Special Session Gets New Tax Plan

Gas From A Broken Line is believed responsible for the explosion which destroyed this house in Taylor Township, a suburb of Detroit Monday. A mother and her three-year-old son escaped with slight injuries. (AP Wirephoto)

Robertson on Secret Visit To Quemoy

TAIPEI, Formosa (U)—U.S. Asst. Secretary of State Walter Robertson made a surprise flying visit to the disputed offshore island of Quemoy today.

He was accompanied by Chinese Nationalist Defense Minister Yu Ta-wei, Foreign Minister George Yeh and Maj. Gen. William C. Chase, chief of the American Military Assistance Advisory Group on Formosa.

The trip was kept secret until the party returned to Formosa. Meanwhile, hope and fear held alternate sway in official Taipei as mystery continued to surround the mission of Robertson and Adm. Arthur Radford, chairman of the U.S. Joint Chiefs of Staff. Radford apparently did not make the flight to Quemoy. It was announced that he remained in bed with a cold at the home of Generalissimo Chiang Kai-shek, where he and Robertson are house guests.

Nationalist uncertainties were stirred too by the swing of red reaction in favor of Red China's offer to negotiate with the United States on the Formosa question.

Few details were given of Robertson's visit to Quemoy.

He talked with the garrison commander, Gen. Liu Yu-chang, and inspected the island's defenses. Quemoy is 123 miles west of here and lies in the harbor of the Red port of Amoy, only a few miles from the mainland. It is frequently shelled by the Reds but the shelling has not been effective.

Freeman Signs Bus Tandem Axle Bill

ST. PAUL (U)—Gov. Freeman announced today he had signed the bill removing a provision in the law requiring tandem rear axles on school buses up to 42 pupil capacity.

This will eliminate the school districts from incurring an additional expense at \$3,000 per bus. Half of the school buses are owned and operated by school districts and the other half by independent school districts, according to Thomas Walsh, St. Paul attorney representing the Minnesota School Bus Operators Assn.

100 Women Taking Part in A-Blast

SURVIVAL CITY, Nev. (U)—In the first participation of their sex in a Nevada nuclear test, more than 100 women will feel the fiery lash of tomorrow's scheduled atomic explosion.

Seven—all volunteers—will crouch in a split trench only two miles from ground zero. They will be there to show that by taking simple precautions, people can survive unharmed close to buildings that are damaged.

More than 75 women will be among the several hundred observers at News Nob, seven miles from ground zero. They represent Civil Defense groups from all parts of the nation and national women's organizations such as the American Nurses' Assn., veterans group auxiliaries and the Federation of Women's Clubs.

Another 25 women will brave the atomic inferno to prepare and serve breakfast on News Nob for nearly 2,000 test participants. This will typify an emergency feeding after a disaster.

"Every housewife is duty-bound to protect her family," says Mrs. Jean Wood Fuller, women's activities director of the Federal Civil Defense Administration. "As long as there is the threat of atomic bombs, she must be prepared to protect her home and family from disaster."

Mrs. Fuller, 43, a handsome blonde grandmother and one of the volunteers who will be in the trenches, believes women should learn first aid, how to package and store food to protect it from fallout (radioactive dust) and should have on hand an emergency food supply, a first aid kit and a battery-powered radio.

"In case of attack, the basement will become the most important room in the house," Mrs. Fuller said, in an interview. "I think this atomic test will show that if the family's bomb shelter and food are in the basement, the family can survive."

Among the women scheduled to watch the atomic blast is Mrs. Oveta Culp Hobby, secretary of health, education and welfare.

Survival City Ready, Waiting For Big Test

SURVIVAL CITY, Nev. (U)—This model community in the desert, given a 24-hour reprieve, is ready and waiting for the big nuclear blast now reset for tomorrow morning, weather permitting.

While sand swept around the jaunty little homes on Domesday Drive, veteran test officials scanned their weather charts for signs of assurance that no further postponements would be necessary. They were not overoptimistic, however.

The test organization said after postponing the shot yesterday that it could not take the risk of radiation fallout posed by high crosswinds and cloudiness.

Yesterday's postponement was the fourth time in this series that a 500-foot tower shot has had to be delayed under the cautious policy of the Atomic Energy Commission.

This greatest of all public tests involves more than 5,200 persons—military, civilian defense and government-sponsored, plus news, radio and TV men.

The delay chafed eager volunteers of the Federal Civil Defense Administration who plan to take up trench positions on the outskirts (3,500 yards) of this test town on Yucca Flat. Seven women and 14 men are slated to be in the six-foot trench.

Wearry Army tankers from Camp Irwin, Calif., and armored task force soldiers from Fort Hood, Tex., more than 450 in all, were sweating it out at Camp Desert Rock, along with some 2,300 other GI's who will be in trenches.

Forty NATO observers from 12 nations toured the test site yesterday. They will view the big detonation from News Nob, nine miles away, along with about 400 reporters and 600 Civil Defense observers.

3 Killed in Crash Of Stolen Plane

VALENCIENNES, France (U)—A Royal Air Force training plane stolen from a British station crashed about midnight on two houses at the nearby mining village of Vicq, killing three persons and seriously injuring three others.

Police said no trace of the pilot was found. He was a young RAF corporal. A ground crewman not qualified to fly military planes, he had buzzed dizzily at low levels over London for nearly three hours last night before disappearing.

The British said he had no parachute and it was believed he had died in the flaming wreckage of his plane, which destroyed one of the houses it hit.

The French dead were two little girls, 9 and 12, and a 55-year-old woman.

The plane was stolen last night from the Thorny Island Navigation School in Hampshire, England, by a near-sighted Indian or Pakistani corporal, identified only as "Nick," about 20.

British Air Ministry officials declined to identify the corporal. Friends said they thought he might have had some commercial instruction in light sports craft.

The corporal took off in the \$700,000 two-engine Vickers trainer about 7 p.m., circled the Thorny Island field three times, and then headed in the general direction of London, 60 miles to the southwest. A witness said the plane almost stalled and crashed on the takeoff.

A second Vickers Varsity, piloted by Flight Lt. Johnny Smiles, set off in pursuit. He watched the corporal roar back and forth across London at heights ranging from 20 to 1,000 feet. The fugitive several times crossed commercial flight lines and refused to answer by radio when Smiles tried to coax him back to Thorny Island.

Dulles Expects Chinese Reds to Prove Sincerity

Secretary Says U.S. Willing to Hold Direct Talks

WASHINGTON (U)—Secretary of State Dulles said today "we intend to try to find out" whether the Chinese Communists are sincere in wanting a peaceful Formosa settlement or are "merely playing a propaganda game."

Dulles told a news conference the United States could hold direct talks with Communist China as Peiping has urged—provided Nationalist China's interests are not directly at stake.

He said such talks might be held on a cease-fire though he would prefer United Nations sponsorship.

On the question of a peace settlement in Europe, Dulles told the same line as with respect to the Far East.

Test for Reds

The United States also intends to find out "whether the Soviet Union is sincere" in its proposals for concluding an Austrian treaty, he said.

A statement with which the secretary opened his first news conference in two weeks declared that developments at the recent Asian-African conference at Bandung, and Russia's declared interest in winding up the Austrian controversy, may be "of decisive importance" for world peace.

Before Dulles' meeting with newsmen, Sen. George (D-Ga.) said the absence of Nationalist China from the conference table should not prevent U.S. peace talks with Red China.

George, who heads the Senate Foreign Relations Committee, thus went a step further than the State Department has been willing to go, in renewing his proposal for a conference to seek a way to ease tensions in the Formosa area.

The department's official position thus far has been that American representatives would not be willing to talk with Red China's Premier Chen En-lai unless Chiang Kai-shek's Nationalist government was represented too.

In a new development, the United States was understood yesterday to have decided against any direct talks with Red China unless the Chinese Communists come through with more conciliatory gestures than they have made so far.

Could Guard Rights

George, a chief Democratic spokesman on foreign policy, said he would be willing to waive the Nationalist representation condition, at least in exploratory discussions. At Taipei, Nationalist spokesmen have said they would not parley with the Reds.

"All rights of both parties could be reserved at any conference that could be arranged," George said. "With those rights reserved, I think it would be advantageous to have preliminary talks with the Communists to learn if it is possible to make some approach to a peaceful settlement."

"Only through a conference can we arrive at anything and I think one should be held."

Sen. Hickenlooper (R-Iowa), a Foreign Relations committee member, took exception to George's proposal.

New Warden Suspends Deputy

STILLWATER, Minn. (U)—G. P. Kaske, 43, deputy warden at Stillwater Prison today was under a 30-day suspension for alleged threats to quit and complaints voiced before other employees at the institution.

Douglas Rigg, who took over as warden only a week ago, said Kaske should have come to him personally with any complaints. He said the deputy admitted making threats to leave his job. Kaske has been on the prison staff for 14 years and has served as deputy since 1953.

Rigg said one of the deputy's main complaints was that "problem prisoners" from other state institutions were generally lodged in Stillwater.

With respect to that charge, Rigg said: "Whether we like it or not, this prison must accept any prisoners sent to it by the courts."

S. W. Alexander, an assistant deputy, was named to replace Kaske for the period of the latter's suspension. Rigg said he had informed Kaske that the deputy could appeal his decision to higher authority if he cared to.

Nodine Child, 2, Drowns In Stock Watering Tank

NODINE, Minn. — Linda Schmidt, 2½, drowned late Monday afternoon when she fell into a stock watering tank at her parents' farm two miles south of here.

The daughter of Mr. and Mrs. Henry Schmidt, Linda was playing in the farm yard at about 5:45 p.m. when she slipped into the tank which only a few minutes before had been filled with water.

Members of the family and neighbors sought to revive her with artificial respiration immediately after the child was discovered and a short time later she was taken to a La Crosse hospital for emergency treatment. The child was pronounced dead, however, upon arrival at the hospital.

Was With Mother

The youngest of three Schmidt children, Linda had been with her mother when Mrs. Schmidt went to bring the cattle to the barn and fill the stock tank.

Mrs. Schmidt said that she had gone inside the house to prepare the evening meal and had been working there for about 10 minutes when one of the other children noticed Linda lying partially submerged in the water of the tank.

The child apparently had slipped across the edge of the tank and her head was in the

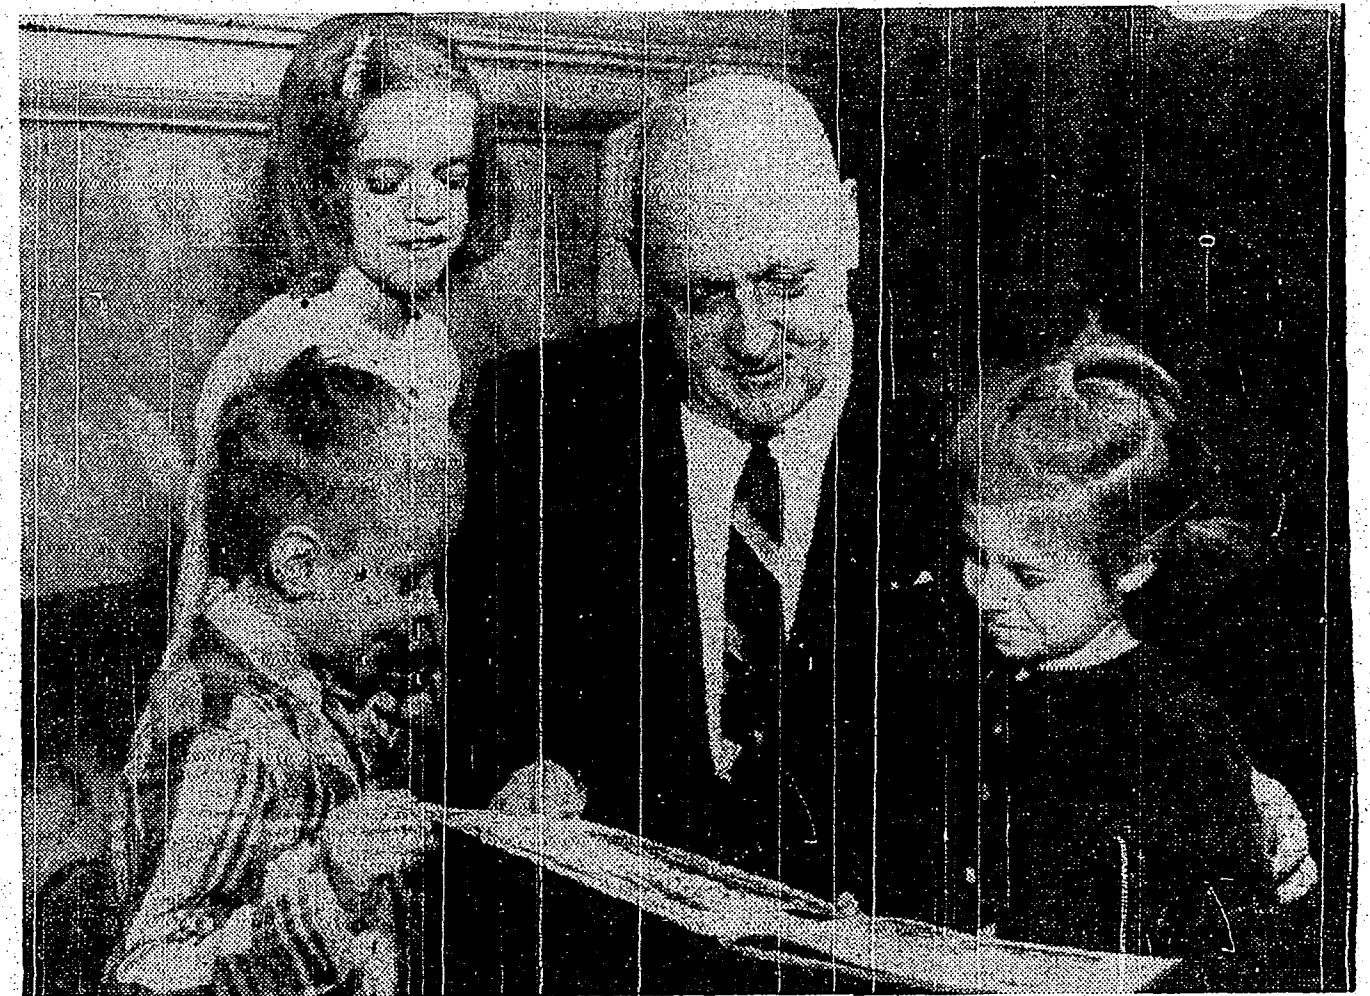

water but a portion of her body was outside the tank.

The Schmidts—Mr. Schmidt was not at the farm at the time—have no telephone at their home so while Mrs. Schmidt sought to revive the child with artificial respiration another son went to the home of a neighbor, Arnold Radtke.

Husband Not Home

Radtke also was away from his farm Monday afternoon but Mrs. Radtke called the nearby Leslie Bateman farm.

The Batemans went immediately to the Schmidt farm and Bateman took the child in his car to the hospital at La Crosse. Examined at the hospital, Linda was found to be dead.

University of Wisconsin president E. B. Fred received a friendly visit Monday from three of his youngest students, 3-year-olds, left to right, Sharon Wicoff, Gregory Warner and Susan Sinner. The youngsters who are enrolled in the special UW extension division foreign language classes for children, reviewed the day's lessons for Dr. Fred. (UP Telephoto)

Young Mother Strangled, Says Coroner's Report

MINNEAPOLIS (U)—A pathologist reported to County Atty. Michael J. Dillon today that a young mother whose body was found in an alley here early Saturday had been strangled.

The victim was Mrs. Mary Moonen, 21, whose husband has been in military service in Korea. The Moonens have a daughter, Gloria, 9 months.

Dillon said he would call a special grand jury to consider possible charges against Dr. A. Arnold Axilrod, 49, Minneapolis dentist who was taken into custody soon after Mrs. Moonen's body was found in a lilac-bordered alley in the exclusive Lake of the Isles district.

Mrs. Moonen had accused the dentist of being the father of her unborn child. Detective Inspector Charles Wetherill said Dr. W. G. Guthrie, coroner, said an examination showed Mrs. Moonen was in the third month of pregnancy.

Monday police took statements from two patients, one a 17-year-old girl who, Wetherill said, reported she had "passed out" from effects of a pill.

Wetherill said the girl stated she had gone to Axilrod's office for dental work about 50 days ago. The girl told Wetherill she was still in a semiconscious state when the dentist drove her home about 2 a.m. Police said there was no indication the girl had been molested and that no formal complaint was made at the time.

Mrs. Donald Newton, Minneapolis, sister of the dead woman, said earlier she was in a semiconscious state for nearly seven hours after being given a sedative in the dentist's office, Wetherill reported.

Susan Hayward Attempts Suicide

HOLLYWOOD (U)—Susan Hayward, one of the movies' top box-office stars, attempted suicide early today by gulping sleeping pills.

