the war hero, father of two children, would defy the Church of England's ban

on the remarriage of divorced persons.

Buckingham Palace maintained its traditional silence on reports concerning the royal family's personal plans. But available information tended to corroborate the report that Margaret and Townsend are going ahead with wedding plans.

Even a princess can change her mind, however, and Townsend himself presumably could erect great obstacles to the marriage by indiscreet remarks.

There were suggestions—naturally not confirmed—that news about the royal romance is being leaked deliberately to the British press.

The aim of that apparently would be to determine how the British people react. Such publicity also would avoid the public shock which developed when Edward VIII's romance with Mrs. Wallis Simpson got in the British papers only just before his abdication to marry her.

New rumors of the Margaret-Townsend romance were splashed in two of London's biggest Sunday newspapers three days ago.

The mass-circulation Daily Mirror on Monday and Tuesday front-paged what it described as interviews with Townsend in Brussels, where he was sent as British air attaché in 1953 after tongues started wagging about the princess' frequent appearances with him.

So far there has been no public reaction from the Church of England. Officially it is opposed to divorced persons remarrying. But many clergymen take an opposite view toward persons who—like Townsend—are the injured parties in the divorce action.

Yesterday Margaret sat beside the Archbishop of Canterbury, Dr. Geoffrey Fisher, at a public luncheon given by the lord mayor of London to welcome her home from her Caribbean tour. The princess and the archbishop are old friends.

### Winonan Dies In Crash With Car Transport

#### Trucker Critically Injured in Head-on Collision at Night

By GORDON HOLTE  
Daily News Staff Writer  
LAMOILLE, Minn. (AP)—A Winona salesman was killed and a Fargo, N. D., trucker was injured critically in the head-on collision of a car and a loaded auto transport on Highway 61, one-half mile north of here, late Tuesday night.

Listed as Winona County's sec-

ond traffic fatality of the year is Verdale J. Larson, 26, 1286 W. 2nd St., who was returning home from Caledonia when his car and the semitrailer collided at about 11:35 p.m.

The driver of the auto transport, James Adams, 27, was reported this afternoon to be in critical condition at the Winona General Hospital where he is receiving treatment for a severe neck injury sustained in the crash.

Both the truck tractor and the automobile were virtually demolished in the accident.

Larson was the 10th person to die in a traffic accident on the Winona-La Crescent segment of Highway 61 in the past four years.

The last fatality on this portion of highway was recorded Nov. 12 when a 7-year-old Dresbach girl was injured fatally when she was struck by a car near her home.

Three persons were killed on the highway between Winona and La Crescent in 1951, three others in 1952 and two in 1953.

Upwards of 75 cars and trucks were lined up along the highway on either side of the accident site during a period of nearly two hours while the wreckage of the two vehicles was being removed from the highway.

Sheriff George Fort said this morning that his investigation has failed to reveal the exact cause of the mishap although he is considering the possibility that Larson

## City Council Misunderstands, County Says

Dike Road Declined Because No Demand, Commissioner Says

Winona County's commissioners today indicated that they would like to clarify their position in what board chairman Ray G. Kohner has called "an apparent misunderstanding in regard to the proposed maintenance of the Lock & Dam 5A dike road."

Commissioners, during a regular session Tuesday, voiced disapproval over a report from the Winona City Council in which aldermen indicated that they might be interested in maintaining the 3.1 miles stretch of roadway.

The City Council, it was reported, felt that the commissioners had refused to accept the responsibility for maintaining the road because they (the commissioners) did not believe the county board could expend county funds for maintenance of a road which the county did not own.

**Kohner Comments**  
Kohner said today: "The question of legality never entered into our decision—that is a misunderstanding by the City Council."

Chairman Kohner, speaking for the county board, said that commissioners decided they would not maintain the road because they felt there was not enough public sentiment in favor of keeping it open.

Commissioners have explained that when the question of entering into an agreement with the U. S. Army Corps of Engineers first arose, the decision was to be made in the following manner:

1. Find out if enough persons want to have the road open;

2. If so, then determine whether the county may legally expend its funds for maintenance of the road.

Kohner said today that "we at no time requested county attorney S. A. Sawyer to look into the legal problems involved—we failed to discover enough interest in the project as our first step and did not carry it any further. The question of legality never came up."

Commissioners, in February, passed a resolution rejecting all responsibility for maintenance of the road "for the present time."

The county board, in February and today, have indicated that if the public showed enough interest in having the road kept open and maintained, they might "reconsider our stand."

Commissioners also voiced disapproval Tuesday over what they believed was an apparent switch in the City Council's attitude.

They recalled that at the time of a hearing over the problem in January, they had invited a representative of the city to be present, but were told that the city was not interested.

**Telephone Lines**  
In other actions Tuesday, commissioners passed a resolution giving the American Telephone and Telegraph Co. permission to construct, operate and maintain underground communication systems near and on the roads and highways in Winona County.

The firm had indicated that it desired from time to time to install and maintain telephones and telegraph equipment in various sections of the county. Included are underground cables, wires, conduits, pipes, manholes, drains, splicing boxes, surface-testing terminals and markers.

Included in the resolution, however, was a clause which guarantees that the county will be held harmless for any accident which might occur to persons as a result of A. T. & T. operations.

Through a second resolution passed Tuesday, the state commissioner of highways was appointed as an agent for Winona County in letting of contracts for 1955 construction on the following state aid roads:

• SAR 1, from a point 2 miles east of Ridgeway to a point 3 miles east of Ridgeway.

• SAR 11, from Lewiston to a point 3 miles south of Lewiston.

• SAR 18, from a point 5 of a mile east of Highway 74 to a point on county aid road 128, which is 1.5 miles south and 1.5 miles east of St. Charles.

Commissioners approved and ordered paid regular February bills.

The board will re-convene Thursday at 10 a. m. to discuss proposed state and federal aid highway programming with county highway engineer Gordon Fay.

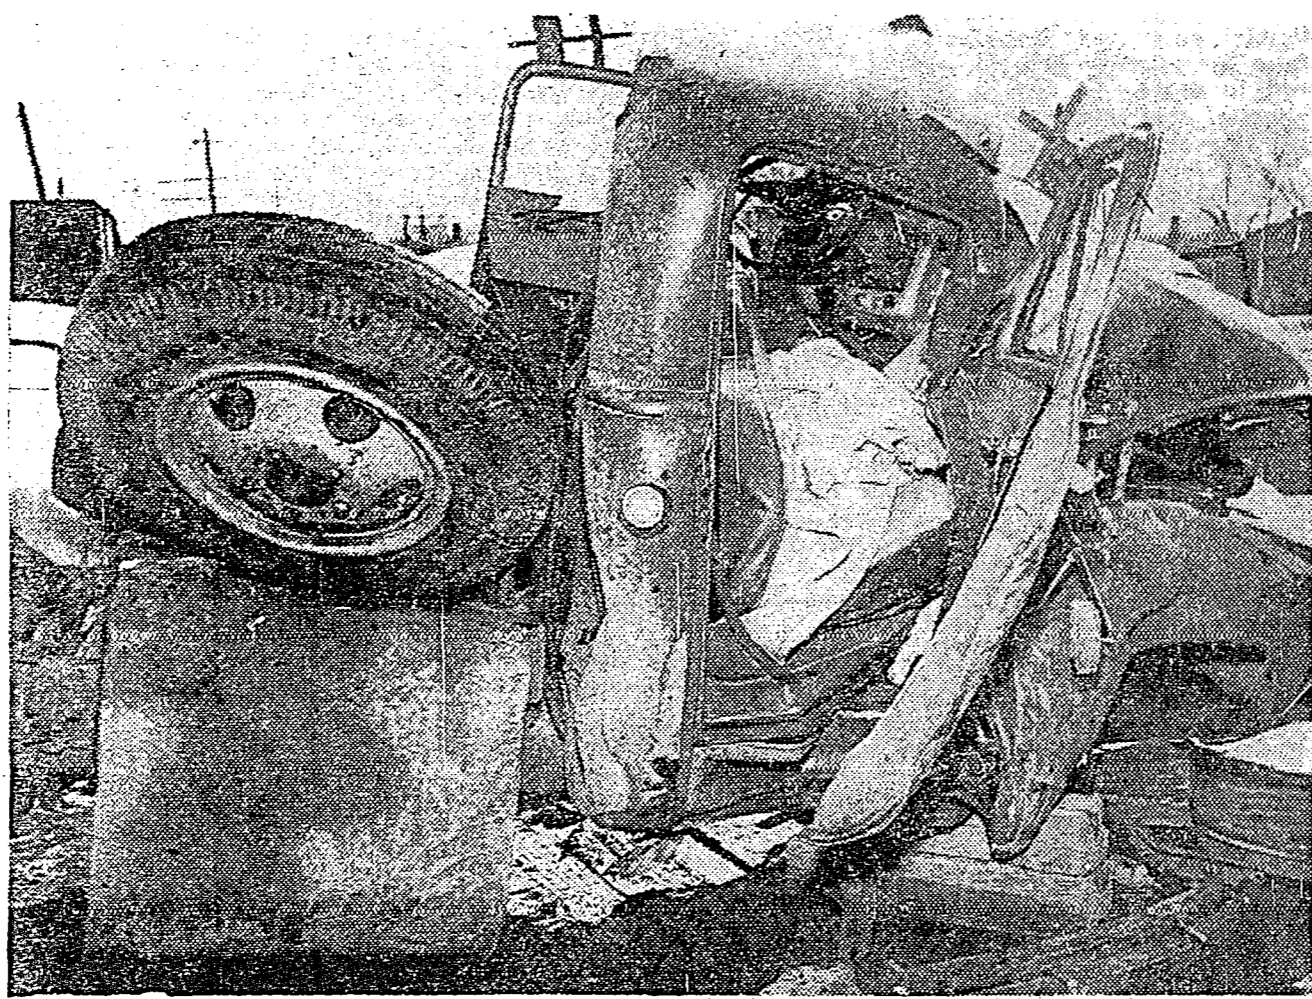

**Smelt Feed Planned By 40 & 8 Voiture**

A free smelt feed for members will be served by the Winona County Voiture, 40 & 8, at the American Legion Memorial Club at 6:45 p. m. Monday.

In charge will be Lambert Kowalewski and Howard W. Clark.

Ambulance Attendants Prepare to lift the body of Verdale Larson, killed in a car-truck crash near Lamolite Tuesday night, into a Stevens Service ambulance. Among the persons who thronged the accident scene were pants of nearly 75 trucks and cars that were forced to stop on the highway while the wreckage of the two vehicles was being cleared away. (Daily News photo)

The Motor Of This Truck tractor was pushed back into the cab in a collision near Lamolite Tuesday night. The driver, who collapsed after crawling from the wreckage, is in critical condition at the Winona General Hospital where he is being treated for neck injuries. (Daily News photo)

## Lewiston Child Hit by Car After Getting Off Bus

LEWISTON, Minn.—A Lewiston school girl apparently escaped serious injury when she was struck by a car near her home on Highway 14 here Tuesday afternoon after alighting from a school bus.

Unconscious for nearly 25 minutes after the mishap, 6-year-old Theresa Bohr, the daughter of Mr. and Mrs. Victor Bohr, was examined by a Lewiston physician who found that she apparently suffered only bruises and abrasions.

She was to have X-ray examinations today, however, to determine whether there were any more serious injuries.

**Run Across Highway**  
Minnesota Highway Patrolman Eugene C. Molitor, Winona, said that the accident occurred at about 3:45 p. m. while Theresa was returning to her home from first grade classes at the Lewiston public school.

The Bohr home is on the north side of the highway and Theresa and two other youngsters got off the school bus at a street junction south of the highway.

After leaving the bus all three children ran across the highway toward the Minnesota Butane & Equipment Co., which Bohr operates.

A westbound car driven by Donald Eichelberger, 30, Sabetha, Kan., approached and when Eichelberger noticed the children dashing across the highway he applied his brakes.

The first two children successfully crossed the highway but Theresa was struck by the right front portion of the car, Molitor found.

She was thrown to the shoulder of the highway and was unconscious when the first persons arrived at the scene.

**Child's Screams Heard**  
An employee of the butane and equipment company heard the screams of brakes and a child's scream and went to the highway, Molitor said.

The employee carried the child to the Bohr home where the physician arrived less than five minutes after the accident.

Molitor was in Lewiston at the time and was called to the scene to conduct the investigation.

## SALESMAN (Continued From Page One)

may have fallen asleep momentarily.

The spot where the two vehicles collided is on a stretch of straight pavement with a slight downgrade from the crest of a rise at the south and continuing to a relatively sharp curve to the left at the north.

Sheriff Fort, who was assisted in his investigation by Deputy Sheriff Clarence McElmury, found that the Larson car came over the crest of the hill traveling north toward Winona and gradually began to veer toward the southbound lane of traffic.

Tire marks left by the car could be measured for a distance of 94 feet from where the automobile began to ease out of the northbound lane to where the two vehicles collided.

**Trucker Turned, He Says**  
From tire skid marks laid down by the auto transport, the sheriff concluded that Adams began to turn off toward the shoulder of the highway when he saw the car approaching.

The point of impact was established toward the edge of the southbound lane.

After the crash the car turned sharply to the right and came to a stop completely blocking the northbound lane with the front end almost against a guard rail post.

The truck tractor, meanwhile, twisted to the right after the initial impact and smashed into the steep wall of the bluff, about 10 feet from the edge of the pavement.

The front of the truck snapped off a telephone pole at its base and the pole, suspended by the transmission lines, fell across the top of the trailer.

A salesman for the Olson Food Supply Co., 5035 6th St., Goodview, Larson was serving his territory in the Caledonia area Tuesday and relatives believe that he may have remained in Caledonia Tuesday evening to attend the high school basketball tournament there.

**Trucker Arrives**  
The first person at the accident scene was another auto transport driver, Vernon Levos, Chaffee, N. D.

Levos said that he was following some distance behind the truck driven by Adams and because of the curve in the highway did not actually see the two vehicles collide.

When he rounded the curve, however, Levos saw the semitrailer stopped across the southbound lane of traffic and he stopped his truck immediately behind it.

"I went over to the car," Levos told Sheriff Fort, "and saw that the man inside was dead at that time so I went over to the truck cab."

Levos said that at that time Adams was still inside the wreckage of the cab, his head and a part of his body outside the window of the right door.

Levos told the sheriff that a short time later Adams crawled out through the broken windshield

of the cab, stood for a moment on the ground and then collapsed.

"He kept saying 'I can't move my neck,'" Levos related. Levos said that he then set out flares around the trucks to warn other motorists of the accident.

It was about this time that Howard Mathieu, Detroit, Mich., drove up. Mathieu, who was en route from Minneapolis to La Crosse, turned around and returned north in an effort to find a telephone to call authorities.

Mathieu said that he stopped at one house where there was no telephone and then continued on to a tavern near Homer where he called Sheriff Fort who, in turn, summoned a Stevens Service ambulance.

**Removal Difficult**  
Difficulties were encountered in removing Larson's body from the wreckage of the car.

In the collision the automobile apparently collided with the left part of the front bumper of the truck.

The impact was centered just ahead of the door on the driver's side of the automobile and the front end of the car was torn away and the metal shredded in the crash.

The motor of the automobile was pushed back toward the driver's seat and Larson's legs were wedged tightly inside the wreckage.

An Olson Wrecker Service truck from Winona was summoned by Sheriff Fort and the motor of the car was pulled ahead and the body of the automobile straightened somewhat so that Larson's body could be released. Dr. John Tweedy, Winona, acted in the absence of Coroner R. B. Tweedy.

**Fire in Car**  
Shortly after the collision, a fire broke out in the car.

Truckers who had stopped, however, brought fire extinguishers and put out the blaze before it had developed to any extent.

Sheriff Fort said that when the truck struck the side of the bluff it hit a large rock and the force of the crash caused the trailer to jackknife across the highway.

When it came to a stop the tractor, its motor and hood telescoped into the cab, was against the bluff while the trailer extended at an angle across the southbound traffic lane.

The rear end of the trailer was partially in the other lane.

The only apparent damage to the load on the trailer was to one of the cars on the top level whose top was bent by the falling telephone pole.

After the car was removed from the highway by the wrecker, the twisted tractor of the semitrailer was separated from the trailer and another tractor was brought from Lamolite to tow the loaded trailer to a truck stop here.

The removal of the truck was completed by 2:30 a. m. Before the car was removed from the northbound lane the flow of traffic in both directions was blocked by the wreckage. Cars and trucks were parked along the highway south to Lamolite and north for a considerable distance.

Among the vehicles stopped on the highway were 42 trucks. The auto transport driven by

## Knowles Wins GOP Primary For Senator

Wisconsin District Casts Light Vote; Election April 5

Robert P. Knowles, Republican, New Richmond, Wis., will face William W. Ward, Democrat, a fellow townsman, in the general election for 10th District state senator April 5.

The New Richmond GOP candidate topped two other Republicans in the district primary Tuesday by a substantial margin. Ward was not opposed for his party's nomination. The winner of the general election will replace Warren P. Knowles, Robert's brother, in the State Senate. Warren was elected Wisconsin lieutenant governor Nov. 2. The district has been without a senator in this session of the Legislature.

Knowles received 2,182 votes in the four counties of the district—Buffalo, Pepin, Pierce and St. Croix—to Selmer W. Gunderson, Spring Valley, 1,630, and LeRoy J. Hagemann, Ellsworth, 925. Ward received 1,553.

It was an extremely light vote. The total by counties:

Peplin Buffalo Pierce St. Croix

Gunderson 67 128 1,047 388

Hagemann 25 50 726 124

Knowles 147 309 922 913

Ward 133 306 456 658

## Rushford Council Awards Contract

RUSHFORD, Minn. (Special)—Arthur Bakken, Rushford contractor, was given a \$14,616 contract Monday night for installation of curb, gutter, sidewalk and storm sewer here.

The project will be financed by separate bond issue, according to City Clerk Arthur Berg, and property owners can pay cash or be placed on the assessment rolls, he said.

Bakken will install curb, gutter and sidewalks along Money Creek street from Grandview to Rushford, and curb, gutter, sidewalk, and storm sewer along Elm street from Park to the railroad property.

Work will start as soon as weather permits.

## St. Mary's Students To Compete in Contest

Two St. Mary's College students will participate in the Minnesota state oratorical contest at St. Olaf College, Northfield, Thursday.

Thomas Carden, a freshman from Chicago, will enter original oratory with "The Country Without," while James Flack, Kansas City, Mo., a junior, will compete in extemporaneous speaking.

**NEW WYKOFF HOME**  
WYKOFF, Minn. (Special)—Mr. and Mrs. W. H. Bicknese have moved into their new residence. Their son and daughter-in-law, Mr. and Mrs. Billy Bicknese, and family have moved into the vacated Bicknese home from the Otto Griebner residence.

Adams was owned by the Moen Transfer Co., Fargo, and was leased to the K. W. McKee Co., St. Paul.

Levos said that he and Adams left Fargo at about 9:30 a. m. Tuesday, stopped at the Ford Motor Co. plant in St. Paul to pick up the load of cars and were en route to Milwaukee when the accident occurred.

**Native of Houston**  
Born in Houston, Minn., Feb. 19, 1929, Larson had been a resident of Winona for the past four years.

He was a graduate of the Houston High School and a veteran of service in the Marine Corps. Larson enlisted in the Marines in February 1952, took his boot training at San Diego, Calif., and was stationed at Cherry Point, N. C.

He was discharged from the corps in March 1954.

Survivors include his wife, Lois; a 2-year-old son, Joseph; his parents, Mr. and Mrs. Henry Larson, Winona; a grandmother, Mrs. Olaus Olson, Houston; a brother, LeRoy Larson, Houston, and two sisters, Mrs. Maynard (Harriet) Mille, Winona, and Mrs. Donald (Laurine) Woxland, Rushford.

He was a member of the Central Lutheran Church in Winona.

Funeral arrangements are being completed at the Breitlow Funeral Home.

## Proposals Solicited

Sealed proposals will be received and opened in the presence of the Board of Fire & Police Commissioners at 7:30 p. m. Wednesday, March 23rd, 1955, for furnishing 4,500 5-inch by 3-inch reflector type metal bicycle license plates numbered 1 to 4,500 inclusive. Said plates shall bear the name of the City of Winona and the year 55-56. The color to be used on said plates shall be a green scotchlite base with white letters and figures.

Bidder shall also furnish 4,500 fasteners to be used to fasten license plates to the bicycles.

Bidder shall also furnish sample of plate upon which the bid is based.

The right to reject any and all bids is hereby reserved.

Send bids to

Roy G. Wildgrube, Secretary  
City Hall  
Winona, Minnesota

Representatives of the Winona Council of Social Agencies toured the Salvation Army Tuesday night and heard reports on the Army's activities from Capt. and Mrs. Charles Hall, inspecting a lamp shade made by a Salvation Army women's unit are, left to right, Capt. and Mrs. Hall; Mrs. Helen White, assistant city poor commissioner; William F. White, social agencies council president, and Lloyd Osborn, a council member. (Daily News photo)

## Activities Summarized

### Social Agencies Council Tours Salvation Army

Salvation Army welfare expenditures, excluding Christmas welfare, increased 102 per cent during 1954, Capt. Charles Hall told representatives of the Winona Council of Social Agencies during a tour of the citadel Tuesday night.

Capt. Hall said that the main part of pure welfare activities centers in the emergency field, explaining that one of the most pressing problems is the care of transient men.

He said that the Salvation Army is the prime agency devoted to assisting these men, and asked that anyone who contacts such individuals refer them to the Salvation Army.

**Lodgings Increased**  
During 1954, he noted that the Army provided 552 night lodgings, compared with 289 in 1953. Meals provided increased from 600 to 1,332, Capt. Hall added.

The number of transient and homeless persons receiving assistance during 1954 increased from 328 in 1953 to 484 last year.

Most of the men receiving aid, Capt. Hall explained, are in the 60 to 65 age bracket, men who have difficulty in procuring employment but are not yet eligible for social security assistance.

Cases assisted during the winter average about one a day, while some summer days, as many as 14 transients have received meals or lodging.

In explaining family services, Capt. Hall noted that the Salvation Army's primary function is to assist families not eligible under public assistance programs, for short terms. He said they maintain contact with public welfare agencies concerning most of the

cases. Assistance last year was given in 1,438 cases compared with 693 in 1953.

The group toured the clothing room from which 1,207 garments were distributed to needy families last year.

**Christmas Program**  
Christmas welfare programs, including the distribution of Christmas baskets, also were discussed. The Salvation Army enlarged its program last year when the Elks discontinued its program although the Elks continue to supply the poultry distributed to needy families.

A total of 159 baskets were distributed last Christmas at an average cost of \$7.53. Only 59 were distributed the year before.

