Deadlock Feared on Highway Funds

Leirfallom Raps 'Tax and Spend' Freeman Plan

Ex-Welfare Head
Attacks Governor's 3
Major Revenue Bills

ST. PAUL (P)—Gov. Freeman is suggesting a state financial program of "tax and spend, with strong political overtones," Jarle Leirfallom said here Wednesday night.

Brought under sharp attack were three of the governor's major revenue bills—the income withholding tax, the omnibus tax bill and omnibus fee measure.

"Much of the salesmanship for this program contains half truths," said Leirfallom, former state welfare commissioner under Republican governors and now executive secretary of the state GOP.

Main Points

Leirfallom made these points: The tobacco tax, excepting cigarettes, actually is a sales tax and the same applies to the beer levy, already highly taxed.

Taxing premiums on annuities is "simply an added tax for persons trying to save up for their old age."

The withholding bill will require everybody to pay 50 per cent more income taxes for the next two years and will cost more, in its alleged effort to catch chiselers, than present systems of checking returns.

Blanking of fees for services the state performs would cost salesmen, agents, shopkeepers, farmers, egg dealers, creameries, drugists and grocers an added \$3,250,000.

Sees Threat to Business

With respect to Freeman's recommended tax hike on iron ore, Leirfallom said that an interim study committee's report to this Legislature agreed there should be no such boost unless general taxes were increased.

"Punitive taxation of industry is a signal to businessmen that Minnesota is not a good place to locate, thus destroying jobs before they are created," Leirfallom said. "Set alongside the governor's campaign promises to encourage industry and business, this ore tax looks like political double talk and insincerity."

Leirfallom said Republicans were not unmindful that more revenue was needed for increased school aids, cost of living raises for state employees and welfare costs, among other activities.

"But," he concluded, "we want the people to hear more than half the truth. We want you to know that Gov. Freeman's program calls for more taxing and spending than is necessary or desirable."

Finnish Tanker Sailing Back to Red Rumania

HELSINKI, Finland (P)—The owners of the Finnish tanker Aruba today confirmed that the vessel is sailing back to Communist Rumania with her cargo of jet plane fuel originally earmarked for Red China.

"According to an agreement with the owners of the cargo of the tanker Aruba, the shipping company last Sunday ordered the ship to return to the port of departure because of obstacles which could prevent the completion of the journey," the Re-Be Shipping Co. announced.

The tanker picked up its load of 13,000 tons of high-grade kerosene at the Romanian Black Sea port of Constanta. It reached the Indian Ocean area before turning back.

Peiping radio complained in a broadcast, earlier today, that the ship had been forced to return to Constanta "as a result of Washington's highhandedness and intimidation."

The broadcast, heard in Tokyo, also accused Britain of "assisting this willful disruption of high seas traffic" by refusing bunkering facilities for the Aruba at Singapore.

The voyage of the Aruba aroused violent protest from U.S. congressmen. Jet fuel is one of the strategic items embargoed for shipment to Red China under a United Nations ban.

After the Chinese Nationalists on Formosa threatened to intercept the vessel, the Aruba's Finnish crew refused to sail the ship into "dangerous waters" beyond Singapore.

This Is A Part Of The Wreckage left after a 112-car Milwaukee Road freight train hurtled through an open switch and derailed 16 freight cars at Lake City Wednesday afternoon. Among the smashed cars, which shot through a bumper at the end of a 1,500 foot spur track, was a freight car loaded with dynamite. It narrowly missed three bulk gasoline storage tanks. Other smashed goods included several ears of the crumpled new farm machinery shown above. Tractors and

harvesting machines were tossed through the air like pebbles when the train plunged into the ground at the end of the spur line, coming to rest all about a blockwide area. One tractor above caught its front wheels on the side of an overturned flat car and hung precariously in mid-air. (Daily News photo; stories and pictures on Page 3)

Russia Asks Ban on Atomic Weapons

By STANLEY JOHNSON

MOSCOW (P)—Pravda said today Russia has made a new proposal for banning nuclear weapons, reduction of conventional arms and international inspection to ensure compliance.

The Communist party organ said the proposal was made to the five-nation U.N. disarmament subcommittee at the secret talks now being held in London.

As explained by Pravda, the plan largely parallels the proposal Russia put before the U.N. General Assembly last fall, except that it goes more fully into the disputed question of a control organ to guarantee that disarmament is carried out.

The plan calls for all nations to sign a convention agreeing to arms reductions in two stages:

1. A 50 per cent cut in conventional arms and destruction of all atomic, hydrogen and other "mass destruction" weapons within six months of the signing.

2. A second 50 per cent cut during the ensuing six-month period. The signers also would agree not to produce mass destruction weapons.

Pravda casually outlined the plan in an editorial denouncing alleged war mongering by President Eisenhower and Secretary of State Dulles.

The paper accused the Western Powers of using the London talks "as a screen for concealing an untrammelled arms drive and atomic war preparations."

Pravda said Russia's plan would call for a permanent international organ empowered to carry out inspections.

Thye Asks Freeman To Name Group For Refugee Relief

ST. PAUL (P)—Sen. Thye (R-Minn.) in a telegram to Gov. Freeman today asked for establishment of a statewide committee in support of the President's refugee relief program.

The wire said that appointment of such a committee "would be a constructive step that would continue the splendid work that was done by Gov. Youngdahl's committee in Minnesota several years ago in the resettlement of persons who came to this country under the displaced persons act."

"I urge that you name such a committee for Minnesota and I know that its work would find enthusiastic support among our church people of all faiths and among the many splendid citizens of Minnesota tracing their ancestry to parents or grandparents who found refuge and opportunity in our country."

Democrat in Favor Of Releasing Papers

LOS ANGELES (P)—Discussing with reporters the policy of releasing such documents as the Yalta papers, National Democratic Chairman Paul M. Butler said there are times when secrecy might be in the public interest.

"Why not release the Potsdam documents or the private notes of Gen. Eisenhower, or understandings he might have had with Russian generals in World War II?" Butler asked yesterday.

PAUL V. MC NUTT

Paul McNutt Dead at 63

NEW YORK (P)—Paul V. McNutt, 63, former governor of Indiana and ex-envoy to the Philippines, died here today.

McNutt, ill about six months, was flown home from Manila about two weeks ago, interrupting an around-the-world cruise with Mrs. McNutt.

Both his wife and his daughter, Louise, were with him when he died at his Fifth Ave. apartment about 8:30 a.m.

McNutt had not been active in public affairs in recent years but maintained his interest in Democratic party affairs.

His business interests were mainly in the insurance field and he was counsel to several international insurance agencies.

McNutt first came into national prominence in 1928 when chosen commander of the American Legion. From that springboard he went into politics, became governor of Indiana and a presidential aspirant.

During World War II McNutt served as federal security administrator, director of defense, health and welfare services and chairman of the War Manpower Commission. His services won him a Medal of Merit from President Harry S. Truman.

McNutt, who had been high commissioner to the Philippines in 1937-39 and again in 1945-46, was appointed first American ambassador after the islands gained their independence. It was he who hailed down the American flag at the independence ceremony in 1946. He held the ambassadorship for about a year, resigning in the spring of 1947.

New Blizzard Moving Out of North Dakota

By THE ASSOCIATED PRESS

Most of the storm-battered areas in the eastern half of the nation got a relief from wet and cold weather today but blizzards still whipped out of Montana and North Dakota eastward along the border to Minnesota.

Snow, with winds of 30 to 40 m.p.h., measured nearly a foot in Montana. The drifting snow blocked many country roads. Some schools in northwestern Montana were closed. It was one of the worst postwinter blizzards in three years. Snowfalls in northern Minnesota were around 2 to 3 inches.

The snow and below-zero readings extended across the northern border from northwestern Minnesota to the Rockies in Montana. Coldest spot early today was Cut Bank, Mont., with 8 below zero.

Didn't Know They Were Putting Out Squirrels, Says Ike

WASHINGTON (P)—It wasn't President Eisenhower who ordered the squirrels at the White House deported for marring his putting green; he entered a personal denial today.

"It's a funny thing, but I didn't know anything about it until I read about it in the paper," the President told New York financier Bernard M. Baruch.

Baruch visited with Eisenhower in the President's office and they stepped outside on the patio to pose for photographers.

"Where's the squirrel?" Baruch inquired with a laugh.

It was at that point that Eisenhower, laughing too, put in his disclaimer.

His allusion was to the story, which came out a week ago, that the squirrels were being exiled because they had been tampering with the practice green located just outside the chief executive's office.

Bernard M. Baruch, left, and Pres. Eisenhower enjoy a laugh as they look toward the President's putting green on the White House lawn during the elder statesman's visit today. Baruch had asked the President, "Where is that squirrel?" Earlier in the week, Sen. Richard Neuberger (D-Ore.), in a Senate speech, criticized the Chief Executive for "deporting" the squirrels for scratching up his putting green. (UP Telephoto)

George Calls for Allied Unity Talks

By JACK BELL

WASHINGTON (P)—Sen. George (D-Ga.) called today for new efforts to achieve free world unity as a prelude to a possible Big Four meeting this year on world peace.

Agreeing such unity is needed, Sen. Knowland (R-Calif.) said in a separate interview it might be well to hold a preliminary "Big Three" conference to iron out policy differences before any full-dress talks with Russia.

George, chairman of the Senate Foreign Relations Committee, has advocated a top-level meeting of the United States, Russia, Britain and France as soon as the West European defense setup is ratified and the way cleared for Germany to rearm.

He said he feels President Eisenhower's news conference comments yesterday indicate the President is willing to meet with the chiefs of other governments "if there is a reasonable hope of getting something done."

"After the Paris agreements for arming Germany have been ratified, I hope that work can be started on an agenda for a high-level conference," George said. "I would hope that such an agenda could be developed by fall."

"To my mind, it would be of tremendous value to ascertain how we and our friends are standing. I am afraid we don't know enough about what Great Britain is thinking or what the French are thinking. A conference with them would help us."

Wisconsin Youth Gets 20 Years for Killing Grandfather

PHILLIPS, Wis. (P)—A 20-year-old Marshfield youth was sentenced to 14 to 20 years in the state prison Wednesday for the slaying of his 80-year-old grandfather.

Rodney Herman, who the FBI said had deserted the Marine Corps, pleaded guilty to second degree murder. The victim, Norris Welch, was shot down near his Price County cabin April 24, 1953.

Herman said he and his grandfather had quarreled after drinking. The youth was arrested 18 months later at Richmond, Ill.

Knowland Will Ignore Ike Hint on Yalta

WASHINGTON (P)—Sen. Knowland (R-Calif.) said today he is going to talk about the Yalta conference "whenever it is pertinent" despite President Eisenhower's statement such discussions gain nothing.

The President told his news conference yesterday he saw no advantage in going back 10 years and showing, in the light of after events, that somebody may have been wrong or right.

"President Eisenhower was expressing his personal opinion on this matter and I don't agree with him," said Knowland, the GOP leader. "I intend to continue to discuss Yalta whenever I believe it is pertinent."

Chairman Bridges (R-NH) of the Senate GOP Policy Committee took about the same view, saying in a separate interview: "The best guidepost in looking forward lies in benefiting from the lessons of the past. Yalta was one of the sad lessons of history."

Many Republicans have contended that at Yalta President Franklin D. Roosevelt made concessions to the Russians which eventually put Eastern Europe and China behind the Iron Curtain. Democrats reply that Roosevelt was following the advice of his military advisers in trying to get Russia into the war with Japan.

City of Streets

DETROIT (P)—More than half the land in the Detroit business district is used for streets, alleys and off-street parking.

WEATHER

FEDERAL FORECAST
Winona and Vicinity—Fair to night and Friday, continued unseasonably cold. Low tonight 12, high Friday 20.

(No. Central Observations)

Max. temp. 32 at noon Wednesday, low 11 degrees at 7:30 a.m. today. Noon readings—temp. 20, skies clear, visibility more than 15 miles, wind from the west at 15 miles per hour, barometer at 30.18 rising slowly, humidity 56 per cent.

Legislature May Not Be Able to Agree on Division

By ADOLPH JOHNSON

ST. PAUL (P)—A plea for patience and give-and-take in considering the highway problem was made today by Sen. Norman Larson, Ada, chairman of the Senate Highways Committee.

Larson, who was a member of the Minnesota Highway Study Commission, said he feared the Legislature was getting into a situation where no agreement on division of highway funds could be reached.

The study group proposed a formula which would give state trunk highway funds 62 per cent of the combined yield from gasoline taxes and auto license fees, with 30 per cent to counties and 8 per cent to cities.

Wednesday the House Highway Committee voted for a 62-29-9 formula.

Any formula voted by the Legislature would have to be submitted to the voters as a constitutional amendment.

"It appears to me that we are approaching a deadlock situation which may result in no solution to this important problem," Larson said.

City Engineer W. O. Cribbs represented the city of Winona at the committee hearing in St. Paul.

He proposed that G. P. Smith, Mankato engineer and attorney who worked with the 1947-49 Interim Highway Committee, be called in to help write an amendment.

Without suggesting its exact terms, Larson said it should be short, simple and easily understood so no voter would have any doubt of its meaning.

"I don't see how we as legislators can go home without having proposed a solution," said the senator. "Three constitutional amendments have been submitted and have been defeated. We cannot afford to let this happen again."

"We seem to be losing sight of what started all this—the great need for more money for farm-to-market roads."

"I cannot believe that the various groups involved can be so selfish that they cannot, before the Legislature adjourns, reach such common ground."

"There must be some formula that will be fair to the trunk roads, to the counties and to the cities. The time has come to get down to business and find it."

No Formula Acceptable
Up to now no formula has been proposed that has been acceptable both to the cities and the rural areas. City groups have expressed dissatisfaction both with the commission formula and the one voted by the House Highway Committee.

After a plea by Speaker A. I. Johnson, Benson, to shorten debate on minor bills because of the great amount of work to be done in the 23 days before adjournment, the House Wednesday whipped through a long list of bills.

Measures given approval included a proposal to rewrite the judicial section of the Constitution and one providing for licensing of real estate agents.

On the Senate side, the Civil Administration Committee approved a bill to adjust state salary schedules by providing for a 4 per cent differential between salary ranges and between steps within ranges. Cost of putting this into effect is estimated at more than \$700,000.

Bill Killed
The same committee killed a bill proposing several changes in the law governing local civil service and rejected two and accepted one proposed change in the state veterans preference law.

Turned down were provisions to require that no veteran with less than 10 per cent disability be rated as disabled and to require that a veteran receive a passing grade before using preference points. Disabled veterans now get 10 preference points in state civil service examinations and other veterans get 5 points.

The change approved by the group would permit veterans to use their points only once, instead of each time they take a promotional test.

A resolution asking Congress to make Highway 2, which crosses the state from Duluth to Crookston, a part of the interstate system, was approved by the Senate Highway Committee.

Ex-S.D. Governor to Enter Law Practice
WEBSTER, S. D. (P)—Former Gov. Sigurd Anderson announced today he will enter law practice at Webster and hopes to take an "active interest" in politics.

Anderson's future had been a subject for much speculation since he announced a year ago that he was retiring from political office. Rumors had persisted since then that he would be a candidate against U.S. Sen. Francis Case in next year's Republican primary.

State Industry Tax Relief Bills In Legislature

By JACK B. MACKAY

ST. PAUL (P)—Gov. Freeman's bills aimed at giving substantial tax relief to industry in Minnesota were introduced in both houses of the Legislature today.

At a news conference, Gov. Freeman said careful study has indicated the present method of taxing personal property has resulted in some disadvantages to business and industry which should be corrected.

The bills are intended to save industries nine million dollars a year through a reduction in personal property taxes of manufacturers' machinery and tools, and inventory.

Eight million dollars of the tax loss will affect local communities, the governor said, but the bill authorizes any city or village to expand its taxing power to make up the deficiencies.

Gov. Freeman was asked if enactment of the tax relief bill is contingent on other tax proposals recommended by him. He made it clear that support of the bill is not in any way related to other legislation.

The bill, he said, would accomplish three things:

1. A reclassification for personal property tax purposes of manufacturers' machinery and tools, and inventory, to provide the following tax reductions:

Tools and machinery now assessed at 33 1/3 per cent of full and true value would be valued and assessed in 1956 (payable in 1957) at 22 per cent and thereafter at 10 per cent of full and true value.

2. Authorize any city or village to expand its taxing power to make up the revenue lost by the reclassification. This, with certain limitations, confers broader taxing powers on units of local government to be exercised as each local unit sees fit.

3. Merchants and manufacturers would be permitted to list and value all personal property on the average inventory for the preceding year, instead of as May 1. (Under present law all personal property, including merchants' stocks and manufacturers' inventories must be valued as of May 1).

Heart Surgery 'Firsts' Achieved By U Doctors

MINNEAPOLIS (P)—Two "firsts" in heart surgery were achieved Wednesday afternoon when University of Minnesota doctors successfully repaired the injured heart of an Arkansas boy.

It was the first time the doctors had corrected a condition inside the heart caused by an accident instead of a defect present at birth, and it was the first time that a blood donor was not used.

The patient was Calvin Richmond, 13, Pine Bluff, Ark., reported in satisfactory condition today after three holes were repaired between the chambers of his heart. One of the holes was the size of a nickel, the others were somewhat smaller.

Calvin was involved in a truck accident last August and had been a heart cripple since.

Donors in heart surgery at the university during the past year have been used to purify the blood of the patient. Blood streams of the patient and donor had been linked and the patient's heart and lungs had been bypassed so surgeons could operate inside a "dry" heart.

University surgeons said they were not announcing at this time details of the device used to purify the boy's blood in Wednesday's operation.

4th Derailment For Lake City In Ten Years

Others Involved
Passenger Trains;
All Were Eastbound

LAKE CITY, Minn. — Wednesday afternoon's freight train derailment here was the fourth Lake City railroad crash in 10 years.

It was the first freight derailment, with the three others involving passenger train smashups. All four accidents have involved eastbound trains.

Early the morning of Aug. 7, 1944, 13 cars of the Milwaukee Olympian derailed within the city limits, injuring 24 passengers and sending six others to the hospital with serious injuries.

Dec. 31, 1947, the Pioneer Limited, also eastbound, derailed about three miles south of here with 130 passengers aboard.

