On October 5 and 6 was the establishing a college club room. The vacancies on the staff of the 1926-27 were filled by an election at a meeting Wednesday, September 28, but several members did not return this year. A committee was chosen to direct the procedure. Sophomore Class to nominate people, and the first floor class voted to accept the nominations.

Student Body Pictures Have Been Taken

"WW" Formation Proves Successful

On Tuesday, October 4, the students and faculty of the Teacher College had their pictures taken on the campus.

The various members of the group seated themselves on the campus and were photographed by the photographers for this purpose. And, in view of the fact that this was the first time for some time that they had been able to sit outside without fear that the heavens were about to precipitate the group as a whole to manage to lock its petals. Some of the more frisky playmates contributed their lift to the shadowing of the picture-taking.

Speaking of shading, we must ask, are all the men of the college for the services they performed in this capacity. Without them, the group picture in the form of a "W" would have been lost perform. It was the most splendidly the most impressive group, as a group with uplifted faces and beautiful expressions directed camera way.

Homecoming Friday!

Chest Fund Suggested by Student Council

The representative council has been exceedingly active the last two weeks. They met on September 28, October 5, and October 13.

At the meeting of the 27 of September the idea of a community chest fund was discussed but no definite action has been taken. The proposition to have a chest fund be established and from this fund all gifts to charity institutions be divided proportionately. Another problem before the council was the student council's wish to establish a college club room. The main issue before the council was the promotion of better spelling. (Continued on page 6, column 3)

STUDENTS GIVE CONCERT DURING CHAPEL ON OCTOBER 3

On Monday, October 3, an interesting musical program was given by the students. Mr. Grinn, music instructor, announced that the program, Florence Jermstad, played the piano, and Miss Angie Sorensen, played the piano, and Miss Angie Sorensen, played the piano. The program was a piano solo, "Value Arabesque," by Phillip Houghtelin.

These programs are pleasant surprises and the students' appreciation is expressed. "We enjoyed the concert very much, especially the last part," said a junior at the end of the program.

TUESDAYS NEWS REELS CREATED INTEREST

Every Tuesday a news reel is shown at the theater, and the students are extremely interested. These reels are the same that are shown at the theater during the week.

The school made arrangements with the theater manager so that the films to be shown are very entertaining and educational. All the students are fulfilling this object.

The last two weeks picture pictures have been particularly interesting. These pictures are taken to help improve the students' understanding of the films. They help to explain the subject matter and help the students to see the film in a new light.

The last two weeks picture pictures have been particularly interesting. These pictures are taken to help improve the students' understanding of the films. They help to explain the subject matter and help the students to see the film in a new light.

**THE WINONAN**

**Kindergarten Club**

A business meeting of the Kindergarten Club was held in the Kindergarten room Wednesday, October 5th.

The members elected Dorothy Lee as President, Lucille Holm as treasurer of the club for the coming year.

A short history of the Christmas card sale was given by Miss Sutherland. The money raised by this sale will be given in return to the Misses as a Christmas surprise when Christmas is near.

Ches Reiter gave a piano solo and the meeting was adjourned.

**Who's Who**

Let's all drink lots of water and drink the day away!

Bertha Brekke and Nellie Thorson spent the week at an end with us, and the Club will never be the same.

Clisibilit Cannoys was the last all of the week and recently got an extra day vacation.

Eleven out of the twenty-two girls spent the week end at various places.

We missed the bunch.

Miss Haslund, proprietress spent the week end at her home with her family.

When the time came, the "gang" returned to their week end visit.

Alice Jelsa is truly told in the words, "Mr. Thorne had an appointment with his sister Lee Steen.

Verna Jensen spent the week end at her home at St. Charles.

All our extra nickels go for the W.C.A. candy bars. They're going too fast!

**Ches Fund Suggested by Student Council**

matter of changes in the new students directory.

1. The local "Social Rules for All Students" be changed to read: "Social Rules for All Students."

2. Rule number ten be changed to read: "Second, third, and fourth year students to ride after dark." The privilege being extended to members of the class in other years.

