## Pedestrian Fatally Injured Here

### Reds Soon Ready To Attack Matsu

**Eyes Of Three-Year-Old Tony Arechigo** are nearly as big as the flapjacks he's storing away at Moorhead, Minn., pancake day, which marked the beginning of a week long civic observance. Some 11,500 visitors disposed of more than a ton of pancake flour, 60 cases of syrup and 305 pounds of coffee. (AP Wirephoto)

### Who Did Promote Peress?

By STEWART ALSOP  
WASHINGTON — There was something strangely ghostly about the recent hearings, before what used to be the McCarthy committee, on that earth-shaking question: "Who promoted Peress?"  
A visitor to the hearing suddenly found himself transported back in time to a year ago, to the endless, rambling, often boring but sometimes strangely fascinating Army-McCarthy hearings. The cast of characters was very much the same.  
There was Sen. McClellan, and the handsome Stuart Symington, looking bored; and Mundt, looking as much as ever like a melting mushroom; and Irwin, of South Carolina, every inch the judge. And of course there was McCarthy himself, mangled and fatter than last year, and somehow at the same time visibly deflated. And there were the familiar witnesses — Gen. Zwicker, and Army counsel John Adams, and Army Secretary Stevens.  
Nostalgic Drama  
There were moments of rather nostalgic drama, especially when McCarthy asked one of his brilliantly loaded questions in his ponderous, threatening, oddly halting voice. But somehow the show never really got off the ground. There was even a sort of sadness about it, as there is about most dramatic failures — perhaps especially because this was so surprisingly pale an imitation of what had gone before, and everybody is a year older so surprisingly quickly.  
And yet there were certain lessons to be learned from these hearings. Take the case of Army counsel John Adams. A year ago,

### WEATHER

**FEDERAL FORECAST**  
Winona and Vicinity—Increasing cloudiness, windy and occasional snow flurries tonight. Sunday partly cloudy, not so cold. Low tonight 8, high Sunday 27.

**LOCAL WEATHER**  
Official observations for the 24 hours ending at 12 m. today:  
Maximum 17; minimum 3; noon, 13; precipitation, trace; sun sets tonight at 6:26; sun rises tomorrow at 5:58.

**AIRPORT WEATHER**  
(North Central Observations)  
Max temp. 15 at noon Friday, low zero at 6:30 a.m. today. Noon readings—temp. 14, thin, scattered layer of clouds at 20,000 feet, visibility more than 15 miles, wind from the west northwest at 10 miles per hour, barometer at 30.23 steady, humidity 66 per cent.

### Start May Be Held Up for Asian Parley

WASHINGTON (AP) — Intelligence reports under serious study here indicate the Chinese Communists could launch a big attack on Matsu within a few weeks, and on Quemoy perhaps a month later.  
A number of American military men say the Reds give every indication they intend to make the attack, but several factors could affect the decision, and the timing of any attack.  
Among them is the April 24 opening date of a conference at Bandung, Indonesia, to which 30 African and Asian nations have been invited. Communist China will be among those represented, and there has been speculation an attack might be delayed beyond that date.

**Chiang Outposts**  
The two island groups, which lie near the Chinese mainland, are major outposts of Chiang Kai-shek's Nationalist forces based on Formosa. The United States has declined to say definitely whether it would move only if the attack were considered the start of a major assault on Formosa.  
The intelligence evaluations, based on reports from the Far East, have been passed to top authorities in Washington. They are likely to become the basis for extensive discussion when President Eisenhower talks over foreign policy with Congress members of both parties at the White House next Wednesday and Thursday.

Asked about that possibility, Press Secretary James C. Hagerity said any discussion of foreign affairs undoubtedly would touch on Formosa. But he noted that the luncheons had been scheduled for some time.

Some military leaders reportedly are urging a strong defense of Matsu, both to save that outpost and to discourage an even larger effort against Quemoy.

**Ready in May**  
The reports indicate that unless the Reds are given a very rough time in an assault on Matsu, they could be ready for a heavier blow against Quemoy by May.

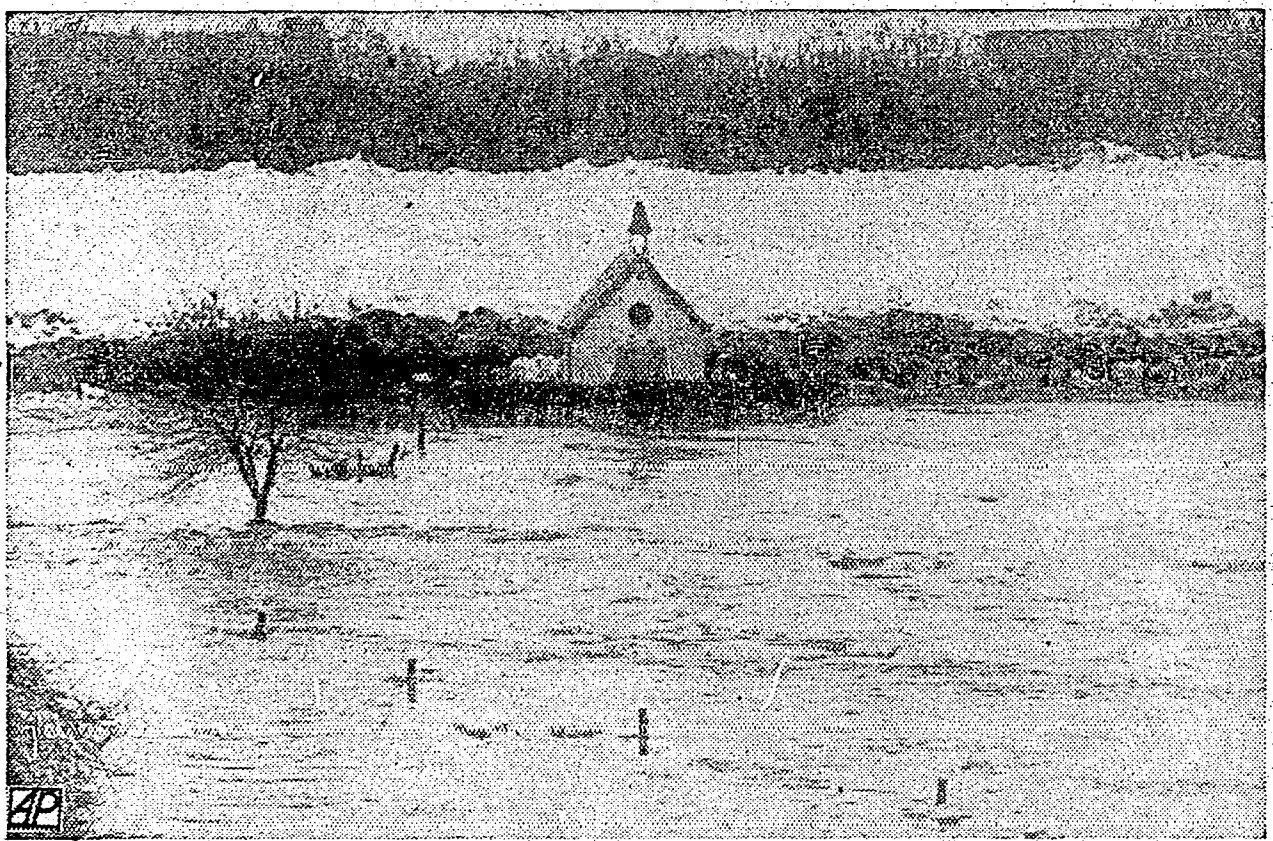

They have built a road from the port of Foochow to the tip of a peninsula within heavy artillery range of Matsu.

### Chiang Set to Fight For Quemoy, Matsu

TAIPEI, Formosa (AP)—Nationalist determination to fight for Quemoy and Matsu has been further hardened by publication of the Yalta papers.

The Nationalists feel that the papers prove their long-standing contention that concessions were made to Russia at their expense. They have all along depicted the Chinese Reds as puppets of Moscow and, by this reasoning, would regard any bloodless withdrawal from their remaining offshore islands as a further yielding to Russia.

All present indications are that Chiang Kai-shek and other leaders here will resolutely refuse any deal that might involve giving up Quemoy and Matsu without a fight.

The Chapel Of Stella Niagara Seminary stands bravely in a sea of ice jamming the Niagara River between Niagara Falls, upstream, and Lake Ontario. The Chapel was still resisting the destruction when this photo was made.

### Army to Blast Ice in Niagara

NIAGARA FALLS, N. Y. (AP)—Foul weather today held up the ticklish job of setting dynamite charges intended to break up a mass of ice that has shouldered its way down the lower Niagara River and smashed everything in its path.

Snow, sleet and rain, a low ceiling and poor visibility forced postponement of the attempt.

A demolition expert was to be carried in a special helicopter harness to the middle of the ice, about 1,000 feet from the river's Lake Ontario mouth. He was to plant a 25-pound stick below the surface crust.

The center of operations was just off historic Ft. Niagara, which saw several skirmishes between U.S. and Canadian forces in the War of 1812.

Col. Loren W. Olmstead, who announced the plan last night, said the demolition man was to seek holes in the ice deep enough to allow the charges to be buried. The ice masses were 40 to 50 feet high in spots.

The ice carried riverside homes, docks and boat sheds with it as it crunched downstream.

The damage in one village-Lewiston—was estimated at \$200,000. There was no over-all estimate.

The ice originated in Lake Erie. Windstorms Tuesday swept it over Niagara Falls.

An engineers' spokesman said a drill would be used if holes in the ice could not be found. Should the first blast fail, others will be made further upstream, he said.

The engineers previously had maintained that dynamite would have no effect on the ice, since the soft slush underneath would only act as a cushion.

**Bicyclist, 11, Killed When Struck by Car**  
MOTLEY, Minn. (AP)—Tom Koltis, 11, was killed Friday when his bicycle apparently swerved into the path of a car driven by Robert Mitchell, Toledo, who was not tagged.

The fatality upped the state traffic toll to 106, compared with 133 at this time a year ago.

Members Of The Joint congressional committee on atomic energy mingle with officers and crewmen of the atomic-powered submarine Nautilus as it heads out to sea on a test run from its Connecticut port. Rep. Sterling Cole (R-NY) is in the foreground on the Nautilus deck. Others are not identified. (AP Wirephoto)

### Favors Meeting Of Big Four, Bulganin Says

#### Cites Change In Kremlin in Past Few Years

MOSCOW (AP)—Premier Nikolai Bulganin said today he takes a "positive attitude" toward views expressed by President Eisenhower concerning a Big Four meeting.  
Bulganin granted a special interview to a Tass correspondent in which he said the Soviet Union approved Eisenhower's idea "if there is in view a conference which would contribute to lessening of tension in international relations."

"In this connection," said Bulganin, "it must be pointed out that the Soviet government has already proposed to hold a great power conference in the near future at which the question of an Austrian peace treaty could be settled."

(President Eisenhower said at his news conference Wednesday: "There is no place on this earth to which I would not travel, there is no chore I would not undertake if I had any faintest hope that, by so doing, I would promote the general cause of world peace.")

#### Changes Cited

(He commented on the changes in the Kremlin in the last two years and added: "You have at least the element of, let us say, faint hope that new individuals may be different from the old ones.")

"(That may make some explanatory talks very valuable; and as long as we are differentiating between a final so-called meeting at the summit, and exploratory talks, well, exploratory talks, I could make a lot of concessions to have them carried out.")

(He said that once action on the Paris agreements to rearm Germany had demonstrated unity and provided a basis of "moral and spiritual strength" it will be "time to begin the kind of exploratory talks that might lead to something constructive." At one point, he said such talks have got to be held.)

The text of the interview between Bulganin and an unnamed Tass correspondent was read to foreign reporters at a news conference in the skyscraper Foreign Ministry.

#### Reports Ike Views

The interview began with the correspondent recalling to Bulganin: "President Eisenhower at his news conference March 23 said, concerning a conference of the heads of government of the great powers, the United States President said we should not abandon hope that at some news conference

(Continued on Page 3, Column 6.)  
BIG FOUR

### Accident Similar to One 2 Years Ago

By GORDON HOLTE  
Daily News Staff Writer

Mrs. Eva Spuhler, 74, 270 Center St., was injured fatally when she was struck by a car at Broadway and Center street Friday night, one day less than two years after another pedestrian was killed under virtually the same circumstances at the same intersection.

Mrs. Spuhler died at the Winona General Hospital at 10:45 p.m., 2 1/2 hours after she suffered a severe head injury, leg fracture and shock when she stepped into the path of an automobile driven by Richard Reed, 22, Minnesota City.

Reed said that he did not see the woman until a moment before she was struck by the right front fender of the automobile.  
The accident victim was conscious when she was taken in an ambulance to the hospital although she was unconscious for a short time immediately after the mishap.

#### No Eyewitnesses Found

Chief of Police A. J. Bingold said that as yet police have been unable to find any eyewitnesses of the accident and it has been impossible to determine thus far in what direction Mrs. Spuhler was walking across Broadway when she was struck by the car.

The accident occurred at 7:25 p.m. while Reed was driving his car east on Broadway returning to work after the dinner hour at a 3rd street store.

Reed said that as he approached the intersection he saw no pedestrian but did notice an automobile stopped for a stop sign on Center street, just south of Broadway.

#### Car Starts Across

"As I came up to the intersection this Mercury (the car stopped for the sign) suddenly shot out going north on Center," Reed related.

"I was going about 30 at the time and I stepped on my brakes and turned slightly to the south to go around him as he went through the intersection," he continued.

Reed said that as the other car went across Broadway a trail of smoke from the exhaust was left.

"I went through this smoke," Reed explained, "and all of a sudden, when I reached the crosswalk, here this woman was right in front of the car."

The driver said that after he had applied his brakes at the intersection he had reduced his speed to not more than 15 miles an hour and when he saw the woman in the street he again applied his brakes and turned sharply to the left in an effort to avoid hitting her.

"When I first saw her she was standing right in front of the car," Reed related, "and she seemed to be almost facing the car and slightly bent over."

The right front fender of the car struck the pedestrian at a spot near the right front headlight and Mrs. Spuhler fell across the fender.

#### Carried Along

She apparently was carried along on the car for a short distance and just before it stopped she fell to the street.

Mrs. Spuhler was lying about seven feet from the car when it was stopped in slightly north-easterly direction near the center line.

"I got out and went over to her and found that she was unconscious," Reed said, "and then I went over to where a cab driver was stopped and told him to call the police and an ambulance."

Reed said that he then returned to the car, removed his own jacket and a coat from the trunk of the automobile which he used to cover Mrs. Spuhler who by that time was conscious.

He said that a nurse arrived at the scene a short time later and attended the injured woman until the ambulance arrived.

**Speed Estimated**  
The cab driver, who did not actually see the pedestrian hit by the car, did notice the Red automobile approaching the intersection and said that its speed was under 30 miles an hour.

Reed was not held by police. Although he could not see Mrs. Spuhler before she was in front of the car, Reed said that he believed the woman was walking in a southerly direction across the street when she was hit.

"I could see the car stopped on the south side of the intersection and if she had been standing on the curb on the south side of the street I'm sure I would have seen her there," Reed said.

The accident occurred only a short distance from the Parkway Apartments where Mrs. Spuhler had lived recently.

#### Route Reconstructed

It was believed that Mrs. Spuhler was either walking to the Cathedral of the Sacred Heart for evening services or was returning from the church when she was struck.

If she was returning to her home she probably had stepped out from the south curb and was walking north when the accident occurred; if she was en route to the church she was walking south across

WOMAN KILLED

### Carlson Says 7.6% U.S. Pay Raise Will Win

By JOE HALL

WASHINGTON (AP)—Sen. Carlson (R-Kan.) said today he still is confident federal employees will get the 7.6 per cent pay raise President Eisenhower favors instead of the 10 per cent voted by the Senate.

He conceded, however, that it may require a presidential veto to get the lower figure.

The pay raise battle shifts to the House after the Senate's passage yesterday of bills to raise the pay of one million classified Civil Service workers and 500,000 postal employees.

But there a considerable delay appeared in prospect. It seemed months might elapse before the employees actually get the pay increase, especially if Eisenhower vetoes the first bill sent to him.

Chairman Murray (D-Tenn.) of the House Post Office and Civil Service Committee told a reporter he had no plans to revive the pay question there for the present.

The House rejected by almost a 3-1 margin Monday Murray's effort to call up the 7.6 per cent bill for postal workers on a take-it-or-leave-it basis.

The Senate, in passing the 10 per cent bills, ignored an explicit warning from Republican leaders that President Eisenhower would veto such an increase.

The cost of a 10 per cent raise would be about 220 million dollars annually for the postal employees, 500 million for the Civil Service workers.

The key test in the Senate came on a move by Carlson to substitute the 7.6 per cent postal pay bill for the 10 per cent boost.

This was rejected 52-41, and the postal bill then was passed 72-21, although some Republicans voting for it said they would not vote to override a veto.

The postal employee unions, long considered one of the most potent lobbying forces on Capitol Hill, went all out for the bigger increase. They also objected strongly to a job reclassification plan included in the administration bill, but not in the 10 per cent measure.

Once the postal bill was put through, the same raise for classified Civil Service employees was approved quickly on voice vote.

The bill was made to apply as well to congressional, judicial and other federal employees outside the civil service program.

The Senate voted also to raise from \$37,000 to \$34,000 a year the maximum allowance to Congress members for hiring office workers.

### S.D. Jury Frees Woman Who Killed Brutal Husband

SELBY, S.D. (AP)—A jury deliberated four hours last Friday before acquitting Mrs. Marie Iron Necklace, 19, of a charge of first degree manslaughter in connection with the fatal stabbing of her husband.

Clayton Iron Necklace, 38, was stabbed to death last Nov. 23 at Mobridge.

The young wife testified during her trial that her husband had beaten her several times and had once threatened to kill her. She said that on the night of the stabbing her husband picked her up by the hair, pulled and twisted her nose and hit her on the head with the side of his fist.

Mrs. Iron Necklace said after the trial she planned to live with her parents on the Cheyenne Reservation near here.

### Spring Storm Moves Across Great Plains

DENVER (AP)—A massive spring storm, barbed with wind and bitter cold, mushroomed over the Great Plains today after numbing three Mountain States with temperatures ranging to 20 below zero.

Locked for three days in the Rocky Mountains, the storm whisked over the wind-battered plains with scattered snow and record cold.

Damage was expected to run high to early fruit crops in Oklahoma and Texas. Less serious is the threat to stockmen whose herds were caught in the critical lambing and calving season. In Montana, where blizzard conditions have prevailed since Tuesday, officials were preparing a survey of damage to livestock.

Only scattered snow was reported over the storm belt late yesterday and today, most of it on the plains.

**Air Cold**  
The cold air spread over most of the area between the Rockies and the Appalachians and as far South as southern Texas. Temperatures were around normal east of the Appalachians and west of the Rockies.

Light snow spread eastward from the Missouri River into the middle Mississippi Valley and early today continued over most of the middle Atlantic States, the Ohio Valley and the eastern Great Lakes. Strong northerly winds caused considerable blowing and drifting of snow, which ranged in depth from 1 to 3 inches.

A second belt of light snow extended over the upper Mississippi and Missouri valleys.

The heaviest snowfall was at Colby, Kan., with 7 inches, from 2 to 6 inches fell in Nebraska and northern Missouri.

The Weather Bureau said most of the snow was wrung from the storm during its stay in Colorado, Wyoming and Montana. Top snow depth was in Denver with 9 1/2 inches.

The keynote of the eastbound storm was cold.

After a day in which the mercury hovered far below the freezing mark, it skidded to 20 below zero at Bozeman and Drummond in west-central Montana.

**Below Zero Readings**  
In Wyoming, Laramie posted a -6 and Rawlins -4. Coldest spot in Colorado was Fraser. It was -14 there at midnight.

The temperature dipped to 8 above at Las Vegas, in northeast New Mexico, and to 15 above at Amarillo on the Texas Plains. Kansas City posted 9 above, the coldest March 25 on record. Record cold, with marks near zero, clamped down on Kansas, Nebraska, Oklahoma and Missouri.

Blowing dust, mixed with snow in Oklahoma, was reported in New Mexico and West Texas.

Only one death was reported from the storm. It was in Colorado, the result of a traffic accident.

It was below freezing from Albany, N. Y., southwestward to Austin, Tex., and northwestward along the Continental Divide. The below zero weather readings were reported in parts of the upper Mississippi Valley with readings 10 degrees or lower as far south as southern Kansas and Missouri.

# Hearings Set On Badger War Vets Bonus Bill

MADISON, Wis. (U)—A proposal to pay Wisconsin war veterans a bonus will be one of the bills to be heard at public hearings in the Legislature next week.

Every legislative session since the end of World War Two has had at least one measure calling for payment of a bonus. None has passed.

The bill would establish a veterans' adjusted compensation trust fund to pay World War Two and Korean War veterans or their heirs at the rate of \$10 a month for service in the U. S. and \$15 a month for foreign service. Maximum payment would be \$500.

It is estimated the proposed law would cost about eight million dollars annually, to come from part of the liquor taxes the state collects and from the veterans housing fund.

Appointments of new members to the State Conservation Commission also will get legislative attention via hearings.

The Senate Agriculture and Conservation Committee will take up the appointments by Gov. Kohler Wednesday.

The governor nominated Arthur MacArthur, Janesville, to succeed Douglas Hunt, Wautoma, and Russell D. Stouffer, Shell Lake, to succeed John Moreland of Hayward.

When the governor nominated MacArthur and Stouffer he said neither Hunt or Moreland sought reappointment.

The Assembly Conservation Committee will return to conservation matters Tuesday when it continues a hearing on the Conservation Commission's budget bill for 1955-57.

# Dead Man's Chest Used for Surgery

CHICAGO (U)—A large section of a dead person's chest was transplanted to a surgery patient in an operation described as unusual and highly successful.

St. Mary of Nazareth Hospital disclosed details of the case today as the patient, Clifford W. Loitz, a 45-year-old Chicago bookkeeper, was prepared for release.

A hospital spokesman said a team of four surgeons removed a large tumor from the front of Loitz' left chest wall March 12. They found it necessary to cut out a section measuring about seven by seven inches and including four ribs, the collarbone and the breastbone.

The defect created by the resection was so large that simple closure of remaining tissues would not produce enough stability of the chest wall to allow the patient to breathe. So the surgeons transplanted to Loitz' chest the corresponding bones removed from a person who had died recently in an accident.

The hospital said the bone transplant was tailored to fit and wired into place, returning the patient's chest to normal and enabling him to breathe normally and comfortably since the operation.

The surgeon in charge explained that the bone transplant will not grow in the patient's body but that it will serve as a framework on which new bone can be grown in replacement.

Names of the surgeons who performed the operation were not disclosed by the hospital.

# Cities Without News

MILAN, Italy (U)—The cities of Milan, Venice and Turin were without newspapers today as unions and publishers failed to reach agreement on wage demands. The papers' mechanical staffs were pulled out on a 24-hour strike.

Title to a billion acres of U. S. land was originally acquired by private citizens or agencies from the U. S. government.

# ALSOPS

(Continued From Page 1)

The Adams face — at least the upper half of it, as it appeared in the famous picture of him leaning his nose on a chair — was one of the most famous in the country. Yet at the Peress hearings Adams looked even more ghostly than the rest of the cast — almost disembodied. And with good reason.

The Peress hearing is the Adams swan song. As of April 1, he will no longer be counsel of the Army. It is not certain whether he resigned or was fired — at any rate, it was made clear to him that he was "too controversial," and that his departure would be welcomed.

# Record of Pressure

Adams will merit a footnote in history. The detailed record which he kept of the pressures brought to bear on the Army by McCarthy, Cohn & Company, started McCarthy down the long road he has traveled since. But for present and practical purposes, Adams is "a poor player, who struts and frets his hour upon the stage, and then is heard no more." The poor player is worried. He has been in military or government service since 1942, and in the circumstances it is not easy to find a job. There is no job on the horizon. Adams is intelligent, and no doubt he will land on his feet. Yet his fate should serve as a warning to all government servants under no circumstances to show any imagination or initiative, lest they be labeled "controversial."

What was most interesting about the Peress hearings, however, was that they were so boring. The caucus room of the Senate Office Building, full to bursting a year ago, was two-thirds empty, and the press tables had yawning gaps.

# Little Excitement!

One reason was that the hearings were a McCarthy show, and the sullied demagogue is not really interesting any more. A year ago most of the Senate feared McCarthy — most of the country too, it often seemed. Now (thanks in part to the about-to-be-unemployed Adams) McCarthy is boring rather than frightening.

But there was another reason why the Peress hearings aroused so little real excitement. The hearings had to be held, as insurance against McCarthy's screams of "Whitewash." Yet long before the hearings started, everybody concerned knew the real answer to the question, "Who promoted Peress?" The answer lay, of course, in the endless, tedious testimony about how the "form 880" was not in the "201 file" but in three other places where it ought not to have been — and so on.

No single individual — but the Army system — impersonal, massive, ponderous, a law unto itself — caused the Peress mess. Every army in the world has its bureaucracy. But none can even begin to compare with the American Army, in mountains of paper work, miles of red tape, and rich profusion of typewriters and mimeograph machines.

It might have been, a lot more useful to ask, indeed, why it was necessary for as many as sixty high and medium officers and officials to concern themselves with the firing of a left-wing dentist. The answer might reveal a lot about why we must recruit more than 60,000 men for every division in the field, while the Russians need only 22,000.

Meanwhile, it is at least reassuring that the Peress hearings were so tedious, in their ghost-like way. For the very boringness of the hearings suggests that the country has recovered a lot of its sanity in the last year.

# Strike Closes London Papers

LONDON (U)—Fleet Street, London's bustling newspaper row, was still today as a wage strike by electricians and maintenance men forced suspension of the city's nine main dailies.

The Manchester Guardian was the only national daily on sale in the capital as a result of the stoppage, which also shut the financial and sporting papers and the Communist Daily Worker.

One union official said the stoppage probably would last into next week.

Some 300 provincial papers published outside London were not affected by the strike, but none are being distributed in the capital.

The unions want new pay raises to meet the increased cost of living, but they have not made public what they are asking.

The new proposals would give skilled members of the two unions in London weekly rates of \$36.33 for night work and \$31.01 for day work.

Night workers have been getting \$34.30 and day workers \$29.33.

