Concert Band leaves on its first spring tour

WSC's College Band left Mon-
day, March 6, for a 10-day tour and is travelling to four states to present concerts at four colleges, three high schools, and one junior high school.

Upon returning to Winona, the concert band will present a con-
cert on Monday, March 6, in Somsen Auditorium at 8 p.m. No advance tickets will be sold, and the concert is open free to the public.

UNDER THE DIRECTION of William Schmid, instructor of music at WSC, the concert band gave its first performance Mon-
day evening at St. Joseph's Col-
lege, Rochester, Ind.

In Illinois, concerts were pre-
tated Tuesday morning at Lake Park High School in Roselle, and that afternoon at Elgin Junior High School in Elgin.

On Wednesday evening mem-
bers played for the Wisconsin State University at Stevens Point, Wis.

THE LAST three performances are in the St. Paul area, with one at Hamline University on Thursday morning on its first spring tour and the other on Friday night. The Winona State musicians will per-
form at Mounds View High School, Mounds View, on Friday evening.

In the afternoon, the last con-
cert of the tour will be presented at St. Paul Park High School in St. Paul Park.

Music for the program comes from a variety of selections including Aaron Copland's "Vari-
ations on a Shaker Melody" and "Pictures at an Exhibition" by Moussorgsky.

OTHER SELECTIONS are: "Cannona" by Peter Meinin; "Symphonic Suite" by Clifton Williams; "The Sound of Music" by Richard Rodgers; "Military Symphony in F" by Franzois Gossez; "Sea Songs" by Vaughan Williams; and "Dumzun de Founten" by Haydn Bertinis.

Band members will be wear-
ing their new uniforms for the
concerts on tour as well as the home concert on March 12.

The uniforms are navy blue with white braided trim so that they are convertible for wear in outdoor concerts and parades.

BAND MEMBERS who are on tour include:
Flutes: Mary Stauff, Faribault; Basset: Carmen Cunlin, Nash-
ua, Iowa; Flute: Linda Hemming; St. Charles; Barbara Jenso, Springdale; Alto Clarinet: Cheryl Miller, Plainfield.

Saxophones: Sue McCran, Trempealeau, Wis.; Carol Hal-
varson, Spring Grove; Sue Wol-
lin, Elkhart City, Indiana; Bari-
tone: Ricky Wood, Elgin; Jon And, Fountain City, Wis.

Bassoon: Sandra Stansfield, Mabel.

Oboe: Mary Stauff, Faribault.

"Symphonic Suite" by Clifton Williams; "Music for the Program" con-
cluded:

Part-time employment rises

A survey indicates that 63 per-
cent of the WSC students have part-time employment.

That's up from 56 percent five years ago, mainly because of a sharp percentage gain in the number of men working.

AVERAGE hourly earnings increased from $1.07 to $1.25, still below the federal minimum wage of $1.25.

The figures are based on a re-
turn of 42 of 2,300 question-
naires made by Blaine Robinson, a senior majoring in business ad-
ministration from Rochester. She is a student of Dr. Joseph Hoe-
gen, WSC president.

Five years ago 55 percent of the men were working; now it's 64 percent; and 60 percent of the women were working; now it's 58 percent.

FIFTH of the students were well-paid in either survey; many, in fact, were paid at or below the Federal minimum wage. Current-
ly, 63 percent of the employed students are working 10 hours per week currently and 18 hours earlier.

The average number of hours worked per week by employed students remained almost con-
stant over the five-year interval.

The average was 18 hours per week currently and 18 hours ear-
erlier.

The current average for women is 12 hours per week, and for men it's 18.

In both surveys, approximately 25 percent of all workers received no wages at all; 25 percent earned less than $1 an hour; 25 percent earned $1 per hour; 25 percent earned $1.25 per hour or less.

The average hourly wage for employed women is 6 cents, for men, $1.46; five years ago, it was 88 cents for women and $1.19 for men.

Then, the men receive an-
approximately 50 percent more than women.

FIVE OF THE STUDENTS were employed women is 98 cents, for men, $1.25 per hour; three-quarters of the WSC students have part-
time employment.

Six percent of the WSC students are well-paid in either survey; many, in fact, were paid at or below the Federal minimum wage. Current-
ly, 63 percent of the employed students are working 10 hours per week currently and 18 hours earlier.

**Editorial**

**SS elections requires students to participate**

Student Senate elections are nearing, and presumably prospective candidates are formulating their helpers and platforms in attempts to gain office.

If this Student Senate election goes the way that most have gone, most of the work will be needless. Last year, out of about 2,400 students, only around 190 bothered to vote, to voice their choice for those governing them.

Elections, however, the WINONAN has printed many letters to the editor commenting on the actions of the Student Senate or the actions of the senators in their roles.