The privilege is to be extended to members of the college in other years. The privilege is to be extended to members of the college in other years.

In order that students might know what is meant by these standards the council recommended that the standards be listed in the students directory.

Next Tuesday the council will meet at six that time they will take up problems that have come up which have been suggested by students and members of the faculty.

**What You Ought to Know About Colds:**

How to prevent the spread of colds.

1. Colds are usually caused by minute organisms.

2. As coughing and sneezing throw out these organisms and contaminate things and persons near by, one should always cough and sneeze into a handkerchief.

3. Handkerchiefs then are likely to be loaded with organisms causing colds. For this reason they should be used for no other purpose, and should be washed frequently.

4. Better and safer than the handkerchief, when one has a cold, are small squares of clean material which can be thrown away and burned when used to thereby limiting the spread of colds.

5. When a person has a profuse nasal discharge and coughs considerably he should not attend school or other gatherings. This prevents spreading.

6. Take particular care of ventilation in your room during the day and night.

7. Eat a very simple diet, accessories omitted such as candies and other sweets.

8. If a cold is more than slight — one should go to bed and rest thereby giving your body a chance to combat this infection.

9. Be sure to get plenty of sleep as well as other contagious diseases, and because these diseases start with symptoms of a cold it is well to report to the college nurse — sore throats, coughs and other cold symptoms.

**NOT SO FUNNY**

Yes, it was true, in his course of study he had found a world that puzzled him. Everything was new to him, and he was anxious to know what its meaning was. He proceeded to solve the mystery by asking the first friend he came to — "What does 'factious' mean?"

The friend referred him to a large book which has a brown and red cover and its contents arranged in alphabetical order. Unwillingly the friend solved the mystery by asking the first friend he came to — "What does 'factious' mean?"

It seemed to be the key to the whole days work for follows the directory.

"How to prevent the spread of colds."

**GOOD MORNING!**

It was Henry Van Dyke who wrote:

"There’s something happy on the way, and it’s following me, somehow.

It’s like music —

Some music of the sky.

What a joyful world this would be if each one of us greeted the morning like that! And there is no reason at all why we can’t, for certainly it is true that, for those of us who believe it, something happy finds its way to us each day, and God, we knows His abundant

**Who's Where**

We have heard from Ethel Bird at LeRoy, Minnesota. Ethel is teaching English in the junior high school in the city. She has been doing very well, and is very glad to have the news that you are teaching English in the junior high school in the city.

Evelyn Sneling is teaching in Minneapolis, Minnesota, where she has a kindergarten assistant. She has three children in the morning. She was teaching music from 10 to 11 in the morning.

**NEWS**

Word has been received from the following "Kindergarten" girls who graduated in the class of 1927:

Evelyn Sneling is teaching in Minneapolis, Minnesota, where she has a kindergarten assistant. She has three children in the morning and teaches music in the afternoons every other day.

Maureen Kenefick is teaching in Three Points, Minnesota, where she has a kindergarten assistant. She has thirty-two pupils in Flandreau, South Dakota. She is teaching in the High School.

Edith Laughton is teaching in Rush City, Minnesota. She is teaching in the T. C. Head Start program.

AN APPRAISAL

W.A.A. means "Women's Athletic Association." It also means health, happiness, beauty of form, beauty of spirit, beauty of thought, and inspiration. "Oh, you," you say, "I suppose it does claim to do a lot for one, but does it?" Here is the answer, "It does!" It is done by a simple little system—the plan and provision for the earning of a letter. "But, you say, "Oh, what is there in it? Perhaps a little honor is attached, perhaps a little pride in the possession of a letter, but not enough to recompense for the hard work and perseverance put forth to get the letter." Maybe that is true, but there is something that DOES recompense. That something is the pleasure, pure pleasure, in having honor and respect. And then someone's eyes are opened. That Something is the delight in a fine, healthy, erect, correct body that one cannot but have after exercising for one hundred points. That Something is the joy of fellowship and the splendor of knowing that you have honor and you are right with the world. And, finally, That Something is the pride in having a "W" which unites you forever with your School. Let us Appreciate the W.A.A.!