# Red Men Planning Rummage Sale

A daylong rummage sale will be held by the Red Men and Degree of Pocahontas at the Red Men's Wigwam April 16.

Sachem Darwin Kuhlmann said today that a steering committee of 50 members has been soliciting the combined membership of the two organizations of 1,100 for the past two months collecting articles for the sale and contributions have been received from local merchants.

O. H. Hultkrantz, Kuhlmann and M. A. Peterson are co-chairmen of the arrangements committee; Albin Johnson and Alfred Fratzke, co-chairmen of the sale committee, and William Fratzke, chairman of the publicity committee.

Members of the general arrangements committee are Evan Davies, Carl Aune, J. J. Kelly, Walter Williams, Albert Thiele, Alfred Brandt, Leon Inman, Frank Theis and Ernest Anderson; sales committee, Robert Nelson Jr., Richard Sebonover, Harold Richter, Harry C. Miller, B. J. Wetzel, William Kaehler, M. B. Theis, W. F. Johnstone and Henry Lang-

owski; publicity committee, Robert Nelson Sr., Bernard Sheridan, Albert Peterman, Ray Lingenfelter, Frank Keelan and Paul Troska; Pocahontas committee, Mrs. Robert Nelson Sr., Mrs. C. W. Thorpe, Mrs. Roy G. Wildgrube, Mrs. Walter Williams, Mrs. Victor Leaf, Mrs. M. A. Peterson, Mrs. Charles Truhl Jr., Mrs. Arthur Kern, Mrs. Alfred Fratzke, Mrs. Harry O'Brien, Mrs. Edna Markwardt, Mrs. Erma Page and Mrs. Nettie Haase.

Cashiers for the sale will be Henry Aune, Harry B. Smith, Wildgrube, Leslie Ford and Norton Cocker.

Members of the Degree of Pocahontas will serve coffee and doughnuts during the day.

Other events on the Red Men social calendar include parties for members and guests and members of the Degree of Pocahontas April 2, 9, 23 and 30; a tribal council meeting April 7; a Winona-Red Wing bowling match, followed by a dance April 16; a smelt fry, April 21; a class adoption May 5, and a stag party May 19.

There are 1,270,000 miles of unpaved roads in the United States, 854,000 miles of paved road and 1,216,000 miles improved with stabilized earth, gravel or crushed stone.

## No Criticism Made of City In State Audit

Reports on Finances  
Of Most Units  
Received by Council

No criticism of any kind has been made by the state public examiner's office in reporting on audits of the city's financial affairs.

Copies of the report have been sent by Raymond B. Vecellio, deputy public examiner, to the City Council, which annually asks the state to make the audit.

The present report consists of two volumes. The larger one includes the various funds and boards under the City Council; it is for the year ending March 31, 1954, with the exception of the Winona Police Relief Association, which is for the year ending Dec. 31, 1954. The second is for the more independent Winona Fire Department Relief Association; it is for the years ending July 31, 1953 and 1954.

**Almost All Covered**  
Only governmental units not covered by these reports are the Board of Education, the Board of Municipal Works and the Winona Housing and Redevelopment Authority.

Only comment made in either of the volumes is that "a resident of the city of Winona has been under the misapprehension that an employee at the Winona Free Public Library is a member of the Library Board," asking the deputy examiner points out that the employee is not a member of the library board, and that, furthermore, "state laws pertaining to libraries prohibit library directors from receiving salaries."

Both of the volumes cover cash audits, under which the examination is made in considerable less detail than previously.

The Fire Department Relief Association report reveals for the years ending July 31:

Balance	1953	1954
RECEIPTS—		
Fees	\$ 8,773.25	\$ 5,270.68
2% on insurance	12,660.81	12,124.48
Investments	5,318.55	5,337.37
Interest	857.50	857.50
Mortgage loans	93.10	52.50
Salary deductions	2,263	1,535.40
Contributions on		
mortgages	915	300
Sale of U. S. bonds	0	4,000
Total receipts	\$21,522.96	\$25,227.20
Balance and receipts	\$35,303.21	\$39,599.68
DISBURSEMENTS—		
Benefits to members	\$24,335	\$23,206
Medical aid	894.53	370.16
Refunds of deductions	0	397.20
Total disbursements	\$25,229.53	\$23,973.42
Balance July 31, 1953	\$ 8,773.25	\$ 5,270.68
Balance July 31, 1954	\$ 6,338.32	

**Bonds: \$38,300**  
Cost value of U. S. bonds held on July 31, 1954, was \$38,300. A total of \$900 from a mortgage loan made to a fireman—Mr. and Mrs. John G. Schmidt—July 5, 1939, which matured July 1, 1944, was still outstanding as of July 31, 1954.

The balance in the special fund—accumulated through members' salary deductions—totalled \$16,350.50 as of that date, up from \$11,877.60 as of Aug. 1, 1952.

Only July 31, 1954, the association's general fund—maintained through initiation fees and memberships dues—was \$141.20.

Firemen, with the approval of the City Council, are asking legislation at this session of the Legislature to improve the financial condition of their association. Although they're asking for an increased pension, the increase will be more than offset by an additional one-half mill levy and doubling of the salary deduction to 4 per cent.

The report for the Police Relief Association for the year ending Dec. 31, 1953:

Balance Jan. 1, 1953	\$34,706.37
RECEIPTS—	
Taxes	12,158.17
Payroll deductions	2,176.20
Interest	75.43
Savings	1,542.45
Investments	1,542.45
Total receipts	\$15,815.24
Balance and receipts	\$50,521.62
DISBURSEMENTS—	
Pensions	720
Retired	8,400
Printing	122.14
Refund	27.20
Investment	30,000
Interest collection fee	65
Total disbursements	\$39,327.29
Balance Dec. 31, 1953	\$11,194.33

## 16th Century Art On View at College

A picture of Madonna and Child, believed to be the work of a 16th century itinerant monk, now is on display at St. Mary's College.

The painting was first discovered at the headquarters of the Blue Nile of Ethiopia, 1924, by Col. Leo B. Roberts, Fort Washington, N. Y., a marine engineer.

Near a church, Roberts unearthed what looked like a weather-stained board, largely destroyed by termite ants. On the upper surface he noted evidence of painting and brought the board home to the U.S.

Here he had the painting professionally cleaned, but not touched, which revealed the picture.

In the intervening years, the painting passed from the hands of Roberts to those of a Catholic friend and finally into the possession of the Rt. Rev. Julius W. Haun, of the faculty at St. Mary's College.

Msgr. Haun unveiled the painting for public display Friday, the Catholic's Feast of the Annunciation. Officiating at special 5 p.m. blessing ceremonies at the college was the Most Rev. Edward A. Fitzgerald, bishop of Winona.

# 100 Downtown Owners Asked About Extending New Lights

The Chamber of Commerce new white way committee has mailed letters to about 100 downtown property owners informing them that the city is prepared to extend the installation of mercury vapor street lights to 11 blocks in the business district.

The property owners will be asked if they are willing to sign petitions requesting the installation which would provide that they share half the cost with the city. It is planned to present the petitions to the City Council April 18. Based on the installation of nine

blocks of the lights last year, the new system would cost about \$3,600 per block, half of which would be charged to the benefitted property owners. The actual assessment charged property owners last summer was \$3.12 per frontage foot, payable over a 10-year period. The proposed installation includes: Two blocks on 3rd street (Walnut to Franklin); two blocks on 2nd street (Main to Lafayette); two blocks on Lafayette street (2nd to 4th); two blocks on Johnson street (2nd to 4th), and three blocks on 4th street (Johnson to Lafayette).

Four lights would be installed in each block in a staggered pattern which provides seven times as much light as the present six-light-per-block system. The existing lights were installed 40 years ago. Should property owners agree to go along with the proposal as presented by Chairman K. A. McQueen's committee, the installation would represent completion of new lights over two-thirds of the present system in the business district. There would still be 10 blocks remaining of the "old white way."

## Blair-Preston Centennial Set July 2-4

BLAIR, Wis. (Special)—The Blair-Preston centennial celebration will be held July 2-4, the executive committee has announced. The committee will borrow \$500 for current operations and proceeds above expenses will be given to the Blair swimming pool fund. James Thompson reports that but-tons are on order and some centennial accessories now are on sale in Blair stores.

**Committees Expanded**  
Additions have been made to several committees. O. I. Slette will serve on the Sunday afternoon program committee; John H. Anderson on the area history committee; Dr. G. Torason on the baseball committee; Mrs. John Syverson on the flower committee; Joe Horn, fireworks; Mrs. Leonard Rogness, parade; Mrs. Julius Erickson and Mrs. Ford Porter, flowers and Mrs. Arnold Olson, Mrs. Thomas Temmeson, Mrs. Thelma Linnerud and Ernest Hanson, history.

L. L. and Chenoweth, centennial president, has asked that old pictures, letters, papers or manuscripts that will help the group prepare the history be turned over to the committee.

**To Begin Wearing Them**  
Beginning April 16, Bursie Belles will wear their centennial costumes every Wednesday afternoon and every Saturday afternoon and evening. All belles are urged to wear costumes on any other occasion when they feel it would be appropriate.

Most of the dresses worn in 1855 were very plain and in dark colors. A 1-inch band served as a collar with a narrow frill as trim. Mrs. E. B. Gunderson, chairman, has requested old-fashioned dresses, hats and sun bonnets. The basque style waist was very good as well as princess styles. The skirts were too long and full, from four to six yards at the bottom.

## Cold Wave, Heavy Snow Chill Indiana

INDIANAPOLIS (AP)—A sharp cold wave blew heavy snow and record low temperatures into Indiana today.

Hip-deep drifts in the downtown district of La Porte in northwest Indiana virtually paralyzed the business district. La Porte has a population of 20,500.

Eight persons died in accidents on the glazed highways in a 45-hour period as the temperatures dropped to below freezing Friday night.

Indianapolis reported a low of 8 above this morning, breaking a March 26 record of 12 that had stood since 1894.

La Porte reported the deepest snow, an official 12-14 inches by mid-morning, and it was still snowing. Four to six inches were reported from other sections, except the deep south.

## St. Charles Breeder In Cedar Rapids Show

ST. CHARLES, Minn.—Arnold Diderick & Sons, Poland China hog breeders from St. Charles, will be one of the exhibitors at the breed's national spotlight show and sale of half boars and gilts at Cedar Rapids, Iowa, April 1-2.

They will compete with 40 of the breed's leading herds from seven states. To be eligible for the sale at 11 a.m. Saturday morning, entries must first qualify by being a prize winner in the show Friday afternoon.

Entries from the Diderick herd are sired by Flash Chief, the 1953 Minnesota junior and reserve grand champion boar which shared the 1954 Minnesota junior champion boar.

## State Anniversary Half-Dollar Sought

ST. PAUL (AP)—Congress would be asked to authorize minting of a special half dollar in 1958 to commemorate the 100th anniversary of Minnesota's admission to the Union under a resolution introduced in the Minnesota House of Representatives today.

The resolution, sponsored by Rep. Peter Popovich, St. Paul, suggests minting of 150,000 commemorative half dollars. The coins would be turned over to the Minnesota Statehood Centennial Commission for sale and distribution.

## 2 Women in Same House, Both Over 90

PIGEON FALLS, Wis. (Special)—Mrs. Johanna Slette and Mrs. Hannah Haraldsrud, residents in the same house here are celebrating their 92nd and 91st birthdays, respectively, within four days of each other.

Mrs. Slette and Mrs. Haraldsrud were 92 Wednesday and Mrs. Haraldsrud will be 91 Sunday. They are mothers of Mr. and Mrs. Mads C. Slette, in whose home they reside. Mrs. Johanna Slette, who has been bedridden since receiving a hip fracture five years ago, lives downstairs with her son and daughter-in-law. Mrs. Haraldsrud and another of her daughters, Miss Clara Haraldsrud, occupy the upstairs apartment in the Slette and home. Mrs. Haraldsrud received a fractured hip 11 years ago but was up and walking around without the aid of persons or cane within two months after the accident.

**Natives of Norway**  
Both are natives of Norway.

Mrs. Slette, daughter of Soren and Borni Refness, was born March 23, 1863, in Dale Sunnfjord, one in a family of six. She was married to Christian Slette in June 1885 in Norway. In the summer of 1888 they came to America, bringing their infant son Mads, their only child, with them. They came directly to the home of her uncle, Jens Staff, Tuft Coulee, Town of Pigeon, but in a short while acquired a farm of their own near the Sunshine School a short distance closer to the village of Pigeon Falls. This farm has remained in the family ever since and now is operated by her grandson, Chester Slette.

In 1894, Slette died, so she has been widowed for 61 years. When her son became old enough he took over the farming operations, and they remained there until moving into Pigeon Falls 11 years ago. Mrs. Slette has two grandchildren, Chester Slette and the home farm and Mrs. Bernhard Thompson of Northfield, Jackson County. She also has five great-grandchildren.

Mrs. Haraldsrud was born March 27, 1864, in Fluberg, Norway, daughter of Martin and Christine Hanvold Steen. At the age of 19 she came to America, her brother, H. A. M. Steen, having preceded her. He settled at Northfield, as did their brother Ole, who came later and at 73 is still a resident of Northfield. H. A. M. Steen is deceased. However, Mrs. Haraldsrud has two brothers, Martin and Carl Hanvold, still living in Norway. Their niece, Miss Judith Steen, Whitehall, visited them on her trip to Norway in the summer of 1954.

**Drown at Sea**  
A third brother of Mrs. Haraldsrud, Magnus, his wife and seven children met a tragic end. They were en route to America on the ship Norge, which sank, and all were drowned. According to the recollections of the family, this was about 1910 or 1912. They were looking forward to their arrival when they received word of the tragedy. According to their understanding, a load too heavy for the ship caused it to sink.

On Aug. 2, 1888, Hannah Steen and Ole C. Haraldsrud were married. They resided on farms in the Whitehall and Pigeon areas until retiring and settling at Pigeon Falls. Haraldsrud died three years ago.

Her children are: Mrs. M. C. (Isabelle) Slette and Miss Clara Haraldsrud, Pigeon Falls; Mrs. H. D. (Mina) Watkins and Miss Margaret Haraldsrud, Chicago; Mrs. G. M. (Hulda) Moen, Virago; and Arthur Haraldsrud, Taylor. She has five grandchildren and six great-grandchildren.

## Semester Honor Roll Released at Preston

PETERSON, Minn. (Special)—Students on the first semester honor roll at the high school here are:

Seniors—Ruth Ann Aarsvold, David Benson, Karol Boyum, Juliana Olym and Charlene Sander; Juniors—Arne Boyum, Janice Thoreson, Leanne Funder, Sophie Moen—Paul Benson, Rose Marie Maland, Sigrid Olym and Marion Thoreson; Freshmen—Joel Aarsvold, Louise Benson, Gerald Boyum, David Gorder, Marilyn Johns, Sharon Maland, Joan Moran, Olive Ann Sande, Wayne Stengard and Janet Thompson.

## CONFINED TO HOSPITALS

KEILLOGG, Minn. (Special)—Jess C. Black underwent major surgery at the Methodist Hospital, Rochester, Thursday. Francis Graner underwent major surgery at St. Mary's Hospital, Rochester, last Friday. Mrs. Bart Peters was admitted to St. Elizabeth Hospital, Wabasha, Thursday.

## Winona County In \$920,286 Tax Settlement

Winona County's March tax settlement has been set at \$920,286.78, according to figures released this week by County Auditor Richard Schoonover and County Treasurer Arthur W. Dorn.

The March settlement—traditionally the smallest of three sent out each year—has been allocated to county funds, schools and political subdivisions within Winona County, with two settlements mailed to the state of Minnesota.

Real estate and personal property collections are distributed in March, June and November of each year.

Totals released today are for payments made by taxpayers—mostly personal property—between Nov. 1, 1954, and March 1, 1955.

School districts, as in the November 1954 settlement, again will receive the major portion of the settlement, with checks totaling \$357,567.04 going out this week to larger schools and common school districts in the county.

Political subdivisions are second among the four classifications in amounts to be received, while county funds and state funds rank third and fourth respectively. A breakdown of March settlement figures follows (cents omitted):

TOWNSHIPS	
Dresbach	\$ 1,462
New Hartford	3,106
Pleasant Hill	2,415

## State Vacates Game Refuges

An order signed this week by Gordon Wollan, acting director of the State Game and Fish Department, officially vacated two Winona County game refuges.

Involved are the Gilmore Valley refuge, consisting of about 5,000 acres south of Highway 14 between Winona and Stockton, and the Wisconsin Valley refuge of about 2,000 acres in the south part of Wiscovy Township and bounded on the south by the Houston County line.

Public hearings on petitions from county residents asking that the two be vacated by the state were held at the Goodview Municipal Hall March 15.

## Harmony Man, Partly Frozen, Found in Field

Allen Johnson, 22,  
Receiving Treatment  
At Winona Hospital

A 22-year-old Harmony, Minn., man was taken to the Winona General Hospital this morning after he was found semi-conscious, partially frozen and suffering from severe exposure after apparently lying in a plowed field in Goodview for more than three hours during near-zero cold this morning.

Receiving treatment at the hospital is Allen Dale Johnson, a Winona State Teachers College student from Harmony who has been rooming at 459 Huff St. in Winona. Sheriff George Fort was called at 5:50 a. m. today after a Minnesota City woman found Johnson lying in a field just east of the Happy Landing Club near the Winona Municipal Airport in Goodview.

**Legs Virtually Frozen**  
When he arrived in Goodview Sheriff Fort said that he found that both of Johnson's legs appeared to be virtually frozen and that he was suffering from severe exposure after lying for an extended period of time on his back in the field.

The sheriff said that Johnson may have been knocked unconscious when he slipped and fell while walking in the field sometime after 2:15 a. m. today.

A cut over Johnson's left eye indicated that he had been bruised when he fell against stubble in the field, the sheriff said.

Sheriff Fort, from questioning of Johnson and persons who last saw him early today, said that he understood that the Harmony man and some companions went to the Happy Landing at about 1:15 a. m. The sheriff said that about an hour later the group decided to leave but Johnson declined to go after the group had reached the club's parking lot.

**Decides to Return**  
The man with whom Johnson was riding then left, drove about a mile toward Winona and then decided that he would go back to the club to pick up Johnson.

When he returned, Sheriff Fort said, the other man found that while Johnson was reported to have gone back in the club he could not be found at that time.

His companion then returned home, the sheriff said. At 5:50 a. m. today Mrs. Herbert Gross, Minnesota City, was driving along Highway 61 when she saw a man lying in a field, about 60 feet north of Highway 61 and about 100 feet east of the airport approach road.

Mrs. Gross immediately drove to a nearby service station where she notified Leslie Christianson, the station operator, and he and another man carried Johnson into Mrs. Gross' car before calling Sheriff Fort who, in turn summoned an ambulance.

**Identity Learned**  
Sheriff Fort said that at first Johnson was able to mumble only incoherent answers to the sheriff's questions but later at the hospital was able to give information as to his identity and other facts.

The sheriff said that his investigation showed where Johnson had wandered into the field and apparently fell.

He said that it could not be determined exactly how long he had been lying in the field when he was found.

Sheriff Fort said that Johnson was wearing only a light jacket, slacks, shoes and stockings.

## Kite Contest Postponed To Next Saturday; Too Much Snow, Cold

The Park-Recreation Department's kite contest scheduled for this afternoon at Athletic Park was postponed to next Saturday because of cold and snow.

Youngsters 12 and under will be eligible for the contest.

## Indian Name Given To Ambassador's Wife

MOUNT VERNON, Iowa (AP)—Mrs. Ganganvihari L. Mehta, wife of the ambassador of India to the U.S., has been given an American Indian name.

She was made an honorary member of Camp Fire Girls of America during a tea Friday at Cornell College. Mrs. Mehta was presented a scroll and the Indian name of Wa-da-min-go, which means "Healing White Flower."

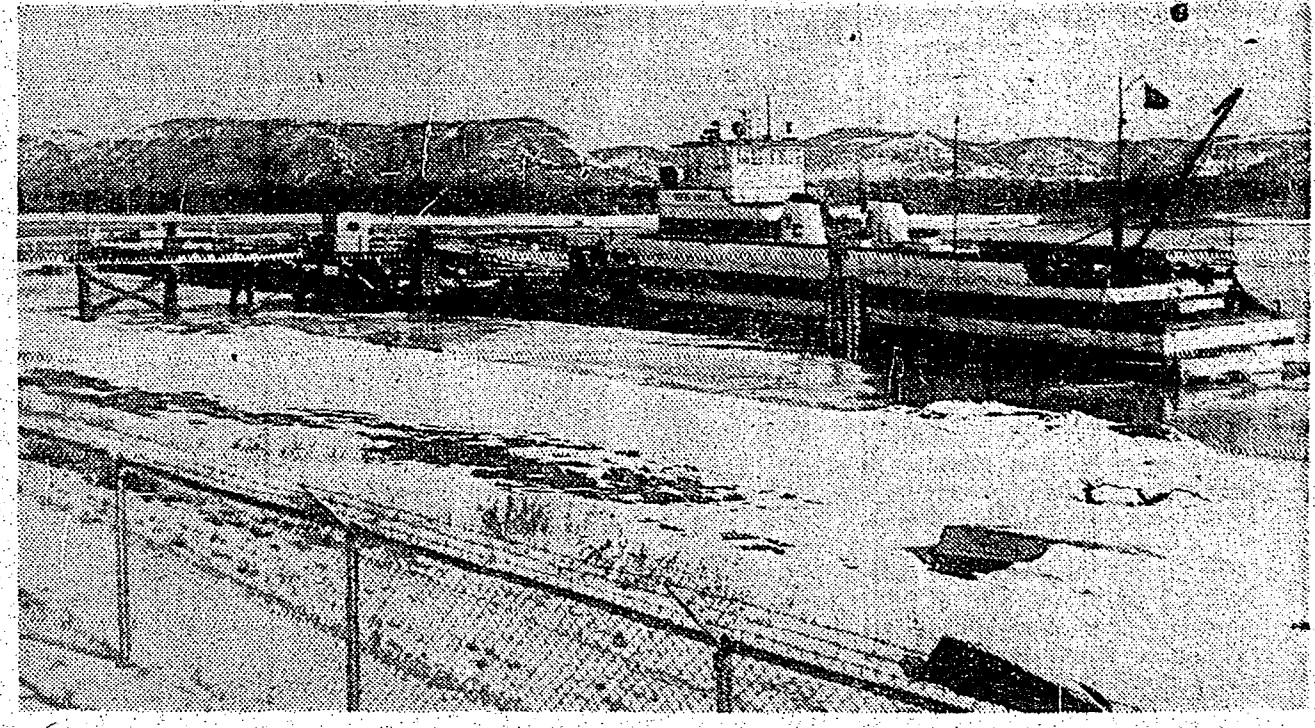

## Disabled Vets to Meet in Des Moines

DES MOINES (AP)—The Disabled American Veterans will hold its national convention in Des Moines Aug. 14-20, it was announced today. President Eisenhower has been invited to address the convention.

## Iowa Youth Driving Stolen Car Killed

DAVENPORT, Iowa (AP)—William Albertson, 19, son of Mrs. Twyla Albertson of Ottumwa, was killed Friday in a car collision on Highway 61 west of here.

Scott County authorities said Albertson was driving a car reported as stolen by Paul G. McKeever in Ottumwa last Monday. Alden B. Robbins, 48, Davenport, driver of the other car, received facial cuts.

Unloading of 1,700,000 Gallons of gasoline brought to Winona today by the Delta Cities was expected to be completed late this afternoon at the Shell Oil Co. terminal. The tow with two

barges was the first to arrive in Winona this season. Capt. L. E. Huck said the boat probably would begin the return trip to Wood River, Ill., early tonight. (Daily News photo)

# Two Stores Burn In Fire at Strum

STRUM, Wis. (Special)—The number of hardware and grocery stores in this northern Trempealeau County town was cut in half early today as fire destroyed two frame buildings on the main street.

"Only a brick bank building kept a whole block of buildings from burning down," Carl Berg, treasurer of the Strum fire department, said today. Destroyed were the Hulberg Grocery, where the fire started from unknown cause, and the adjacent Jacobson Hardware.

The combined loss is estimated by the proprietors, Ted Hulberg and Hans Jacobson, at nearly \$75,000.

Berg, who works in the last remaining grocery store across the street, said the fire was discovered about 11 p.m. Friday by Selmer Hulberg, brother of Ted, who walked in the front door of the store and found it ablaze. Knowing his brother and electrician Lester Wedding were in the basement installing a new refrigerator, he purchased Thursday, he raced to warn them and all three escaped without injury, although Wedding had to leave his tools behind and some of their clothing was burned getting out.

Between 12:30 and 1 a.m., the fire penetrated a fire door separating the two buildings and nothing but charred ruins remain today.

"By the time we got there," Berg stated, "the Hulberg building was beyond saving. We called the Elva and Osceola units and local firemen are still pouring water on the embers."

"Many years ago," he added, "before I lived here, there was a worse fire in the business district."

Both buildings are located on the south side of main street with the Hulberg store on the west side of the hardware. The two buildings had a frontage of about 100 feet in the main business block. Both were one-story frame structures. One grocery store and one hardware store remain.

## BIG 4 (Continued From Page One.)

some constructive step could be made.

In his opinion (Eisenhower's) a conference of the heads of government of the great powers could be convened without an agenda and all questions discussed.

"What is the attitude of the Soviet government toward the statement by the President of the U.S. A.?" The Tass correspondent asked.

Bulgarian replied: "The Soviet government, as before, takes a

## Humphrey Raps GOP for Stand On Yalta Papers

By JACK BELL

WASHINGTON (AP) — Sen. Humphrey (D-Minn.) accused Republicans today of playing a game of "political schizophrenia" over discussion of the Yalta conference report.

Humphrey said he "marveled at the political psychology" of a statement by Sen. Knowland (R-Calif.) after a White House visit yesterday. Knowland said he sees "no basic difference" between himself and President Eisenhower on public discussion of the Yalta meeting.

"This is certainly a game of political schizophrenia (split personality)," Humphrey said in an interview.

"It seemed to me the President made it perfectly clear that he doesn't believe there is anything to gain in going back 10 years to try to prove somebody was wrong at a conference then."

"It also seemed perfectly clear that Sen. Knowland intended to discuss the Yalta conference whenever he chose, despite the President's attitude."