Other programs of the Salvation Army explained by Capt. Hall included the Sunbeam Troop (for girls 6 to 10), Girl Guards (girls 11 to 18), the Cub and Boy Scout troops; cooperation agreements with the Women's Home & Hospital, St. Paul, and the Men's Social Service Department, Minneapolis, and the youth group camping program at Silver Lake each summer.

Attendance at youth and adult activities during 1954 totaled 14,493, he added.

Capt. Hall also pointed out that this week marks the 75th anniversary of the founding of the Salvation Army in London.

Reports during the meeting were presented by Mrs. M. L. Spencer Sr., for the research committee of the council; the Rev. J. R. Feiten, for the co-ordinating committee; Mrs. Rudolph Miller, the public relations committee; and Mrs. Helen M. White, on the Christmas bureau committee.

## Water Project At La Crescent Given Approval

LA CRESCENT, Minn. (Special)—Approval of a water main improvement project along Kansas avenue was given by the village council Monday night following a public hearing.

The job will include 1,200 feet of water main extension west from the end of the present line on Kansas. The council also voted to open Hill street, one block south of Main street and Maple street north from Kansas and to install a street light at the Carroll service drive.

Dr. R. L. Gilbert, village health officer, and Richard Speltz and Alvin Grob, principals of the parochial and public grade schools respectively, discussed a mass polio vaccination. The physician suggested that the vaccination might be set up through state channels without cost for children of the first and second grades. Parental consent is necessary, he said. There are 128 pupils in the two grades in the two schools—58 in parochial and 70 in public. The council agreed to cooperate.

Engineer Keith Caswell and Attorney Lloyd Duxbury attended the session and the proposed extension of sewer lines was discussed. Caswell answered inquiries. A public hearing will be held March 31 at 7:30 p. m.

A \$3,919 bill from the state public examiner's office for the audit covering the last five years was received and approved. It was agreed to permit the township to use the village hall for an annual meeting Tuesday.

**St. Matthew's Still Studying Project Bids**

A meeting of the St. Matthew's Lutheran congregation to consider bids on an education addition Tuesday night was recessed to an undetermined date while the proposals are given further study.

About 120 members of the parish attended the meeting which was presided over by Carl Clardy, building committee chairman. Several alternates to the original plans are being given consideration and another date will be set for final congregation action, Clardy said today.

## First Highway Restrictions On

Load limit restrictions on four trunk highways and a detour in Fillmore and Houston counties were announced today by E. R. Boyce, maintenance engineer of the Department of Highways District 12.

The axle weight restrictions are:

• Trunk Highway 16 — From TH 52 to Lanesboro, a 6-ton axle weight limit, and from Lanesboro to Hokah, a 4-ton limit, both effective at noon today on the 46.7 miles of highway.

• Trunk Highway 26 — From the south state line to TH 16, a 4-ton limit over 21.3 miles of highway, effective Thursday.

• Detour of Trunk Highway 76 from Eitzen to TH 44, a 4-ton limit on 9.7 miles effective Thursday. Limit on TH 76 from Eitzen to TH 44 is 5 tons.

• Trunk Highway 76 — From Caledonia to TH 16 east of Houston and from TH 16 west of Houston to

Money Creek, a 4-ton limit on 16.3 miles of road, effective Thursday.

• Trunk Highway 250 — From Lanesboro to TH 30, a 4-ton limit on 8.5 miles of road, effective Thursday.

**COMPOUND FRACTURE**  
Miss Betty Denzer, who suffered a compound fracture of a finger in an accident at the Lake Center Switch Co., 51 Johnson St., Tuesday morning, was released from Winona General Hospital today.

# Marlon Brando Strange and Fascinating

By BOB THOMAS  
HOLLYWOOD (AP)—It's hard to sum up Marlon Brando in a few words.

He is a strange and fascinating young man, and a highly complex one. He is no dope, as anyone who converses with him quickly discovers. His talk is intelligent and colorful, full of humorous asides.

Some of his best friends compare him to a child. His emotions are basic. He has wild enthusiasms, can be easily hurt, is addicted to pranks. He is honest, often to the point of bluntness. All these are childlike traits. Indeed, he likes children and can talk to them better than most adults.

But there are signs that he is maturing. He no longer attacks the "commercial" film producers; he plans to be one himself and says he understands their problems. He is more tolerant in other views and seems to have his own professional future settled. Friends say the change is due to the successful application of psychiatry. He has undergone analysis and seems to be greatly helped, as far as his adjustment to his profession is concerned.

How does Brando live?

Judging from his publicity, you'd think that he wears only a torn T-shirt and jeans, drives a motorcycle wildly and lives in motels.

In reality, he has become a pretty sharp dresser. He gave up the motorcycle years ago, figuring the New York and Los Angeles traffic was too dangerous. And he lives in a comfortable, cliff-hanging house atop the Hollywood hills. The rented place is furnished in a style Brando describes as Californian circa 1927.

He lives alone, and meals are cooked by himself or his secretary Celia Meredith, who has been with the Brando family 14 years. He eats meats and lots of vegetables, especially when he is on a diet. He's on one now, trying to get slim for his role as Sky Masterson in "Guys and Dolls." His best weight is around 165, but he has been as high as 190.

He likes music, his tastes varying from modern composers like Stravinsky and Ravel to jazz. He reads a great deal, largely non-fiction, but some novelists like Faulkner and Melville. His hobbies are drawing and rhythm. He has a set of bongo drums that he likes to thump until late in the evening.

## Elevator Fire At Westbrook

WESTBROOK, Minn. (AP)—This southwestern Minnesota town had its second elevator fire in 33 days Tuesday.

Flames, discovered about 4 a.m., destroyed the elevator and feed mill of the Westbrook Grain Company.

There was no official estimate of damage but it is believed it will total between \$60,000 and \$70,000.

The elevator was owned by Fred Brandt. He was to have sold it today to Edward Kleven, whose elevator burned last month with loss of near \$100,000.

It was the third elevator fire here in four years, and it left the town with only one elevator.

Westbrook is in Cottonwood County about 20 miles northwest of Winona.

## Fame Comes to Japanese Painter

TOKYO (AP)—The long-cherished dream of an unknown Japanese painter will come true this spring. His works will be displayed in the French National Modern Art Museum.

Kyodo News Service said 17 pictures from the brush of Masato Uesaka had been selected.

They had gone unnoticed both here and abroad until spotted by George Salles, head of the French National Museum, who came to Tokyo last fall to supervise an art exhibition here.

His praise came a little late for Uesaka. He died a few months before the Tokyo exhibit opened.

## They'll Do It Every Time

## It Happened Last Night She Can Die Beautifully But What's Her Future?

By EARL WILSON  
NEW YORK—Any little thing you'd care to know about getting stabbed to death?

Step over here and meet Gloria "Leather Lungs" Lane, who's becoming the best known young girl in America. I don't think even Hollywood's diers can die any better.

"I'm an expert on getting stabbed because I got so many different guys killing me," gaily admits Miss Lane, an ex-Trenton, N. J., secretary who always says die.

Right now she dies nightly, and knifely—in fact, very knifely—in "The Saint of Bleeker Street," the Gian Carlo Menotti opus.

"Dying," she flung back her long hair that a tenor occasionally gets a mouthful of while belting out an aria — "takes practice. The 'Carmen' stabbings is a little phony. 'You have to die very fast so you won't disturb the tenor's high notes. I've talked to doctors. Now when you're stabbed, it takes a while for the blood to..."

"Never mind," the reporter replied, quietly.

"You should be relaxed to die properly. Sometimes when I fall I land on my rear. You can hear me bounce. That's the wrong way to die."

It was Miss Lane, a gifted mezzo-soprano, who had to stab herself in "Carmen" in Chicago in '53 because David Polari, the tenor, left the theater suffering buritis.

"I think all tenors have buritis of the brain," Miss Lane sighed. "If they have too many brains, they get tied up emotionally and the voice don't come out. Caruso said you need 90 per cent heart and 10 per cent brain to be a tenor. I guess he knew!"

"What'll Polari do when he hears you talking like this?"

"He'll probably really kill me!" Polari walked out of their present show — buritis again — and was next heard from in Italy. Back now, he's busy recording, so she's been getting killed by Dick Cassilly or Don Grobe.

But Polari'll be in there murdering them—and he—when they go to La Scala in Milan soon to do the opera.

"With that temperament, what is he—European?" we asked.

"He's from Philadelphia!" snorted Leather Lungs.

Miss Lane also got herself bumped off in "The Vagabond King"—also with a knife—at Hyannis, Mass., last summer. She's so forgetful (about tenors) she can't even remember who murdered her.

"After this," she said, "I'd like to do a light musical. I've been dying for a couple of years and I wonder if there's any future in it."

**THE MIDNIGHT EARL**... The musical, "Ankles Aweigh," is over-subscribed already. Producer Howard Hoyt returned \$80,000 to would-be backers... Actor Bob Strauss, rehearsing a night club act here, sighed in Lindy's, "I wish I was still single — then I wouldn't miss my wife so much." Jaye P. Morgan won the Downbeat poll as "best new girl singer of the year"... Daily Double: Railroad heir Jack Pullman and Hartford model Gloria Stavers at the Louise Jr. restaurant.

Robert Montgomery, who staged "The Desperate Hours," attended the wedding of Howard Erskine.

**Bedouin Tribesmen Guarding Runaway Girl, Bridegroom**

DAMASCUS, Syria (AP)—Hard-riding Bedouin tribesmen today guarded a Dutch girl and her Moslem bridegroom from police ordered to return the bride to her father. The rugged desert warriors were bound by tradition to use force rather than surrender their guests.

The young couple—Nicole Therese Poche, 18, and Rida Yamlikha, 23, eloped from school to Beirut, Lebanon, two weeks ago and were married by a Moslem sheik. They fled to the protection of the emir of the Haddid tribe 40 miles from Aleppo, Syria, after authorities refused to legalize their wedding.

There was no immediate indication whether police would risk a clash with the tribesmen to enforce a court order to send the girl back to her father Rodolphe L. M. Poche, honorary Dutch consul at Aleppo.

Rida is the son of a retired Moslem judge. Poche reportedly opposed the marriage because of the difference in religions.

## Pasquel, Wealthy Mexican Sportsman, Dies in Air Crash

MEXICO CITY (AP)—Jorge Pasquel, millionaire Mexican sportsman who led a spectacular raid on American baseball talent in 1946, died in a plane crash in the mountainous state of San Luis Potosi Monday night. Five others in the plane also were killed.

Rescue parties reached the wreckage of Pasquel's private plane Tuesday in a rugged mountain area about 225 miles northwest of Mexico City.

Others aboard were the pilot, the co-pilot, two mechanics and Pasquel's personal barber.

The Viking plane took off from Pasquel's ranch shortly before 9 p.m. Monday. Radio contact with the craft was lost soon afterward.

## New Housing Units For Minneapolis

WASHINGTON (AP)—The Public Housing Administration (HA) has allocated 650 new low-rent public housing units to Minneapolis, Minn.

Announcing this, Commissioner Charles E. Slusser said a loan contract for financing the units will be signed before June 30 with the city's Housing and Redevelopment Authority.

The earmarking of the units followed a finding by administrator Albert M. Cole of the Housing and Home Finance Agency that the city will need up to 1,000 low-rent public housing units for the relocation of persons to be displaced there as the result of governmental action within the next five years.

# Defense Quizzing Star Witness Against Fuller

By REX THOMAS  
BIRMINGHAM, Ala. (AP)—The state's star witness against Albert Fuller got ready today for another defense attack on his story placing Patterson as the murderer.

Cecil Padgett, the young Phenix City construction worker who said he saw Fuller and Patterson together just before the slaying, June 18, was returned to Birmingham three days ago on demand of defense attorneys, and chief defense attorney Roderick Beddow said he planned to question him today.

The 30-year-old father of four small children has already been recalled to the stand twice since he told the jury in Fuller's murder trial he saw the accused former chief deputy sheriff walking with Patterson toward the spot where the slaying occurred seconds later.

Padgett also testified he saw Fuller and former prosecuting Atty. Arch Ferrell pause momentarily beside the slain man's car and then disappear in flight immediately after the Democratic nominee for attorney general was gunned to death.

Patterson had promised to rid Phenix City of vice and racketeering.

Fuller and Ferrell were indicted for the murder along with the man Patterson would have succeeded as the state's chief legal officer, former Atty. Gen. Si Garrett. Fuller is the first of the three brought to trial.

Beddow already has sought to portray Padgett as a debt-ridden young man whose testimony could have been influenced by the hope of sharing in the \$11,000 reward offered for a solution to the slaying.

back to her father Rodolphe L. M. Poche, honorary Dutch consul at Aleppo.

# Serving in The Armed Forces

STOCKHOLM, Wis. (Special)—Mr. and Mrs. Herbert Anderson have four sons on active duty with the Air Force, another studying electronics in Minneapolis after serving two years with the Army and a sixth son attending Maiden Rock High School.

Lt. Donald Anderson enlisted in the Air Force Jan. 20, 1944. He served several years in Anchorage, Alaska, and now is at Tokyo, Japan.

Second Lt. Delbert Anderson entered the Air Force in 1953. He now is stationed at Hamilton Air Force Base, San Rafael, Calif., after studying meteorology at Texas A & M.

A.2.C. James Anderson entered the Air Force in October 1953 and took basic training at the Sampson Air Force Base, Geneva, N.Y. He took a course in airplane engine mechanics and now is on duty at Fairbanks, Alaska.

John Anderson, on duty with the Air Force in Germany, entered active duty July 30, 1951, and was graduated from radio school at the Keeler Air Force Base, Biloxi, Miss.

Donald Anderson was discharged from the Army in September 1952. He served in Japan and Korea with the 45th Division after taking basic training at Camp Polk, La. Anderson entered the Army in September 1950.

PEPIN, Wis. (Special)—Lyle Forsythe, son of Mr. and Mrs. Frank In Forsythe, is acting a 40-man group that left Minneapolis Monday for 14 days' duty with the Naval Air Reserve. He is employed in Minneapolis and received 90 days of training at Wold-Chamberlain Field during 1954.

Donald Breitung has been promoted to private first class with the Army in Korea.

Arnold Erickson, son of Mr. and Mrs. Adolph Erickson, Little Plum, has arrived home after receiving his honorable Army discharge at Ft. Knox, Ky.

Pfc. James Newcomb spent the weekend with his parents, Mr. and Mrs. Kenneth Newcomb. He is stationed in Florida.

James Johnson, son of Mr. and Mrs. Roland Johnson, has been transferred to Arizona.

Glenn Claffin, son of Mr. and Mrs. Curtis Claffin, has arrived home after receiving his Army discharge at Ft. Sheridan, Ill. Claffin entered the Army March 23, 1953, and took basic training at the Aberdeen (Md.) Proving Grounds. He attended ordnance school at Atlanta, Ga., before being assigned to duty overseas. Claffin served 14 months in Austria.

HAMMOND, Minn. (Special)—A.3.C. Carl L. Wagner Jr., whose parents live here, is stationed at the Reese Air Force Base, Lubbock, Tex. for pre-cadet training. Airman Wagner enlisted in the Air Force in November and took basic training at the Lackland Air Force Base, San Antonio, Tex. A 1953 graduate of the Rochester High School, he will be stationed at Reese until assigned to a class in the flying training program.

UTICA, Minn. (Special)—Pvt. and Mrs. Gerald Mueller and daughter have moved to Ft. Bliss, Tex.

DAKOTA, Minn. (Special)—Mechanic's Mate Second Class Gerald P. Panek, son of Mr. and Mrs. Gerald C. Panek, is serving aboard the attack aircraft carrier USS Yorktown that provides air coverage and support for amphibious craft taking part in the Tachen Islands evacuation. A RUSHFORD man, Seaman Earl D. Laferenzen, son of Mrs. Ann Laferenzen is aboard the attack aircraft carrier USS Kearsarge in the same area.

LANESBORO, Minn. —A.G.A.N. Kenneth Roger Rose, son of Mr. and Mrs. Alvin J. Rose, has completed a course of study at the aerographer's mate school, Lakehurst, N. J., and now is stationed

## Former Jackson Co. Man Writes From Afghanistan

WHITEHALL, Wis. (Special) — A former Jackson County resident, now in Afghanistan with a group of Columbia University educators, has written his uncle, Gaylord Jacobson, Whitehall, of the glaring need of improved educational facilities in that country.

Willard Jacobson, son of Harold Jacobson, Schimmlerhorn, was sent with the educators to Afghanistan a year ago to assist the country in educational work. (Afghanistan, bounded by Russia, Iran, Pakistan and China, has about 251,000 square miles and a population of an estimated 13,000,000. No census has ever been taken.)

The country's 334 elementary schools in 1951 had a total of 100,250 students, including about 500 girls, while Afghanistan had 25 lower secondary schools, seven higher secondary schools, two teachers' training colleges, two technical schools and a university at Kabul, with six faculties, an increase of two faculties since 1950. General conditions in Afghanistan described by Jacobson included that:

"There are no railroads, and on most roads you cover as much distance up and down when you travel as you do forward."

"There are no English language newspapers . . . We are getting many of our magazines and newspapers from home about a month and a half late . . . We get news broadcasts from the British Broadcasting Corporation and Voice of America."

"We also find it very hard to get a clear and accurate picture of affairs in Afghanistan . . . For example, Afghan women appear in public only when wearing a chadri (a cloak-like garment that drapes down from the head to the ankles with only a small, mesh-covered opening over the eyes.)"

"The Kabul police force seems to be as courteous and efficient as anywhere."

"The inter-personal relationships between students and teachers in the schools is often admirable . . . the students seem to have a great deal of self-discipline."

But he said the lack of reliable information has made the work of the group of educators difficult. "For example," he said, "we thought it of some importance to our work to try to determine when the schools would be out for vacation. We have had difficulties. In one extreme example, the president of the college could not tell us on Sunday morning whether or not the college would be in session on Monday."

Other difficulties he mentioned were the time (Afghanistan is on solar time, with the calendar and daily time systems based upon the sun) and the language.

Jacobson continued that one difficulty educators are having is that the Afghans expect immediate results from their work. "The supposed patience of the East has become impatient," he said.

## Labor Council Plans To Award Scholarship To '55 County Graduate

The Winona Trades & Labor Council this year again will award a \$250 scholarship to a 1955 graduate of a high school in Winona County, it was announced today by A. S. Anderson, chairman of the scholarship award committee for the council.

Applications may be made by sons or daughters of members of any trade union affiliated with the Minnesota State Federation of Labor. With the application should be three letters of references and an essay of up to 1,000 words on "The Basic Objectives of Unions." Deadline for applications is May 15.

## Six Men Volunteer In Fillmore County

PRESTON, Minn. (Special) — Six Fillmore County men, all volunteers, left today for induction into the armed forces as the country's March Selective Service quota.

The men are: Duane E. Fetters, Wykoff; Kenneth Eickhoff, Fountain; Roger Rietsu, Preston; John Grabau and Roger Hellickson, Spring Valley; and Wesley Starks, Canton.

## Tree Farm Team Captain Chosen

WAUSAU, Wis. — Marius Morse, Dakota, Minn., an employee of the Brunkow Forest Products Co., Trempealeau, Wis., was selected Wednesday by the Wisconsin Tree Farm Committee to serve as a tree farm team captain.

He will head up technical inspections of tree farms in Pepin, Buffalo, and Trempealeau counties.

Other trained foresters in the area will assist him. Twenty industrial foresters were appointed by the committee to serve in similar capacities throughout Wisconsin.

## Well Drilling Plan Killed by 30-21 Vote

ST. PAUL (AP) — The Senate Tuesday killed by a 30-21 vote a bill by Sen. J. R. Keller, Rollingstone, providing for licensing of well drillers.

Sen. Magnus Wefald, Hawley,

who made the motion to kill the bill, said it would hamper drilling of wells in rural areas.

**"Acid indigestion so bad, I WAS AFRAID OF ULCERS!"**

Adds Mrs. M. M., Englewood, N.J.: "Now no more pain, thanks to Pfunder's! Now it's needles to suffer burning pains of acid indigestion, gas, heartburn—thanks to 'prescription-type' formula of F. H. Pfunder, Ph.D. Medically-proved Pfunder's Tablets soothe away pain fast! Eat most anything you like—without fear of distress. Amazing relief guaranteed or money back! Get Pfunder's Tablets, 100,000,000 sold."

## Bedding! Linens! Towels!

### At Whopping Savings at Choate's

# 3 Day Sale!

● THURSDAY! ● FRIDAY! ● SATURDAY!

### Mohawk 81x180 Sheets

Perfect weave strong muslin . . . \$2.29 each

42x36 matching pillow cases . . . 49c each

Jesus said to them, "Truly, truly, I say to you, before Abraham was, I am." John 8:58.

### We Are Making Winona A Community of 'Doers'

A newspaperman, disgusted with the complacent attitude of the public toward governmental functions, once wrote: The American people can be divided into three classes—the few who make things happen; those who watch things happen, and the overwhelming majority who have no idea what has happened.

We don't know how well Winona citizens would fit into that stereotype, but there's a good likelihood that during the last 50-odd days, there has been a considerable shift from the latter category into the group that at least knows what is going on at the State Capitol at St. Paul.

There are, perhaps, only three Winona County residents who fit, by the strict interpretation, the description of "doers," but in a broader sense, every county resident is given that opportunity twice a month.

Saturday noon, Sen. J. R. Keller and Reps. John D. McGill (Winona city) and Donald McLeod (rural Winona County) will participate in the third of a series of legislative report sessions at Hotel Winona.

These noon meetings are open to the public, with the price of a meal the only charge. Many other Winonans, unable to attend during the noon hour, participate in the meetings after the luncheon, while thousands more hear the broadcasts over Radio Station KWNQ AM and FM. Those who plan to attend should make reservations by calling the Chamber of Commerce (2326) or the hotel (2801).

Popularity of the report meetings is increasing by leaps and bounds. About 125 attended the second in the 1955 series two weeks ago and interest is expected to grow in future weeks as the Legislature is now more than a week past the half-way mark and vital legislation is being considered every day.

Greatest interest has been generated by the question and answer periods that conclude each of the meetings, also broadcast by the radio station.

Anyone present is invited to ask any or all of the legislators questions about activities in the statehouse. The senator and two representatives have given their opinions on passage chances of a number of bills; they have discussed and clarified misconceptions on various pieces of legislation and even answered queries about lobbying groups.

Winonans, generally, haven't used the question periods to put the legislators on the spot. And they haven't wasted time trying to further their own political views via the radio waves. They realize that they are fortunate in having the opportunity to hear first hand reports and obtain information on bills that may affect each of us directly.

The objective of these luncheon meetings is education—not pressure—and the increasing attendance is evidence that constituents are keenly aware of their responsibility.

