Kane announces job opportunities

John Kane, Director of Financial Aids, announced that there are openings in the College Work Study Program. Students, particularly those from low-income families and married students, are potentially eligible for employment.

Students may work up to 15 hours a week and attend classes at the same time. The current wage is $1.25 per hour.

Kane announced that the President's Confidential Statement has to be completed before a student can begin work. Students who have a National Defense Student Loan for college tuition may transfer to the Work Study Program in lieu of a loan. Students are urged to apply at the Financial Aid Office.

Additional information and applications are March 1 in the office section. Like Mike he too sus- pected that the group's rhythm section. Like Mike he too sus- pected that the group's rhythm section. Medallion success unlikely

At press time, it already seems quite unlikely that the student fund drive to raise money for the president’s medallion will be any thing near a success. Two questions arise at this point: Should it have been undertaken in the first place, and where will the money come from if the students haven’t raised $1,500 by the time you read this?

We fully realize that time was a critical factor in the entire proj ect, so a general student referendum would have been next to impossible, but why wasn’t the Student Senate approached on the project? The fund drive was well within the jurisdiction of the Senate, and it could have been conducted on the students’ behalf. Neither the student body, nor the representatives of same, gave its approval to spending $1,500 of the students’ money. Who did?

Where will the remainder of the money come from? Possibly from the Student Activity Fund, or from the Student Senate’s own funds, informed sources say. To take money from the Student Activity Fund could put a crimp on funds distributed to every organization on campus which receives money from this fund. This includes everything from the Dramatics Club to the Student Senate. We urge the newly reorganized Student Activity Fund Committee to carefully consider such a move.

Whatever the money does come from, it appears that it will come — directly or indirectly — from the pockets of a student body who never gave their approval to such a project, and probably never would have.

UN Security Council faces world distavor

The United Nations Security Council, which has been facing fact steadily in the past few years, faces a crisis in its own light of the current world situation.

The UN lost much world favor during its bungling of the Mid-East Crisis last summer which resulted in the Six-Day war. But the United States continued to support the UN, both economically and militarily.

Should the Security Council fail to act in settling the current situation in Korea, they could lose the public support of the American people, and its support of the U.S. government, as well as witnessing the initiation of another limited war in Asia.

Student Senate Reports

The main item of business at the Student Senate meeting was the resolution to donate $100 from the treasury to the presidential medallion fund drive. At the meeting, after a considerable discussion, the majority of the senators voted in favor of the motion, despite the fact that a majority of the club representatives were against the proposal.

To the Editor:

Medallion looks familiar it may be because you’ve seen the halls of Sonnen, Gildemeister, and Wal- tkast plowed with that one-word building.

Has your curiosity been aroused? If it has been aroused sufficiently you may have recourse to consulting Webster’s Collegiate and found that “Satori” is the state of intuitive enlightenment that is characteristic of Zen Buddhist endeavors to attain. An impressive definition but it doesn’t explain the significance of the word here on our campus. The true significance of “Satori” here is that it’s the name of a publication that a group of enthusiastic Winona State students are starting.

Satori nears

A new literary magazine has been formed on this campus in the last few months. To be called the SATORI, it will be published once yearly, in the spring.

Miss Joan Kuma of the English department advises the publication, and Diane Magee is the editor. The SATORI has set up offices in 190 Gildemeister.

Openings remain on the magazine’s staff, and interested persons interested in contributing to the SATORI of Diane Magee or Miss Kuma. The staff is currently accepting accepting and literary contributions at its office.

Testament deadlines call for all articles to be submitted by early February, with a planned publication date near May 1.

IF THE SHOE FITS, EAT IT

“Just getta be one of the most beautiful people in the whole world. It’s true, it’s true, it’s true.”

And I love me.

No one can say that I’m a wallflower.

Crazy, I’ve always gotten something groovy to say. I’ve just gotta be one of the most beautiful people in the whole wide world.

It’s true, it’s true, it’s true.

And I love me.

Actually I’m lonely.

I’m tired of your kind of love, which isn’t love at all but rather this 54-spaces—attraction—but boredom.

Your hole I can ignore when it is based on Ignorance.

If you say I’m going in the wrong direction, you are attempting to suppress me, why? I don’t think you even know. Do you feel me at all those years of age that you have found the answer? I have lived a lifetime. Have I not the right to try?

WSC controls Wartburg action not exciting, but effective

(reprinted from the Winona Daily News)

Mainstaying control over an opponent for the better portion of an exciting game will not be the most exciting brand of wrestling as far as the fans are concerned, but it will get the job done and result in a victory for the performer.

The Wartburg-Winona Saturday night in Memorial Hall as Winona State chalked up its eighth win in nine dual meets this season with a medley of 21-10 triumph, which 4-1 in the West College of Wisconsin, Iowa. A rather sparse crowd looked on as Winona State moved through eight matches. Although the results were the same, the action seemed to lack the fervor of meets in recent seasons, and the egos reacted accordingly.

Warrior coach Bob Gunner was inclined to agree.

"As a team, I don't think we really looked sharp at all," conceded Gunner. "But the boys are just tired ... last Sunday was the first day off they've had since Dec. 28.

"The 130-pound match opened at a more stimulating pace than that by which it progressed, Jan Arnold gave up a 5-0 lead as he rolled Dick Moses, 17-1. Moses was to be a surprise for the Warriors' 130-pounder, Jim Haguenatter and Rom Madison kept the pressure on and the crowd entertained by tossing each other around for three periods, but Haguenatter finally came out on the short end of a 13-9 margin.

"The 177-pound replacement for Larry Penmar was the most impressive of the matches, Madison with more of an aggressive approach than his match's foe. Madison took at least a 9-4 lead into the final match, and was forced to settle for a 2-3 draw with the Kiwanian Bagniewski."

Reg Johllicka won his match by forfeit, and the combined efforts of 15-1 up to a tie with Tom Turner of Wartburg at 3-1 in the 180-pound bout.

"Mike Alexander continued to roll over his 160-pound opponent overnight Ken Biederman of the Knighter's 6-4.

"With unbeaten Ray Weeks somehow hemmed up by a combination nose and ankle injury sustained in practice, Gunner decided to use freshman sensation Dan Franckhendel of Arcadia in the 145-pound division. Wartburg had wired up his leg also but he was obviously favoring his hand, but he still handled the Wartburg pair in 18-7, it was an excellent opportunity to test the rookie. Gunner decided to edge it as best he could to maintain a margin to as many as 25 at 67-42 with 10:55 to play.

"Gene Schultz, Rick Starzack, Jack Gibbs and Mike Wilke were all essential components of Winona's scraggly defense. Schultz stole no less than nine passes and led the winners in scoring with 10 points. Wilke followed with 30 counters, Gibbs had 15 and Mike Jarosz added 14.

"Doug MacArthur and a brilliant second half for Morris and finished with 36 points, Gary Winserberg was the only other Cougars in double figures with 19."

"The home team out-rebounded Morris 18-10 in the second half with Gibbs leading the way with seven."

Winona State now ranks 4-2 in the NIC and stands 7-7 overall. Morris drops to 3-3 in the conference and 6-9 on the season.

The Warriors wasted no time building a 24-7 lead of the Knights. Amdahl and Brand (W), T-1:55.3.