"But every time they have a conference, they indicate everything is sweet and lovely despite the fact they are singing different tunes."

Knowland, the Senate Republican leader, said he discussed with Eisenhower publication of documents dealing with the 1943 Tehran and 1945 Potsdam conferences. The latter was attended by former President Harry S. Truman.

He said he expects these documents to be made public "in an orderly manner."

The California senator said he doesn't disagree with Eisenhower's view that the Yalta documents "should not be used for partisan advantage." But he added that when he believes the occasion demands it, he expects to talk about the papers to give the public a "more accurate picture" of what transpired at Yalta.

Sen. Bender (R-Ohio) made it clear in an interview he intends to beat out the Yalta theme on the political drums in his campaign for re-election next year.

Republicans have accused Franklin D. Roosevelt of making unnecessary concessions to Russia at Yalta. Democrats contend that the concessions have been lost in an invasion of Japan if the atom bomb hadn't worked.

President Eisenhower said members of Congress of both parties will be invited to attend any future high-level meetings.

**Glasgow Most-Prayed For City, Claims Evangelist Graham**

GLASGOW, Scotland (AP)—American evangelist Billy Graham says that because of his all-Scotland religious crusade Glasgow is being prayed for more than any city in modern times.

Speaking to a capacity crowd of 15,000 persons attending the fifth service of the crusade last night in sprawling Kelvin Hall, Graham said the campaign has roused worldwide interest.

Reporting that communications reaching him from as far away as Formosa—had topped 1,000 a day, he said:

"No city in modern times has been prayed for as intensely as Glasgow is at this moment."

In his sermon, Graham emphasized that to achieve salvation, an acknowledgement of sin is necessary.

"It may take lots of humility to come forward publicly at a revival meeting but to do so is an act of will showing that a real decision has been made."

Responding to this plea to embrace salvation, 377 of the worshippers "made the decision for Christ."

**WHITEHALL STUDENT**  
WHITEHALL, Wis. (Special)—David Rice, biology and economics major at St. Olaf College, Northfield, Minn., is among 43 seniors who have qualified as members of the Academic Honors Society for the second semester of this school year.

### Jaye P. Morgan Modest Miss With the Pug Nose

By EARL WILSON

NEW YORK—"I have a pug nose and a pochy mouth," Miss Jaye P. Morgan, the candid chanteuse of TV, told me one recent afternoon, "and when I'm able to see myself on a TV monitor, I think, 'I must look pretty bad.'"

Actually—when seen across a desk—this 23-year-old blonde who was born in a log cabin at Mancos, Colo., and is now married to a son-of-a-casting-director—looks as good as money.

But the sudden success of the gal on the Robert Q. Lewis program—who soon goes out on her own—may be due to her self-effacement.

"It happens to be the way I feel about myself," young Jaye P. went on quite seriously, "and it seems to appeal to women."

"More women ask for my autograph than men. I've always tried to be nice to women because they dominate the household. Even if the man doesn't think you're particularly sexy, he'll think you're nice."

"And if the wife likes you, she'll say, 'She's a nice girl—we'll watch her,' and the husband goes along... otherwise he might get in trouble."

"So I sing to the women, and I always sing nice things and happy things — and it's worked out good."

It certainly has. Robert Q. and Jaye P.'s manager, "Bullets" Durgood, who is also Jackie Gleason's 20-Per Center, have made her famous in little over a year.

Jaye P.'s House of Morgan was truly a log cabin where she was born during the depression. "My father was working as a contractor, and was also a musician, and a log house was all he could build at the time — and it was warm," she said. "There wasn't a lot of money."

"And there were five boys and two girls..."

**Back in Show Business**  
When things got better, "The Morgan Family" went back into show business, touring the West, till the father, John Morgan, died in '45. The survivors went to Hollywood, and Jennie Carol Morgan—that's her real name—met and married Michael Baiano, whom she met while they were going to Benno Schneider's drama workshop.

His father, Solly Baiano, is casting director at Warner's, but Jaye P.'s never gone job-hunting in the studios.

"I never felt I was ready" — that modesty again—"but Solly did introduce me to 'Bullets,' and he didn't tell him I was going with his son either!"

She and conductor — arranger Frank De Vol got the idea for changing her name to Jaye P. when she was with his outfit.

"Frank sort of developed a personality for me. I hate to rehearse, but he made me do it. He taught me little bits and things."

"Then Bullets had me go to a hairdresser every week, which I couldn't afford, and he wouldn't let me wear big earrings, which I love. I wanted to be a hip singer, but he wanted me to be warm and kind."

Everything good has happened since she started being nice to women. In one recent week, she was on Robert Q.'s show 5 times, made a record for Victor, did "Stop The Music," which is a reg-

## 'Oldest Twins' Story Starts Big Controversy

LOUISVILLE, Ky. (AP)—Twins in Kentucky, Illinois and Tennessee raised a good-natured question today: Which set is the nation's oldest?

Kentucky has its answer in Mrs. Eva Bowman of Newport and Mrs. Mary Cullen of Maysville, who gained the "oldest twins" recognition by the International Twins Association five years ago.

The sisters were 92 years old Jan. 11.

But yesterday, August and Fred Schulze of near Brussels, Ill., said they were 92 last Aug. 11—five months earlier.

And at Oneida, Tenn., Leonard and Lindsey Terry announced their 93rd birthday was last September.

Nevertheless, the issue was one of friendly contention.

In fact, the Schulze brothers, widowers and veteran fliers, said they planned to fly to Kentucky for a visit with the sisters, both widows.

Mrs. Bowman said she would be glad to see them.

**Jap Prime Minister Now Master Mason**

TOKYO (AP)—Prime Minister Ichiro Hatoyama became a master Mason today. He was congratulated by the first and present U. S. Far East commanders, Gen. Douglas MacArthur and Gen. John E. Hull.

Hull, who also holds the master rank, was present at Masonic rites in Hatoyama's home. A congratulatory telegram from MacArthur was read.

## Citizens Voting In Dispute Over School Firings

IRVING, Tex. (AP)—A portion of the citizens of Irving voted today to decide whether to abolish their independent school district, torn by five weeks of bitter strife.

The balloting is the result of a factional fight that erupted with the dismissal Feb. 15 of Irving School Supt. John L. Beard.

Some 200 teachers and other employees left their jobs in protest. They said Beard's dismissal was unexplained and climaxed a series of grievances.

Less than 4,000 of Irving's approximately 23,500 citizens were eligible to vote in today's election. That's all who hold poll tax receipts, a requisite for voting in Texas.

The school board fired nine school system executives, including seven principals, for "instigating" the employees' walkout. Others were warned to come back to work or be dismissed. All but a few took dismissal.

Finally, the board said Beard was fired because he would not cooperate. Then this week School Board President Charles Young, a Dallas accountant, said Beard's accounting of cafeteria funds did not follow approved bookkeeping methods.

Beard charged libel and slander and filed a \$300,000 damage suit against the board, a husband of the one woman board member, and a public relations firm retained by some board members.

Another libel suit, filed for \$50,000 by school bus driver Donald O. Sterrett, named as defendant the Reporter Publishing Co., publishers of a tabloid weekly newspaper.

Beard backers, who petitioned for today's election, hope to abolish the school district and name a school board of their own choosing. If they win, they say, they'll call another election immediately.

Beard appealed yesterday to State Education Commissioner J. W. Edgar and said he was "wrongfully and illegally relieved" of his job. Previously he had told news-

men he was fired because a "political clique" became unhappy when some teachers swung pre-

dict conventions in favor of Ralph Yarborough, last year's unsuccessful

## Prize Japanese Pickpocket Caught

TOKYO (AP)—Jokichi Tomoda, 81, Japan's top pickpocket, was arrested yesterday in a department store.

He is considered the star pupil of the legendary Gintji the Tailor, who headed a pickpocket gang here half a century ago.

Tomoda philosophized on his way to jail.

"I don't need a hank. Everyone walking the streets is a prospective bank. See that woman over there? She has money sticking out of her purse just asking to be stolen."

Tomoda was caught lifting a wrapper from a woman's basket. It was empty.

## Honorary Awards Made by Rushford Chapter of FFA

RUSHFORD, Minn. (Special)—Arthur Miller, implement dealer, and Joseph Holger, veterans instructor, were named honorary chapter farmers at the 16th annual Future Farmers of America and parent banquet here Thursday night.

Ronald Warneken was given the DeKalb award, William Soren, student at the University of Minnesota, past state FFA president and national vice president, was the main speaker. Jerald Larson was toastmaster; the Rev. N. L. Otterstad, pronounced the invocation and benediction, and Clifford Rustad spoke for the parents.

Chairmen of banquet committees were Danny Corcoran, program; Merlin Doblar, tickets; Robert Rislove, publicity; David Erdman, food; Merlin Bratberg, cleanup; and Eldon Dahl, decoration. William Ruf, vocational agriculture instructor, Miss Ann Wardwell, Gerald Timm and Miss Beverly Olness assisted.

Special recognition was given the Rushford Lions Club and Commercial Club for cooperation during the year.

ful gubernatorial candidate defeated by Gov. Allan Shivers. Edgar said a hearing would be set.

School classes have not been interrupted by the dispute. Parents and volunteers stepped in when the walkout began. New personnel since has been hired.

## Frenzied Bulls Go on Rampage In Phoenix Streets

PHOENIX, Ariz. (AP)—Phoenix had its annual rodeo last week but a more hectic aftermath was occurring today.

Thirty-one Brahman bulls broke out of a cattle car on a railroad siding last night and proceeded to run rampant throughout the city. At an early hour today 20 had been captured or shot.

Two persons were seriously hurt by the fleeing bulls and dozens of others suffered minor injuries. Practically every policeman in the city was packing a rifle for the roundup.

Frances Rhodes, 15, was gored as she walked along a street far from where the bulls had escaped. She suffered a critical head injury.

James D. Legg, 76, also was hospitalized after being crushed by a charging bull.

Glenn Hay, Phoenix, was credited by officers for saving Legg's life. He rushed out of his nearby store to distract the bull's attention and then beat it over the head

with a garbage can cover. The bull then turned on Hay, who dove into a cotton-picking machine to escape.

As the bulls roamed the streets, most pedestrians took shelter. The frenzied Brahman were scattered throughout the city. They broke down fences and rammed cars.

Already they have done thousands of dollars of damage.

## Belgian Catholics Arrested by Police For Defying Order

By BARTON PATTIE

BRUSSELS, Belgium (AP)—More than 100 persons were arrested today as tens of thousands of Catholics poured into this tense city to demonstrate against the Belgian government's proposed cuts in church school subsidies.

State police lining the main boulevards subjected the surging crowds to identity checks and searches and hauled away dozens found with knives, empty bottles and clubs.

Those arrested were taken to a military barracks and held on charges of endangering the peace.

with a garbage can cover. The bull then turned on Hay, who dove into a cotton-picking machine to escape.

As the bulls roamed the streets, most pedestrians took shelter. The frenzied Brahman were scattered throughout the city. They broke down fences and rammed cars.

# Battle Vets Asked To Determine Status Of Reds in Army

By G. MILTON KELLY

WASHINGTON (AP)—Sen. Mundt (R-S.D.) said today he wants "battle trained officers" to say whether suspected Communists in the Army should face the same risks as "the patriotic soldier."

Alternatives could be to dismiss them from service or assign them to noncombat duties where they can be watched—at a time when loyal American youths are being drafted for possible hazardous duty.

Mundt said the general question of what to do with Communists in service is one problem remaining unsettled after the Senate's newest inquiry into the Irving Peress case.

Peress is the New York dentist commissioned under the doctor-draft law, advanced from captain to major, and given an honorable discharge. The Army had classified him as a security risk, and conceded it made numerous mistakes in handling his case.

Since the Korean War the Army has had changing policies on whether and where to use known and suspected Reds in uniform. Sec. of Defense Wilson has called it a perplexing problem to which he knows no ideal solution.

One solution has been to keep such persons in uniform as enlisted men, under surveillance, and assigned to menial tasks within this country.

Army testimony in the Peress hearings indicated some non-Communists drafted during the Korean fighting invoked the Fifth Amendment on questions about Communism, apparently hoping to evade hazardous duty.

Mundt said no Communist should ever be allowed to serve as an officer, but neither should he be given "favored treatment" in avoiding hazardous assignments.

"There must," Mundt told reporters, "be duties in battle areas to which you can assign them where there are no greater or lesser hazards and hardships than the patriotic soldier must experience."

## Stowaway, 16, Gets to Hawaii

HONOLULU (AP)—A hollow-cheeked, 16-year-old California stowaway, who said he drained tanks of cars for drinking water, stepped out of a Navy ambulance unloaded from the Matson freighter Hawaiian yesterday.

Donald A. Pritchard of Gardena, Calif., sporting a feathery, seven-day beard, said he had run away from home "because I hadn't said 600 words to my stepfather in 11 years."

Pritchard, who identified his stepfather as Virgil Padgett, came fully equipped for a South Sea Island life.

In a canvas roll he carried a Bible, shoes, sweater, underclothes and a loose-leaf notebook labeled "ship's log."

## Russians Informed Of U.S. Asylum Stand

WASHINGTON (AP)—The State Department has informed Soviet Ambassador Georgi Zarubin it will consider any proper request for asylum.

Undersecretary of State Herbert Hoover Jr. so advised Zarubin yesterday when the Russian envoy asked about published reports that the United States has decided to grant asylum to 20 Soviet crewmen of the tanker Tuapse, now held at Formosa.

The Tuapse was captured by the Chinese Nationalist Navy last June as she was making for Red China. The 20 Russian seamen are reported ready to come over.

## Exporter Says Brazil May Burn Coffee This Year

NEW YORK (AP)—A Brazilian coffee exporter says his country may burn six to seven million bags of coffee this year to keep the price up.

Abraham Jabour said last night the 1954-55 crop in Brazil could produce a surplus of that many bags, each weighing 132 pounds. Brazil grows the bulk of the world's coffee.

He said the surplus will be withdrawn from the market—and may be burned—when the 1955-56 crop starts next July.

The 1954-55 crop, he said at a news conference, is expected to produce 15 million bags and the following year there may be 16 or 17 million.

He said a decrease in the Brazil price of coffee, now around 50 to 54 cents a pound, could ruin many producers.

A year ago coffee prices reached an all-time high.

Brazilian officials reported these high prices were caused by frost damage to the 1953 crop.

The present price of coffee permits chain stores here to sell it for less than 80 cents a pound, although some premium brands still cost more than a dollar.

If Brazil destroys part of its coffee crop this year in order to maintain the price, it will not be for the first time. Between 1932 and 1940, 80 million bags were burned.

The United States has about 750,000 people in mental hospitals.

## Air Force Admits 'Touch' of Navy

DAYTON, Ohio (AP)—Air Force recruiters now admit there's a little bit of "Navy" in a plane that had them up in the air because it seemed to resemble a Navy plane—on an Air Force recruiting poster.

Responding to queries started by a Louisiana newspaper man who makes a hobby of memorizing plane shapes and sounds, one Air Force official had admitted a strong resemblance to the Navy's delta-wing Skyray jet.

And Brig. Gen. Arno Leuhman, commander of Air Force recruiting, said it looked as though the artist had started out to do a Convair F102 but wandered off the beam when he got back in the tail assembly.

Recruiting command headquarters here got a look at the new poster yesterday, and a spokesman conceded only a leading wing edge to the Navy.

The plane is a composite, said the spokesman, who asked that his name not be used. It has elements of eight different airplanes representing five manufacturers, he said.

While conceding the wing edge to the Navy, the spokesman was quick to point out that the other seven planes represented are all Air Force.

The sharp-eyed newsmen who spotted the Navy element in the poster was Allan Lazarus of the Shreveport Times.

The United States has about 750,000 people in mental hospitals.

## Come-as-You-Are Church Scheduled

COVINA, Calif. (AP)—Nothing stuffy about this minister.

The Rev. Donald R. Locher, pastor of the West Covina Methodist Church, says that beach wear will be suitable for services this summer.

He said today that "come as you are" services will begin at 8:30 a.m. each Sunday, starting April 17 and continuing through the beach season.

The Rev. Mr. Locher is inaugurating informal dress for the summer so that families can get out of church in time to spend the day outdoors.

## LEGION AT RUSHFORD

RUSHFORD, Minn. (Special)—Herbert Anderson, service worker with the American Legion Hospital Association, Rochester, will speak at a meeting of the Murphy-Johnson American Legion Post 94 at 8 p.m. Monday. The auxiliary will meet at the same time.

## Late Express Train Rates Newspaper Story

TOKYO (AP)—An express train was late in Japan today.

This is so unusual that Kyodo News Agency carried a story.

The Chuo Line Express hit a stalled taxi and was delayed 2 hours 43 minutes. No one was hurt. But the Japanese Railways had to refund about \$55 in express tickets which guarantee on-time arrival.

## Radio Tube Inventor Beats Off Pneumonia

LOS ANGELES (AP)—Friends of Dr. Lee DeForest said today the noted inventor is recuperating rapidly from pneumonia, which he suffered two weeks ago. He has left St. John's Hospital in Santa Monica and plans to return to his laboratory next week.

Dr. DeForest developed the three-element radio vacuum tube nearly 50 years ago.

## First Fifty Years Hardest, Says Dentist

LOS ANGELES (AP)—Everyone should live to be 150 years old.

"It takes the first 50 years to learn how to live," Dr. Walter Stark, a dentist, told a pre-retirement institute yesterday.

The next 50 years should be used for production, and in the next 50 years a human being ought to be entitled to do the things he wants side of production."

## Past Masters Night Planned at Mondovi

MONDOVI, Wis. (Special)—The Mondovi Masonic lodge will hold a past masters night at the K. of P. Hall Monday at 7:30 p.m.

A third degree will be conferred, with past masters taking all parts in the degree work. Oyster stew will be served by the officers.

to do, aside from the commercial side of production."

# The Whole Bub Family Is Now Dressed In New, Colorful Labels That Have Won a NATIONAL AWARD!

Not in over 90 years has there been so much excitement around Sugar Loaf — we're famous the country over for our new labels! But recognition such as this doesn't thrill us nearly as much as the fact that people right in this area have made Bub's the popular choice. Time-honored Bub's is called for more often than any other brand — and we know the reason why. Skillful brewing combined with the choicest ingredients

have put Bub's Beer out in front. The new labels haven't changed the goodness of the product, but from here on in, a quick glance will immediately identify Bub's to you — in picnics, pints, Lil' Bub and cans. Remember, when it's beer time — get time-honored Bub's... at your favorite tavern and take-out store.

The Associated Press is entitled exclusively to the use for republication of all the local news printed in this newspaper as well as all A. P. news dispatches.

But Jesus did not trust himself to them, because he knew all men and needed no one to bear witness of man; for he himself knew what was in man. John 2:24, 25 SRV.

### Air Travel 1985 — What Will It Be Like?

A group of scientists agree that when it comes to predicting what air travel will be like 30 years from now, it's best to let the imagination run free. The only thing that could be predicted with accuracy at a recent symposium about air travel in 1985 was the position of stars and planets in the skies. Joseph M. Chamberlain, chief astronomer of the Hayden Planetarium in New York, demonstrated how the skies will appear to astronomers in 1985.

There the certainty ended. Dr. Wernher von Braun, chief of the U. S. Army's Guided Missiles Development Division at Red Stone Arsenal, Dr. Fred L. Whipple, chairman of the Astronomy Department at Harvard, Hail Hibbard, vice president of engineering for Lockheed Aircraft, Dr. Walter R. Dornberger, guided missile consultant for Bell Aircraft, and other participants in the symposium couldn't agree on a single prediction.

They foretold air travel of 2,000 miles an hour, at altitudes above 15 miles, powered by nuclear energy. They foresaw tomorrow's commercial airliner as a converter-type aircraft capable of rising directly off the ground like a helicopter, with passengers sitting in the wings. They discussed space stations, robot-like rocket ships and freedom from gravitational attraction. These are the things they could see. But they all agreed that what will make air travel of the future exciting are the things that cannot yet be seen.

Trans World Airlines has announced that it is offering \$100,000 in prizes for the most accurate prediction made this year of air travel in 1985. All entries will be microfilmed, sealed, opened 30 years from now.

If the winners aren't alive to receive their prizes, they will be awarded to heirs or assigns. Probably no prediction made today will adequately describe air travel 30 years from now unless it's based on a vivid imagination.

### Why Not Eliminate Danger Zones First?

The people of Winona deluged Gov. Orville Freeman with telegrams and besieged Highway Commissioner Mike Hoffmann's office a few days ago following two fatal automobile accidents on U. S. 61 between Winona and La Crescent. The Winonans were incensed at what they thought was unnecessary delay on the part of the state highway department in the construction of the four-lane highway between these two cities. Our neighbors to the east believe that the river road is a killer of the first magnitude and they have facts to back it up.

During the past four years, the records show, eleven persons have been killed and 167 injured in the 24-mile stretch between Winona and La Crescent. More than 265 accidents have occurred there. Many of these accidents were due to the narrow and winding character of the highway and to curbing along the road in some spots. The curbing was originally constructed to keep spring freshets from flooding the highway.

The Winona Daily News questions the policy of the highway department in pushing construction of new highways in the northern part of the state as a convenience to the motoring public instead of rushing to completion a section of the state highway system which cries for attention because of the hazards it now imposes on the thousands of automobile and truck drivers who traverse it monthly.

We might point out that the Winona-La Crescent stretch on U. S. 61 is not the only dangerous piece of heavily-traveled road in Southeastern Minnesota that needs immediate attention. The Munson hill segment of U. S. 61 just west of Red Wing has a record every bit as bad. Although it is but 5.7 miles from Towerview to the Welch church, four people have been killed and 69 have been injured in automobile accidents in this area in the past four years. The Goodhue County sheriff's office estimates property damage of \$38,975 resulting from these mishaps. The sheriff's office itself has investigated 50 of these accidents, and these did not include several more which were handled by the Minnesota Highway Patrol.

Undoubtedly the hazards on Munson hill could be substantially reduced by the widening of the highway where it descends from the level plateau to the Cannon river bottoms. Heavy trucks and truck-trailer combinations crawl up this long ascent piling up faster moving traffic behind them. This situation invites the impatient driver to attempt to pass the slowly moving procession, taking his own life and those of east-bound drivers in his hands. Reckless driving is greatly encouraged by these conditions.

This brings us to a point we would like to make. In the light of Minnesota's appalling accident record, should not our highway program be geared to making every effort to eliminate danger zones on existing highways before undertaking the construction of roads which will be of ultimate benefit to the motoring public but whose building does not prom-

## Guaranteed Wage Labor's New Aim

By GEORGE E. SOKOLSKY

NEW YORK — Organized labor has shifted its battlefield from higher wages, lower hours, fringe benefits to the guaranteed wage. This is a demand for the payment to a worker, whether he works or not, of a contractual sum for an annual period.

The idea is not new. It was discussed in 1947 in a report entitled "Guaranteed Wages," issued by the advisory board of the Office of War Mobilization and Reconstruction. Five years later, in 1952, the Bureau of Labor Statistics found that little progress had been made in that direction. The enterprises that are usually cited as the most successful operators of a guaranteed wage plan are the George A. Hormel Company and the Proctor and Gamble Company, one selling hams, the other soap, both engaged in all-year-round markets. The Hormel Company stated in 1950:

"CERTAINLY OUR COMPANY is wholly unable to redeem the money consideration in such a guarantee unless we can keep our people actually and profitably employed. The entire asset value of our company, cashing everything we own, would only be sufficient to redeem a ten months' guarantee. If we as a company cannot make such a guarantee, neither can our community, for we know that in our town all of the bank assets including county deposits, city deposits, all the money owned by all of us, would only cover the payroll for nine months.

"So, when using the phrase 'guaranteed annual wage,' we must ask the question—guaranteed by what? The only guarantee we know of is the ability of management to manage, coupled with willingness of workers to work. If either fails, then the guarantee fails."

This is beyond doubt a fair statement of the problem for most companies, which can only produce wages by selling goods. When there is no market, not only wages but dividends go by the board. This issue is now to be fought out in the automobile industry in which the decision will be made by only two companies, Ford and General Motors.

It is generally believed (or at any rate, assumed) in the labor world that Ford will capitulate and that General Motors will hold out. It is also indicated that Walter Reuther, whose career is as much political as it is labor union management, will call a strike of the UAW in the event that either company or both reject the guaranteed wage.

THE ANSWER TO THE problem is not simple. Some industries operate in a market which makes a guaranteed annual wage not only possible but efficient. In other industries, seasonal employment is normal to the conditions of the market which are seasonal. For many years, such industries have, by advertising and other merchandising efforts, sought to eliminate peaks and valleys. The automobile industry in the United States faces the fact that there is no sound reason for the purchase of a new car each year. The automobile industry employs styling, the gradual introduction of improvements and gadgets, credit terms, the publicized excitement of automobile shows and all sorts of devices to encourage sales each year.

The guaranteed wage, if won, can only mean an increased price for a car. The question then arises as to whether that will result in postponed buying and whether it will increase the import of cars from Europe, cars partly manufactured with American capital. It will also raise the question of the increased use of automatic devices in manufacturing which could result in the rise of unemployment in areas where automobiles are made.

## IN YEARS GONE BY

### Ten Years Ago . . . 1945

A traffic safety signal at the Milwaukee Railroad crossing on West Broadway was badly smashed when it was hit by a car. Leo C. La France will be the send-off speaker when 27 city selective service board registrants leave for Fort Snelling.

### Twenty-Five Years Ago . . . 1930

About 360 mothers and daughters and guests were entertained at the YWCA at the annual Mother-Daughter banquet. Winona County last year received \$22,522 as its share of the county aid road fund.

### Fifty Years Ago . . . 1905

Henry Voss will again be janitor of Odd Fellows block. Philip Feiten has sold his Sugar Loaf store to Henry Röllinger for \$7,500.

### Seventy-Five Years Ago . . . 1880

Rev. Dr. Crook and wife arrived home from a pleasant week in Chicago. Eight saloons in St. Charles have taken out a liquor dealers license at \$200 each.

is a substantial reduction in the accident rate? We think it makes sense to give accident prevention in the construction program the highest priority.