Other matters are dealt with by the legislators during their opening remarks, which provide a summary of legislation of general state and particular local interest.

Obviously, not all of us can go to the Capitol to keep in touch with the Legislature.

Thanks to the governmental affairs committee of the Winona Chamber of Commerce, we can hear legislative reports direct from our representatives, get direct answers to questions about legislation, and help our legislators by giving them our views on bills before the Senate and House.

In that way, we are making Winona a community of "doers."

## Try and Stop Me

By BENNETT CERF

McGregor lay breathing his last. He roused himself to whisper to the assemblage round his bedside. "Tannish owes me fifty pounds." "It's a great mind the man has," marveled his wife. "Clear as a bell to the very end." McGregor spoke again: "I believe I owe Sandy Mollinson a hundred pounds." "Ach, the poor mon," sobbed Mrs. McGregor. "Take no notice of his delicious mean-derings!"

A damyankee insulted a South Carolina bartender by asking anxiously, "Are you quite sure you know how to mix a very dry martini?" The barkeep gave him a withering look and drawled, "Mister, ah been mix-in' martinis heah fo' nine years — an' in that time ah've used exactly two bottles of vermouth."

To show you how they do things at Glenn McCarthy's Shamrock Hotel in Houston, Texas, where nobody with less than fifteen million dollars dares to admit he's in the oil business, the proprietor was in the room of a famous radio crooner when he felt the urge to hear a bit of melody.

"But there's no piano in the room," the singer pointed out. McCarthy pooh-poohed, "Well soon fix that." He picked up the phone, asked for room service, and demand-

## Portraits

By JAMES J. METCALFE

What is the value of regret? . . . Is it a virtue? . . . If you are sorry for a wrong . . . What does it mean to you? . . . If you regret and go your way . . . And think of it no more . . . Then surely no reward will be . . . Presented at your door . . . You will be nothing better than . . . Your heart has ever been . . . And you will not be worthy of . . . Forgiveness for your sin . . . Regret is not a virtue true . . . Unless your soul atones . . . For hurling thoughts and words of hate . . . Of casting cruel stones . . . Unless you are sincerely sad . . . It ever happened then . . . And firmly promise God that it . . . Will not occur again.

### These Days

## Churchill Position Extremely Difficult

By GEORGE E. SOKOLSKY

NEW YORK — Winston Churchill is in an extremely difficult position. Since 1946, every propagandistic weapon has been used by the British government to condemn Chiang Kai-shek and to ruin his reputation in the eyes of the British people. This propaganda has spread over the continent of Europe and has manifested itself in such a country as India. The political reason for this activity was to prevent Asiatic diversions from lessening the interest of the United States in the affairs of Europe. Even before 1946, Gen. MacArthur suffered from Washington's concentration on European affairs. Frazier Hunt, in his book, "The Untold Story of Douglas MacArthur," details MacArthur's difficulties arising from lack of material while he was actually fighting the Asiatic war.

NOW CHURCHILL is faced by a prepared public opinion in his own country which is embarrassing because it cannot be turned. Great Britain is definitely anti-Chiang Kai-shek, whose side has never been properly presented to the British people. The situation is now such that it is developing into a widening breach between Great Britain and the United States at a time when such a breach can be damaging to both countries and to the unity of the West. On this subject, Churchill has served a warning to his own countrymen: "The decision on whether or when these particular islands should be evacuated is not one the burden of which falls upon Her Majesty's government, as we must recognize the natural preoccupations of other governments who are immediately affected by the threatened attack from Communist China."

"This is especially true at a time when the Chinese Communists keep stridently asserting that the islands are to be regarded as a stepping stone to the seizure of Formosa itself, with all that that must mean for the Chinese Nationalists under Generalissimo Chiang Kai-shek, who have been given shelter and protection there by the United States, and to whom the United States are bound by over 14 years comradeship in war, both against the Chinese Communists and the Japanese invaders of China."

CHURCHILL'S USE OF LANGUAGE is never casual. He is speaking not of Formosa, but of what he calls "The Coastal Islands" which today amount to Matsu and Quemoy. If, by any means, these two areas fall into the hands of the Chinese Communists, it is doubtful whether Formosa is defensible. But Formosa is only a phase of a broader situation which involves South Korea, Vietnam and Thailand. Regarding Vietnam and Thailand, there can be no doubt as to the British interest. But for Formosa, the British government cannot now get popular support to go along wholeheartedly with the American program which must include defense of Matsu and Quemoy or mean nothing.

The dilemma is not readily dissolvable and is of benefit to the Communists. The great fear of Europe, particularly in Great Britain, is that resistance to the Imperialism of Red China may drag all the world into an atomic war in which Europe will be the speediest and most disastrous sufferer. In an earlier statement, Sir Anthony Eden undoubtedly expressed European opinion when he said:

"In this situation the first concern of Her Majesty's government is to stop the fighting. They have therefore continued to urge on all concerned the importance of doing this and of preventing a wider conflagration. A solution of these delicate and difficult problems is not to be reached by force. A settlement can only be arrived at by the peaceful processes of patient negotiation."

UNFORTUNATELY, it is not to Chou En-lai's interest to negotiate for a cease-fire or a peace; it is to the advantage of the Chinese Communists to capture Formosa and to establish beyond doubt their hegemony over the states of Southeast Asia to the borders of India. Thus far, they have rejected the British and Indian efforts to establish a modus operandi for a cease-fire. If they accept such proposals now, it will only be if they are assured that the United States will recede from its unwillingness to recognize Red China and will vote for a seat on the Security Council of the United Nations. Chou En-lai cannot accept "The Two Chinas" formula and survive.

As Eden says, it is a delicate and difficult problem and, for the moment, there seems to be no hope for a solution. Maybe, it would be wise to leave it that way.

## IN YEARS GONE BY

Ten Years Ago . . . 1945

KWNQ, is one of eight radio stations in the state that will carry the program, "Your Legislature."

A modification of a temporary railroad freight embargo on less than carload shipments east of the western boundaries of Minnesota, Iowa and Missouri was received by local railroads.

Twenty-Five Years Ago . . . 1930

A permit has been awarded to Matt Schuler to build a \$750 addition to the bakery building at Mark and Huff streets.

Miss Josephine Kroghstad has been awarded a trip to the National Flower and Garden Show for submitting the winning poster in the show's contest.

Fifty Years Ago . . . 1905

The work of clipping the horses at the central fire station is now going on.

A Green Bay train ran down and killed a couple of deer near the eastern end of the line.

A sneak thief stole an overcoat from the public room of the American House and the proprietor promptly purchased a new coat for his guest.

The ferryboat Van Gorder was hard aground not far from the Wisconsin shore.

ed, "Send up some extra ice, a grand piano, and a 6-piece orchestra — pronto!" and by golly, they did!

### 'READY?'

Washington Merry-Go-Round

## Governor of Tennessee Expensive for Democrats

By DREW PEARSON

WASHINGTON—Under the dome—still operating on a shoestring budget, the Democratic National Committee may raise Tennessee's assessment to the committee to make up for Gov. Frank Clement's whopping expenses last fall. The governor gave speeches for the Democrats in only six Midwestern states, but turned in an expense account for \$4,800 . . . In contrast, Tennessee's rugged campaigner, Sen. Estes Kefauver, went on a barnstorming, speech-making tour through over 20 states, coast to coast. Yet he submitted a bill for only \$1,200 expenses . . . Deputy Attorney General Bill Rogers, who escorted new Supreme Court Justice John Harlan to his Senate hearing, warned him ruefully: "A Senate hearing isn't a judicial process. It's more of a fraternity initiation."

The White House is quietly working out a compromise on reciprocal trade with the Senate's protectionist Republicans. Despite the victory given him by Speaker Sam Rayburn in the House, the President is willing to back down from a three to a two-year extension of the trade program. He'll also write in special protection for hardship industries . . . The Democrats have coined a new title for Secretary of the Treasury Humphrey, whose influence is felt in all departments of government. The Democrats call him "secretary of everything" . . . The Labor Department, already hard-pressed with the problems of manpower, will delve into a new one next week. A conference has been called on how to make best use of the nation's womanpower.

Bad News for Farmers  
It will be a blow to the little farmers, but the Hoover Commission will soon spring drastic new recommendations to tighten farm credit. The main effect will be to transfer the benefits of farm price supports, in part, from the farmers to the bankers.  
These to-be-heck-with-the-farmers recommendations aren't supposed to be made public for several weeks, but this column has received a copy of the forthcoming Hoover Commission report on streamlining the farm financing agencies. Most jolting to farmers will be a recommendation "that the Commodity Credit Corporation cease to make loans on commodities and that it confine itself to purchase agreements on commodities."

This would revolutionize the whole price-support program, since most farmers draw their price supports in advance in the form of commodity loans. At harvest time, the farmers repay the government on as much of their crop as they can sell, then forfeit the rest as collateral.  
The Hoover Commission's idea is to turn the juicy, \$3,000,000,000 annual crop-loan business over to private banks. Explains the forthcoming report: "A considerable saving of administrative expenditures could be made if the corporation abandoned making loans to farmers on commodities and used the method of purchase agreements alone. The farmer could with such a government contract finance himself by loans on his commodities from private institutions pending his determination as to when he would sell, and thus the private financial machinery could finance the crop at a considerable saving to the government."

In other words, the farmers would be forced to go to their banks and pay commercial interest rates for their crop loans. The bankers wouldn't risk a nickel since the purchase agreements would be tantamount to a government guarantee of the loans. What this would amount to is price supports for bankers.  
Tighter Credit  
Another Hoover recommendation that will knock the little farmers for a loop, calls for tightening credit on farm home loans. This will make it next to impossible for little

Boyle's Column

## Hit Parade Star Loved By Everyone

By HAL BOYLE

NEW YORK (U)—There are no people like show people.

But they are generally easier to love at a distance than they are to like after you get to know them. Seen up close, it is often hard to glimpse the human being beneath the shining ego.

An exception is Gisele MacKenzie, the sprightly young singing star of "The Hit Parade." She's a natural. Right now I'm desperately in love with her. So are at least a dozen guys I meet every day, from executives to countermen in drug stores.

The funny thing about us Gisele-lovers is that each of us thinks he "discovered" her all by himself. But we are united in a firm belief that a Hollywood or Broadway producer is a fellow who would starve to death in a gold mine, otherwise why hasn't some producer taken the scales off his eyes and starred our girl in a big film or musical show?

My wife has taken my autumnal adulation for Miss Mackenzie in great stride. She has been through this kind of things before.

"Any day now I expect you to tumble for Lasse," Frances said philosophically. "After all you've been moon-eyed over Helen Hayes and Martha Scott for years. Does this mean you're throwing them over?" What has Gisele got that's so different?

Can Sing, Dance, Play  
"About everything," I replied. "She can sing and dance and play the piano and the violin. All kinds of talent. She's wonderful at light comedy, and—"

"But what kind of girl is she? Why don't you take her to lunch?" So I did. We met at the new celebrity filling station run by P. J. Moriarty, who is known on Sixth Avenue as "The Taxpayer's Toots Shop."

Gisele showed up in a fur coat. For some reason I showed up like a schoolboy with an apple in my hand, which Miss Mackenzie accepted very graciously. She is just over 5 feet 6, weighs 120 pounds, and has snapping dark brown eyes that are fun to let your mind wander in. Over a plate of corned beef hash I asked Gisele to tell me about herself.

And she said:  
"I'm from Canada, and my father is a doctor. I studied to be a concert violinist, and became a singer by accident. Never did take a lesson."

38 Records Made  
I'm made about 38 records—my latest is an album of French nursery songs I learned as a child—but I've never had a really big hit. Sure I'd love to be in a Broadway show, but only a rich man's daughter can wait around for the right part.

"But I'm happy with what I'm doing now. I love living, and I believe in happiness. But doesn't happiness consist in liking what you get as much as getting what you like?"

"What am I afraid of? Oh, spiders and all crawly things. But most of all I'm afraid of making a mistake while singing a lyric with about 30 million people watching. I don't sleep much the night before a show."

"I keep about 14 kinds of perfume, and douse myself with it before I fall asleep. When I get tired of several kinds of scents, I mix them all up and make a new one."

When I came home my wife took one look at me and said:  
"I see you're really gone this time. What about poor little Helen Hayes?"

"I'm afraid," I replied caddishly, "Helen will have to struggle the rest of the way on her own."

## THE WORLD TODAY

# Ike Keeps World Guessing on Quemoy

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (U)—The Eisenhower administration is keeping everybody guessing—not just the Red Chinese—on what it will do if the Communists attack the Quemoy and Matsu islands now held by Chiang Kai-shek.

The administration itself may last night not be interpreted as saying President Eisenhower still hasn't made up his mind.

Dulles, when he spoke of the President's decision on defending the islands, put it in the future tense. Eisenhower and Dulles have persistently avoided flat statements about the islands.

Close to China  
They are close to the Red China coast. Chiang's main forces are on Formosa and the Pescadores Islands, more than 100 miles offshore.

The United States—by a treaty with Chiang and by a special resolution passed by Congress—is pledged to defend Formosa and the Pescadores from Red Chinese attack.

But this country is not pledged to defend any other Chiang-held islands. The President can suit himself about them, depending on whether he thinks they are necessary to the defense of Formosa and the Pescadores.

Dulles said the "President will decide, in the light of his judgment as to the over-all value of certain coastal positions to the defense of Formosa, and the cost of holding those positions."

Not 'Yes' or 'No'  
In a policy speech Feb. 17, Dulles didn't say yes or no about the offshore islands. And yesterday when the Senate Foreign Relations Committee tried to pin him down, it was reported, he referred back to the February speech.

Secretary of Defense Wilson, at a news conference yesterday, said Eisenhower is the only one who can "clarify our intentions or plans."

But Dulles appears concerned that the people of Asia may submit to the Red Chinese if they feel the United States is talking big and doesn't back it up.

On Feb. 17 he said a great "danger in Asia is the fear of the many non-Communist peoples that the United States has no real intention of standing firmly behind them."

Last night, two days after returning from Asia, he said the people of the western Pacific and Southeast Asia will "quickly lose their freedom if they think that our love of peace means peace at any price."

Why then, if the administration has decided to defend Chiang's offshore islands from Red attack, doesn't it say so? This is an empty question since no one can be sure any decision at all has been made.

If the Reds are kept guessing, they may not attack. As long as this country doesn't say it will defend the islands, it could trade them to the Reds—Chiang could hardly veto that since he depends on the United States—if the Communists would agree to a cease-fire. Maybe that's the answer.

Jap Housewife  
Reports Straggler  
Snatched Cakes  
GUAM (U)—A housewife told police an armed Japanese straggler, bearded and naked, darted from the jungle today and snatched some fried banana cakes from her home.

The director of public safety, Theodore D. Brown, of Eugene, Ore., formed a special detail of veteran hunters from the Guam police to search for the Japanese.

Mrs. Josefina Martinez, who was alone when the Japanese appeared, said he wore only a rope around his waist. From it dangled a saber. He also carried an odd-looking pistol.

A Japanese straggler from World War II still pops up occasionally on islands of the Pacific.

There are more than 3,000 alloys containing nickel in current use.

Volcano Expert  
Keeps Watch Over  
Hawaiian Mountain  
PAHOA, Hawaii (U)—Volcanologist Gordon A. MacDonald maintained a 24-hour watch today as weeklong earthquakes and eruptions trailed off along east Hawaii's shattered Puna Peninsula.

Six hundred refugees from scattered villages were quartered in emergency Red Cross billets. MacDonald said they could not return to their homes until he considered it safe. He would not estimate when.

The Kapoho disaster relief committee started soliciting funds. Fountains and rivers of lava destroyed \$3,200,000 worth of cane and forest lands.

Bus Burns Near  
Seoul, 21 Dead  
SEOUL (U)—A bus jammed with passengers burst into flames 40 miles east of Seoul yesterday, burned 21 persons to death and injured 20 others.

Police said a front wheel collapsed and the bus rolled over on its side. The gasoline tank exploded before the screaming passengers could free themselves.

The population of rapidly growing California is about 13 million.

## Sen. Knowland Satisfied on Quemoy, Matsu

By JACK BELL

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today he is fully confident that the Quemoy and Matsu islands are "not going to be placed on any bargain counter" for a deal with the Chinese Communists.

The Senate's Republican leader said in an interview he is convinced "any major effort to take these islands will be resisted by us." The offshore island groups are held by Chiang Kai-shek's Nationalists.

Knowland thus replied to a suggestion by British Foreign Minister Anthony Eden yesterday that the Nationalists withdraw troops from some islands off China as a prelude to any cease-fire agreement.

Secretary of Defense Wilson told newsmen yesterday the loss of Quemoy and Matsu would hamper the defense of Formosa but "in the long run would not make too much difference in the result."

Knowland avoided direct comment on this statement, but Sen. H. Alexander Smith (R-N.J.) said he doesn't agree with Wilson.

"We must keep Chiang Kai-shek's forces on Formosa in readiness to strike back at the Communists if they should break the truce in either Korea or in Indo-China," Smith said. "To carry out such a strike, they would need Quemoy and Matsu as operating bases."

## Father-Son Banquet Planned at Rushford

RUSHFORD, Minn. (Special)—The Rev. Knute Lee, Luther College, Decorah, Iowa, will be the principal speaker at a fathers-son banquet Thursday evening at the Rushford Lutheran Church.

Alfred Lukkason is in charge of ticket sales.

## Navy to Have 4th Carrier

WASHINGTON (AP)—The Navy will name its fourth 60,000-ton super-carrier the Independence. Work on the vessel will start this summer at the Brooklyn Naval Shipyard. Estimated cost: \$189,311,000.

## Another Woodworking Class Starts Thursday At St. Charles School

ST. CHARLES, Minn. (Special)—The St. Charles Consolidated School will start another series of adult home woodworking classes Thursday at 7:30 p.m.

This series is for anyone interested in developing a woodworking hobby, in learning the procedures of house repair and decoration and in making some piece of furniture.

There is still time to register at the administration office of the high school. Enrollment fee is \$1.50. Classes will be held from 7:30 to 10 p.m. each Thursday for nine weeks.

The course is taught by William McLain, industrial arts instructor at St. Charles High School. Another group is meeting Tuesday nights.

## Gov. Kohler Busy Trying to Line Up New Milk Markets

MADISON (AP)—Lining up new milk markets for Wisconsin dairymen is of vital concern to Gov. Kohler.

He commented Tuesday in relation to a letter he sent to Gov. Orville Freeman of Minnesota, expressing willingness to work together on mutual outstate marketing problems.

"The subject of finding new markets obviously is of concern to all of us," Kohler told The Associated Press.

"The biggest trouble now is restrictive local ordinances and federal marketing orders. Certain health provisions, distance factors, freight costs and prices paid for our products are all involved, and not to our advantage."

"It is hard to compete with locally produced milk, of course, and prices paid our dairymen are out of line in some instances. We have been working for several years to open up these out-of-state markets, and will work with Minnesota or any other state to make this possible."

## 100 Millionth Leaflet Sent Off by Balloon

MUNICH, Germany (AP)—The American-sponsored Crusade for Freedom sent its 100 millionth balloon-borne anti-Communist leaflet over the Iron Curtain yesterday.

## TODAY U.S. Plans Rocket Into Space

By STEWART ALSOP

WASHINGTON — About two years from now — provided all goes according to plan — the United States should be ready to launch into space the world's first artificial earth satellite.

The satellite which is now being planned will be very different from the elaborate space ships usually envisioned. It is likely to be hardly larger than a soft ball, and it will probably weigh well under a hundred pounds. This small object will be hurled into space by means of a two- or three-stage rocket, reaching an "escape velocity" of just under eight miles a second in its final stage.

Thereafter, the tiny satellite will circle the earth, at an altitude of 250 miles or more, like a ball at the end of a string, completing each circle in less than two hours. After some weeks, it will probably drift earthward as a result of slight atmospheric drag, and eventually it will disintegrate when it hits the denser atmosphere below.

Study of Space Telemetering and other devices which can be built into such a tiny man-made moon can tell technicians on the earth below much about the great unknowns of space. Thus it will have great scientific value. But, it should be understood, it will have no military application at all — it could not be used to kill anybody, or even to spy on anybody.

It is for precisely this reason that no serious effort to get a satellite into space has heretofore been made, even though seven or eight years ago the technicians of the Air Force's Rand Project

ruled that a satellite was technically feasible. Opponents of the satellite project have hitherto argued successfully that first priority must be given to weapons with real military value — above all to the decisive weapon, the inter-continental ballistic missile, or I.B.M.

There are two main reasons why it has now nevertheless been decided to make a serious effort to achieve a satellite. In the first place, as the missile art has matured, it has become clear that a satellite is a way-station on the road to the I.B.M., and can be achieved without any great diversion of funds or manpower from the decisive weapon.

One might suppose that the problem of creating a 5,000-mile-range ballistic missile would be far easier than the problem of creating an artificial heavenly body. Actually, the satellite — or such a crude, preliminary satellite as that described above — is much easier.

The two worst headaches for the inter-continental missile designer — how to guide the missile accurately to its target half a world away and how to prevent its disintegrating like a comet when it re-enters the atmosphere — do

not exist for the designer of a satellite. The problem of design is also very much simplified because a small satellite like that described above weighs far less than the bulky hydrogen warhead of an inter-continental missile.

The total cost of getting such a small object into space has recently been estimated as low as \$20 million — peanuts in the Pentagon — as against previous estimates of \$1 billion or more. And intelligence analyses of Soviet progress in missiles have made a \$10 million investment in a satellite project seem urgently desirable.

In recent months the Soviet press has been filled with boasts about future Soviet triumphs in space. Prof. Nesmeyanov, president of the august Soviet Academy of Sciences, passed the word: "Science has reached a point where it is realistic for us to speak of... creating an artificial satellite of the earth." Nesmeyanov's words have been echoed by numerous confident predictions by other Soviet scientists.

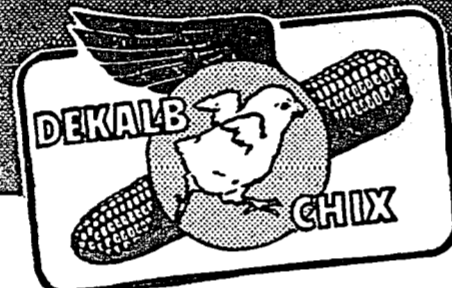

The intelligence experts have learned from sad experience, notably with both the atomic and the hydrogen bombs, that this sort of Soviet chest-thumping must be taken very seriously indeed. The

# TOP CAR...TOP SIX

of the low-price 3!