Two detectives who had to kick in the door of her swank Sherman Oaks mansion saved her life.

The 35-year-old redhead gave warning of her intent in a hysterical call to her mother, Mrs. Ellen Marriner, 65.

Her mother telephoned police, who battered in a patio door and found the actress, clad in pajamas and a housecoat, sprawled unconscious on the living room floor. Near her were two empty bottles of sleep-inducing medicine.

Police Det. G. W. Wilkerson said she was breathing so hard that he and his partner decided not to wait for an ambulance. They sped in a squad car to North Hollywood Receiving Hospital where a doctor pumped out her stomach.

After emergency treatment, the doctor pronounced her condition fair and said "it's just a matter now of sleeping it off. It was a close one. We acted on the premise that it was an overdose of sleeping pills."

Later she was taken to Cedars of Lebanon Hospital where for an unexplained reason she was listed under the name of Mary Brennan.

Dr. Stanley Immerman, whose name was on one of the empty bottles found by her side, treated her at Cedars. The hospital reported her condition all right.

The only explanation for the death try came from the actress' brother, Walter Marriner, who blamed her despondency on a recent tiff with her divorced husband, plus overwork.

Two days ago, actor Jess Barker called a peace meeting to stop what he called "a tug of war" over the couple's twin 9-year-old sons.

"Susan never will talk to me when I call for the boys," Barker said. "She won't even let the servants speak to me. The children see this and it's bad for them."

"I admit I blew up at the finish of the meeting. We had gotten absolutely nowhere. I said some unpleasant things but they had been on my chest for two years."

Susan Hayward

WEATHER

FEDERAL FORECAST

Winona and Vicinity — Increasing cloudiness and warmer tonight. Wednesday cloudy with occasional showers or thundershowers in afternoon. Low tonight 46, high Wednesday 74.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 70; minimum, 39; noon, 64; precipitation, none; sun sets tonight at 7:04; sun rises tomorrow at 5:05.

AIRPORT WEATHER

(North Central Observations)

Max. temp. 74 at noon, min. 44 at 6:30 a.m. Wind 12 miles per hour from east, visibility 15 miles, thin scattered layer of clouds at 20,000 feet, humidity 47 per cent, barometer 29.93 slowly falling.

Withholding Levy Out for 2 Years at Least

Compromise Bill Will Bring State \$10 Million Extra

By ADOLPH JOHNSON and JACK MACKAY

ST. PAUL (U)—A special session of the Minnesota Legislature convened today to enact a 10 million dollar a year tax program agreed on by a 10-member conference committee in the closing hours of the five-day overtime 59th Legislature.

Gov. Freeman called the special session when a final agreement was reached too late to enact bills before the Monday midnight deadline for the governor to sign them. The conferees agreed to abandon the income tax withholding proposal.

By a vote of 59-1, the Senate shortly before midnight approved a resolution creating a 15-member interim commission to study withholding taxes. The House plans to follow suit today.

Tax Package

Here is the tax package agreement of House and Senate conferees to which legislators have pledged support at today's session, and the amount of revenue each item will produce annually:

1. A 15 per cent surtax on iron ore occupation and royalty taxes—\$1,566,267.
2. A 1 per cent added income tax on corporations—\$2,231,460.
3. A 5 per cent surtax on income taxes paid by individuals—\$2,500,000.
4. A 15 per cent tax on tobacco, not cigarettes—\$750,000.
5. A 2 per cent insurance annuities tax—\$300,000.
6. Increase on state license fees—\$420,000, already passed by both houses.
7. Fund transfers—\$460,000, passed by both houses.
8. A \$1 auto title transfer fee—\$400,000.

The conferees voted to retain the present mill rate of 2.96 mills on non-homestead property instead of reducing it as had been proposed earlier. This will yield about 4 million dollars.

Education Bill

Also before the special session will be the 184 million dollar education bill. This had been delayed because of failure to reach agreement on a basic school aid figure.

The Senate voted to hold aids at the present \$80 and the House for an increase to \$85. This is expected to be compromised at about \$82.

Final action also is due for a proposal on a constitutional amendment to divert the half of the iron ore occupation tax now going into permanent trust funds to current operating funds for school and university purposes. A conference group reached agreement late Monday on terms of this plan which must be approved by the voters.

Freeman Thanks Members of Senate

ST. PAUL (U)—Gov. Freeman thanked members of the Senate in a brief appearance in the chamber early today for "the many personal courtesies you have so graciously extended to me."

"I feel we can look with pride to a record of real accomplishment at this session," he said. "This has been one of the hardest working legislatures in many years, and I think the record of accomplishment is a credit to that."

He offered no criticism of the Senate, with which he has disagreed sharply, especially on taxes, saying that while the tax program he advocated was not enacted he felt the program agreed on "will carry us through."

House Re-elects Johnson Speaker

ST. PAUL (U)—In a straight liberal-conservative vote, the Minnesota House today re-elected A. I. Johnson of Benson as speaker of the special 1955 session.

Rep. Johnson defeated Rep. John A. Hartle of Owatonna, who served as speaker of the 1953 session when the conservatives were in control. The vote was 65-62. Four did not vote.

Reorganization of the Legislature, at least on a limited basis, is necessary to finish up business of the session.

The Senate convened at 10:30 a.m., went through the formality of organizing, and received two bills.

Introduced were the basic school aid bill, on which action was not completed at the regular session, and a proposal for a one dollar automobile title transfer fee.

The latter bill is a part of the revenue package.

Wabasha Co. Hopes To Open Rest Home By Next August 1

By DAILY NEWS STAFF WRITER

WABASHA, Minn.—Winona County's commissioners inadvertently may have done Wabasha County taxpayers a financial favor when they abruptly terminated a long-standing contract for the operation of Buena Vista TB sanatorium here last December.

And nobody will be out of work, nobody's unhappy and Wabasha County will have itself a large rest home by next August, Wabasha County Auditor Wilbur Koelmel has told The Daily News.

Here's how it happened:

When the Winona County Board of Commissioners terminated a contract with Wabasha County last December, it meant the end of Buena Vista—at least as a TB sanatorium—because with Winona County patients going to Mineral Springs sanatorium at Cannon Falls for their care, there weren't enough patients left here for Wabasha County to operate Buena Vista alone.

Wabasha County then followed Winona County's lead and contracted to send its patients to Cannon Falls on a per-day-rate basis.

Simultaneously the Wabasha County Board announced that it was going ahead with plans to build up a county-supported nursing home here, with Buena Vista tabbed as the site.

Wanted Payrolls

It was the expressed feeling of county officials here at that time (January) that such action would keep the former Buena Vista employees (and their payrolls) in Wabasha.

When Buena Vista officially closed its doors Feb. 1, Mrs. Dolie W. Arntson, superintendent, said that seven of the institution's nine employees would be on an "unpaid vacation for about 60 days," while the buildings underwent an extensive housecleaning job.

She added that officials hoped to have the institution ready for occupancy as a county-supported nursing home by April 1.

Only one person—a caretaker—was kept at Buena Vista on a full-time basis, with Mrs. Arntson working on a part-time schedule. The remaining employees—five married women and two men—were on a forced vacation. All but one of them lived in Wabasha.

Marshal Pays Call

Just as renovating operations began to gather steam, complication reared its head, said Koelmel today.

A state fire marshal walked in one day, said Koelmel, and during the course of an inspection tour of

county's sanatorium fund by the end of this year, said Koelmel. At the end of this year, he said, all money in the sanatorium fund will be transferred to the "nursing home fund."

From that point on, said Koelmel, Wabasha County expects the rest home to be self-sustaining.

"That means," he explained, "that patients who come here will pay for their care themselves—if they're able to do so."

"It's not, (as in the case of old-age assistance cases) then the county welfare department will bear the costs," said Koelmel. And there's the real kicker.

Because if Wabasha County's hope that the rest home can be self-sustaining proves to be well-founded, that means that the money annually appropriated for the county's sanatorium fund will no longer be necessary for that purpose.

In 1954, the county board set a rate of two mills for the sanatorium fund. A mill, last year, said Koelmel, was worth \$8,800.

Of course, the county is paying per diem costs—\$8.28 a day—at Mineral Springs, but the annual cost is far less than two mills. County patients there average about three now and monies come out of the welfare department funds.

"In the counties where this self-sustaining system is in operation, they're doing real well," he said.

Dodge Center Home

Koelmel specifically cited a rest home at Dodge Center in Dodge County, which Wabasha County commissioners personally investigated in January, shortly after the Winona County Board terminated the contract.

Who's going to run the rest home once it swings into operation in August?

"Well," said Koelmel, "Mrs. Arntson is coming back as superintendent—she's on a leave of absence now."

And the other eight employees? "Whether or not they're all going to be hired back again is a question yet to be decided," Koelmel continued; "but we're assuming that they'll all go to work for the nursing home when it gets going."

Patients for the new rest home may possibly come from as many as six counties, including Wabasha, Winona, Goodhue, Olmsted, Houston and Fillmore, to take advantage of what will be one of the largest, best-equipped rest homes in this area.

Three to Continue

Three of Wabasha County's present four rest homes will remain in operation after the nursing home opens, said Koelmel.

One—the Joann Rest Home in Wabasha—will "probably" close down when Buena Vista reopens, he added, which will bring in about 20 patients right away. Remaining open will be small rest

Wet Along East Coast

By THE ASSOCIATED PRESS

There was wet weather along the East Coast and in the West but skies generally were clear today in most areas from the Rockies to the Appalachians.

It also was cooler over most of the eastern third of the nation with temperatures dropping into the 50s early today as far south as central Alabama and Georgia. Readings were as much as 15 degrees lower than yesterday morning.

The rain belt in the East, with falls generally light, extended from New England southwestward through the Middle Atlantic states in eastern sections of the Ohio Valley and south into Virginia. Heaviest fall reported was at Boston, with more than an inch in 24 hours.

Police Crack 1-Man Counterfeiting Ring

PORT HURON, Mich. (AP)—Police today claimed to have smashed a "one-man" counterfeiting ring.

A 16-year-old boy, they said, used plaster of paris molds to roll out lead nickels. The bogus coins were good enough to work in vending machines.

Police quoted the boy as saying he got the idea from a TV show. He was released to his parents.

ta30 eesszyyczc vs250aed 26

homes at Plainview, Elgin and Lake City.

The Wabasha County Board will make all appropriations and take all steps necessary to get the rest home into operation, said Koelmel, but from then on, he added, Buena Vista will be run by a county nursing board.

The county's present welfare board will automatically become the nursing board, which means, said Koelmel, that the rest home will become a welfare department operation.

Nursing Board Members

Serving on the nursing board will be: County Board Chairman John Roland, Mazeppa; Commissioners A. G. Grobe, Millville; Nick Jacoby, Wabasha; Conrad Schad, Lake City, and V. A. Johnson, Plainview, and two lay persons, Mrs. Alice Sauter, Oak Center, and J. J. Meyer, Wabasha. Serving in an ex-officio capacity will be Wallace J. Walter, executive secretary of the Wabasha County welfare department.

V. A. Johnson is currently chairman of the welfare board. A chairman for the nursing board will be selected at a later date.

Mail Goes Through, But It Takes Years

SALT LAKE CITY (AP)—A mailman wasn't joking yesterday when he apologized for a delay in delivering a postcard to the George H. Ogden residence.

It was postmarked "Richfield, Utah, April 24, 1908."

Ogden wrote the card 47 years ago to a Miss Stella Nelson. When she couldn't be located, it was traced back to him.

David R. Trevithick, postmaster in Salt Lake City, said the card "probably found its way into some crevice in the mail train car," which formerly ran between Richfield, 125 miles to the south, and Salt Lake City.

A stamp collector said the 1-cent stamp on the card bearing Benjamin Franklin's picture probably is worth about 60 cents now.

Chicago Lawyers Will Honor Harry Truman

CHICAGO (AP)—Former President Harry S. Truman will be given the 1954 Award of Merit by the Decalogue Society of Lawyers of Chicago tomorrow night at a dinner. About 1,100 persons are expected to attend.

Wife Drives Him to Breaking (in) Point

MIDDLESBOROUGH, England (AP)—Keith Elkin was accused yesterday of picking the wrong way to cure his wife of saying "I haven't a thing to wear."

Police witnesses said Elkin flung himself out of his house in a temper, and shortly returned with a bundle containing 26 pairs of panties, 14 pairs of nylon, 12 brassieres, 5 slips, 4 camisoles, 4 nightgowns and 3 garter belts.

Police said Elkin, 24, got the lingerie by smashing a show window and removing the entire display. The magistrate ordered him held without bail on a theft charge.

Dog Walker Gets Taken for a Ride

HADDON HEIGHTS, N. J. (AP)—Leonard Allen, 45, was walking a friend's boxer, Queenie, when the dog saw a cat and took off in hot pursuit, dragging Allen behind.

Allen is recovering today from five broken ribs suffered when Queenie banged him against a curb.

WORLD'S LARGEST HOME TREATMENT FIRM TELLS TRUTH ABOUT HAIR AND SCALP

"SOME OLDER METHODS ARE GOOD BUT OURS WILL DO WHAT WE SAY"—OCHS

This new method of home treatment for saving and growing thicker hair will be demonstrated in Winona, Minn., Wednesday only, April 27, 1955.

The private individual demonstrations will be held at the Winona Hotel on Wednesday only, April 27, 2 P.M. till 9 P.M.

OKLAHOMA CITY — April 24 — In an interview here today R. W. Ochs, internationally famous Hair and Scalp Consultant and director of The House of Winston, said: "There are 23 common hair and scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

DOUBLE GUARANTEE

"The Winston firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers this guarantee," Ochs said.

Once a person avails themselves to the Winston treatment his skepticism immediately disappears. To insure this, Winston offers two guarantees. "First, if you are not completely satisfied with your hair progress in the very first 30 days after enrollment your money will be returned. Second, The House of Winston also guarantees complete satisfaction at the end of treatment, regardless of conditions," Ochs emphasized.

HOPELESS CASES DISCOURAGED

First the Winston consultants are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Winston firm can perform wonders.

Everyone is given a complete, private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical. It re-

quires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Winston firm in Oklahoma City, and a consultant will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Winston firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Ochs emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Ochs wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Ochs said. "Our firm is definitely behind this treatment, and offers a lifetime guarantee, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Consultant B. H. Simpson at the Winona Hotel in Winona, Minn., on Wednesday only, April 27, 2 P.M. till 9 P.M. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.

Today's Women

Pirates Still Roaming But Not at Sea

By DOROTHY ROE
AP Women's Editor

Pirates didn't die with Captain Kidd.

Today's variety don't sail the Spanish Main. They're more at home in the canyons of Manhattan than on the high seas, but they're pirates, just the same, says Carl Fishel, 76-year-old dean of U. S. costume jewelry manufacturers.

These pirates steal designs instead of pieces of eight, and they present an ever-growing problem to the jewelry and fashion industry.

Fishel, president of the firm of Trifari, turning out expensive costume jewelry, now is trying out the copyright law to protect designs for which he pays a high-priced staff of artists and craftsmen. But he says:

"It's almost impossible to protect an exclusive jewelry design in this country. We can take out patents, yes—but by the time the patent comes through we are through with the design. A design is good for only one season."

"Now we're stamping every piece of our jewelry with a copyright sign, so copyists can't claim they didn't know it was copyrighted. We're testing this out in the courts, and we'll see how it works."

Dog Walker Gets Taken for a Ride

HADDON HEIGHTS, N. J. (AP)—Leonard Allen, 45, was walking a friend's boxer, Queenie, when the dog saw a cat and took off in hot pursuit, dragging Allen behind.

Allen is recovering today from five broken ribs suffered when Queenie banged him against a curb.

WORLD'S LARGEST HOME TREATMENT FIRM TELLS TRUTH ABOUT HAIR AND SCALP

"SOME OLDER METHODS ARE GOOD BUT OURS WILL DO WHAT WE SAY"—OCHS

This new method of home treatment for saving and growing thicker hair will be demonstrated in Winona, Minn., Wednesday only, April 27, 1955.

The private individual demonstrations will be held at the Winona Hotel on Wednesday only, April 27, 2 P.M. till 9 P.M.

OKLAHOMA CITY — April 24 — In an interview here today R. W. Ochs, internationally famous Hair and Scalp Consultant and director of The House of Winston, said: "There are 23 common hair and scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

DOUBLE GUARANTEE

"The Winston firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers this guarantee," Ochs said.

Once a person avails themselves to the Winston treatment his skepticism immediately disappears. To insure this, Winston offers two guarantees. "First, if you are not completely satisfied with your hair progress in the very first 30 days after enrollment your money will be returned. Second, The House of Winston also guarantees complete satisfaction at the end of treatment, regardless of conditions," Ochs emphasized.