Two Tragedies are Given by the Girls of Morey Hall

After this romantic comedy the center of attention was focused on the floor gave "Crossing the R. R. Track." Gertrude Lang played the part of the Depot Agent, Alberta Smith, the mother and the Children's parts were taken by various people from the second. This was acted out very cleverly and it aroused much interest. The costumes were representational; the type of people and the character very well. The third Floor's contribution to the program was the occasional isolation of lights and the actor. In the corner around it is the work that people cannot do natural when they're supposed to. The next feature of the evening was the "Dramatic Tunnel Fight." Tunney was played by Alice Erickson and Dempsey by Edna Burns. The fight isathe same as this was! But not least was the "Morning Song" given by the girls of the West. The Corner of the first floor. Refreshments were served after the program.

Many Prominent Speakers

Leture at M. E. A. (Continued from page 1, column 5) given by Harry Fuchs, a young violinist of much ability, and who has delighted Winona audiences before. Other speakers of the convention were: John R. Brown, landscape designer, of Shenandoah, Iowa, who spoke on the subject, "Creating the Garden," Supt. W. W. Webster of Minneapolis speaking on "Imagination and Education." Dr. Edwin D. Starbuck, Head of the Department of Art at the State University of Iowa; Florence Kimball of Minneapolis spoke on the "Teacher Participation an Asset," and D. E. Benson, National Director of Rural Scouting, from New York City.

The musical numbers by the boys and girls glee clubs, under the direction of Miss Kisling were very pleasing, to say the least, to the various programs, and the organ music was also enjoyed.

THIRTY POINTS REQUIRED TO BECOME W.A.A. MEMBER

All girls who wish to become members of the W.A.A. must earn at least thirty points during one term.

These points may be earned by participating in the various sports. The amount of credit given for the specific activities can be learned by consulting Miss Talbot's Bulletin Board. The lengths of the trails around Winona are listed on Miss Talbot's Bulletin Board. Points are earned by the year to secure 35 points which shall require 35 miles per term and each hike must be five miles in length. Points may also be earned by joining extra gym classes and getting in twelve hours of extra gym work. Double points may be secured in any winter activity by doubling the hours in that activity. Points can not be doled in the fall or spring terms.

Applicants for membership must have a "C" average and must not have an "E" in any subject. Students earning points should attend all regular meetings of the association.

Remember, this is the way to earn a purple letter—100 points, or a gold pin—200 points. Let's begin today!

STUDENTS ASKED TO AID SALVATION ARMY WORK

On September 30th, at 3:30 P.M., Mr. J. Russel Smith, a prominent Attorney, addressed the college in behalf of the Salvation Army.

He emphasized the splendid work that has been done in Winona, describing how food, money, lodging, and fuel have been given to over two hundred students last term. He concluded by urging the students to participate in the campaign to raise money for carrying on this excellent work.

MUSIC CLUBS HOLD JOINT MEETING

Was it a good time reported by all last Monday night? At least the Mendelssohn and Mason Music Club members will agree there was. They certainly enjoyed the informal gathering in the social room at Shepard Hall that evening. Dancing furnished the entertainment and everyone thought the supper was a real treat.

There are many fine voices in the club this year and each of these is an ambitious, enthusiastic force to back them up and make the club of real value to the college. The membership including the reserves consist of the following:

Many of the members of the club spend an enjoyable week end and make their respective homes.

A number of the girls from the Mendelssohn Club had charges on the unhiring during S.M.E.A. Convention.

T.C. Overwhelm Miner's, 19-2

On Saturday night, the Committee to hold the Miners for four dollars the tull going to the Teachers when only inches from their goal line.

During the third period the ball, see-sawed back and forth either team being unable to score. Winona scored in the fourth period when Johnscupped a goal from 20 yards for a touchdown.