Miraculously, none of the passengers were injured. Five Lake City physicians were called to the scene for examination of passengers within the cars, but not a single injury was reported by them, other than minor bruises. No one from the train crew or the passenger list reported to the Lake City hospital.

A broken rail, snapping in zero cold, was the cause of derailment. The cars, however, tipped gently against the hills along Lake Pepin and none were hurt.

In a spectacular collision April 11, 1950, seven passenger cars on the eastbound Olympian-Hiawatha were derailed and some 800 feet of track were torn up, when the train slammed into a way freight engine pushing two freight cars.

The through train crashed into the way freight as the freight backed onto the mainline tracks from a nursery siding.

Again, not a single person was reported hurt, but the Milwaukee Road sustained a loss of thousands of dollars.

The freight engine, backing up with two freight cars ahead of it, jammed together only about 150 feet north of the passenger station. When the streamliner came to a grinding stop after the 60-mile-per-hour crash, its front end just reached across Lyon avenue, immediately south of the depot.

And it was at the crossing of the mainline tracks and Lyon avenue that a switch was left open Wednesday, hurling the eastbound freight train 1,500 feet down a spur line dead end, demolishing 10 of 16 derailed freight cars.

Johnson Elected Rotary President

Herbert O. Johnson

Herbert O. Johnson, secretary of the Y.M.C.A., has been elected president of the Winona Rotary Club by the club's board of directors, it was announced at the club's meeting at the Hotel Winona Wednesday.

He succeeds D. R. Robinson, who becomes vice president of the club, and will take office July 1. LeRoy E. Palm was elected treasurer succeeding C. Stanley McMahon. The secretary will be named at a later meeting.

New members of the board elected by the club membership are Robert J. Selover, Ralph E. Leonard, William F. White, Earl W. Hagberg, Johnson and Palm. Election of officers is held at this time so that incoming officers may attend the district and international conventions.

Winona Chiefs prospects of the coming season were outlined to the club by Emil Scheid, manager. The season will open with an exhibition game with Rochester here May 17, he announced.

2 St. Charles Boys Held For Locker Thefts

ST. CHARLES, Minn. — The arrest of two 14-year-old boys on charges of taking articles from lockers at the St. Charles school was reported today by Sheriff George Fort.

Sheriff Fort said that the boys were questioned during an investigation of thefts at the school and admitted stealing pens, cigarette lighters, billboards and other items from the lockers.

The sheriff, who was assisted in the investigation by Deputy John F. Jensen, said one of the boys was on probation previously and would be referred to juvenile authorities at Rochester while the other is being referred to juvenile authorities in Winona.

Rail Wreck Damage Estimates Range Up to 3/4 Million Dollars

This is the back end of the three-unit diesel engine which careened through an open switch onto a dead end line and derailed 16 freight cars at Lake City Wednesday. The picture looks across the eastbound Milwaukee Road tracks toward cars telescoped together in the accident. The front end of the engine is deeply embedded in the earth on the other side of the mainline tracks, after crashing 200 feet along the ground beyond the spur line's dead end. Three train crewmen, riding in the front of the engine, rushed to the rear of the unit after setting emergency brakes.

Dynamite Car Among Units At Lake City

By TOM BERGHS
Daily News Staff Writer

LAKE CITY, Minn. — Damage estimates were mounting toward the three-quarter million dollar mark here this morning while railroad personnel worked furiously through the night to clear away debris left by a careening Milwaukee Road freight train, which derailed in the Lake City freight yards at 1:34 p.m. Wednesday.

Residents here were breathing audible sighs of relief late yesterday afternoon after learning that one of 16 cars which plunged through a dead-end spur track had been loaded with explosives.

"It's a miracle no one was killed," said Jack Roschen, manager of the nearby Farmers Elevator Co., as he pointed to the derailed scene 150 yards south of the elevator.

The freight car loaded with dynamite hurtled off the end of the tracks, broke up and came to rest only a few feet from three bulk gasoline storage tanks owned by the elevator.

"If all those had gone up," said Roschen, "it would've taken half of Lake City right off the map!" Smashed in the mishap, when the 112-car eastbound freight lurching through an open switch adjacent to the railway depot, were 14 loaded freight cars, a through diesel engine and two freight cars that had been sitting on the spur track.

No Serious Injuries
None of the five crewmen on the fast-moving through freight were seriously injured.

Melvin C. Malles, station agent here, said this morning that the eastbound tracks were cleared late Wednesday, with service resumed at 9:15 p.m.

A crew of railroad workmen were "just getting a good start" at clearing the westbound tracks this morning, said E. L. Hibbard, editor of the Lake City Graphic.

Hibbard said that two railroad wreckers — one each from La Crosse and St. Paul — were attempting to remove deeply imbedded freight cars, "but haven't even been able to get at the worst of it yet."

Railroad officials would not even attempt to estimate the time when the eastbound mainline tracks would be cleared. They indicated Wednesday it might take several days.

Hiawatha Following
The derailment happened just 21 minutes before the eastbound afternoon Hiawatha passenger train was due at Lake City.

"As soon as this thing happened," said Herman Vollmers, assistant agent at the Lake City depot, "I tried to flag down the Hiawatha at Red Wing, but it had already gone through. Luckily, we were able to flag it down here before it piled into the freight wreckage," he added.

A. J. McGinn, St. Paul, who was the engineer on the freight, said, "It was just like hitting a brick wall when we crossed that open switch. No," he said, "I didn't have any notion that anything was wrong when we entered the city."

The 34-year-old engineer, who in 38 years with the railroad had never before had an accident, said, "When I saw that dead end coming, I just set the emergency brake and dynamited (headed for the rear of the cab)."

McGinn suffered a slight abrasion on his right temple when thrown to the floor of the cab at the moment of impact. He was bleeding slightly, but otherwise suffered no serious injury. He was

Taken From The Top Of An upright freight car pointing south, this picture shows more of the debris left when 16 cars were derailed. Spare farm machinery tires and flat car wheels littered a blockwide area. The tracks at the center are the Milwaukee Road's mainline eastbound tracks.

They had only two freight cars spilled on top of them and were cleared by 9:15 p.m. Wednesday. The westbound tracks, visible under the overturned tractors in lower left corner, weren't cleared by noon today, with railroad authorities still uncertain how long it would take.

This Picture Of Wednesday's freight train derailment at Lake City was taken from the top window of the Farmers Elevator Co., whose manager, Jack Roschen, would probably have lost his life in the accident had he not left the interior of a half-full fertilizer car moments before it was struck by the side-tracked freight. The view,

looking south about 450 feet to the spur line's dead end, shows the three farthest upright gasoline tanks adjacent to the scattered cars, which just missed being struck by a car carrying explosives. The pile-up is at Lakewood avenue. (Daily News photos)

examined and released by a Lake City physician.

Other train crewmen, all unhurt, were:

Charles Falls, 52, Farmington, Minn., who was the fireman riding in the cab.

C. R. Barankiewicz, 45, St. Paul, brakeman, also riding in the engine.

J. E. Donovan, 58, La Crosse, conductor riding in the caboose.

W. L. Murray, 34, South St. Paul, brakeman riding in the caboose, who said, "When the emergency brake went on, Donovan and I just sat down and braced our feet against the wall. No, we didn't know what was coming."

Railroad officials said that the eastbound freight had crossed over to the westbound tracks at Red Wing so that the also-eastbound afternoon Hiawatha passenger train might pass the freight.

The freight was to continue on the westbound tracks as far as Wabasha, where it was scheduled to return to the mainline eastbound tracks.

As the freight roared through Lake City, it suddenly struck an open switch at the south end of the depot and veered to its left around a 45-degree turn onto the spur track and plummeted toward a dead-end bumper 1,500 feet away.

Speed of the freight at this juncture has been estimated by onlookers at between 35 and 50 miles per hour.

About 400 feet down the spur

track, the diesel engine smashed into a full loaded lumber car adjacent to the Botsford Lumber Co. The lumber car had been switched onto the spur track less than an hour before the accident.

Another 700 feet down the spur sat a half-empty freight car.

The freight train, pushing the lumber car before it, smashed into the second car with a deafening roar, sending splinters flying for 100 feet in every direction and careened through the dead-end bumper 150 yards away.

A pair of Lake City men probably owe their lives to an errant memory.

Roschen and Jack Goehl had been standing inside the second freight car only moments before it was struck.

The car, with half of its commercial fertilizer contents already removed, was sitting on the spur just a few yards north of the Farmers Elevator.

Roschen and Goehl, a Lake City trucker, had just finished loading fertilizer into Goehl's truck and were standing in the open door of the freight car making out a receipt.

Roschen said that he suddenly remembered another receipt slip he

10% Pay Hike Asked by City Police, Firemen

Additional Vacation Privileges Also Requested of Board

Requests for 10 per cent salary increases for members of the police and fire departments for the year beginning May 1 were presented Wednesday night to the Board of Fire and Police Commissioners.

Brought on grounds that Winona wages for policemen and firemen are lower than scales in other cities of comparable size in this area, the requests—if granted—would result in an average hike of about \$30 a month in salaries for the two departments.

Most patrolmen and firemen get \$300 a month plus \$10 a month uniform allowance.

Also asked by the board's employees was a more liberal vacation schedule for both departments. The policemen asked for a three-week paid vacation after 15 years service while the firemen, acknowledging that there would be difficulties encountered in adapting such a schedule for the fire department, suggested some increase in vacation benefits for men with 20 or more years service.

Both requests were taken under advisement by the commissioners who usually set wages for the coming year at the April board meeting.

Four From Each

Four representatives from each department attended Wednesday night's board meeting. The police delegation included Detectives George R. Meyers and Marvin A. Meier, Capt. William Multhaup and John H. Scherer while spokesmen for the fire department were Capt. John Steadman, Capt. Alfred E. Horn, Wilfred Hohmeister and Edward Lelwica.

In asking for the 10 per cent increases in basic wages, the firemen and policemen pointed out that in 1953 no raises were authorized for either department. An across-the-board monthly increase of \$25 was provided last year when the previous \$15 clothing allowance was reduced by \$5 for most employees and applied to the basic wage. For personnel who normally are not in uniform, the entire clothing allowance was eliminated and added to the salary.

The police delegation said that among the cities they had surveyed was Rochester where they were told a request for a \$50-a-month increase had been made and, as a compromise of \$33.33 was under consideration by the City Council.

As far as vacation benefits are concerned, the policemen asked that they be allowed an additional day of vacation for each year of service after nine years.

Mentions Holidays

Now allowed two weeks vacation after the first year, the police are asking for a maximum of three weeks after 15 years. Meier asked that consideration be given to the fact that patrolmen now do not receive the 11 holidays in effect for other city employees.

Meyers said that inquiries revealed that at least six larger business and industrial firms in the city now allow their employees at least three weeks paid vacation annually.

There are 10 members of the police department with 15 years service, four have more than 20, three have 13, two 12 and three 10.

The policemen said that plans similar to the one they were proposing are in effect in a number of other police departments and explained that the change could be made without increasing the department's personnel.

Firemen's Situation

The fire department representatives said that there was an insufficient number of employees in the fire department to permit the vacation plan suggested by the policemen to be adapted to the fire department.

Because of the usual high incidence of fires in the spring and fall months, a policy of limiting the vacation period from April to October has been observed, the firemen said, and it would be impossible with the personnel at the present time to accommodate the proposed schedule and still maintain the stipulated working force on duty.

The firemen said that in view of these considerations they asked only that the board allow men with 20 or more years service the third week of vacation now provided for employees in other city departments.

After the two delegations had presented their requests the commissioners agreed to take both under advisement and there was virtually no discussion of the matter after the representatives of the two departments had left the board room.

Winonan Named Grand Master of Minnesota Masons

A Winonan is head of the Masonic Grand Lodge of Minnesota today, two other Winonans hold appointive posts and a Southeastern Minnesotan has been started in the grand lodge line.

W. L. Hillier, long active in Winona Masonic circles and a former head of most of the Masonic bodies here, was elected and installed grand master at the closing session of the Grand Lodge in St. Paul this afternoon.

Only two other Winonans have ever held that office. Will Hayes Laird was grand master in 1913 and Guy F. Streeter in 1932.

The Rev. Harold Rektstad, minister of the First Congregational Church, was appointed chaplain for the grand lodge and Dr. Nels Minne, president of the Winona State Teachers College, was named orator for the coming year. Starting at the bottom of the grand line is Myron W. Clark, Stewartville, Minn., retiring commissioner of agriculture.

Others Elected

The other grand lodge officers elected at the two-day session in St. Paul are: Otto L. Danek, Glenwood, deputy grand master; George R. Wilson, Brainerd, senior grand warden, and W. J. Miles Martin, Minneapolis, junior grand warden; Cyril L. Lamm, Minneapolis, grand treasurer, and John B. Tomhave, grand secretary.

Appointive officers besides Rektstad, Minne and Clark are Clyde E. Hegman, Minneapolis, senior grand deacon; Martin H. Voss, Worthington, junior grand deacon; Edward L. Gruber, Duluth, grand marshal; Stafford King, St. Paul, grand standard bearer; Harvard B. Olson, Morris, grand sword-bearer; Edwin W. Toms, senior grand steward; Paul M. Olstad, Bemidji, junior grand steward; Clark, grand pursuivant, and Cecil H. Judd, St. Paul, grand tyler.

At the meeting representing Winona Lodge 18 are A. C. Brightman, master; William Mann, senior warden, and Jack Fair, junior warden.

Other officers in St. Paul for the meeting are: S. A. Boyd, secretary; William Green, senior deacon; Maurice Miller, junior deacon, and Paul Sanders and Lester Peterson, stewards. Kenneth Chick, district representative for the grand lodge and a past master of the Winona lodge, also is present at the sessions.

Member Since 1910
The new grand master has been a member of Winona Lodge 18, AF & AM since February 15, 1910, and was master of the Winona lodge in 1919. In 1917 he served as worthy patron of Winona Chapter 120, Order of the Eastern Star, and is now the oldest living past patron of the chapter.

He has been active in the other Masonic bodies in Winona and became the fourth venerable master of the Winona Lodge of Perfection, a Scottish Rite body, in 1937, serving in that post until 1944.

He was master of Kadash of the Winona Consistory, top Scottish Rite organization, from 1948 until 1953, and presently is minister of state in the body.

He also is a member of the York Masonic bodies and served as high priest of Winona Chapter 5, Royal Arch Masons, in 1943 and commander of Coeur de Lion Commandery, Knights Templar, in 1944-45.

For his work in the Scottish Rite he received the Knight Com-

Willard L. Hillier
Cutler Photo

mander of the Court of Honor from the Supreme Scottish Rite Council in 1935 and in 1949 was elected an honorary inspector general of the 33rd degree.

He is also a member of Tyrian Council 4, Royal and Select Masters, Red Wing, and of Osman Temple, of the Shrine, St. Paul.

In addition he is president of the Winona Benevolent Association, the property-holding, benevolent-cooperating and endowment-controlling corporate body for all Winona Masonic bodies.

He also has been president of the Minnesota Masonic Veterans Association.

Other Activities

In non-lodge activities, Hillier is a former member of the Winona Board of Education and was instrumental in formulating its pay-as-you-go sinking fund system for school building construction.

He has been treasurer, deacon and trustee for many years of the First Congregational Church and is a past moderator of the Southeastern District Congregational Association.

In business he is office manager for the Laird, Norton Co. and for several years was secretary of the Mississippi Land Co., a lease-holding company for those associated interests for a large number of iron ore mines and taconite properties in the Hibbing area.

Hillier is a member of the board of directors of the Winona YMCA and was a member of the building committee of that institution when the new "Y" was erected.

Rektstad is a former master of the Masonic lodge at New London, Wis. Clark served as master of the lodge at Pleasant Grove, Minn., Dr. Minne is a member of Winona Lodge 18, AF & AM, and the Winona Scottish Rite bodies.

James Heinlen Gets His Master's Degree

James F. Heinlen, 517 W. Sanborn St., recently received a master's degree in social administration at Loyola University, Chicago. A graduate of St. Mary's College, he also studied for three years at the Art Institute, Chicago. Heinlen is Winona County probation officer and also is a member of the St. Mary's College faculty.

Girl Hostile Witness in Jelke Case

NEW YORK (AP)—The prosecution in the Minot F. (Mickey) Jelke trial has given up attempts to pry information from a stubborn former call girl who proved a hostile witness.

The witness, Barbara Harmon, was called to the stand to back up testimony by Pat Ward, another ex-call girl, that Jelke recruited her for safe society prostitution.

Miss Harmon yesterday answered key questions of Asst. Dist. Atty. Anthony J. Liebler by saying she couldn't remember. Called a "hostile witness" by both Liebler and Judge Francis L. Valente, she was excused after cross-examination by the defense.

Under grilling by Liebler, she agreed that Jelke asked her to go on dates for Miss Ward, but she declared, "I can't remember specifically" when asked whether she actually arranged any dates.

"I remember introducing her to people. I don't know what she

Superintendent Fired by School Board Files Suit

IRVING, Tex. (AP)—A damage suit for \$300,000 has been filed by Dr. John A. Beard, whose discharge as superintendent of schools here caused a walkout of nearly 200 teachers and school employees.

Beard named the board of the Irving Independent School District principal defendant, alleging members made libelous and slanderous statements against him. The petition also named board member Loyda Guard's husband and the Cain organization, a Dallas public relations firm retained by some

Irving citizens and some school board members.

Beard also replied yesterday to a statement by School Board President Charles E. Young that Beard showed "apparent incompatibility with usual accounting methods" in handling school cafeteria funds.

Beard said the accounting system was set up by Young, member of a Dallas accounting firm, before Beard took office five years ago.

A New York University study indicates that human behavior is responsible for 70 to 80 per cent of industrial accidents.

U.N. Delays Action On Border Clashes In Egypt, Israel

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council has delayed action until next week on Egyptian-Israeli border clashes. It heard a plea by Israel yesterday for Egypt to join her in a pledge not to use force along the frontier.

The plea was made by Israel's Ambassador Abba Eban in his country's first formal statement to the council on the Feb. 28 Gaza clash, in which 38 Egyptians and eight Israelis were killed.

Eban restated Israel's contention that the Gaza Strip attack was in retaliation for numerous Egyptian acts of aggression against Israel.