HOPELESS CASES DISCOURAGED

First the Winston consultants are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Winston firm can perform wonders.

Everyone is given a complete, private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical. It re-

quires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Winston firm in Oklahoma City, and a consultant will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Winston firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Ochs emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Ochs wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Ochs said. "Our firm is definitely behind this treatment, and offers a lifetime guarantee, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Consultant B. H. Simpson at the Winona Hotel in Winona, Minn., on Wednesday only, April 27, 2 P.M. till 9 P.M. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.

Constance Collier Dies of Heart Attack

NEW YORK (AP)—Constance Collier, former actress who had played many roles in the theater world both on and off stage, died yesterday after a heart attack at the age of 77.

The British-born Miss Collier had given up acting but continued as a dramatic coach in recent years. She came to the United States in 1908 at the height of her fame in England. She became a success here also and costarred with such actors as John Barrymore and William Gillette.

UNDERGO SURGERY

ETTRICK, Wis. (Special)—Mrs. Joseph Foss, Beach, is recovering from brain surgery performed at a Rochester, Minn., hospital.

David, 4-year-old son of Mr. and Mrs. Marion Woyicki, Beach, had the little finger of his left hand amputated by a local physician Friday. He had nearly severed the finger in a fall from a truck upon which he had been climbing.

Siebrecht and George Resign Board Posts

President Retires After 26 Years; Selover Appointed

Two veteran members of the Park-Recreation Board submitted their resignations at the board's monthly meeting Monday afternoon in City Hall.

Resignations of President C. W. Siebrecht, who has completed 26 years with the Park Board and the consolidated Park-Recreation Board, and J. M. George, who had served a total of about 10 years with the two boards, were accepted.

Following Siebrecht's resignation, George nominated Robert J. Selover, 275 W. Broadway, to succeed Siebrecht. The nomination was approved by the board. He will fill the remainder of the unexpired five-year term to which Siebrecht was appointed March 30, 1954.

Dr. C. A. Rohrer presided as temporary chairman as the resignations were accepted. Also present for the meeting were Vice President Lambert Kowalewski, Commissioner A. J. Gesell and P-R Director M. J. Bambenek. Bills totaling \$4,953.41 were approved.

On Since 1929 Siebrecht, who was appointed to the board May 1, 1929, served as president of the Park Board for ten years prior to consolidation with the Recreation Board about five years ago, and was serving his fifth term as president of the consolidated board.

George became a member of the Park Board about 1941, continuing until consolidation and was appointed to a five-year term by Mayor Loyde E. Pfeiffer two years ago.

Neither made a formal statement to the board giving the reason for their resignations.

Selover, manager of the Sturman Selover Co., is a native of Winona. He has been affiliated with the real estate firm here since 1951.

Robert J. Selover

He is first vice president of the Chamber of Commerce board of directors, and a trustee of the YWCA and the Woodlawn Cemetery Association. He also has served as district finance chairman of the Boy Scouts and as the Boy Scout representative on the Community Chest board of directors.

A member of St. Paul's Episcopal Church, Selover is the father of two children. His mother, Mrs. Julia S. Selover, a former Winona resident, is now living in Tucson, Ariz.

No one was named to succeed George, but members of the board hope to have a replacement by the May meeting which will be the board's annual meeting.

Beach House Sketch Presented Monday was a sketch on the proposed remodeling of the board's beach house at Lake Winona by Edwin Eckert, of the architectural firm of Schubert, Sorenson & Associates.

The board earlier had discussed renovation of the 21-year-old building to permit year-round use. One of the important needs, as noted by the board, is provision for warming house facilities in order that the building could be used during the ice skating season.

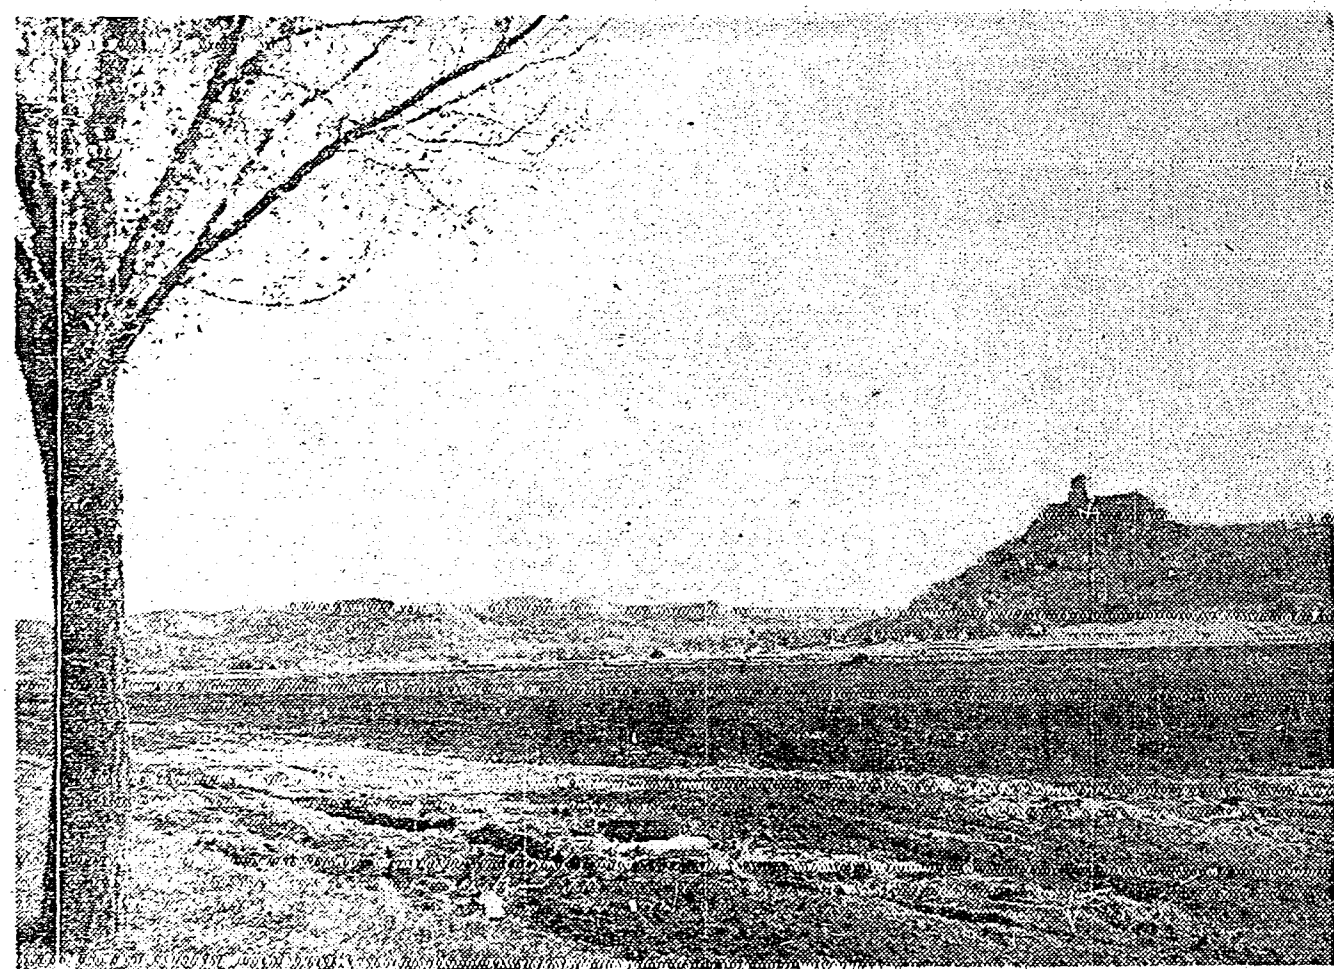

The building, constructed at an original cost of \$13,000, is in need of repairs and the commissioners decided that this would be an appropriate time for an improvement program.

The proposal submitted Monday night calls for elimination of the second story of the building which measures roughly 45 by 72 feet. The south side of the building (facing Lake Winona) would be composed of two large rooms that could be consolidated by retracting a sliding divider and removing benches provided in the half designated as the warming room. Each of the rooms would measure about 25 by 36 feet. There is a fireplace in the social room.

On the opposite side of the building (facing Lake drive) is the main entry and lobby with an 8- by 13-foot concession booth in the center that could be made accessible to either of the larger rooms.

The equipment and concession storage rooms, a section for the heating unit and lavatories also are included.

The plan showed men's and women's dressing rooms in a new

Grass Will Be Seeded in this 33-acre area between Franklin street and Mankato avenue, south of Sarnia street, that has been used for public gardens for a number of years. A city unit—in the distance—conditions the soil. The corner of the area at the intersection of Franklin and Sarnia streets, and extending east for 496 feet and

365 feet deep—owned by the E. L. King estate—also will be seeded and maintained by the park recreation department at the estate's expense. A rough grass seedling is planned this year and blue grass probably will be seeded next year. Cost of this year's seed will be about \$350. (Daily News photo)

structure that could be added to the east end of the building. At present, adult swimming is not permitted at the lake, but the possibility of locating a city beach at the lake has been discussed in the plan in order that the commissioners could obtain an idea of how dressing rooms easily could be added if the beach were located there.

In reviewing the drawing, Eckert said that the cost of renovating the beach house probably would be between \$17,000 and \$18,000. This does not include the dressing rooms which would add another \$6,000 to \$7,000 to the development cost. Necessary funds would come from the board's surplus fund.

The lavatories would be separated from the warming room and accessible via corridors from the main lobby. The exterior of the building would be of stained fascia wood and timber with some stone work. The architect recommended a hot air heating plant for the building, and suggested a new concrete topping floor be installed. The interior would be repainted.

The swimmers' dressing rooms would be small, Eckert explained, because recreation officials have noted that a majority of persons using similar beaches in other cities have found that a majority of the bathers come to the beach in swimming suits. The plan also included two showers and provision for coin lockers. Entrances are on the park side of the building with doors leading to the beach at the opposite end.

Although no action was taken on the project during Monday's meeting, board members and Eckert agreed that the program could be completed in time for the winter season.

Levee Park Spraying

Also appearing before the board Monday afternoon was A. J. Anderson, secretary-manager of the Chamber of Commerce, who inquired whether the board would be able to continue Levee Park services during Steamboat Days despite the budgetary cut.

The P-R department has sprayed the area and cleaned up the area during the summer celebration and commissioners indicated Monday they saw no reasons for changing this policy.

Anderson also asked the board to give favorable consideration to a State Department of Parks proposal that the P-R department cooperate in maintaining Garvin Heights Park. The state department has indicated a willingness to pay for the work necessary.

The board asked Director Bambenek and Superintendent Bruce Reed what the work would entail and they agreed that only weekly cleaning debris from the area and cutting the grass every several week would be necessary. Later in the session, the board agreed to go along with the state request this year. The state is considering renovation of the park, but the project cannot be undertaken until next year, a letter to the board noted.

3rd Ward Park

Another request submitted to the board was a petition signed by 300 3rd Ward Park area residents—asked that the block be converted into a recreation area and park.

The board in past months has discussed the possibility of effecting such a plan on the block-size parks under a program that was reviewed by Bambenek Monday. He said that the system has been used in Minneapolis whereby the center area of the park is surfaced and surrounded by a fence some 15 to 20 feet from the walk. This constitutes the actual "park" area; it is equipped with benches and tables and trees and shrubbery are maintained. Gates would provide access to the play area.

Board members noted that the block is only about two blocks from the Central Elementary School's playground and that it is also near St. Martin's School. The area could be sold, but no action was taken Monday afternoon.

The board also noted several requests of its own, one to the City Council requesting that a storm sewer extending from Carmona street south from Sarnia street toward Lake Winona be completed in

Stickney, Crawford Speak Friday Night At Elba Clubhouse

ELBA, Minn.—Charles Stickney, Gov. Freeman's adviser on conservation, and Cy Crawford, president of the Minnesota Soil Conservation District Supervisors Association, will speak at a meeting at the Elba Sportsmen's Club building at 8 p.m. Friday.

Jointly sponsoring the program are the sportsmen's club and the Winona County DFL agricultural committee.

For Stickney this will be another in the series of meetings throughout the state to obtain information and views on conservation problems.

Driver Charged After Accident; Woman Injured

One person was injured and the driver of one of the cars arrested on a traffic charge as the result of a collision at Broadway and Center street at 3:25 p.m. Monday.

Involved were cars driven by Ernie Barton, 28 St. Charles St., and Mrs. Angeline Glowacki, Dodge, Wis.

Barton, who was arrested on a charge of failing to yield the right of way to another vehicle, was driving north on Center street and began to make a left turn to enter Broadway when his car and the Glowacki car collided.

After the collision the Glowacki car ran over the curb and struck a light pole on the northwest corner of the intersection.

A passenger in the Glowacki car, Miss Louise Brom, 60, Dodge, suffered bruises and abrasions in the mishap.

Barton forfeited a \$10 deposit when he failed to appear in municipal court this morning to answer the charge.

Each driver estimated his damage at \$300.

Mrs. Norma Olson, Alexandria, Minn., Rt. 4, treated at the Winona General Hospital for a bruised knee suffered when her car ran onto a boulevard and struck a fire hydrant and telephone pole on West Sarnia street near Winona street at 8:30 p.m. Monday.

Mrs. Olson apparently fell asleep momentarily while she was driving east on Sarnia street. Her car traveled across the other lane of traffic, ran over the curb and onto the boulevard.

Damage to the car was estimated at \$300.

Vehicles driven by Charles Gerth, 659 Huff St., and Raymond Schetty, 425 Wilson St., collided at 8:13 a.m. today at Westway and Washington street.

No estimate of damage has been filed at police headquarters.

order that the P-R department could surface it and provide an access road to the lake for fishermen.

Bambenek was instructed to get estimates on the cost of finishing roads in the area on the east end of the lake so that the large seeded area there can be used for recreation purposes.

Dr. Rohrer was authorized to purchase 50 rose plants for Lake Park. Plants probably will cost between \$1 and \$2.50 each, and be planted either west of the beach house or in the area where crosses are erected for Memorial Day services. If the experiment proves successful, the board may plant additional rose beds.

The commissioners, in response to a letter from Athletic Director Victor Gislason of the Winona Public Schools, approved a request that the Gabrych Park outfield and dressing rooms of the 4th Ward Park be used in connection with the fall football program of the public schools. Gislason said that facilities at the Washington-Roskushko school are inadequate for the tackle football program. Bambenek said that the infield at Gabrych, which will be sodded in the near future, would be separated from the outfield by snow fence.

In other business the board approved a \$10 monthly raise—to \$160—for Miss Theogene Jerecek, secretary in the department's office. Bambenek said that she had completed a year's work.

Library Board Renames Davis

Edward M. Davis

All officers of the Winona Public Library Board were re-elected during the board's annual meeting Monday afternoon.

Officers are: Edward M. Davis, president; Mrs. A. O. Stubbstad, vice president; and Roy G. Wildgrube, secretary. Davis has served as president since 1947.

Davis reappointed committees as follows: Finance, Mrs. Stubbstad, chairman, Miss Josephine Kukowski and Wildgrube; reading and art room, Miss Kukowski, chairman, Mrs. Stubbstad and Mrs. O. N. Linden; buildings and grounds, Wildgrube, chairman, Mrs. Stubbstad and Mrs. Linden, and executive, Mrs. Linden, Miss Kukowski and Wildgrube.

Bills totaling \$1,028.16 against the general fund were approved for payment.

Contract Awarded James Kangel was awarded a contract to sand and refinish tables in the library. His bid of \$150 was the only one submitted.

The board also decided to readvertise for bids on washing and repainting several rooms. Specifications are on file with the librarian. Bids will be opened by the board May 9.

The librarian's annual report noted that 30 per cent of the city's population (7,007 persons) is registered as borrowers at the library. Cost per capita for library service during the past year was \$1.69.

The number of new borrowers or those who re-registered was 2,697. Registration is for a three-year period.

The Winona Free Public Library now has 38,111 books.

Prices of new books continued to rise, the report observed. Cost of 2,801 books purchased last year totaled \$7,388.47 or \$2.99 per book. During the previous year, per book cost was \$2.66 while two years ago it was \$2.46.

Books In and Out The report said that 1,703 books were added to the adult department and 1,195 to the children's room, while withdrawals from the respective departments were 1,176 and 445.

Miss Anita Saxine, librarian, noted that television had probably had an unusual effect upon circulation. She said that although it was a factor in decreasing children's book circulation, it was the opinion of the staff that television prompted more adults to seek informational books, as nonfiction circulation of adult books increased by 1,886. Circulation for the year totaled 147,057. Circulation a year ago totaled 152,499.

The library subscribes to 11 daily newspapers (an increase of four over a year ago) and 109 periodicals (a decrease of six).