The Student Senate is doing. Candidates have an ideal time to present their platforms and give their proposals for what they might offer.

**CHANCES ARE THAT candidates will conscientiously tell students how they feel on the issues on the campus. But will the students listen to them and then vote? Let's hope so.**

**Student questions blacklist**

Rumors have always had a tendency to fly around college campuses, and a recent one has reached our ears pertaining to a "blacklist" system theoretically employed by certain faculty members at WSC to prevent students from coursework that would be damaging to future, as well as blacken the name of our college.

TO THE EDITOR:

We have known of the possibility of a "blacklist" system on this campus remote but if such a system did exist here, would this student feels himself blackballed and the student role was made.

We feel that this was a true concern. Based on a concern that it would be indefensible. Discrimination against a student could very easily damage his future, as well as blacken the name of our college.

**We are confident** that this situation does not exist at WSC, and hope that it will never be instituted.

**SS announces third forum**

By J. M. Wierbba

A forum was held for special Senate meetings was held Feb. 23 at 4:15 p.m. but a call to order was not sounded until 45 minutes later. The reason for the delay was the difficulty in gathering a quorum.

A forum for a new local sorority, Kappa Theta Chi, was approved, and the motion concerned with the SS elections.

**L. Kanavati tells WSC to wake up**

Why are only a portion of the student organization's policies required to leave school each quarter? Who should carry out school's policies? These are only two of the pointed questions that the senate will ask at the forum on March 8 and require answers from the administration and faculty.

According to Louie Kanavati, president of SS and chairman of this scheduled forum, "The students must wake up and find answers to their duties and personal gripes.

THE FORUM WILL BE set in the Smog at 3 p.m. on Wednesday; the topics are academic probation and the student role on campus. All students are asked to attend, especially those with questions.

Kanavati stated that the senate does not intend to be polite; they will be pointing questions at the individuals in question.

TO THE EDITOR:

I WOULDN'T IT BE WUNDERBAR — to have our swimming pool open for swimming, not just for classes, but perhaps on an evening during the week and possibly on Saturday and Sunday afternoons for those who can participate, or perhaps for those who have time off. I devote special time every week to an organized sport.

I believe that some of our facilities should be open for non-collegiate activities, and WSC has in the past. How about it students? We participated in our Physical Education facilities were made available to you?

**The keen edge**

by Fredric Baranski

The Truth-in-journalism (or Lodi-of-liar) Department: Who says it's not possible to write stories that are easy to read, ecumenic-front-page installment of Beautiful People, ostensibly written by Dulce Berkman, was a genuine waste. Probably the most verifiably false statement in the article of the previous issue, and it was true that that statement was a series dating back to January.

Perhaps the one saving grace of all those questions was the obviously frivolous feminine abandon, "Her blue dress, blue hat, and lovely blue eyes fitted, description, little old lady, will." How does this look? Hopefully, this was the last mention of the only Saroyan play to be presented at Winona State. (Could's the space have been devoted more profitably to a lawer's topic — any Greek Week?) NEXT WEEK: "Bow of the Beautiful People Goes Legally."

I HAVE BEEN watching with some amusement the rampant sensationalism that has recently been infecting our once staid publication. Consider the headlines from just one issue: "Sena- tors attacks reporter;" "SS vetoes liquor, sex." Does WSC glorify?" "Aquatic life in Paster display" and "Wich La Travista going to perform without the ladies!"

Imagine future issues: "Faculty Secretly Undercover" — someone states the Sunday press; "Stu- dents Storm Sioux Fall" — the track team is practicing on first floor; again; "Student Senate Dian- ozed" — new advisors take over; "Charles Luni Strikes Back!" — miss bugs dog and strike back... WOULDNT IT BE WUNDERBAR...?"

Feeling tensed columns off

To the Editor:

Re: Joan M. Wierbba's head- line which read, "WSU vuelve liquen, sex," I don't think I have ever read anything so truly misleading in my life. Whether or not Miss Wierbba's question was a matter of little concern. Whoever wrote the story wrote 18 lines in Journalism in which one learns that, "a headline should always properly reflect the content and tone of the story, while eliminating the facts, inflecting opinion, and of course, should also be kept out of headlines."

Bonnie Feuling, Junior

**WSC 'circuit' every quarter**

To the Editor:

Congratulations to the persons who organized the pre-registration for the spring quarter the circuit race "circuit" gets better every quarter.

I considered myself lucky for it only took me 100 hours to draw a number and then another two hours to make use of that number. But other students were not so fortunate.

COULDN'T THERE be a better system?