He said if Egypt would agree to convert the six-year-old armistice agreement into a permanent peace, Israel would guarantee its people would not carry out hostile acts against Egypt.

House Committees Get New Set of 'Fair Play' Rules

WASHINGTON (AP)—House committees found themselves operating today under a new set of rules which some members said might curb future public investigations.

Known as a "code of fair play," the new rules were embodied in a resolution adopted by the House yesterday.

The code is designed to afford protection to witnesses and to put an end to one-man investigations. It provides that no subcommittee may consist of fewer than two members if evidence or testimony is to be received.

It gives witnesses the right to bring their own attorneys. It also requires the chairman of an investigative committee to "announced in an opening statement the subject of the investigation."

The most controversial provision makes it mandatory to receive in closed sessions evidence or testimony which the committee "determines . . . may tend to defame, degrade or incriminate any person."

It also states that the committee "shall not receive evidence or testimony from any person who is not a member of the committee or a witness in the investigation."

House Moves to Repeal Tax Benefit Clauses

WASHINGTON (AP)—The House today called up a bill to repeal two business tax benefits—admitted costly mistakes—in last year's giant tax revision act.

Approval of the repeal move seemed certain, despite protests from some business spokesmen that it would be a most unusual and "cruel" injustice.

The repeal would be retroactive to last year. Thus it would force a revision in thousands of 1954 tax returns already filed and cancel out hundreds of millions of dollars already pocketed as profits.

The Eisenhower administration and leaders in both parties backed repeal. Democrats, however, hoped to make political hay out of the discovery of the mistakes in the GOP-sponsored 1954 act which rewrote almost all tax laws.

They contended there may be other "loopholes" and "windfalls." The two sections up for repeal 1) give some business firms a tax reduction for certain estimated future expenses and 2) defer payment of taxes on some income received for services to be performed in the future.

'Confused' Thief Gets Suspended Sentence

COPENHAGEN, Denmark (AP)—A Copenhagen court gave a six-month suspended sentence yesterday to chauffeur Ion Cimpu, who fled the Romanian legion here six weeks ago with \$50 government funds. He was placed on three years probation.

The court found him guilty of stealing. He said he had taken the money "due to the confusion." He turned most of it over to the Danish Foreign Ministry, which returned the full amount to the legion.

Cimpu has been granted political asylum over bitter Romanian protests.

Grounds for Canadian Divorces Still Limited

OTTAWA (AP)—Adultery is still the only ground on which most Canadians can get a divorce.

The Senate voted 37-20 yesterday to kill a bill that would have made cruelty, incurable insanity and desertion for three years as bases for marriage severance suits.

Of Canada's 10 provinces, seven grant divorces only for adultery.

Stover Pays \$100 Fine For Drunken Driving

WEST ST. PAUL (AP)—Robert D. Stover, former state civil service director, paid a \$100 fine Wednesday for drunken driving.

He did not appear in court but was represented by his attorney, A. C. Johnston of Minneapolis. Stover earlier had charged that his March 2 arrest here had been engineered by Atty. Gen. Lord "to get me out of office."

Lord has denied the charge.

Last Hawaiian Plane Crash Dead Removed

HONOLULU (AP)—The last of 66 bodies were removed last night from the wreckage of a Navy plane which crashed Tuesday, killing all aboard. Two Air Force identification experts arrived from Wright-Patterson Field, Dayton, Ohio, to try to identify the remains.

Double Life Finally Trips Up Woman

NEWPORT, England (AP)—Evelyn Anthony, 35, appeared for a preliminary hearing on a bigamy charge yesterday.

Husband Cecil Anthony said Evelyn told him last March she had taken a night job in a hospital. She left him and their five children at 7 each evening and returned at 7:30 each morning.

Edward J. Jenkins said he went through a marriage ceremony with her last March. She told him she worked days. Leaving the Jenkins house at 7 each morning, she returned at 7:30 each night.

Anthony said he finally forbade his wife to go on working because she looked tired and run down. Jenkins investigated her subsequent disappearance and the bigamy accusation followed.

Anthony, who put up bail for Evelyn's release until her trial, told the judge "she had been a good wife and mother."

Gov. Kohler Sees No Possibility of Sales Tax in '55

MILWAUKEE (AP)—Gov. Kohler sees no possibility of a Wisconsin sales tax being passed in 1955, but he said the Legislature might approve such a tax in the next four to 10 years if the proper "climate" is created.

The governor's statement was in reply to a question from the audience Wednesday after his talk on state finances before the Milwaukee Civic Alliance.

Kohler had said in his speech that more taxes would be needed to raise money for the next biennium but he doubted that the Legislature would need to boost income taxes by more than 25 percent.

The world used 29 million pounds of cobalt in 1954.

New Ulm Farmer Treated for Rabies

NEW ULM, Minn. (AP)—Herbert Wendinger, an area farmer, was under treatment for rabies today after seeking to administer to a neighbor's cow that couldn't chew. The animal later was discovered to have been rabid. But not before Wendinger had reached into its mouth to remove some fodder. He will receive inoculations for the next two to three weeks. The cow was destroyed.

Actress Ruth Roman To Divorce Husband

HOLLYWOOD (AP)—Movie actress Ruth Roman says she intends to divorce radio executive Mortimer Hall, alleging cruelty. Hall is president and general manager of Los Angeles radio station KLAC.

AT WABASHA HOSPITAL

KELLOGG, Minn. (Special)—Mrs. Marion Collier entered St. Elizabeth Hospital, Wabasha, Tuesday for medical care and treatment.

Low Puts Finger On Phone Gossips

CHICAGO (AP)—Here's a little earful for folks along party lines.

Gossips who refuse to give up such telephone circuits in an emergency can get into trouble in an increasing number of states.

They can be fined or jailed for yacking on and on when somebody wants to use the wire to call the police, firemen or a doctor.

A survey by The Associated Press showed today that statutes of that sort have been put on the law books of six states. Similar proposed laws have been introduced in the legislatures of nine other states.

A law enacted in New York last year makes it a misdemeanor, punishable by a \$50 fine or 30 days in jail, or both, to refuse "wilfully" to give up a party line when informed it is needed for an emergency call.

The beaver is the largest North American rodent.

Men's Underwear Given Short Study

MEMPHIS, Tenn. (AP)—Men, the National Cotton Council says it "is watching your underwear" and doesn't like everything it sees.

The council says a recent survey shows that union suits are on the way out and knit briefs—which use only a bare minimum of cotton fiber—are rapidly gaining favor.

One suit of "long handles" consumes enough cotton to make two or more complete sets of briefs and undershirts, the council says.

Japan May Need Atom Weapons, Says Premier

TOKYO (AP)—Prime Minister Ichiro Hatoyama said today it was premature to assume Japan would never stockpile atom and hydrogen bombs.

"If atomic weapons are necessary for maintaining peace, we can't help it," he declared.

Ex-Prisoner of Reds On Her Way to U.S.

YOKOHAMA, Japan (AP)—Mrs. Adele Austin Rickett starts the last leg of a journey from a Chinese Communist prison to the United States tomorrow.

She spent 3½ years in a Red jail. Her husband, Walter, 33, is still there.

She told newsmen in Hong Kong the Reds had treated her "wonderfully."

Bunnies, Bunnies, who's got the Bunnies?
Why Choate's, of course, and they make the nicest Easter gifts!

A BIG selection of quality-made, perfectly adorable cuddlesome bunnies by Gund... come see them soon!

Lovable Plush-Covered Easter Bunnies

\$1.98

Soft, safe, strongly stitched to take lots of hugging and tugging. Pretty pink, blue and white coats—velvety to the touch.

Bunnies Filled With Foam Rubber

MEMBER OF THE ASSOCIATED PRESS

The Associated Press is entitled exclusively to the use for republication of all the local news printed in this newspaper as well as all A. P. news dispatches.

But he who does what is true comes to the light, that it may be clearly seen that his deeds have been wrought in God. John 3:21 SRV.

Here's a Reminder to State Highway Department

With the pressure on for immediate reconstruction of U.S. Highways 61-14 to eliminate the "death trap" between Winona and La Crescent which has claimed 11 lives in the last four years, the following communication to The Winona Daily News from the Minnesota Highway Department under date of Aug. 5, 1954, will be of interest:

Winona Daily News
Winona, Minnesota
Gentlemen:

I have just this morning received answers to your 24 questions which you sent me with your letter of July 23. Mr. Walter Schultz, assistant engineer of plans and surveys, jotted down the answers, and I am sending them on to you for your use.

Sincerely,
DEPARTMENT OF HIGHWAYS
Vince Bovitz
Division of Public Information

Q. How much of the proposed right of way from Mankato avenue to La Crescent already has been purchased?

A. None.

Q. When will condemnation proceedings be started for land not yet acquired?

A. Not until detailed construction plans have been completed.

Q. Has a date been set for the advertisement for construction bids?

A. No.

Q. If so, when will they be opened?

A. —

Q. Will construction begin before all of the land is acquired?

A. It is proposed to first prepare plans and ask for bids on a section extending from Mankato avenue in Winona to Lamolille.

Q. Has an estimate, or target date, been made for the beginning of actual construction?

A. The above section is scheduled for construction in 1955.

Q. We have understood that only the Winona-Lamolille segment would be undertaken next year. Does that still hold?

A. Yes.

Q. What is the contemplated completion date for that segment?

A. Tentatively, the grading is to be completed in 1955, although it may run over into 1956.

Q. Is there a timetable for the remainder of the Winona-La Crescent project?

A. Nothing definite.

Q. What type of surfacing will be used for: 1. Main slabs; 2. Islands; 3. Service and access roads.

A. The determinations have not been made.

Q. What is estimated cost of total project including purchase of land and construction? (We have used \$10 million.)

A. No estimate of cost will be available until plans are completed. \$10 million is too high an estimate, however.

Q. How many houses and other buildings will be removed along the route?

A. The number of houses and other buildings to be taken will not be known until plans are completed.

Q. How wide a strip, generally, will be required for the right of way to provide for slabs, service roads, shoulders, walks, etc.?

A. Generally, the width of right of way required will vary from 200 ft. to 250 ft. In some situations more will be necessary.

Q. Will an office be maintained here in Winona during the construction period? Will this be a headquarters or will there be other offices along the route?

A. The probabilities are that a field office for a project engineer will be maintained in or near Winona.

Q. How does this project rank in scope as far as other state highway jobs are concerned?

A. It will rate as a project of the first magnitude. The land and construction costs are expected to be several million dollars.

Q. What priority does it hold?

A. The segment from Mankato avenue to Lamolille is scheduled for 1955 construction.

Q. Where will funds come from?

A. From the state trunk highway fund, which comes from highway user taxes, such as 2 1/2 of the 5-cent gasoline tax and motor vehicle registration fees, and from Federal Aid funds.

Q. It appears from the plans that there will be only a two-lane roadway through most of Dresbach. Is this correct and if so, is there any reason for the short break in the 4-way? Are there any other locations where the road will be two-lane?

A. The plan referred to is a preliminary layout plan. Generally, the type of design will provide four-lanes, divided by a center island.

Q. What happens to the present highway after the new route is completed? Will it revert to the county or some such thing?

A. Except for certain segments, such as at Homer and Dakota, for example, the old road will, in part, either be incorporated into the new road or obliterated. Some segments, such as at Homer and Dakota, may revert to the county or to the municipalities involved.

Q. Will service and access roads be constructed at any specific intervals?

A. Service and frontage roads will be pro-

These Days

Records Often Uncover Truth

By GEORGE E. SOKOLSKY

NEW YORK — History has a curious way of asserting itself despite the efforts of vain men and powerful politicians to suppress the truth. Those who rewrite history to suit their private ends fail to suppress the whole truth because always somewhere, even hidden in desert sands, is another record which, in time, is uncovered. Those who would suppress archives only discover that somewhere else an archive exists, a carbon copy, a memory, a diary which points the way to truth.

Thus, for ten years, the errors of Teheran and Yalta have covered the political battlefields with the reputations of men who believed that they were wholly safe from the light of truth. Before the Yalta Conference took place, when the three aged statesmen sat in the Livadia Palace, where once the court of the czar gambled, Latvia, Estonia, Lithuania, East Finland, East Poland, Bessarabia and Bukovina had already become absorbed in the Russian Empire.

STALIN HAD ERECTED Communist governments in Bulgaria, Rumania, Yugoslavia, Hungary and Albania prior to the Yalta Conference. He had also forced Communist participation in the governments of West Finland and Czechoslovakia and imperiled our position in Asia, by maintaining a Chinese Communist military force in China.

The Yalta documents need to be read in this framework. Soviet Russia had already achieved so much with our help, with the \$11,000,000 of lend-lease which Stalin told Roosevelt, at Yalta was such a wonderful invention because it helped allies without stirring resentment in them for being aided.

It is not possible to believe that Roosevelt did not know the pattern that Stalin was cutting out of paper maps. Also, Roosevelt knew about the Molotov-Ribbentrop Pact, and it should have been a guide to Stalin's weltanschauung. In fact in the very first conversation between Roosevelt and Stalin at Yalta, Stalin made his position clear: The earth was to be managed by the three great powers and he was taking no back-talk from any of the little nations. This is the conversation as reported by Bohlen:

"Marshal Stalin made it quite plain on a number of occasions that he felt that the three great powers which had borne the brunt of the war and had liberated the world from German domination the small powers should have the unanimous right to preserve the peace of the world. He said that he could serve no other interest than that of the Soviet Union and that in the international arena the Soviet Union was prepared to pay its share in the preservation of peace. He said that it was ridiculous to believe that Albania would have an equal voice with the three great powers who had won the war and were present at this dinner. He said some of the liberated countries seemed to believe that the great powers had been forced to shed their blood in order to liberate them and that they were now scolding these great powers for failure to take into consideration the rights of these small powers."

THIS POLICY, Soviet Russia has pursued to the present day. Roosevelt is not reported to have protested against this principle of international conduct. Bohlen's notes say that he commented as follows:

"... The President said he agreed that the great powers bore the greater responsibility and that the peace should be written by the three powers represented at this table."

It was Winston Churchill who raised his voice, as apparently he often did, for the smaller countries, particularly for Poland. Bohlen gives this credit to Churchill:

"The Prime Minister said that there was no question of the small powers dictating to the big powers but that the great nations of the world should discharge their moral responsibility and leadership and should exercise their power with moderation and great respect for the rights of the smaller nations."

It is not a pretty picture, but it is one that will undoubtedly be painted in even more lurid details when all the documents are available.

IN YEARS GONE BY

Ten Years Ago . . . 1945

A modern machine shop for the manufacture of hand grenades is being installed by the Donovan Manufacturing Co. in the former Winona Curling Club building.

Twenty-Five Years Ago . . . 1930

Two pounds of boiled ham and a dollar's worth of pennies were taken from Ziegenfuss Brothers Meat Market.

Improvements at the Winona Country Club will cost approximately \$11,000.

Fifty Years Ago . . . 1905

Peter Bub is confined to his home with a severe attack of grippe.

The Radiograph will make its annual appearance next week.

Seventy-Five Years Ago . . . 1880

The gross receipts at the Presbyterian organ concert were about \$200.

J. M. Bell expects to start for Denver.

vided where there is justifiable need.

Q. When was planning for this project started?

A. Preliminary planning was started about three years ago, but has not been carried on continuously.

Q. Have titles been checked on all property to be taken?

A. No.

Q. When was present Highway 61 from Winona to La Crescent built?

A. Paving of the present traveled route extended over a period of three years—from 1926 to 1929.

'AND WHAT'S NEW WITH YOU?'

Washington Merry-Go-Round

Britain Ahead of U.S. In Peaceful Atomic Uses

By DREW PEARSON

WASHINGTON—The British have jumped so far ahead of us in the race to develop peacetime power from atomic energy that Eisenhower is appointing another commissioner.

While we have been concentrating on weapons, the British in 1957 will begin getting electricity from the world's first successful atomic power plant. Relatedly the Atomic Energy Commission has realized this. So Eisenhower will name a commission of businessmen and atomic scientists to study what should be done about the peacetime use of atomic energy in the U.S.A.

Not once since Congress convened have speaker Sam Rayburn and majority leaders of the House been invited to the White House to confer. During the 80th Congress in Truman's day when the Republicans had a majority, he invited GOP leaders to the White House every Monday.

Intelligence has positively confirmed that Russia now has an atomic submarine. Ambassador Bohlen reports that ex-Premier Malenkov is being shoved further and further into the background by the new Russian regime. Malenkov is reported being watched day and night by secret police and is so worried that he is losing weight.

Prime Minister Churchill is getting worried over the sweet talk now being exchanged by Marshal Tito and the new Russian government. He has urged the British foreign office to beware of a Tito doublecross.

Secretary Hobby, only lady member of the Cabinet, has kept herself so aloof that Dr. Martha Elliot of the children's bureau hasn't been able to consult her boss for six months.

Barefoot Boy of Wall Street Wesley Roberts, the Kansas boy whom Ike fired as chairman of the Republican National Committee, has a new job—this time on Wall Street.

He's the representative of Lehman Brothers for winning and doing the business of state toll roads and thruway commissions in order to get the big New York banking firm in on some of the juicy financing that goes with the thruways.

Most people don't realize it, but a whole new chapter in financing has sprung up with the advent of high-speed state thruways. New York state alone is floating nearly one billion dollars worth of thruway bonds—\$800,000,000 to be exact. New Jersey is floating \$300,000,000; Illinois, Ohio, Indiana about \$300,000,000 each, together with varying amounts by Oklahoma, Kansas, Kentucky and Maine.

When you add up these amounts and deduct 2 1/2 per cent for financing, it comes to a lot of money, and the banking houses are fighting for the bonds. The bonds are tax free, and since a lot of big investors are looking for places to put their money without paying income taxes, the bonds jump to above par immediately after they're sold. This brings in further profit.

So Wes Roberts, who was fired from the Republican National Committee for lobbying with the Kansas legislature, has now jumped to big-time lobbying. No longer is he merely interested in the sale of a Kansas hospital at Newton. He commutes from Wall Street to Washington to Indianapolis to try to persuade his old Republican friends to let Lehman Brothers manage their state highway financing.

So far he hasn't got his old friends in Kansas to change financing managers, but he did persuade his GOP friends in Indiana to reduce Smith Barney and Halsey Stuart from dominating the financing of Indiana thruways and put Lehman Brothers in the saddle instead.

