Primary Club Entertains at Dutch Party

The Primary Club entertained the faculty and students of the College at a Dutch party Saturday evening.

The decorations, entertainment and refreshments were all in keeping with the Dutch scheme.

The lights in the ceiling were draped to give the effect of tulips. Large vases of Holland flowers covered the radiator at the end of the gymnasium, and unique figures, suggestive of Holland scenery, were used as decoration on the side. Large bouquets of red and yellow tulips occupied places at either extremity of the gymnasium.

In the receiving line were President and Mrs. G. E. Maxwell, Mr. and Mrs. Simmons, Miss Bernie Jensen, president of the club, and other officers. A delightful program was given which consisted of dancing by Miss Louise Irons and Dutch dances by the Misses Mary Jo Holbert, Mildred Adler, Dolores Heiseman, Bertha Enz, Alice Donahue, Ann Popovitch, Frances Giese, Esther Tillisch, and Catha Walker.

The remainder of the evening was spent in dancing to music furnished by Earl Wood's orchestra.

The refreshments which were in keeping with the program and decorations were served by young women in Dutch costume, each wearing a wooden yoke from which baskets were suspended by ribbons.

Miss Margaret Curtis had charge of all the arrangements of the party. She was assisted by the following committee: decoration committee, consisting of the Misses Helen Weiberg, chairman, Rosemary White, Nola Williams, Marian Cranfield, Alice Fillmore, Mildred Adler, Esther Hall and Doris Stanz; refreshment committee consisting of the Misses Elma Miller, chairman, Hazel Hagen, Bertha Enz, Emery Simon, and Eva Jeske; clean-up committee consisting of the Misses Linda Clappier and Mary Lynch assisted by the members of the committee.

The party was a splendid success and a delightful evening was enjoyed by all.

COLLEGE TRACKSTERS BEGIN WORK

The Winona Teachers College tracksters had their first work-out of the season on March 22 under the direction of Coach Habermann.

The Winona Teachers will be hosts again this year to high school track teams in this section of the country and a part of Wisconsin in the ninth annual Southeastern Minnesota track meet on May 8, it was announced by Coach Habermann.

While the high school teams are competing on the college track the Teachers team will be competing at the Hamline relays. Last year in the same was the same with the college team entered at Hamline while the high school met was in progress at Winona.

The Teachers will also enter the second annual track meet of the southern division of the Little Ten Conference at Rochester on May 22. Last year that meet was held on the local college field, on May 16. A dual meet between the

WHAT IS MEANT BY CRITICISM?

Criticism is the art of judging and defining the merits of a literary or artistic work. Does this mean to point out only the undesirable qualities? Too often this is the viewpoint taken by individuals. However defining the merits means considering the worth or excellence of the work.

Who then is qualified to give criticism? As the person to pass judgment must point out where the work succeeds and fails, he must have full knowledge of the subject. Then, he must have the sense of judging his own abilities. Nothing in our world is perfect but all things can work for the aim of highest perfection which is possible for them to attain. Parents are many times not given gratitude for their criticism. Berauger says, "He who remembers the benefits of his parents, is too much occupied with his recollections to remember their faults." Each individual must remember their faults.

May we then fully appreciate criticism for our benefit? We gasp! But if someone last fall had said, "Ask yourself at the end of the day, have I been a little more efficient to-day, because my thinking has been more orderly and complete? Is my thinking muddled or is it clear-cut? Perhaps a serious inventory of my brain boxes would reveal startling facts. One person says, "Add a new word to your vocabulary every day." We gasp! But if someone last fall had said, "Learn a new Charleston step a day," we might not have considered that impossible. Why is it that when it comes to mental improvement we cannot catch a spark, or thrill with the fire of enthusiasm for a mere whirl of negro dance step, how is it that you have not even a fragmentary buzz of the mental tag to break the monotony of an animal existence, when it comes to the glorious command of the superior mind, quick, alert mental processes. As Spartacus says, "If ye be beasts, Then stand there like the fat oxen waiting for the butcher's knife. If ye are men, follow me!" So might we rise up and sing the battle cry of the new regime of perfect thinkers.