Minnesota has made great strides in reducing industrial accidents and few people lose their lives these days when fires break out in buildings frequented by the public. The reason is not hard to find: Frequent inspection of properties by competent authorities to check on specific hazards and immediate follow-up to insure that the property owner has taken steps to eliminate the danger spots. This system has paid off. We could reduce the number of automobile accidents materially, too, if this same policy were followed in relation to our highways. — Red Wing, Minn., Daily Republican Eagle.

### Washington Merry-Go-Round

## Ike Sidesteps Definite Answer on '56 Candidacy

By DREW PEARSON

WASHINGTON — The "Original Eisenhower Boosters" who announced after a recent White House luncheon that Ike would run in 1956 unless world conditions improved, did not tell the whole story. What they didn't tell was that the President hinted just as strongly that he would like to take a "vacation" from the White House if there was a positive advancement in world peace during his current administration. Here is an almost verbatim account of what was said at the luncheon:

Gov. Christian Herter of Massachusetts broke the ice by repeating the "request of those of us who were originally for you in 1952." "We want you to be a candidate again in 1956," said Herter. "When that question comes up, I am usually tempted to slide under the table and avoid comment," confessed the President. This prompted GOP Sen. Norris Cotton of New Hampshire, sitting next to Ike, to remark:

"Well, Mr. President, what you might do is give us the same reply that you made in 1952. As you recall, you sent us a nice, two-page letter in which you didn't say yes and you didn't say no." Eisenhower joined in the general laughter. Then he replied in serious vein:

"We'll just have to wait and see. Maybe we will make some real progress toward international peace in the next two years and conditions will be such that we can all take a vacation from worrying about world tensions."

Regardless of the wishful accounts that were leaked to the press, Ike's GOP guests felt that he would welcome an opportunity to retire to his Pennsylvania farm before the 1956 GOP national convention, but still has his fingers crossed.

Ike Gets Gas Education Pres. Eisenhower admitted that he got a lot of new facts on the natural gas industry when 15 public officials called at the White House to tell him the consumers' side of the natural gas regulation question.

The group was led by Wisconsin's Sen. Alexander Wiley and Gov. Walter Kohler, and included northern consumers of Southern Natural Gas. They found the President filled with arguments against government regulation, fed to him by Sec. of Commerce Sinclair Weeks and Herbert Hoover Jr., undersecretary of state and a former top executive of Union Oil which has a huge stake in voiding regulation of natural gas prices.

"Why should this giant federal government reach down and regulate five or six thousand gas producers?" The President immediately asked his callers. "With that many companies, competition is bound to hold the price down."

"Mr. President, those figures give a false impression," replied Atty. Gen. Vernon Thompson of Wisconsin. "Despite the thousands of producers, this is a monopoly industry because only one company sends gas through one pipeline to supply a particular area. There is absolutely no competition to restrain the price."

The President looked startled. He had never heard these facts before. "In the case of Wisconsin," Thompson went on, "our supplier is the Phillips Petroleum Co. Before Phillips delivered even a single cubic foot of gas to us, it had increased the agreed price several times and there was nothing we could do about it."

Defense Mobilizer Arthur Flemming and Herbert Hoover Jr., who sat flanking the President, nodded agreement.

Hoover Was Wrong Ike was worried because a friend from Continental Oil had told him the industry would let gas dissolve in the air rather than submit to regulation.

"That's an idle threat, Mr. President," commented Charles Rhyne,

### Crime Prober

## Complains Jail Too Comfortable

NEW ORLEANS (AP) — Crime

prober Aaron Kohn, serving a 10-day contempt sentence, complains that first class accommodations are preventing him from investigating jail conditions.

The Philadelphia investigator, who set out two years ago to probe the police department and wound up in jail for refusing to reveal his informants, is being housed in the hospital wing of the Orleans Parish Jail. He eats with jail employees instead of with other prisoners.

"I'm not sick," he said. "I have no right to be treated differently than any other prisoner."

Kohn claimed that the preferential treatment enabled jailers to keep close tabs on his investigation. He has said he planned to spend his time in jail looking into conditions.

"I'm being watched very carefully," he said. "Casual comments of the prisoners as I walk through the halls indicate they have never seen anybody receive so much attention."

Angered supporters planned a mass meeting Monday on the steps of the courthouse where he was sentenced for contempt of the grand jury.

They point out that after two years of probing, at a cost of more than \$80,000, the only one to go to jail was the investigator.

Kohn was investigator for a committee appointed by the City Council to probe the police department. It recommended that Police Supt. Joseph L. Scheuering be fired.

But Mayor DeLesseps Morrison stood behind Scheuering and the Council voted not to dismiss him. Kohn later became head of the Metropolitan Crime Commission. The police probe will begin again next week under the direction of Guy Bannister, former Chicago FBI man and third-ranking officer on the force.

## Thorne's Mother Wanted Murder Verdict, Claim

CHICAGO (AP) — A Cook County

coroner's official who investigated the death of Montgomery Ward Thorne last summer says he once was offered \$10,000 by Mrs. Alene Ragen to establish the youth's death as murder.

The statement was made in a deposition yesterday by Harry Glos, assistant chief deputy coroner. It is part of the court record in a contest over the mail order heir's fortune of two million dollars between Thorne's mother, Mrs. Marion Thorne, 54, and Mrs. Ragen and her daughter, Maureen, 19.

Miss Ragen, who was Thorne's sweetheart, and her mother were named principal beneficiaries of his estate in a will he made June 10, nine days before he was found dead in his one-room North Side apartment. In an earlier will his mother was named chief beneficiary.

Glos, in a deposition taken by Max Wildman, Mrs. Thorne's attorney, said the alleged \$10,000 offer by Mrs. Ragen was made last July 28. The following day a coroner's jury verdict was that Thorne, who was 20, died of pneumonia.

In motion pictures, the eye does not detect flicker or other sense of discontinuity when the pictures are shown at the rate of 20 per second or faster.

## PAUL HARVEY NEWS

## U.S. Building More Houses, Fewer Homes

By PAUL HARVEY

Forchan Dacca  
Rocket Ship No. 5  
Cloud No. 9  
Outer Space  
Dear Mr. Harvey:

This is to let you know I flew in from Outer Space, but you were out of town. I couldn't wait. I caught the first flying saucer home. I'm sorry I came.

For centuries we have been looking at Earth through our telescopes studying the mountains and the canals and the seas. And it all seemed so peaceful. All my life I dreamed of traveling to Earth. But what did I find?

Twenty million Communists are taking your world away from 600 million Christians.

What is the matter? You were to have been God's noblest experiment. Those of your ancestors who created the world's first government-under-God, then fought to keep it, proved themselves worthy of heaven.

Then what happened? Today you make speeches against police state methods, while your own national treasury is paying a reward to 200,000 citizen informers every year who will tattle on their fellow taxpayers.

You build more houses than ever before . . . but fewer homes. You have the genius to make it rain, but lack the sense to come in-out of it.

Yours is the ability to control nuclear fission . . .

Yet you cannot stop the explosions in the minds of men . . . so one in every twelve children now born in your beautiful, prosperous United States is headed for a mental institution before he dies.

You sing hymns one hour, one day a week.

But you bring burlesque shows into your living room two hours every night.

Your saloons take in eight times as much as your churches.

On the newsstand . . . even on the phonograph . . . you grin at what you used to blush at.

On your theater marquees every thing is "wonderful" but nothing is good.

You sentence professional liars to prison . . . then buy their books. You seem to have forgotten, on your preoccupation with left and right, that there is an above and below.

Is there any possible beauty, any conceivable resource, anything at all that God overlooked when he tried to give you everything?

What is there that He might have done but did not do to set the perfect stage for you?

Maybe, if I'd come a couple thousand years sooner I'd have been able to warn you in time that you have to abide by the laws which run all this . . .

But then I guess not. I remember now.

Somebody tried.

Goodbye,  
Forchan Dacca

## McCarthy Speaking At Horicon, Wis.

MILWAUKEE (AP) — Sen. McCarthy (R-Wis.) headed for Horicon, Wis., a dinner address tonight which he said would be critical of President Eisenhower's administration. He gave no further details.

McCarthy quoting from galley proofs of the released Valta documents, told reporters that Maj. Gen. Patrick Hurley, when a special envoy to China, said that "some officers" in Lt. Gen. Albert Wedemeyer's China command had formulated a plan in Wedemeyer's absence which would have called for the use of U.S. paratroopers to support the Chinese Communists and to provide U.S. officers to lead Communist troops.

"I would like to know where those officers are now," McCarthy said. "I'd like to know whether they're still in the Army and whether they still feel the same way."

## Figure in Famous Murder Case Dead

TRENTON, N. J. (AP) — James Henry Thorne, acquitted in the third trial of the famed Trenton six murder case, died last night of auto accident injuries in St. Francis Hospital.

Thorne, 31, was one of six Negroes accused of slaying an elderly shopkeeper, William Horner, with a pop bottle during a holdup here. Four of the six defendants, including Thorne, were freed; one died in state prison between trials; and the last was paroled from a 6-10 year prison term two years ago.

The National Civil Rights Congress in 1948 termed the trial of the men as "lynching, Northern style."

### Advice on Health

## Your Baby Needs Lots Of Sleep

By H. N. BUNDESEN, M.D.

"Is it natural for my baby to sleep so much?"

That's a question most of you new mothers have probably asked your doctor.

Your baby, of course, needs a lot of sleep, and he usually gets as much as he needs, as you have probably observed.

Naturally, all babies do not sleep the same number of hours. They don't require the same amounts. There are averages, however, which will give you a pretty good indication of how much sleep a normal, healthy baby should have.

During the first month, an infant will sleep between 18 and 20 hours. That means, he sleeps all the time except when he is fed or bathed.

### May Sleep Through Feeding

Usually by the time he is eight weeks old, or maybe even before that, he will sleep right through his normal 2 a.m. feeding. If he wants to pass up this meal, let him. Don't awaken him.

If, on the other hand, he continues to wake up around 2 a.m., you'll have to keep on feeding him at this time until he's about three months old. By this time, thank heavens, most babies stop waking for this early morning feeding.

Don't advance his 10 p.m. feeding to 11 or 12 o'clock in an effort to break his 2 a.m. feeding habit. You'll probably find that he wakes at 2 a.m. anyway, ready for another meal.

As your baby grows older, he will need less sleep. When he is three to five months old, he will probably sleep 14 to 18 hours a day.

From five to 11 months, he will usually nap only one to two hours in the morning, a similar period in the afternoon, and will sleep about 10 to 12 hours a night.

Along about this time, if not sooner, he probably will begin sleeping through his 10 p.m. feeding, too.

### In Second Year

During his second year, he usually sleeps between 10 to 12 hours a night, but he will nap only once. This one or two hour nap can be taken either in the morning or afternoon, whichever fits best into your own busy working schedule.

So, that's about the amount of sleep an average infant gets. Pretty nice life, huh? But, remember, you once had it as good yourself!

### QUESTION AND ANSWER

J. L.: Is there relief for hardening of arteries, and is the condition serious?

Answer: Treatment for hardening of the arteries consists of rest in bed, correct diet, daily bowel movements and regulated exercise. Drugs are not of much value in this condition.

The diet, for the most part, should consist of fruits and green vegetables; meat, tea and coffee should be taken sparingly; alcohol should be avoided. Milk may be drunk liberally, and bread, potatoes and other starchy foods used moderately.

## How Would YOU Answer This Question?

How many life insurance policies make a life insurance program?

Correct answer: A life insurance program is something more than a number of policies. It is a group of individual policies (it may be 3 or it may be 20!) which fit together in a balanced over-all plan for family security. Northwestern Mutual agents are specially trained to review your existing policies, study them carefully and recommend a course of action. At no obligation of course.

# Housecleaning Time Uncovers 'Rare Violins'

By CAROL ARIMOND

CHICAGO (AP) — Spring housecleaning time has rolled around again, and that means it's Stradivarius time.

Rummaging through the attic someone's Aunt Emma stumbles over grandpa's old violin case. She blows off the dust and wonders how much it would be worth at a second hand store.

Then she peers into the F-holes along side the strings and reads: "Antonius Stradivarius Cremonensis faciebat in anno 1665".

If she remembers any of her first year Latin she knows this means:

"Antonio Stradivari of Cremona made (this) in the year 1665."

Visions of new wealth dance before Aunt Emma's eyes as she recalls reading of the five figure prices that artists have paid for authentic strads.

This incident, or a variation of it, is repeated many times a year, according to Otto Leppert, head of the rare violins department of Lyon & Healy, century-old Chicago music house. It has been his painful task to dash the hopes of many finders by telling them to put their old violins back in the attic.

And then again, he has helped others establish that while the instruments are not genuine strads they are of more than sentimental value.

The Latin marking, Leppert said, is one that violin makers have been putting in their work for years to denote they followed the Stradivari pattern. It was not their intent to deceive buyers; some even added "made in Austria" or other markings.

Many of them are good quality violins but not worth what the Stradivarius instruments that Lyon & Healy has in stock will bring. One is tagged at \$40,000, the other at \$30,000.

## THE GRAB BAG

- THE ANSWER, QUICK!**
- Who, in the Bible, was Sisera?
  - Who was Dick Whittington?
  - What is meant by the Latin phrase, "caveat emptor"?
  - What is a portcullis?
  - What is the capital of Vermont?
- HOW'D YOU MAKE OUT?**
- Captain of the host of Jabin, king of Canaan.—Judges 4:2.

Aileen M. Walker, Selective Service clerk, has announced that young men reaching their 18th birthday must register within 18 days with one of the following Se-

## Graduate Program At College Here Shows Great Gain

The development of the program of studies leading to a master of science degree at the Winona State Teachers College is outlined in an article written by Dr. Frank Van Alstine, graduate coordinator at the college, in the current issue of the Minnesota Journal of Education.

Dr. Van Alstine reports that the program here has grown rapidly since its authorization by the State Legislature in 1953.

"Beginning with an enrollment of only 17 students during the first summer session of 1953," he writes, "the enrollment has continued to increase until by the end of the first summer session in 1954, 124 graduate students had registered for advanced professional work."

"Fifty-six of these students were in residence during the summer session. Many more have expressed an interest in the program. They particularly like to come back to their alma mater for advanced work. They like the emphasis placed on a program planned to meet their needs as they have recognized them in the actual classroom situation."

He also cited problems that developed as the enrollment increased.

"Soon it will be necessary to employ more faculty members with adequate experience to meet the needs of the graduate students. Local staff members who do not have the doctoral degree are working hard to upgrade their own preparation in order to meet the advanced standards set by the graduate council for teaching graduate courses," he explained.

Dr. Van Alstine reviewed the qualifications established for graduate study and the requirements for a graduate degree.

The purpose of the program, he said, "is to provide opportunities for elementary and secondary teachers and elementary principals to further their training that they might be better qualified to contribute individually to the development of a sound state educational program."

**Woman Becomes U.S. Citizen at 98**

SAN ANGELO, Tex. (AP) — Mrs. Emelie Prodham, 98, applied yesterday for naturalization as a citizen of the United States.

The former Emelie Cour Voitier, almost totally deaf and paralyzed, sat in a wheel chair and smiled while two friends from her home at Ballinger, Tex., signed the necessary documents for her.

Mrs. Prodham's application showed her to be a native of Switzerland who entered the United States at New York a week before Christmas in 1881.

## Ski Resort Has Chocolate Snow

ALTA, Utah (AP) — They had chocolate snow at this ski resort yesterday. Mocha snow, anyway.

Snowflakes were described as definitely tan or light brown at this Wasatch Mountain ski resort east of Salt Lake City, during a storm that dumped 15 inches of snow during the day. They changed to a less unnerving white toward afternoon.

The coloring was blamed on alkali dust in the air.

## Boy Describes How His Mother Was Murdered

SEATTLE (AP) — "He grabbed a pipe and hit my mother about four times. I tried to stop him. Then he hit me on the head and arm. I started out the door, hoping he would come after me. If he did, my mother would get away."

With tears streaming down his cheeks, 13-year-old Billy Mangitich described to police a domestic fight which led to the slaying of his mother and the suicide of his stepfather yesterday.

Shot in the back as she attempted to flee a beating at the hands of her ex-husband, Holland Joslin, 42, was Mrs. Mary Joslin, 38. Joslin, poisoned, was found sprawled in the front seat of his car a few miles north of Mrs. Joslin's home.

Billy, whose head and arm was battered as he sought to defend his mother, told officers Joslin broke into the home early yesterday and insisted a third degree assault charge filed against him by Mrs. Joslin be dropped. Mrs. Joslin filed the charge after Joslin broke into the home and beat her recently.

The argument broke into violence when Joslin grabbed a pipe and started hitting Mrs. Joslin, Billy said. When the youth intervened Joslin switched his attack to Billy.

The boy said he started to run outside and Joslin followed momentarily and then turned his attention again to Mrs. Joslin as she, too, ran outside. At that point, Billy said, Joslin drew a gun and shot his ex-wife in the back. She fell dead.

Joslin ran to his car, swallowed some poison and sped north until the poison began taking effect. He lost control of the car and it crashed into a utility pole.

Essary documents for her.

Mrs. Prodham's application showed her to be a native of Switzerland who entered the United States at New York a week before Christmas in 1881.

## Paper Reports Arrival Of Mystery Fuel Ship

TAIPEI, Formosa (AP) — Official quarters here, both American and Nationalist, said they had no knowledge of the reported arrival in Red China of a mystery tanker carrying 8,000 tons of jet fuel.

This would be enough to power the 3,200 MIG sorties.

The report was carried by the English-language China News, which credited it to intelligence sources.

Key defense ministry officials said they doubted the accuracy of the report.

**Tennessee Struck By 2-Coned Twister**

WHITE PINE, Tenn. (AP) — A two-coned twister struck Jefferson County from a black cloud late yesterday and left a wake of wrecked buildings, uprooted trees and other damage estimated at \$100,000.

No deaths or injuries were reported.

The tornado hit both White Pine and Jefferson City, about 20 miles to the west. White Pine is about 35 miles northeast of Knoxville.

## VOICE of the OUTDOORS

## Winter's Return

The white reflective ice, the wake of the boat in the foreground and the snow-fringed shores lines all in sharp contrast to the black island of timber in the above aerial view of a bit of Old Man River, dramatically show how winter has returned to this area. A week ago all snow had disappeared from this scene and there was little floating ice. Spring birds were winging their way happily northward over its guiding surface.

This view, made by Merritt Kelley, Daily News photographer, is looking downriver from a point in the air a few miles below the Trempealeau Dam. The craft is a workboat from the Fountain City boatworks coming upriver. The island, along whose shore the wake cut by the boat through the thin coating of ice shows, is Richmond Island. The bluffs are on the Minnesota side.

Scenically, as the picture clearly shows, the Upper Mississippi is even beautiful when winter comes back in March instead of spring as the calendar says it should. There still is old ice in the backwater.

slough; otherwise the winter showing in the picture is a new one.

## Expensive Walleye

Two La Crescent residents who forgot that the walleye season is still closed entered pleas of guilty to a charge of taking walleyes below the Dresbach Dam Thursday. They were sentenced to pay fines of \$25 and costs each in court at La Crosse.

The fishermen were Rolf Jorgenson and Frank Voigt, who reside near the dam. Dave Hammes, La Crosse County warden, made the arrest and placed the charge of having walleyes in possession out of season against them.

## Angling Championship

A circular advertising something different in the way of fishing contests came to our desk today from Westbourne, Manitoba. They are going to hold a two-day fishing holiday with big awards for the biggest northern and walleye taken out of ten miles of the Whitemud River between Westbourne and Lake Manitoba. The dates are June 18 and 19.

Westbourne, if you are interested, is 66 miles west on Highway 1, then 15 miles northwest on Highway 4 out of Winnipeg. It is approximately 69 miles from Brandon. Entry fee is \$3.50.

One of the interesting side-lights in the announcement is the following paragraph, telling that live minnows are out. It reads: "Live minnows are not legal in Manitoba and must not be used under any circumstances. Frogs may be used and will be available at contest headquarters where they will be sold by the Neepawa

## Junior Rifle Club."

## Two-line Law

During the past two days we have had a number of telephone calls about legislation banning the right to fish with two lines for pan-fish in Minnesota. This law was enacted two years ago but has proven unpopular with law enforcement officers as it was not enforceable. They want the fishermen given the right to fish with two lines for all species of fish or return to the one-line law. Sentiment in Legislature indicates that the latter will happen.

But the point we want to clear up is that Minnesota inland fishing laws do not apply to the Mississippi or the river zone between the two railroad tracks—this area is governed by river regulations of the two states which state that a licensed fisherman may fish with two lines for all species of fish. Lake Winona and Minnesota tributary rivers, like the Root, are the only local waters that come under the Minnesota inland water laws.

## Buffalo Co. 40 &amp; 8 Organization Planned

MONDOVI, Wis. (Special) — Members of the American Legion will meet at the Mondovi Legion Hall Tuesday to organize a Buffalo County Voiture of the 40 & 8.

All voyageurs and Legionnaires interested are asked to attend. Burley Dodge, Eau Claire, will be present to assist in the organization.

At present a number of county Legionnaires are members of the Trempealeau County voiture.

## Mabel Bank Ends Remodeling Job

MADEL, Minn. (Special)—Open house is being held today at the First State Bank of Mabel, which has been remodeled.

A new front has been installed and ceilings throughout the bank have been lowered and refinished with acoustical tile. A new floor has been laid in the lobby and back office and the interior has been completely redecorated.

A new microfilm machine has been purchased for delivery in April. This machine will be used to photograph all checks cleared through the bank. Pictures of both sides of 12,000 checks can be filed on 100 feet of film.

Present officers and employees of the bank are: Norris A. Hanson, president; Mrs. Ella F. Hanson, director; Carl V. Lind, vice president and cashier; Miss Gwynne Amdahl, assistant cashier, and Miss Joyce Alfson, teller.

The First State Bank was organized in 1907. Its initial stock issue of \$15,000 was subscribed by W. C. Bacon, Knute Olson, L. J. Larson, O. C. Johnson, N. H. Wiker, E. G. Stensland and J. K. Stroud. P. C. Johnson, last of the original organizers, died in November 1954. He was a director of the bank to the time of his death. N. H. Nelson was elected the first cashier. The board minutes at the time of his election, show that he was paid a salary of from \$75 to \$90.

While the bank was authorized to start business on Sept. 1, 1907, it did not open until Oct. 8, 1907. The first deposit that day was made by the firm of Bacon & Erickson. First a certificate of deposit was purchased by William Humphrey. The rate of interest in time deposits at that time was 3 per cent and raised about six months later to 4 per cent. Loan rates were 7 and 8 per cent. The building cost about \$4,000.

N. H. Nelson was named president of the bank in January 1928 and he held that position until his death in 1940. His son, J. C. Nelson, succeeded him as cashier and remained in this capacity until leaving the bank in 1943.

	or tuna-noodle casserole	
	Buttered green beans	
	Assorted sandwiches	
	Fruit salad	milk

## Good Bowling Form Cuts Damage Award

ST. LOUIS (AP)—The ability of Carl A. Wodraska, 21, to show a good bowling form led a jury to cut his request for a \$35,000 injury judgment down to \$2,500.

The Circuit Court jury included six bowlers who watched movies, presented by defense attorneys yesterday, showing Wodraska in action a year after he suffered a back injury in an auto crash.

Wodraska, in his petition, alleged he had been disabled permanently.

The suit was against Mrs. Betty McQuade, 31, driver of the other car involved in a wreck in 1953.

Wodraska said that bowling helped his injured back.

George W. Lorey, foreman of the jury, told newsmen later:

"I wish I was as good a bowler."

## Red China Trade Envoys in Japan

TOKYO (AP)—Twelve Communist Chinese arrived today in a two-pronged bid for closer trade ties with Japan.

They were the vanguard of a 39-man Red China trade delegation. They will tour Japan industrial areas two weeks and then negotiate renewal of the present 84 million dollar-a-year barter agreement between Japan and Red China.

## Brothers Fight It Out for Valedictorian

AUBURN, N. Y. (AP)—John Contiguglia bested brother Richard by six-hundredths of a point to become valedictorian of East High School.

John's average was 99.06. Richard, as salutatorian, had 99.00. They are identical twins.

## Ad Alley Pickups

Saturday, March 26, 1955

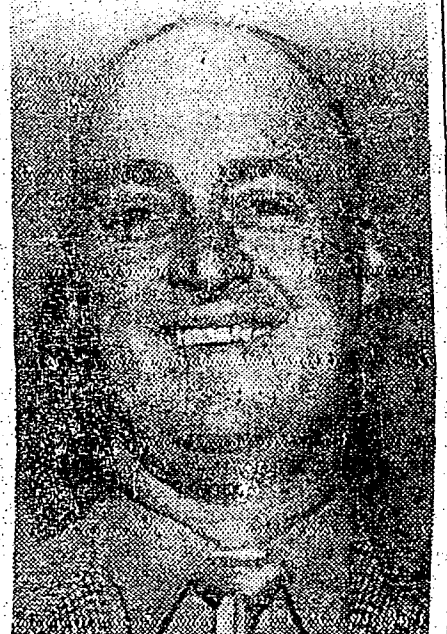

A brief mention of interesting items about people, business places and campaigns as compiled by The Winona Daily News ad department.

Above, Left to Right, are Marilyn Molock, Rita Brom and Phyllis Cunningham, three of the ten high school students sponsored by the Cotter High Challenge Club who have entered the "Design Your Own Formal" contest to be held at the Hotel Radisson in Minneapolis, Sunday, April 17. The purpose of the contest is to encourage girls to design original, smart and presentable fashions in formal while still retaining a degree of modesty. Nash's Clothing Store is helping the girls by furnishing the formal and mannequin needed by the girls.

The Great Winona Surplus, 52 W. 2nd St., has been notified by the Guild of Fashion Art (a panel of style experts in the fashion world) that the store is authorized to display the official seal of the Guild. This is in recognition of the store's outstanding efforts in displaying Work and Play Clothing designed by Sicheloff Mfg. Co., Inc., one of this year's recipients of the Guild's award for originality in style and design. The Work and Play Clothing selected for the honors by the Guild of Fashion Art is now on display in the store.

Now you can wash your face with your eyes wide open... with the new Vel Beauty Bar. This new cleansing bar is not a soap and is reportedly so mild it will not sting your eyes. The Colgate-Palmolive Co. says the new bar prevents damage to skin tissue because dirt and make-up come off without rubbing. In addition, they say it leaves no scummy bathtub ring. The new Beauty Bar is a companion product of Vel, dishwashing detergent. Both are non-alkaline, and in Vel this eliminates "detergent burn."