He also made a pass to reduce Halsey Stuart and Gore Forgan, both big Chicago finance houses, in their management of the Illinois state thruway financing. But for

Boyle's Column

Pep Up Your Life With New Fears

By HAL BOYLE

NEW YORK (AP) — Do flutes frighten you? Are you afraid of harboring tapeworms? Does snow fill you with panic?

If not, why not? Perhaps you are letting your life get cluttered up with the same old dull, boring fears that have worried mankind for ages. Why not pep up your existence by getting a new and interesting fear nobody in your social set knows about?

There is a long list to choose from. I have a medical dictionary which indexes more than 300 phobias, all available to anyone who is seriously looking for something new to worry about.

Some of these phobias are highly useful. And they all have wonderful names.

For example, people might be tempted to laugh at you if you confessed that you were terrified by flutes, snowflakes and the possibility that you might be invaded by a prowling tapeworm.

But imagine the awe and respect in their eyes if you merely remarked offhand:

"My doctor says I've got a triple case of autophobia, chionophobia, and taeniphobia. But he thinks with a little luck he'll pull me through."

Suffering Sick Man

Suppose your wife bawls you out because your income is low. "Don't pick on a sick man, honey," you can tell her. "Most people suffer from chromatophobia, or love of money. I've simply been struck down by an even rarer disease—chromatophobia, or fear of money. If only you could catch it, too, then we'd both be happy."

Incidentally, if your wife is hammering at you to buy her a mink coat, you might try to infect her with arachnophobia, the fear of touching animal fur. It's hard to do, but it's worth trying.

The teenage boy seeking to wheedle the use of the family car might gain some parental sympathy by throwing in this clincher, "Dad, I didn't want to tell you, but I'm a victim of basiphobia."

Actually, basiphobia is very widespread among teenagers today. It is the fear of walking. Many also suffer from stasiphobia, or the fear of standing upright. But few seem stricken with kathisophobia, the fear of sitting down.

Perhaps it is against public policy for me to do anything to encourage bachelors. However, if a young man wants to escape a snare set for him by a girl he knows would make him miserable, he might break off the romance by saying:

"Baby, you're too healthy to be married to a guy with all my ailments. I hate to admit it but I've got gamophobia, gynephobia, micrometallaphobia, hypnophobia, amyphobia, merinthophobia, domatophobia and toxicophobia."

Naturally the young lady won't want a husband with all those strange-sounding maladies. She won't know that they are chronic complaints with practically every rascally, freedom-loving bachelor.

All they mean is that the guy has a fear of marriage, a fear of

PAUL HARVEY NEWS

Policeman's Life Often Lonely One

By PAUL HARVEY

NEW YORK—The loneliest man in the world is the man who walks with a gun.

The gunman carries his gun outside the law. His arrogance, conceit, vanity are always superficial. He's never entirely unaware of the cold steel bulge at his belt.

One day that gun is going to kill him. One way or another his own gun will shorten his life.

For the gun-fighter who fights on the side of law and order, it's not much different.

He, too, has been set apart from other men by his own choice. He has a special place in society. Try as he might, he can never be fully accepted on an equal basis. He is sentenced forever to be on guard.

This lawman often has the feeling he is forgotten. Even those he is guarding seem so totally unaware of his problems.

The policeman goes his way with the usual worries about family, sickness, the youngsters' education and the dentist's bill.

In addition, he has to carry through life the weight of that gun.

A policeman has been vested with part of the responsibility and the power of God. To judge men and to terminate human life. For all our legal checks and balances, the choice must often be his.

He has the restless physical weight to keep him ever mindful of the terrible psychological weight of that gun.

When the gaudy lights are dim in the concrete canyons...

When the last gay toast has been drunk to somebody's ephemeral pleasure and laughter has departed and the night's refuse has been swept into the can so neatly labeled, "Keep Our City Clean"...

From then on there are none abroad but the social culs.

The unlovely, the unwanted...

And the policeman.

Patrolling a beat or serving a warrant or checking traffic, he is ever, inevitably, just enough aloof to be alert.

The nearest thing to companionship a policeman can ever know is that of another policeman. For these men are linked by the gun which otherwise sets them apart. Each may any moment risk a precious and irreplaceable life in order to capture a nickel-and-dime hood who'll get paroled anyway.

But the worst part is being alone.

A man can get used to his wife's goodnight kiss maybe meaning goodby.

But it worries him sometimes that she has to help carry the weight of that gun... that it eats her apart, too.

That's all I had to say. Just that in two decades of living very close to the police beat, I have never met a policeman who was paid enough for what you expect him to do.

women, a fear of touching small metal objects (such as wedding rings), a fear of responsibility, a fear of being clawed, a fear of being tied down, a fear of living in a house with another human being, and a fear of being poisoned—as for instance, by a girl who doesn't know how to cook.

An Aid to Politics

Political campaigns would reach a new level if every statesman suddenly caught mynophobia, the fear of telling untruths.

Everybody is more or less afraid of the hydrogen bomb. This is balistrophobia, the fear of missiles or projectiles. However, this doesn't cover the guy who is merely afraid that a lady with an umbrella will stick him in the eye.

He has aichmophobia, the fear of pointed objects.

Maybe none of these fears interest you. You want a more unusual one? Well, how about auroraphobia, or fear of the northern lights? Chances are none of your neighbors can brag he's got that one.

But there is a fear for everyone. If you don't like shopping around for fears, you can win the jackpot by coming down with pantophobia. That means you have a fear of everything.

How about a man who boasts he is without fear? Well, the truth is there really is no such fellow. He has a secret fear all right. It is called phobophobia—the fear of being afraid.

Chicago Plans Full Use of New Seaway

CHICAGO (AP)—Chicago is moving rapidly to make the most of an enhanced seaport potential expected with completion of the deep water St. Lawrence Seaway during 1953.

Negotiations for issuance of 25 million dollars in revenue bonds for initial development of Lake Calumet harbor by the Chicago Regional Port District are under way.

Maxim M. Cohen, general manager of the Port District, said today in an interview that the sea cargo handled at Chicago, about 150,000 tons last year, is expected to jump above one million tons during the 1953 Great Lakes shipping season.

It would mean some 400 to 500 ocean ship arrivals during the first full season after the St. Lawrence Seaway is completed.

Chicago's present ocean shipping is limited to traffic in small freighters of approximately 1,500-ton cargo capacity by the present 14-foot channel depth.

The St. Lawrence channel improvement on which the United States will spend 105 million dollars and Canada 190 million will provide clearance for vessels of drafts up to 27 feet. The present 22 small locks will be replaced by seven of 800 by 80 feet dimensions.

Cohen said that despite limitations at the Lakes Michigan-Huron and Huron-Erie connecting channels, Chicago would be opened to a vast fleet of medium-sized freighters carrying 7,500 to 10,000 tons.

In most cases, Chicago cargoes would be limited to 7,500 tons by the 21-foot Calumet River channel—a passage which could be deepened in the future.

The port program for Chicago centers on development of some 2,200 acres of land and water at Lake Calumet, south of the city and connected to Lake Michigan by the Calumet River.

The first stage development, Cohen said, will be construction of docks, warehouses, cranes and trackage.

Four lines will begin Great Lakes-Atlantic operations this year, establishing new connections with European and African Mediterranean ports. They are the Niagara Line, a new Dutch firm; the Thorndike Line, Swedish; the Kerr Line, U. S., and the Fjell Line, Norwegian.

Red Wing Man Cleared On Manslaughter Count

RED WING, Minn. (AP)—A District Court jury of seven men and five women late Tuesday night acquitted Harry Jablonski, 24, Red Wing, of a charge of first degree manslaughter.

The charge stemmed from the death of Raymond Fick, 31, also of Red Wing, in a Rochester hospital last New Year's Day. Fick was injured in a street fight here on New Year's eve and died of a fractured skull.

Making a number of sandwiches? Stack two or three of them and cut them all at once with a sharp bread knife.

THE NATION TODAY

Witnesses Disagree
On Market InquiryBy JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Bernard Baruch's hearing aid symbolized the closing days of the Senate inquiry into stock market prices. He had trouble catching what went on.

There were plenty of distractions in the three-week inquiry and by the time Baruch testified yesterday, the inquiry had been dwindling away by itself.

Senators Fulbright (D-Ark.) and Capehart (R-Ind.) had a running fight for days. Witnesses disagreed. The stock market took a 10-billion-dollar dip and has now started up.

Fulbright started the inquiry. He's chairman of the Senate Banking Committee, which made it. He said before it started its purpose was to "determine whether the public interest is being safely and wisely served."

So did the inquiry do any good? If it did, time will have to show it. Fulbright said it did. Capehart, a committee member, said it was useless if not harmful.

Secretary of the Treasury Humphrey dealt Fulbright a blow. He said the investigation might be undermining public confidence in the economy.

Other witnesses included top men in stock exchanges, Wall Street, corporations and the government. They disagreed even on such a basic question as this:

Are stock market prices too high? A couple of witnesses said they were dangerously high. Others, including Baruch, said they didn't know and doubted anyone else did either.

John K. Galbraith, Harvard professor, suggested buyers be forced to pay cash in full for stocks they buy. Present government regulations permit them to put down as little as 50 per cent cash and to borrow the rest.

This idea was squelched by William McC. Martin Jr., chairman of the Federal Reserve Board. The market began to dive after Galbraith's suggestion. Capehart got mad at Galbraith.

He announced the professor had written something in 1949 which spoke favorably of Communism, Galbraith, denying it, said Capehart had quoted him out of context.

It's uncertain whether the committee will hold any more hearings. For some time the committee staff will try to digest what was said in the past three weeks. This could not be called one of Washington's most impressive investigations.

Gale-Etrick School Plans Registration Of Kindergarten Pupils

GALESVILLE, Wis. (Special)—Plans for registering kindergarten pupils in the Gale-Etrick School have been announced by Ray Powell, superintendent of the elementary department.

All children expecting to enter kindergarten classes the coming school year are asked to register April 6, from 9 to 11 a.m., and 1 to 3:15 p.m., at the school or in the forenoon period only at Etrick Grade School. It is asked that parents come alone. If parents are not able to attend on this date, they should call Clayton Olson, elementary supervisor, here.

The school has maintained full-time kindergarten classes this year for the first time, with groups taught here and in the Etrick School. Teachers are Mrs. June Larson and Mrs. Ethel Lyon, respectively.

Air Force Panel Truck In Accident at Durand

DURAND, Wis. (Special)—A car and an Air Force panel truck were badly damaged in an accident near Club 10 here Saturday morning.

Driver of the car, Kenneth Weber, turned into the club in front of the truck driven by Kenneth D. Lafferty, who was returning to the Twin Cities after giving a Civil Defense lecture at Arcadia.

Lafferty received a cut on his left knee and Mrs. Allie Krings, a passenger in the Weber car, received an injured ankle. Weber and Mr. Krings escaped injury.

Lily Sale at Hokah

HOKAH, Minn. (Special)—Easter Lilies will be sold in a house-to-house campaign here April 2 for the benefit of crippled children. Mrs. Louis Gistler and Mrs. Burl Kellogg are in charge of the sale. The youth fellowship of the Evangelical and Reformed Church will conduct the sale.

Caledonia Club

CALEDONIA, Minn. (Special)—The Caledonia Commercial Club will meet Tuesday at 6:30 p.m. for dinner. The business meeting will follow.

Whitehall Garage
Bids Opened;
Total \$42,430

WHITEHALL, Wis. (Special)—Low bids totaling \$42,430.20 were submitted Monday to the City Council for construction of the city's new 106-by-48-foot garage and warehouse and a 16-by-40-foot lean-to.

Whitehall contractors submitted the apparent low bids in all categories.

The lowest general construction bid was \$32,778.20 by Clifford Woychik for complete building excepting the heating, ventilating, plumbing, electrical work and an overhead crane and hoist. His bid on the crane and hoist was \$2,000.

E. J. Colliton was low bidder on plumbing, heating and ventilating with totals of \$2,269 for plumbing and \$4,489 for heating and ventilating.

Electrical Bid

The low electrical bid, \$894, was submitted by D. A. Bensed. Megrath Construction Inc., Whitehall, bid \$46,480, including general construction, plumbing, heating, ventilating and electrical work.

Other general construction bids were submitted by the Arnold Construction Co., Arcadia, \$65,817, with a \$2,000 bid for the crane and hoist; the Walker Construction Co., Eau Claire, \$44,841 for the building and \$1,991 for the hoist; Theo. J. Moltzan & Sons, La Crosse, \$39,289 for the building or \$37,904 without the overhead doors; Seignin Lumber Co., Alma Center, \$38,295 and \$1,900 for the crane and hoist; Joseph F. Patrow, Eau Claire, \$36,388 for the building, plus \$1,900 for the crane and hoist, and Market & Johnson, Eau Claire, \$44,861 for the building and \$1,991 for the hoist.

Frank C. Kube, Arcadia, bid \$2,969 on plumbing and \$3,379 for heating and ventilating. E. L. Gilbertson's bid on heating and ventilating totaled \$4,556. He is a Whitehall contractor.

Only one other bid was submitted for the electrical work—\$1,341 by Northwest Electric, Eau Claire.

To Meet April 4

The Council will meet April 4 to let contracts. At the same time, bids will be opened for the sale of the present garage building, which will be removed to make room for the new structure.

Also opened Monday were bids on the installation of new fixtures in the lavatory rooms of the City

Hall and for installation of concrete floors and tiling. Colliton was low bidder at \$1,649 with other bids submitted by the Megrath firm, \$1,550, and Kube (for plumbing only), \$1,134.94.

Building permits were granted to Robert Guinn to construct a 57-by-28-foot residence in the Sunset Addition and to James Briggs for a 14-by-22-foot garage.

Badger Short Courses
On Cooperatives Set

WHITEHALL, Wis. (Special)—Trempealeau County cooperatives have been notified by the extension office here of five regional short courses for Wisconsin cooperatives sponsored by the Wisconsin Council of Agriculture in cooperation with the Department of Agricultural Economics of the University of Wisconsin and the Wisconsin State Department of Agriculture.

The course closest to here will be held at the Tri-State Breeders Cooperative, Westby, Friday. There was one at Wausau today.

Speakers will be R. E. Fisher, marketing specialist with the department of agriculture, who will talk on "The New Proposed Wisconsin Cooperative Law"; Milo K. Swanton and Clair M. Blakely of the Wisconsin Council of Agriculture, who will discuss "Proposed Legislation Affecting Wisconsin Agriculture"; and Marvin A. Schaars, department of agricultural economics, whose subject will be "Urban-Rural Understanding," all at the forenoon session.

Community Hall Group
At Lanesboro Formed

LANESBORO, Minn. (Special)—The new Community Hall committee has decided to lower hall rentals and plan additional recreational facilities for young people and local organizations.

Quarterly meetings will be held this year.

Mrs. B. F. Hormel Dead in Los Angeles

LOS ANGELES—Mrs. Benjamin F. Hormel, formerly of Austin, Minn., died Wednesday at her home here.

She is survived by her husband, a vice president of the Hormel Packing Co. in Austin, a son, Benjamin Jr. of McCook, Neb., and two daughters, Mrs. Lois Lyons and Mrs. Virginia Grounds, both of Los Angeles.

Scientists Bolt Parley Banning Dr. Oppenheimer

SEATTLE (U)—Seven scientists, holding that the University of Washington has placed itself "outside the community of scholars" by banning Dr. J. Robert Oppenheimer from the campus, have forced cancellation of a scientific conference.

The university department of biochemistry announced yesterday a "Symposium on the Molecular Basis of Enzyme Action" would not be held here April 7-8 as planned. More than 200 scientists were to attend. The seven were scheduled as guest lecturers. An announcement by the department said, "Speakers for the symposium have expressed unanimously their unwillingness to participate in any official action of the university as a result of the Oppenheimer ban."

Oppenheimer had been scheduled to appear at Washington this spring as a guest lecturer in physics. Dr. Henry Schmitz, university president, announced his appearance would not be in the best interests of the university.

Signers of the letter of refusal were Robert A. Alberty, University of Wisconsin; Konrad Bloch, Harvard; David E. Green, University of Wisconsin; Arthur Kornberg, Washington University, St. Louis; Henry A. Lardy, University of Wisconsin; William H. Stein, member, the Rockefeller Institute for Medical Research, and Bert L. Vallee, Harvard.

'Twin' Mothers End Series of Coincidences

LOS ANGELES (U)—Two mothers took their babies home from the hospital yesterday, ending a series of astonishing coincidences.

Mrs. Elizabeth Bosshard and Mrs. Jacqueline Luscher, each 28, were both born in Biel, Switzerland. They didn't know each other during girlhood.

But they were married on the same day, July 22, 1950, in different parts of the world. Elizabeth to Hans Bosshard, an electrician, and Jacqueline to Werner Luscher, also an electrician.

Mrs. Luscher gave birth to a 7-pound, 5-ounce girl, Cynthia, at 9 o'clock that night. Mrs. Bosshard had a 7-pound, 5-ounce girl, Linda, at 11 o'clock.

It was the first child for each couple. The mothers were placed in the same room in the ward and left the hospital at the same time.

City of Wisconsin; Konrad Bloch, Harvard; David E. Green, University of Wisconsin; Arthur Kornberg, Washington University, St. Louis; Henry A. Lardy, University of Wisconsin; William H. Stein, member, the Rockefeller Institute for Medical Research, and Bert L. Vallee, Harvard.

Brainwashed POW Praises Reds, Says He Was Spying

NEW YORK (U)—As relatives interrupted and tried to stop him, Malcolm Bersohn—jailed by the Chinese Communists—persisted yesterday in praising his captors and insisting he was guilty of spying.

Bersohn, a former student at Peiping Union Medical College, was held in prison by the Chinese Reds for 3½ years. He was described as "thoroughly brainwashed" after he was released from custody last Feb. 27.

Arriving here by plane from the West Coast, Bersohn hurriedly started reading from a five-page prepared statement:

"I am guilty of military espionage. "If I were willing to lie about the People's Republic, I would be paid a high price by the warmongers and capitalists who are plotting a new world war. . . ."

Bersohn was interrupted by his sister, who did not give her name. She told newsmen: "This is obviously a sick boy."