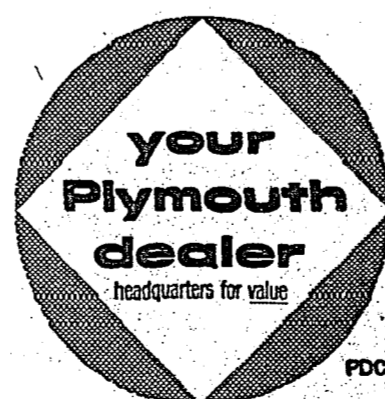

BIGGEST SIZE, SMOOTHEST PERFORMANCE, HIGHEST ECONOMY

Take a turn at the wheel behind Plymouth's new, high compression PowerFlow 117 engine—see why it's the smoothest, thriftiest 6 in the lowest-price field. Here's power for all driving needs, plus the super-smoothness of the PowerFlow's Chrome-Sealed Action. No other low-price car has it, and it's your guarantee of more years of gas-saving economy and trouble-free performance.

Taxicab operators, who depend on cars for a living, buy more PowerFlow 6's than all other makes combined... they say the PowerFlow 117 is the most economical, most efficient 6 ever built!

Its L-head design means fewer working parts, less friction. Its automatic choke meters each drop of fuel. Its bypass cooling system gives you quick warm-up in cold weather; dozens of other exclusive features promise you lower operating expense.

The PowerFlow 117 engine is one big reason why the big swing this year is to the forward-thinking Plymouth. Another is the new 167-hp Fire engine, the most powerful standard V-8 Plymouth's field. Plan to drive a big, beautiful mouth with either of these two great powerplants soon—how about today?

# ALL-NEW PLYMOUTH

Best buy new; better trade-in, too

prospect of permitting the Soviets to get the first artificial satellite into space seemed more intolerable the more the problem was considered.

The Russians would gain enormous prestige in the scientific world, as well as registering a huge propaganda victory, if they were the first to break the bonds of gravity. But that is by no means all. Even assuming that the first Soviet satellite missile lacked a practical military application, it would represent a great first step into an unknowable future.

Dr. Walter Dornberger, creator of the German V-2, which is the ancestor of all missiles, has said that the first nation to take this step will "lead mankind into the future." This may be an exaggeration. But the time may and almost certainly will come when fu-

ture versions of a satellite will have great military value for reconnaissance, for missile guidance, and for other purposes yet unguessed at.

Thus the decision to make a serious effort to get the first crude

satellite into space is not the hair-brained fantasy it may seem at first blush. It is plain common sense, in these days when our technological lead over the Soviets represents all the security we have left.

## SUGGEST \$10 CUT

Senate Democrats  
Ask Tax Compromise

WASHINGTON (AP)—Senate Democrats were reported tinkering today with a compromise proposal to combine a \$10-a-person income tax cut with other revenue law changes. But Senate Republicans remained set against any tax reductions now.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, called an afternoon news conference to disclose details of a minority report by six Senate Finance Committee Democrats who supported a House-approved \$20-a-person tax reduction rejected by that committee last week.

Mild Weather  
Boosts Badger  
Election Turnout

By THE ASSOCIATED PRESS

The turnout of voters, possibly encouraged by mild weather, was heavier than expected in most areas Tuesday as Wisconsin's spring primary narrowed the field of candidates for the April 5 general election.

There were no statewide contests in the off-year election. In most cases, balloting was confined to choosing the candidates who will oppose each other in races for mayor and judicial posts.

At Racine, where the incumbent mayor was upset, 52 per cent of the registered voters turned out, compared with 42 per cent in the same election two years ago. At Green Bay the voting was described as heavy. On the ballot there were 10 mayoralty candidates and three men running for Brown County judge.

In the old 10th Senatorial District, Robert Knowles of New Richmond led the Republican balloting in the primary race for the Senate seat left vacant when Warren Knowles resigned to become lieutenant governor. Robert, a brother of Warren, collected 2,182. His Democratic opponent in April will be William Ward of New Richmond, who received 1,553 votes without opposition.

Republicans Leroy Hagemann, Ellsworth, and Selmer Gunderson of Spring Valley were eliminated. The 10th District takes in Buffalo, Pepin, Pierce and St. Croix counties. The winner of the election will fill a term ending Jan. 1, 1957.

At Chippewa Falls, where the turnout was described as heavy, incumbent Mayor H. J. Webb, and a former sheriff, Conrad Thronson, eliminated former Mayor Elmer Charlande.

Municipal Judge Herbert J. Steffes and Dist. Atty. William J. McCauley were nominated for municipal judge, a post held by Steffes since 1943. Steffes, who has been recommended for appointment to the newly-created federal judgeship in eastern Wisconsin, polled more than the combined total of the three other candidates. Trailing far behind the two leaders were Lawrence D. Gillick and Thomas F. Carroll.

There Must Be Catch  
To Demand for This Post

READING, Pa. (AP)—The post of dog catcher is usually regarded as the bottom of the political ladder but there are plenty of takers in Berks County. Thirty-five applicants had filed by yesterday for the \$3,500-a-year job which had been held by John D. Moll for the past 25 years.

Elderly Drunk Has  
Final, Futile Word

BALTIMORE (AP)—Arrested for drunkenness, 73-year-old Cecil Bradley asked Magistrate Standley L. Richardson to give him a break and promised to "walk right on home."

"The only place you're walking from here is over to the jail," the magistrate said. "Thirty days."

Bradley muttered to himself as he left Central Police Station. But when he reached the door his voice was loud and clear:

"You might be a judge, but you're only a magistrate to me."

From other quarters it was learned the six—including Johnson—have been discussing a compromise proposal to jump a \$10 cut with repeal of both the dividend income credit and accelerated depreciation allowance voted by Congress last year.

However, Chairman Bridges (R-NH) said a canvass by the GOP Policy Committee indicated his party's senators were "practically unanimous" against the \$20 proposal or any compromise for it.

So far, Sen. Langer of North Dakota has been the only Republican to come out for the Democratic plan.

Chairman Byrd (D-Va.) of the Finance Committee said he is going down the line against any tax reduction. He said he foresaw no successful compromise proposal.

Sen. Knowland of California, the GOP leader, predicted the Senate will reject all compromise proposals "by a substantial vote."

Johnson said the Senate will take up the bill tomorrow under an agreement not to begin voting until Monday at the earliest.

He predicted a tax measure would be laid on President Eisenhower's desk "days" before the scheduled April 1 drop in corporate income and excise tax rates. Both House and Senate bills would postpone the drop for a year, saving about three billion dollars in revenue.

Fire Fighters Battle  
Florida Forest Blaze

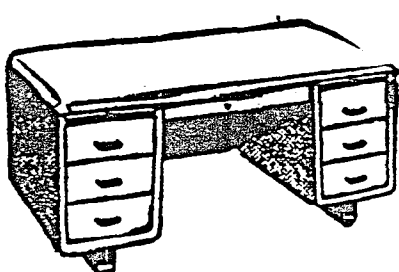

PERRY, Fla. (AP)—Wearry fire fighters hoped for diminishing winds today as they battled one of the greatest forest fires in north Florida history.

Flames which already have burned about 30,000 acres of choice timberland raged out of control in south Madison and north Taylor counties, about 15 miles from here. Ten mile an hour winds hampered a crew of 100 fire fighters.

Horseshoe Foreman Is Given the Boot

PHILADELPHIA (AP)—The Civil Service Commission yesterday abolished the \$4,710-a-year post of city foreman of horseshoers and for a good reason—the city no longer owns any horses. The city's three horseshoers were recently put on pension after the doing away with mounted policemen and horse-drawn trash wagons.

Why worry when something gets misplaced? The sooner you stop fretting, the sooner it'll turn up—and probably in the very place where it was left.

Announce New Way to Relieve  
Pain of Arthritis and Rheumatism  
Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name InfraRUB®. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.

## Second Jelke Trial to Have Women Jurors

NEW YORK (U)—Two women, the mothers of grown children, became jurors in the Mickey Jelke vice trial after declaring they would not be embarrassed by seamy testimony on sex.

Mrs. Annie Johnson, Mrs. Marie C. Toland and three men were seated on the jury yesterday. This brought to eight the number of jurors chosen in two days, leaving four more jurors and two alternates still to be selected.

No women served on the jury for Jelke's first trial in 1933, when the 25-year-old oleomargarine heir was convicted on two counts of compulsory prostitution.

Much of the testimony came from high-priced call girls.

For the retrial, defense lawyers said they would welcome women jurors on the premise that a woman can best determine whether another woman is telling the truth. As did all other jurors, Mrs. Toland, whose 21-year-old son is a vicinity student at Fordham University, said she would not be prejudiced if testimony showed playboy Jelke "sowed wild oats hither and yon."

Both women said they were willing to serve even though Asst. Dist. Atty. Anthony J. Liebler warned that the testimony would be "seamy" and "won't be pleasant."

Mrs. Johnson, a former music teacher and mother of a married daughter, was the first woman selected. She said she would not be embarrassed to discuss the case with fellow jurors if all the rest should happen to be men. "It happened before when I served on a homicide case," she said.

The three men picked for the jury yesterday included its first bachelor, Robert C. Isham, a Manhattan accountant. The other two were Edward H. L. Thompson, a securities salesman, and Leon A. Post, an engineer and father of a grown son and daughter.

Jelke is being tried on charges of inducing Pat Ward, now 21, to be a prostitute and of having tried to do the same with Marguerite Cordova, 25.

His previous conviction on these charges was upset on an appeal on the ground that he had been

## Haymes Getting Back Alimony Pay Settled

LOS ANGELES (U)—Crooner Dick Haymes is getting his alimony problems settled. Recently he settled his child support debts with his second wife, Joanne Dru Ireland. And yesterday he cleared up a lengthy alimony argument with wife No. 3, Nora Eddington Flynn Haymes, ex-wife of both Haymes and Errol Flynn.

Nora Haymes' attorney, S. S. Hahn said Haymes paid her a lump sum to replace the \$100-a-week alimony payments provided in a divorce decree she obtained in 1933. The attorney said Haymes was in arrears \$8,600 in the alimony payments. The lawyer said both parties had agreed not to disclose the amount of the settlement.

Haymes will not be required to face a contempt of court action which had been set for today in the Nora Haymes case.

Haymes married his fourth and present wife, actress Rita Hayworth, shortly after he was divorced by Nora Haymes. The singer still is engaged in a legal battle with immigration authorities in an attempt to prevent his deportation to his native Argentina.

## Better Watch Your Telephone Language

CHICAGO (U)—Municipal Judge William V. Daly has asked the State Legislature to make lewd language in telephone or telegraph messages an offense punishable by 90 days in jail and a \$300 fine. The judge says some women whose pictures appeared in newspapers have been "subjected to calls from depraved characters."

denied a fair trial because Judge Francis L. Valente barred the press and public from hearing the prosecution's case. The judge at the time said he did so in regard for public decency.

## French Creek Bridge Contract Awarded to Eau Claire Builder

MADISON—L. G. Arnold, Inc., Eau Claire, Wis. was given a \$32,148 contract Tuesday to construct a bridge over French Creek in the village of Taylor, Jackson County. The contract was signed by Gov. Kohler. It includes construction of new approaches.

## Red Cross Solicitors Meet at Canton Home

CANTON, Minn. (Special)—Mrs. Harry Stead is chairman for the Red Cross membership drive. All solicitors met at her home last Wednesday afternoon. Mrs. L. Vannatter, chairman for the bloodmobile visit here March 29, was present and gave instructions for procuring donors since the one group will solicit for both

projects. Mrs. Stead served lunch.

The solicitors for the township—Mrs. Martin Elsted chairman—met with Mrs. Vannatter Tuesday.

Like country-style fried steak? Choose round steak that is cut about one-half inch thick and tenderize it by pounding it on both sides with the handle of a heavy knife. Be careful not to break through the meat! Toward the last of the pounding, beat in a little flour seasoned with salt and pepper. Brown the steak quickly in a little fat and serve with mashed potatoes and gravy made from the steak-pan drippings.

*delivered locally!*

### HOTTEST BUICK IN HISTORY

No wonder you see so many 1935 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total sales.

**DID you think you couldn't afford the price of a new 1935 Buick?**

You certainly can—if you can afford *any* new car. And we proudly show our price here to prove it.

For the *delivered* price of the Buick SPECIAL Sedan shown here is sharply competitive with those of the three best-known smaller cars—lower, in fact, than some models of those same cars.

### Buick Sales Are Soaring

That's one big reason why Buick production and Buick sales are hitting all-time record highs today—and why Buick is outselling all other cars in America except two of the best-known smaller cars.

But an even bigger reason is this fact:

The price you pay for a Buick buys you a lot more automobile than the same money buys elsewhere.

It buys you big-car room and size and comfort and brawn. It buys you Buick styling,

Buick power, Buick handling, Buick ride steadiness—and the fun and pride and satisfaction of bossing the hottest car of the year.

And it buys you the widest choice in the industry today. For there's a Buick to fit any price range you name—the low-price SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

So why not come in and see how easy it is to swing the Buick beauty you've got your heart set on? Then you'll see why the thrill of the year is Buick in a lot more ways than one.

**DID YOU KNOW—**

—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?

## Wolfson Meets With Ward's Stockholders

CHICAGO (AP)—Louis Wolfson today brought his campaign for control of Montgomery Ward & Co. to the big mail order firm's home base.

He planned to meet late today with Ward's Midwestern stockholders.

Wolfson, New York and Florida industrialist-financier, wants their votes for his slate at the election of Ward's directors next month. He has held similar meetings with stockholders of other areas in a nationwide tour.

At a news conference yesterday, he said present directors of the company "have certainly neglected their duties and responsibilities to the stockholders."

"Certain people who are exploiting Sewell Avery, Ward chairman, should examine their conscience," he said.

Asked what he meant by "exploiting Avery," he said, "I can't think that a man of Mr. Avery's integrity would stoop to some of the things which have been done."

Among other things, Wolfson said, he is being shadowed by private detectives.

He said he believes big business has put pressure on some of his supporters to withdraw from the Ward's fight.

One Wolfson supporter, E. W. Endter, said R. G. Folliis, president of Standard Oil Co. of California, told him to get off Wolfson's slate of directors. As a result, Endter said, he resigned as president of California Oil Co., a subsidiary of Standard Oil of California.

At San Francisco, a spokesman for Standard Oil of California categorically denied that outside pressure on the company had anything to do with Endter's resignation.

Another Wolfson associate, former Notre Dame football coach Frank Leahy, said at the news conference that "several men in the business world told me to get out of anything controversial."

Experts who once believed that heredity was important in the development of excess weight in human beings have, in many cases now concluded that heredity is not an important factor.

## Harry James Agrees To New Settlement For His Old Wife

LOS ANGELES (AP)—Band leader Harry James has agreed to a new settlement under which he will pay his first wife Mrs. Louise James \$993.11 monthly alimony for 121 months and \$333.34 a month child support.

The pact, filed in court yesterday, superseded a court order executed in 1942 under which the trumpeter allocated 36 per cent of his income after taxes for alimony, child support and a trust fund for the youngsters, Harry Jeffery, 14, and Timothy Ray, 13.

Under the new pact, James also agreed to pay \$250 a year into trust funds for each son for college.

James, now married to actress Betty Grable, wed his first wife in Millerton, N.Y., in May 1935. They were divorced in Chihuahua, Mexico, in July 1943.

## Andrews Sisters Are Still Feuding

LONG BEACH, Calif. (AP)—Superior Court has denied Patty Andrews' petition for a contempt-of-court citation against her sister Laverne.

Patty had complained that Laverne hadn't distributed personal property from the estates of their parents. She asked for a court order forcing Laverne to do so. But the court ruled it was a matter for civil suit and not for contempt of court action under the probate laws.

Laverne was named executrix of the estates of the singing sisters' father, Peter, who died in 1949, and mother, Ollie, who died in 1948.

Only Laverne was in court yesterday for the decision, but Maxene previously said she was on Laverne's side.

## VIOLA VICTORS 4-H

VIOLA, Minn. (Special)—The Viola Victors 4-H Club saw slides of its summer tours presented at the Saturday meeting by Ray Aune, Olmsted County agent.

Karen Mulholland gave a demonstration on washing lamp shades and Linda Rosalack demonstrated making a company dessert. Nancy Williams entertained with a tap dance routine and Stanley Fuchs lead in games. The club also discussed roller skating plans.

## Claude McQuillan Rochester Mayor For Fourth Time

By THE ASSOCIATED PRESS

Rochester's mayor, Claude McQuillan, was re-elected to his fourth two-year term and Duluth nominated a former mayor for its council as voters in many Minnesota communities held elections Tuesday.

McQuillan polled 3,474 votes to the 2,652 cast for Harold Hoffman, a photographer. Only one of three labor leaders aspiring to unseat present council members succeeded.

He was Paul Schwanke Jr., who defeated Alderman Archie C. Ackerman, 1,225-1,108. Leo C. Anderson bested his labor opponent, Harold Smith, 1,409-909, while Alderman A. G. Whiting was turning back the bid of Bert Alexander Jr., 837-491, all for two-year terms.

Arthur J. Tingley was named, 808-44, over B. H. Drummond for a year's council service.

In the Duluth primary, Ernest A. Bodin and Ralph Fiskett, incumbent commissioners, topped the field of four to compete for two council berths in the April 5 general election.

Despite springlike weather, Duluth turned out only 16,411 voters, just over one-third of those registered. Bodin is seeking his seventh term and Fiskett his second.

Voters of Independent School District 7 covering parts of Hennepin and Carver counties, approved a \$900,000 bond issue for school construction by a vote of 1,694 to 540.

At Northfield, three councilmen won re-election with one of them—Vernon Tritt—unopposed. In the second ward, Alderman George Bickel sailed back, 285-65, in a contest with A. D. Jacobson, and in the third H. B. Jacobson defeated Sherman Brown, 194-58.

Only 291 voters were attracted to the polls out of Alexandria's 6,800 population by a single aldermanic contest. A. W. Trumm was elected in the third ward, 64-42, over David Steiny to succeed an incumbent who did not file. Joseph G. Thornton, municipal judge, and Margaret Bradford, treasurer, were returned without opposition.

At Barnesville, Mayor Perry Mork drew 396 ballots to retain office against the challenge of Olaf Kilde, who drew 203. Marvin Trovaten was re-elected clerk and P. Solum went back in as treasurer.

Incumbent councilmen kept in office are G. W. Seefeldt, Leonard Scheer, Harold Christanson, J. M. Severson, Ingard Knutson and George Garven. Unopposed were Assessor H. S. Tweten, Constable Rudolph Haarstad, and Justice of the Peace W. J. Stegge and W. L. Arnason.

In an advisory vote, Barnesville residents turned down, 399-174, a proposal whereby the Barnesville Rural Telephone Assn. would have installed a modern, dial system switchboard to serve both country and village subscribers.

## Anybody Got An Envelope for The Costumes?

BALTIMORE (AP)—Two strip dancers, the theater manager and a doorman were arrested by police yesterday during a raid on the Gayety Theater, a downtown burlesque.

The two women and the manager were charged with operating a disorderly house and allowing an indecent performance. They were held in \$500 bond. The doorman was charged with disorderly conduct or pushing a policeman and fined \$25.

During the docketing procedure, Patrolman John Hueimmer looked around Central Police Station for "an envelope for the strip costumes."

## Innocent Man Given Pension for 19 Prison Years

ST. PAUL (AP)—The Minnesota Senate Claims Committee Tuesday approved a recommendation of the state Small Claims Commission allowing a permanent \$300 monthly pension for a man who spent 19 years in Stillwater Prison for a murder he did not commit.

The committee also okayed a recommendation to pay Leonard Hankins' sister, Mrs. Della Lowery, \$10,000 to compensate her for money she spent seeking her brother's release. Both Hankins and his sister are from Dawson Springs, Ky.

John J. Kelly, a Minneapolis attorney appointed by the state to defend Hankins in 1933, would receive \$5,000 by another approved recommendation. Kelly handled many applications to the State Pardon Board without pay.

After conviction of complicity in the murder of a policeman during a Minneapolis bank holdup on Dec. 16, 1932, in which two officers were killed, Hankins was sentenced to a life term.

The notorious Barker-Karpis gang actually committed the crime, it was later revealed. Committee Chairman Sen. Homer Carr, Proctor, said the Legislature would decide whether Hankins should be compensated from the time of his prison release in 1951 or from Jan. 1, 1955, as specified in a committee bill.

## CIO Transport Workers Seeking Other Rail Pacts

PHILADELPHIA (AP)—The CIO Transport Workers Union today sought agreements with 22 other railroads along the lines of a settlement reached yesterday with the Pennsylvania Railroad.

The settlement averted a threatened strike of 20,000 nonoperating employees of the nation's largest railroad. It came after two days of negotiations with Federal Mediator Earl Newlin.

Andrew J. Kaelin, TWU international vice president, called the PRR settlement a "terrific agreement" and said the union would seek similar terms with the other railroads "wherever applicable."

The agreement reinstates 10 men at the railroad's Conway, Pa., shops with back pay to March 1. It also provides for rehiring 10 unspecified workers from the rolls of those furloughed at Conway. The union had complained that the 10

men had been furloughed in violation of contract agreements.

The PRR also agreed to do its own maintenance work "wherever facilities are available" rather than contracting with other firms.

Kaelin said this part of the agreement should "return a substantial number" of the union-estimated 12,000 PRR men furloughed.

The union claims representation of 20,000 workers on the other 22 railroads, mostly small carriers. In a brief statement from J. E. McFarland, superintendent of personnel, the PRR said, "Mediation has been successfully consummated. We have reached an amicable agreement with TWU on the issues involved."

The statistical department of the Metropolitan Life Insurance Co. predicts there will be no sustained upswing in the U.S. marriage rate until after 1950 when an increasing number of young people will reach marriageable age.

## Singer, Drummer Wed

LAS VEGAS, Nev. (AP)—Singer Vicki Young, 26, and drummer Hal Blaine, 26, were married yesterday by Dist. Judge Frank Mc-

Namee. Miss Young said Blaine would continue his band work, but will also be her business manager.

The word "Lent" originally meant "spring."

## New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high luster, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Faint Depot, 163 Center St., in Winona or Pembroke St., Wabasha.

Exciting special buys in every department...even solid savings on new Easter finery. Shop often.

## Clara Michalski Married to Louis Balston

Announcement has been received here of the marriage of Clara Belle Louise Michalski, 1448 N. 22nd St., Lawton, Okla., daughter of Mr. and Mrs. George Eggers Sr., 361 Druey Ct., and Louis Allen Balston, Beaumont, Texas.

The double-ring ceremony was performed by the Rt. Rev. Victor Reed at Holy Family Cathedral, Tulsa, Okla., Feb. 19 in the presence of Msgr. Reed's brother, Collins Reed, and Marie Dane, Tulsa, who were attendants. An 8 a. m. Mass celebrated by Msgr. Reed followed.