Stan Boyum, 316 E. 10th St., has been named assistant sales manager of Sunbeam Bakers. Boyum started with Sunbeam in 1940 and was a supervisor from 1946 until his present promotion. In his new position, he will plan sales promotions with E. L. Hostettler, sales manager.

J. A. Coogan, manager of the W. T. Grant Store in Winona, has been cited by his company for outstanding managerial ability in 1954. Coogan has just returned from a convention held by Grant's Central Region at the Greenbrier, White Sulphur Springs, W. Va. There he was presented with a Certificate of Merit by R. W. Lee, regional manager, and given a prize award in recognition of the excellent performance of his store during the past year. More than 500 Grant store managers, District, Regional and New York home office officials attended this convention. Grant's operates over 500 retail stores from Maine to California. Coogan has been manager of the local store since 1952.

Peerless Brewery, La Crosse, Wis., announces the appointment of Sigmund F. Lingelbach as Master Brewer and Plant Superintendent. Until recently, Lingelbach was master brewer of a well-known Milwaukee brewery. His experience in the brewing of beer started 25 years ago, when he was an apprentice brewmaster at the age of 17 in his family brewery located in Oconto, Wis. Prior to his Milwaukee position, Mr. Lingelbach was a Master Brewer in Appleton, Wis.; Menominee, Mich.; Ann Arbor, Mich.; and Shawano, Wis. He is a graduate of the J. E. Siebel Institute of Brewing Technology, and has completed special courses in organic chemistry and bacteriology. Mr. Lingelbach has been particularly interested in modernizing the mechanical equipment used in the brewing of beer and in producing a better-taste-free beer.

Looking Over What Is Called the world's first electric-starting home power mower are Myrl Johnson, left, Jacobsen field representative, and "Spike" Carlbom, owner of the Auto Electric Service Co. at Second and Johnson streets. The Jacobsen mower is started by simply stepping on an easily accessible starter. Auto Electric Service handles a complete line of power mowers, snow plows, chain saws and other products, including rental of these units. The new mower should prove a boon to those who would like to turn the lawn cutting chore over to the little woman!

In Keeping With The Observance of the 59th anniversary of Coral Rebekah Lodge at Whitehall, Wis., at a meeting this week, members of the lodge appeared in costumes from the period in which the lodge was instituted. Left to right above in the first row, are Mrs. Eyrind Peterson, Mrs. Earl Young, Mrs. H. N. Larson, Miss Laura Thompson and Miss Amy Kins, and in the back row, left to right, Miss Mayme Hallingstad, Mrs. Joseph Herzfeld, Mrs. Jens Klavestad, Mrs. Paul Van Horn and Mrs. Theodore Duebber. (Ruth Rogers photo)

## Coral Rebekah Lodge Celebrates 59th Anniversary

WHITEHALL, Wis. (Special)—Gowns of the past century were worn by members of Coral Rebekah Lodge 150 when they celebrated the 59th anniversary of the instituting of the lodge March 27, 1896, at the lodge meeting Tuesday in the Odd Fellows Temple.

The lodge charter was issued June 3, 1896. Three of the charter members, Agnes Wright, now Mrs. Agnes Thompson, 90, Black River Falls; Lena Larson, now Mrs. Ludwig L. Solrud, Whitehall, and Mrs. Adam (Ella) Warren, Ashley, N. D., are still living.

Other charter members were the Misses Luella Solrud, Minnie Best, Rose Watson, Mary Allen and Mabel Graves. Mrs. J. M. Ingalls, Mrs. Sam Alexander, Miss Linda Wing, later Mrs. Charles Gage; Mrs. Byron Lake, Mrs. Jut Watson, Mrs. Charles Harnden, Miss Alice Lennon, later Mrs. Charles Southworth; Miss Pauline Snarvold, later Mrs. L. L. Solrud, and Miss Letitia Wright, later Mrs. Amos Jacobson.

The cape which Mrs. H. N. Larson wore Tuesday is 75 years old, and belonged to her mother, Mrs. Anton Hvambal, Houston, Minn. Her long black skirt, elaborately made of lace and decorated with ribbon, belonged to the late Mrs. G. S. Rice.

Miss Laura Thompson wore a dress which had belonged to her mother, the late Mrs. Thompson, and Miss Mayme Hallingstad was attired in a costume which was worn by her mother, the late Mrs. Matt Hallingstad at the turn of the century.

Mrs. Joseph Herzfeld wore a dress which had belonged to the late Mrs. L. H. Sather, the former Eva Hine, whose father, Cyrus Hine, started the milling business at Pigeon Falls in 1860, and Mrs. Eyrind Peterson was attired in a white pique dress belonging to Mrs. Agnes Thompson, with a black plush coat belonging to the late Mrs. John Gilbertson, mother of Mrs. Bennie Peterson, Whitehall.

Among other costumes were a Father Time costume worn by Ben M. Engen, and costumes worn by Paul Van Horn and Joseph Herzfeld which placed them in the Moses and Noah category with white dusters and long white hair and whiskers.

Many keepsakes were displayed at the meeting, among which were several pictures taken in Whitehall in the last century. A postcard pictured the Holger Larson flour mill on the location of the present Bar-Non Mill.

Another picture was of an 1898 Sunday school class. On it were the late Mrs. Wade, the teacher; Muriel Ingalls (Mrs. J. E. Rhoads), Mabel Larson, Paul Van Horn, Cora Bensend (Mrs. O. W. Elstad), Ethel Mallory, Amelia Bensend (Mrs. S. N. Hegge) and Ella Gilbertson (Mrs. Bennie Peterson), all of Whitehall at this time; Myrtle Anderson (Mrs. Scott E. Nichols), Lansing, Mich.; Olive Anderson (Mrs. William Mason), the late Ray Van Horn, Henry and Ethel Stevens, Maud Harnden, Earl Smith, Walter and Anna Berg and Alvina Herb, address unknown.

Of an early Odd Fellow group picture displayed, only one man is living, Albert Lowe, Hixton. Others in the picture were L. L. Solrud, Charles Southworth, P. A. Van Horn, Ludwig Solrud, Adam Warren, John Ingalls, Martin Larson, John Beck, Albert Wing, Emil Buchholz, Charles Harnden, Louis Agneberg, Dwight Olds, Louis Weeks, E. J. Kidder and Lawrence Rumpel.

Several of the costumes worn were from a collection of the late Mrs. W. C. Thompson, Whitehall, and among Mrs. Thompson's keepsakes displayed were letters from her fifth and sixth grade students in the Whitehall School, sent to her when she attended the Fourth World Sunday School convention in Jerusalem in 1904.

She left March 8 that year on Clark's Kurfurst Cruise from New York City, and during her absence her pupils were taught by her sister, the late Lydia Kremers.

Ludwig Engen, Whitehall, one of her students, has a picture of that class. The letters were from Joel Haugh and Edith M. Breed (Mrs. Lyle Smith), still residing in Whitehall; Mae Johnson (Mrs. Leo Haesle), Grand Forks, N. D.; Myrtle Lyngdahl (Mrs. Wren Torgerson), who died recently and was buried at Independence; Elsie Wood, Madison; Catherine Florence Beach (Mrs. C. E. Long), Frankfort, Ind.; Marion Southworth, Juanita Hutchins, W. C. Parker, Rose Beach, Jenny Christianson and Agnes Larson.

## Legion Auxiliary Announces Essay Winners at Peterson

PETERSON, Minn. (Special)—Winners in the American Legion Auxiliary essay contest, open to seventh and eighth grade and high school students, have been announced. Only freshmen participated in the junior division and only sophomores and juniors in the senior division.

The auxiliary awarded prizes of \$3, \$2, and \$1 for the first, second and third place winners in each division. The following received prizes on their essay, "Freedom—Our Responsibility": Junior division—first, Olive Ann Sande; second, Dorothy Pederson, and third, Allan Skalk and senior division—first, LuAnne Rude; second, Rose Marie Maland, and third, Janice Peterson.

**PROJECT DELEGATES**  
ETTRICK, Wis. (Special)—Project delegates from the Mill Creek, North Bend, Wilson Creek and Red School Homemakers clubs met Wednesday at the home of Mrs. Lyle Rommel near North Bend. "Sweet Breads" was the subject presented by Miss Rosemary Thornton, Jackson County home demonstration agent.

**BIRTHDAY PARTY**  
CALEDONIA, Minn. (Special)—Mr. and Mrs. Leslie Joerg and daughter, Frances Ann and sons Lowell and David, were guests Sunday at the Truman Brunsdold home at Harmony at a dinner party given in honor of the 78th birthday of Mrs. Joerg's and Mrs. Brunsdold's father, Oliver Lien, Greenleaf, Minn.

**RETURN HOME**  
LANESBORO, Minn. (Special)—Donald and Howard Ward and Milo Haugen returned last weekend from Marquette where they completed road construction work started in January. Mrs. Donald Ward and children spent the past seven weeks in Marquette.

## Past Matrons Install Caledonia OES Officers

CALEDONIA, Minn. (Special)—Sixty members were present at the recent installation of officers of Aileen Chapter, OES, at the Masonic Hall.

Four past matrons acted as installing officers, Mrs. Mary Dorival as installing worthy matron, Mrs. Inoh Hefte as chaplain, Mrs. Roy Dibley as marshal and Mrs. G. A. Ransom organist.

Officers installed were Miss Helen Rice, worthy matron; Mrs. Robert Hefte, associate matron; Arden Wheaton, worthy patron; Frank McNelly, associate patron; Miss Ruby Rollins, secretary; Miss Doris Wheaton, treasurer; Mrs. Jennings Lanning, conductress; Mrs. Robert Richards Jr., chaplain; Mrs. Hugo Muenkel, marshal; Mrs. Elmer Middelendorf, organist; Mrs. Lester Bucholtz, Adah; Mrs. Werner St. Mary, Ruth; Mrs. Harold Deters, Esther; Mrs. Oscar Roble, Electa; Mrs. Eva Bye, warden, and Ellsworth Lewis, sentinel.

A past matron's pin was presented to the retiring worthy matron, Mrs. Estella Anderson, by Mrs. Adolph Eiken. An addendum was given in her honor at the closing of the evening.

Taking part were the officers of the past year who presented Mrs. Anderson with a gift and a bouquet of flowers as a part of the addendum. Mrs. John Roling was vocal soloist, accompanied by Mrs. Middelendorf at the piano.

During the social hour, lunch was served by Mr. and Mrs. Orin Arneson, Mr. and Mrs. Conrad Nelson, Miss Gladys Lapham and Mrs. Clark Bernsdorf.

## Rural Youth Mystery Play to Be Given in Caledonia

CALEDONIA, Minn.—The Houston County Rural Youth play, "Stranger in the Night" will be presented Thursday at the Caledonia Municipal Auditorium at 8:15 p. m.

In the cast of the mystery play are Ardyss Omdot as Sylvia Lee; Betty Erwin, Mable Crane; Garnet Peters, Grant Terry; Howard Haugstad, J. T. Rutledge; Karen Hanson, Velda Stevens; James Wilhelmson, Clifford Newkirk; JoAnn Stempner, Nona Pollard; Shirley Schmitz, Rose Jordan; Stuart Dibley, Sam Fisk; Iris Kuehler, Marcella Bender, and Beverly Chapel, Sandra King.

**IN VIRGINIA**  
MONEY CREEK, Minn. (Special)—D. C. Burfield spent several days last week with his brother, Arthur Burfield, Virginia, Minn., who is ill. He returned again Thursday of this week to Virginia to be with his brother who is to undergo an operation.

**HOMEMAKERS GROUP**  
MONEY CREEK, Minn. (Special)—The Campbell Valley Homemakers group met Tuesday afternoon at the Carl Ask home. The lesson was a discussion of fabrics in the home, and was given by Mrs. August Ledebuhr and Mrs. Carl Ask. Mrs. Ledebuhr was chosen as the new leader. Refreshments were served by Mrs. Ask.

**91ST BIRTHDAY**  
MONEY CREEK, Minn. (Special)—Mrs. Arthur Johnson was in Winona Monday to help her grandmother, Mrs. Anna Staublin celebrate her 91st birthday.

**CARD PARTY**  
MINNESOTA CITY, Minn.—A card party will be given Tuesday at 8 p. m. at the Minnesota City School, sponsored by the ways and means committee of the school PTA. Two tickets were sent to each family. Tickets can also be obtained at the door. Prizes will be awarded in 500 and schafskopf. Lunch will be served.

ETTRICK, Wis. (Special)—Attending the concert presented by the Paganini Quartet at Winona Wednesday evening were the Mmes. Wayne Erickson and C. A. Brye, Clayton Olsen and Clayton Sime.

Announcement is Made By Mr. and Mrs. Stephen L. Yenco, Gary, Ind., of the engagement and approaching marriage of their daughter, Patricia Marlene, above, to Floyd Dubois, Gary, Ind. Miss Yenco is a student in her sophomore year at Winona State Teachers College. Mr. Dubois who served in the U. S. Navy, is attending the University of Chicago and Roosevelt University, and is associated with his father in the contracting business. The couple is planning a June wedding.

## Style Show Given At St. Mary's Altar Society Meeting

CALEDONIA, Minn. (Special)—At the St. Mary's Altar Society's March meeting at St. Peter's Parish, the opening prayer was led by the president, Mrs. Peter Felton. A report was given by the sick committee.

Prior to the meeting a style show, "Modish but Modest Fashions" under the chairmanship of Mrs. Bernard Gardner and Miss Evelyn Bouquet, was presented. Women's wear for the house, the garden, the street, church and parties, all in keeping with the newer styles and at the same time modest, was modeled.

A list of articles, to be completed for the Pope's storehouse by Aug. 15, was given to the members. On the committee to serve at the next meeting are Mrs. Linus Ernster, chairman; Mrs. Alex Schleicher, Mrs. Nicholas Frank, Mrs. Margaret Hoffmann, Mrs. Fred Weymiller, Mrs. Irvin Schroeder, Mrs. Dominic Felton and Mrs. J. P. Bouquet.

**TOURNAIMENT BRIDGE**  
Registration will be at 7:45 p. m. and play will start at 8 p. m. when the Winona Tournament Bridge Players meet at the YWCA Tuesday.

**IN MEXICO**  
Mr. and Mrs. Stanley Bolland, 753 Johnson St., on a trip to Mexico, are staying at present at the Hotel Monte Casino, Mexico City.

**CIRCLE THREE**  
Circle Three of Goodview Trinity Guild will meet Tuesday at 8 p. m. at the home of Mrs. Floyd Kuhlmann, 3966-8th St.

**ELKS LADIES**  
The Elks Ladies will meet for cards at the Elks Club at 2:15 p. m. Tuesday.

## GUESTS AT DODGE

DODGE, Wis. (Special)—Mr. and Mrs. August Jerecek, Dodge, had as their guests last week their son-in-law and daughter, A.I.C. and Mrs. Paul Bronk, and daughter, Beverly Ann, Montgomery, Ala., and Mrs. Jerecek's brother-in-law and sister, Mr. and Mrs. Thomas Ginter and daughters, Judy and Camille, St. Paul.

**NEW IDEA CLUB**  
WYKOFF, Minn. (Special)—Mrs. Charles Thompson and Mrs. Elmer Erdman were discussion leaders when the New Idea Club met March 16 at the home of Mrs. Paul Miland. The topic was "Furniture Accessories." Mrs. L. Lucas and Mrs. Vern Schultz served the dessert luncheon. Eleven women attended.

**TO TEXAS**  
KELLOGG, Minn. (Special)—John Gill left Wednesday for Austin, Texas, where he will spend several weeks at the home of his son and daughter-in-law, Mr. and Mrs. Clark Gill.

**WYKOFF HOMEMAKERS**  
WYKOFF, Minn.—The Wykoff Homemakers Club met at the home of Mrs. Harold Hingeyd March 22. Mrs. Ernest Kohlmeier was assisting hostess. The lesson on "Accessories for the Home" was given by Mrs. George Wagner and Mrs. William C. Bicknese.

**FROM CALIFORNIA**  
PLAINVIEW, Minn. (Special)—Mr. and Mrs. Emil Zaring returned home last Thursday after spending the past several months at the home of their son-in-law and daughter, Mr. and Mrs. Frank Mark, and Mrs. Zaring's mother, Mrs. Marjory Hathaway, in California.

**DORCAS CIRCLE**  
PETERSON, Minn. (Special)—The Dorcas Circle will meet Tuesday at 7:30 p. m. with Mrs. Sylvia Paulson at her home.

## \$100,000 Fire Hits Boat-Building Firm

PESHTIGO, Wis. (AP)—Two adjoining main structures of the Thompson Bros. Boat Manufacturing Co., were destroyed by flames early today with damage estimated at \$100,000.

The fire broke out in the northwest corner of the three story, frame building and was pushed through the length of the structures by high winds from the northwest. Temperatures were about 10 degrees above zero.

An unofficial estimate placed the damage at a minimum of \$100,000. Fire officials were unable immediately to give the cause. Peshtigo firemen were joined in the battle by two companies from Marinette, five miles north of here.

The buildings, spokesmen said, contained a large number of boats. The firm was producing at a maximum rate in anticipation of the summer season. Some boats were taken from the building even as the flames raced through the structure, but the number was reported small.

Firemen said some damage was done to a neighboring firm, United Structures Incorporated. The battle against the flames was halted several times when minor explosions, possibly paint, rocked the buildings.

## Ex-Moorhead Woman Dies in Washington

WASHINGTON (AP)—Mrs. Lynn U. Stambaugh, wife of the first vice president of the board of the Export-Import Bank, died unexpectedly Friday while visiting at the home of a friend.

Mrs. Stambaugh, 63, was born in Moorhead, Minn. She was visiting Judge and Mrs. Walter M. Bastian with two other friends when she was stricken.

Death was attributed to a heart ailment. Her husband, the only immediate survivor, has been connected with the bank since 1945. He was formerly active in North Dakota where he practiced law. He was national commander of the American Legion in 1941-42.

Funeral services will probably be held on Tuesday with burial in Arlington National Cemetery.

## Back for Second Look

TOKYO (AP)—Police found Kiuchi Kitagawa yesterday peeping through a window at actress Keiko Tsubushima. He had only recently been released from prison. His crime: Peeping in Miss Tsubushima's window.

## GIRLS STATER

WYKOFF, Minn. (Special)—The Wykoff American Legion Auxiliary has selected Myrna Eickhoff as Wykoff's representative to Girls State, and Margaret Walsh, alternate.

**EVENING BRIDGE**  
The AAUW evening bridge group will be entertained by Miss Mae Sweeney at the Frank Webb home, 1003 W. Howard St., Thursday at 8:15 p. m.

**LABEL LEAGUE**  
The Women's Union Label League will meet Tuesday at 8 p. m. at the Labor Temple with Mrs. Edward Neitzke and Mrs. Arthur Neitzke as hostesses.

**SHRINE LADIES NIGHT**  
The Winona Shrine Club will entertain at a Ladies Night dinner party April 2 at 6:30 p. m. at the Hotel Winona.

Glenn Butler, 32, of Franklin Grove, Ill., and his bride, Carol Kness, 22, step from a chartered plane as they arrive at Chicago's lakefront airport after the flight from Rock Falls, Ill., during which they were married in the airplane. After a weekend honeymoon in Chicago the couple will make their home in Dixon, Ill. (AP photo)

## Legion Birthday Party Held at Mabel Hall

MABEL, Minn. (Special)—When the 36th birthday of the American Legion was commemorated at the Legion Hall Tuesday evening, Larry Willett, Jackson, Minn., state commander, was the principal speaker.

Mrs. Bernice Flotterud, Zumbrota, state auxiliary president, also spoke. L. D. Mills was toastmaster. Odell Lee, Mabel, department vice commander, led the group in community singing. Mrs. Willard Munson, local auxiliary president, presented the post with a birthday cake.

Out-of-town dignitaries present were Mrs. Lud Gartner, Preston, 1st District auxiliary president; Odien Krogen, Preston, Fillmore County commander, and Dean Webster, Houston County commander.

Musical entertainment was furnished by the local auxiliary sextet. Dancing followed.

## SALE AT LANESBORO

LANESBORO, Minn. (Special)—Girl Scouts will sell Easter lilies here next Saturday, according to Mrs. Ralph B. Johnson, chairman of the Easter seal committee. Proceeds will be used to complete Camp Courage, Minnesota's only camp for crippled children.

## 3 Soldiers Killed In Indiana Crash

FORT WAYNE, Ind. (AP)—Two Wisconsin soldiers and one from Indiana were killed Friday night when their auto collided with a truck on U. S. Highway 30 in a blinding snowstorm.

The dead were identified as Clayton Lenz, 25, and Kenneth Garry, 21, both of Milwaukee, and Donald Richhart, 18, of Fort Wayne. State police said their convertible skidded into the path of a tractor-trailer truck about 20 miles east of here.

The soldiers were en route home from Fort Benning, Ga.

Recent estimates indicate that 24 million Americans now living will die of cancer if present rates continue.

## Badger Senate Facing Education Merger Decision

MADISON (AP)—Parliamentary maneuvering over higher education mergers this week set the stage for a day of big decision in the Wisconsin Senate next Wednesday.

Gov. Kohler's controversial bill to replace two boards of regents with a single board was up for consideration Wednesday, but the Republican majority prevailed in a vote to postpone decision on all higher education merger bills until March 30.

Kohler's bill would abolish the University of Wisconsin board of regents and the board of regents of state colleges and replace them with a new 15-member board. But it also, along with two other bills offered as substitute to his measure, would merge Milwaukee State College and the University of Wisconsin extension center at Milwaukee into one four-year college.

All Milwaukee senators, Republicans and Democrats, want a merger of the Milwaukee schools so they can have a large four-year institution there. Some of them, however, do not care about the governor's plan to integrate the two higher learning boards. Others want Kohler's integration plan along with the merger.

While the Senate was worrying this week about Kohler's integration plan, the Assembly quietly completed legislation action on a bill to do away with two one-school regent boards.

The bill would abolish the regent board of Stout Institute at Menomonie and the regent board of the Institute of Technology at Platteville and put both schools under the control of the present state college regent board.

The bill already has Senate approval. It now goes to Kohler for signature into law.

The Assembly gave quick approval this week to a resolution asking Congress to continue federal regulation of natural gas producers' prices. The measure went to the Senate but was held over until next week for action.

The measure, introduced by Assemblyman Melner (R-Madison), asks Congress to reject any amendment which "weakens the protection accorded consumers under the present act."

A special committee of President Eisenhower's advisers recently recommended that the Federal Power Commission regulate natural gas prices only after the gas moves between states via the pipeline companies. The FPC now can regulate the well-head prices of the producers who sell to the interstate pipeline companies.

A special committee of President Eisenhower's advisers recently recommended that the Federal Power Commission regulate natural gas prices only after the gas moves between states via the pipeline companies. The FPC now can regulate the well-head prices of the producers who sell to the interstate pipeline companies.

## Scout, Cub Awards Presented at Mabel

MABEL, Minn. (Special)—Approximately 110 persons, including 35 scouts and cubs, attended the Boy Scout dinner at the Mabel First Lutheran Church Monday evening. Sponsor was the Mabel Lions Club.

Twenty-four cubs and scouts received awards.

Bert White, institutional representative, reported: Dr. J. F. Schaefer, Owatonna, was speaker; a trombone quartet and a vocal quartet of the Mabel High School played. Odell Lee presided. Nansen Spande, Arland Peterson, Paul Norby and White presented awards.

## Major Atom Test Postponed Again

LAS VEGAS, Nev. (AP)—A 500-foot tower blast—the "whopper" of the current atomic tests at Yucca Flat—has been postponed again because of weather conditions until at least Sunday, the Atomic Energy Commission has announced.

The blast is expected to be in the 50-kiloton A-bomb class, the equivalent of 50,000 tons of TNT.

## Benson Terms Attack 'Political Propaganda'

WASHINGTON (AP)—Secretary of Agriculture Benson has termed "political propaganda" a House Appropriations Committee report charging his department with negligence and irresponsibility.

A continuing farm policy split between Benson and some members of Congress broke out anew yesterday when the House Appropriations Committee blistered the agriculture secretary "and others around him" for what it said were "political and other considerations" governing many of their official acts.

## Regional Speech Contest Monday At High School

Registered to participate in the regional speech contest at Winona Senior High School Monday, are students from 24 schools.

The contestants and faculty members accompanying them will be welcomed by Solveig Lokengard, student council president, at an opening assembly at 9 a.m.

From 9:15 to approximately 11 a.m., humorous, serious, interpretative readings and original oratory will be presented. At 11 a.m., extemporaneous manuscript reading and extemporaneous speaking will begin.

## Over \$4 Billion Asked to Run VA For Fiscal Year

WASHINGTON (AP)—The House Appropriations Committee today recommended \$4,463,128,000 to run the Veterans Administration during the fiscal year starting July 1.

This was \$10,756,000 more than President Eisenhower requested, with the increase earmarked for repair and modernization of older veterans hospitals.

The VA allocation accounted for almost 80 per cent of a \$5,845,595,375 money bill to finance 18 independent federal agencies. Due principally to a 250-million-dollar payment to the Civil Service retirement fund, the bill's total exceeded presidential requests by \$205,805,375.

## Freight Plunges Off Burning Bridge, 2 Crewmen Killed

MIDLAND, N. C. (AP)—A Norfolk Southern freight train plunged from a bridge into Rocky River near here today. First reports said two crewmen were killed.

Police here said a wooden trestle over the river was on fire when the train started across. One of two diesel locomotives crossed safely but the second fell into the river as the trestle collapsed.

## State Government Outdated, Freeman Says at Moorhead

MOORHEAD, Minn. (AP)—Minnesota is operating in a streamlined age with outdated government apparatus, Gov. Freeman said here Friday night.

"Industry, agriculture and business have adopted new improvements, new streamlining and new techniques, but our government is standing in one place, spinning its wheels," Freeman told a Greater Moorhead Days audience.

Freeman renewed his plea for a reduction of "confused and diffused" agencies down to 10 basic units.