Crying "I want to tell the truth," Bersohn was hustled into a car bearing a physician's license plate and was driven away.

Government Needs More Engineers

WASHINGTON (U)—The Civil Service Commission said today the government needs more engineers. A pamphlet being sent colleges for distribution to students says the government employs about 47,000 professional engineers "and more are needed."

Canada Has Fund To Keep Muscles On U.S. Dollar

By A. I. GOLDBERG

OTTAWA (U)—Canada has a fund of almost two million dollars operating to keep muscles on the U.S. dollar after it crosses the border.

At bank counters you generally get only 98 cents for your U.S. greenback. Cigar counters and the like may knock off 4 cents. Hotels vary between the bank rate and another penny premium.

That annoys some American tourists—but not too many, Canadian trade officials say hopefully. American tourists may never again see the day when they can fork over \$1 of Uncle Sam's green and get a Canadian dollar and a dime to boot. That situation lasted for years.

Then, on Sept. 30, 1950, when the Canadian government—sensing a mining boom and other business expansion—set the Canadian dollar free to find its own level. That day the Canadian dollar was worth 91 cents U.S. officially.

It began climbing. One day in March 1952 a dollar of either nationality was just a dollar.

And the Canadian dollar kept climbing. American businessmen and investors helped strengthen the Canadian economy. On Aug. 14, 1952, the official rate of the U.S. dollar was around 95½ cents.

Then the government began using some of its gold and currency buying fund—in existence since 1935—to buy dollars in a day-to-day "smoothing-out operation." Greenbacks began a slow recovery. One day two weeks ago they were up to 99 cents. They hover around 2 to 3 cents premium pretty generally.

Catholic Church, Peron May Settle Differences

BUENOS AIRES, Argentina (U)—President Peron's government and the Roman Catholic Church reportedly have agreed to end their four-month running battle.

High church sources said last night a truce was reached in long conferences this week between Peron and Santiago Luis Cardinal Copello, Argentina primate.

The informants said the agreement will lead to settlement of all causes of tension. During the feud, at least 13 priests were jailed for terms ranging up to 30 days.

Politicians Put Swords Away, Take Up Dinner Forks

NAPLES, Italy (U)—Two Monarchist politicians who pinked each other in a sword duel prepared today to have dinner together. Both nursed minor wounds on the right forearm.

The duel was fought yesterday by Sen. Gaetano Fiorentino, a member of the Popular Monarchist party, and Attilio Romano, an official of the rival National Monarchist faction. Fiorentino said later it was over an article he wrote in a Naples newspaper.

Van Fleet Back In Korea on Mercy Errand

SEOUL (AP)—Gen. James A. Van Fleet, who lost his only son in the Korean War, returned today in civilian clothes seeking information about missing or captured men who served under him in Korea.

"I feel it is a sacred duty that mothers of those captured men should know the truth," the retired general said.

Although he has never said so, friends say the 61-year-old Van Fleet never has given up hope that his own son may still turn up alive.

Lt. James A. Van Fleet Jr., a B26 pilot, was reported missing after his first flight over North Korea in April 1952.

The general led the 8th Army from April 1951 to February 1953.

Officially 10,634 men are listed as missing and captured.

Three Girls Top Class at Durand

Monica Hart, daughter of Mr. and Mrs. G. A. Hart.

DURAND, Wis. (Special)—Carol Jean Severson, daughter of Mr. and Mrs. George Severson, has been named valedictorian of the 1955 graduating class at Durand High School.

Monica Hart, daughter of Mr. and Mrs. G. A. Hart, and Marybelle Dickelmann, daughter of Mrs. E. Dickelmann, Durand, and Dr. L. E. Dickelmann, Hutchinson, Kan., tied for salutatorian honors.

Carol served as freshman class secretary, vice president as a sophomore and was treasurer last year.

A four-year member of the Girls Athletic Association, she served as vice president as a junior and president this year. She also is president of the Future Homemakers of America.

Carol was homecoming queen last fall.

She also is business manager of the yearbook and school paper this year.

Monica has entered the music festival competition in Eau Claire each of the four years. During the junior and senior years, she participated in class plays and worked on the newspaper and yearbook. She has been a member of the Girls Athletic Association for four years and competed with forensics teams as a senior. She was a prom attendant during her junior year.

Marybelle, who plans a career in medical technology, served as class secretary as a sophomore and has been a member of the Girls Athletic Association all four years serving as treasurer and secretary as a junior and senior respectively.

She was a cheerleader for three years and a drum major for two. During her freshman year, Marybelle was a member of the

Blair Student Named ROTC Officer at 'U'

BLAIR, Wis. (Special)—Verdel A. Kolve, son of Mr. and Mrs. Amos Kolve, is among the 15 University of Wisconsin seniors who have been appointed student commanding officers of the ROTC cadet brigade unit.

The new student officers will be in charge of spring military drills and will participate in the federal inspection of the university's Army Reserve Officers Training Corps unit on the campus in May.

Kolve will hold the cadet rank of lieutenant colonel.

Doctor Insane, Attorney Says

MCALISTER, Okla. (AP)—An attorney for Dr. Ben T. Galbraith, charged with murder of his wife and three children, said last night that a letter found in the fire-swept home where they died will be the basis today for an order seeking his commitment to a mental hospital.

Atty. Willard Smith, a brother-in-law of the 34-year-old heart specialist, said an application to send the defendant to Eastern State Hospital at Vinita will be filed in District Court.

Galbraith pleaded innocent at his arraignment yesterday and waived preliminary hearing.

The letter was not addressed to anyone but said in part: "Despair, frustration, restlessness. All this haunts and tantalizes me. I have sudden yearnings to be alone, away from everything that moves, feels or reacts. I would like to kill myself but I retreat from this."

glee club. She was a homecoming attendant as a junior.

During four years of activity, she won five letters and one honor pin and participated in intramural volleyball and the intramural basketball program for four years. She also was a member of the tumbling teams.

Couldn't Sleep Couldn't Eat

Maybe you aren't very sick and yet you don't feel really well. Perhaps you suffer from headaches, indigestion, nervousness, gas and bloating, loss of sleep or lack of appetite. Frequently these symptoms are caused by constipation. When that's the case be smart and take Mr. Peter Bothen of Chicago, Illinois, takes

Forn's ALPENKRAUTER

Mr. Bothen states: "I suffered very badly from functional constipation and my bowel movements were not very regular. Since taking Alpenkrauter when needed I feel much better. My appetite is improved and I can sleep at night."

Greedy and smoothly this time-proven laxative and stomachic-ionic medicine puts sluggish bowels to work and aids them to eliminate clogging waste matter, helps expel constipation's gas, gives the stomach that comforting feeling of warmth.

Alpenkrauter's amazing effectiveness is due to a scientific formula which combines 18 (not just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 80 years. Yes, for prompt, pleasant, proven relief from constipation's miseries—get Forn's ALPENKRAUTER today.

Now you can blonde over old furniture or woodwork

without removing paint or varnish. Also goes over new wood, metal or plaster—color-fast—practically chip-proof—does not darken!

**PIERRE'S

Bill for Broader Badger Disability Aids Gets Hearing

MADISON (U)—Arguments on a bill to broaden Wisconsin's disabled person definition so the state would receive matching federal aids were heard in the Capitol Wednesday.

Bill 145-S, introduced by Democratic Sens. Nelson of Madison and Staib of Racine, was up for a public hearing before the Senate Education and Public Welfare Committee.

The bill would liberalize the legal definition of those eligible for state disability aids.

Nelson said changing the definition would take 3,500 to 4,500 persons off local government's relief rolls and place them on state disability rolls.

He said that while this would give the state an added financial burden of about \$1 million to \$1.5 million per biennium, the federal matching aids made possible by the new definition would offset the added state burden as far as the taxpayer's pocketbook is concerned.

The law now says a "totally and permanently physically disabled person" must require "constant and continuous care" to be eligible for state aid.

Bill 145-S would drop the word "physically" and would make a medically certified disabled person eligible for aid if his impairment "prevents such person from engaging in any gainful occupation."

The bill would also add a provision for the disabled homemaker if her impairment "prevents such person from performing all of the major duties required in home-making."

Plainview FFA Youth Now District Secretary

KENYON, Minn. — Robert Sprenger, Plainview, was elected secretary of the District 4 Future Farmers of America here Tuesday.

Other officers named were: Bernie Moucha, Austin, president; Larry Perkins, Red Wing, vice president; James Foss, Kenyon, treasurer; Donald Hall, Red Wing, reporter; James O'Connor, Hastings, secretary; and Sheldon Lukes, Austin, director.

In a talent show held in conjunction with the spring meeting, Austin entries won first and second places.

Senators Question Adams on Peress

WASHINGTON (U)—John G. Adams, outgoing chief Army counselor, goes before investigating senators today for questioning about the Irving Peress case.

The Senate Investigations subcommittee is seeking to pinpoint responsibility for Army actions advancing Peress to major and giving him an honorable discharge after he had been tabbed as a security risk.

An Army report last January said Adams and Lt. Gen. Walter L. Weible, a deputy chief of staff, made the final decision on Peress' discharge Feb. 2, 1954.

Weible testified yesterday he never did recommend an honorable discharge, and that he thinks the decision was "in the judge advocate general's office." He said that if he had known then what he knows now "I would have recommended a court-martial" for Peress, but he did not say on what specific charge.

Brig. Gen. Ralph W. Zwicker, Peress' former commander at Camp Kilmer, N.J., testified he had "absolutely nothing" to do with decisions to promote Peress and give him an honorable discharge.

Zwicker, who had accused Sen. McCarthy (R-Wis.) of abusing him at a previous inquiry into the Peress case, tangled with the senator again yesterday. They shouted heatedly for a few moments, but subcommittee Chairman McClellan (D-Ark.) stilled the outburst.

Zwicker described as untrue statements made by James Juliana, a McCarthy aide, about conversations between Zwicker and Juliana.

"There is nothing funny about calling a young man a perjurer," McCarthy interjected.

"Neither is there anything funny about calling a general officer unfit to wear his uniform," Zwicker shot back.

McCarthy had once told Zwicker he was unfit to wear a general's uniform.

Athletic Banquet Planned at Arcadia

ARCADIA, Wis. (Special)—Plans for the annual spring athletic banquet were discussed by the Arcadia Lions Club Tuesday night.

The event has been set tentatively for 7 p.m. April 12 at the St. Stanislaus Catholic Church dining room. Arrangements are being made for a guest speaker, according to Chairman Edward Killian.

John Quinn, chairman of the queen committee for the Arcadia Dairy and Broiler Festival, asked for suggestions in selecting the broiler queen. The coronation will be held in conjunction with a dance, instead of a baseball game. Festival buttons will be on sale in the near future. Button sales are in charge of Robert Gamoke and Adrian Kostner.

Following the meeting several club members met with Scott Hale, market specialist of the state of Wisconsin. Scott outlined the Allee in Dairyland regional candidate selection program, which will be held

George William Patton, above, 78-year-old native of Lake City who died Saturday at Pasadena, Calif., left bequests to civic organizations and institutions totaling \$145,000. Largest bequests were to the Lake City Municipal Hospital, \$60,000 for construction of an addition to the building in memory of Patton's parents, Mr. and Mrs. Hiram T. Patton; \$30,000 for a new wing at the Carnegie Tyrone Library; a \$25,000 bequest to the Lake City Women's Club for a clubhouse; \$10,000 each to the First Congregational Church and the Lakewood Cemetery Association; and \$5,000 to the Boy Scouts and Campfire Girls.

here May 28. Seven counties—Trempealeau, Buffalo, Pepin, La Crosse, Jackson, Vernon and Jackson—will enter candidates.

Flour used in cake-making should always be measured carefully. Shift the flour onto a piece of waxed paper, then spoon lightly into the measuring cup and level off with a spatula.

Russians Return 2 Forced Down In Helicopter

STUTTGART, Germany (U)—The Russians today returned a U.S. Army helicopter pilot and a German national who made a forced landing behind the Iron Curtain a week ago.

The two were turned over to U.S. officers at an isolated spot on the East German border, 20 miles northeast of Bad Neustadt, Bavaria.

They were Lt. Lewis E. Jacquay, of Fort Wayne, Ind., and his passenger, Horst Kuehn, a member of a German labor service unit attached to the U.S. Army.

The two-place H13 helicopter went down in a field a few miles inside East Germany last Thursday afternoon. The Army said the men apparently became lost in snow squalls and were blown across the border by strong winds.

The two were arrested almost immediately by East German police and turned over to Soviet authorities.

The helicopter also was released and an American crew flew it to Schweinfurt in West Germany.

Wisconsinites Protest Bill to Close Aid Records

MADISON, Wis. (U)—Representatives of taxpayers and property owners asked the Senate Education and Public Welfare Committee to keep the 1953 law opening public assistance rolls to public inspection.

The spokesmen, all but one from Milwaukee County, appeared to oppose a bill which would close the public assistance records to everyone except public officials and newspapers.

The only persons speaking in favor of the bill were its authors, Democratic Sens. Nelson of Madison and Staib of Racine.

Nelson said that in the 18 months the rolls have been open, there were only 132 inspections by the public in 45 counties. He said there were no inspections in 26 counties.

Raymond Pazik, Milwaukee, of the Southwest Taxpayers Assn., said the figures Nelson reported showed "the public has not abused its right to inspect these records."

Pazik said the bill "is a slap in the face of the citizen and taxpayer."

Committee Hears Iron Ore Industry

ST. PAUL (U)—Vigorous opposition to Gov. Freeman's recommended increase on occupational and royalty taxes on iron ore was voiced today by representatives of the mining industries before the Minnesota House Tax Committee.

The governor has recommended a hike from the present 12 per cent tax to 16 per cent. This would produce an additional 16 million dollars for the next two years, half of which would go into the state's general revenue fund.

Minnesota's iron ores face an out-and-out competitive struggle for the ore markets of the nation, the representatives said.

The mining industry heads detailed their companies' results in this year's mining and selling of Minnesota ores. They explained that Minnesota ores are declining in quality and require expensive improvement before they can be successfully marketed in competition with higher grade ores from other sources.

"The proposed iron ore tax program is bound to discourage the much needed investment in ore

treatment plants," W. K. Montague, Duluth attorney for the mining industry, said. "And it will make it difficult or virtually impossible to operate many marginal mines. This will render a colossal disaster."

American Cancer Society statistics show that more than 600 Americans die of cancer each day.

Take It From Me . . .

You'll Save Up to \$60!

It's a fact . . . I bought my girl's engagement ring at CICHANOWSKI'S JEWELRY STORE on MANKATO AVENUE and I saved \$60. I had read that their prices were reasonable, but was really amazed when I compared the ring I bought with other diamonds in Winona. Nowhere could I find a comparable ring at CICHANOWSKI'S low price. That was positive proof to me that it pays to shop at . . .

Paganini Quartet Climaxes Concert Season Here

By MAY MURRAY

To sit back, relax and permit exquisite music, superbly played on incomparable instruments permeate one's being was the privilege of the audience at the concert given by the Paganini String Quartet in the Winona Senior High School Wednesday evening.

The silence invoked by the music was a measure of the tribute vouchsafed the quartet. The warm intimate quality which is an integral part of chamber music imbued the evening despite stage-audience division and size of auditorium.

With each of the four an artist in the true sense of loving, understanding and creating music, the quartet joined its talents to create perfection.

An early quartet of Beethoven's, Opus 18, No. 2, offered dramatic excitement and intensity of expression as the major offering of the evening. A courtly dignity opens the first of four movements, even of instruments in two sharing in the theme. The racing motif in the second movement is predominantly the violin's, the cello interrupting with a deliberate measure only in turn to give over to a dance-like phrase, the movement returning again to its original pace.

A play on three notes catches the imagination as it darts from instrument to instrument and from variation to variation in the third movement. A continual hurry pervades the closing movement except for a minor-like quality introduced late, permitted to fade away and then return with a suggestion of today's modernity, before the original theme ends in pianissimo.

Selections from the "Heart of the Quartet" provided a large part of the program, the quartet continuing the chamber music tradition by playing compositions chosen by the audience from the list offered.

The beauty of a Haydn serenade had unbelievable sweetness with the violin as solo instrument against a background of plucked strings by other members of the quartet.

A contemporary composer, Milhaud, was represented in the rollicking gaiety of a movement from his Quartet No. 7, in which the instruments danced from phrase to phrase. The melancholy nostalgia of Dvorak's American Quartet found the first violin and the cello conversing. While Borodin's nocturne offers the cello a starring role, the first violin contributed a singing bit and the viola followed a melodious interlude by the cello.

Composer after composer and mood after mood were brought to full realization by the quartet, a scherzo by Schumann with lively frenzy, a Brahms quartet bringing out the tonal range and melting quality of the viola and the Tschai-kovsky Andante Cantabile reviving a love for its theme which has almost been destroyed through a hackneyed popular rendition.

The last movement, from the Mendelssohn quartet, Opus 44, No. 1, closed the program proper, the quartet again building with supple precision, rich tone and insight to repeated heights. As an encore the "Surprise" movement from a Haydn quartet was played.

Members of the quartet, headed by Henry Temianka, first violin, are Gustave Rosseels, second violin; Charles Foidart, viola, and Lucien LaPorte, cello.

The quartet plays four Stradivari instruments owned at one time by Nicolo Paganini, and insured for a quarter of a million. The first violin was Paganini's own concert instrument, the second violin was made by Stradivari in 1680, the cello by the famed instrument maker in 1736, when he was 92, and the viola is the instrument for which Berlioz composed.

WSGS MEETING

WHITEHALL, Wis. (Special)—Mrs. Charles M. Briggs will be hostess at a meeting of the WSGS Friday afternoon. Mrs. Margaret Dahl will be the program leader.

REBEKAH LODGE

Wenonah Rebekah Lodge entertained at five tables of cards Tuesday afternoon at the Odd Fellows Temple. Mrs. Herbert Nichols won the attendance prize. Cards will be played again next Tuesday at 2 p.m. Mrs. Charles Flanagan is in charge.

PTA ROUND-UP

CALEDONIA, Minn. (Special)—The kindergarten summer round-up committee sponsored by the public school PTA is inviting the pre-kindergarten children and their parents to a round-up party March 30 at 2:30 p.m. in the public school auditorium. There will be a short program by the children of the kindergarten and other entertainment.