SECRETARY'S LEDGER

The animal plaster casts for the kindergarten, which were bought with the Christmas gift sent by Ella Mann, a graduate of twenty-five, are on exhibition in the case near the kindergarten room. The size of the cast makes them especially suited for the work in the kindergarten, because they are small enough to be used as models for work with clay. As children cannot mould and shape more than a small quantity of clay at a time, these casts stimulate their work with this material, and are a delight to them.

The Kindergarten Mother's Club of the Phelps school held its regular monthly meeting on Tuesday, March 27, with Mrs. Ernest Shepard presiding. After the reading of the minutes, Mrs. Ward Lucas, Chairman of the Current Events Committee, gave a brief discussion of the recent conference of the Parental Training held in Chicago, March 4, 5, and 6. Mrs. Shepard distributed literature sent to the Club by the State Parent-Teacher's Association, of which Mrs. Shepard is a member. A delightful address was then given by Miss Theda Galdemester on, "What Is Our Philosophy of Living?" Much appreciation of this inspirational talk was expressed by the members of the club and their guests, mothers of the first and second grade. The meeting closed with the serving of refreshments and a social hour.

Women are known by the company they are with. The Winona Range Club has received word from St. Cloud that they are organizing a similar club. They wrote and inquired about the Winona Range Club. It is being considered that the two clubs be organized as sister organization with the same constitution and rules. It would then be possible for both clubs to carry their plans on the Range as one organization.

He has been around lots but they were all cow lots.

Who's Who and Why

On Monday, March 1, the West Lodge girls had a farewell party for their president, Tora Olson who was graduated last term. The color of old Erin was used in the decorations, and the stunts and games also suggested flashes from the Emerald Isle. Miss Olson was presented with a framed motto from the girls of the dormitory.

Mr. H. Hale Berdan of Albert Lea was in Winona over the week-end, visiting his sister, Miss Bernie Berdan.

West Lodge has added two girls to its family. Miss Celia Svee, and Mrs. Ruby Hoffman have moved into Room 3, which was vacated by Tora Olson and Margaret Hanson.

Miss Grannis was called home by the sudden illness of her mother. At present she is somewhat improved.

North Lodge girls enjoyed a party Saturday evening. "Hearts" was the principle form of amusement. Delicious refreshments were served. A "Pink and White" surprise party was given by seven of the North Lodge girls in honor of Miss Marian Crudall. The real reason has not been published — we are all guessing.

Helen Falk has returned to her home and is expecting to enter the University.
ENCHANTING EASTER FOOTWEAR MODES

Charming styles that exemplify the graciousness of eternal youth, the everlasting magic of Springtime. Carried in Sizes AA to D and Wider Widths.

Many at $1.98, $2.98 a few at $3.90

WE INVITE YOU TO TRY OUR

Wonder Hosiery

Pure Thread Silk $1.49
Silk Sheet All $0.98
Silk Chiffon $1.49

New Parchment Kid, Oxford, Alligator Trim $5.85
Wonderful Men's Oxfords $4.00 and $5.00

Delightful spring footwear modes developed by the world's finest makers — sold to you at these amazingly low prices, made possible only through our immense buying power of 40 stores.

**ILLUSTRATED LECTURE ON "THE LAND OF THE MID-NIGHT SUN"**

Last Thursday evening an illustrated lecture on Norway was given by Mr. Blessum. The illustrations consisted of beautifully colored slides and three reels of motion pictures. The slides showed in natural colors many outstanding places and buildings. The motion pictures gave us an idea of what the tourist sees while on board a ship sailing from Bergen to North Cape. Many of the slides and parts of the motion pictures were taken during the night by the light of the "Mid-night Sun" which could be seen hanging low over the horizon. Throughout the showing of the pictures Mr. Blessum gave an enjoyable and interesting talk about the customs, industries and physiography of Norway.