## Dodge Youth Winner Of Junior DHIA Award

DODGE, Wis. (Special)—Edward Patzner, who represented the Junior Dairy Herd Improvement Association of the Arcadia High School at a district meeting at Galesville Monday, was selected to receive the district Junior DHIA award from a group of nine candidates.

Each candidate had a personal interview with the judging committee, discussing the farming programs and benefits obtained from participating in herd testing and increasing the butterfat average of the herd.

He is the son of Mr. and Mrs. Edward Patzner Sr., Dodge, and is a senior at the Arcadia High School.

## Reds Treated Me Well, Says Downed Pilot

STUTTGART, Germany (AP)—An American Army helicopter pilot, forced down by a snowstorm in Communist East Germany, said today he received "good care" from the Russians, who gave him a bottle of cognac.

1st Lt. Louis H. Jacquay, 26, of Port Wayne, Ind., whose wife bore a son Friday night, told a news conference he was confined to a room in a Soviet military compound near the West German border.

## It's Christmas Today for Tot Struck by Car

PADUCAH, Ky. (AP)—This is Christmas Day for blonde, blue-eyed, 7-year-old Gail Staley, who is gaily making up for her five months of unconsciousness.

Gail, who lost consciousness when an automobile struck her last October, awoke Tuesday night. She asked her mother, "Where is Santa Claus?"

Mrs. Clarence Staley told her little daughter that Santa would come today just for her. The little girl smiled and talked. She asked about her missed school work, called her family's names and conversed with excited neighbors.

## How Does Jimmy Durante Do It?

HOLLYWOOD (AP)—How does the Schmo do it? Jimmy Durante turned 62 last month, yet he has lost none of his vitality. He continues working at a furious pace. He is doing 20 TV shows this season, all but two of them on a live basis. He'll do 30 shows next season. When he draws a couple of weeks away from TV, he often spends them playing his explosive act in Miami, New York, Reno or Las Vegas night clubs.

This is his off-week with his regular TV show and he's filling the time by appearing on NBC's spectacular to open its 3½-million-dollar color studio in Burbank tomorrow.

I tried to learn Jimmy's magic formula for energy over lunch at a Sunset Strip eatery. Lunch for Jimmy was some hot tea and toast. He explained that he had just gotten up and had already eaten a bowl of hot cereal.

## Workers at Closed Cudahy Plant to Get Jobless Pay

ST. PAUL (AP)—Some 1,100 former employees of the closed Cudahy Packing Co. plant at nearby Newport are eligible for unemployment compensation, the Department of Employment Security ruled Friday.

The order reverses a previous decision in the case, affecting 900 production and 200 office employees. Under the previous ruling, the workers would have been denied unemployment benefits for those weeks of unemployment covered by severance pay.

## Walking Wardrobe Doesn't Need Coat

HUTCHINSON, Kan. (AP)—The temperature was 15 in Hutchinson yesterday, and when fifth-grader Harold Stover, 10, showed up at school without a coat, the teacher was puzzled.

"Don't you have a heavy coat at home?" she asked.

Harold nodded.

"Why don't you wear it?"

"I don't need it."

And with that he showed his teacher he was wearing nine shirts.

## Lanesboro Speller Tops for County

PRESTON, Minn. (Special)—Eighth grade girls from Lanesboro, Wykoff and Chatfield walked off with Fillmore County spelling honors at the fifth annual contest in the town hall Friday.

Diane Ode, daughter of Mr. and Mrs. Walter Ode, Lanesboro, is the champion and will represent the county in the state finals at Minneapolis April 16. She is a student in the Lanesboro eighth grade. Mrs. Donovan Wolfe, teacher, Laurie Stephens, daughter of Mr. and Mrs. Wayne Stephens, Chatfield, an eighth grader in the Chatfield school, Miss Helen Flynn teacher, was runnerup.

Rhonda Theiss, daughter of Mr. and Mrs. Alvin Theiss, Wykoff, an eighth grader at St. John's school was third. Her instructor is Donald Hartman.

A 75-word written test preceded a five-round spelldown. Diane won both. Former Fillmore County superintendent of schools, Clair Dotzenrodt, Preston, called the words. Judges were Miss Dorothy Rumpf, Miss Marion Erlien and Mrs. Ann Ostrem. The latter also was registrar. More than 200 attended the contest which was co-sponsored by the Fillmore County Patriotic League and a Minneapolis newspaper.

There were 66 contestants—8 from high and graded schools, 1 from a parochial school and 57 from county elementary schools. Following the written test the 15 highest were given the oral quiz. Mrs. Robert Lyngen assisted Mrs. Ostrem with registration.

## Minnesota Airmen Injured as Plane Overshoots Runway

PULASKI, Va. (AP)—Two Air Force men were injured when their B26 light bomber overshot a runway at an emergency field, crashed and burned here Friday.

Pulaski Hospital attendants said A.J. Wayne H. Montgomery was in serious condition with multiple fractures of deep face lacerations and a concussion. Papers at the hospital identified Montgomery, age 22, as being from Pine City, Minn.

Li. Thomas L. Hedge, 27, formerly of Dublin, Va., escaped with an ankle fracture and facial lacerations.

The Civil Aeronautics Administration post here declined to confirm the identity of the two airmen.

## Seizure of Pills Won't Close Clinic, Spokesman Says

JOHNSTOWN, Pa. (AP)—State Sen. John J. Haluska, administrator of the Hoxsey Cancer Clinic in nearby Portage, says the clinic will be open as usual Monday—despite federal seizure of pills used in the clinic's controversial treatment.

The seizure Friday was ordered by U.S. Atty. John W. McIlvaine. A U.S. marshal and a representative of the pure foods and drugs administration seized 514,920 pills, plus a quantity of pamphlets.

McIlvaine said the pills were used for treating cancer according to a method developed by Harry M. Hoxsey, who operates a similar clinic in Dallas, Tex.

The pills were shipped to Portage from Detroit March 11, McIlvaine said. He did not identify the manufacturer, but said they "are misbranded because they contain false and misleading representation."

Hoxsey claims the pills, made from various herbs, are effective in treating cancer. The American Medical Assn. calls his treatment "worthless."

An order by the Fifth U.S. Circuit Court of Appeals in Texas prohibits interstate shipment of pills or literature about them.

## 18th Child Born To Nebraska Woman

OMAHA (AP)—Mrs. Mark Robinette gave birth to her 18th child on her 40th birthday. The infant was son Richard Lee.

Pert and smiling, Mrs. Robinette said today she was content with her present family when asked if she planned to have any more children.

Twelve of the 18 children born to Mrs. Robinette, whose husband is a farmer near Nohra, Neb., are living.

## Every 7 Minutes FIRE Strikes a Farm

IF YOUR HOME CAUGHT FIRE TONIGHT WOULD YOU VALUABLE PAPERS, DEEDS, NOTES, BONDS BE LOST?

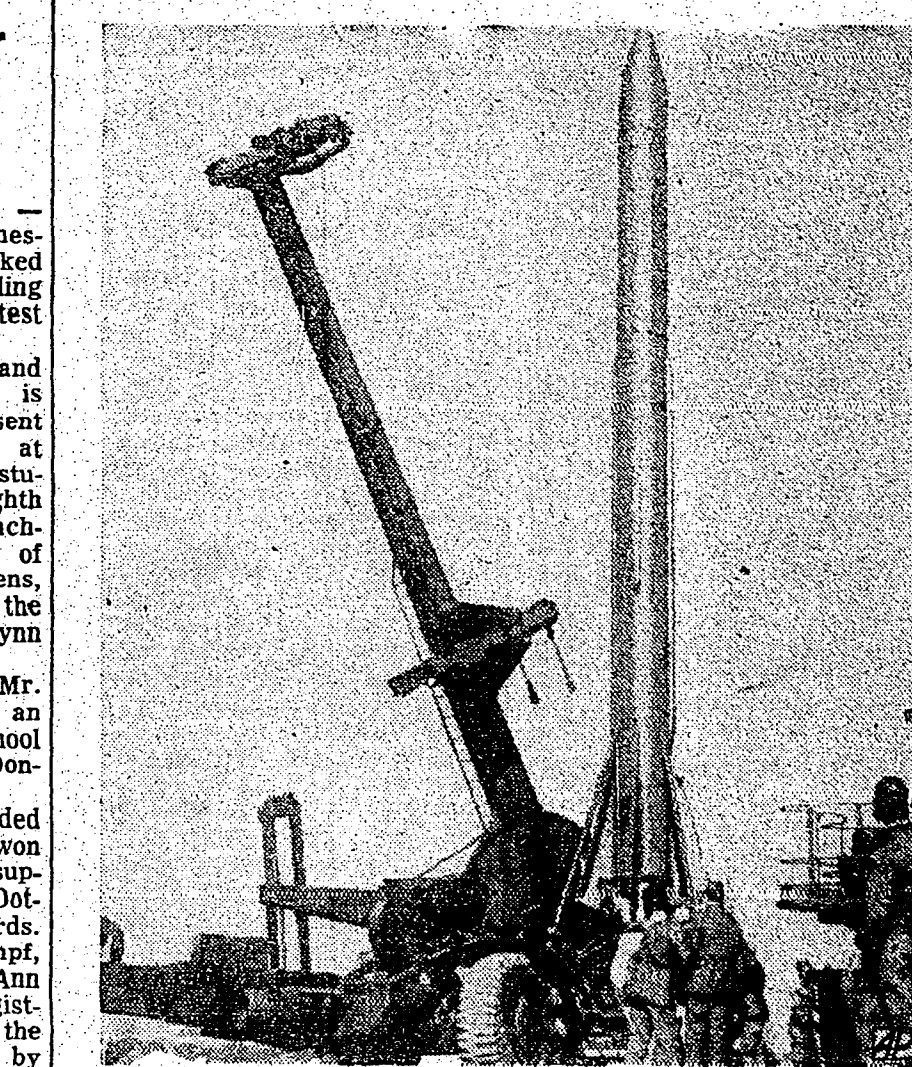

A burned-out home is trouble enough. It's worse when you lose valuable papers, too! Think of the time and red tape it would take to replace the deed to your farm. To prove that you actually own the land, you've proudly stacked away Tax to convince the Income Tax Bureau of your right to deduct your complete fire loss and other losses to back up your fire insurance claims.

Think what a relief it would be if you could step into the smoldering ruins, open the door of a fire-resistant safe and take out, unharmed, your valuable papers.

This Safe gives 24-hour day—free access to it at any time in your own home or office. It has Vermiculite insulation usually found only in higher priced safes. Loss of records by Theft or Fire may cost you more than this safe. It has a tamper-proof combination lock—punch-proof door—one-piece construction. Fire protection for One Hour up to 1700 degrees. Dimensions Outside: 24½" high, 17½" wide, 17½" deep. Inside: 15" high, 15" wide, 13½" deep, approximate weight 225 pounds.

ONLY \$75.00

**JONES & KROEGER CO.**

Personnel of the U.S. Army 259th Field Artillery Missile Battalion at Mainz, West Germany, prepare "The Corporal" for firing. The Corporal, Europe's first radar guided missile, was given its first full field inspection on the third anniversary of the 259th activation. The missile arrived in Europe in February. Next to the sleek missile is its highly mobile launching and maintenance equipment. (AP Wirephoto)

## Legislative Speedup Facing Tougher Going

By ADOLPH JOHNSON

ST. PAUL (AP)—Major legislation pushed ahead this week in the Minnesota Legislature, but the going got stickier with adjournment only a little more than three weeks away.

An indication of the difficult times ahead came when the divided House refused Friday to set as a special order of business debate on the old age assistance increase.

Such an order needs 88 votes and the motion, by Rep. Arne Wanvick, Duluth, got only 86, with 41 opposed. The bill, backed by Gov. Freeman, proposes to increase the maximum monthly old age assistance allowance from \$60 to \$65.

Because of the growing number of bills awaiting debate—now 150 or more in each house—special orders will become more necessary as the days pass to assure any bill of consideration.

Supporters of the old age assistance bill said it still was in position to receive consideration without the special order.

Biggest advance during the week was by the 50-foot truck bill, which has failed in several previous sessions. The measure, to increase the present maximum by five feet, rode to an 82-36 victory in the House on the strength of concerted farm support.

And the Senate took the unusual action of rejecting recommendations of its Highway Committee to go ahead by a 35-30 vote. Final approval still is not assured, however, and the clinching vote will not be taken for several days.

Truck Tax Boost

In a related move, the House Motor Vehicles Committee approved a bill to increase license fees on heavy trucks by 20 per cent and raise more than one million dollars in new highway money.

Action on this bill could affect the outcome on the 50-foot bill, whose opponents argued that trucks were not paying their fair share of the cost of maintaining highways.

Freeman's income tax withholding proposal was sent to the House for debate after approval by the Appropriations Committee, and shortly afterward House conservatives put in a bill they called a substitute for it.

The measure would authorize 25 more employees for the tax department, and its authors said this would provide a better way of catching up with delinquent taxpayers and "chiselers" than the withholding program.

The Korean bonus bill won approval by the Senate Tax Committee and the fair employment practices bill passed its final committee hurdle, and was sent to the Senate floor.

As in the previous week, a considerable number of bills was tossed aside. These included the power of arrest bill, backed by the governor, the cooperative health bill,

## South Viet Nam Religious Armies Threaten Action

SAIGON, South Viet Nam (AP)—South Viet Nam's private religious armies warned Premier Ngo Dinh Diem today that their five-day ultimatum for a government shakeup has expired and they plan to act.

Diem's American-supported Nationalist regime, anticipating possible violence, alerted the army and moved five battalions into the capital.

Americans were ordered to remain indoors and French troops were confined to barracks as the Hoa Hao, Cao Dai and Binh Xuyen groups, was expected to lead off by calling a general strike of taxi drivers and pedicab coolies.

In Saigon there was little noticeable tension among the civilian populace.

## Mankato Phone Workers Settle 8-Day-Old Strike

MANKATO, Minn. (AP)—Telephone operators were back at their switchboards today after settlement of an eight-day strike at the Mankato Citizens Telephone Co.

Fifty-nine employees, members of local 292, AFL Brotherhood of Electrical Workers voted Friday night to accept a wage settlement and a contract worked out by the union's bargaining committee and management.

Workers get wage increases of from \$1 to \$4 weekly, a cash settlement in lieu of retroactive pay, and a contract that runs until November 1956.

The dispute hinged around union demands that pay raises be made retroactive to last November when the contract expired. Management Friday agreed to pay \$40 cash settlements to men and \$25 to women. The new contract contains a wage reopening clause in November this year if the cost of living index increases 2½ points.

## Flexible Supports To Benefit Farmer, Sec. Benson Asserts

SALISBURY, Md. (AP)—Secretary of Agriculture Benson, who says he would "rather save a farmer a dollar than give him one and take it back in taxes," believes the administration's flexible price support program will benefit farmers in the long run.

He told a \$10 a plate Lincoln Day dinner here Friday night the flexible support plan will be the solution to declining farm prices of recent years, which he said, have been "aggravated by surpluses and high support prices."

Benson said declining prices were a natural result of the continuation of the wartime policy of stimulating the production of food.

"We still have those unrealistic, rigid supports," he added.

"I believe farmers want to produce for free markets and not for a bounty. I believe they want to produce food for stomachs and not for storage."

current two years.

Among bills newly referred to the Finance Committee was a proposal approved by the Civil Administration Committee to equalize state employee pay schedules at a cost of more than \$700,000.

During the week, 48 more bills were sent to the governor, bringing the total for the session thus far to 267.

## Two Jets Crash Within Hour, 3 Men Dead

EL PASO, Tex. (U) — Two jets crashed within an hour of each other near here last night taking at least three lives—and possibly more.

Three Air Force men died in the flaming wreckage of a B47 medium jet bomber as the plane zoomed in for a landing in a howling dust storm. The crash occurred in the midst of a housing development, but the plane did not strike full force any houses.

Two other men, as yet unidentified, were aboard a T33 jet trainer that crashed and burned a short time later.

Ground parties have not yet reached the scene, but were to resume their search at daybreak. The wreckage was believed to have burned out late last night, and was no longer visible from low-flying planes.

The B47 struck the freshly-laid foundation of a house in an addition near the International Airport as the speedy jet made its approach. Visibility was cut to one-half mile by blowing dust and sand. Air Force officials said the poor visibility was a definite factor in the crash.

There were no civilian casualties although an unoccupied house nearby was ignited by burning debris. Damage to civilian property was estimated at \$50,000.

Emergency crews from Biggs, elad in asbestos, hauled the three dead B47 crew from the smoking debris. The airmen, all stationed at Forbes Air Force Base, Topeka, Kan., were identified as Maj. J. M. Fantell, 1st Lt. J. R. Wilson and Capt. J. R. Kingstow. Each was married.

Thousands of curious El Pasoans and Biggs personnel watched the plane burn. The crash was about 17 miles north and east of El Paso.

## Stengel Charged With Assault, Use Of Profanity

ST. PETERSBURG, Fla. (U) — Warrants were issued here today charging Casey Stengel, manager of the New York Yankees, with assault and use of profane and obscene language.

Deputy Sheriff L. M. Kersey said the warrants were issued from the office of Edward P. Silk, a justice of the peace. They were based on affidavits of Branan I. Sanders, a photographer for the St. Petersburg Independent, Kersey said.

Sanders said he filed the charges following an incident Friday afternoon during the first inning of the Yankees' exhibition baseball game with the Brooklyn Dodgers at Al Lang Field.

Sanders said he was cursed and kicked by Stengel when he attempted to apologize to the Yankee manager for obscuring Stengel's view of home plate when the bases were loaded.

A University of Michigan study shows that 67 per cent of the children of professional men who graduate from high school go on to college but only 26 per cent of the children of unskilled laborers go.

## State Senate Honors, Asks Medal for Woolson

ST. PAUL (U) — A resolution expressing its "respect and esteem" to Albert Woolson, Duluth, last surviving Union veteran of the Civil War, who recently observed his 108th birthday, was adopted by the Minnesota Senate.

The resolution, approved earlier by the House, also proposes that Gov. Freeman present the Minnesota Service Medal to Woolson.

## Stronger Child Labor Law Gets State Senate OK

ST. PAUL (U) — The Senate today gave preliminary approval after more than two hours of debate to a bill to strengthen the child labor law. One major amendment was adopted.

Principal provisions to the measure, which has already passed the House would:

Raise from 14 to 16 the minimum age for employment in mills and factories and for work during school hours.

Cut the maximum work week for minors from 48 hours to 40. Raise the minimum age for work in hazardous occupations from 16 to 18.

Most of the argument grew out of an amendment submitted by Sen. Donald Wright, Minneapolis, to permit boys and girls between 14 and 16 to work until 11 p.m. Under present law they cannot work later than 7. The amendment was adopted, 30-18.

Sen. Wright said boys and girls in this age group should be permitted to work in such places as confectionery and drug stores until 11 to earn pocket money. He said this would help combat juvenile delinquency.

The measure will come up for final action in the Senate on Tuesday.

The House adopted a resolution calling on the state highway commissioner to set up a road planning section within the department for urban highways.

Rep. Charles Halsted, Brainerd, chairman of the House Highway Committee, said cities have been a step child as far as highways are concerned.

Rep. Halsted also gave notice that he would move on Monday to make several highway proposals including a new formula for dividing highway revenue.

The House gave tentative approval to a bill setting up arbitration of disputes concerning wages or working hours of police and firemen in Minneapolis, St. Paul and Duluth.

The bill provides for appointment of a board of arbitration with the city and employees each selecting one member. These two would pick a third member.

A report of the arbitration board would be sent to the local city council for approval or rejection.

Debate was postponed on the re-apportionment bill until Monday. The measure sets up membership on a county basis. Among counties that would be given added representation are Freeborn, Anoka, Dakota, Mower, Rice, Olmsted and Hennepin.

Losing representation would be St. Louis and Ottertail, Brown, Crow Wing, Morrison, Fillmore, Wright and Ramsey counties.

## Bobcat's Attack On Deer Seen by Warroad Logger

INTERNATIONAL FALLS, Minn. (U) — A vicious attack on a deer by a snarling bobcat was the rare wilderness sight witnessed by Edson Risser, Warroad, Minn., logger while driving on a backwoods winter road.

Risser's timely appearance in his truck probably saved the deer's life. And he almost got a whack at the cat with a crank handle.

Risser told two International Falls friends, John Dunham and Fred Hilden, that he spotted two deer several hundred yards ahead on the trail as he drove from Angle Inlet to Warroad.

As he neared the animals, one leaped into the brush on one side of the road and the other dashed in the opposite direction.

In a flash one deer leaped back onto the road with a bobcat on its back. The big cat, its teeth sunk into the back of the deer's neck, looked like it was standing on its head as the deer made a mighty leap to clear a big snowbank at the edge of the trail.

The deer hit the icy surface of the trail and fell, the cat still clinging to its neck. By this time the truck was only a few yards away.

Risser grabbed the truck crank and dashed for the scene. He was practically on top of the cat before it let go to head for the brush. Risser pursued, but the cat escaped.

When he returned to the road the deer had fled.

**\$9 Robbery Nets Him 15-Year Term**

SIoux CITY, Iowa (U) — James Blackbird, 21, Sioux City, has been sentenced to 15 years in the state penitentiary for the \$9 robbery of Theodore N. Webster, 21, also of Sioux City.

Blackbird was sentenced Friday by District Judge Ralph Cray after the defendant pleaded guilty to taking the money from Webster's billfold March 11.

Webster was found critically injured at an alley entrance to a tavern here. He died three days later.

**Liquor Store Manager Charged With Theft**

WADENA, Minn. (U) — A suspended liquor store manager Friday was bound over to district court on a charge of second degree grand larceny.

George Maurer, 36, was taken into custody on complaint of Mayor Carl Hasbargen of Menasha that the store account was \$9,274 short. Maurer is manager of the Manahga municipal liquor store.

**3 Business Buildings Burn in Iowa Town**

CORYDON, Iowa (U) — Fire destroyed three business buildings on the Corydon town square early today.

Described as "burned out shells" were a drug store, a variety store and a mercantile store.

The fire broke out about 2 a.m. and firemen fought for more than four hours in near zero weather before bringing the flames under control.

## The Daily Record:

### Two-State Deaths

#### Joseph Hund Sr.

FOUNTAIN CITY, Wis. — Joseph Hund Sr., 81, died at 8:15 a.m. Friday at his home near here. He suffered a stroke last July and had had several since.

Hund was born Feb. 28, 1874, in the Town of Cross, the son of Xavier and Caroline Hund. He married Clara Patzner Jan. 11, 1898. He farmed all his life and was a thrasher for 50 years. Hund was a member of St. Mary's parish here and the St. Joseph's and Holy Name societies.

Survivors are: Four sons, Walter, Wilbur, Harry and Joseph Jr., at home; three daughters, Mrs. Vernice Baures, Fountain City, Mrs. Eugene (Clara) Pronschonski, Mondovi, and Mrs. Louis (Mary) Glodowski, Dodge; 14 grandchildren, three great-grandchildren; three brothers, Fred and Andrew, Fountain City, and George, Kent, Wash., and two sisters, Mrs. Sophia Schwerdt, Trempealeau, and Mrs. Herman (Kate) Bork, and Mrs. Matt (Rose) Siebenaler, Winona. Mrs. Hund died Feb. 11, 1940; a son, Ginter, died Feb. 17, 1949, and two sons and a daughter died in infancy.

Funeral services will be held at 9:30 a.m. Monday at St. Mary's Catholic Church, Fountain City, the Rev. Leo Lang officiating. Burial will be in St. Mary's Cemetery. His body will be at the home this afternoon.

**Herman Spellmeyer**

CALEDONIA, Minn. (Special) — Herman Spellmeyer, 49, a former Caledonia resident, died Thursday at Elgin, Ill., following a heart attack.

Funeral services will be held Sunday at 1:30 p.m. at the Potter-Haugen Funeral Home and at 2 p.m. at St. John's Lutheran Church, the Rev. Karl Gurgel officiating. Burial will be in Evergreen Cemetery. Friends may call at the funeral home tonight and Sunday.

Born at Elitzon, Spellmeyer was the son of Mr. and Mrs. Fred Spellmeyer. He resided in Caledonia for a number of years before moving to Elgin about 30 years ago.

Surviving are: His mother; two brothers, Alfred and Harold, and a sister, Miss Hilda Spellmeyer, all of Elgin. Another sister, Mrs. Robert (Edna) Hill, resides at Clearwater, Fla.

**Ernest Taylor**

PLAINVIEW, Minn. (Special) — A former Plainview resident, Ernest Taylor, died at his Los Angeles, Calif. home, March 21.

Surviving are: His wife; one daughter, Mrs. George Vandenhoff; three nieces, Mrs. Marion Koska, Plainview, Mrs. Irvin Scott, Northfield, Minn., and Mrs. B. F. Dillon, Tucson, Ariz., and one grandson.

**Mary Freese**

THEILMAN, Minn. (Special) — Funeral services for Mrs. Mary Freese, 80, lifelong Wabasha County resident, were held March 18 at St. Joseph's Catholic Church here, the Rev. Leo Neudecker officiating.

She died March 15 at St. Elizabeth's Hospital, Wabasha, after an illness of nine weeks.

Surviving are: Three daughters, Frances, Dorothy and Helen, all at home, and one son, William, at home.

Burial was in St. Felix Cemetery, Wabasha.

**Mrs. Frank Dorn**

LEWISTON, Minn. (Special) — Mrs. Frank Dorn, 64, lifelong Winona County resident, died Friday at 11:55 p.m. at Winona General Hospital. She had been hospitalized since March 20.

She was born in Winona Feb. 21, 1891, the daughter of Mr. and Mrs. Albert Rahn and was married to Frank Dorn at Altus, Jan. 25, 1915.

Funeral services will be held Tuesday at 2 p.m. at St. John's Lutheran Church here, the Rev. Rud P. Korn officiating.

Surviving are: Her husband; one son, Fredrick, Plainview; three daughters, Mrs. Elden Bode, Cleveland, Wis., and Mrs. Carl Miller and Mrs. Arnold Dorn, both of Lewiston; four brothers, William, Alton, Herbert, St. Charles, and Walter and Paul, both of Lewiston, and eight grandchildren.

She was a member of the Ladies Aid at St. John's Church for many years.

Friends may call at the Werner Funeral Home here Sunday and Monday and at the church from noon Tuesday until time of services. Burial will be in the church cemetery.

