Men's Cross Country

This will be a very young team again, but we will go to the (NAIA) nationals. We have two runners returning, but we expect Scott Wiegrefe to be our No. 1 runner and the others to make a strong top-five in scoring.

October

10 -- Alumni Invitational; 17 -- at University of Wisconsin-La Crosse Invitational; 24 -- Northern Sun Intercollegiate Conference and NAIA District 13, Winona, Minn.; 31 -- at Wartburg College Invitational.

November

7 -- at Bethel Invitational; 21 -- NAIA Nationals, Kenosha, Wis.
This will be a "fun" season. We have 10 runners and the prospects look good. With Kendra Larson back for her third year and Maureen Ryan, who gained All-American honors in the 800 and 1,500 meters in track last year, we look to have a really solid one-two-punch. We have some freshmen who will be able to provide excellent middle "pack" running. This group should keep us going for several years to come.

The 1992 season was a season of high expectation, that began slowly 
and had much difficulty coming together. After hopes of improving a 
disappointing season were dashed with an opening-NAIA District 13 
tournament loss, the Warriors bounced back to win the district title. A 
dramatic ninth-inning, two-out, upset of the No. 1 seed and a two-
game sweep of the No. 2 seed led the the Warriors to an NAIA Area IV 
championship and a trip back to the World Series for the first time 
since 1988. A first-round loss was followed up by a pair of wins and a 
third place in the World Series, the highest ever by a Winona State 
teamm. This year the Warriors will not be satisfied with third place --

By attending a smaller school you have a better chance of playing. The coaching staff tries to work with you on an individual basis and stress academics as much as they stress softball. The program is a super program to be involved with. The coaches do a great job in making the players be the best players they can be and the best people they can be. This can be seen on and off the softball field. -- Janice Kriener and Kari Russell

Winona State University is the perfect place for a student to excel in academics as well as athletics. The atmosphere at Winona State is very comfortable and closeknit, which is the same feeling on the sports teams. The track team is no exception. There is a very positive and friendly attitude throughout the entire program and that will help everyone in any of their future endeavors. -- John Krueger

I have gained personal growth and the competition has helped me to set and achieve goals. Being at Winona State gave me exposure and experience and it is able to maintain an exciting atmosphere of academic and extracurricular activities and still recognize each student on a personal level. -- Garrick Beale

What makes being a member of the Winona State University so important to me, is that it gives me a chance to actively participate in running. I will always run, but there is an edge I get from training with other people. Working towards goals and competing with a team, that I don't get when I train by and for myself -- Melissa Aspen

Admissions & Eligibility

Athletes at Winona State University must meet certain admission and eligibility requirements before they can become part of a team. In fact, to become an athlete at Winona State may just take a little planning—planning that should begin in your freshman year of high school.

There are three sets of requirements in becoming an athlete at Winona State, which are established by the admissions office of Winona State University, the National Collegiate Athletic Association, and the National Association of Intercollegiate Athletics.

Winona State University encourages you to apply early for admission to obtain advantages in registration, housing, and financial aid. High school students who are in the upper 50% of their class or who have one of the required test scores (ACT 21 or SAT 900) are eligible for admission to WSU. Admission may be granted to students not meeting these requirements, but special restrictions may apply. Although an admission decision may be made on your class rank alone, one of the test scores must be submitted to complete your file. Your final admission is dependent on your graduation from high school.

In addition to WSU admission requirements there are also eligibility conditions set by the NCAA and the NAIA.

If you want to practice and play your freshman year at an NCAA Division II college, you must satisfy the requirements of the NCAA Bylaw 14.3, commonly known as Proposition 48, requires you to:
1. Graduate from high school;
2. Attain a grade-point average of 2.000 (based on a maximum of 4.000) in a successfully completed core curriculum of at least 11 academic courses (this core curriculum includes at least three years of English, two in mathematics, two in social sciences and two in natural or physical science [including at least one laboratory class]), and;
3. Achieve a 700 combined score on the SAT verbal and math sections or an 18 composite score on the ACT.

In Division II, which Winona State is affiliated, the minimum required SAT or ACT score must be achieved prior to the individual’s first full-time collegiate enrollment. The test scores must be achieved under national testing conditions on a national testing date or a national testing site (no campus testing or regional testing dates or results may be used for eligibility).*

To be eligible to represent a NAIA member institution, a first-time entering freshman must meet two of three entry level requirements:
1. A score of 18 on the ACT taken on a national testing date or a score of 700 on the SAT;
2. Achieve an over-all high school grade-point average of 2.000 on a 4.000 score;
3. Graduate in the top half of your high school graduating class.

Again, these are just the basic requirements for eligibility for admission to and for participation in intercollegiate athletics at Winona State. It is highly recommended that any prospective student-athlete be advised of these basic requirements and that that student-athlete should investigate the full requirements for admission and eligibility. It is also recommended that that student-athlete begin investigation for eligibility early. That can be accomplished at Winona State by having an official copy of test results sent by the national testing company to the admissions office. Remember, you cannot participate as an athlete at Winona State until admission and eligibility requirements have been fulfilled.