TO CALIFORNIA

ETTRICK, Wis. (Special)—Robert Rognie, son of Dr. and Mrs. C. O. Rognie, will leave Saturday from La Crosse by plane for Van Nuys, Calif., for a visit with his brother and sister-in-law, Mr. and Mrs. Conrad Rognie. Robert will seek employment in California. For the past several years Robert and his brother John have been operating the Rognie farm, "Wits-End," on federal highway 53, south of Ettrick. John is now employed in La Crosse.

Research indicates that drafts, chilling, wetting and other discomforts have little effect on common cold infections.

A Cranberry Cabbage Salad Mold and your favorite tuna fish casserole make a tangy and colorful Lenten meal you can prepare in advance. To make the salad mold, place 1 envelope unflavored gelatin in custard cup, add ¼ cup cold water, let stand 2 minutes, place cup with gelatin in pan of boiling water and heat until gelatin is dissolved. Add to 1 pound can jellied cranberry sauce which has been crushed with fork. Fold in 1 cup finely shredded cabbage, ¼ cup diced celery and ½ cup chopped walnuts. When mixture begins to thicken, pour into one large mold. Chill until firm. Unmold. Serve on chicory.

Lewiston OES Installs Officers

LEWISTON, Minn. (Special)—Mrs. Lee Ayers, past matron of Winona Chapter 141, was installing officer for Sunbeam Chapter 207, OES, in the chapter rooms Monday evening. The installing marshal was Miss Gertrude Blanchard. Mrs. Kenneth Klaus was installing chaplain and installing organist was Mrs. Beaufort Wirt.

Those taking office were Mrs. Luther Nussloch, worthy matron; worthy patron, Maurice Henderson; associate matron, Mrs. Esbern Johnson; secretary, Mrs. Belle Robertson; treasurer, Mrs. Arthur Radatz; conductress, Mrs. Harvey Knutson; associate conductress, Mrs. Richard Henry; Chaplain, Mrs. H. W. Satterlee; organist, Mrs. Ray Nussloch; Ada, Mrs. Odean Goss; Ruth, Mrs. Clarence Miller; Esther, Mrs. Harold Selvig; Martha, Mrs. Lillian Nesbit; Electa, Mrs. Ray Laufenberg; warder, Mrs. E. A. Huhum, and sentinel, Odean Goss.

At 8:30 p.m. the chapter opened for installation of officers with Mary Alice Nussloch, daughter of the worthy matron, placing the open Bible on the altar. Joseph Grethurst led the flag pledge and the tribute to the flag was given by Dean Selvig.

After the worthy matron had been installed, "The Lord's Prayer" by Malotte was sung by Mrs. Harriet Ballard, accompanied by Mrs. B. Wirt at the piano. Following the worthy patron's installation, Mrs. Esbern Johnson and Robert Randall sang "The Lord is My Shepherd."

A flower addendum was given by Mary Alice and Betsy Nussloch for the star points, accompanied at the piano by the organist, Mrs. Ray Nussloch.

Mrs. William Larson presented the retiring worthy matron, Mrs. Fred Henry, with past worthy matron's pin and gift from the offi-

Durand Girl Scouts To Stage Spring Fashion Show

DURAND, Wis. (Special)—Girl Scouts of Troop 71 at St. Mary's School will hold a spring fashion show Sunday at 7 p.m. in the church auditorium.

New styles from Durand apparel shops will be modeled by members of the troop. The revue also will offer musical selections by Susan Pattison and Marlene Weisenbeck and ballet number by Carol Jean Blair and Susan and Barbara Kowitz.

The program which is open to the public, will have a social hour following with cake and coffee served by the scouts. The program is being staged as part of a project to complete work toward personal health badges in which good grooming and good posture are stressed.

PYTHIAN SISTERS

Winona Temple 11, Pythian Sisters, met in the community room at the city building Monday evening. Mrs. Arthur Brightman was installed as guardian. Plans were made for a potluck supper April 18 at 6 p.m. to be followed by a short meeting. A public card party will follow at 8 p.m. in the community room. Lunch was served by Mrs. Raymond Dexter and Mrs. N. C. Wilkinson.

NORTH BRANCH CLUB

WHITEHALL, Wis. (Special)—The North Branch Community Club will hold its annual meeting Friday evening. The 4-H Club will present a play, "Bargains in Haircuts." Annette Hammer will give a reading, and Rachael Langner will contribute an accordion selection. Lunch will be served, and Ernest Langner, president, extends an invitation to the public to attend.

Teresa Librarian President-Elect Of National Group

Sister M. Eone, head librarian of the College of Saint Teresa, has been elected vice president and president-elect of the Catholic Library Association.

President for the next two years is the Rev. A. H. Mattlin, S.J., director of libraries, Loyola University, Chicago.

Sister Eone also is head of the library science department at the college which now offers a minor for students interested in library work.

After graduation from Saint Teresa's as a lay person, she was for five years public school librarian at International Falls, Minn., and later a staff member of the New York City Public Library. In 1936, she joined the Sisters of St. Francis. Sister Eone holds advanced degrees from the library schools of Columbia University and the University of Michigan.

In 1951, Sister Eone was elected a member of the executive council of the Catholic Library Association for a six-year term. The next year she was appointed national membership chairman. She also is present chairman of the Minnesota-Dakota unit of the CLA.

Since 1946, Sister has been director of the annual Teresian Book Fair. She also has been a frequent speaker at meetings of various organizations and has contributed articles to Library Journal, Catholic Library World and Catholic School Journal.

Sister Eone is moderator of the Teresian Alumnae Association and edits the alumnae magazine.

Sister M. Eone

Benefit Dance Set For Chief at BRP

BLACK RIVER FALLS, Wis. (Special)—The Black River Falls police department and Jackson County sheriff's department will sponsor a dance April 1 at the Inwood Ballroom, Hatfield, for the benefit of Police Chief Al Young whose home was severely damaged by fire Saturday. Most of the Young's clothing, bedding, and personal effects were destroyed.

CHIMNEY ROCK CLUB

WHITEHALL, Wis. (Special)—Martin Wiemer, Independence, will show pictures of Europe at the meeting of the Chimney Rock Community Club at the Brick School Friday evening. Other numbers will be on the program which will begin at 8:15 p.m. Women are to bring a novelty hat for sale and a lunch for two persons.

City Board Takes High Bid Made On Bicycle Plates

The purchase of 4,500 bicycle license plates from the Northfield Iron Co. was authorized Wednesday night by the Board of Fire and Police Commissioners.

The contract was awarded on Northfield's bid of \$900 which was \$180 higher than the quotation of the Waupun (Wisconsin) State Prison which has supplied the city with the plates in recent years.

A Winona representative of the manufacturing firm, Harlo Larson, appeared at the board meeting and said that he did not believe the commissioners should buy the plates from an out-of-state institution when a private industry in Minnesota could supply the licenses at what he described as a comparatively small difference in price.

The Wisconsin prison offered the plates at \$720 and the commissioners said that they believed that the Northfield product was of superior quality.

Bills for the police department of \$645.05 and the fire department, \$8,195 were approved for payment.

Fire Chief Frank P. Witt and two other firemen were authorized to attend next month's annual firemen's training school in Minneapolis.

The board placed on file a report from Chief of Police A. J. Bingham outlining his reasons for wanting the establishment of a juvenile detention room in the city building.

No action was taken on the proposal at Wednesday's meeting and the commissioners said that they would discuss it further at the April session.

CHARGE AT WHITEHALL

WHITEHALL, Wis. (Special)—Marcus Alt, Trempealeau, pleaded not guilty before Justice P. M. Paulson to a disorderly conduct charge and the preliminary hearing will be held Friday at 10 a.m. Bond was fixed at \$50. Alt was arrested Saturday at Trempealeau by Sheriff Ernest Anness.

Altura Driver Pays \$25 Fine at Goodview

Conrad Gable, 53, Altura, paid a \$25 fine and costs of \$3.50 in Goodview justice court Wednesday after pleading guilty to a charge of failing to stop and identify himself at the scene of an accident.

Sheriff George Fort said that Gable was arrested after his automobile ran into another car on Highway 248 on Straight Valley hill, 17 miles west of here, last Thursday.

5 Alma High Students In Forensics Contest

ALMA, Wis. (Special)—Five Alma High School students, who won A ratings in the league forensics contest at Cochrane, Monday, will represent Alma in the district contest at La Crosse April 2.

They are: Marilyn Mork and Georgia Stiehl, who competed in the serious declamation division; Heidi Hertzfeldt and Ramona Stiehl, humorous declamation, and Curtis Accola, nonoriginal oration.

They were among the 11 students chosen in the school contest to participate in the Cochrane meet. Other winners among the 22 local entrants were: Janice Rhymer, nonoriginal oration; Lois Accola and Gertrude Buckmiller, extemporaneous reading; Norman Blasing and Dale Herold, extemporaneous speaking, and Werner Stettler, 4-minute speaking.

EAST BROADWAY CRASH

Clement Duffy, Minneapolis, and August Lubinski, 179 W. 4th St., were drivers of cars that collided at East Broadway and Center street at 4:30 p.m. Wednesday. Duffy, who was driving east on Broadway, reported \$75 damage to his car while Lubinski, traveling south on Center street, has not filed a damage estimate.

RAIL WRECK (Continued From Page 3)

speculate as to who had left the switch open.

Station agent Males said that a switch engine, which operates between St. Paul and La Crosse, arrived in Lake City at 12:15 p.m.

The switch engine of the "way freight" began switching operations at 12:25 p.m.

The engine moved the loaded lumber freight car onto the spur track. (Botsford officials later told

the station agent they had not even known it was there.)

Switching of the lumber car was completed at 12:45 p.m. and the way freight backed up away from the spur track and was stationed north of the depot off the main line when the freight train came through 49 minutes later.

Working on the switching were E. J. Goggin, La Crosse, conductor, and John Dahling, Lake City, acting section foreman, according to assistant depot agent Vollmers.

Goggin and Dahling were standing on opposite sides of the westbound tracks, immediately in front

of the depot, watching for "hot boxes" when the freight went through, said Vollmers. Neither of the two men operating the switch engine could be reached for comment.

Other Products

In addition to the explosives, the derailed freight cars carried apples, wheat, aluminum, dried milk and several cars of new farm machinery.

Damage estimates will depend to some extent, said railroad officials today, on the prices of wheat,

apples and dried milk. None of the tracks on either the mainline eastbound or westbound right of way were damaged, it was indicated.

Only track damage reported today was between 50 and 100 feet of rail at the end of the spur line, which had back-lashed when the freight rolled over the dead end.

An estimated 10 of the 16 freight cars involved were virtually demolished. The three-unit diesel was tilted toward the ground.

Freight cars had imbedded them-

selves so deeply into the ground, that removal operations were "very difficult," said Hibbard this morning.

The Hiawatha passenger train, after being flagged down at the Lake City depot, was backed up to Hastings and was rerouted down the Wisconsin side of the river on the Burlington Road.

With the eastbound tracks cleared, said Males today, normal service is being continued through Lake City. Early Wednesday evening traffic, preceding removal of two

crushed freight cars from the eastbound track, was routed over the Burlington Road.

One of the first railroad officials at the scene was Frank Auman, a lieutenant of railroad police who operates between St. Paul and La Crosse.

He said that the wreckage, with freight cars telescoped around and over each other, was "one of the worst messes I've ever seen."

Kentucky has a town named Texas.

Trempealeau Co. 4-H Entries in District Named

ETTRICK, Wis. (Special)—One play from Trempealeau County and three musical numbers will compete for honors in the district 4-H drama and music contest at Taylor Friday evening.

The Hale and Hardy Club from the Town of Hale will present the one-act play "Angel Child," having won over two other entries at Ettrick Community Hall Monday evening.

Musical entries will be the Arcadia Stars all-girl instrumental ensemble; the Pigeon Flyers girls vocal ensemble, and the South Branch Scooters square dance group, a novelty number.

"Angel Child," presented by the Caledonia Thrifty Workers, placed second.

Musical numbers were in four categories. Among the instrumentalists the Glasgow-Hardies Creek Busy Bees placed second with a cornet and trombone duet by Betty and Gordon Hoff, sister and brother act, and a trio from the Sunnyside club, calling themselves the Harmonics, comprised of Alta Thompson, Fred Von Haden and Charles Knudson, playing accordion, saxophone and piano, placed third.

The Hegg Harvesters boys sextet placed second among vocal numbers. In dance numbers Shari Bloom and Marie Sylla of the Elk Creek Clovers Club, placed second.

Cast of the prize-winning play, included Shirley Netze, Mary Karen Hanson, Cedric Anderson, Phyllis Berg, Sandra Engqvold and Charles Johnson. Musicians in the Arcadia Stars instrumental group were Joyce Micek, Josephine Skroch, Connie Gilbertson, Judith Sobotta, Janice Sonsalla, Ramona Thomas, Mary Kay Skroch, Jane Sonsalla, Janice Rose-nov, Janice Fonfara, Rose Marie Thomas, Barbara Tuschner, Louise Kollarz, Rita Thomas and Betty Lou Sonsalla. George Bohrnstedt was the conductor. Singers in the Pigeon Flyers vocal ensemble were Julie Ann Tomter, Marilyn Hanson, Barbara Berge, Goodie Staff, Carol Neprud, Rita Hagen, Beverly Thorson, Audrey Berge, Marsha Hoff, Bonnie Edmundson, Judy Neprud, Joanne Sletteland, Dorothy Fremstad, Linda Engqvold and Audrey Evenson. They sang "The Children's Prayer," from Hansel and Gretel by Humperdinck, and "Kentucky Babe," Mrs.

Palmer Hanson was accompanist. South Branch Scooters square dancers included Carole Severson, Wanda Larson, Mary Paulson, Ione Salomonsen, Donavan Larson, Joyce Severson, Arvid Bryhn and Wilber Salzwedel. They danced to recorded music.

Club leaders of the winning groups are: Hale and Hardy, Mr. and Mrs. Arne Hanson; Arcadia Stars, Mrs. Ernest Sonsalla and Joseph Skroch; Pigeon Flyers, Mrs. Palmer Hanson and Ralph Christopherson, and South Branch Scooters, Mr. and Mrs. Leslie Larson and Mr. and Mrs. Willard Salzwedel.

Judges of the plays were Mmes. Howard Blankenhorn, Arthur Runnestrand and C. A. Brye. Music judges were Mrs. F. M. Pederson, Clayton Olsen, elementary school supervisor in the Gale-Ettrick district, and Clayton Sime. An audience of more than 300 persons was present.

SKILLET CLUB FOR MEN

By Frank Kohler

A LOBSTER A LA NEWBURG THAT'S SURE TO GO OVER. Richard E. Black, Arlington, Mass., sent us his Lobster A La Newburg, and you'll agree that Mr. Black knows whereof he speaks when he says, "It's easy to prepare, and is always a hit with the guests." This will serve four.

- 1 boiled lobster (about 2 1/2 lbs.)
- 1/4 cup butter.
- 1/2 teaspoon paprika.
- 1/4 cup sherry.
- 2 tablespoons flour.
- 2 cups thin cream.
- 2 eggs yolks.

Remove meat from lobster and cut in good-sized pieces. Using a heavy saucepan, blend butter, paprika and sherry. Stir in lobster meat, and cook two minutes. Sprinkle with flour and stir lightly. Combine cream and egg yolks and beat well, then add mixture to the lobster. Fold over until well blended.

Cook until thickened and smooth, and serve on toast or in patty shells. This is good for an evening buffet supper. Mr. Black usually makes it in advance, and then reheats it in a chafing dish. Good, too, with crab, or shrimp, or scallops even — or maybe all three!

Jule Mitchell, Chicago Daily News Chapter, has another fine chafing dish affair here — Chipped Beef With Sour Cream.

- 1/4 pound chipped beef.
- 2 tablespoons butter.
- 1 pint sour cream.
- 1/4 cup sliced water chestnuts (or artichoke hearts), or 1/4 cup of each.
- 1/4 cup sauterne.
- 1 tablespoon grated Parmesan cheese.
- Salt and pepper.
- Seasoned salt.
- Paprika.

Pick over beef, and if it is very

Nuclear Test Set Today Postponed

LAS VEGAS, Nev. (AP) — There was no nuclear shot today. Testers said that a big, 500-foot tower blast which has been delayed by weather conditions since March 14, will not be attempted until tomorrow, at the earliest. Yesterday's underground blast was the 38th in the series.

The underground explosion, set off by an atomic demolition device, produced a dirty cloud of brownish color. The device was one of the tiniest nuclear explosives yet devised and the miniature mushroom rose to only 11,000 feet, a relatively short distance for an atomic blast.

Yesterday's test on Yucca Flat was a special one for the Army's Corps of Engineers.

This was the first underground blast at the Nevada site since 1951 and was viewed by 280 military observers from a distance of five miles.

The Atomic Energy Commission said there was no report of any radioactive fallout outside the test site.

No Difficulty Foreseen In AFL, CIO Mergers

LOS ANGELES (AP) — David J. McDonald, head of the CIO United Steelworkers, says he anticipates no difficulties in the integration of AFL and CIO state and local bodies after a merger of the parent organizations.

He said in an interview yesterday that he thinks it would be possible for some bodies of both groups to retain their identities. Merger plans have been approved by executive committees of the CIO and AFL. The memberships will vote on the proposal at conventions later this year.

Lt. (j.g.) Daniel H. Schulz, son of Mr. and Mrs. Herman Schulz, 503 E. Howard St., recently returned with his squadron to its home base at Barbers Point, Hawaii, after five months of patrol duty in the Aleutian Islands and Kodiak, Alaska. His address is: VP-6, care of the fleet post office, San Francisco, Calif.

CHATFIELD, Minn. — Pvt. Howard L. Borgen, 22, son of Mr. and Mrs. Elmer Borgen, is serving with the 1st Cavalry Division in Ja-

pan. A mechanic with the 82nd Field Artillery Battalion, Pvt. Borgen entered the Army in May 1954 and took basic training at Ft. Leonard Wood, Mo.

Throat Operation Fails to Save Boy

DENVER (AP) — Edsel Scroggs, 16, died at Colorado General Hospital yesterday of complications resulting from a 13-hour throat operation March 13.

Surgeons transplanted a section of his intestine to his throat, which had been badly scarred when the boy accidentally drank liquid potash.