**Municipal Court**

Alden Bopp, 24, Milwaukee, forfeited a \$15 deposit on a charge of driving 50 miles an hour on Highway 63 from Fairfax street west to Peizer street. The arrest was made by police at 11:43 p.m. Friday.

Richard Howell, 1761 W. Wabasha St., forfeited a \$5 deposit on a charge of operating a motor vehicle with an expired driver's license. The arrest was made by police at East 4th and Zumbro streets at 12:43 p.m. Tuesday.

Parking deposits of \$1 were forfeited by D. G. Briquet (on two counts), A. B. Youmans (on two counts), W. D. Carter, Paul Berry and Loren W. Torgerson (on three counts), for meter violations; Kropp & Clawson (on two counts), for overtime parking, and W. D. Carter, for parking in a no-parking zone.

**MARRIAGE LICENSES**

Richard T. Anderson, Peterson, Minn., and Shirley L. Volkman, Rushford, Minn.

### Winona Deaths

#### Mrs. Mabel Robertson

Mrs. Mabel Robertson, 73, Indianola, Iowa, formerly of Winona, died at Indianola Friday morning after an illness of several years.

Survivors are one son, Pearl Robertson, Winona; three sisters, Mrs. Merle Davis, Tacoma, Wash.; Mrs. Joseph Wagmann, Albuquerque, N.M., and Mrs. Hattie Robertson, Indianola, and three brothers, Frank, Colorado, and Harry and Meade, Webster City, Iowa.

Funeral arrangements are being completed at the Breitlow Funeral Home.

**Mrs. August Dahl**

Funeral services for Mrs. August Dahl, 1118 W. Broadway, will be held Sunday at 2 p.m. at the Breitlow Funeral Home, the Rev. Webster Clement of Faith Lutheran Church officiating. Burial will be in Woodlawn Cemetery. Friends may call at the funeral home from 2 to 4 p.m. Sunday.

**Otto Linken**

Funeral services for Otto Linken, 1013 W. 2nd St., will be held Monday at 2 p.m. at the Fawcett-Abraham Chapel, the Rev. D. D. Harner of the Church of the Brethren, Lewis-ton, Minn., officiating. Burial will be in Woodlawn Cemetery. Friends may call at the chapel Sunday from 2 to 5 p.m.

### 17 Freight Cars Go Off Tracks Near Little Falls

LITTLE FALLS, Minn. (U) — Seventeen cars of a Northern Pacific freight train piled up today in a derailment one mile north of the spot where 17 cars of another freight leaped the tracks eight days ago.

Smashed cars hauling oil and paper rolls were wedged together in a ditch between the tracks and a highway three miles north of here.

No one was injured. Some 100 yards of track was torn up. Company officials could not determine immediately how long service would be held up. Cause of the derailment was not determined.

**Snowstorm Boosts Badger Meat Price**

MILWAUKEE (U) — The recent snowstorm that swept the state will have its effect, one meat council spokesman said today, in higher retail meat prices next week.

The spokesman predicted a 5-10 per cent hike in retail meat prices after calf prices jumped 22 per cent at the Milwaukee stockyards at the end of the week. Suppliers from the snow bound Midwest states were unable to get to market with their stock and the prices jumped accordingly.

The price hike should be only temporary, the council spokesman added, and prices should drop again before Easter.

stad, Milwaukee, a son March 16 at Milwaukee. Mrs. Denstad is the former Evelyn Schulze, Caledonia. Born to Mr. and Mrs. Luverne Wiebke a son March 21 at the Lutheran Hospital, La Crosse.

PLAINVIEW, Minn. (Special) — Born to Mr. and Mrs. Ray Bukowski, St. Paul, a daughter March 11. Mrs. Bukowski is the former Miss Ruth Boehlke, daughter of the late Mr. and Mrs. Herman Boehlke.

CALEDONIA, Minn. (Special) — Born to Mr. and Mrs. Vern Brueske, St. Charles, a daughter at a Rushford hospital recently. Mrs. Brueske is the former Miss Kay Kirmis.

### 3% Sales Tax No April Fool In South Dakota

PIERRE, S.D. (U) — When the clerk asks you for a 3 per cent sales tax next week he won't be "April fooling."

The state's regular 2 per cent sales levy will be boosted a penny beginning April 1 to help pay a bonus to Korean veterans.

On purchases of one cent to 14 cents there will be no tax; from 15 to 44 cents, one cent; 45 to 74 cents, two cents; 75 cents to \$1.14, three cents, and so on.

You also will notice the tax boost when you buy liquor, beer or cigarettes. On each item there will be a 3 per cent tax which also goes for the bonus. There is no sales tax on them now.

**WOMAN KILLED**

(Continued From Page One.)

Friday night there was a Rosary service at the church at 7 p.m. which she might have attended and which was completed only a few minutes before the accident.

However, at 7:30 p.m. there were evening devotions scheduled and there was the possibility that she might have been going to the church to attend this service.

**Other Death Recalled**

The circumstances of the Friday night accident were strikingly similar to the one in which Mrs. Nell Dobbs was killed at almost the same spot March 26, 1953.

Mrs. Dobbs also was returning home from a Lenten service, she was not seen by the driver of a car traveling east on Broadway and both women were wearing dark clothing.

**Spuhler's husband, Adolph, died when he was stricken with a heart ailment in Central Park — little more than 100 feet from Friday night's accident scene — last Oct. 15.**

Mrs. Spuhler was the second person to die in a traffic accident in the city of Winona this year and raised the county's 1955 accident toll to four.

**Lifelong Resident**

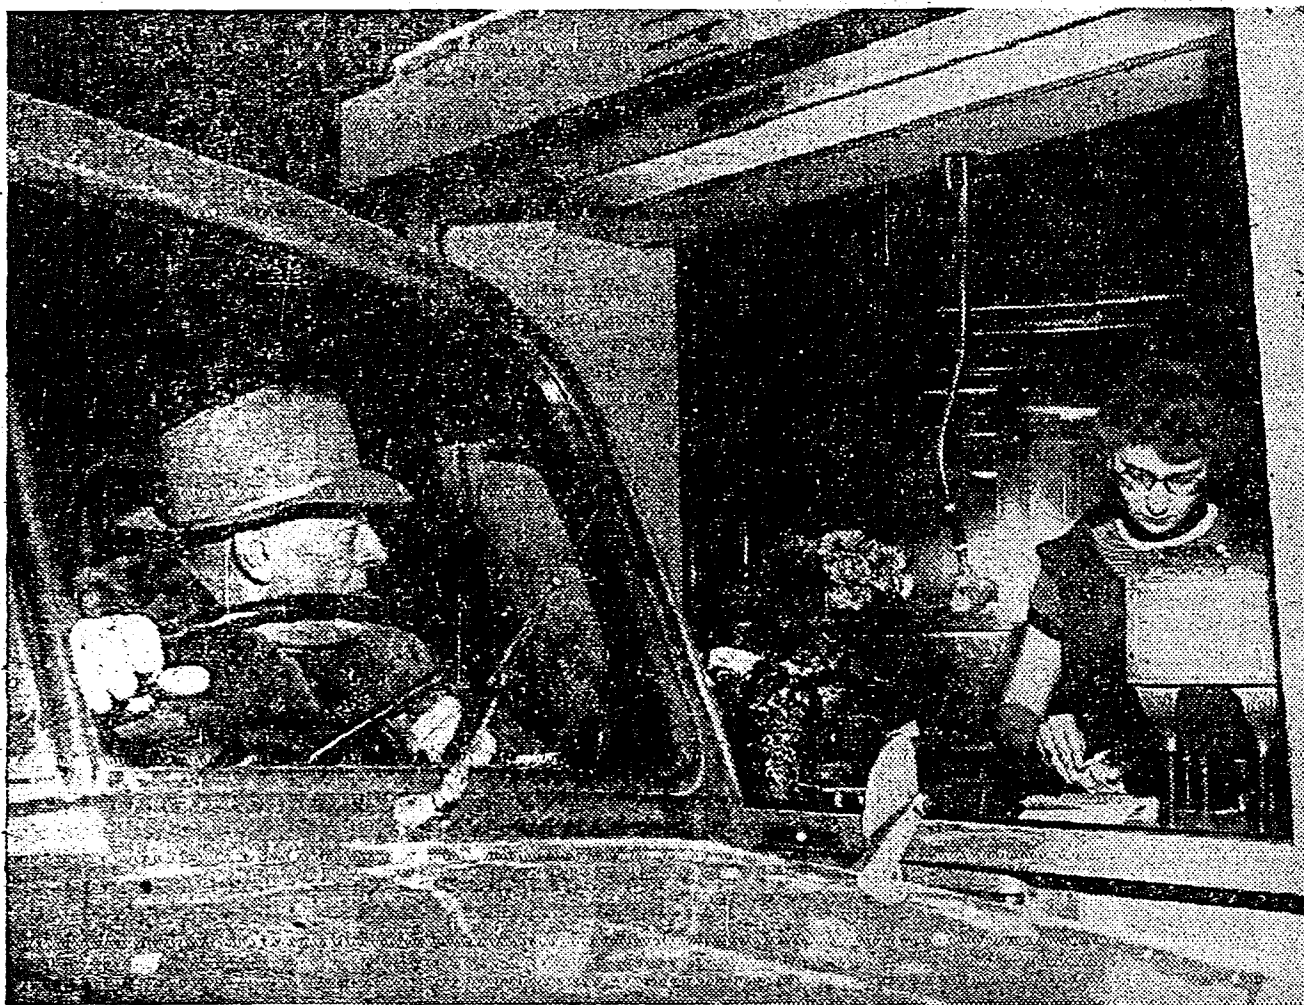

A lifelong resident of Winona, Mrs. Spuhler is survived by a son, Fred M. Spuhler, Scarsdale, N.Y.; two brothers, Thomas E. Morgan, New York, N.Y., and W. C. Morgan, East Hampton, Long Island, N.Y., and one grandson.

She was a member of the Cathedral of the Sacred Heart.

Funeral services will be held Monday at 10 a.m. at the Cathedral of the Sacred Heart, with preliminary services at the Fawcett-Abraham Chapel at 9:30 a.m. Burial will be in Woodlawn Cemetery.

Friends may call at the Fawcett-Abraham Chapel after 7 p.m. Sunday and the rosary will be said Sunday at 8 p.m.

## ... another Winonan finds Drive-In Banking Convenient!

Mayor Loyde Pfeiffer, 1537 Gilmore Ave., finds the First National Drive-In Bank Window very convenient for making a savings deposit right from his car window.

You, too, will find this window extremely handy to drive right up, roll down the window, and have your check cashed, your deposit accepted, or any other feature of our Drive-In Window, all in a jiffy. There's no bother about standing in line, no worry about where to park a carload of children and packages. Try it and see! And if you don't already have a bank account at the First National, this new drive-in convenience gives you the perfect reason for opening one right away!

## In Musicals Don't Forget Otto Harbach

By E. V. DURLING

NEW YORK (AP)—That Cole Porter is the outstanding musical genius of the 20th century is probably true. Still, let's not forget Otto Harbach. The record will reveal Harbach has been connected with more musical show hits than Porter. Otto's first hit was "The Three Twins," starring Bessie McCoy in which show was sung "Cuddle Up a Little Closer." After that Harbach wrote a song which I think Cole Porter has yet to top. Am referring to "Every Little Movement Has a Meaning." "I'll Be Home" "Madame Sherry." To list all the Harbach hits would fill a column, so I will just name a few to indicate Otto's rating as a musical show genius. They included in addition to "The Three Twins" and "Madame Sherry," such smashers as "The Wall Street Girl," "The Firefly," "High Jinks," "Katinka," "Going Up," "Wildflower," "Kid Boots," "No, No, Nanette," "Rose Marie," "Sunny," "Desert Song," "The Cat and the Fiddle" and "Roberta."

### Statuesque Siren

Some young women who are tall and generally proportioned become depressed as to their figures. They shouldn't be. The Lillian Russell type of beauty is very popular with many men. As for example, take Sheila Masters, one of the top darlings of the Paris cabarets. She is 5 feet 9, barefoot and weighs 148. She is reported receiving more requests for dates and proposals of marriage than any other entertainer in Paris.

### Idyllics

What right has New Yorker or Bostonian to call himself a young old timer if he never made a trip on the Fall River line? . . . Iceland has been a nation for over a thousand years and has never had a war . . . Am asked the real name of Ed Gardner, airway luminary, star of Duffy's Tavern. Answer is, Edward Poggenburg. . . If you chew on a sprig of parsley after consuming onions, the odor of said onions will be eliminated from your breath.

### Fishing

The color pink seems to have a strong attraction for fish. Pink nets have been used very successfully by Japanese fishermen. That's what I recently reported. Now a Hoquiam, Wash. subscriber writes, "I live in the heart of the steel head country. That type of fish is difficult to catch. However, the most fish caught recently in our section has been by a man using a lure of pinkish color called the 'cherry bobber.' So it would seem the claim that pink attracts fish is absolutely correct."

### Asking

Queries from clients. Q. What is your suggestion for a wager in the Kentucky Derby future book? A. Jean's Joe. Across the board. Q. Who created the title role in the original stage production of George Kelly's play "Craig's Wife." How old was this actress at that time? A. Part of Mrs. Craig was created by that extremely brilliant actress, Chrystal Hume, who was then 42.

### Passing By

Kitty Carlisle, smart looking and talented singing actress. In private life wife of Moss Hart, the playwright. When Kitty and Moss were married it was the first trip to the altar for both. Kitty was 32 at that time, Moss was 41.

Have you checked your wife's handbag to ascertain the number of and kind of things she clutters it up with? Every wife should be compelled to stand regular handbag inspection. This for the protection of people who have to stand in line while females with over-packed handbags fumble around for their fare. Women protest that men exaggerate as to the contents of handbags. In this connection consider the fact that a woman reporting the loss of a handbag to the police said it contained among other things two insurance policies, a banana paring knife and a towel.

### Wedding Rings

The first man in the Hollywood film colony to wear a wedding ring was George Jessel. That was when he was married to Norma Talmadge. Speaking of rings, I know a woman who wears two wedding

## Copper Production Prospects Bleak, Government Told

WASHINGTON (AP)—Copper producers have advised the government that prospects are bleak for improved domestic output this year and recommended a sharp curtailment of exports of copper scrap.

The primary Copper Producers Industry Advisory Committee, in a meeting with Commerce Department officials, urged Friday that the copper scrap export quota be cut 50 per cent during the next three months.

It requested a complete embargo on scrap shipments during the second half of the year "for the duration of the emergency."

The copper producers said that the department's estimate that mines will produce 60,000 tons of new copper this year is too optimistic. While supply might go higher than the official estimate, they said, demand also may be higher.

## Wisconsinite Killed In Intersection Crash

RACINE, Wis. (AP)—Robert Simonsen, 28, of Sturtevant, died at a hospital here Friday night two hours after his car collided with another at the intersection of Highways 20 and 31.

## French Senate Defeats Effort To Stall Vote

By CARL HARTMAN

PARIS (AP)—The French Senate beat down today a Communist effort to forestall a final vote on the Paris treaties to free and rearm West Germany. This cleared the way for a decisive vote sometime tonight, or early Sunday.

The Communist motion, to call off further action on the treaties, was defeated by a show of hands. About 13 Communists, 5 Socialists and a few senators sitting on the right side of the chamber voted for it. The best bet indicated only about 20 of the 320 senators present voted aye.

Passage would have amounted to rejection of the treaties, but the motion also called on the government to undertake new big power negotiations with Russia on the German question. It was the fourth day of debate on the bills to approve the Paris treaties.

If the Senate approves the bills, France will become the 10th of the 15 signatory nations to complete legislative action on the pacts. The others are West Germany, Italy, Britain, Canada, Norway, Greece, Turkey, Portugal and Iceland. Belgium, Denmark, Luxembourg, the Netherlands and the United States have not yet completed action.

## Pittsburgh Has Passion Play

PITTSBURGH (AP)—A play written 42 years ago by a priest who wanted to impress his congregation with the spiritual and religious fervor of Easter is enjoying its 35th season in Pittsburgh this year.

About 120 persons from all walks of life lay aside their everyday routine on weekends before Easter to take part in the Passion Play. More than 100,000 are expected to see it.

A blue-eyed girl who soon will marry a high school sweetheart, and an unemployed father will play the parts of Mary and Jesus. They and most of the cast have been rehearsing since Christmas.

Many in the cast have become veteran actors. Joseph Moeller, 61, for instance, has appeared as a Roman soldier in every production since it was written by the Rev. Bernadine Dusch, a Passionist priest.

Production was halted during World Wars I and II.

Others lent the time and energy of youth, then handed the job to their children. A few have stayed with their children—and grandchildren.

James R. Gliden, 25, and Miss Audrey C. Fritz, 21, have the roles of Jesus and Mary.

Miss Fritz is making her eighth appearance as Mary and ninth in the passion play. This will be her last season, though. The part of Mary is traditionally played by an unmarried girl.

Gliden, a six foot truck driver, has one son. He has been out of work since November 1953, because of a labor dispute.

Personal interests are put aside during the play and the many nights of rehearsal. Many consider their parts in the production a form of prayer, and they sacrifice much to appear.

Competition for roles is keen. Father Dusch and his director, successor, the Rev. Wendelin Meis, have said many times that a "good holy life" is one of the chief qualifications for any role in the play.

Father Dusch dramatized a story about a holy woman named Veronica. She wiped the face of Christ as He carried the Cross and a life-like impression of His face remained on the veil she used.

The play "Veronica's Veil" is the spiritual presentation of Christ's passion.

The priest expected the play to run for the Lenten season of 1913 and be forgotten. But it has been renewed each year. Some churches even staged their own productions. Several years ago, a new St. Michael's assembly hall was erected—mainly to accommodate the growing crowds.

Father Meis estimates the play has netted several thousand dollars a year for the past 10 years. The money is used to meet parish expenses but Father Meis says:

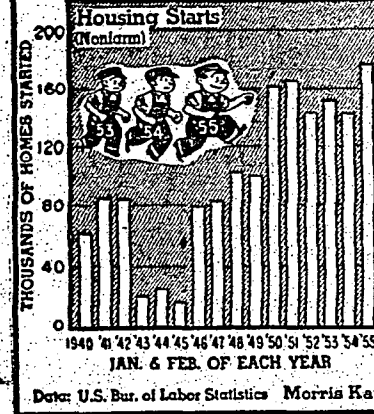

"That isn't the purpose of the Passion Play. Father Dusch wrote it and people sacrifice their time and energy with the hope of making a small part of the world a bit more conscious of Christian principles."

## WEEKLY FINANCIAL REVIEW

NEW YORK (AP)—The stock market pushed its recovery drive ahead strongly this week to within the shadow of a new record high.

The advance was accomplished with little fanfare, but the rise represented the strongest weekly advance since 1929. Such a performance hasn't been topped since early November of last year.

Much less noted was the recovery to the recovery than to the severe decline that preceded it. It was just three weeks ago that the market reached a new peak, and then it tumbled in a severe reaction. That lasted a little more than a week.

When the recovery got under way and continued with only slight pauses to the end of the week, it did so in a hurry. The Associated Press average of 60 stocks this week went up \$4.10, a fine showing for a market that had been down four days of the week.

At that level, the average had retraced 78 per cent of the previous heavy losses. It now stands only \$1.40 away from the record peak hit March 4.

Brokers recalled that the market broke wide open when the Senate Banking Committee in Washington started its friendly study of market movements. They also noted that the market had been going up strongly when the study ran through its three-week agenda of witnesses and closed.

But these same brokers quite quickly also called attention to many other factors that might have caused stocks to suffer the shakeout if there had been no market study at all.

The market performed to the liking of technicians all through its fall and recovery. It stepped out of breaking into new low ground when it touched bottom in its reaction. That was considered good, but the market came back in a hurry and didn't stop long for consolidation along the way. That also was considered good.

One favorite explanation in Wall Street for the market's recovery contained one word: "bonds." What brokers meant was that the nation's economy was in such good shape right now and the future looked so rosy that people in general were confident that the market's rise would be solid.

Monday's market was lower. As it turned out, a spurt of late selling that day was elicited by a rumor.

Tuesday's market moved up moderately. On Wednesday the rise was more pronounced.

# Pittsburgh on Move This Year

By ED WILKS  
The Associated Press

The only way the Pittsburgh Pirates have sat in on a World Series of late has been by television. Before that it was by radio.

Which is another way of saying the Bucs haven't won a National League pennant since 1927. They've been out of the cellar just once the past five seasons—they were seventh in 1951.

But Fred Haney's youngsters seem to be on the move.

The Bucs were the kids who closed fast last season and knocked Brooklyn out of a down-to-the-wire race with the New York Giants. They look like they're picking up this spring where they left off.

Pittsburgh has a 50-50 7-6 record in the exhibitions, but the Pirates haven't been any pushovers. Four of their defeats were by one run margins. The other two were by two runs.

It was Pittsburgh that did the pushing yesterday, knocking off the Boston Red Sox 5-3.

The New York Yankees, more accustomed to World Series than the Pirates and who blanked the Bucs in the '27 classic, may have another sleeper in Johnny Kucks. The tall New Jersey right-hander

baffled Brooklyn for seven innings, giving up three singles, as the Yanks won 5-1.

The St. Louis Cardinals had a repeat of their 1954 pitching misfortune, blowing a 6-3 lead in the ninth for a 7-6 decision by Philadelphia. Rookie Luis Arroyo was the victim.

Veteran Virgil Trucks rallied the Chicago White Sox, sagging of offense with a pair of homers and gave up just three hits in five innings in a 14-5 victory over Detroit. Chico Carrasquel grand-slammed for the Sox.

Wes Westrum and Bob Lennon clubbed home runs as the New York Giants snapped the Chicago Cubs' six-game streak 6-2.

Baltimore and Kansas City split a pair. The Orioles won the opener 10-3 and the Athletics took the nightcap 7-4.

In two night games, Milwaukee beat Atlanta of the Southern Assn. 13-5 with Joe Adcock slapping two of the Braves' five home runs, and Cleveland overpowered the San Francisco Seals of the Pacific Coast League 8-2. Bob Feller yielded only one hit in the five innings he pitched.

Cincinnati and Washington were rained out after 4½ innings. Washington led 4-3.

## Pan-American Games Ended

MEXICO CITY (AP)—The 1955 Pan-American games came to a formal end today with Olympic-like ceremonies in the huge National University Stadium.

Only a final event on the equestrian class was more show than anything else—was on the bill as the feature of the grand finale at the stadium.

Most of the 2,000 or more athletes who performed in the two weeks of competition have gone home, including the large and powerful U. S. squad which marched away with the major honors.

The scoreboard: U. S. 1,434½, Argentina 599½, Mexico 440, Venezuela 155, Chile 150, and Brazil 138½ to list the leaders.

The U.S. wound up with a watertight team victory in swimming and diving. The Yanks collected 12 first place gold medal awards out of a possible 20.

## Baker Defeats Julio Mederos

NEW YORK (AP)—Bob Baker, the mustachioed No. 2 challenger for Rocky Marciano's heavyweight crown, today shrugged off his 10-round decision over Julio Mederos—and, in fact, admitted the Cuban would have beaten the "old" Baker.

"It was a victory of no major importance," said the Pittsburgher, speaking of his easy conquest in Madison Square Garden Friday night. "It was just another win (No. 9 in a row). Now I'm looking ahead to the big boy."

Marciano meets Don Cockell in his next title defense on May 16. Baker was down to 209½ to 190½ for Mederos, the 22-year-old Cuban, who came into prominence three weeks ago by knocking out Roland La Starza.

## Syracuse Trying For Clean Sweep

BOSTON (AP)—Syracuse tries for a clean sweep of its eastern division final playoff series against a Boston team making its last-ditch stand today in the National Basketball Association game at Boston Garden.

The Nats switch to the Celtics' home court after grabbing a 2-0 lead in the best-of-five series at Syracuse. The 2 p.m. (CST) affair will be televised nationally (NBC).

Should the Celtics win, a fourth game would be played at Boston Arena Sunday afternoon with a fifth contest scheduled at Syracuse Tuesday if needed.

Bob Cousy, Boston's backcourt magician, holds the answer to the Celtics' do-or-die bid today. The Coz, though playing his usual fine floor game, was limited to 17 and 13 points, respectively, in Syracuse's 110-100 and 116-110 triumphs.

In the western division finals Fort Wayne plays the Lakers in Minneapolis Sunday. The Pistons lead the best-of-five set 2-1 and can wrap it up with another win.

The division winners will clash in a best-of-seven series for the NBA championship.

Nine candidates for the Kentucky Derby this year were foaled at Spendthrift Farm located just outside Lexington, Ky.

## Bowling Clinic

By Billy Sixty

### ENEMY: SPEED

**Poor Pin Contact**—After he won the recent world individual match meet, Steve Nagy was asked what his top tip to the bowling realm might be. "Give the ball time to work on the pins," he said. "Give the pins time to contact each other. Don't use excessive speed. Speed is the No. 1 enemy of bowling. It kills pin contact, and it wrecks control."

Speed, Nagy added, is best regulated by the position in which the ball is held: Chest high for added speed, waist high for medium speed, and below the waist for a slower ball, which is preferable on slicked-up alleys on which it is difficult to get a hook-break. The positions in which the ball are held lend themselves to either a long or a short push-away of the ball for swinging arc. But, in any case, footwork and form do not change. The length of stride is the same; the footwork doesn't speed up one bit, and the finish is unchanged. There is just a little change in timing, but this you sense and acquire quickly through practice. The thing is, though, that you never try for unnatural speed. Medium speed works most effectively—for pin action and control.

## Michigan State Boxing Favorite

MADISON (AP)—Michigan State will rule a slight favorite tonight when the Spartan boxing team meets Wisconsin at the University of Wisconsin Fieldhouse.

The Spartans gave the Badgers a 6-2 licking at East Lansing on Feb. 18, but that was Wisconsin's first dual match of the season. The Badgers have improved greatly since then.

This will be the final dual match of the season for both the Badgers and the Spartans. In their last match the Badgers fought a 4-4 draw against Louisiana State which had won seven straight matches this season and had a record of 13 in a row over two years.