The bride was gown in a sheath dress of lace and chiffon nylon over taffeta in dusty rose with cummerbund of bright rose. She wore a matching coat with short sleeves and lining the same color as the cummerbund. She wore a Mr. John hat of bright rose straw with silk flowers to complement the ensemble. Her shoulder corsage was of white feathered carnations centered with rosebuds the same color as cummerbund.

She also wore a single strand of cultured pearls purchased while she was in Tokyo, Japan in 1933, and carried a pearl rosary, a gift of the bridegroom.

Mr. Balston is associated with R. L. Polk & Co., Detroit, Mich., as a sales representative.

A wedding breakfast was served at 11 a. m. at the Mayo Hotel, Tulsa, for a small group of friends and in the evening the Balstons were host and hostess at a dinner and dance in the Terrace Room of the Mayo Hotel. Mrs. Balston is a former resident of Arcadia, Wis.

Mrs. Louis A. Balston is the former Clara Belle Louise Michalski, daughter of Mr. and Mrs. George Eggers Sr., 361 Druey Ct., and formerly of Arcadia, Wis.

## Keep in Trim

### Fashion Off On What's Best In Posture

By IDA JEAN KAIN

Shades of the Debutante Slump! The latest fashion in posture is to lead with the chin, chest depressed. It's the flat look. Beware, this posture trend could bring on a deformity known as "forward head and neck," and other figure faults too dreadful to dwell upon.

This spring, the models in the 50-cent magazines seem to be bending over backward to appear slithering and nonchalant. Next time you sit under the dryer after a hair set, take a look at the latest posture trend as pictured in the elegant fashion magazines. Look ladies, but don't copy!

Whether a photograph of a live model or a drawing sketch, there the ladies stand in their finery, necks thrust forward like inquiring turtles. This head start leads to depressed chest and rounded shoulders. In posture, one fault follows another — in this instance, sway-back. The incurve at the small of the back is compensated for by an outcurve of the abdominal wall. Heavens!

Fashion in posture changes with the styles. Remember the chesty Gibson Girl? There was proud posture, Lillian Russell style. In the roaring twenties we had the Debutante Slump. The reaction resulted in the exaggerated, padded shoulders, a la Joan Crawford. Then came the New Look, erect and ladylike. For the past few years, we have had the American Look — fluid, graceful posture, sort of a free wheeling with control centered through the middle measurement.

Now, alas, we are back to the Flat Look, reminiscent of the dreadful Debutante Slump. It appears fashion is aiming to make the silhouette narrow as an arrow. They've missed the mark, and the silhouette is the form of a capital letter S . . . and so far off the posture beam as to be deforming. Chest up, girls, refuse to follow! Square your shoulders, stretch

Mr. and Mrs. Edward O. Rice, Caledonia, Minn., announce the engagement and approaching marriage of their daughter, Jean Marie, above, to Leland Wenig, son of Mr. and Mrs. Edwin Wenig, Dorchester, Iowa. Miss Rice is a 1934 graduate of St. Francis School of Nursing, La Crosse, Wis. A May wedding is planned.

neck muscles behind the ears and pull up crown of head. Slim the middle measurement by pulling up and in with the girdle muscles. Never lean against the girdle muscles! Force the girdle muscles to lift . . . that's streamlining. The up-pull muscles are attached to the ribcage, so lift there, not with the chest. When your shoulders are square, but relaxed, the chest will automatically be raised to normal high position.

That's beautiful, elegant posture hold it! Send long, stamped, self-addressed envelope for illustrated leaflets Get a Lift with Posture and Away with Middle Spread. Address request to Ida Jean Kain, care of The Daily News. Post card requests cannot be answered.

Flowers of the Amorphophallus plant have an odor of rotting fish or meat.

## Rosary Society Plans Activities At Arcadia

ARCADIA, Wis. (Special)—When the Rosary Society of the St. Stanislaus Catholic Church met Sunday afternoon in the church recreational rooms, the president, Mrs. Clarence Misch, explained the "workshop" which is an organization which at its meeting does some type of work for the church and discusses topics pertaining to life.

Other parishes in the area have already begun their "workshop." Mrs. Misch also suggested the society form a study club. The spring deanery meeting was announced for April 18 in St. Bridget Catholic Church, Ettrick. President of the deanery is Mrs. Joseph P. Skroch, St. Stanislaus Parish.

The Very Rev. Joseph J. Andrzejewski announced coming events to be sponsored by the society and thanked the women on the ways and means committee on the dinner served when the Holstein Breeders Association held its recent meeting in the church dining room. The Holy Name Society breakfast will be served March 13 immediately after the 8 a. m. Mass by the same committee which also will have charge of the annual bake sale April 9 in the church recreational rooms.

Chairman of the ways and means committee is Mrs. Frank J. Thomas. Mrs. Joseph P. Skroch is vice chairman. Others on the committee are the Mmes. Albert Waldera, Benedict Pehler, John Pierzynski, Albert F. Woychik, Egan Suchla, Rudolf Suchla, Willard Thomas, Ernest Sonsalla, Joseph Grossman, Aloysius Slaby Sr., Ernest Sobotta, Edmund J. Suchla, Peter Lisowski and William Micek.

The committee asks each member of the society to donate baked goods for the sale and fancy work or aprons, also to be sold.

Lunch was served by Group Seven with Mrs. Stanley J. Soussalla, chairman. Others in the group are the Mmes. Albert M. Galuska, Florian Grossman, Joseph Grossman, Joseph Kotlarz, Aloysius Slaby Sr., Herman Slaby, Frank Sobotta, Mary Sobotta, Albert Sopka, Valentine Stelmach, Charles Suchla, Joseph Suchla, and August Thomas.

The attendance prize went to Mrs. Frank Sonsalla Sr. The next meeting of the society will be April 8, with Group Eight as hostesses.

The ancient Egyptians took homing pigeons on sea voyages.

The Engagement and coming marriage of their foster daughter, Patricia Cisewski, above, to Le Roy Beyer, son of Mrs. Olivia Beyer, Lewiston, Minn., is announced by Mr. and Mrs. Walter Stellwagen, Lewiston. The wedding will be March 19 at the Moravian Church, Bethany, Minn.

## MISSIONARY SOCIETY

The Missionary Society of Calvary Free Church will meet at the church at 7:45 p. m. Thursday with Mrs. Harold Stokke as hostess. The meeting is open to the public.

## ZION AID

BLAIR, Wis. (Special)— Mrs. A. R. Sather will present a program on foreign missions at the meeting of Zion Ladies Aid Thursday at 2 p. m. There will be a birthday table for those having birthdays in January, February and March. Hostesses will be the Mmes. Arnold Meistad, Martin Halvorsen, Carl Holte and John W. Ellison.

## ADULT CLASS

TREMPEALEAU, Wis. — The second meeting of the adult home-making classes on "Working Saving Devices in the Home" will meet in the Trempealeau High School home economics department Thursday at 7:30 p. m. The meeting this week will feature demonstrations by the local FHA chapter. The March 17 meeting at 8 p. m. will feature Miss Carol Holmstrand of the Mississippi Valley Public Service who will demonstrate small kitchen appliances. Mrs. Mary Byom, home economics instructor, urges all women in the district to attend these meetings.

## 'Lady's Not For Burning' to Be Arena Production

The Burbage Players of St. Mary's College will present Christopher Fry's deeply satirical "The Lady's Not For Burning" as an arena production from March 12 through 15, under the direction of Br. James Luke.

"The entire play is saturated with satire, puns, and deep, sharp digs at the world in general," it is pointed out, "Fry seems to have outdone himself in packing one punch line after the other. However, there is one catch. He has injected his hidden hilarity with such premeditated cunning and cleverness that the sharpest wit would find it hard to catch them at one hearing. The Burbage Players, therefore, are working especially on timing and subtle voice tones so that all of Fry's tremendously satirical lines may be accentuated."

All the humor isn't hidden in the subtle twists of the King's English. The characters themselves will pull many an uproarious laugh from the audience. Thomas Mendip with Chester Wells in the role, insists on being executed for the crimes he claims to have committed. The Mayor played by Lowell Barnett, sees that his confession is just an easy way to "get away from it all."

The Mayor's domain gets a bit cluttered and confused when two ladies, Alison Elliot played by Miss Mary Ann Magee of the College of Saint Teresa and Janet Jourdemayne by Miss Jone Starr, College of Saint Teresa, stop for a visit.

Alison comes to marry Humphrey enacted by Ralph Mesenbrink, one of the Mayor's two sons, and Janet is an accused witch running away from the stake. The two childish sons start a minor war over

Announcement is made of the engagement and coming marriage of Marilyn Bernice Brekke, above, daughter of Mrs. Lars Brekke, Lanesboro, Minn., and the late Mr. Brekke, to Gordon S. Overland, Spring Valley, Minn., son of Mrs. Selmer Overland, Chaffield, Minn. The wedding will be June 12.

the pretty Miss Elliot while Janet confuses things by catching Thomas Mendip by the heartstrings and tempting him to go on living after all. Alison runs away with the mayor's bookkeeper played by Richard Welland.

The production will be presented in St. Mary's College auditorium.

## RNA MEETING

STOCKTON, Minn. (Special)— Mr. and Mrs. William Dengler will entertain Hillsdale Camp, RNA, Saturday evening. Families of members are invited to join in the social hour after the meeting.

## Pickwick School Polio Benefit To Be Fun Night

PICKWICK, Minn. — A Fun Night will be sponsored at the Pickwick Village School Thursday at 8 p. m. Proceeds from the event will go to the March of Dimes.

Games and talent numbers will make up the program. Door prizes will be awarded. Everyone is invited to attend by those in charge either to participate in the evening's program or to watch.

Tickets are available at local business places or from any of the school children. Mrs. Donald Frick is in charge of the Fun Night program.

## LEGION AUXILIARY

EYOTA, Minn. (Special) — Auxiliary to Post 551, American Legion, will meet at the Eyota Legion Hall Monday evening.

## RAILWAY EMPLOYEES

The Benefit Association of Railway Employees will meet for a 6 p. m. dinner Friday at the Red Men's Wigwam.

## "Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests Are you putting up—unnecessarily—with the functionally-caused cramps, pains and weak "no good" feelings of menstruation? In doctors' tests, Lydia Pinkham's Compound and Tablets brought complete or striking relief from such distress . . . in 3 out of 4 cases!

Try modern-acting Lydia E. Pinkham's Vegetable Compound and Tablets with added iron. See if it doesn't relieve those cramps and jitters . . . help you feel better both before and during your period!

## Now...try popular new Tablets!

Women by the thousands are changing to new Pinkham Tablets. Give glorious relief—easier to carry and take, too! (Also wonderful for functional distress of hot flashes of "change of life")! Get a bottle today. Pinkham's helps to "quiet" uterine contractions that often cause menstrual pain!

## ASIDES—By the Society Editor

With National Beauty Salon Week just past and Irish Linen Week coming up next week, thoughts turn to spring fashions from top of head to toe. No more "pinkish shears" and no more "bitch cuts" for your hair. The shaggy look is out. Simplicity is the key, feminine and well groomed. Suggested is a "plateau" top, with the emphasis at the eyeline in a slightly bouffant (wide) look. The hair rises at eye level then returns, moving forward toward the cheek with either symmetrical or asymmetrical balance. You may have bangs if you choose or a clean sweep off the forehead. Although longer and softer, still as far as the coil and collar line as the twain shall meet.

In dresses, the long torso and slim line make the highlight of the season. Popular pleats or fullness is released low. A print season for dresses is well on its way in gay, novel and amusing patterns with etched motifs, architectural outlines, baroque diamonds, unusual stripes and bright blossoms, attracting attention. The slim straight line is offered in the unadorned, straight slash and in basque and low neckline treatment. Cuff bandings and draped sashes are low on the tip with short skirts flared, gathered or pleated from there on down. Flared skirts often add flounce at the hemline. Pleated collars and cuffs or details on the bodice re-emphasize the importance of pleats. Bold patterns dominate in the prints. White background prints are starting early and small prints on black backgrounds continue "you n g black" into the spring. Prints also are important in the three-to-six ensemble groups.

Spring coats go straight, the boy coat continuing with soft detail for the new season introduced in novelty buttoning, soft pockets and often a back belt. Toppers are in short Eton lengths or finger tip versions, and while straighter, often show pleated backs. They appear in washable nylon or Orion fleece in white or pastels. Shetlands have returned, the monotone tweeds are attractive in navy and pastels. Nubby tweeds in pastels and lightweight ones, donegals with variegated colors also in pastels and tweeds with overchecks which play up the color are noted. Navy is in the air but pastels are led by pale blue. Next comes pink, beige, aqua and yellow. Heliotrope, spring violet, mauve and lavender are another tone scale.

Suits highlight the boxy jacket with back interest in low belts, tabs and pleats. Slim skirts look new with these jackets and often are in contrasting fabric, among them spring-weight tweeds. Fitted jackets are teamed more often with full skirts, many revealing trimmed petticoats. The long torso look is influencing young suits this spring in fitted as well as boxy jackets. Pocket flaps are placed low on the jacket to emphasize hipline interest.

Queen of Irish Linen Week is Barbara Cook, featured singer in Broadway's "Plain and Fancy" who for her crowning wore a Jane Derby gown in white Irish linen embroidered in white lyre motif. The bodice was tightly fitted, with tiny sleeves, and the skirt wide and full in back. Baby-blue satin ribbon defined the waist, rose to a bow in front at the Victorian neckline and was bowed in back as well. With it she carried white linen handkerchiefs encircling shamrocks and spring flowers.

New Make-Up Seems to So

Completely  
Cover the "Sins"  
of Your Skin

At last comes the one EVERYTHING Make-Up to deliver you forever from the array of pre-foundations, after-make-ups, touch-up sticks, line erasers, and special this's for special that's. So amazing is the covering power of LANOLIN Plus Liquid Make-Up that you could, if you wished, wear a shade lighter than your own skin. Yet there is no heavy masky look.

From the second you silk it on, those tiny lines and imperfections just seem to vanish. Your skin takes on a new, sheltered, fragile, cared-for look. Indeed, here is the new fashion in faces. But more! Every minute of every hour you are wearing LANOLIN Plus Liquid Make-Up, wonder-working cholesterols and esters most like nature's own skin lubricants are working to help keep your skin youthfully softer and smoother. In a complete range of skin-keyed shades \$1 plus tax wherever cosmetics are sold.

There is only one genuine LANOLIN PLUS!

Lanolin Plus  
Liquid Make-Up

Suggested for a round-the-clock, round-the-calendar, round-the-world wardrobe at a fashion showing in connection with the crowning were a banker's gray dress-weight linen sleeveless sheath with matching short jacket and bracelet-length sleeve, a red polka-dot linen scarf matching the red of the jacket lining; a slim suit of gold-flecked tweed-like linen with pockets of tiered tucks, long fitted jacket lined in gold and straight easy skirt, and separates which included a black sleeveless blouse, Bermuda-length raspberry shorts and hip-length reversible jacket in McPherson plaid and solid raspberry with over-size pockets and monk's hood, all in linen. Continuing the linen wardrobe was a black embroidered halter with waltz-length skirt in mauve pink gossamer linen.

Fashions wrought by famed designers for the linen queen included interchangeable tops by Toni Owen with slim slacks and Jamaica shorts, all in black, with a black and white embroidered box jacket; Ruth Fair's separates which teamed Copenhagen blue and forest green—shorts, skirt, halter and blouse; Kenneth Tischler's town and country ensemble in black and white, a slim sleeveless dress and straight coat; Bonnie Cashin's coat modeled after a Japanese kimono, in black linen stitched in white, and worn over a black linen sheath; her shirt coat in pewter gray with matching skirt; her battle jacket and skirt in cherry red, and a two-piece belted suit in charcoal and light gray.

An edifying short formal in sheer white Irish linen designed by Donn Auten of Jobere was strapless with a petal type neckline, snug bodice laced at the side with pink ribbon, and

widely flaring skirt over a multi-pleated silk underskirt. Another short formal by Oleg Cassini featured a long torso with full skirt billowing from top of hip, in white linen with its bodice embroidered in brilliant flower shades of silk, and designed with deep V-neckline and short sleeves.

Benham Original's year-round, daytime-to-evening suit in brown tweed-like linen had a fitted jacket with short sleeves and a collar effect at its round neckline achieved with pearl and rhinestone embroidery edged in brown velvet. A molded sheath beneath with tiny hip pockets had matching embroidery at its scoop neck. Jane Derby showed an all-season street dress in tweedy textured linen, slim with panel buttoning down the front, high collar with string tie, three-quarter sleeves and narrow skirt. Many of the linen ensembles were shown with furs. Linen shoes, and bags were ensembled with the gowns. Space prevents more so the picture in leather—shoes, gloves, bags and garments—waits for another column.—May Murray.

### BLAIR OES

BLAIR, Wis. (Special)—The OES of Blair will meet in the Masonic Hall Monday at 8 p.m.

**HOT LUNCH COMMITTEE**  
PLAINVIEW, Minn. (Special) — Serving on the March hot lunch committee at Immanuel Lutheran School are the Mes. Walter Schwantz, Elmer Radel and Adolph Schwantz.

**DORCAS SOCIETY**

## BPW Urged to Build Positive Americanism

"What we do, what every American individual does, how he lives in his community, the reputation, the record that the community has with regard to democratic living, is a part and parcel of the world-wide struggle, in which the great issue today is people," said Norman Indall, guest speaker at the dinner meeting of the Winona Business and Professional Women's Club Tuesday evening in the parlors of the First Congregational Church.

Mr. Indall who is head of the social studies department of Winona Senior High School, and local commander of the Naval Reserve Security Unit, spoke on "Build Positive Americanism." The program was in charge of the club's national security committee of which Miss Florence Jackson is chairman and Miss Helen Hilyer and Miss Helen Robb are members.

"People are a greater issue than guns, or bullets, than productive capacity," continued the speaker. "It is the people of the world who are being competed for by the differing ideologies in this struggle. Every democratic act in this country today is a valuable contribution by its citizenry to the struggle. If we could only drive that message home."

"We have to convince great masses of people that we are sincere and genuine in our professions of democratic living; that we really believe in our way of life; that we believe in democracy; that we believe in the concept of equality of people and that we are willing to see that these concepts are extended to all people wherever they are, whatever the background. This is the American Crusade and it involves directly the future of every one of us, your future and mine."

Mr. Indall stated that "one of the greatest dangers in America at present is permitting ourselves to put things relative to security foremost, that is financial security. We often are willing to accept the power that can or promises to give us the ease and comfort, or a sense of security, and this can be a great danger."

"Security is not the crucial thing when compared with honor, with freedom, or with adventure, or with creativity, and yet each of us must take on ourselves a large share of the blame for building a sense of values in which we interpret that the most important thing in life is security. Fear develops in a country where security becomes the paramount goal of life."

Working recently with 22 displaced persons who are studying to obtain American citizenship, Mr. Indall said that "the terrible toll that fear can take was brought home forcibly to the instructors and those working with these people. They had lived in fear and terror for many years, some in concentration camps, and barely existing with little if any food, and it takes many years to overcome this fear, even in our country which has welcomed them."

In conclusion the speaker asked "what has happened to the patriotic celebrations we used to have on the 4th of July, Memorial Day, Armistice Day, now known as Veterans Day, Washington's and Lincoln's birthday? Some call it 'flag-waving.' What is wrong with that? 'You can build positive Americanism in several ways. Maintain an open mind. Do not condemn before the facts are in. Live the life that really shows what America represents. Lend a helping hand to new people who come to America. Cooperate in worthwhile community projects. Study and learn about the subjects that are being discussed and ask questions about the problems from the people who have real knowledge. Look farther than your own immediate self."

A question and answer period fol-

## District President Lists Legion Auxiliary's Program Cornerstones

Child welfare, rehabilitation, Americanism and civil and national defense were listed as the four cornerstones of the American Legion Auxiliary program by Mrs. Lud Gartner, Preston, first district president, who addressed the Winona unit Tuesday night in the American Legion clubrooms.

Mrs. Gartner reviewed the role of the auxiliary in providing essential services to veterans and their families. She emphasized the importance of the child welfare program which in Winona, renders such services as providing medical care, clothing, milk and food for families requiring such help and also assists in paying for hospitalization when necessary.

A gift from the unit was presented to Mrs. Gartner by Mrs. Arthur Bard, president.

During the unit's business ses-

sion, Mrs. E. G. Callahan presented the essay contest winner, James Busse of Cotter High School, who read his essay entitled "Freedom—Our Responsibility."

Also introduced were Girls' State representatives Patricia Ann Olson, Winona Senior High School, and Inez McCabe, Cotter High School, and Marie Engrav, alternate for Patricia Ann. A second alternate, Patricia Knopich, Cotter High, was unable to attend.

Mrs. Leroy Roth, rehabilitation chairman, announced that the unit would give its annual party for patients at the Rochester State Hospital March 30.

Mrs. Harry Teegarden was chairman of the committee for the social hour which followed the meeting. She was assisted by Mrs. Minnie Schellhas and Mrs. Victor Miller.

Attendance prizes went to Mrs. Bard and Mrs. R. C. Lang.

## Committee OKs State Bonus to Korean Veterans

ST. PAUL (AP)—A bill to pay a bonus to approximately 110,000 veterans of the Korean fighting, to be paid in 1958, was approved unanimously today by the Senate Soldiers' Welfare Committee.

The House Veterans' Affairs Committee had given its approval when it introduced the measure Monday as a "committee bill."

Approval came at a separate Senate committee meeting immediately after a brief joint session on the measure by the Senate and House committees.

The Senate committee, after recommending its passage, voted to refer it to the Senate Tax Committee and then to re-refer it to the Senate Finance Committee. The House measure is pending in the Appropriations Committee.

Bonuses would be paid to veterans of the Korean conflict who served in the armed forces between June 27, 1950, and July 27, 1953.

**SENIOR LEAGUE**

**REBEKAHS CARD PARTY**  
Cards were played at four tables at the benefit card party sponsored by Wenonah Rebekah Lodge at the Odd Fellows Temple Tuesday afternoon. Mrs. D. E. Mathiasen received the attendance prize. A prize was awarded at each table. Another party is planned for 2 p.m. next Tuesday at the temple. Mrs. Charles Flanagan is in charge of the parties.

## Picketing Halts Production at Albert Lea Plant

ALBERT LEA, Minn. (AP)—One of two Queen Stove Works plants halted production today as some 700 CIO employees honored picket lines set up by 11 dismissed AFL tool and die workers.

Picket lines were established Tuesday when the AFL members and company officials failed to agree on terms for a return to work by the discharged employees.