The report also included a complete review of library activities during the year.

Civil War Vet's Widow 103 Today

KINGSTON, Wis. (AP)—Today is the 103rd birthday for Mrs. Ella Kilmer, widow of a Civil War veteran and still a member of the Women's Relief Corps.

Defendant Wins Dismissal in \$17,500 Suit

Jury to Return Wednesday Afternoon For Another Trial

Dismissal of a \$17,500 lawsuit brought as a result of a fatal traffic accident at Dresbach last November was ordered in District Court here this morning.

Granted by Judge Karl Finkelnburg, the motion for dismissal was made by the attorney for Roger Husman, 515 Huff St., the defendant in the action brought by survivors of 7-year-old Susan Dearman, Dresbach, who was injured fatally when she was struck by Husman's car on Highway 61 near her home.

The trial of the case began Monday afternoon and the plaintiff rested its case shortly before 11 a.m. today.

C. Stanley McMahon, attorney for Husman, and A. Paul Lommen, who represented the Dearman heirs in the case, retired to Judge Finkelnburg's chambers where McMahon presented the motion for dismissal.

After hearing arguments on the motion, the court ordered dismissal on grounds that evidence presented in the case had not been sufficient to justify a verdict for the plaintiff and that there was not sufficient evidence that Husman had been negligent or careless or had been to blame for the accident.

Return Wednesday Members of the jury were informed at about 11:45 a.m. that the trial was ended and the jurors were dismissed until Wednesday afternoon.

This was the first case on the jury calendar for the spring term of District Court.

When the trial was resumed this morning, Husman was called as a witness by Lommen and described details of the accident in which the Dearman girl was killed.

The Winona man said that he was driving north on Highway 61 through Dresbach at about 5:30 p.m. Nov. 11 when the girl suddenly ran onto the highway.

When he saw her about 2 or 3 feet to the left of the center line of the pavement, Husman testified, he applied his brakes and turned to the right but the girl was struck by the left front fender of the car. She died at a La-Crosse hospital later that night.

Mother Testifies The child's mother, Mrs. Lois Dearman, Dresbach, was last of four witnesses called by Lommen.

Mrs. Dearman testified that her daughter—the youngest of eight Dearman children—was a second grade pupil at the time of her death, that she had good marks in school and was in good health.

Before Lommen rested his case, stipulations in which attorneys agreed that the child died as a result of the accident and that medical and funeral expenses totaled \$869.75 were read into the record.

Mrs. Goodsell on Stand One of the first persons to arrive at the accident scene after the girl was struck by the car, Mrs. Ada Goodsell, Dresbach, was Tuesday afternoon's principal witness.

Called to the stand by Lommen, Mrs. Goodsell said that she lives near the intersection of D street and Highway 61 and was looking out a window when she noticed the Dearman girl running down D street toward the highway.

Mrs. Goodsell said that at the time there was a string of seven or eight vehicles, all traveling north on the highway, at about the same distance apart and all "going plenty fast."

The witness said that the girl was running down D street and did not stop before she entered the highway.

She said that at the highway the child turned slightly to her left and began to go diagonally across the road.

Crosses Center Line Mrs. Goodsell testified that light from a street lamp gave her a good view of the child and that she saw Susan as she crossed the center line of the pavement.

Alarmed, Mrs. Goodsell at this point left the window and went to the door of her home. When she reached the door, Mrs. Goodsell said, the car was stopped beside the highway and Husman was at the rear of the automobile, bending over.

Mrs. Goodsell said that when she had crossed the highway Susan already had been placed inside the car; the girl was unconscious at first but later she roused and talked to her.

In direct examination by Lommen, Mrs. Goodsell testified that she believed the cars, including Husman's, were traveling at between 40 and 50 miles an hour as they passed her house. The speed limit at that point is 40.

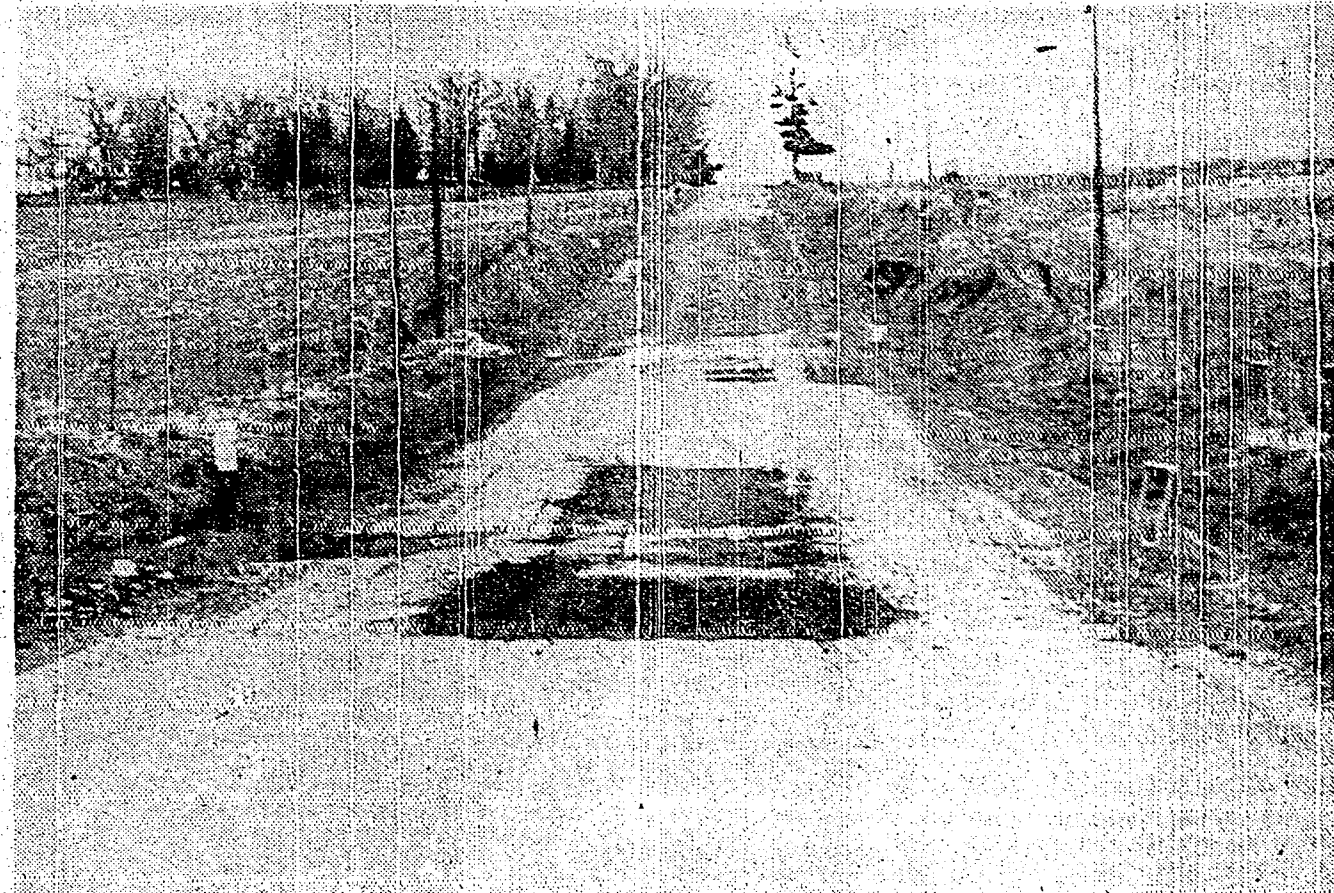

She said that she remembered Susan as a healthy, average child.

Cross-Examination In cross-examination, McMahon produced a signed statement made to an insurance adjuster by Mrs. Goodsell the day after the accident.

Reading from the statement McMahon noted a sentence in which the cars were described as traveling at a slow rate of speed.

Mrs. Goodsell acknowledged that the phrase was in the statement but maintained that she had said the cars were traveling fast.

"This was wrong when you signed it then?" McMahon asked and Mrs. Goodsell replied that it was, adding that she was sure the cars

Familiar To Motorists this spring are the potholes in area roads and the highway crews who are filling them.

Caused in part by excessive moisture last fall, according to the road crews, the spring break-

up is worse this year than it has been in at least 10 years.

This severely damaged blacktop is on Highway 43 near Tawney, Minn., just north of Mabel. (Daily News photos)

Kahsan Elected By St. Mary's College Students

James Flack, Kansas City, Kan., junior, was elected 1955-56 president of the St. Mary's College Student Commission Monday.

He's not new to the commission, having served on it while freshman class president and since has been commission secretary and NFCCS senior delegate.

He's also a member of the Debate Club (vice president and on the varsity debate team three years); of the Burbage Players (dramatic club), Servi Domini and Young Democrats.

Besides being a varsity football letterman two years, he has been active in journalism, being a member of both the year-book and newsmagazine staffs.

Flack is a pre-law student with a philosophy major. He carried a B average.

The student commission is the governing body regulating student life and activities, within the limits of the authority delegated to it by the college administration. It promotes the well being of the college community and coordinates all social and cultural activities of the college.

The commission acts as the official representative of the student body, to make its views articulate with the college administration and faculty, other educational institutions, with the public in general and with any other agency.

Two Plainview Men Draw Jail Terms For Drunk Driving

ROCHESTER, Minn.—Five drivers pleaded guilty to drunken driving here Monday and two of them—both from Plainview—received jail sentences. The others paid \$100 fines.

Otto G. Brueske, Plainview, was sentenced to serve 60 days. It was his second drunken driving conviction in 13 months. He was involved in a three-car collision at 1:20 a.m. Sunday.

Another Plainview man, Merle E. Tucker, was sentenced to 30 days. He was in an accident shortly before midnight Saturday.

Two Rochester men and a Rochester woman paid \$100 fines.

were traveling between 40 and 50 miles an hour.

Lommen asked whether the statement was in the witnesses' handwriting and Mrs. Goodsell replied that the statement had been written by the insurance adjuster and she had signed it.

In additional cross-examination by McMahon, Mrs. Goodsell said that she "didn't read it over carefully" before she signed the statement.

Plaintiff on Stand Lommen's first witness Monday afternoon was Rudolph Shawley, La Crosse, a former Dresbach resident who as trustee for the heirs of the accident victim is the plaintiff in the action.

Shawley identified six photographs taken of the intersection of D street and Highway 61 and the immediate vicinity.

He described conditions at the location at the time of the accident and said that, from his experience as a resident of Dresbach the intersection was well-lighted at night by an overhead street lamp.

Shawley testified that he was acquainted with the Dearman girl and said that she was healthy and a normal child.

Members of the jury hearing the case are Walter Wachholz, Lewiston; Michael Ross, Plainview; Henry Fabian, St. Charles; Edward Barry, Utica; Paul Mienert, Houston; Mrs. Henry Oksene, 1185 W. Howard St.; William Markwardt, 464 E. Broadway; Obert Colbenson, Rushford; Mrs. Ray Bambenek, 917 E. Sanborn St.; Roy Cole, St. Charles; Henry Pluhoef, Houston, and Frank Groth, Houston.

Vigilance By Highway Crews has kept most roads in Western Wisconsin and Southeastern Minnesota passable at least, although it has been a big problem this spring.

Joseph Schock, left, and Dominic Klimek, Arcadia, Wis., members of the Trempealeau County highway department maintenance staff, are filling holes in the blacktop of Highway 95 between Arcadia and Blair. Schock says it is the worst breakup since Highway 95 was surfaced with blacktop more than seven years ago.

Chatfield Crash Suit Testimony In Second Day

PRESTON, Minn. (Special)—Testimony in two accident cases, consolidated for trial purposes, was scheduled to resume in Fillmore County District Court here this afternoon as the trial entered its second day.

Plaintiff in one of the actions, Mrs. Robert Evans, 27, Ft. Worth, Tex., was on the stand this morning. She is seeking damages for injuries received in a July 26, 1954, truck-crash accident on Highway 52 near Chatfield from Russell Growden, 34, Fountain, driver of the milk truck.

Growden is the plaintiff in the other action, that against Evans, who was driving a car towing a house trailer.

Mrs. Evans, 27, substantiated testimony given by her husband Monday afternoon. She said that the couple has three children and that they had been married nine years. Mrs. Evans testified that she was in good health at the time of the mishap and that the trailer was their regular home.

Mrs. Evans said she didn't realize anything had happened until the car went onto the shoulder of the road and she was thrown against the arm rest on the door of the car.

The witness said that she did not believe she was injured and did not go to a physician when the

Minneiska Trucker Pays Fine at Utica

Edmund Pulchinski, 33, Minneaska Rd. 1, paid a \$25 fine and costs of \$3.50 in justice court at Utica Monday after pleading guilty to a charge of operating a truck that exceeded the axle weight limits on a state aid road in Hart Township.

Sheriff George Fort said that Pulchinski was arrested by Deputy Sheriff Helmer Weinmann at 11:35 a.m. Monday and charged with driving a truck that exceeded the post weight limits by 1,600 pounds.

Evans arrived in Chatfield a few minutes later. Her first visit to a physician was two weeks later at Waseca. She said that she was pregnant at the time of the accident and that she lost the baby in December.

Doctor Testifies Before court recessed this noon, Dr. Raymond Davis, Waseca, was called to testify. He recalled that Mrs. Evans came to his office Aug. 14, 1954, and that she was extremely nervous, depressed and seemed to be suffering an emotional or psychological shock.

The physician said he found no bodily injury had resulted from the accident, but that she was pregnant at the time. Her last visit to his office, Dr. Davis said, was on April 22, 1955, when she was still nervous and in an emotional state.

Another physician, Dr. T. A. Clifton, Chatfield, followed Growden to the stand Monday afternoon. He testified that he had treated the truck driver's injured left elbow after the accident.

BIDS ON LAWN MOWERS

We are accepting, for immediate delivery, bids on the following mower equipment:

33 (each) Reel Type 16 inch Hand Mowers. These mowers must have specifications equal to the Eclipse Arlington Mower.

One (each) rotary mower having specifications equal to the 21-inch Toro Whirlwind.

Bids must be received by 12 noon Tuesday, May 3rd, 1955 at the Administration Bldg., 1690 Kraemer Drive, Winona, Minn. Bids may be mailed to Post Office Box 467, Winona, Minn.

June Allyson Attacks Beauty Parlor Devotees

By BOB THOMAS
HOLLYWOOD — June Allyson today comes up with the startling statement that American women spend too much time and money in beauty parlors.

This is startling because the mild-mannered Miss Allyson usually avoids controversy.

"Oh dear," said the actress, "I suppose lots of women will be mad at me. On the other hand, their husbands will be happy. And I'd much rather have them like me."

Miss Allyson swore that she is not and never has been a frequenter of beauty parlors.

"I went just once, before I started 'Remains to be Seen,'" she said, mentioning her last, ill-fated film while under contract to MGM. "I decided to have a permanent, the first I've ever had."

"My hair came out looking like steel wool. I had to cut it off. I looked a mess but I didn't care; everything about that picture was wrong. They even put me in a low-cut gown."

How come she never became an addict of the glamor emporiums?

"When I was a kid, I was too poor," she explained. "Even when I was in Broadway shows, I couldn't spare the money. I learned to do everything myself."

Germans to Test Own Polio Vaccine

FRANKFURT, Germany (AP) — City officials announced today that a German-made polio vaccine similar to the Salk vaccine would be offered to 150,000 Frankfurt children beginning Monday. It will be the first major West German city to launch an immunization program with the new vaccine.

One Burglar Wanted For Boy's Experiment

LOUISVILLE, Ky. (AP) — Pssst! Any burglars around?

Twelve-year-old Steve Bader needs one for an experiment. He made and installed a burglar alarm in his bedroom but nobody's been around to try it out.