**SNOWBALLS TO BASEBALLS** . . . The heavy snows this week provided a problem for Coach Max Molock's baseball team at St. Mary's College. Before the snows came the Redmen diamond candidates had four days of practice outside. The unseasonal white stuff forced the practices back indoors, but it didn't daunt the hopes of these players for an early return outside. They are

shown rolling huge balls of snow off the diamond, and with an assist from Old Sol figure to complete a doubleplay against Old Man Winter. The players are, left to right, Bill Fish, Ed Holten, Len Sparacino, Charley Morris, Jim Granato and John Sanders. (Daily News Sports photo)

## 23-GAME SCHEDULE ADOPTED

# St. Mary's Nine Rated Strong Again

"I think we'll be fairly strong." That is Coach Max Molock's early analysis of his baseball prospects at St. Mary's College.

Members of both the St. Mary's and Winona State teams have been working out for several weeks and right now both squads are marking time until the snow goes off and outside practice is possible.

St. Mary's baseball players, who last year held outside practices the same time major league spring training opened, actually got four days of outside work this month before snows this week put a crimp in the activity.

Molock's baseball team is defending champions in the Minnesota College Conference, winners of titles the past two seasons.

Max says, "We lost some good players and I've got no definite knowledge of whether or not we'll be able to replace them. But prospects so far are good."

He didn't elaborate, but added, "We're definitely strong this year, if not stronger than last year. But very few of the other schools lost heavily so it should be interesting."

Some 76 candidates greeted Molock at early practices. Pitchers and catchers started working out in the gym at St. Mary's Feb. 23 and the rest of the squad reported a week later.

The list is down to 45 now. Included in that number are the two St. Mary's pitching prizes—Joe Shrake and Frank Szumlas. Shrake finished last season with

a 1.29 earned run average and batted .273.

Junior Tom Donovan, Albert Lea, is expected to take over the catching spot. Returning left-termers also are outfielders Benjie Palmenter and Ed Holten, and infielders Len Sparacino, Ken Monaco and Tom Hibbs.

An indoor batting cage has given the Redmen chance to work on both pitching and hitting.

Vacancies to be filled are third base formerly occupied by Wally Hill, first base where Jack Vitek was a regular, pitching spots held by Tom Kelly and Dick Hynds, and an outfield location vacated by Bill Skemp who signed a contract with the St. Louis Cardinals for \$4,000.

Donovan is expected to handle

the catching chores left open by the departure of Bob Gasner for service in the Army.

St. Mary's will undertake "its most extensive schedule" in history this season, according to Molock. A 23-game slate has been adopted.

The Redmen open with a southern trip that includes the following dates:

April 11—Navy Pier at Chicago; April 12-13—Loras College at Dubuque, Iowa; April 14-15—St. Leonard Wood, Mo.; and April 16—St. Mary's junior varsity against the University of Illinois jayvees at Champaign.

The squad will stop off in Chicago, Saturday night, April 16, and return home the next day. St. Mary's conference season will be opened Tuesday, April 19 against Augsburg.

# Austin Meets Washburn For State Title Tonight

By JIM KLOBUCHAR

MINNEAPOLIS (AP)—Minneapolis Washburn and Austin, one operating with the cool efficiency of a buzzsaw and the other a nervy giant, meet tonight for the Minnesota state high school basketball championship.

The pre-tournament favorites strode into the finals Friday night from diametrically opposite directions.

Washburn mowed down New Prague, 65-48, and Austin survived merciless pressure for the second straight night to down remarkable Bemidji, 57-56.

The finalists square off tonight at 9 p.m. after Eako faces Fairmont in the consolation final at 6 p.m. and Bemidji plays New Prague in the third place game at 7:30.

Bemidji, without a starter over

six feet, had Austin staggering and on the edge of defeat until three of its regulars fouled out in the last two minutes.

Then, with 32 seconds remaining, a dwarf in Austin's forest of Williams Arena Friday night crowd of 18,492 sitting hushed after a game-long pandemonium.

Terry Meyer, a 5-8 guard described by Coach Ove Berven as Austin's money player, cashed a free throw to carry Austin to its 21st consecutive victory.

Washburn ended all the suspense in its game with New Prague with a fast break scythe in the fourth period to break up what for one half was a tense battle.

Austin entered the tournament as a mid favorite despite the equal billing given Washburn.

But Washburn has yet to be extended in the tournament while Austin was pushed into overtime by Fairmont and then prodded to the limit to beat Bemidji.

Austin has impressed so far not so much with its physical attributes but with its calm ability to stand firm in the face of adversity.

Bemidji won the hearts of neutral thousands Friday night with its tremendous fight against odds. But Austin had plenty of chances to quit and still had last resort resources to draw on.

Tonight it meets a team with Bemidji's relentless habits but one endowed with more physical power. Washburn is fast, strong and classy in an unpretentious way.

It is confident and rich in manpower. Dave Chapman, a sound playmaking guard, left the New Prague game with an injured knee early in the fourth quarter Friday night but replacement Dave Wiggins did nothing to cut down the team's effectiveness.

To counter Austin's 6-6 Jerry Olson and John Lightly and 6-3 Odis Halvorson off the boards Washburn has power jumpers 6-4 Gordie Sundin, 6-3 Stu Hanson and 6-2 Dave Michaelson.

Washburn's defense unquestionably has been strongest in the tournament. Austin's has been spotty, but resolute in the tight spots.

Offensively, Washburn depends on speed and the under-basket strength of Olson and Hanson. Austin relies on Olson together with the drive of Halvorson, Lightly's bulk and the sniping of Tony Maus and Meyer.

Against Austin's 21-0 mark, Washburn carries a record of 22-1. Its only defeat was to St. Thomas

Academy early in the season. Bemidji fought Austin the only way it knew how, with hustle and a will to win which seemed destined for reward until Jack Whiting, Ritchie Carter and Darrell Erickson went out on five fouls. Olson also fouled out in the last dramatic minutes.

Whiting and Carter, only 6-0, were forced to guard Olson and Lightly, both a half foot taller. They did the job so well in the early going that neither Olson nor Lightly scored until the second quarter.

After Bemidji led 11-10 at the first quarter close, Olson staged a solo scoring fight with Whiting, Erickson and Fred Barker to produce a 28-27 Austin halftime lead.

During that stretch, the 6-6 all-stater hit 13 straight points for Austin before Tony Maus tossed in a couple of free throws.

Erickson and Whiting fired Bemidji's fast break to a 43-37 third quarter lead before Olson and Maus started Austin on the road to recovery.

It was still Bemidji 55-51 when Whiting fouled out with 2:21 left. Olson dropped in two free throws, then another one as Carter fouled out. His missed second shot was tapped in by Halvorson and Austin led 56-55.

With 1:30 remaining Olson committed his fifth foul on Dale Lauderdale, who missed the first shot and bagged the second to tie the score.

A minute later Erickson fouled Meyer, whose single free throw conversion finished Bemidji. Little Fred Barker cut loose a 35-foot one hander with two seconds left but it banged off the hoop, and Austin was home.

Olson finished with 25 points to lead all scorers. Whiting had 14, Carter 13 and Barker 12.

Washburn solved the problem posed by New Prague's slick 6-6 Ron Johnson with a process of slow suffocation. Sundin and Hanson double-teamed the big New Prague center and early in the game discouraged the high low passes into the pivot without which New Prague couldn't click.

Johnson wound up with 22 points, but Washburn had too much second half power.

The lead switched hands nine times in the first half before Washburn grabbed a 29-24 margin at intermission. It went to 40-29 Washburn at the three-quarter turn.

Johnson pitched in six points to reduce the Washburn lead to 42-37 early in the fourth quarter. But Washburn's explosive offense made a shambles of New Prague's defensive press the rest of the way.

Hanson had 27 points and Sundin 19 for Washburn.

Esko squandered a 13-point lead against Morris and needed Harold Bergstedt's two free throws to win, 66-65, in double overtime of

## MOON MULLINS

By Frank Willard

# SPORTS Sidelights

BY RALPH REEVE

**You Ain't Kiddin'!**  
Saw a young gentleman name of Bob Haake the other day. Bob as we all know was a very good athlete at Winona High and now is attending the University of Minnesota. He was a member of the freshman football team last fall.

Said to him, "Going out for spring football, Bob?"  
Bob said, "You ain't kiddin'!"

It's been said that baseball teams are laid out in the winter. Bob feels the same way about college football, and therefore he intends to go all out in practice this spring.

Haake said practice will be held Tuesday, Wednesday, and Thursday when drills get under way. Haake labels spring practice a "make or break" time.

How about baseball, Bob? Any thought of giving baseball a fling at Minnesota? You could probably be a Big Ten catcher.

"Football's all that counts now. It's pretty hard to go out for both football and baseball. Besides, I'm in engineering and that keeps me pretty busy!"

How's Dick Brown, your Winona High teammate, coming along?

"Brown? Very good! He and Dick Blakely are battling for the second spot at right halfback."

The quarterback spot vacated by Geno Cappelletti is wide open, a toss-up with six players in the running.

There's Ron Ghode, Dick Larson, they're trying to groom Norm Anderson for quarterback. Chuck Andrews of Lindstrom.

Charley Bonn of Edina and Haake."

The word is as far as the line is concerned, Gopher fans may see some sophomores in the starting forward wall next fall.

Bob Schmidt of Rochester is a possible starter at end, Bob Rasmussen of Edina is a guard candidate, Jon Jelacic of Brainerd is another end candidate, Norm Sixtra of Willmar and Frank Youso of International Falls are tackle potentials and Jerry Hassett of Two Harbors has been converted from fullback to center.

A pair of left halfbacks hoping to step into the shoes of All-American Bob McNamara are Ken Bombardier of Red Lake Falls and Dave Lindblom of Minneapolis.

## Rickey Wanted Lawler

The Sidelighter heard a couple of rumors that pitcher Jim Lawler of the Chiefs had been offered a Double A pro contract this year and Manager Emil Scheid was asked to confirm or deny the reports when he was here Wednesday.

Scheid said, "Last year Branch Rickey called him and called me personally—he wanted him for the Pirates and said he would have a chance to stay on their roster in the big leagues."

"But Jim turned it down—his wife doesn't want to travel around anymore. She wants a home and you can't blame her."

It's been reported that District One will be split up into two divisions for basketball purposes next year with teams in each half playing on a home-and-home basis.

Harry Sheff,

# Stengel Warns Yanks Need Help To Beat Indians

By JACK HAND

ST. PETERSBURG, Fla. (AP) — "If we're going to win it, we've got to get a little more help beating Cleveland from the second division clubs."

Casey Stengel was talking about the chances of his New York Yankees bouncing back into the World Series.

"We beat 'em (Cleveland) 11 times and Chicago beat 'em 11 and they lose only 43 games," he said. "You just look it up and you'll see Boston beat 'em only two games all season. And Baltimore only three."

"I'm positive Baltimore is going to be better. They've got a good catcher I gave them (Hal Smith) and more players. Boston can't lose every game to Cleveland right in Boston two years in a row. Their young players have more experience and their pitchers should do pretty good, especially if they get Williams (Ted Williams) back to swing that bat."

Will Be Better

"I know Cleveland is going to be better. They got that new pitcher (Herb Score) and those second stringers. I bet they had last year weren't bad. They seem to have the strongest pitching staff and they'll have Kiner (Ralph Kiner), a long ball hitter."

How about the Yanks? Will they be better, too?

"I don't know yet. We ought to finish second or first, depending on how my pitching comes out. The pitching is the big thing. That's why I've got 22 down in camp. I can't pick it."

"We've got good young men in Skowron and Carey (first baseman Andy Carey). And we've got three pretty good men in the outfield (Irv Noren, Mickey Mantle and Hank Bauer), especially with Mantle in shape and ready to go."

"For pitching I've got Ford (Whitey Ford) and Grim (Bob Grim) and for my No. 5 man, Lopat (Eddie Lopat). Turley (Bob Turley, central figure of the big deal with Baltimore) is going to be there although he hasn't been sensational down here. We've got to come up with the best."

One of the sensations of the Yankee camp has been Elston Howard, the Negro catcher-outfielder who hit .330 at Toronto last year. He is a cinch to be the first Negro to make the Yanks, as an reserve for Yogi Berra and as an extra outfielder.

Eyes on Shortstop

Shortstop is Stengel's main problem, once he gets his pitching straightened out. The veteran Phil Rizzuto (.155), now a bespectacled 36, may start with Billy Hunter (.243 at Baltimore) ready to take over. Gerry Coleman (.217) also has strong backing for the job as he originally was a shortstop before he shifted to second base.

Skowron (.340) is the first baseman with Gil McDougald (.259) at second and Carey (.302) at third. Joe Collins (.271) will double as first and outfield. With two bonus players who must be carried all season, first baseman Frank Leja and shortstop Tom Carroll of Notre Dame, Stengel has a job deciding who to keep. Eddie Robinson (.281), valuable pinch hitter and first baseman, may be in danger.

Back of Noren, (.319), Mantle (.300) and Bauer (.294) in the outfield, Stengel has Enos Slaughter, (.243) and the 21-year-old yet robust Cery (.260) and Collins and Howard.

Berra (.307), the league's most valuable player, will do most of the catching with help from Charley Silvera (.270) and Howard.

The pitching situation has been complicated by Don Larsen's sore arm. The big right-hander had a sorry 3-21 record at Baltimore.

Johnny Kucks, a 21-year-old right-hander who just back from the Army, has impressed Stengel. Kucks has a 19-6 record at Norfolk, Va., in 1952, his only year of pro ball. Tom Sturdivant (8-9 at Kansas City) has done good work in the early exhibitions.

Johnny Sam (6-6), and Jim Konstanty (1-1), who add up to 74 years of relief value, probably will man the bullpen. Ewell Blackwell, trying for a comeback after a year's retirement, has been wild.

## Mayfield Back In Golf Stride

MIAMI BEACH, Fla. (AP) — After two poor weeks, handsomely Shelly Mayfield is back in stride and making a powerful bid for the \$22,000 first prize in the Miami Beach Open Golf Tournament.

Furling magnificently, the 30-year-old native Texan broke the Bayshore municipal course record Friday with a 64, eight strokes under par. That gave him a 36-hole total of 132.

Mayfield was two blows up on second-place Bob Rosburg of San Francisco as the tournament went into today's third 18-hole round.

Peter Thomson, British Open champ from Australia who tied with a 65 in the opening round, took 70 Friday to fall into a third-place tie with Gene Littler of Palm Springs at 135.

In a fifth-place tie at 135 were Sam Snead of White Sulphur Springs, W. Va., John Inman of Tulsa, Okla., John Harnum of Grand Rapids, Mich., and John Serafin of Fox Hills, Pa.

Wally Ulrich, Rochester, Minn., had 69-69-138.

# Johnson Rolls Series of 628

Harry Johnson Jr., rolling for the Oaks team, the Legion League at the Hal-Rod Lanes came up with the high honor count for Friday night bowling with a 628 series. He combined three 200 games, getting a 212, 202 and 214 for the total.

Marvin Nelson, of Winona Plumbers, won the honors for the high single game with a 241 count.

Also coming up with an honor count was Ozzie Koetz of the Winona Printing team in the Victory League at the Keglers Klub as he rolled a 603. Koetz had a 532 game to take the high point home in that department. His Winona Printing team was the top team in the high team series with a 2,793.

In the same league, George Jumbek picked up a 4-7-10 split. In the Class B League at the Athletic Club alleys, the J. R. Watkins team came up with the high team honors of the evening's bowling. The Watkins team combined for the high team single game honors with a 1,050, and took the high team series with a 2,895. Bill Bell of Home Furniture had a 576 for the high three game series and Norm Weaver

of Watkins rolled a 234 single game. Snuffy Lejk rolled an errorless game, and finished with a 569 series count.

George Muras and the Merchants Bank team took all the honors in the Sportsman's League at the Athletic Club. Muras rolled a 196 for the high single game and had a 556 for a three game series to top that department. The bank team had both the high team single game and the high team three game series.

No honor counts were registered in the women's leagues, but Cora Westby of the Black Hawk team in the Pin Duster League at the Hal-Rod Lanes came close with a 489 count. Mary Serwa of Watkins Cosmetics had the high single game of 193. Bev was picked up a 3-7-10 split. Betty Blitzen a 4-7-9 split and Evie Blagovet came through on a 4-7-10 split.

Lonnie Kuhlman of the Lincoln Insurance team in the Nite Owl League at the Keglers Klub had a 484 series for the honors in that league. Elaine Hildebrandt, rolling for the Oaks team, had a 191 count for single game honors. Bernice McElmury rolled a 160 errorless game and also picked up a 5-7-9 split.

## Quare Times Wins British Steeplechase

AINTREE, England (AP) — Quare Times won the 10th Grand National Steeplechase in the mud and rain at Aintree before a large crowd including the Queen and other members of the royal family.

Ridden by P. Taffie, the 9-year-old jumper finished ahead of Tudor Line, with Carey's Cottage third in the field of 30 starters in the world's toughest steeplechase. Quare Times went off at 100-9. Tudor Line was 10-1, and Carey's Cottage 20-1.

The winner, owned by Mrs. W. H. E. Welman, is trained by Vincent O'Brien, the jovial Irishman, who was scoring an unprecedented triple in the great betting race. He trained Early Mist, the 1953 winner and Royal Tan, who came home first a year ago.

Quare Times, a bay gelding, won by 12 lengths, with Tudor Line leading Carey's Cottage by four lengths at the wire.

Copp, the post time favorite at 7-1, fell the first time around the 4 mile, 856-yard triangular course which must be traveled twice. Gigolo was fourth, Untray fifth, and Gentle Moya sixth, Oncie Barney was last.

## Russian Discloses Details of Atom Power Station

LONDON (AP) — A Russian engineer disclosed some details today of the Soviet atomic power station — heralded as the first in the world — and admitted some headaches were connected with operating it.

Speaking over Moscow Radio, engineer Pavel Aichtashenkov said: "Converting atomic energy into electricity is no easy job. Engineers run up against tremendous difficulties."

The atomic power plant, he said, is housed in an ordinary three-story building which includes both reactor and control devices.

First of all, he said, every part of the reactor must be able to withstand super high temperatures. Another hitch is in preventing the all-metal parts from oxidizing. He said the plant had operated for a year.

"Then again," he said, "You must remember that radiation tends to deform materials which lose their normal structure under its influence."

Alloys and lubricants break down completely at very high temperatures. "A tough nut for the engineer to crack is getting the heat out of the reactor without any delays in the process."

But, he said, "These engineering headaches do not detract from the advantages the nuclear power plant has over the conventional electric station."

"The primary advantage is that very little uranium fuel is required. The power plant now in operation consumes only as much uranium as can be pushed into a match box."

But, he said, "These engineering headaches do not detract from the advantages the nuclear power plant has over the conventional electric station."

"The primary advantage is that very little uranium fuel is required. The power plant now in operation consumes only as much uranium as can be pushed into a match box."

## Help Wanted—Male

Hired Man—wanted for year around employment. Must be experienced. Draft exempt. V. R. Sossalla, Trempealeau, Wis. Telephone 4-1987.

FARM WORK—Married or single man, on dairy farm, Robert Speltz, Minnetonka. 13 miles northeast of Aurora. Telephone 4-1987.

FARM WORK—Single man wanted. Good character. John R. Nahrang, Lewistown, Minn. Telephone 4-1987.

YOUNG MAN—to represent the Edstrom School of Music. Full or part time work. Telephone 2044 for appointment.

LARGEST Northwest distributor of top electric line wanted salesmen now calling on industrial and retail accounts. Excellent salaries to your lines with a top quality, well advertised, repeat maintenance product. HAGEN SUPPLY CORPORATION, St. Paul & Minn.

SALSMEN—We are looking for you if you can qualify. We will employ top-notch representatives, salesmen who are interested in top earnings. Selling the beautiful new Hagen Supply Chevrolet cars and trucks, as well as used cars. Only men looking for steady employment and a better future. Write to: Roy Evert or Elmer Rupp, at Winona Motor Co., Winona.

GENERAL FARM WORK—Single man wanted. No boomer. Emil Strub, Bluff, Wis.

FARM WORK—experienced and dependable single man wanted. Must be able to drive tractor. Good wages. Leon Sakretz, St. Charles.

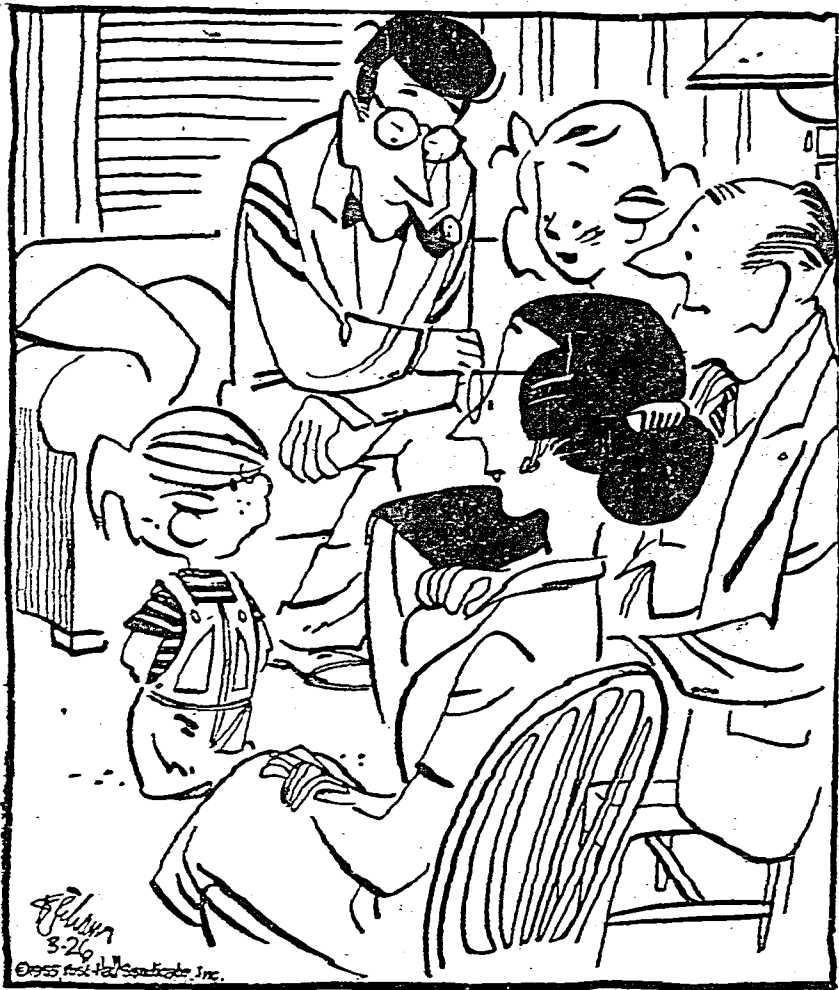

FARM WORK—

## DENNIS THE MENACE

"LITTLE JACK HORNS ARE IN A CORNER EATING HIS CHRISTMAS PIE. HE STUCK IN HIS THUMB AND PULLED OUT A PLUM AND SAID, 'WHAT A GOOD BOY AM I! ... NOW CAN I HAVE A DISH OF ICE CREAM?'"

## LAFF-A-DAY

"I wish you'd stop reading my mail!"

## LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. D.

**1. SHOULD COUPLES CONSIDERING DIVORCE SEE A MARRIAGE COUNSELOR BEFORE A LAWYER?** YES ☐ NO ☐

**2. DOES CONTINUOUS SELF-CONDEMNATION HELP OVERCOME BAD HABITS?** YES ☐ NO ☐

**3. WHICH HAS MOST EFFECT—PRAISE, BLAME, OR SAYING NOTHING AT ALL? YOUR OPINION**

Answer to Question No. 1  
1. Experience proves that it would avoid hosts of divorces. Among 5,000 engaged couples who consulted counselors in advance, not one was divorced after five years. Marriage counseling after marriage has been almost as successful. The American Institute of Family Relations, Los Angeles, will send you addresses of your nearest counselor, free. They do some counseling by mail at cost.

Answer to Question No. 2  
2. You should first strongly condemn yourself. Then calmly study why and why you made the mistake, make clear plans for not repeating it, and ask divine help and help from friends, if you feel these things will aid you. This is true repentance. Our booklet, "Master Your Bad Habits," will help wonderfully. Nonprofit, 15c (coin only) plus self-addressed stamped envelope, send to Dr. A. E. Wiggum, care of The Winona Daily News.

Answer to Question No. 3  
3. Two psychologists gave an exam to some students. They encouraged one group, discouraged a second, and said nothing to the third. First group did best; discouraged group next; third group, worst. Probably generally true. Psychologists find the wife who is ignored and the social "wallflower" probably suffer more than those who are criticized. The latter can fight back.

## Pending Trade Stamp Bills Ruled Illegal

ST. PAUL (AP)—An opinion prepared by the office of Atty. Gen. Miles Lord has ruled unconstitutional two trade stamp bills pending in the Minnesota Legislature.

The opinion was requested several days ago by Rep. Alfred Otto of St. Paul, chairman of the House Law Enforcement and Crime Prevention Committee.

It was expected Otto would report on the opinion today when the House Commerce, Manufacturing and Retail Trade Committee holds a hearing on one of the bills, a measure that would license and regulate stamp and coupon companies.

That bill provides an annual license fee ranging from \$4,000 to \$10,000 in every county in which stamps are sold by retailers.

The other measure would prohibit use of trading stamps or other similar devices for or with the sale of merchandise. It would not affect coupons authorized by manufacturers of merchandise sold to a retailer.

Proponents of the first proposal

## Colleges Accredited To Award Degrees

CHICAGO (AP)—The North Central Assn. of Colleges and Secondary Schools Friday accepted or approved the awarding of degrees by a dozen colleges.

The association is the accrediting body for universities, colleges and high schools in a 19-state area extending from West Virginia to Arizona.

Institutions "accepted for accreditation" include:

To confer master's degrees: Mankato State Teachers College, Mankato, Minn.; Northern State Teachers College, Aberdeen, S.D.; St. Cloud Teachers College, St. Cloud, Minn.

(Winona TC granted its first master's degree last June.)

No suspensions or disapprovals were announced.

High schools approved for membership in the organization included:

Minnesota: Edina High School, Willmar High School.

South Dakota: Freeman Academy.

Wisconsin: Blair High School, Middleton High School.

were heard Tuesday before the Senate General Legislation and the House Commerce committees. Hearings were scheduled today for the opposition.