Negotiations aimed at settling the dispute were expected to be resumed Thursday when Dan Foley, vice president and secretary of the company, returns from a trip.

## Buffalo Co. Maps Pre-School Plan

ALMA, Wis. (Special)—Seven district chairmen for Buffalo County's "Readiness for School Program" have been named by Superintendent O. J. Sohrweide at a county community council meeting recently.

Chairmen and their communities are: Mrs. Clarence Linse, Mondovi; Mrs. Reuben Rodeski, Fountain City; Mrs. Milton Knabe, Nelson; Mrs. Marlin Hagen, Alma; Mrs. Henry Larson, Gilmanton; Mrs. Arthur Scheidegger, Waumande; and Mrs. Clifford Stuber, Cochrane.

The meeting was sponsored by the health committee of the community council, Miss Selma Braem,

chairman, presiding. Speakers included Mrs. Mike Varenick, Superintendent Sohrweide and Miss Irene Brewer, Buffalo County nurse. Mrs. Varenick discussed "What Parents May Do to Promote Readiness for School in Pre-School Children." Miss Brewer stressed the importance of physical fitness in pre-school children and the value of the immunization clinics to be held in the county. Literature and registration blanks were distributed.

**LA CRESCENT BLOOD GIFTS**

American Legion Auxiliary Award Winners announced at the meeting of the Auxiliary to Leon J. Wetzel Post 9, American Legion, at the Legion Memorial Clubrooms Tuesday evening included left to right above, James Busse, Cotter High School, son of Mr. and Mrs. William Busse, 420 High Forest St., who won the essay contest;

Inez Veronica McCabe, daughter of Mr. and Mrs. James McCabe, 518 Kansas St., who was chosen as Girls' State representative from Cotter High School, and Patricia Ann Olson, daughter of Mr. and Mrs. Noel Olson, 67 W. Howard St., Girls' State representative from Winona Senior High School. (Daily News photo)

## Rayburn Promises Fight to Ditch Farm Program

By B. L. LIVINGSTONE  
WASHINGTON, P.—Speaker of the House Rayburn (D-Tex.) today promised early House action on legislation to scrap the administration's farm program and restore rigid high price supports on major crops.

It promised a hot fight in the House, which last year overrode its Agriculture Committee and voted for flexible price supports in a victory for the administration. Rayburn, who favors ditching the flexible program, told news-men he would schedule House action on a new farm bill at the earliest reasonable time. He indicated this might be week after next.

The Agriculture Committee Tuesday approved a bill to support five basic crops—wheat, rice, corn, cotton and peanuts—at 80 per cent of parity. Present law provides flexible supports this year between 82½ and 90 per cent of parity on these crops. Next year, unless Congress takes some new action, the price support floor drops to 75 per cent. Parity is a calculated price declared by law to give the farmer a fair return on his commodities in relation to his costs.

Rayburn and Chairman Cooley (D-N.C.) of the Agriculture Committee appeared confident the House would reverse its action of last year and pass a high-support bill. Neither commented, however, on the bill's chances in the Senate. Backers of high supports generally concede they could not pass such a bill over a veto by President Eisenhower.

**AT INSURANCE CONVENTION**  
ETTRICK, Wis. (Special)—Representing the Ettrick Mutual Fire Insurance Co. at the annual convention of the Wisconsin Association of Mutual Insurance Companies at Milwaukee March 9 and 10 are L. K. Underbeim, Hegg, William G. Henderson and Lloyd Quammen. North Beaver Creek, and Ole Mustad, Ettrick.

**ATTEND FUNERAL**  
MONEY CREEK, Minn. (Special)—Mr. and Mrs. Melvin Summers, Mr. and Mrs. Miles Summers and Mr. and Mrs. Jay Summers attended the funeral of their brother-in-law, Willard L. Ryan Sr., at Rochester Saturday. Also at the funeral from here were Mr. and Mrs. Donald Van Gundy, Jerry Summers and Jon Summers.

## Essay Contest, Girls' State Winners Named

An essay on "Freedom—Our Responsibility" written by James Busse, was awarded first place in the American Legion Auxiliary's Americanism essay contest, it was announced Tuesday evening at the unit's meeting.

James, a sophomore at Cotter High School, is the son of Mr. and Mrs. William Busse, 420 High Forest St.

"Remember," he said in the essay which he read before the auxiliary meeting, "all the wonderful freedom we now enjoy can be lost in just the time it takes to go down to the polls and vote."

James received a cash award from the local unit and his essay has been entered in the district contest. Essay contest judges were Donald Winder, Dr. E. G. Callahan and Mrs. James Cole.

Also introduced at the meeting last evening were the local unit's Girls' State representatives, selected from the junior classes at Winona Senior High School and Cotter High School respectively.

Patricia Ann Olson, daughter of Mr. and Mrs. Noel Olson, 67 W. Howard St., is the Winona Senior High School selection and Inez Veronica McCabe, daughter of Mr.

and Mrs. James McCabe, 518 Kansas St., is the Cotter High representative.

Alternates are Marie Engrav, 702 Grand St., and Patricia Knopich, 888 E. 5th St., from Winona Senior High and Cotter High respectively.

## Blair Centennial Directors Named

BLAIR, Wis. (Special)—As incorporation is necessary, a seven-member board of directors was chosen Monday night to head the Blair-Preston Centennial celebration.

Chosen to serve on the board was Mrs. R. E. Anderson, Harold Utne, James Berg, Leland Chenoweth,

W. H. Melby, Omer Austad and Elmer Anderson. The group must meet within seven days and choose its officers.

Thursday was set as the final day for starting a growth of whiskers for the beard growing contest, according to members of that committee.

Members of the committee interested in publishing a centennial record, probably in the form of a newspaper or booklet, urged area residents to begin digging up information.

Tentative plans have been dis-

cussed for offering prizes to students who contribute the best articles concerning the history of Blair and Town of Preston.

## Bill Proposes Counties Collect For Home Nursing

By JACK B. MACKAY  
ST. PAUL (U)—County boards could collect fees for home nursing care services furnished to ill or disabled persons under a bill introduced in the Legislature today by Rep. D. F. Anderson of Starbuck and four co-authors.

The proposal provides that the county board shall set up an "equitable schedule of fees," taking into consideration the ability of others to pay only part of the fees, and the inability of others to pay any part of the expenses.

Co-authors with Anderson are Reps. Dewey Reed, St. Cloud, Howard Ottinger, Chaska; Reuben Tweten, Fosston, and Alvin O. Hofstad, Madison.

The measure specifies that home nursing care services shall not be denied to any person who is in need of such services and has no means to pay. The fees could not exceed the costs of the actual services furnished, as determined by a study of costs which the county board or the nursing district shall undertake in January each year.

Further, the bill provides that the results of such studies, together with a schedule of the fees to be charged, must be filed with the State Board of Health. In lieu of making any such annual studies, the county board or the nursing district would have authority to adopt a fee schedule established by the State Board of Health from information gathered by it relative to the costs of nursing care.

The county board or the nursing district would set up a procedure for the collection of the fees. The money collected would go into the general revenue of the county and would be used for such purposes as the county board determines after giving due consideration to the total needs of the public health nursing services, the authors explained.

Introduced in the House also was a bill to create a three-member commission to regulate the milk industry in the state. Authors are Reps. Joseph Prietzel, St. Paul; Willard Munger, Duluth, and Ted Biernat, Minneapolis. A companion measure was introduced in the Senate last week by Sen. Donald Wright, Minneapolis.

Authors point out that the bill provides for a commission to regulate the milk industry in the same way as the State Railroad and Warehouse Commission regulates transportation.

The House Tuesday gave preliminary approval to Gov. Freeman's power of arrest bill.

The proposal was labeled by Rep. E. J. Windmiller, Fergus Falls, as a watered-down "subterfuge" but his effort to send it back to committee "to put some teeth in it" was unsuccessful.

Backed by the State Sheriffs' Assn., the bill would give state liquor control agents the power to make arrests for violations only if individual sheriffs asked for help. Windmiller is author of a bill to give liquor agents broad arrest powers, but that measure was killed by the House Law Enforcement Committee which approved Freeman's bill.

The House Tuesday passed and sent to the Senate a bill doubling the penalties for furnishing narcotics to minors. Rep. Al Otto, St. Paul chairman of the Law Enforcement Committee, said it was aimed at halting sales of narcotics on school grounds.

The House also gave tentative approval to bills that strengthen the law against income tax evaders, and for a constitutional amendment to re-write the sections on local government.

## Volunteers at Hokah Out to Three Fires

HOKAH, Minn. (Special)—The Hokah volunteer fire department made three weekend calls, two of them for chimney fires.

Early Saturday morning the firemen were called to the junction of Highway 16 and the Milwaukee Road tracks where a train-truck collision resulted in a fire as one of the truck's gas tanks ignited. At 10:10 a.m., the firemen were called to the John Sandau farm home on South Ridge to extinguish a chimney fire.

Sunday noon, they were called to the Ambrose McCormick farm south of town for another chimney fire. Only smoke damage resulted from the blaze.

**FALLS AT LEWISTON**  
LEWISTON, Minn. (Special)—Mrs. Ed Merkle is under observation at St. Mary's Hospital, Rochester, after a fall on the ice at her home Monday afternoon. Preliminary investigation by a physician revealed no broken bones.

**HAND INJURY HEALING**  
WOODLAND, Minn. (Special)—Miss Dorain Hassig, daughter of Mr. and Mrs. Dean Hassig, has returned home from St. Elizabeth's Hospital, Wabasha, where she was confined a few weeks following a serious injury to her right hand.

## Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes into the bronchial system to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. No matter how many medicines you have tried, Creomulsion is guaranteed to please you or doctor's refund money. Creomulsion has stood the test of many millions of users.

relieves Coughs, Chest Colds, Acute Bronchitis

Flames Soar Skyward from The Lodge, a rooming house which burned down at San Rafael, Calif., early today. Of the twenty-eight persons in the building when the fire broke out, three are dead, 7 are missing, and eight are injured. Damage is estimated at \$100,000. (UP Telephoto)

## Go Away Government, Every Man for Himself

DENVER (U)—An elderly man dropped into a private tax consultant's office for help on his income tax report. He'd passed the 65-year-old mark, he said, 10 years ago.

Tax Consultant: "Then I suppose you received a pension?" Elderly Party: "Nope. Never asked the gov't for nothing at no time."

T. C.: "Well, now, you're entitled to that pension and also to double exemptions on your tax if you'll just declare your age."

E. P.: "I don't figure my age

is any of the gov't's business. I don't ask them no questions and they don't need to ask me now."

## Slettum to Slay As Deputy Under New Farm Chief

ST. PAUL (U)—Byron G. Allen, a member of the Democratic national committee since 1948, will take over May 1 as Minnesota commissioner of agriculture, succeeding Myron C. Clark.

Gov. Freeman, in announcing the Allen appointment Tuesday night, said that Ed Slettum, deputy commissioner under Clark, would be retained in that post despite the fact it is not under civil service.

The governor said he had delayed activation of the appointment for about six weeks so that Clark could finish up matters his department has before the Legislature. Clark's term expired Jan. 1.

A graduate of Iowa State College, Allen farmed in South Dakota and served four terms in the Iowa Legislature before moving to Detroit Lakes in 1940. Since then he has been engaged in farm management efforts in western Minnesota. Allen was a leader in accomplishing the 1944 merger of the Democratic and Farmer-Labor parties and was the combine's first candidate for governor that year. But his campaign was not successful. He also lost in bids for the state Senate in 1946 and 1950.

Freeman revealed that he had asked for the resignation of William Revier, state commissioner of veterans affairs, but that Revier had refused to quit. The governor said he sought to make the change "because I felt improvements could be made in handling veterans' affairs."

Freeman recalled that Revier had been politically active "in the campaign of my predecessor (Gov. C. Elmer Anderson) and solicited members for his veterans committee."

Asked if he planned further action, such as the possible filing of charges against Revier, Freeman answered: "No comment." Revier's term does not expire until Jan. 1, 1957. Revier remained silent.

The governor also named two

new members to the State Civil Service Board, scheduled to meet today to consider the resignation of Robert D. Stover as civil service director.

Ray D. Black, Minneapolis, was appointed to a four-year term, replacing George Ziesmer, Mankato, and Charles E. Bannister, Duluth, takes over the berth of Mrs. Harrington Beard, Minneapolis, a member of the board since 1939.

Black is executive director of the Citizens League of Minneapolis and Hennepin County while Bannister is president of the Duluth Federated Trades and Labor Assembly.

In answer to newsmen's questions, Freeman indicated that he had no plans to replace either M. J. Hoffmann, state highway commissioner, or G. Howard Spaeth, state tax commissioner.

The governor did name a new member of the State Board of Tax Appeals, Lloyd O. Stein, St. Cloud attorney who will succeed Fred Hughes, also from that city.

## AT WABASHA HOSPITAL

PLAINVIEW, Minn. (Special)—Cyril Grieve is a patient at St. Elizabeth's Hospital, Wabasha, after undergoing surgery for a ruptured appendix Monday.

## CAMPAIGN AT BLAIR

BLAIR, Wis. (Special)—Mrs. Gilbert Von Haden, local chairman for the Eastern Seal campaign for crippled children, has announced that the campaign will get under way this week. Letters asking for funds are being mailed out.

## Work, Sleep, Play In Comfort

**Without Naggng Backache**  
Naggng backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## \$35 Fine Assessed For Careless Driving

James Feltz, 23, 1061 E. Wabasha St., was fined \$35 in municipal court this morning on a charge of careless driving.

Feltz, who was arrested by police at 1:15 a.m. today, was cited for careless driving on Highway 61 from St. Mary's Cemetery west to Mankato avenue.

He pleaded guilty to the charge and the fine was imposed in consideration of previous traffic arrests.

## FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTEETH**, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTEETH** at any drug counter.

## Fox Hunt Set By Hokah Club

HOKAH, Minn. (Special)—The Hokah Rod & Gun Club will sponsor a countywide fox hunt Sunday beginning at Cabies Cafe at 10 a.m.

All persons who wish to help eliminate the fox menace are invited to participate. Shotguns, not rifles, will be used. In case of unfavorable weather the hunt will be postponed until March 20. Hunters will be allowed to use dogs.

Secretary Guy Simonson noted that the club now has 110 paid members.

During last Wednesday's meeting, Carl Strauss, Dresbach, showed slides and motion pictures taken while deer hunting with bow and arrow in the Minnesota and Wisconsin woods.

About seven gallons of water a day is drunk by 100 laying hens.

# Winona County Townships Elect, Approve Budgets

## Winona Voters Elect Woman As Justice

WINONA — The "best turnout of voters in the history of Winona Township" elected the township's first woman justice of the peace.

In a 90-voter turnout, Mrs. Archie Lackore received 62 votes for the 2-year justice of the peace term. Mrs. Gretchen L. Lamberton received 13 votes. Mrs. Lackore replaces incumbent Harold Rogge, who had not filed.

In the contested race for 3-year supervisor, incumbent Dave Morrissey was returned, 33-36, over Ralph Davenport.

Edward Voelker, incumbent, won 65-28 over Delores Evens in a race for the unexpired term of supervisor. Arnold Goetzman, Goetzman resigned as supervisor last year to run for township assessor, leaving two years of term to fill.

Ella Angst, unopposed for treasurer, received 85 votes. She is the incumbent. Arnold Goetzman, seeking his second term as assessor, was returned to office with 87 votes.

Carl Schultz, incumbent constable did not file for office and was replaced by Al Brizette, who polled 72 votes.

All offices are for 2-year terms, with the exception of the supervisor post, which is for three years. Appropriations for the coming year include: \$400, general purpose; \$1,600, road and bridge, and \$500, poor relief.

The township voted to pay a 5-cent bounty on pocket gophers and a 3-cent bounty on striped gophers. In balloting for two soil conservation district supervisor posts, C. Crawford (Burns-Homer-Pleasant) received 54 votes and Herbert Speltz (Rollingstone-Stockton-Gilmore Creek) received 39 votes. In an uncontested race to fill an unexpired SCS post, William Michalis Jr., had 44 votes.

Other township officials whose terms have not yet expired are: John Bergler, supervisor; Frank D. Biesanz, clerk; Robert Leicht, justice of the peace, and Alfred Glidden, constable.

## St. Charles OKs Budget of \$9,500

ST. CHARLES — A \$9,500 budget was approved by 37 voters of St. Charles Township.

This will be allocated as follows: \$3,000, general fund; \$1,000, snow plowing, and \$500, relief. Matt Marnach, Elba, was given 20 votes for soil conservation district supervisor over incumbent John Daley, Leviston, who received 13. Other officers were re-elected. Supervisor Louis Colgen was re-elected for three years with 32 votes. John Nintemann was returned as treasurer with 32 votes, and V. W. Harcey was re-elected assessor with 34 votes.

## New Hartford Votes Road Building Fund

NEW HARTFORD — New Hartford voters appropriated \$1,000 for reconstruction of a portion of the Foster road.

Other appropriations: General purpose, \$1,000; road and bridge, \$3,000; graveling, \$3,500; snow removal, \$1,000, and sinking fund for a snowplow to replace an aged one, \$500 (fund total now \$1,500). Only change was a \$500 increase for the road and bridge fund.

All officers whose terms were expiring were re-elected. They are: Supervisor, Lloyd Moldenhauer, 40 votes; treasurer, Roy Brown, 36; assessor, Clyde Bateman, 39; justice of the peace, Henry Pappenfuss, 9, and constable, Herbert Albrecht, 19. There were scattered write-ins.

## Rollingstone Votes \$7,000 in Levies

ROLLINGSTONE TOWNSHIP — Ninety-six voters turned out to elect Rollingstone township officers and approve levies totaling \$7,000.

The levy includes \$8,000 for the general fund, \$500 for snow removal, \$250 for fire protection and \$250 for the poor fund.

Howard Volkart defeated James Stewart to win re-election as supervisor. The vote was 58-38. In other balloting, Treasurer Raymond Lehnertz was re-elected with 88 votes, Assessor Raymond Speltz returned to office with 82 votes and Constable Jacob Schlink, who had not filed for re-election, received 7 votes.

The voters also favored payment of a 5 cent pocket gopher bounty.

## Aldinger Wins by 1 Vote In Wilson Supervisor Race

WILSON — Erich Aldinger was named 3-year Wilson Township supervisor by a 1-vote margin over Herbert Keller.

Aldinger polled 32 votes and Keller, son of Lewis Keller, who had previously served 27 consecutive years as supervisor and declined to file this year, received 31 votes.

Three other incumbent officials were returned to office without opposition in a "very good" turnout of 64 voters.

They included: George Schmidt, with 61 votes for treasurer; J. Everett Balch, 64, assessor, and Roy Haake, 61, constable.

Victor Hornberg received 8 write-in votes for justice of the peace,

but has not yet indicated whether he will accept. Other officials, whose terms have not yet expired, are: Ben Rolfing and Henry A. Block, supervisors; A. S. Milton, clerk, and Valentine Schloegel, constable.

Voting township members appropriated \$8,000 for general purpose expenditures.

In uncontested balloting for Rollingstone-Stockton-Gilmore Creek soil conservation supervisor, Herbert Speltz, seeking a 5-year term, received 6 votes, as did William Michalis Jr., seeking an unexpired SCS post.

For Burns-Homer-Pleasant soil conservation supervisor, C. P. Crawford polled 45 votes to 1 for Walter Clow.

## General Purpose Fund Cut \$2,000 At Homer Meeting

HOMER — A voter turnout three times the size of that of last year—105—balloted.

The general purpose fund was cut \$2,000, from \$10,000 in 1954 to \$8,000 for 1955.

Incumbents were re-elected: Clinton Dabelstein, incumbent assessor, beat Malcolm Hobbs, 75 to 29; Leat Chaddourn, chairman of the supervisors, was re-elected without opposition, receiving 89 votes; Mrs. Nellye Fay Rohlfing, treasurer, was re-elected with 89 votes. Justice of the Peace Ed Dumas had 91 votes without opposition and William Holzworth won the constable post by write-ins over Richard Campbell, 9 to 3.

## Contest Decides Office at Elba

ELBA — Frank Brosig polled 44 votes to win re-election to a term as supervisor in the only contested race in Elba Township election.

Norman Heim, who received 18 votes, and Brosig were the only candidates to file for township offices with all other officers named by write-ins.

Gregory Kramer was re-elected supervisor for a 3-year term with 23 ballots. Orville Ferguson received 2 votes.

Another incumbent, Edwin Benedict, was named to another term as treasurer with 22 votes. Leo McCarthy received 2 write-in votes. Leo Mueller was the only person to draw votes for treasurer — 32 — and will serve another term.

There were a number of scattered votes for the 2-year term of constable and William J. Norton, with 2 write-ins, was elected.

## Power of Arrest Bill Almost Gets Out of Committee

ST. PAUL — The power of arrest bill backed by Gov. Freeman almost got out of the Senate Liquor Control Committee today—but not quite.

The committee first voted to recommend the bill for passage but later reconsidered that action. This leaves the bill still before the committee for any action it may wish to take.

The vote to recommend the measure for passage came after appeals by Harry Sieben, state liquor control commissioner, Sheriff Reuben Granquist, Stillwater, and Sen. Val Imm, Mankato.

Earlier, the committee turned down a motion by Sen. Herbert Rogers, Duluth, to kill the bill. Late in the meeting, after several other bills had been considered, Sen. Gordon Rosenmeier, Little Falls, asked the committee to return to the power of arrest bill.

Sen. Fred Behmler, Morris, who made the original motion for favorable action, then moved for reconsideration. That carried, 5-4.

## Crank Comes Loose, Youth Severely Hurt

HILLMAN, Minn. (P)—A 16-year-old farm youth suffered severe skull injuries and the loss of the sight of his left eye Tuesday afternoon when the crank he was using on a truck flew off and struck him.

Darrell Tolberg, 17, was treated at a St. Cloud hospital, then moved to University Hospitals in Minneapolis where his condition today was described as "very critical."

Darrell is the son of Mr. and Mrs. Roy Tolberg. The accident happened on the family farm.

## 3 Whitewater Officers Get 100% of Vote

WHITWATER — All three Whitewater Township incumbents received 100 per cent of the votes cast for three different positions. All were uncontested.

Unanimously returned to office with 28 out of 28 votes apiece were: F. W. Ellinghuysen, supervisor; Leo McHugh, assessor, and Lyle Swanson, treasurer. The township did not elect either a second constable or second justice of the peace.

Other officials whose terms have not yet expired are: Matt Marnach and Joseph Speltz, supervisors; Jacob Kronsbusch, clerk; Jerome Majerus, justice of the peace, and Mike Ross, constable.

Appropriations voted included \$300 for general purposes and \$2,200 for road and bridge expenditures.