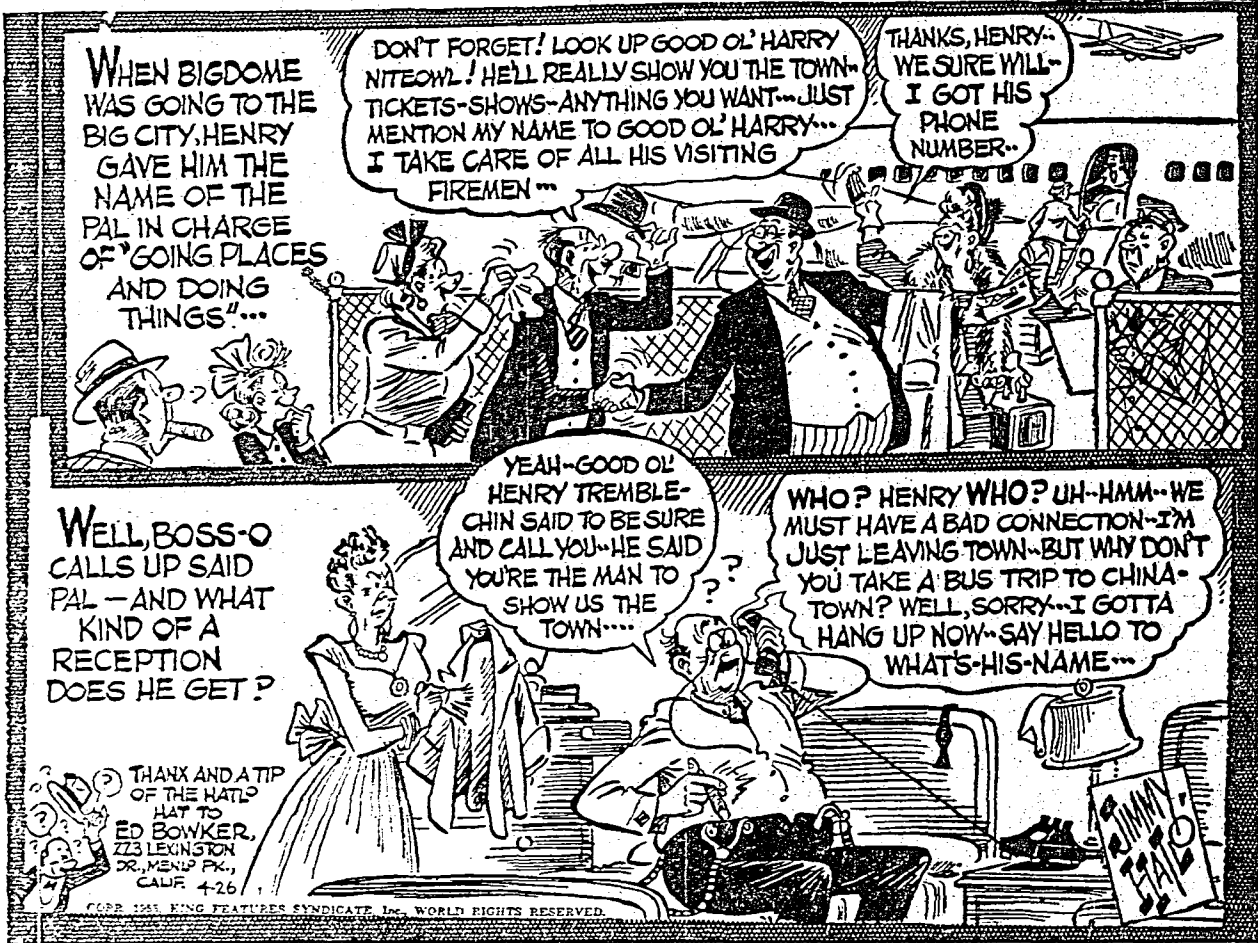

"There were plenty of burglars when my father was a boy. This was his room and burglars came in through the window about four times."

Steve found the plans for his alarm in a book but they were too complicated. So Steve, who wants to be an electrician, figured out a simpler version.

He fastened an "arm" to a block of wood and attached it to the door. Now, whenever the door is open, the arm triggers an old doorbell powered with two flashlight batteries.

(Incidentally, Steve's alarm doesn't protect him from window intruders.)

They'll Do It Every Time

Kefauver Raps Delay on Bricker Treaty Changes

WASHINGTON (AP) — Sen. Kefauver (D-Tenn.) said today a White House decision to delay administration testimony on the Bricker treaty amendment "will be interpreted as cringing before a vocal segment of the Republican party."

Kefauver said a decision to postpone "for the time being" testimony from Secretary of State Dulles on the proposed constitutional amendment "was made at the White House, not in the State Department."

Kefauver, chairman of a Judiciary subcommittee which plans to open hearings tomorrow on the proposal by Sen. Bricker (R-Ohio) said he was informed of the postponement by the White House. At the time, he added, the decision was not known by the State Department's congressional liaison man, Asst. Secretary Thurston B. Norton.

President Eisenhower was asked at a March 23 news conference whether he had changed his views on the Bricker amendment. His reply: No.

He opposed it last year on the ground that it would hinder his conduct of foreign relations. A revised version was narrowly defeated in the Senate. In brief, the proposal would allow a treaty to become effective as internal law only through legislation which would be valid in the absence of a treaty.

It Happened Last Night

Liberace Packs New Las Vegas Riviera

LAS VEGAS — Liberace sat on the stage at the luxurious New Riviera Hotel, wearing a silver-colored tuxedo suit to have been made by Dior, and flashed a \$50,000-a-week hunk of dentistry at the audience as he inquired:

"Is there anybody here from Milwaukee?"

There were several.

"There is," he exclaimed, looking at brother George—and at mother down at the ringside significantly—"Well, it was nice of you to come all that way to hear me."

"Lee," as they call him, was kidding himself, of course, which he does very well. Whether he's worth \$50,000 a week—even in the Dior costume—I can't say, although he certainly gave this new 9-story hotel—the new high in the Las Vegas sky—a carnival atmosphere at its opening.

After he bent down and kissed his mother, he remarked to the audience:

"I feel sort of selfish calling her 'my mother' because she's George's mother, too, isn't she, George?"

George nodded that she certainly was.

"It wasn't very long ago," Lee said, "that George and I went with our grocery wagon to get the county relief." Then he remarked that now "I'm the first one to get \$50,000 a week that opened, you know"—this being a reference to the \$50,000-a-week Mario Lanza who didn't open.

I'd say that they nearly all liked him for his showmanship.

Once when he had women and men both joining in an audience participation stunt, he turned to his brother and said:

"You see, George, I told you that men come to hear me, too." Sonja Henie, Lee's latest romance, was at the ringside. So were Connie Bennett and her husband, who'd flown out from New York. It was so crowded here in this new \$8,500,000 hotel — especially around the slot machines and dice tables — that we visiting scribes entered the Hickory Room via the kitchen to escape the hordes.

The beds in the hotel — the tallest building in Nevada, Wyoming or Montana, I'm told — are said to be triple-sized.

I say they're "said to be" because, as is customary at Las Vegas Hotel openings, nobody ever goes to bed.

Why, even the men's room attendants were rehearsed for the opening. The boss man told the crew:

"In this room here, you never say 'no' or 'yes'."

Some of the newer men looked surprised.

"You only say 'yes sir' and 'no sir,'" he explained, and the murmur of assent told him that everybody thoroughly understood.

THE MIDNIGHT EARL IN N.Y. Ed Sullivan will cut his columnar choros to twice-a-week, starting May 1. At the brass-heavy "Strategic Air Command" premiere an Air Force photographer brushed off James Stewart with, "Never mind the actors — is Gen. LeMay here?"

Rudolph Bing, the Met Opera mgr., will make a lecture tour. Frank Sinatra's been dating his ex-wife, Nancy. Duke Snider and PeeWee Reese of the Dodgers will be partners in N.Y. drive-in theaters. Joan Collins, a British beauty, goes Egyptian in Warner's "Land of the Pharaohs."

Mervyn Leroy's here casting for an unknown to play Helen Morgan in a movie, Pretty Monique Van Vooren returns from Europe next month for cafe engagements here. Model Nancy Berg was at Sardi's smoking her escort's cigar. Cole Porter arrives in Barcelona Wednesday to finish his latest musical.

Doris Lilly busted her ankle in Rome. Ava Gardner's attracting attention in Rome, wearing dark glasses even in the fog. Marlon Brando's dating his former girlfriend, Movita. Here's a switch: Marilyn Monroe found an Italian restaurant and took Joe DiMaggio there.

Earl's Pearls. Man may be the noblest work of God — but nobody ever said so except man. — H. G. Hutcheson. TODAY'S BEST LAUGH: Al (Herald Sq.) Cooper just saw an ad for the latest foreign sports car. It says, "Comes with attractive carrying case."

WISH I'D SAID THAT: "Broadway's like this," says Mary McCoy. "You're on the bottom and you phone some guy. Two years later, when you're on top, he returns your call."

"I have a fear of heights," confesses Tony Telles, "—especially when he's more than six feet tall. That's earl, brother."

By Jimmy Hatlo

U.S. Business Boom Appears Healthier Now

By SAM DAWSON
NEW YORK (AP) — The business boom looks healthier now to Washington and more likely to last for some time.

That's how many businessmen assess recent actions and policy disclosures. These include the U.S. Treasury's borrowing methods — it shortly will seek two billion dollars or more in "new money" — and the Federal Reserve Board's methods of putting gentle curbs on speculation and letting interest rates rise.

Only two months ago Washington, along with many in the business world, appeared to doubt that the business upturn would survive the hot weather season. Everyone appeared to be playing it cagey — counting on good times until July, but not making any firm plans for fall.

Chief fears were that the auto building race would end by summer and that the home building spree would peter out then too.

But consumers are putting up cash or credit and taking the cars as they roll off the assembly lines and the homes as the builders complete them.

With the public slowly increasing its purchasing power, and the cost of living holding pleasantly steady, good times now appear to have firmer foundations than formerly thought.

The Treasury is expected to announce shortly its plans to raise six billion or more dollars. Four billion of that will be to refinance one-year certificates coming due, and the rest for new funds the Treasury will need before the end of the fiscal year, June 30.

Businessmen feel that the way the Treasury raises the new cash will give a tipoff both on conditions in the money market itself and on how Washington views the economy in general.

Red Chinese Ask Direct Negotiating On Formosa Issue

TOKYO (AP) — Peiping radio today declared that direct American-Red Chinese negotiations are "necessary" to relax tensions over Formosa.

In the next breath it accused the United States of "putting forth unreasonable prerequisites" for such negotiations, proposed last week by Red Chinese Premier Chou En-lai at the Asian-African conference at Bandung, Indonesia.

Quoting a long editorial from the People's Daily, the official Communist party organ in Peiping, the broadcast dealt largely with the conference.

Adenauer Discussing Aid for West Berlin

BERLIN (AP) — West German Chancellor Konrad Adenauer arrived today to discuss increased aid for Communist-surrounded West Berlin. The city has about 170,000 unemployed and officials are asking West Germany to help finance a long-range program to provide 100,000 new jobs.

French General Accuses Vietnam Of Truce Violation

SAIGON, South Viet Nam (AP) — Gen. Paul Ely accused the Vietnamese today of deliberately violating the Geneva armistice accords by murdering and torturing former French partisan fighters.

Ely, French commissioner general in Indochina, made the accusation in denying Vietnamese charges that the partisans had received orders to continue harassing the Communist army after the Geneva armistice officially ended the Indochina fighting last July 27.

"The French government makes the most formal denial of these lying accusations," Ely said in a communique.

He declared specific orders had been given to partisans located in the region east of Lao Kay, on the Chinese border, to give up or destroy their arms and either join the Vietnamese army or go south to freedom.

CAR TIPS By Al Speltz

(Editor's note: This is another in the series of articles to be published every Tuesday as a service to readers of The Winona Daily News who are interested in automotive maintenance. The author is a certified engine mechanic and contributor to technical magazines.)

SWING-OUT WINDOW VENTILATORS MAY KILL YOU!

Evidently, my last year's article on ventilation did not frighten many of you. Almost every day I spot one of you going by with the ventilator at 45 degrees and the muffler or tail pipe "blowing."

I emphasized in that article that today's ventilating heater contributes as much to your safety as it does to your comfort. It contributes to your safety principally by PRESSURIZING the passenger compartment. But, it can do this only if forward motion and/or the blower PUSHES fresh air through the passenger compartment.

If the swing-out ventilator "pulls" air out faster than the ventilating heater pushes it in, the system is unbalanced. Lethal fumes from a defective exhaust system may leak through the floor or pedal openings—and past you. They can enter through the luggage compartment lid even if the exhaust system is not defective.

A luggage compartment lid which is rainproof is not necessarily airtight. On recent models, rain-proofing is accomplished by the deep "gutter" under the lid. The gasket serves only to seal against dust. If, therefore, dust enters the luggage compartment of your car, exhaust gases from the end of the tail pipe most probably do also.

I know of no car with a gas-

tight seal between the luggage compartment and the passenger compartment. Using the swing-out ventilator on a car equipped with only a circulating heater is even more dangerous. Unless one of the other windows or a scoop-type ventilator is also open, exhaust fumes are almost certain to be "pulled in." Besides being dangerous, these swing-out appendages are a noisy nuisance. They complicate the window structure and decrease visibility. They can be used safely only to scoop air at you on a very hot day. Drivers who use these "swing-outs" in the traditional manner shouldn't waste money on good car radios. They shouldn't try to converse with their passengers. In fact, they shouldn't carry passengers.

West Appears To Be Ahead In Cold War

By WILLIAM L. RYAN
AP Foreign News Analyst

PARIS (AP)—This is how the West can assess the cold war on the European front in this spring of 1955:

From the short-range viewpoint, the West has chalked up remarkable victories.

From the long-range view, the next two or three years will be critical and dangerous.

As the guns of World War II fell silent, Communism sprang armed and militant from the ruins, feeding upon carnage and despair. Now, 10 years later, Communism, as a Soviet-sponsored revolutionary movement, is losing its appeal among Europe's working people. Communist parties, stopped cold for some time, are being rolled back politically.

A military "no trespassing" line has been drawn across Europe and down through the Middle East. It has forced the Soviet Union to change its tune and its tactics. These tactics bear germs of further decay for the Red parties of the West.

This is a synthesis of the best opinion to be found in Europe at the moment: The West is winning battles. It can still lose the cold war.

One cannot escape the relatively recent upsurge of public confidence and optimism in Western Europe. For eight years, under the Marshall Plan, the Truman Doctrine and other names, the United States has been pumping new economic life and military stamina into Western Europe. Currencies have hardened. Standards of living have been rising.

If these trends continue, and if the Soviet Union is kept indefinitely from moving outside the Iron Curtain, then, in the opinion of many a Western observer, the beginning of decay will set in for the Communist movement in Europe as sponsored and directed by Moscow. But these successes, at the same time, have generated new factors. The new confidence and optimism bring an urge for relaxation.

"For the first time in the cold war," a highly placed Western spokesman told me, "time is on our side. In the next few years, our position with regard to the Soviet Union, politically, economically and militarily, should get better and better—provided we don't relax. We can't afford to relax now."

"Fear drove us into each other's arms and into the great experiment known as the North Atlantic Treaty Organization. The new optimism generated in Europe by the fact that we are feeling militarily more secure all the time, plus the prospect of 12 German divisions being armed in Central Europe under our direction and control, has begun to set in motion a tendency to relax."

"To relax is dangerous. We may feel the Russians are not foolish enough to overestimate their abilities and move against us. But to gamble on that would be to take an awful chance."

The prevailing estimate of the Soviet regime is that it is a shrewd and logical one. The Russians have made a realistic survey of their situation. They may be expected to react in accordance with a realistic conclusion. The conclusion: Soviet Communism cannot now think in terms of seizure of governments, particularly in the West. The cold war then must move to other fields—economic, social and diplomatic.

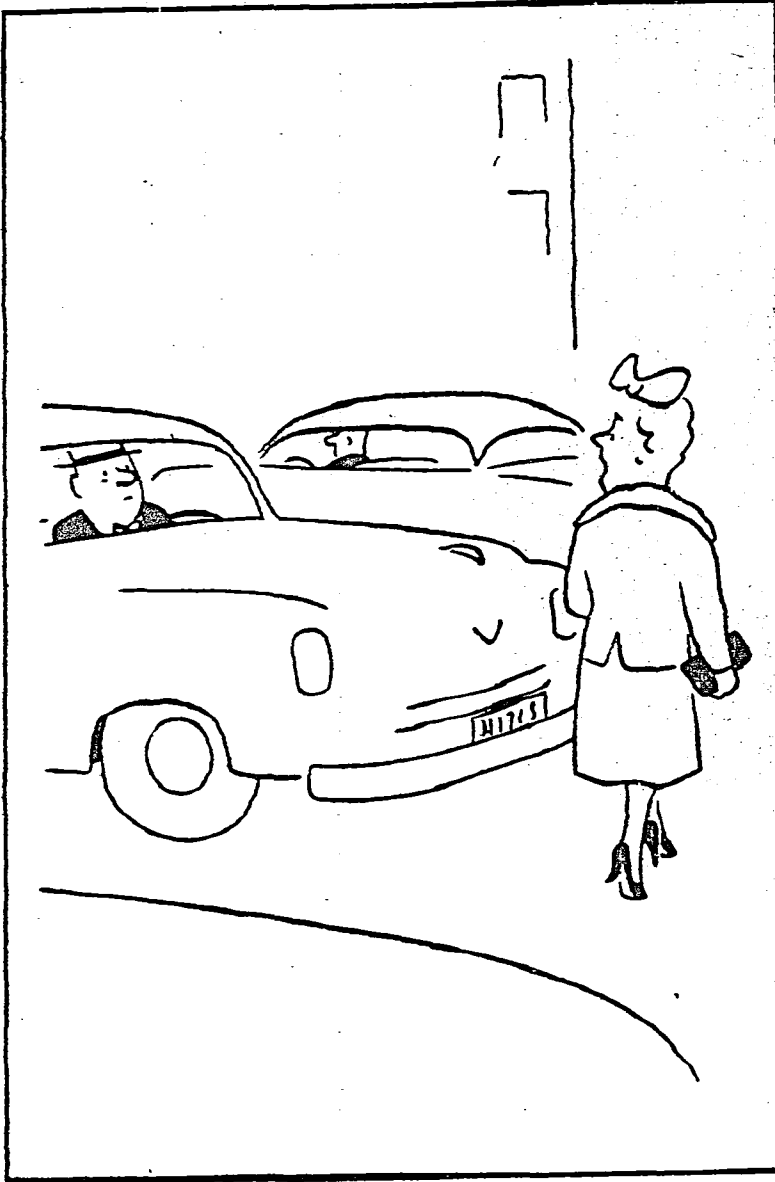

Soviet efforts in the diplomatic field are illustrated by the current gambit on Austria. The Russians have nothing to lose there and much to hope for in consenting to an independence treaty guaranteeing Austrian neutrality. Unlike Stalin, the present regime is able to take a Russian boot out of a door for long-range advantage.