During the last minute the Miners scored a safety, when Sharon fumbled a ball pass from center and was tackled behind his own goal line.

WELFARE WORKER GIVES SERIES OF LECTURES

Miss Smith, representative of the Minnesota State Department of Health, lectured in the Hygiene and Sanitation classes this week. Her theme was child care and habit training, especially that of the pre-school child. She gave valuable notes and sources of information on what the teachers can do in parent training and child guidance. Her lectures were very interesting and instructive.

Old Lady — "Oh, conductor, please stop the train. I dropped my wig out of the window."

Mr. Selle — "What phase of the game are you talking about?"

Mr. D. M. Sweeney, Prop.

THE STUDENT BARBER SHOP

A Square Deal

Brekkie to clerk — "Give me two nice rolls, please." Clerk absently — "Rings — um — let me see now, were they round?"

Teacher — "Now, I want all of you to study hard and not have anything on your mind but crimes for the rest of the period."

Jederman — "We'll start the American Revolution tomorrow."

Mr. Oveys — "Gee, I'm not going to be here."

Mr. Sandy — What is the most popular form of color printing?

Algernon — "Gadzooks, man, what's wrong with you?"

Mr. Silver — "That's all right, what's the matter?"

We Moderns — Mr. Scarborough — "What are the two great industries of Chicago?"

Freeman — "Padlocks and skeleton keys."

Nolan — "Ain't nature wonderful?"

Glyn — "Why?"

Nolan — "She gives us all laces, but we can pick out our teeth.

He — "May I have this dance?"

Wally Jackson — "No but you kick me lots of others!"

A New One — Samuelson — "When was the War of 1812?"

Arbingast — "About that time."

National Anthem of Iceland — "Freese a Jolly Golly Fella."

Mr. Scarborough — "Why do we study Geography?"

He — "That's all right, what you don't know won't hurt you."

Coincidence — Alger — "Gadnooks, man, hasn't he heard that we are all over school?"

Perceval — "Zounds, yoke!""

McLain — "Yes, it was a she.

Full FOR EIVING

Winona Trounces Rochester, 13-6

(Continued from page 1, column 3)

Ten runs. Johnson went through for the second touchdown. He place kicked, but the ball hit the cross bar and the score was 13-0 in favor of C.

In the fourth quarter quite a few substitutions were put in for T. C. and Rochester was quite surprised to find a bigger man put in for every one taken out. By blocking a punt, Rochester recovered the ball and a pass was completed and it was just as the gun, that ended the game, was fired.

English teacher — "Miss McDougal what have you?"

Miss M. McDonald reading sentence — "Tuberculosis of the neck glands."

Tony Allen — "Do I ever kick you in your sleep?"

Wally Jackson — "No but you kick me lots of others!"

A New One — Samuelson — "When was the War of 1812?"

Arbingast — "About that time."

Mrs. W. T. Louden — "By your spelling I judge that you include the most part of your attention, dramatics, parties, and general good times are all found by our Freshman. After all he comes to the day we're both glad and sorry to have come. The Freshman is a graduate. He is ready to go out and leave the Alma Mater. But, after graduation there is still something left, he who is the graduate is one whom is always wanted back for Homecoming. Student committees are not the only ones working for the success of this party. There is a committee composed of Mrs. J. R. McConnell, a former student; Miss Richards, Mr. Reed and two students, which is busy sending out invitations to the "old grads."

Marlon Clark is general chairman in charge of arrangements for the success of the party. Mayke Nykli is in charge of the decorations. Dorothy Kruoz is chairman of the program committee and Ethel Mettam is taking charge of the refreshment committee.

Vulkas — "She is a perfect photog- rapher of her father."

Braum — "Yes, and a perfect photographer of her mother."

Lucky Lindy — Mr. Jederman — "What is an embassy?"

Mr. Smith — "A student. A place where transatlantic flyers change their clothes."

Fire Crackers — Jederman — "What does the date July 4, 1776, bring to your mind?"

Rouse — "The Fourth of July."