In the race for Whitewater district soil conservation supervisor, Matt Marnach received 16 votes in Whitewater Township. Incumbent John Daley polled 10.

## Dresbach Names Burns Assessor

DRESBACH — Archie Donaldson's write-in bid for election as assessor fell 12 votes short as Wilbur Burns was named to the Dresbach Township post to succeed Emory C. Dickson.

A total of 86 votes was cast in the election, Burns polling 46 and Donaldson 34.

Edward Husman was named supervisor succeeding J. S. Baker who did not file for re-election.

Elroy Nisselke was a write-in winner for the post of constable, previously held by John Osweider, who has moved from the area.

Incumbent Treasurer Mrs. Rudy Janikowski received write-in support to win re-election. There were about 20 names written in for justice of the peace. No one had filed for the office.

## No Contests Develop In Saratoga Balloting

SARATOGA — A light turnout at the Saratoga Township meeting cut the general purpose budget to \$7,500, down \$1,500 from a year ago.

There were no contests in the elections, which explains in part the light vote, according to officials. Elected were: Roy Cole, supervisor, 26 write-in votes, over Dan McCready, 4 write-ins; George Frisby, treasurer, 34 votes; Ralph Slavin, assessor, 31 votes; Charles Taylor, clerk, 16 write-in votes; Edwin Kohler, incumbent supervisor, won election over Clarence Resie, 132 votes to 49.

A general purpose budget of \$8,000, the same as last year, was approved.

## Merrillan Caucus Selects Candidates

MERRILLAN, Wis. (Special) — Stanley Gosch, incumbent, and DeVan Staples, were nominated for the Jackson County Board of Supervisors at the caucus here Friday.

Others nominated for the April 5 general election were: Clerk Charlotte Nash, unopposed; trustees, Gene McKevitt, Stanley Gosch and Guy Ransom, incumbents, and Bud Gjersted, Eric Motte and Leslie Rhoades; treasurer, incumbent Herman Johnson and Mrs. H. Grasser; assessor, Harry Dahlstrom and Henry Grasser; president, DeVan Staples and Phil Fitzpatrick; justice for two years, Miss Pearl Sorlie and Arthur Bostwick; justice for one year, Ernest Burlingame and Bud Gjersted, and constable, Sam Vincent.

The caucus committee consists of John Cormican, Oliver Smith and S. W. Burlingame. They were re-elected to serve another term.

## Hart Township Wants More Gas Tax Money

HART — A move for more of Winona County's gas tax money for upkeep of Hart Township roads and bridges was authorized by resolution.

Feeling that personal property and real estate taxes on farms are at extremely high levels and farm income is down, the farmers of this community voted to ask the county board of commissioners for a greater share of the gas tax fund.

A \$3,500 cut in general purpose expenditures also was voted—from \$8,000 in 1954 to \$4,500 this year. The township will pay 5 cents for pocket gophers; wages of election

boards and the assessor were placed at the same level as a year ago.

Election returns were: Frank Maus, incumbent supervisor, 66 votes to 2 for Irwin Hueblein; Treasurer John Kryzer, 66, Alfonso Feine, 1; James Boynton, incumbent assessor, 67, Earl Hueblein, 1; Hugh Sim, write-in for justice of the peace, and Elvin Wenzel, incumbent constable, 7, without opposition.

In the soil conservation district supervisor contest, Matt Marnach, Elba, received 33 votes; John Daley, incumbent, 32, and Martin Boehmke, 1.

## \$12,000 Budget Set in Warren

WARREN — A general purpose appropriation of \$12,000, the same as last year, was voted by a "fair" turnout of 99 Warren Township voters.

In the election of officers, only two persons were filed candidates. They were incumbent supervisor George Burns and his opponent, Norman Luehman. Burns won re-election 80 to 18.

Arnold Lanz, was re-elected treasurer with 25 write-in votes; Arthur Barheim and Bernard Hennessy tied for the post of assessor with 32 write-in votes each. Barheim won the job by lot.

Conrad Brandt was named justice of the peace with 3 write-in votes and Ed Renk was elected constable with 4 write-ins. John Daley had 23 votes to Matt Marnach's 13 for Whitewater Soil Conservation District supervisor. In the Rollingstone district, Herbert Speltz had 47 and William Michalis Jr., 44.

## 182 Cast Ballots In Norton Township

NORTON — A battle for Norton Township assessor brought a "real good" turnout of 182 voters.

Ed Ruhoff, with 95 votes, topped incumbent Edwin Jung, 39, and Emil Benck, 48. Clarence Doehling received 7 write-in votes for constable, replacing Paul B. Neumann who has moved from Norton. Edward Matzke, incumbent treasurer, was elected with 164 votes and Edwin Kohler, incumbent supervisor, won election over Clarence Resie, 132 votes to 49.

A general purpose budget of \$8,000, the same as last year, was approved.

## Merrillan Caucus Selects Candidates

MERRILLAN, Wis. (Special) — Stanley Gosch, incumbent, and DeVan Staples, were nominated for the Jackson County Board of Supervisors at the caucus here Friday.

Others nominated for the April 5 general election were: Clerk Charlotte Nash, unopposed; trustees, Gene McKevitt, Stanley Gosch and Guy Ransom, incumbents, and Bud Gjersted, Eric Motte and Leslie Rhoades; treasurer, incumbent Herman Johnson and Mrs. H. Grasser; assessor, Harry Dahlstrom and Henry Grasser; president, DeVan Staples and Phil Fitzpatrick; justice for two years, Miss Pearl Sorlie and Arthur Bostwick; justice for one year, Ernest Burlingame and Bud Gjersted, and constable, Sam Vincent.

The caucus committee consists of John Cormican, Oliver Smith and S. W. Burlingame. They were re-elected to serve another term.

## Fremont Voters Return 4 Officers At Annual Meeting

FREMONT — Fremont Township voters elected three new township officials and returned four others to office.

M. K. Boyum received 37 votes for re-election as a supervisor and Archie McLeod was named to a 2-year term as supervisor succeeding Leo McCormick, who had resigned.

A total of 39 voters came, a few more than last year.

Robert Reys was named to a 1-year term as clerk, an office he has held by appointment since the death of Neil C. Bain. Reys received 39 votes.

Treasurer Gerald Simons and Assessor Leo O'Neare were re-elected with 37 and 25 votes respectively. E. H. Hanson was named justice of the peace to succeed Will Henry. Hanson polled 12 votes to 1 for Paul Miller.

Constable Donald Edwards received 22 votes to win re-election. Edwin Reys received 2 and Paul Reys 1.

Voters approved an \$8,000 levy for general purposes.

## Pleasant Hill Renames Treasurer

PLEASANT HILL — Ewald Gady won re-election as Pleasant Hill Township treasurer over write-in candidate Wilmer Smith, 70 to 67. Paul Stienfeldt was re-elected supervisor with 110 votes and August Winsky won re-election as assessor with 104 votes. Oscar Barum was named constable to replace Ben Thicke who moved from the community. C. P. Crawford was given 95 votes for soil conservation district supervisor.

Other officials whose terms have not yet expired are: George Nepper and James Preston, supervisors; John Schell, clerk, and Albert Peshon, constable. All but the supervisor post are for 2-year terms.

It was voted to donate \$1,000 toward a new fire truck for the Alutara fire department.

## Utica Returns All Incumbents

UTICA — A very light vote was cast at the Utica Township annual meeting, only 45 going to the polls. A general purpose budget of \$14,000 was approved, which is the same as last year. In the election, all incumbents were re-elected without opposition.

Robert Dreher, supervisor; Alfred Hardike, treasurer; Edna J. Randall, assessor, and Leo Biech, constable, all were returned to office.

John Daley, Leviston, incumbent, topped Matt Marnach, Elba, 24 to 9 for the Whitewater district soil conservation supervisor post. In the Rollingstone district balloting, Herbert Speltz beat William Michalis, 35 to 10. A pocket gopher bounty of 5 cents was approved.

## Richmond Reduces Funds by \$1,450

RICHMOND — The Richmond Township general purpose fund was slashed \$1,450, and a total of \$3,050 was voted for all needs in 1955 compared with \$4,500 for 1954.

Funds will be distributed as follows: General, \$400; road and bridge, \$600; snow removal, \$300; crushed rock, \$1,500; relief, \$100, and Nodine and Dresbach fire departments, \$25 each.

Only 25 voted in an election marked by the lack of contests. All incumbents were returned. John Schroeder Jr., received 16 votes for supervisor, and James Pappenfuss, 2; Harold Boettcher, treasurer, 24 votes; Forrest Clark, assessor, 24. For justice of the peace, Henry C. Luedtke received 11 votes, James Pappenfuss, 3, and L. L. Miller received 7 votes for constable and James Pappenfuss, 3.

## Winners Named In Subdistrict Speech Contest

LANESBORO, Minn. (Special)—Pantomimes presented by two Rushford High School students during the subdistrict speech contest Monday were described by Dr. David Thompson, University of Minnesota speech and theater arts instructor, as the best he had seen this season.

Superior ratings in pantomime competition were won by Karl Huseboe and Kay Jaastad. Mrs. Syrus Hadel is speech instructor at Rushford.

More than half of the 25 Rushford students participating in the contest received superior ratings. Houston High School students received 11 and Lanesboro students 5.

Winners of superior ratings, who will participate in the district meet at Rushford Monday are: Original oratory—John Braaten, Houston; Joanne Boehmke and Arlene Riegel, both of Rushford.

Memorized oratory—Jon Radsek and David Beckman, both of Houston; Donald Stephens, Rushford. Extemporaneous speaking—Evelyn Berekvam and Sandra Larson, both of Rushford.

Serious interpretative reading—Darlene Radsek, Houston; Jane Markezard and Rachael Sandness, both of Rushford.

Humorous interpretative reading—Nancy Miller, Vernon Carlson and Jean Pfeifer, all of Rushford. One-act play—Rushford's entry of "The Unsatisfactory Super" with a cast composed of Vernon Carlson, Marilyn Olstad and Ann Ferden.

Gordon Quile, Rushford, who received an excellent rating in extemporaneous speaking, also will compete in the district meet.

Miss Dorothy Beardeth is speech instructor at Houston and Miss Dorothy Fryum is director at Lanesboro. Don Wolfe of the Lanesboro faculty served as timer.

The lentil was one of the first plants to be brought under cultivation by human beings, students believe.

## Independence Man Pleads Guilty to Charge of Forgery

WHITEHALL, Wis. (Special)—Hilary A. Baugh, 25, Independence, appeared in Trempealeau County Court before Judge A. L. Twesme Tuesday and pleaded guilty to check forgery.

He was arrested Feb. 23 for passing a \$25 check using the signature Simon Filla at the Men's Store here. The check was issued on the Independence bank.

Baugh was sentenced to from one to two years at the Wisconsin state reformatory at Green Bay. It was suspended and he was placed on probation with the state Department of Public Welfare for two years, provided that restitution of the check is made and costs of the court proceedings are paid.

District Attorney John C. Quinn, Arcadia, prosecuted. Baugh was not represented by counsel.

## State Health Officers Ready Polio Test Plans

MINNEAPOLIS (Special)—More than 500 local health officers today were readying plans for mass polio inoculations if such a program is approved nationally in a report expected about April 1.

The report will be on success of the Salk vaccine which was tested last year on about two million children. If the findings prove favorable, the program this year will be extended to nine million children, including some 145,000 first and second graders in Minnesota.

The State Health Department said in memoranda mailed out Tuesday that inoculations should be completed by early July, normal start of the polio season. It was pointed out that this leaves but little time after the April 1 report, if the program wins approval.

Under present plans, each child will receive three injections over a five-week period. The program is being financed by the National Foundation for Infantile Paralysis from March of Dimes funds.

WINNERS AT ARCADIA

ARCADIA, Wis. (Special)—Sharol Luehli, senior at the Arcadia High School and the daughter of Mr. and Mrs. Melvin Luehli, Town of Montana, has won the Betty Crocker "homemaker of tomorrow" award at the school, according to Mrs. Lloyd Twesme, home economics instructor at the high school.

Some people complain that the only thing their friends can talk about is the weather. Often that is all it's good for!

## Many Watching Friendly Study Of Bull Market

By SAM DAWSON  
NEW YORK (AP)—Many an American is watching the Senate's "friendly study" of the bull market in stocks today to see if he can pick up any tips on the market.

This is only natural, human nature being what it is.

The Senate Banking Committee's aim is to see if prices rose too fast and are in danger of going too high.

But many a stock buyer or would-be buyer is watching the testimony of the witnesses—men who ought to know about the market—to see if they believe stock prices are about as high now as they're likely to be, or whether bargains are still to be had.

When the presidents of the New York Stock Exchange and the American Stock Exchange testified that they had been buying stocks and planned to continue to do so, many another stockholder probably felt reassured.

The presidents of the Midwest Stock Exchange of Chicago and the San Francisco Stock Exchange chimed in with their belief that the stock market is still quite healthy. They, however, added the warning that stock prices can go down as well as up—a truism with which all active traders in stocks have been made aware at some time or other.

The general reassurance by the heads of the exchanges that stock prices aren't out of line with the economy was given as a defense of the ways in which the markets are now regulating themselves. It doubtless wasn't intended as a tip on whether you too should buy stocks.

The senators also doubtless aren't intending to influence the prices of stocks by their "friendly study."

But, human nature being what it is, the public will be watching the direction the senatorial questions take and the implications, if any, of future congressional action that might affect the course of the market.

An example can be found in the senatorial request that the Pentagon turn over data on defense contracts. On its stock market the shares of a number of companies having large defense contracts immediately took a tumble. Market observers were quick to link the senatorial curiosity to the stock traders' timidity.

## VOICE of the OUTDOORS

### Sportsmen's Show

Dog acts are an established part of all sportsmen's shows and the local show to open at the Armory March 18 is going to be no exception, according to Leo C. Clibor, its promoter. The show is sponsored annually by the Will Dill Chapter of the Izaak Walton League.

Pictured above is one of the terriers of the Lancasters at the peak of their dog act. Note the dog is balancing with one foot on the thumb of its owner. Quite a stunt and worth trying with your house pet.

### Ten O'clock Opening

It looks like the Minnesota trout season will open this year at 10 a.m. April 30. At least the Minnesota Senate and House of Representatives game and fish committees have both recommended for passage legislation changing the opening time of the first day of the season from one hour before sunrise to 10 a.m. After the opening day, fishing under the bill recommended for passage will be open daily from one hour before sunrise and continue to 10 p.m. Under present law the daily closing hour is 9 p.m. The extra hour will enable fishermen to do moonlight fishing in midsummer.

An interesting development in the House game and fish committee meeting was a vote of confidence for the Conservation Department. It came after a lengthy debate on a bill that would repeal the present law that requires a public hearing to discontinue refuges like the Gilmore Valley or Money Creek refuges. Dick Dorner wants these refuges put under the game division's control so they can be properly managed, or so whole or part of them may be opened when a situation develops requiring such action.

Experience in this county has shown most sportsmen will agree that this type of refuge, unpatrolled, improperly posted, where no hunting or trapping is allowed, helps very little in improving game population. Fox in this area soon take over the small game population. In fact, two hearings are now scheduled for the purpose of discontinuing two of the Winona County projects.

## 6,000 Canadians Must Move When Seaway Starts

By JOHN LEBLANC

MORRISBURG, Ont. (AP)—Construction of the St. Lawrence seaway means the displacing of about 6,000 Canadians whose lives and livelihoods are tied to eight communities fronting the international section of the river.

Most of the villagers have generations-old roots in these communities. The problem is to get them shifted to homes where possible—shifted with the least jolt to human values. It's the biggest job of its kind ever undertaken in Canada.

Damming of the river to create a hydroelectric pool will produce a 40-mile lake between Ontario and New York state. The waters will drown out seven Canadian communities. Another, Morrisburg, will lose about a third of its land area, and 1,250 of its 1,886 population must move.

One of the big problems: How is the owner of a home 50 years or older to be compensated? Many of the older structures suit their occupants fine but would go begging on the current market.

The legislation under which the Ontario Hydroelectric Power Commission operates calls for payment on the basis of fair market value plus an amount—unspecified—for "forceful taking."

"What we want," said youthful Reeve (Mayor) George Beavers of Morrisburg, "is to get homes replaced with the same facilities without its costing the owners money."

"Hydro tells us that the formula is market value plus something. But market values have been depressed here for many years, and largely on account of uncertainty over whether the community will go on existing as a result of the seaway. It isn't fair to base a price on sales prospects under those conditions."

## Matusow Defends Man He Earlier Helped Convict

EL PASO, Tex. (AP)—Harvey Matusow defended the man he helped convict, belittled his own role in the Communist party and told of the step that led him from his life as a false witness.

Matusow is testifying here before a grand jury in conjunction with a hearing on a motion by Clinton Jencks for a new trial.

Jencks was an official of the International Union of Mine, Mill and Smelter Workers. He was sentenced to prison—largely because of Matusow's testimony—in charges he swore falsely in a non-Communist affidavit. He is requesting a new trial on the basis of testimony against him.

On the stand yesterday, Matusow said Jencks had not actually called the Korean War "unjust and imperialistic," as Matusow had testified.

"Jencks was only mad," Matusow said, "because the New Mexico National Guard had been called up as one of the first units in the war after the losses they had suffered before."

Matusow also testified that he did not, after all, occupy a high position in the Communist party. He had said earlier, "It is a good thing my memory is bad or I might have gotten a few thousand others in trouble."

Yesterday, he said he really knew only about 200 of the 75,000 then supposed to be Communists. He said he first decided to recant after he assisted in the court-martial case of Cpl. Claude Batchelor, the Kermit, Tex., soldier who was convicted of collaborating with the Communists while a prisoner of war in Korea. Matusow said Batchelor was unjustly sentenced and that was one of the events that made him change his ways.

## Betty Hutton Honeymooning With 'Right Man'

LAS VEGAS, Nev. (AP)—Betty Hutton is honeymooning today with "the right kind of man." He's Alan Livingston, record company executive.

The bouncy blonde comedienne, singer and actress was married to Livingston yesterday by Dist. Judge Frank McNamee. It was her third marriage.

When she originally announced she planned to wed again, she said she had found the "right kind of man," and intended to retire and "live quietly." Three months later she was back in show business. Retirement was "boring," she said.

She and Livingston didn't disclose their honeymoon plans. She is scheduled to appear March 17 at the Beachcomber in Miami, Fla.

Miss Hutton gave her age as 34 and Livingston said he was 37. He obtained a divorce only five days ago in Acapulco, Mexico, from Mrs. Elaine Livingston, who divorced him Feb. 24 in Santa Monica, Calif.

Miss Hutton divorced dance director Charles O'Curran in Las Vegas Feb. 21 and also won a California interlocutory decree last July 1. Both California decrees would not become final until a year after they were granted.

Miss Hutton had been married to O'Curran for three years and before that was the wife of Ted Briskin, camera manufacturer.

William H. Oley, son-in-law of Mr. and Mrs. Bernard Wines-torfer, 462 Sioux St., was one of a group of Foreign Operations Administration officials who greeted Vice President Nixon during his recent visit to the Honduras. Oley, husband of the former Marie Wines-torfer of Winona, is third from left with the Vice President at the extreme right. Discussed was the Honduras educational problem.

## BEDTIME STORIES

By HOWARD GARIS

While Uncle Wiggly waited in his hollow stump bungalow to have Pat Butter horn some snow paths, Aunt Lettie, in the home of the grocery store goat, was very busy. She had promised to pull Mr. Butter out from where he was stuck, head first, in the front door snow drift, and now she was going to carry out her promise and her idea.

Aunt Lettie hurried to the kitchen, where, also, in stationary tubs, she did the family washing every week. The lady goat took down from a nail a coil of clothes line. With this rope she ran to where Pat Butter's hind paws stuck straight out of the front door snow drift. That was all of the goat gentleman that stuck out of the snow—just his hind paws.

"Now, please keep very still, Pat," bleated the goat lady. "Don't kick when you feel me fastening the rope around your hind legs."

"I shall keep still and not kick," promised Mr. Butter. "But if you couldn't pull me out of this drift with your own paws, I don't see how else you can do it."

"Didn't I tell you I had a fine idea?" asked Aunt Lettie.

"Yes, you did," answered the goat to his wife. Mr. Butter could not speak very plainly as his head was inside a snow drift. But Aunt Lettie knew what he was saying. She made a noise in the clothes line and put it over the hind legs of her husband.

"What are you doing?" bleated Mr. Butter. "I can't see you but I can feel you. What are you doing?"

"I am putting a sort of lasso around your hind legs, Pat."

"But that won't do any good. If you pull on the lasso rope clothes line, you won't be any stronger than when you pulled with your paws."

"Oh, yes. I shall be much stronger!" bleated Aunt Lettie. "That is where my new idea comes in."

"What is your new idea?" Mr. Butter wanted to know.

"You shall find out in a few minutes, Pat. Just be patient. Don't wiggle your hind legs. I am putting on the lasso loop now. There! It's on! Now for my big idea!"

Carrying the loose end of the clothes line, Aunt Lettie started for her kitchen laundry.

"Hi there! Don't run away and leave me all alone stuck in this snow drift!" bleated Mr. Butter.

"I am not running away," answered Aunt Lettie. "I am just going to help pull you out of the drift."

"But how? Tell me how!" bleated the grocery store goat.

"This is my big idea!" explained Aunt Lettie. "I am going to fasten the loose end of the clothes line rope in my stationary wash tub wringer. The wringer is very strong. When the end of the rope is between the rubber rollers, and I start turning the handle, the rope will go through the wringer rollers like a wet sheet. The wringer is very strong. It will pull you out of the drift!"

"Well, I hope your idea works!" bleated Mr. Butter in a low voice, for he was rather tired of being stuck in the drift. "Start wringing, please, Aunt Lettie!"

The goat lady put the free end of the rope between the rubber rollers of the wringer.

### Advice on Health

## One Type Of Baldness Helped

By H. N. BUNDESEN, M.D.

While there isn't much doctors can do to help you recover from senile or premature baldness, they can be of great aid if your baldness is of the type known as alopecia areata.

This type of baldness begins suddenly, with patches of hair here and there disappearing rapidly, leaving complete bald spots. Usually these patches are round or oval-shaped.

### Many Parts Involved

Most often, alopecia areata develops on your scalp, but it may involve your eyebrows, eyelashes, beard or other parts of your body. The skin on the bald spot appears normal, but the hair surrounding it is loose and falls out easily. Occasionally you may feel some burning or itching, but this is unusual.

Alopecia areata may occur in persons of any age, and, here again, baldness puzzles us. We don't know the cause of alopecia areata.

However, we suspect that organic disturbances, infections and diseases of the nervous system might be predisposing causes. Emotional conflict, lack of teeth or even impacted wisdom teeth might be factors.