Russian "Consolidate" Soviet efforts in the economic field dovetail with the diplomatic campaign. At present the lure is trade for exporting to Western nations—particularly West Germany, whose capacity far outdistances her ability to absorb her production. The able A. I. Mikoyan, Soviet trade expert, already is in charge of the program.

The Russians obviously intend that their move in Austria will

Misguided Missiles

by Chon Day

"Are you racing your motor at me?"

have a strong effect in Germany, raising hopes that reasonable negotiations with the Soviet Union are possible. But, the Russians will hint, how can negotiations for reunifying Germany take place if Western Germany is building militarily in an alliance Moscow insists is pointed aggressively toward the Soviet Union? How can normal trade take place under such circumstances?

In the social-cultural field, the Soviet Union will do all in its power to woo allies from all classes, regardless of Marxist dogma. This program is pointed toward a short-term goal, to divide the United States from its Allies and to produce a passion for neutralism in Western Europe. While the West remains united, it is dangerous for world Communism to move aggressively in any direction. Yet Communism, a dynamic movement, must keep moving or stagnate.

How can the cold war be lost? Competent observers throughout Europe say the West will retain its advantage only in relation, first, to a continuing improvement of economic conditions and a steady rise in standards of living. But along with this, they say, there must be a public willingness to bear the cost of maintaining a constant alert. If Western unity should fall apart, Soviet Communism once again could be on the move.

Cold War Answer?

How can the cold war be won? That is a more difficult question. I asked it of many statesmen and military leaders. All agreed the answer is not in the foreseeable future. All agreed it would be a long and wearing fight.

One man had a hopeful answer—a churchman who is one of the staunchest friends of the United States. The Patriarch Athenagoras, spiritual leader of all the Orthodox faith, including the Russian Orthodox, isolates himself from politics in his traditional seat in Istanbul, Turkey. But Athenagoras knows America well. He served 20 years as an archbishop in the United States.

The answer, said the patriarch, lies with America.

"Freedom with abundance—that is America," Athenagoras said. "She hears not only the peal of the liberty bell in Philadelphia, but also the bell from on high. It is given to the United States to show the world the way. That is the mission of America: To demonstrate to the world that freedom with abundance is possible. Then there will be peace."

Atomic Workers Set to Strike

ALBUQUERQUE (AP)—About 2,400 office and production workers were scheduled to go on strike today at the sprawling Sandia base, one of the nation's major atomic centers.

In an almost unprecedented action, the Atomic Workers Division of the AFL Metal Trades Council and the AFL Office Workers Union last night rejected an offer by the President's atomic energy labor-management relations panel to review the negotiations. The two unions voted to strike immediately.

The contract between Sandia Corp., a subsidiary of Western Electric, and the two unions ended April 20. They are stalled over wages and accrued vacation schedules and the union has rejected a 29-point company package.

Officials of the metal trades union said workers at the Salton Sea test site of the corporation in California also will be affected by the strike.

Wind Flattens Tents At Atom Test Site

LAS VEGAS, Nev. (AP)—Strong winds on the Nevada desert last night blew down a number of tents at Camp Desert Rock, where 2,300 soldiers are bivouacked for the atomic test maneuvers, tentatively scheduled for tomorrow. The tents were put up again and no damage was reported.

Economic Gains Reported in Bandung Talks

BANDUNG, Indonesia (AP)—While their delegation chiefs grabbed the headlines with verbal acrobatics, delegates concerned with economic problems quietly accomplished much of the work for which the Asian-African conference was intended.

As one delegate said, none of the 29 nations at last week's Bandung meeting could afford to build a battleship or acquire atom bombs.

Talk is cheap, however. So lesser delegates talked about helping to overcome the economic fear in Asia and Africa.

In advance, they had seemed most likely to disagree on the taking of handouts from the nations who can afford to build battleships and atom bombs. But this was the No. 1 issue agreed to. Agreement was recorded in such fine phrases as "the assistance being received by certain participating countries from outside the region, through international or under bilateral arrangements, has made a valuable contribution."

About a third of the nations who attended the conference are taking direct aid from the United States.

Communist China was expected to make something out of Uncle Sam's big brother role. But the Reds did not raise their voices once. Nobody said anything about the aid the Soviet Union sends to Peiping either.

When junior's history studies are the same things you were assigned as current events, you can be sure that time and the years are slipping by.

Hiroshima A-Bomb Survivors Sue

TOKYO (AP)—Three survivors of the atomic bomb dropped on Hiroshima in 1945 have filed suit against the Japanese government for damages. The suits are test cases.

The Japanese government waived rights for wartime damages in the peace treaty.

Ryuichi Shimoda, who lost his wife and four children, sued for

300,000 yen (about \$800). Mrs. Make Tada, who said her husband divorced her after her face was scarred, and Hisaji Hamabe, who lost his wife and five children, sued for 200,000 yen each.

All three said they are unable to work and are destitute.

Hormones, secretions of ductless glands such as the adrenals, pituitary and sex glands, are useful tools for treating specific types of cancer, says the American Cancer Society, now conducting its annual campaign for funds.

Greek Freighter Sinks in Collision

ANTWERP, Belgium (AP)—The Greek freighter *Belgian* sank in the River Schelde early today after colliding with the Norwegian freighter *Tai Shan*. Five crewmen of the *Belgian* were believed drowned.

The 1,894-ton Greek ship was en route from Antwerp when it be-

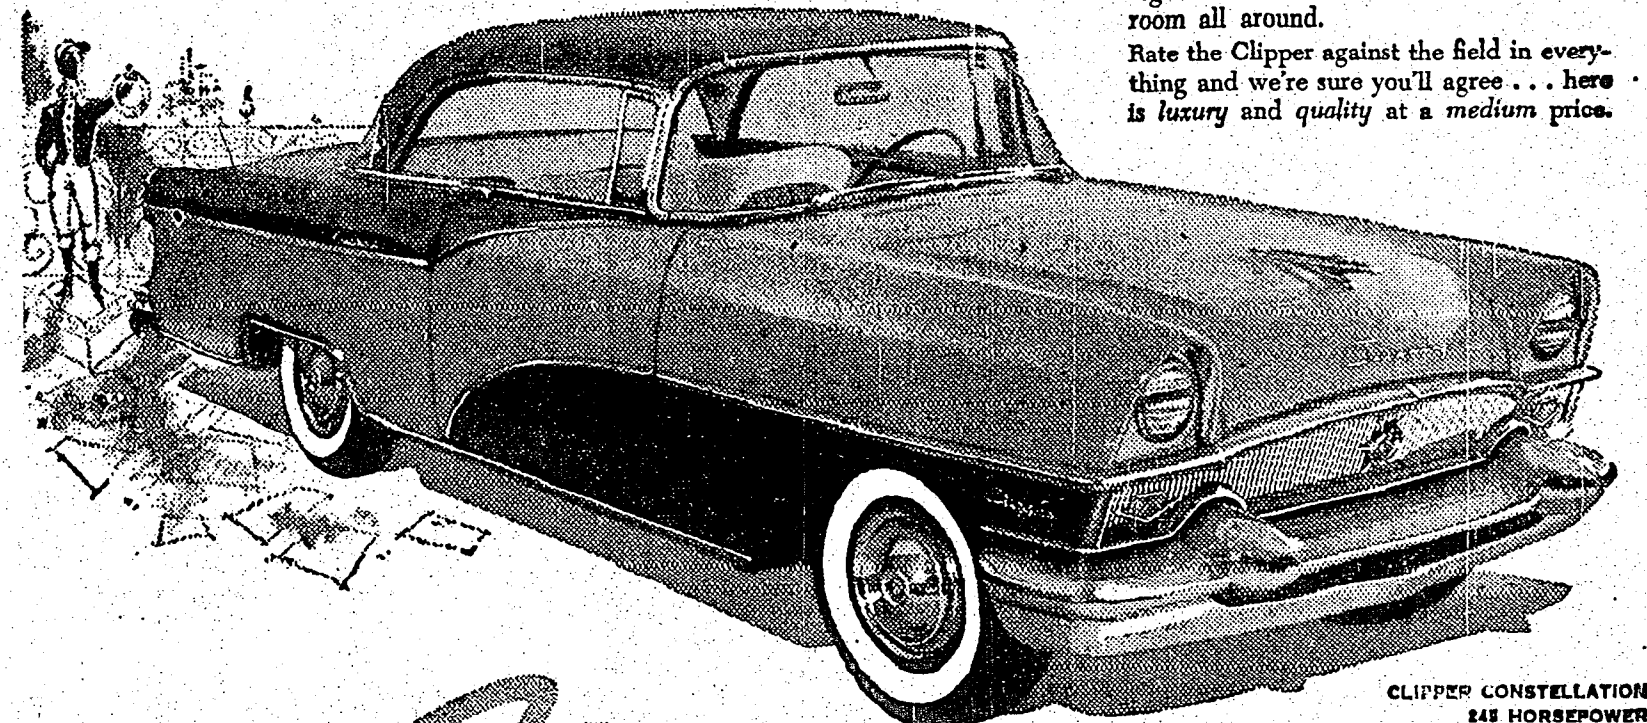

came involved with the 9,249-ton Norwegian vessel on its way in. The sunken wreck blocked the Schelde River entrance to Antwerp temporarily, forcing other ships to enter and leave through an alternate series of locks.

No information was immediately available on damage suffered by the *Tai Shan*.

Many housewives would like to remove the drudgery from the kitchen. But then father and the kids would miss hanging around this happy room.

Brand NEW!

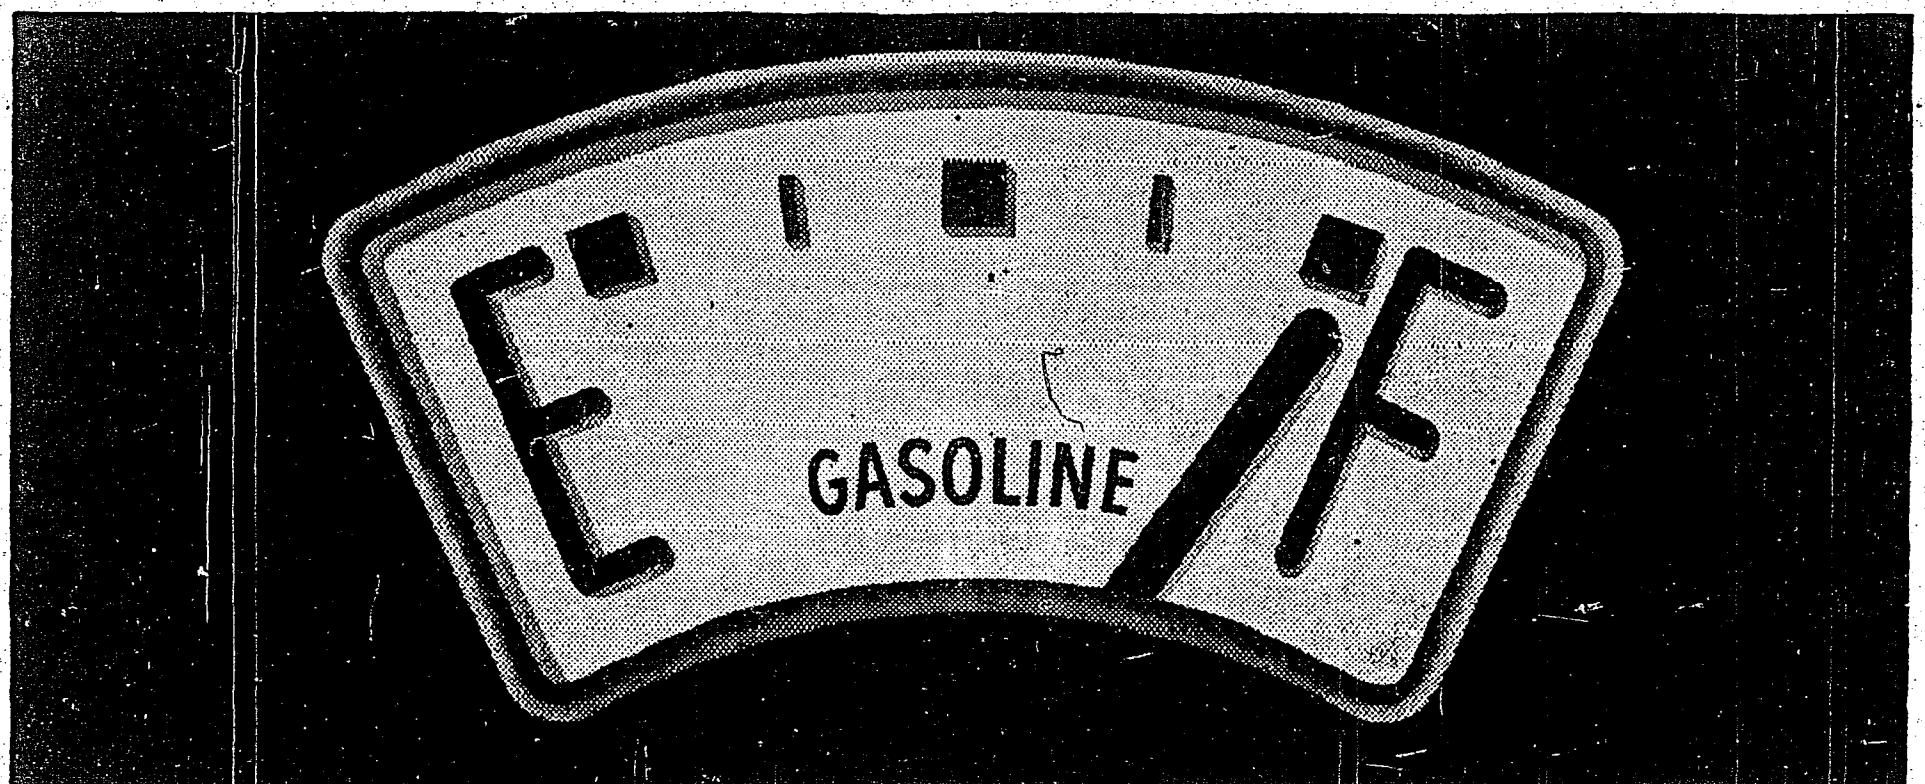

A gasoline at regular price

that gives you

more miles per gallon!

NEW Mobilgas

with Mobil Power Compound

Now—watch your gas needle move more slowly—

Here it is—a new gasoline at regular price that provides more miles per gallon... with better performance than ever! It's new Mobilgas now with higher octane, plus Mobil Power Compound—the combination of three important, gas-saving additives. And here's how these additives work to save you money:

ADDITIVE #1—Saves gasoline by controlling pre-ignition and spark plug mis-firing.

ADDITIVE #2—Saves gasoline by reducing stalling due to carburetor icing.

ADDITIVE #3—Saves gasoline by combating engine-formed gum and by helping to keep carburetor and fuel system clear.

The remarkable result is outstanding performance and exceptional economy from a regular priced gasoline—performance you can feel as you drive, economy you can see on your gas gauge.

If your car uses "regular," just wait till you try this gasoline. You'll be thrilled with how much better your engine performs with new Mobilgas—how much gasoline you save. Get it today!

MOBILGAS—the famous Economy Run Gasoline—gives you greater economy than ever!

The Mayor, as Usual, Has Some Good Suggestions

Mayor Loyde E. Pfeiffer, as usual, came up with some good suggestions in his inaugural address to the new City Council last week.