Pup Enters Hospital, Has Splinter Removed

PHILADELPHIA (AP) — A scrappy pup leaped into the accident ward of Einstein Medical Center. An intern found a large splinter in one of the dog's front paws and removed it. The pup wagged its tail and walked out.

Kite Leads Family On Wild Auto Chase

ALBUQUERQUE (AP) — Five-year-old Dale Holmen got bored flying his kite yesterday. He passed it over to his brother Mark, 3.

There was a stiff breeze, and Mark got tired. He passed the job on to Penny, their dachshund puppy. Penny got distracted. He just dropped the stick on the end of the string. Off went the kite.

Dale's shouts, Mark's wails and Penny's barks promptly brought out the boys' folks, Mr. and Mrs. M. O. Holmen.

They piled in the family car and finally found the kite snagged high in a tree five blocks south.

But they were slow. As they discussed recovery strategy, the tugging kite snapped the string and off it sailed again.

The chase started anew. As the boys' harassed father describes it: "The family was watching the kite and I was watching traffic. We didn't know which was going to land first. Everyone was yelling

directions. Mark, of course, was just yelling." Away they dashed, two blocks, four blocks, across the railroad tracks. Finally, a mile and a half away, they found the kite in a field.

Peace, comparative at least, holds forth in the Holmen home today, and Mom and Pop have suggested a moral: dachshunds are just too close to the ground to fly kites.

Cpl. Red Cloud Paid Tribute by President

BLACK RIVER FALLS, Wis. (Special) — President Eisenhower this week sent the following telegram to the Rev. Mitchell White-rabbit, pastor of the Winnebago Indian Mission Church here:

"I join with those who unite in tribute to the memory of Cpl. Mitchell Red Cloud Jr. His heroism has reflected lasting honor on the country which he loved and the country for which he gave his life."

Cpl. Red Cloud, who was killed in action with the Army in Korea

Nov. 5, 1950, will be buried here Saturday.

Black Marketing In Food Rapped By Soviet Press

By RICHARD KASISCHKE
MOSCOW (U)—Black marketing in food is being sharply condemned in the Soviet press, especially in these days when the government is making great efforts to give Russia's millions more to eat.

There is a double market system in the Soviet Union. Prices in the state stores are fixed. Frequently you can't find certain meats, vegetables or other foods in the state stores. So you go to the free market, where peasants can sell their surplus. There you pay up to 200 per cent more for meat, for instance. That explains why some of the collective farmers have so much folding money.

Beyond these legal markets, there is also a black market. Its operators are frequently thieves, and always profiteers.

The newspaper Soviet Latvia, published in Riga, recently told how the woman director of a state food department section was caught in "dirty profiteering affairs."

Chrysler District Meeting Under Way

Service managers and service personnel of Chrysler Corp. dealerships from Winona and half a dozen other Wisconsin and Minnesota cities are attending conferences and maintenance instruction periods here this week.

In charge of the sessions is C. C. Erickson, Minneapolis district service representative of the Chrysler Corp. It is the first session of its type held in this district in a number of years.

Tuesday and Wednesday, sessions for service managers were held at Hotel Winona. Represented were Kropp-Clawson Motors, Inc., and Boller-Ulberg Motors, both of Winona, and dealers from Rochester, La Crosse, Oatonna, Houston, Whitehall and St. Charles.

A 2-day session of instruction in maintenance and repair of the corporation's powerflite transmission began today at Kropp-Clawson's shop. All of the dealers represented at the service manager sessions indicated they would send personnel to the course.

German President Signs Rearing Pact

BONN, Germany (U)—President Theodor Heuss today signed the Paris treaties calling for West German rearmament in the Atlantic Alliance.

The President acted despite a suit filed by the opposition Socialists in the Federal Constitutional Court challenging one of the treaties—the French-German Saar agreement.

Feb. 11 Derailment Blamed on Breaks In Rail Joinings

WASHINGTON (U)—The Interstate Commerce Commission reports that a derailment of a Great Northern Railway passenger train near West Union, Minn., on Feb. 11 was caused by breaks in two joint bars, employed in connecting two sections of rail.

The accident resulted in injuries to 85 persons.

The agency investigators said inspection showed no defective train equipment, and that a regular railroad inspection of the trackage earlier on the day of the accident failed to disclose anything wrong with the rails.

The train derailed while traveling at about 71 miles per hour. The engineer reported the only warning was a slight irregular movement of the locomotive just before two units of the diesel-electric locomotive and 11 cars left the tracks.

Woman Freed On Counterfeit Money Charge

MONTREAL (U)—A jury last night freed Mrs. Harry Pursey, wife of a British Parliament member, of a charge of possessing counterfeit U. S. currency. It was her second trial.

The jury returned a verdict of "not guilty through lack of evidence." Her first trial ended Nov. 30 when a jury was unable to reach a verdict.

She was arrested Sept. 20 after negotiating with a downtown Montreal furrier for the purchase of two coats costing \$1,110. Police testified they found \$1,730 in counterfeit U. S. currency, \$733 in genuine U. S. money and jewelry worth \$25,000 in her purse. She said she did not know the money was bogus.

Italians to Discuss Problems With Ike

ROME (U)—Premier Mario Scelba and Foreign Minister Gaetano Martino left by air today for a 14-day visit to the United States. They will discuss mutual problems with President Eisenhower and other U.S. officials.

20 Americans in Brainwashing Camp

BONN, Germany (U)—Allied officials say about 20 Americans are in a Communist indoctrination camp at Bautzen, in East Germany. They described the camp as a brainwashing center where the inmates are taught to hate the West.

Details of life in the camp were disclosed by the officials after recent statements by a Communist youth leader who escaped to Frankfurt. He said 45 Americans and 75 British subjects, both men and women, were in the camp.

The officials scaled down the total of Americans in Bautzen after a check of authoritative records. They said they included both civilians and military defectors. Most of the latter were said to have fled the West to escape mental and emotional problems. Their names were not disclosed.

All inmates must attend school at a "foreigners club." Communist propaganda is pumped into such subjects as geography and mathematics.

Defectors who respond well are featured as lecturers and exhibited at Communist gatherings.

Senate Committee Kills Milk Bill

ST. PAUL (U)—A bill setting up a commission to control the sale of milk and dairy products was killed by the senate markets and marketing committee Tuesday.

The committee vote was unanimous and indicated there is strong Senate sentiment against any controls. Another bill calling for outright price controls on milk has been introduced in the Senate, but no hearings have been requested.

The commission would have been given wide powers to regulate dairy products in the state.

Opponents claimed the bill was a "price-fixing" measure to prevent grocery and dairy stores from selling milk cheaper than that delivered to homes by dairies.

Two-State Deaths

Clarence Elsheimer
HOKAH, Minn. (Special)—Clarence Elsheimer, 50, a native of Hokah, died last week at West Union, Iowa.
He was born in Hokah, the son of Mr. and Mrs. Val Elsheimer, who operated a meat market and grocery store here.
Elsheimer operated a business in West Union for a number of years and had previously operated meat market with his father at Waukon, Iowa.
Surviving are his wife, four daughters and a brother, Arlan Elsheimer, Waukon.

Mrs. Emma C. Haggerty
VIOLA, Minn. (Special)—Funeral services for Mrs. Emma C. Haggerty, 79, mother of Mrs. Michael Haggerty, Viola, were held Wednesday at 2 p.m. at the Lutheran Church, Viola.
She was born Nov. 8, 1875, in Chicago. The former Miss Emma C. Kurth, she was married to John A. Haggerty at Rochester Sept. 2, 1901. The couple resided on a farm in Farmington Township until moving to Rochester in 1927. Haggerty died in 1930.
Other survivors are: A son, John C. Haggerty, Rochester; four daughters, Mrs. Claude Kleist, Raymondville, Mo.; Mrs. Carl Goetsch, Marzapa, Minn.; Edwin Witter, rural Rochester; and Mrs. A. G. Bullert, Rochester; two brothers, Frank Kurth, Hugo, Minn., and William Kurth, Orono; 19 grandchildren and one great-grandchild.

John Larson
TAYLOR, Wis. (Special)—Funeral services for John Larson, about 90, will be held Saturday at 2 p.m. at the Trempealeau Valley Church, the Rev. E. J. Hatlem officiating. Burial will be in the church cemetery. Friends may call at the Jensen Funeral Home, Hixton, Friday afternoon.
Larson died Wednesday at the home of a son, John Larson Jr., Minneapolis, where he had resided for three years. Born in Voss Coulee, he had resided in Zion, Ill., until moving to Minneapolis.
His son is the only survivor. Three brothers, Christ, Ludvig and Lewis, all of the Taylor area, are dead.

Frank Moldenhauer
NODINE, Minn. (Special)—Frank Moldenhauer, 80, the operator of the Nodine Store for 40 years, died at his home here Wednesday afternoon after an illness of one year.
Born in Winona County Aug. 10, 1874, Moldenhauer was active in the management of the store until he became ill a year ago.
He was organist for the Nodine Lutheran Church for about 40 years.
Survivors include six children, Lloyd and Ralph, Rose Valley, near here; Mrs. William (Frieda) Stueve, Witoka; Mrs. Ben (Timma) Stueve, Nodine; Mrs. Donald (Mildred) Bateman, Nodine, and Mrs. Marvin (Anita) Moor, Onalaska, Wis.; three sisters, Mrs. Clara Harlos, La Crosse; Mrs. Augusta Loeche, Dakota; and Mrs. Anna Heisman, Sheridan, Ore.; 12 grandchildren and six great-grandchildren.

Funeral services will be held Saturday at 1:45 p.m. at the Moldenhauer home and at 2 p.m. at the Nodine Lutheran Church, the Rev. Reuben Kettenacker officiating. Burial will be in South Ridge Cemetery.
Friends may call at the home after 1:30 p.m. Friday.

FIRE CALLS

Firemen were called at 9:44 a.m. today to put out a chimney fire at the Conrad Gilbertson residence, 318 Orrin St.

Highway 61 Accident Reported to Sheriff

An accident on Highway 61 near the Dresbach Dam last Friday afternoon has been reported to Sheriff George Fort.
The accident occurred when a northbound car driven by Mrs. Joyce Neerlund, Upper Darby, Pa., and a southbound automobile driven by Mary Kesler, Mankato, sideswiped.
Damage to the Kesler car amounted to \$65 and Mrs. Neerlund estimated her damage at \$79.

THURSDAY MARCH 24, 1955

Winona Deaths

Mrs. Theofila Cisewski
Funeral services for Mrs. Theofila Cisewski, 510 E. 3rd St., will be Friday at 9 a.m. at St. Stanislaus Catholic Church, the Rev. N. F. Grulkowski officiating. Preliminary services will be at the Borzyskowski Mortuary at 8:30 a.m. Burial will be in St. Mary's Catholic Cemetery. Friends may call at the mortuary after 3 p.m. today and at 7:30 p.m. by Mgr. Grulkowski. The Third Order of St. Francis said the Rosary this afternoon.

Ben Martin
Funeral services for Ben Martin, 908 E. Wabasha St., were conducted at 2 p.m. today at the Borzyskowski Mortuary, Dr. L. E. Brynstad of Central Lutheran Church officiating. Burial was in St. Mary's Cemetery. Pallbearers

were Ronald Chapman, Paul Losinski, Frank Pellowski, Norman Christianson, Paul Schultz and Leo Knopick.

Military services were conducted by Neville-Lien Post 1287, VFW. Chaplain was C. Lewis Wood and bugler, Floyd Kulas. On the color detail were Alfred Berndt, Earl Bonow, Jacob Wicka and Robert McLean and in the firing detail, Carl Hargesheimer, Louis Lang, August Cieminski, William Wooden, John Angewitz, Charles Zenk, Robert Nelson, Rufus Rozek and Donald Kan.

Hibbing Man Dies Of Accident Injuries

HIBBING, Minn. (AP)—Death of a Hibbing man injured in a traffic accident last Dec. 4 today increased the state's 1954 traffic toll to equal the second worst in Minnesota's history.
The victim was George Rahnas-22, injured when his car went out of control on a county road near Hibbing.

Three Arrested For Exceeding Weight Limits

Three arrests for violations of posted axle weight limits on roads in the county were reported today by Sheriff George Fort.
Ivan Sperbeck, Dakota Rt. 1, was arrested by Deputy Sheriff Helmer Weinmann at 8 a.m. today on a charge of operating a school bus that exceeded the posted weight limit by 2,780 pounds on State Aid Road 2 between Pickwick and Lamolite.
Sperbeck pleaded guilty to the charge in justice court at Goodview and paid a \$25 fine and costs of \$3.50.
Harold Belter, 427 W. 4th St., paid a \$25 fine and costs of \$3.50 in justice court at Altura after pleading guilty to a charge of operating

a truck 1,340 pounds overweight. He was arrested by Deputy John F. Jensen at 11:30 a.m. Wednesday on State Aid Road 121 near Altura.

William Blaschka, Lewiston, was arrested by Weinmann at 11:30 a.m. Wednesday for driving a truck that exceeded the weight limit by 1,000 pounds on State Aid Road 2 near Utica.

He paid a \$30 fine and \$3.50 costs in justice court at Stockton.

Sheriff Fort said today that he understands that there has been some misunderstanding among truckers regarding the condition of the highways.

The sheriff said that some operators feel that with colder weather, recently the highways are in a condition to support heavier loads.

Highway engineers, the sheriff said, have found that only shallow freezing has occurred and when heavy loads are driven over these roads extensive breaking of the road occurs.

Election April 12 At Zumbro Falls on Consolidation Plan

ZUMBRO FALLS, Minn.—A consolidation election will be held April 12 to determine whether Zumbro Falls District 80 is to be merged with the Lake City District. Mrs. Verma Olin, Wabasha County superintendent of schools, announced the date today.

A freeholder petition containing 33 signatures was brought to Mrs. Olin's office Tuesday. The State Department of Education approved the consolidation plan earlier this month. A majority of those going to the polls must approve the plan in order to effect the merger.

There are about 180 voters in the Zumbro Falls district.
Another effort for consolidation with Lake City, that at Oak Center near here, is in the talking stage. A straw vote taken in early March indicated strong support. Since then, opposition has been voiced and discussions pro and con are now being held in the Oak Center

area. A consolidation plat has not been submitted.
Meanwhile, movers for a rural high school district in the center of Wabasha County are vying for enough strength to enter a consolidation plan with the state department. No definite idea of the number of districts interested has been obtained.

VFW AUXILIARY
—The Auxiliary to Towner-Little Bear Post 1915, VFW, will sponsor a public bake and food sale Saturday at 2 p.m. in the VFW Hall. Lunch will be served. Chairman is Mrs. Robert Coyle and co-chairman, Mrs. Howard Coyle.

A cynic maintains that not only doesn't he believe in astrology but he doesn't even believe in astronomy. It's a free country and he doesn't have to believe in anything he doesn't want to—not even arithmetic. But wouldn't he be surprised if the sun didn't rise tomorrow and there wasn't any harvest moon next September?

The Old Orchard Is Deserted Today, But Baseball Will Bloom By and By

SKOWRON TO LAWLER TO SHRAKE

Scheid Covers Past, Present, Future At Rotary 'Hot-Stove-League' Luncheon

By RALPH REEVE

Daily News Sports Editor

"Personally, fellows, I think we've got a 1-2 ball club."

The speaker was Emil Scheid, manager of the 1953 Winona Chiefs. The occasion was Scheid's fifth appearance from a speaker's table in Winona since taking the helm of the Chiefs last fall.

Scheid, the Austin plumbing contractor who has combined business and baseball and been highly successful in both, made some forecasts, offered opinions and spiced his remarks with hot stove league-style recollections at the Wednesday noon meeting of the Rotary Club at the Hotel Winona.

Taking Emil's pitches from the rostrum in the order they were delivered, here goes:

"I don't see any umpires in the crowd to make me mad so I'm all set!"

"I heard that a Winona fan wrote a letter to Bernie Lusk (Rochester announcer) and wondered how you could take half of a seventh-place club (Austin in 1952) and a half of an eighth-place club (Winona) and get anything but a 7½-place team."

"Well, Bernie is very partial. He forgot to tell people that Austin was six games out July 2 and six games out when the season ended. The only thing is, when you get behind, it's tough to catch up!"

Not Dick Tracy Scheid outlined the team, position by position. In the outfield he mentioned a "Dick Tracy," then corrected himself and said "Burt Tracy," adding, "I'd kinda like to have Dick Tracy, too . . ."

Don Miller can play shortstop and third besides second.

"We're not too deep at first, but the Yanks were one-deep for a long time with Lou Gehrig, and I hope my pal Moose Skowron makes them one-deep at first base again."

Moose hit 340 last year . . . I don't see how Stengel can replace him with Collins who only hit .260 . . .

All Moose did last Monday when the Yanks played Brooklyn was get a triple, double and single in four times up—he must have thought he was playing against Rochester!"

Always like the Winona fans—they are fair. If a pitcher on the other side did good, they

gave him a hand when he came to bat.

"Albert Lea, a town of only 17,000, always gives great backing, too. This year Albert Lea is the only team really set along with Winona—well, we better mention Waseca-Owatonna, too. Bob Balance has 20 players signed."

"Albert Lea had a stag banquet a couple weeks ago and raised \$1,200 to pay off the deficit from last year. They just kicked off a reserved seat sale and want to sell 700 season tickets. Albert Lea has always worked hard and had a first division team."

Winner Needs 'Angels' "It's impossible to predict now—last year Albert Lea got a lot of good breaks, like in the show 'Angels in the Outfield.' Any team in the first division year after year needs 'angels'."

"Take last year, when Austin played here I remember one night Jim Lawler was pitching and we (Austin) had a seven-run lead—then the roof fell in. I had Carl DeRose come in to relieve Lawler and Radsavage blasted a homer."

"We had 'angels in the outfield' in a state tournament at Faribault one year. We were behind one run, there were two out in the ninth and we had a man on second. The pitcher was due to bat, so I put in a fellow who'd only got one hit all year."

"Sammy House came charging up and said, 'Emil, you out of your mind?'"

"Well, Herb Chmiel was pitching and he was throwing a lot of them high and outside. The fellow I had pinch-hit was Homer Baldwin—that's where he hit the ball. Well, Homer got a hit and we won."