The chances of regrowing hair to cover the bald patches are excellent.

ACTH and cortisone are usually helpful in causing regrowth of hair in such cases. Even blood transfusions have been reported helpful in some instances.

### Painting Bald Spots

Ordinarily, doctors may use weak carbolic acid solution to paint the bald spots once a week. Alcohol is used to neutralize the acid as soon as the skin turns white. This causes the blood to flow into the area. It also results in soreness, and probably will make the skin peel. More important, though, it certainly appears to stimulate hair growth in many instances.

These treatments, of course,

should be conducted by your doctor. Don't try to do them yourself. And don't expect overnight miracles.

Regrowth of the hair is slow. The first hairs to come in again are thin, and generally white. Gradually, these are replaced by stronger hairs of normal color. In some instances, however, the color never does return.

This regrowing process may stop at any stage, although it is frequently completed. In general, the outlook for return of the normal texture and coloring of your hair is pretty good.

Tomorrow, I'll discuss other types of baldness and what you can do about them.

**QUESTION AND ANSWER**  
Mrs. A.H.R.: My husband has spurs on his heels. Is surgery necessary?

Answer: Treatment for spurs often involves surgery. However, a careful study by an orthopedic specialist would be advisable.

## Faure Government Wins on Budget Issue

PARIS (AP)—Premier Edgar Faure's government has won its first parliamentary battle—a budget issue involving limited pay increases for government employees and retired civil servants.

The National Assembly approved the budget article 322-342 last night after Faure warned his two-week-old cabinet would resign if defeated. The Assembly turned down the same measure when it was first presented by former Premier Pierre Mendes-France.

The article calls for a yearly raise equivalent to \$25.71 for civil and military personnel, both active and retired.

## Divorce Always Stuffy?

OMAHA (AP)—Dist. Judge Herbert Rhoades led the couple into his chambers for an informal divorce suit hearing.

The husband looked around, commented, "Say, will you open a window. It's stuffy in here."

The judge frowned.

The husband persisted: "It's an informal hearing isn't it?"

The judge marched back to the courtroom, declaring, "We'll have a formal hearing!"

## SPORTS Sidelight BY RALPH REEVE

NOTE: Winning the Region Six Catholic Tournament and participating in the State Catholic Tournament was quite a boost for members of the Wabasha St. Felix Yellowjackets basketball team. The Sidelighter asked Dave Busch, senior at St. Felix and Yellowjackets sports publicity man, to do a guest column after the tournament was over. His anecdotes and impressions follow. From reading it, you'll agree that Mr. Busch will be quite a sports writer some day if he decides to make the newspaper game his vocation. To Dave, the Sidelighter says "Thanks" for a column-writing holiday.

### Finishing Touches

The Yellowjackets journeyed to the State Catholic High School Tournament for the first time in three years last weekend and they really liked it. This trip put the finishing touches on the 1954-55 basketball season for the Yellowjackets in which they had a 11-8 record including tournament play.

Dick Harano, the Yellowjackets' basketball captain said, "When we were sophomores, we all decided that one of the three years that we were on the first ten, we would go to the state tournament."

Dick Balow, another senior, had this to say about the trip, "I never knew what a state tournament was like until this year. The teams that don't go to it surely are missing a lot of fun."

The Yellowjackets arrived in the Twin Cities about 10 o'clock Friday morning and shortly after were assigned to the newest rooms in the new Hotel Capri in downtown St. Paul. At 11 o'clock a press conference, followed by a banquet sponsored by the St. Paul Knights of Columbus, was held at the Lowrey Hotel.

At the banquet all of the coaches and captains were introduced. Each captain was given a rosary to give to each of his teammates.

### 'Let 'er Go'

In an interview Ken Kalbrenner, coach at St. Felix for the past 26 years, was asked how he kept from getting ulcers like so many coaches have.

Ken replied, "When I was just starting coaching, someone told me not to hold back when I got mad at someone on the playing floor. So from then on I just let 'er go when I didn't like something!"

The Yellowjackets didn't fare so well as far as wins go, but they did receive the Sportsmanship trophy, which is awarded to the team that shows the best sportsmanship throughout the tournament.

"It's hard to be a good sport when things go against you," said one of the faculty, "and we are really proud that our boys were named the best sports, and that they could accept defeat as well as victory with grace."

After being defeated by Lourdes in the consolation round of the tournament, Kalbrenner stated, "I feel as if we have just played the team that should be playing De La Salle for the championship. Before the tournament I would have bet my money on Lourdes and De La Salle to be the teams in the final round of this tournament. If Lourdes wouldn't have been so cold against St. John's, they would be there too."

Playing two top teams like De La Salle and Lourdes makes for a pretty tired bunch of kids. Wayne Pinsonneault, St. Felix's top scorer for the season, flopped on his bed after the game and said, "I've never been so pooped in all my life," and all of the Yellowjackets felt pretty much the same way.

### Pete Wanted to Sleep

But it wasn't all work and no play at the tournament. The Yellowjackets met a lot of new friends during their stay in the Cities.

Pete Ochsen said when he arrived in his room one night, "Who said this was the room for everybody to hold their gab sessions in? Scram, I'm going to bed!"

Eight lanky boys from about four different schools lumbered out to let Pete get some sleep.

It was great for the boys of St. Felix. "Just what we needed to make the season complete," stated Kalbrenner.

"Just going to the state did the boys a lot of good, and I am sure they will always remember it as the high spot of their basketball career."

These Yellowjackets returned home a happy bunch of boys Sunday with a trophy and a lot of basketball fun behind them. This completes high school basketball for five seniors who were also the starting five players most of the season. They are Dick Harano, Pete Ochsen, George Lamey, Dick Balow and Wayne Pinsonneault.

We at St. Felix are proud of all of them.

### Bob Cousy Appreciative

By THE ASSOCIATED PRESS

Bob Cousy of the Boston Celtics is an appreciative basketball player.

Named as the outstanding pro player Tuesday by New York sportswriters, Cousy said "thank you" Tuesday night the best way he could—by scoring lots of points.

The 6-1 Boston backcourt ace scored 40, enough to enable the Celtics to cool off the Philadelphia Warriors, 112-103, in the first half of a National Basketball Assn. doubleheader at White Plains, N.Y.

The defeat just about crushed any hopes the Warriors had for an eastern division playoff berth. With four games remaining, they're three games behind Boston and three and a half behind the New York Knickerbockers.

Coming from behind, the Knicks kept pace with Boston by defeat-

### Macias Fights Songkitrat in San Francisco

By THE ASSOCIATED PRESS

SA FRANCISCO (AP)—Raul Macias of Mexico, the No. 1 contender, and Chamrern Songkitrat of Thailand, rated the No. 2 boy, battle at the Cow Palace tonight for the world bantamweight boxing championship.

California has refused to give title status to the bout, but the National Boxing Assn. will present a championship belt to the winner.

The match has been out from the usual 15 rounds to 12 by the State Athletic Commission.

ing Rochester, 99-96, in the second game.

Jim Baechtold, who scored 22 points, led a Knickerbocker surge that overcame a 37-32 deficit in the last three minutes. Bob Davies scored 20 for the Royals.

## LaSalle Wins Opener in NCAA Meet

### San Francisco Defeats West Texas

By SHELDON SAKOWITZ

The Associated Press

LaSalle, the defending champion, and San Francisco, the No. 1 team in the Associated Press poll, are off winging in the NCAA basketball Tournament. They won decisively over West Virginia and West Texas, respectively, in first round games last night.

They were joined in the second round by Canisius, Villanova, Marquette, Penn State, Bradley and Seattle, who in turn eliminated Williams, Duke, Miami of Ohio, Memphis State, Oklahoma City and Idaho State.

The eight winning teams along with eight others, who received first-round byes, play next in Philadelphia: Evanston, Ill., Manhattan, Kan., and Corvallis, Ore., the sites of the second-round games Friday. The winners come to grips Saturday to determine the four teams for the semifinals and final in Kansas City March 18 and 19.

Here's how the second round shapes up:

At Philadelphia—Ivy League champion (Princeton 12-10) or Columbia (17-7) vs. LaSalle (23-4) and Canisius (17-6) vs. Villanova (17-6).

At Evanston—Kentucky (22-2), Southeastern Conference champion, vs. Marquette (23-2) and Iowa (17-4). Big Ten champion, vs. Penn State (18-8).

At Manhattan—Southern Methodist (16-7), Southwest Conference champion, vs. Bradley (8-19) and Colorado (16-5), Big Seven champion, vs. Tulsa (20-6), selected to represent the Missouri Valley after finishing in a tie for first place with St. Louis.

At Corvallis—Oregon State (21-7), Pacific Coast Conference champion, vs. Seattle (22-5) and Utah (23-3). Skyline Conference champion, vs. San Francisco (24-1).

The Ivy League title, which wound up in a three-way deadlock, will be determined tonight when Columbia faces Princeton in New Brunswick, N.J.

LaSalle's Explorers eliminated West Virginia, the Southern Conference champions, 95-61 in the windup of a Madison Square Garden triple-header in New York.

Earlier, Canisius downed Williams 73-60 and Villanova outlasted Duke, the Atlantic Coast Conference representative, 74-73.

In a Lexington, Ky., double-header, Marquette was extended into overtime before subduing stubborn Miami of Ohio, the Mid-American Conference kingly, 90-79. Penn State withstood a late rally to dispose of Memphis State 59-55.

All America Bill Russell collected 29 points in 29 minutes as the San Francisco Dons coasted to an 89-66 victory in the second game of a twin bill at San Francisco. In the opener, Seattle spurted in the second half to thrash Idaho State, the Rocky Mountain titleholder, 80-63.

At El Reno, Okla., Bradley turned back Oklahoma City 69-65 in a battle between two all-league entries.

With All America Tom Gola providing the impetus, LaSalle set an NCAA Tournament scoring record of 95 points in a single game. The Explorers held the previous mark of 92, which they set in last year's final against Bradley. Gola scored 24.

Eveleth Jr. College Team Wins in Tourney

HUTCHINSON, Kan. (AP)—Two of the nation's high scoring junior college basketball teams met Tuesday night with Hannibal-LaGrange of Hannibal, Mo., taking a 100-86 National Junior College Athletic Assn. tournament victory over Tyler, Texas.

Hannibal's impressive first round victory over the Texans tags it as the title favorite.

Results of other first round games included Eveleth, Minn., 61-59, over Graceland College, La-Moni, Iowa, in double overtime.

CANTON'S RAIDERS... Members of Coach Horace Olson's, standing, left, Canton Raiders basketball team who defeated Caledonia 54-49 in the east division finals of District One Tuesday night at Caledonia were a happy group after the game. Canton, by winning east division honors, gains the District One Tournament finals which will be held Friday night at Mayo Civic Auditorium, Rochester. (Daily News Sports photo)

## Canton, Wykoff in Finals

By RALPH REEVE

Daily News Sports Editor

Canton's sharpshooters and Wykoff's buzz-saw basketbaskets advanced to the finals of the District One playdowns by winning in the last round of east and west division eliminations Tuesday night.

Canton fought an uphill battle that was climaxed with a 19-point fourth period and a 54-49 victory over Caledonia's Cyclones in the east division finals at Caledonia.

Wykoff's conference co-champions, improving as the season ages, spilled co-champion Chaffield 77-56 in the west division feature game at Spring Valley.

Wykoff and Canton meet Friday night at Mayo Civic Auditorium, Rochester, in the championship game at 9 p.m. Winner will advance to the Region One Tournament next week.

A consolation game between Caledonia and Chaffield will start at 7:45 p.m. Details of Tuesday's games follow.

EAST DIVISION

Canton overcame two Caledonia sports in a nip-and-tuck battle of zone defenses and outside shooting.

Caledonia flashed to a 6-0 lead the first minute of play when hard-working Bob Lonkoski scored a pair of field goals and Dave Rupp hit two free shots.

Coach Jim Richardson's Cyclones made it 8-1 before Gordy Johannsen of Canton closed it to 8-4 on free throws. It was 14-9 and 24-19 at the end of the first and second periods with Caledonia holding the advantage.

The game was featured by the individual scoring brilliance of Canton's Johannsen and Caledonia's Lonkoski. Johannsen, one of the top scorers in District One, tallied 25 points and hit 11 free throws in the process.

Most of his scoring came on outside set or jump shots. Johannsen, along with clutch-shooting guard

Tommy Truman sparked Canton's second half rally.

Lonkoski, a whirlwind dervish with a deadly long set shot and rapid-fire driving talent, collected 10 field goals and two free throws for 22 points.

Canton, smaller than Caledonia, but boasting five poised marksmen, never lost sight of its objective although Caledonia at times threatened to win going away.

From the 14-9 first period margin Caledonia upped the count to 18-11 on outside shots by Rupp and Walt Gensmer. Truman and Johannsen countered for an 18-15 score and it alternated back and forth until two free throws by Gensmer at the end of the half gave Caledonia its 24-19 intermission margin.

Johannsen and Hubert Vannatter closed the count to 24-23 at the outset of the second half, the narrowest point differential up to that time.

Caledonia, however, went to work and scored nine straight points for a 33-23 lead, its largest margin of the game.

Lonkoski's long shot, a short one by Bob Bunge, Lonkoski again on a fast break and Rupp's three-point put Caledonia up by 10.

Canton's Bob Pierce closed it to 33-25 and teammate Truman counted eight points with only three Caledonia free throws offered in retaliation to make it 36-33. Gary Flatten's hook shot and Johannsen's corner jump ended the period with Caledonia on top 38-35.

Canton took the lead in the fourth period on Pierce's set shot and another from the corner by Johannsen, 39-38. Gensmer hit two free throws for a brief 40-39 Caledonia lead. Johannsen retaliated in kind and Vannatter's jump shot put Canton ahead to stay 43-40.

In the consolation game Houston beat Rushford 57-54 with 23 players participating. Rushford's Jim Swenson tallied 21 for the losers and Gordon Quale hit 16. Ed Lonkoski with 13 and LeRoy Carlson with 10 were Houston's top scorers.

Eleven Houston players shared in the scoring.

WEST DIVISION

SPRING VALLEY, Minn.—Wykoff jumped to a 26-14 first quarter lead and after even scoring the second and third periods closed with a 20-12 fourth period advantage against Chaffield.

Ron Eickhoff tallied 24. Barry Schroeder 19 and Ken Nash 18 for Chaffield.

Bill Harwood, conference scoring champion, got 22 points. Dave Finstuen 18 and Ron Olness 10 for Chaffield.

In the west division consolation, Spring Valley outscored Harmony 23-7 in the fourth period to come from 12 points behind and win 74-68. Dan Schafer with 19 and Jim Sheldon and Gene Conway with 17 apiece topped Spring Valley which shot 43 per cent.

Honors for the night, however, went to Harmony's Elton Siskink who got 35 points on 10 goals and 11 gifts. Ed Jerson added 10.

### ST. JAMES BOWS

## Region Two Cage Champs Beaten

By THE ASSOCIATED PRESS

St. James today held doubtful honors as first of the eight 1954 finalists to be knocked out of this year's play in the Minnesota High School Basketball Tournament.

The Jimmies were edged by Garden City, 43-41, Tuesday night as play got under way in District 6 at Mankato. The loss threw the Region 2 race wide open as five other defending champions passed their first round tests.

Austin opened its bid for a repeat in Region 1 with its 16th straight victory, 70-64, over Albert Lea. Renville, the Region 3 defender, ousted Glencoe, 64-58, in the District 12 opening.

Red Wing staged a 59-35 run-away from North St. Paul in District 14 and hits the semifinals in defense of its Region 4 crown.

Willmar also coasted through its opener in Region 5 with a top-heavy 75-25 decision against Grove City and Bemidji ran up a 66-38 count against Boy River on the

way to another engagement atop Region 8.

Kennedy switched the spotlight onto District 32 by wrapping up its 24th straight triumph, 76-42 over Warroad, and Cokato had 21 in a row after downing Brocton, 92-57, in District 20.

Tuesday night's results:

DISTRICT 1—Canton 54, Caledonia 49.

DISTRICT 2—Sleepy Eye 65, Franklin 51.

DISTRICT 3—St. Cloud 55, Gribben 41.

DISTRICT 4—Austin 70, Albert Lea 64.

DISTRICT 5—Houston 57, Cannon Falls 37.

DISTRICT 6—Garden City 43, St. James 41.

DISTRICT 7—Mankato 63, Mapleton 40.

DISTRICT 8—St. Cloud 55, Gribben 41.

DISTRICT 9—St. Cloud 55, Gribben 41.

## DENNIS THE MENACE

PLENTY HAPPENED TODAY! I HAD TO STAND IN THE CORNER FOR AN HOUR AND NOW WE GOTTA GET NEW WALLPAPER!

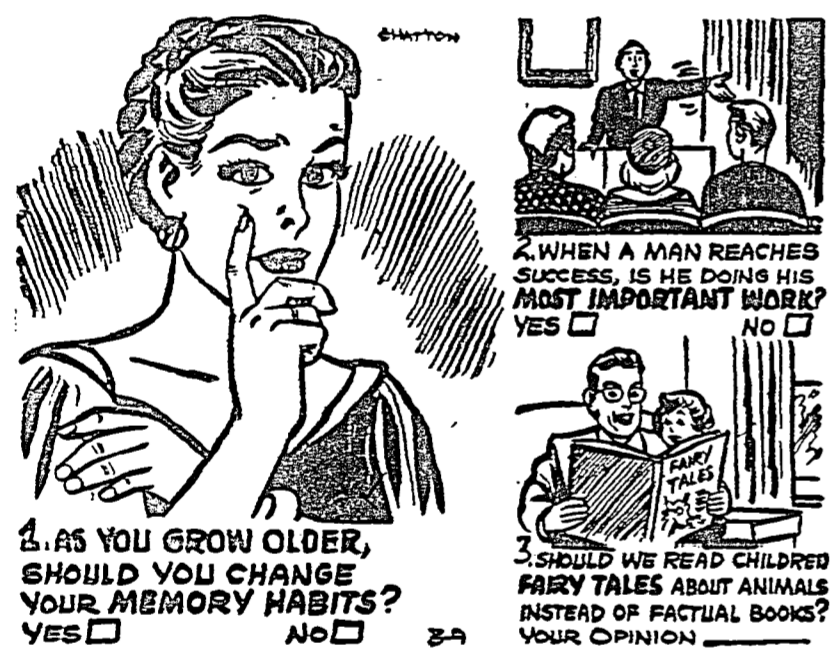

## LAFF-A-DAY

I've faithfully kept a neighbor's secret for two months—and I believe I've strained something inside.

## LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGAM, D. S.

## Answer to Question No. 1

1. Yes. Psychologist Fernberger says you must select more carefully what you want to remember and overlook it. Your memory is as good as ever in old age, but you can't learn as fast. Memory is merely learning. If you haven't learned a fact, name, or fact, you can't remember it. Our booklet, "How to Improve Your Memory," will help. Nonprofit, 15c (coin only) plus self-addressed, stamped envelope. Send to Dr. A. E. Wiggam, care of The Winona Daily News.

## Answer to Question No. 2

2. George Arliss said, "We often say a man's top achievements are his most important work. His most important work was in the years of preparation before he was ever heard of." True. I wrote my first magazine article at 48. It went into many languages and later into a best-seller book. But I'd been 48 years getting ready to write that article.

## Answer to Question No. 3

3. Certainly a fair amount of both.

I think fairy tales help children feel they are akin to all God's creatures. It's pleasant even for us oldsters to read about Br'er Rabbit, Mr. Toad, etc. We enjoy movies about Donald Duck and his uncle—although Dr. Weston LaBarre says in "The Human Animal" that animals don't have families and ducks don't have uncles. I doubt that man can be happy without illusions.

## THE GRAB BAG

## THE ANSWER, QUICK!

1. How did Albert I., popular king of the Belgians in World War I, lose his life?  
2. What is a truckle bed?  
3. About how many slaves were freed by President Lincoln's Emancipation Proclamation?  
4. What is the next line after, "Hail to thee, blithe spirit!"  
5. What was the author Voltaire's real name?

## HOW'D YOU MAKE OUT?

1. He was killed by falling from a cliff overlooking the river Meuse while mountain climbing.  
2. A low bed on wheels, that may be pushed under another bed.  
3. Some 3,120,000.  
4. "Bird thou never were," from Percy Bysshe Shelley's "To a Skylark."  
5. Francois Marie Arouet.

About 2½ tons of diamonds are mined annually, about 90 per cent of which are sent to the United States.

## FAIRLY SPOKEN

By MARGARET LATROBE

If you read in the paper some morning that Marilyn Monroe is enrolling in a heavy schedule at night school, don't rush out for new spectacles. It could happen. There is a bundle of studio money tied up in this screen star, and Miss Monroe's advisers aren't going to chance a downward dip in the curve of her popularity. Even if it takes a correspondence course to do it.

According to news from London town, the crew of Her Majesty's submarine Scythian have removed the calendar girl's photo from its resting place near the torpedoes, and substituted the likeness of one Bathing Bessie Bradstock, 56-year-old lady M.P., who tips the scales at an estimated 14-stone, and who ain't exactly photogenic.

But brains she has, and that's the trend being followed by the Royal Navy in their feminine pin-ups.

Tell it's enough to give all Hollywood the goose flesh, and maybe even J. Arthur Rank as well. Mr. Rank, widely known British film producer, is no more likely to overlook this horrifying preference for brains over beauty than is Miss Marilyn's own studio.

If the blonde dolly could, however, show up in June at some college commencement, modestly covered in scholar's robe and mortar board, with a 14-carat Phi Beta Kappa key dangling from her charm bracelet—then Bessie Bradstock might have worries not connected with the floor of Commons.

Hollywood is patient and long-suffering about many things—but not the box office. Honey, if a pitch is box office it's a good pitch. If it isn't stampeding the ticket sales, it's a wrongo no matter how good it is—right? They have future lives all cut out for young starlets, and Heaven help the

## Milwaukee Wins Fluoridation Case

MADISON, Wis. (AP)—The city of Milwaukee's right to fluoridate its public water was upheld by the Wisconsin Supreme Court Tuesday.

The high court ruled against Edward J. Froncek and six other persons who fought a City Council action.

In holding in favor of the city, the Supreme Court affirmed a decision by Circuit Judge Ronald J. Dreschler, who had denied Froncek's request for a restraining order to prevent the city from expending money for fluoridation.

The lower court's decision was handed down July 16, 1952.

## Quake Rattles Formosa

TAIPEI, Formosa (AP)—Buildings shuddered, windows rattled and light fixtures swayed in an earthquake today. The quake was brief, sharp and strong but not quite enough to damage property.

About 36,500 U.S. people were killed in motor vehicle accidents in 1954, nearly 2,000 fewer than in 1953.