Among the highlights of his program were the following:

- Extension of the downtown white way.
- Extension of mercury vapor lighting to Mankato avenue and hiring of a street lighting expert.
- Creation of a planning commission.
- Removal of the "unsafe" Athletic Park grandstand and if it cannot be rebuilt, sell the land.
- Removal of Westfield Golf Course to some other site than the east end of Lake Winona, which should be the site for the new ball park.
- Consideration of Lake Winona as the bathing beach, and if that is not feasible, build a swimming pool.

The Daily News agrees particularly with one statement he made in reference to a municipal swimming pool. Said he, "This issue has been postponed long enough."

We have been advocating safe and sanitary swimming facilities since early in 1949 and on two occasions a majority of the voters casting ballots have gone on record in favor of such a project. The mayor now points out that the Latch bathhouse will soon be in need of extensive and expensive repairs and he advocates a study of the feasibility of transferring swimming facilities from the Mississippi River to Lake Winona. If that proves unsatisfactory, he recommends an annual levy to finance a municipal swimming pool.

We liked his suggestion that "sooner or later Broadway, Huff street and Mankato avenue will have to be widened." Our comment—the sooner the better.

He advocates a planning commission that will work with and for the City Council. Shortly after this newspaper's ten-point program of postwar development was presented in 1946, such a planning commission or council was established. The group was active for several years but has not held a meeting for some time and perhaps could be revived to do just what the mayor has in mind—and what its members had in mind at the time it was created.

We'd like to call the mayor's attention, however, to the general plan for development of the Lake Park shores, as prepared for the Park-Recreation Board in 1953 by the Minneapolis planning firm of Morell and Nichols, Inc.

This plan calls for the construction of a baseball park large enough for Southern Minny baseball in the area along Sarnia street between Franklin and Market streets. Parking space for 600 automobiles is provided in the plan.

The planning engineers have given careful study to the proposed project and think it is an ideal location because in that area the lake shore juts out into the lake. In addition to the baseball layout, there is room for a practice football field and two general play areas.

The golf course proposal, as presented by a committee of citizens working on the matter, calls for the location of the course along the Mankato avenue dike road and along Sarnia street from Mankato avenue to Carmona street only. Thus the lake shore area apparently is large enough for both projects—the golf course which would replace the Westfield links and the baseball field to replace inadequate Gene Gabrych Park.

All of these projects will cost money but Winona is in a far more favorable position than many persons realize. It has been estimated that the sale of Westfield lots, which in turn will return tax-exempt property to the tax rolls, will pay for construction of the golf course.

Our schools are paid for, we have a sewage disposal plant and many of the expenditures facing other cities of our size in Minnesota need no longer be faced here.

Rochester, for example, is about to proceed with the construction of a \$3,000,000 high school and Fairbault, realizing a long-sought dream, has just let a \$909,000 contract for a disposal plant.

This appears to be the time, then, when Winona can afford some of these other projects which have been needed for many years. They are now possible without any substantial increase in our tax rates.

Try and Stop Me

By BENNETT CERF

"Don't you enjoy the honking of a wild goose?" said the young lady nature-lover dreamily. "Not when he's driving behind me," demurred her companion.

Portraits

By JAMES J. METCALFE

There are so many stories now . . . About the "private eye" . . . On television, radio . . . And all around the sky . . . And many are improbable . . . As anyone can see . . . While looking at or listening to . . . Some special mystery . . . The private eye is not at all . . . That character of fiction . . . Who solves each crime with perfect calm . . . And with imperfect fiction . . . He is a human being who . . . Is subject to mistakes . . . Who tries to get the breaks . . . He is an educated man . . . Whose ethics must be high . . . And often he is one who once . . . Was in the FBI.

These Days

Self-Admitted Liar Boasts of Ability

By GEORGE E. SOKOLSKY

NEW YORK — Harvey Matusow is a self-admitted liar and boasts both his ability and his capacity. Not being a psychiatrist, I cannot testify as to his conduct but take it for granted that all men are somewhat peculiar and Harvey very much so.

Harvey has now set himself up as an expert in lying and may open an office some day to advise those who require guidance in the art for a fee. He might even become famous as the first man who lied with pride, lied with joy in his heart, testified on how perfect a liar he is under oath before a congressional committee and in a court of law. Why the committee listens to him after he swore that he had perjured himself is difficult to grasp, but I suppose that a record must be made for posterity.

MATUSOW AND HIS MENTORS have decided that he must not stand alone; so, he is trying hard to drag Roy Cohn down with him. The reason: Cohn helped to send the Rosenbergs to the electric chair; he helped to send William Remington to prison; he exposed the espionage cell in the United Nations, etc., etc. The way to get even with Cohn is to try to make him look like Matusow. So Matusow is set up as a liar and Cohn is made to be associated with him to establish guilt by propinquity.

In a brief which the United States attorney in New York, J. Edward Lumbard, presented to the court in the case of United States vs. Elizabeth Gurley Flynn, et al, appears the answer to Matusow's allegations concerning Cohn. In fact, Judge Judge Edward Dimock upholds, in his decision in the case this point of view:

"According to Matusow, Cohn then began developing the false testimony with respect to the conversation with Trachtenberg . . . Matusow is uncertain as to when this false testimony was finally worked out in the form in which he testified, but he claims that the matter of the book and his conversation with Trachtenberg was discussed on numerous occasions with Cohn in the presence of other members of the prosecution staff and agents of the Federal Bureau of Investigation."

"It has not been conclusively established that Matusow's contentions with respect to this portion of his testimony are falsehoods from first to last."

Further the brief says: "Matusow's statements that Cohn and other members of the prosecution staff knowingly or otherwise assisted him in preparation of allegedly false testimony concerning a conversation with Trachtenberg relating to the 'Law of the Soviet State' by Vishinsky are wholly belied both by the sworn testimony of all those who were at any time charged with his trial preparation as well as by contemporary documents dictated during the course of his preparation."

"THIS MONSTROUS ACCUSATION that the testimony regarding Trachtenberg and 'Law of the Soviet State' was fabricated and masterminded by members of the prosecution staff, one of the main points relied upon by the defendants at this hearing, now sworn to be a complete falsehood, so permeates the Matusow hearing testimony as to render all of it absolutely incredible."

Again, Matusow is shown to make false statements concerning Cohn:

"Matusow claims that he first formulated the testimony with respect to this conversation with Cherney (a defendant), which he now claims is false, on Feb. 17, 1952 during a lengthy meeting with Cohn. The date of the matter is that he had no such meeting with Cohn on that date or any other date between their one hour initial meeting in the car on Dec. 19, 1951 and the time Cohn took over his trial preparation in May 1952."

The conclusion that Lumbard reaches is: " . . . the choice of a scapegoat in the person of Roy Cohn is too obvious a tactic to merit further comment. The charge of subornation relating to a conversation with Trachtenberg about the 'Law of the Soviet State' made in such great detail and upon the truth of which defendants rest defendants' claim for relief is utterly false. The lie foisted upon the court permeates the entirety of Matusow's testimony at the hearing and renders it utterly incredible."

From all this it would appear that Harvey Matusow may have been resurrected by the Communists in an effort to get Roy Cohn in order to teach a lesson to others not to send spies like the Rosenbergs to the electric chair. Otherwise why did they pay him to exhibit himself as the complete liar?

IN YEARS GONE BY

'SAY WHEN!'

Washington Merry-Go-Round

Barkley Advises Truman Not to Mail His Letters

By DREW PEARSON

WASHINGTON—Ex-Vice President Alben Barkley told his old friend, ex-president Harry Truman, a story at a dinner last week in Washington—a story with a moral to it—about Westbrook Pegler.

Barkley told about a column Pegler had written which was very unfair and which made him furious. So he sat down and wrote Pegler a letter.

"It was quite a stinging letter," Barkley said. "I began it with 'Dear Peggie,' and ended it with 'If your syndicate gets what your columns are worth, you'd be a pauper.'"

"But," continued Barkley, looking at his old friend Truman, "I never mailed it. Unlike you, Mr. President, I never mail my letters."

Russian May Day
The American public may not know it, but the power pendulum is swinging over toward Soviet Russia as far as air strength is concerned.

Last May Day the Russians flew a giant jet bomber, the size of a B36 over Moscow. It was their first and only long-range jet bomber, known as Type 37.

This May Day the Russians will have 15 of these Type 37 giant jets. In contrast, we had two B52 jet bombers of the same size a year ago. Today we have only three. In other words, the Russians are outproducing us 14 to one!

Phony Democrat
White House foreman Sherman Adams has come up with a counterfeit Democrat to replace securities and exchange commissioner Paul Rowen who made the mistake, in Adams' eyes, of opposing the bitterly controversial Dixon-Yates contract.

By law, Rowen's post must go to a Democrat. The SEC is required to have two Democrats and three Republicans—while the GOP is in power.

However, Adams has picked a synthetic Democrat, Connecticut's ex-Congressman Johnny McGuire, to replace Rowen. McGuire is a Republican, but Adams' reward was to be a juicy job in Lodge's administration.

Unhappily for McGuire, however, Democrat Abe Ribicoff defeated Lodge for the governorship. And McGuire became a lobbyist in Washington. He represents Franco Spain and the big natural gas interests which are trying to overrule the Supreme Court and prevent price regulation by the power commission.

An independent quasi-judicial agency, the SEC is no more supposed to be run by the White House than is the Supreme Court. Yet Sherman Adams put pressure on the commissioners to approve the Dixon-Yates contract, awarded without competitive bid to a private power combine to supply power for Oak Ridge, Tenn., and Paducah, Ky., atomic plants.

However, Commissioner Rowen defied the White House and, for voting his convictions, will lose his job.

White-Collar Workers
Hard-working Sen. Jim Murray of Montana has been conducting some little-publicized but important hearings on behalf of the "forgotten workers" of American business—the great under-paid, over-worked army of clerks who wait on you in chain stores and other retail establishments.

Not since the eradication of sweatshops in garment centers has any group of workers had to endure greater hardship than retail employees, most exploited of the so-called white-collar workers. With living costs the highest in history, they are still paid a sweatshop wage averaging about 57 cents an hour nationally.

In some parts of the South they are paid as low as 35 cents an hour, compared with the establish-

Advice on Health

Emergency Treatment Is Important

By H. N. BUNDESEN, M.D.

Quick and proper emergency treatment at the scene of an auto accident might mean the difference between life and death. You don't have to be a doctor to give first aid to a seriously injured motorist. A physician should be called, of course. But in the meantime you should be able to help out.

I told you yesterday what to do to revive an unconscious person and what to do for shock. It's even more important to know how to stop serious bleeding. The loss of even a quart of blood might be fatal.

Now unless you are well trained in first aid, I know you aren't going to remember the various pressure points about the body normally used to halt the flow of blood. However, there are a couple of things you should remember. Blood from the veins is bluish red in color and flows steadily. Blood from a cut artery comes in spurts and is bright red.

To control bleeding from an injured arm or leg resulting from a severed artery, apply pressure on the side of the limb toward the heart. For bleeding from a vein, apply pressure on the side away from the heart.

Applying a Tourniquet
Probably the best means of applying this pressure is with a tourniquet. In an emergency, you can make a tourniquet from a handkerchief or even a necktie. Fold these so they form a flat band about an inch wide or may be a little wider. Knot this band about the injured limb. Then insert a stick between the knot and twist to apply pressure.

Now you've got to be very careful. Use only enough pressure to stop the bleeding. Every ten or fifteen minutes, if it takes that long for a doctor to arrive, release the pressure for a minute or two. Never use a rope or cord as a tourniquet. This might do more harm than good.

One more thing. If you aren't sure what you should do, it's best to do nothing. But be prepared to give the doctor whatever assistance he might need.

QUESTION AND ANSWER

Mrs. P. J.: I have a continual rolling of gas in my stomach and always belch gas—which is very embarrassing. Could you tell me what I should do?

Answer: The formation of large amounts of gas in the bowel may be due to a number of causes, one of the most common being gallbladder infection. Eating foods which contain too much starch and sweets might result in the formation of a great deal of gas. An examination should be made to determine the cause; then it can be eliminated. Individuals who eat too fast, or who are nervous, frequently swallow a great deal of air with their food. This air accumulates and pressure results. One should eat slowly and food should be chewed at all times.

Although coal and iron ore are available in China, its annual steel production is about two million tons, about a fifth of U.S. production.

Quick Relief that Lasts!

for PILE PAIN

Thornton-Minor Ointment is a complete formula with special ingredients to relieve itching, burning, pain and reduce swelling. Goes to work instantly; lasts for hours. Proved clinic formula—ointment or suppositories, \$1.00. Insist on Thornton-Minor Pile Ointment—at all drug stores.

PAUL HARVEY NEWS

East Busy Worrying About War Again

By PAUL HARVEY

NEW YORK—In Washington this week I'm reminded again how the East is sitting on the edge of its ocean chewing its fingernails up past the second knuckle worrying about war.

Signs everywhere: "This road reserved in emergency for movement of military vehicles only."

"This way to bomb shelter."

New York and Washington consider themselves more important than anywhere, anyway. And they are certain our enemies share their awe of themselves.

Well . . . Civil Defense planners, figuring some future congressional committee might be investigating some future atomic Pearl Harbor, want to be sure to get themselves off the hook.

When some-day's chairman says, "Why didn't you prepare us?" these fellows want to be able to say, "We tried."

So they are coming up with all manner of absurd schemes for "protecting" us.

Two proposals are utterly asinine.

1. Evacuate cities in case of enemy attack.

2. Place sewer pipe around the city so people can crawl in.

Number two is too silly to answer.

Number one almost is. We don't think or talk much about these things out in the provinces. (Anything west of the Hudson River.) But here they don't talk of much else.

In the event of war it would be the industrial plants that would be clobbered first. It is essential that people remain at home to repair and replace and get the wheels running again.

Probably it would be electrical generating plants and water supplies that would get the first bomb loads.

Water is the most plentiful and the cheapest thing on earth, yet impossible to live without. A few days without water, disease and pestilence would spread throughout the city.

But it is the very hideousness of modern war which is probably going to deter anybody from launching one.

If we want to get excited about the threat to our own babies and our personal petunia patch, let's give the bum's rush to 229 known-to-be dangerous aliens who are now running loose in the United States. They can't be deported because no country will let them in. They can't be jailed because passport red tape leaves them immune to prosecution.

If we want to get excited, let's throw a noose over the neck of the Trojan Horse. Let's rope in known subversives and give our FBI every available weapon with which to corral them.

Russia has taken Poland with Poles, Czechoslovakia with Czechs, and China with Chinese. Russia is about to take Indochina with Indochinese.

And if Uncle Sam ever does get whipped here, it will have been an inside job.

All our mighty weapons on far-flung bases can be flanked by a sinister handful inside our heartland.

Looking at all these signs around Washington, I keep thinking we're worrying about the wrong things.

Put out internal enemies behind bars or on the next outbound boat. Instead of letting them run loose while telling decent Americans to crawl into sewers.

Hanging on Its Way Out in Maryland

BALTIMORE (AP)—Maryland, one of 12 states which still executes by hanging, will abandon its gallows next year. Gov. Theodore R. McKeldin signed a bill last night which substitutes the gas chamber.

Aspirin Heads List In Child Poisoning

FORT WORTH, Tex. (AP)—Aspirin and medicines containing aspirin head the list of agents producing fatal poisoning in children, Texas physicians have been told.

Dr. John A. Anderson, pediatrics professor at the University of Minnesota, told a Texas Medical Association convention only three other agents—barbituric acid and its derivatives, alcohol and the petroleum products—exceed aspirin in poison deaths in all age groups.

He said danger from aspirin did not come from proper use but in excessive quantities gulped by children from bottles left in places available to tots.

King, Queen, Jack, Spade and Diamond are names of U. S. towns.

Duke Busy Modernizing Royal Life

By EDDY GILMORE

for Hal Boyle

LONDON (AP)—The Duke of Edinburgh has ordered a long-range telephone for his speedy sports car. When he gets it installed, he can ring up Buckingham Palace from any part of Britain and even from some not too distant spots on the continent.

It's the Duke's latest move in attuning the royal family, and some of the palaces it occupies, to modern life.

At his insistence, Buckingham and Windsor Palaces have electric dishwashing machines in his and Queen Elizabeth's private suites, electric grills and a telephonic recording device. Helicopter take-offs and landings from the royal lawns have become commonplace events.

He has wanted a long-range radio telephone for his sports car for a long time and now an electric engineering firm is seeing that he gets it.

Range Too Short

His car already has a telephone, but its range is only 25 miles from Buckingham Palace. For the Duke, who travels all over the country, this isn't good enough. He likes to call his wife when he's out on official duties, and also Prince Charles and Princess Anne. He talks to the children in a disguised voice, and then to their delight, reveals it's really papa.

A pilot, the Duke also likes the most modern airplanes possible. The de Havilland Aircraft Co. says a new Heron plane, sprouting with safety devices, gadgets and radio aids, is to be ready for the royal family within the next six weeks.