Robert Benson, Junior

Psychology division offers more counseling services

by Kathy Gordenson

Psychology and Psychological Services is a division with a variety of functions. Under the chairmanship of Dr. George M. Christensen, it not only encompasses the federally supported Psychological Services Center, but its functions of teaching and counseling of college students. Five full-time and two part-time faculty make up the Department of Psychology which offers a psychology minor for the B.A. degree and a N.S. for high school counselors. Locally approved programs which will be instigated upon approval by the State College Board include a B.A. psychology major and a Master's degree in applied psychology. Five of the staff members divide their time between graduate and undergraduate teaching duties and serving as counselors for the student body.

To understand the rather limited extent of the college student oriented psychological services, it is necessary to understand the financial sources available. Through the State College Board, WSC is allotted a specific sum for expenses of administration and another sum for teaching expenses. The amount allotted depends on a student-teacher ratio determined by the State Legislature. All special services must then be financed at the expense of the budget for teachers and thus, in effect, involves student-teacher ratios.

By employing those who teach counseling to also do the counseling, the Psychology Department has partly overcome this drawback and is able to offer a program of counseling on an individual basis, some group counseling, and a limited amount of test-taking in such areas as achievement, personal interests, personality and vocational choice.

WORKING CLOSELY with the Hiawatha Mental Health Center and serving as screening for student referrals to the Center, WSC Psychological Services is able to partially take care of the needs of the college students. According to Dr. Christensen, any WSC student need only dial 132 for an appointment to discuss counseling with a counselor. The amount allotted depends on a student-teacher ratio.

CCC tournament now being held

A CCC Tournament (chess, cribbage, checkers) is being sponsored by Circle K on Feb. 27, March 3-4. Besides the chess and cribbage games, checkers is being added in the tournament play this year.

BEGINNING on Monday evening at 7, the cribbage contest started the tournament, and continues on Thursday at 7 p.m. with checkers. The tournament will end Friday afternoon at 4 p.m. with checkers. All events will be held in the Student Union.

A grand champion will be determined by the overall performance sections. Individual section winners will receive trophies as well as the division grand champion. Contestsants are asked to bring their own equipment.

Meisner sets records in WSC career finale

by Steve Johnson

Senior guard Dave Meisner poured in a career-high 39 points in his career finale against Winona State, but his efforts were not enough to help his team to victory as the Gophers dropped a 14-11 decision to the Huskies. Meisner's performance brought his season average to 21.1 points per game and his career average to 14.7. It was his seventh 30-point game of the season and 22nd of his career.

Meisner's performance was highlighted by a three-point shot from 31 feet out that fell as time expired, giving the Gophers hope for a comeback. However, it was not enough as Winona State pulled away in the closing minutes to secure the victory.

The Gophers finished the season with a record of 11-11, good for 3rd place in the Midwest Conference. Meisner's performance was his best of the season, as he averaged 21.1 points per game.

COACH GUNNER'S strongmen will repeat as champions in the tournament, which is attended by national powers.

The coaches of the seven teams will gather Friday evening to draw the individual pairings, with the preliminaries slated to begin at 9 a.m. Saturday. Consolation finals will be at 7 p.m., and the finals at 8:00.

To add a little color to the event, seven WSC girls have been picked to represent the teams, and the winning team will determine the queen.

SUE ZIMMERMAN will represent Bemidji, Sue Knudsen, Moorhead, Barb Beeman, Morris, Cloquet High, and Michigan Tech will be represented by Carol Kohner.

The regular league play has ended in the Intramural Basketball League, with the following six teams winning division championships: Mogul, Mogul, Mogul, Mogul, Mogul, and Mogul.

With six champions moving on to the Intramural Sports and Intramural Department for Men's, Women's, and Co-Ed Basketball, the Intramural Sports and Intramural Department for Men's, Women's, and Co-Ed Basketball will be decided at its final three minutes. Mike Jeresek and Dan Sladky hit back-to-back shots in the final three minutes to give the Warriors the win.

The Warrior wrestlers dropped five of the six matches against the University of Minnesota, winning only the 141-pound weight class. The loss was a 6-1 decision, but the Gophers had a pair of decisions at 133 and 138 respectively, followed by Roy Kibler's 6-4 win at 174.

The win at 141 pounds was the last for Meisner, who finished his career with a record of five wins and no losses. His defeat came at 167 pounds, but it didn't affect his overall record of 15-7.

COACH KIBLER'S eagles finished with a 5-7 NLC record, 15-9 overall.

WSC starts varsity tennis

A varsity tennis team is being set up by Mr. Marston, director of athletic activities, Mr. Scott Sprangers, Craig Thorton, and Rick Nelson.

This team will compete in the three area state leagues with teams such as Northland, La Crescent, St. Marys, and other NLC and MAIC schools. This will be a meeting for all who are interested on March 6, at 3 p.m. in Mr. Marston's office, 117 Memorial Hall. If there are any questions, contact any of the above persons.