"Ball players aren't angels, but they will be a definite asset to the community. I don't think you'll find any of the boys I've signed, carousing around and setting a bad example."

"This year, I think we have without a doubt three of the greatest major league prospects this league has ever seen."

Tabs Chiefs Prospects "Jerry Kindall—without a doubt a great prospect as Kuenn was at Wisconsin. George Gleason—the Yanks consider him a great catching prospect. George Smith—a brother to Hal Smith of the Orioles. He was considered (last year as a sophomore) the best second baseman in the Big Ten."

"With the ball club we've got lined up, the kids may make some mistakes, but they'll be hustling and playing because they love the game, not because they're getting paid. Kids never give up."

Gleason, Smith and Kindall are all college students, as was Skowron when he played for Austin in 1950.

"The year Skowron played for us," Scheid continued, "we averaged 2,280 after mid-season and it was nothing to have a crowd of 3,400 or 4,200. The sixth of June we hit the cellar when we lost at Rochester. Skowron came in the 15th and we started winning—nine straight and finished ahead three or four games at the end."

"Sad Sam Jones, now with the Cubs, is the only guy who ever pitched a no-hit game against one of my teams. He did it in the playoffs."

"I pulls out Earl Mossor and put in Sammy House to finish the game. But Jones was pitching a no-hitter (for Rochester) and Ben Sternberg had to leave him in."

Revenge Came Later "We beat Rochester the next night and batted Jones out of the box in the fourth inning when he tried to come back against us two nights later."

"I notice that Mossor, now with Mobile in the Southern Association, shut out St. Paul for seven innings in an exhibition game. I remember one time when he pitched here against Winona."

"He had a no-hitter for 6-7 innings and then somebody gets a hit. In the eighth inning, Lambert (Kowalewski) came up to hit. Now, Earl was Scotch and he'd eaten at the Hot Fish Shop before the game."

"I walked out to the mound, pointed to Lambert and said to Mossor, 'There's the guy who sold you that fish.' He only threw three pitches."

Lambert asked Campau, 'Has he been that fast all night?' and Campau said, 'No, he's been saving that for you!'"

Scheid changed the subject, "If you think I'm loafing, give it to me. A little razzing makes us hustle."

"Our first game at home will be an exhibition against Rochester May 17." Of Rochester, he said, "They've gotta raise \$4,000 to get even from last year."

When the question-and-answer session started, Doug Robinson said, "You told us all about your infielders, catchers and outfielders. Don't you have any pitchers?"

Scheid exclaimed, "My gosh, I must be getting old!"

Tabs Mound Artist

His opinions of pitchers included: Jim Lawler—"One of the nicest young fellows you'll ever meet and he was considered the best right-hander in the league last year."

Carl DeRose—"I for one can't see him not doing what he did three years ago. He's lost 20 pounds."

Jack McGrath—"He was with you last year and had a good record in pro ball. Last year I guess he pitched in practically every game."

Joey Shrake—"A lefthander from town, here, I've never seen him pitch but the scouts, Jack Ryan, Joe McDermott, etc., all tell me he'll win. So does Gene O'Brien who caught him at Belle Plaine."

"Burt Tracy said he was doing good at Sleepy Eye two years ago until he got hit by a batted ball."

"To back these up, we've got Eddie Lyons and a couple other pitchers, one just out of the Army and one down south now with Cleveland. And Wes Rinker was at St. Cloud when Turley was and considered just as good. Then he got a sore arm and has been in the Army two years. If he can throw like he did at St. Cloud he'll be good."

"We've got two good righthanders at first base and have to have one sure lefthander."

At other positions, Scheid said outfielder Sid Langston had experience at first base, Miller and Petroff could play several positions, along with Shargey and Leach, emphasizing that he's got each position backed up.

9 Players, 4 Pitchers

"The way I got the players stacked," he said, "We might be able to get along with a roster of 14 (one under the limit). Nine players, four pitchers and the manager."

In answer to a question after the meeting ended, Scheid said "Not more than five players would be living in Austin," and added, "We're moving Kindall and Gleason over here to live."

Robinson, president of the Rotary Club, presided at the meeting. Program chairman was Carrol Syver-

son. Bob Krick, a member of the Chiefs board of directors, introduced Scheid.

In closing the meeting, Robinson said to Scheid, "Well, I can see our baseball team is in good hands. We'll see you at the ball park later on!"

McGrath Sparks Bowling Barrage With 265-626

BTF's Hit 3,023; Two Roll 600s For First Time

A devastating barrage of bowling bombardment in Winona leagues Wednesday night was highlighted by Jack McGrath's 265 single game and 626 honor count.

McGrath, however, was just one star in a sensational night of league bowling.

Bowling for Winona Rug Cleaners in the Commercial League at Hal-Rod, he hit the 600 total for the first time this season. He fired a 193 first game, soared to 265 and then finished with 168 for a 626 total.

Another bowler in that league, Len DuBois, fired 223-166-219-408.

In the Retail League at Hal-Rod, Eddie Kindt of Lincoln Insurance included a rousing 255 single in his 606 series and William Pelzer of Fountain Brew rolled a 610 set. The BTF team totaled 3,023 for three games, two pins short of the league record of 3,025 by Sunbeam Cakes set this year.

Two bowlers rolled the first honor counts of their careers Wednesday night in the Merchants League at the Keglers Klub. Gene Zeches, Lang's Bar Cafe, smashed 193-245-168-411 and Roger Burmeister rolled an even 600, 188-221-191.

Bob Joswick, Weaver & Sons, bowled 563 errorless. Some nifty bowling was also recorded in women's action as Audrey Sieracki of Home Furniture trundled 219-517 and Ruth Novotny tallied 501 in the Uptown Ladies League at the Keglers Klub.

GOPHER FOOTBALL WINDFALL

Cox Arrives at Minnesota

Compiled From The Associated Press

Talented Bobby Cox arrived at Minnesota Wednesday night from Washington, declaring his "general unhappiness" at the University of Washington was the reason for his sudden departure from that school and decision to enroll at Minnesota.

A great football prospect, the 6-foot quarterback said, "No one on the Minnesota staff had anything to do with my decision . . . I was unhappy at Washington and wanted to continue my education at Minnesota."

Cox intends to apply for a transfer today or Friday and wants to study radio and television announcing. He won't be eligible for football at Minnesota until 1956 . . .

PREPS START TODAY

Today opened the Minnesota state high school basketball tournament with four games in the first round scheduled.

Minneapolis Washburn (20-1) played Morris (19-6) at 2 p. m.; Esko (26-1) tackled New Prague (21-3) at 3:15; Ortonville (14-11) meets Bemidji (23-2) at 7:30 and Austin (19-0) takes on Fairmont (14-9) at 9:15 p. m.

The bonus free throw rule and appearance in the tourney for a galaxy of tall, talented players, led experts to believe a general devastation of scoring records would occur.

JIMMY McLANE WINS Olympic veteran Jimmy McLane

and teen-ager Frank McKinney took two more championships for the U. S. in swimming competition of the Pan-American games Wednesday at Mexico City . . .

Lionel Hebert, Erie, Pa., shot a 65 to win a pro-amateur golf tournament at Miami Beach, Fla. . . . The Allen-Bradleys of Milwaukee lost to the Gregory Clothiers of Greeley, Colo., 70-67, in the National AAU basketball tournament Wednesday at Denver . . . The Colorado team included Burdette Halderson, former Austin, Minn., prep star, while former Marquette ace Grant Wittberger scored 13 for Milwaukee . . .

ANDREWS LOSES

Al Andrews, Superior, Wis., mid-dleweight, lost a unanimous 10-round decision to the fancy-Dan tactics of 19-year-old Willie Pastano Wednesday night in Chicago Stadium.

The New Orleans teen-ager displayed instinctive ring cleverness, a deft left hook and jab, and a savage right uppercut. Pastano's record is 30 victories, 4 losses and 2 draws. Andrews, outwitted 164 to 160½, absorbed his 11th defeat in 14 starts.

DUROCHER CONFIDENT

Leo Durocher, manager of the New York Giants, appears confident the Polo Grounders will win the National League pennant again, saying he'll let the other clubs see if they can catch him.

One baseball observer said, "I expect Leo is going to have a rude awakening after looking over Milwaukee and Brooklyn."

The Cleveland Indians, on the other hand, appear a cinch in the minds of some experts to repeat as American League champs . . .

Caledonia Baseball Meeting Scheduled

CALEDONIA, Minn. (Special)—

All persons interested in Caledonia's baseball team this summer are urged to attend an organizational meeting in the City Hall basement Thursday night, 8 p. m., March 31.

To be considered at the meeting will be Caledonia's baseball league affiliation and methods of financing operation of the team.

COLLEGE BASEBALL

Georgia Tech 9, Ohio State 3 (first game); Rollins 6, Georgia Tech 4 (second game); San Jose State 7, Oregon 1; Stanford 13, Oregon State 9; Rice 12, Minnesota 2; UCLA 6, Pepperdine 2.

NBA PLAYOFFS

WEDNESDAY'S RESULTS Minneapolis 39, Fort Wayne 91 (OT); Fort Wayne leads best-of-five series, 2-1. Only game scheduled.

THURSDAY'S SCHEDULE

Boston at Syracuse. Syracuse leads best-of-five series, 1-0. Only game scheduled.

Larry Jackson, rookie pitcher for the St. Louis Cardinals, is a graduate of the University of Idaho.

Ask your friendly barman for a Calvert "Lo-Ball" Tastier! Less-Filling!

A generous jigger of Calvert over ice cubes, with a splash of your favorite mixer. A twist of lemon peel for trim, if you wish.

Every night is "Friendship Night" at your Favorite Tavern

The American Tavern has been a favorite meeting place for 300 years.

It's a place where millions go for a little well-earned pleasure and relaxation among friendly people. It's a place where the art of conversation flourishes . . . where wit and humor abound . . . and where local and national issues are debated.

Published as a salute to the Taverns of Minnesota by

It's where you can enjoy good food and fine whiskey, like Calvert Reserve, at fair prices . . . and where there is never any charge for friendship and hospitality.

Yes, every night is "Friendship Night" at your favorite tavern — so the next time you step out, stop in for a good time!

99-91 Win Keeps Laker Hopes Alive

By THE ASSOCIATED PRESS

The Minneapolis Lakers today still were in a last stand against the Fort Wayne Pistons in the National Basketball Assn. after winning an overtime game, 99-91, Wednesday night.

The win, at Minneapolis, was the first for the Lakers in the Western Division playoffs and the second extra time session in two nights. Fort Wayne, western leader for the season, has a 2-1 edge in the five-game series. The fourth game is scheduled in Minneapolis Sunday night. A fifth game, if necessary, will be played at Indianapolis Tuesday.

In the eastern series, the Syracuse Nationals and Boston Celtics came to grips at Syracuse tonight with the Nats a 1-0 leader to date. Winner of that series takes on the Fort Wayne-Minneapolis survivor for the NBA crown long held by the Lakers.

The Minneapolisians were showing far from championship form as they counted only 12 points in the first period of Wednesday night's game.

But they rebounded for a whopping 15 in the overtime after Whitey Skoog hit for a pair of free throws in the final five seconds to end regulation play in an 84-84 knot.

George Yardley paced the Pistons with 25 and Skoog had 24 for the winners.

WARNER ELECTED WHITEHALL PREXY

WHITEHALL, Wis. (Special).—Donald Warner was elected president of the Whitehall baseball club for this year at a meeting Monday evening. J. E. Rhode was elected vice president and Kenneth Swenson was re-elected secretary-treasurer.

Herbert Holte was elected manager, and Leonard Knudsen was placed in charge of ticket sales. The next meeting of the Trempealeau County Baseball league, of which Rudolph Hagen of Whitehall is president, will be held here Monday evening, April 11.

Fight Results

CHICAGO — Willie Pastrano, 164. New Orleans, outpointed Al Andrews, 10½, 50-20½, 21½. High three-game series: Orleans, 10½, 50-20½, 21½.

Tax Uncertainties Plague Businessmen

By SAM DAWSON

NEW YORK (AP)—The voice of the tax collector is heard loud and clear in the early days of a new plant or new machine's life.

While you are struggling with your income tax return, due in three weeks, business management is trying to guess what taxes may lie ahead as it plans future production and expansion schedules.

Here are some tax proposals—either by government officials or businessmen or both—being talked about in Washington today:

A possible hike in the federal gasoline tax, now 2 cents a gallon. A retroactive tax collection from many business firms to regain a so-called windfall in the 1954 taxes they've already paid.

A cut in certain taxes on business and individuals, tailored to the idea of making investment in business more attractive.

Repeal of last year's faster depreciation allowances for business in the early years of a new plant or new machine's life.

Repeal of the tax forgiveness on part of the income from dividends. And, of course, that all-but-dead proposal to give lower-income families a tax cut.

Congress is debating repeal of two provisions of last year's tax law: One allows businessmen to deduct from their 1954 income their actual expenses that year and also reserves set up for expenses anticipated this year. The other allows them to postpone until a year later paying taxes on part of the income from dividends.

Secretary of the Treasury Humphrey says these provisions will cost the Treasury too much in lost revenue and wants the repeal retroactive.

NEW YORK (AP)—The stock market continued its recovery movement today with some individual stocks exceeding strong.

The rise covered virtually the entire list with gains of 1 to 3 points frequent, and some stocks pushed their rise to around 7 points at times.

Volume came to an estimated three million shares, a sharp pickup from recent sessions. Wednesday's total was 2,730,000 shares.

Motors were a late feature. Chrysler reported its earnings for the first two months this year were greater than for all of 1952. The stock shot ahead immediately between 3 and 4 points. General Motors also advanced.

DENNIS THE MENACE

LAFF-A-DAY

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. Sc.

1. WHICH PRIMP AND WORRY-MORE ABOUT CLOTHES—HIGH SCHOOL OR COLLEGE GIRLS? YOUR OPINION

3. IS YOUR HEALTH INFLUENCED BY WHAT YOU THINK WILL INFLUENCE IT? YES OR NO

Answer to Question No. 1

1. High school, according to Professor Mary Ryan (in "Science Digest"). City girls worry more than country girls, but the difference is slight compared to the difference between high school and college. High school girls are more often embarrassed, and nearly half refuse dates because of not having the "right" clothes, while only 15 per cent of college girls stay at home and weep.

Answer to Question No. 2

2. Yes. "Scientific American" says that scientists can divide and weigh out one ounce of sugar so that every human being would get an equal share—less than a millionth of a house fly's weight each! Scientists can weigh electrons infinitely smaller than this. The finite mind cannot even imagine objects so small. Indeed, we can't even imagine a billion dollars, although we owe 267 of them.

Answer to Question No. 3

3. Decidedly. "Psychosomatic Medicine"—science of the influence of mind on health—is growing rapidly. An advertising firm showed me thousands of letters stating that a

"health" article had cured the readers of many diseases although the article had no known influence on the body. However, the advertising had influenced their minds, and, in turn, their health. "The most important thing about a man is what he believes."

THE GRAB BAG

THE ANSWER, QUICK!

1. What is the largest city in Alaska?
2. Who is Rudolf Serkin?
3. By what title is Leonardo da Vinci's painting, "La Gioconda," best known?
4. For what purpose is a Binet-Simon test given?
5. In what state is the most easterly point in the United States situated?

HOW'D YOU MAKE OUT?

1. Anchorage.
2. A noted concert pianist.
3. "The Mona Lisa."
4. To determine the degree of a person's intelligence.
5. Maine.

FAIRLY SPOKEN

By MARGARET LATROBE

"Where's the nearest beauty shop?"

That's usually the first question women ask, at the end of a trip. And the industry that has been doing the best of business about what hair styles Ariene and Lana and Debbie are wearing. Even the straightest, plainest nothing of a trend can't hurt business if you just stress one thing—that there is "beauty" to be found in a beauty shop. We want to look less like Ana Pauker. Then business will always boom.

"Poodle cuts," airdale bangs, up-sweeps and down-grades—it matters little to us, just so we look better instead of worse. How about advising beauty operators to become stylists, so skillful at creating individual styles for individual customers that women would beg for weekly appointments? How about fewer frizzly permanent waves, less rubber stamp styles which "they are wearing?" How about some real competence to build confidence?

This deep-seated compulsion of the little woman's to pop her head under a hair drier was observed during the depression by a sharp-eyed but bankrupt husband. Down to his last five bucks, he handed this sum over to his wife with instructions to spend it where it would do the most good. She spent every cent of it at a beauty shop. Now he's a millionaire owner of a chain of shampoo-and-set emporiums. And his reasoning was as sound then as it is now—if a woman, any woman, will spend her last dollar at the hairdresser's, why should he fret further about what business to open?

But according to hair stylist Louis Feder, in a trade journal article advising some of the most popular stars on the stage and screen are wearing styles that are bad for the industry. The main objective of the industry should be to kill these non-profit styles.

He has specific reference to the "rag-mop" of Italian origin, which requires no tender ministrations other than garden snippers and unsteady hands to achieve its hacked-off horror.

Well, gee, Mr. Feder—we thought

you folks were in business primarily to make us beautiful, not just for the cold, hard realities of profit. However, it seems to me the industry can quit worrying about what hair styles Ariene and Lana and Debbie are wearing. Even the straightest, plainest nothing of a trend can't hurt business if you just stress one thing—that there is "beauty" to be found in a beauty shop. We want to look less like Ana Pauker. Then business will always boom.

"Poodle cuts," airdale bangs, up-sweeps and down-grades—it matters little to us, just so we look better instead of worse. How about advising beauty operators to become stylists, so skillful at creating individual styles for individual customers that women would beg for weekly appointments? How about fewer frizzly permanent waves, less rubber stamp styles which "they are wearing?" How about some real competence to build confidence?

Unions Asked to Take Share of Responsibility

PITTSBURGH (AP)—The president of the United States Chamber of Commerce says "abuse of union power is largely uncontrolled because labor unions have been held exempt from antitrust laws and because other laws are either inadequate or inadequately enforced."

Chamber President Clem D. Johnson said yesterday in a speech unions "are big boys now and should accept their fair share of responsibility and restraint."

Cherry Blossoms to Pop

TOKYO (AP)—Japan's famed cherry blossoms are expected to start popping out Tuesday—five days ahead of normal in the Tokyo area.
