OPINION CITED ON THE QUESTION OF TEACHERS' RIGHT TO VOTE

Most State Their Intention to Make Winona Permanent Home

Teachers who have lived in Winona for several years and who have been enrolled at the University of Minnesota for the past three years, and who intend to remain there, have expressed the desire to vote.

The opinion was pointed out by Mr. H. H. Hall, the University of Minnesota, who pointed out that the State Teachers College should be made a permanent home.

Most of the respondents in the poll are teachers who have lived in Winona for several years and who are teaching at the University of Minnesota. They expressed the desire to vote, saying that they have worked hard for the College and deserve the right to vote.

The question is: Does the teacher or student have a legal residence in that district?

A student in a town is generally presumed to have a legal residence there.

The Social Work Conference Held in Minneapolis

The Minnesota State Conference of Social Work was held in Minneapolis at the University of Minnesota from September 8 to 10.

The Conference was well-received, and the discussion was held on the principle of prevention in social work. The main points of discussion were the problems of delinquency and the problems of mental hygiene.

STUDENTS DELIGHTED WITH ORGAN PROGRAM

Students at the Winona State Teachers College enjoyed a delightful organ program presented by Darwin C. Hoffschildt, a former student at Winona, during the chapel hour. The program consisted of two parts, the first being an organ recital and the second a lecture on "Organ Playing." The audience was delighted with the performance and the lecture.

Extension Classes and Rural Education

To suit the greater number, the meeting of Extension students has been changed from Tuesdays to Mondays of each week. Two classes will be regular, one at 3:00 p.m., Monday, October 1, and the other Tuesday, October 2.

More than forty students are enrolled in the extension classes, which are taught by a variety of instructors, including Miss Abigail, Miss Mabel, and Mr. John.

Extension classes are conducted at the high school and are open to all members of the community. The classes cover a wide range of topics, including agriculture, art, and music.

A special feature of the classes is the opportunity for students to work with a variety of instructors, including Mr. John, who is teaching a class on "Organ Playing." The classes are designed to be both educational and enjoyable, and are open to all members of the community.
DEATH OF MRS. SCARBOROUGH

The death of Mrs. R. J. Scarborough is sincerely mourned by stu-

dents and faculty of the college, not only because in her were combined

tal qualities which made her a woman admirable, but because she took

very special interest in the girls of the college.

At the beginning of each year, Mrs. Scarborough made inquiries as to

which of the girls were homesick, after which she made an effort to

help them feel at home. Many homesick girls in some way — usually in the form of a

motor trip.

We all extend our deep sympathy to Mr. Scarborough and his son,

William. The college, we feel, has indeed lost a very dear friend.

State College Gridders Show Alertness

On the wings of victory flew three forward passes Saturday and with Winona men on the receiving end. Their return was two touchdowns, and the Teachers by win an 18 to 7 margin over the soldiers of Fort Snelling in the opening game.

Passes flew in all directions, completed or not. Fort Snelling covered, but the three opportunists of the Purple and one so opportune as to put the ball in the Winona eleven the victory. In turn to find out that the Snelling
cam had fallen on a fumbled punt, Dave tossed the ball to Hedlund to put it on the Snelling thirty yard line. Kern then threw another pass to Hedlund who stepped over the line the first six points of the game. The Teachers failed to kick goal.

Snelling came back right, worked a carry on-side kick on the kickoff, and Kern passed to Hedlund, who by hurried a short pass to Howard, Snelling and Hedlund failed to down it, was stopped until he reached the Purple fifty yard line. Kern then carried the ball down the line with inches to go for a touchdown. Meanville passed to Howard to try for a drop kick, to give Snelling a one point lead. The ball ended 7 to 6.

Gus Hedlund, the star of the day if there was one, stepped left around the line and ran for a touchdown. He was untouched. The Teachers failed to make a goal. The final score was Snelling 12, Teachers 6.

WENONAH PLAYERS

The Wenonah Players have chosen fifteen new members from thirty-two candidates that tried for membership. The first meeting was held Saturday, Sept. 15. There was informal dancing. Music was furnished by the college jazz band. It has practically no action and depends on its lines and its subtle appeal. The group, after a reading by Kathryn, Pumula, acting as toastmaster, in bouffant style with tulle bows down the front, was decorated with garden flowers. The tables and stage were prettily decorated with garden flowers. The decorations throughout were of roses and garden flowers. All four dresses were made of satin dress and carried a shower feta and Miss Hardt in orchid shoulder. Each of the attendants carried an arm bouquet of roses and garden flowers. Myra Heyer, of Wyoming, Iowa, on Saturday was held at 508 Center street.

STUDENTS GIVEN TALK ON INDIA'S CONDITION

On Monday morning of last week the student body were favored with a very educational talk on different phases of India's condition and prospects of being modernized in Oriental India, by Mr. C. F. Guse, a graduate from this school of the class of 1897.

Mr. Guse, who has been a missionary in India for many years in Western India, has seen the scenes of his youth and to the fullest extent is familiar with the scene of his birthplace.

India, says Mr. Guse, in the larger cities is rapidly becoming modernized. In smaller towns and villages are still very Oriental. There exists race prejudice in the whole country. Caste is practically slavery. The death rate in India is very high. For males it is about 97%. The country is practically a prison for women. Of 10,000 women, 6000 die every year. The observance of the Hindu religion is practically slavery. The caste system is slowly being broken and Western influence is elevating society to a modern level.