"The Duke has seen the plane," said a spokesman of the manufacturer, "but he hasn't actually flown it yet." It took more than a year to build. That's longer than usual, but there were so many gadgets.

Russians Move to Cancel Friendship Treaty With Britain

MOSCOW (AP)—The Soviet Union took another step yesterday toward cancellation of its 1942 treaty of friendship and alliance with Britain, symbol of the two nations' World War II cooperation.

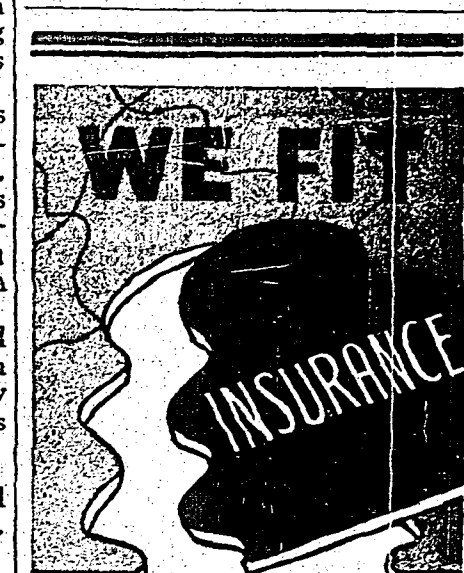

A Foreign Ministry spokesman told a news conference the Foreign Affairs Committee of both houses of the Soviet Parliament had recommended that the Presidium of the Supreme Soviet (Parliament) cancel the pact. The spokesman did not say when the Presidium would take the action.

Criminologist Says Dr. Sam Innocent

CLEVELAND (AP)—Dr. Sam Sheppard is innocent, a California criminologist says. Dr. Paul Kirk said police ignored certain evidence in the murder last July 4 of the osteopath's wife Marilyn at the suburban Bay Village home.

Dr. Kirk is expected to testify tomorrow at a hearing on a motion for a new trial for Sheppard, convicted of second-degree murder and sentenced to life in prison. He would be eligible for parole in 10 years.

New York's Grand Central Station uses three hands on its clocks to show both standard and daylight saving time.

Grandpop Would Like to Know South Has Risk

By BEM PRICE

WASHINGTON (AP)—Ninety years ago today Grandpop Huldric became a man without a country. It never bothered him much, but it sure has worried me.

I've been thinking about the old gentleman a lot lately, but today I got to thinking real hard because in Alabama, Mississippi, Georgia and Florida this is Confederate Memorial Day—and I come from Alabama.

This used to be a real sad time down home because it is the anniversary of the day Gen. Joseph E. Johnston surrendered the last Confederate army in the field—17 days after "Marse Robert" E. Lee gave up at Appomattox on April 9, 1865. Mostly this is a time of mourning for me too, but today I've been laughing. Down by the Capitol there is a big statue of Gen. U. S. Grant, surrounded on both flanks with horses and cannon and men waving swords. This morning I noticed that some of the swords are bent.

I can just hear Granddad Huldric chuckling and saying, "That's the way they looked, son, after they fought me and yo' grand uncle Egboll and Relbue."

Anyhow, this is the day Grandpop lost his citizenship. The Yankees took it away and said he couldn't have it back until he signed up loyal.

Well, sir, Grandpop was about as unconstructed as the Yankee army after Stonewall Jackson finished with them at First Manassas. By the time he got to be a citizen again, the Yankees had just up and decided to let bygones be bygones.

Ex-Army Ranger Held for Murder

NEWPORT, R.I. (AP)—A slim, 23-year-old former Army ranger to-day was charged with murder in the rape-slaying of Miss Susan B. Franklin, 86, a retired school teacher.

Newport Public Safety Director Francis L. Fitzgerald said Edward J. Andrews, dishonorably discharged from the Army nine months ago for stealing a motorcycle, yesterday admitted slaying his frail neighbor.

Lipstick Brands Husband as Liar

LOS ANGELES (AP)—Testimony that her husband came home from "business meetings" bearing lipstick marks helped win a divorce for Mrs. Eleanor Fellows, wife of film producer Robert Fellows.

Mrs. Fellows was granted a divorce decree yesterday in Superior Court. She alleged cruelty and testified that her husband would stay out late drinking. She and Fellows had been married for 22 years.

Under a property settlement Mrs. Fellows is to receive \$500 a week support plus funds for education and support of their daughters, Barbara, 19, and Margaret, 21.

THE WORLD TODAY

Foreign Trade Plan Faces Senate Fight

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Despite President Eisenhower's plea to Congress not to tamper with his foreign trade program—it barely squeaked through the House untouched—it's in trouble in the Senate. That program, which Eisenhower calls a cornerstone in dealing with friendly countries, is running into what OPA encountered, during and after the war, while it was still controlling prices. Businessmen paraded before congressional committees to say what they thought of continuing OPA another year.

One after another their story went like this: "I think OPA is necessary and should be continued. But in my special case there ought to be an exception. . . ."

Eisenhower has asked Congress to continue the reciprocal trade program, already in existence 20 years, another three years. Its purpose is to increase world trade and prosperity here and among nations trading with the United States.

Briefly, it works like this: It lets the President lower tariffs on foreign goods imported here provided those same exporting countries agree to lower their tariffs on American goods sent to them. This means some American industries would have to compete at home with foreign-made goods. Various groups who might be affected have fought against tariff cuts on imported, competitive products.

No later than yesterday Eisenhower said that to weaken the "administration proposals by crippling amendments would strike a severe blow at the cooperative efforts of the free nations to build up their economic and military defenses. It could mean a retreat to economic nationalism and isolationism."

On Feb. 18 the program passed the House by a narrow margin but unchanged. Then it moved over to the Senate, where, before it could go up to the floor for a vote, the Senate Finance Committee examined it.

Last week Sen. George (D-Ga.), painting a picture of how an economically strong Japan would help offset the power of Red China in Asia, told the American Society of Newspaper Editors here:

"How can we turn back the clock to another day and say that the trade and commerce of the world, especially the free world, again should be circumvented and departmentalized to the point almost of the stagnation of that commerce? How can we do this and yet hope all free nations will become economically strong and prosperous?"

SCOUTERS AT ETTRICK
ETTRICK, Wis. (Special)—The Boy Scouts adult training course which was to have been held at the Ettrick elementary school Tuesday evening has been postponed until some time in June, it has been announced by James Block, La Crosse, district commissioner.

94 Years Ago Papers Missed Sensational Story

By BILL RICHARDSON

LAS VEGAS, N. M. (AP)—On this day 94 years ago, American newspapers missed one of the most sensational stories of our times.

The event was the hanging on April 26, 1861, of one of the first women ever to be executed under the laws of the United States, and possibly the first woman ever executed west of the Mississippi.

The country was wracked by the opening struggles of the Civil War when Paula Angel was dragged to the gallows to die for stabbing her lover Miguel Martin to death. New Mexico was an isolated territory on the Western frontier. No newspaper carried the story of her trial and death, historians say.

A few years later, in 1865, the world was horrified at the widely publicized hanging of another woman: Mary Surratt, one of the five persons condemned for conspiring the assassination of President Abraham Lincoln.

End of Work Day Snarls Texas Traffic

DALLAS, Tex. (AP)—Traffic on auto-clogged U. S. Highway 80 between here and Fort Worth was motionless for nearly two hours yesterday afternoon as aircraft factory employees ended the day shift.

Dallas County sheriff's deputies said the snarl came when a paving contractor failed to notify them of road work, and private patrolmen were swamped by the aircraft workers' cars.

N.J. Builder to Appeal Ruling of 'Windfall' Profits

NEWARK, N.J. (AP)—A New Jersey builder plans to appeal a federal court ruling that his Fort Lee housing project, which allegedly raked in huge "windfall" profits, had violated its contract with the Federal Housing Administration.

The ruling yesterday by Federal Judge Thomas F. Meany in the test case involving so-called windfall profits was described as the first of its kind against a builder.

Under the decision, the FHA can hold a meeting of stockholders of the project—known as Linwood Park, Inc.—and assume control by electing two out of three stockholders. The FHA owns all of the corporation's preferred stock.

According to the government, Judge Meany's decision could affect a half billion dollars worth of postwar construction in which FHA guaranteed the bulk of the mortgages, and in which FHA says big profits were made by the builders.

The appeal planned by Sidney Sarner, one of the original partners in Linwood Park, Inc., to the U. S. Circuit Court of Appeals in Philadelphia would mean a delay in FHA action to assume control of the company.

It was the government's contention that Sarner and Ralph J. Solow, another original partner, invested \$13,000 in the business five years ago and made a profit of \$2,426,821 on an FHA-insured loan of \$6,875,000.

The government further claims that Solow was paid \$1,318,000 by Linwood Park, Inc., for his original stock investment of \$6,500.

Dad's Fish Pole Gets Away, Boy's 'Missing'

SYRACUSE, N. Y. (AP)—It wasn't the fish but the pole that got away, 10-year-old angler Sammy Kanasola explained.

Sammy lost his dad's pole while fishing. He decided not to go home and slept in an automobile overnight while 150 volunteer firemen and state troopers scoured the area. He turned up at the boys' club here in the morning.

U.S., Philippines Sign Aid Agreement

MANILA (AP)—The United States and the Philippines sign an agreement today providing \$4 million dollars in U. S. aid for training and equipping a Philippine army division, a Foreign Office spokesman said. The agreement calls for training 10,000 men and 426 reserve officers by the Joint U. S. Military Advisory Group.

Lattimore Lawyer Claims 'Politics' In Passport Delay

BALTIMORE (AP)—The attorney for Owen Lattimore says the State Department appears to have a "they won't say yes and they won't say no" about Lattimore's passport application for European travel.

Thurman Arnold of Washington indicated yesterday he thought certain politically motivated factions may try to have the action delayed beyond the scheduled trip dates.

A Johns Hopkins University lecturer and Far Eastern affairs expert, Lattimore is under a federal indictment for perjury that grew out of his testimony before a Senate Internal Security subcommittee three years ago. Several of the

indictment's key counts—including those that accused him of lying when he said he never had been a promoter of Communist interests—have been thrown out by federal courts.

Lattimore has been invited to speak at Oxford, London, Birmingham and Sheffield Universities in England late next month and at other European universities in the summer.

At one time, there usually are about 25 airplanes flying across the Atlantic Ocean.

"Request for Bids"

"The School Board for the Dover Consolidated School, District No. 125, Olmsted County, Dover, Minnesota, requests bids for One New Chassis, 16,000 GVW and One New School Bus Body, either 42 or 48 Pupil Seating Capacity. Complete Specifications can be had by writing or calling at the Office of the Superintendent of the Dover School. Bids will be opened May 9, 1955 at 8 o'clock P.M. at the Dover School."

SOCIETY CLUBS

Federated Clubs' Neighborhood Day Held at Mondovi

MONDOVI, Wis. (Special)—The Mondovi Woman's Club was hostess to 49 women of the Trempealeau and Buffalo County Federation when the annual Neighborhood Day was held at the Evangelical Lutheran Church Friday.

The Rev. James Savides, Congregational pastor, presented a tape-recording made by a group of educators from 11 different countries, who visited Mondovi last winter during a study of living conditions in the rural sections of Wisconsin.

Comparisons were drawn by the foreign educators between the United States and their own countries. Mr. Savides also discussed "Alcoholism," and suggested ways and means in which the club women could aid those afflicted. He described the methods used and results obtained by "Alcoholics Anonymous."

Mrs. Hugh Gwin, Hudson, ninth president, discussed the Wisconsin Clubwoman magazine, urging the women to keep in touch with their entire organization through this medium.

She reported that through the contributions of the club women, sufficient funds have been raised to send a teacher from the first district to the "Trees for Tomorrow" conservation school sponsored by the Wisconsin State Colleges.

She urged the women to support the Wisconsin Club Women's project to restore the Wisconsin Territorial Capitol building located near Belmont.

"Let's Abolish Crime Comics" is an all-out project of the general and state federations, Mrs. Gwin said. The national executive board is working on a list of approved comics, the speaker said, and she asked the women to write to their representatives in the state legislature to approve the passage of bills pertaining to the abolishment of unclean literature.

Mrs. Gwin announced the ninth district convention at Chippewa Falls Methodist Church April 28. Mrs. Mary McDonald, Black River Falls, will preside. Mrs. McDonald said has been unable to act the past club year, due to illness, but is recovering, Mrs. Gwin reported.

Announcement was made of the awards in the Helen Mears art contest for eighth grade pupils. Winners included Clara Johnson, Lynn Hegge and Sandra Hanson, all of Whitehall. Honorable mention was given the pictures drawn by Priscilla Jackson and Garnette Anderson, Whitehall.

An invitation was accepted from the Whitehall Woman's Study Club to hold the Neighborhood Day at Whitehall in 1956. The Whitehall LAMP Club has received a scroll for its 50 years of existence, it was announced.

A piano solo was contributed by Bruce Thorsen and a piano duet was by Janice Peterson and Marjorie Canar. The invocation was by the Rev. H. Haugland, Lutheran pastor. The business session was conducted by Mrs. R. L. MacCormack, Whitehall, bi-county president, with Mrs. Basil Erickson, Whitehall, as secretary.

Greetings were extended by Mrs. Charles Whitworth, president of the Mondovi club, to which Mrs. Orvin Stay, Blair, former bi-county president, responded. Tea was served by the Mondovi group in the church dining room.

AMERICAN SOCIETY
The American Society will meet at 8 p.m. Thursday at the society hall with Mrs. Olga Zindars, Mrs. Samuel Adank, Mrs. George Albert and Mrs. Winifred Beaman as hostesses.

CARD PARTY
ST. CHARLES, Minn. (Special)—Henry Morton Relief Corps 108 entertained at a card party. High score in frog was won by Mrs. Elmer Kratz and low by Mrs. William Kroese and high score in 500 by Miss Ida Cary and low by Mrs. Herbert Lehnertz. Lunch was served by Mrs. Theresa Downing, Mrs. V. L. King, Mrs. Alice Younger, Mrs. Mary Holdridge and Mrs. Uaka Hermon. The next card party will be May 19.

Clifford Kanz and His Bride, the former Bettie Grant, daughter of Mr. and Mrs. Earl Grant, 521 W. Sarnia St., are at home at 127 E. King St., following a wedding trip. He is the son of Mr. and Mrs. Joseph Kanz, 117 Stone St. (Durfey Studios)

Clifford Kanz, Bride at Home After Trip

Miss Bettie Grant, daughter of Mr. and Mrs. Earl Grant, 521 W. Sarnia St., and Clifford Kanz, son of Mr. and Mrs. Joseph Kanz, 117 Stone St., who were married April 9 at the Church of Christ, are now at home at 127 E. King St. Eugene Reynolds received the marriage vows.

The altar was decorated with snapdragons, gladioli and carnations. Mrs. Edwin Grant sang "Bless This House" and "The Lord's Prayer" and Miss Kay Sines accompanied her.

Mrs. Eugene Lange, sister of the bride, was matron of honor and Miss Dolores Kanz, sister of the bridegroom, was bridesmaid. Joan Grant was flower girl.

Roland Beaman was best man and Gene Lange, brother-in-law of the bride, was groomsmen. Edwin Grant, La Crosse, brother of the bride, and Jerry Sines, Minneapolis, ushered.

The bride, given in marriage by her father, wore a floor-length gown of white satin. Her veil of net fell from a crown trimmed with pearls and she carried red roses. She wore a rhinestone necklace and earrings.

The matron of honor wore a floor-length dress of net over satin in pink and the bridesmaid a floor-length dress of net over satin in yellow. They wore matching headresses. The flower girl was in white satin.

A reception was held in the church social rooms. The bride's mother wore a turquoise dress and white accessories. The bridegroom's mother, a blue suit with white accessories. They wore pink roses.

Mr. and Mrs. Kanz left later on a brief trip in northern Minnesota. For travel the bride wore a pink linen suit with navy accessories and a corsage of red roses.

A shower was given in honor of the bride-elect by the Women's Council of the Church of Christ at the home of Mr. and Mrs. Clarence Sines.

Mondovi Woman To Head Deanery

DURAND, Wis. (Special)—Mrs. William Lovar, Mondovi, was elected president of the Menominee-Durand Deanery at the meeting held at Spring Valley last week. Mrs. La Verne Ablesinger was elected treasurer. They will hold office for two years. Mrs. Lawrence Cherrier, Menominee, was retiring president and Mrs. Leo Webb, retiring treasurer.

The board meeting with the election of new officers was held in the church hall at Spring Valley April 19. Standing committees and parish unit presidents were present.

The Rev. James Finucan, La Crosse, spoke to the group. At the afternoon session Fr. Finucan, vice chancellor, diocese of La Crosse, spoke on the clean literature campaign. The Rev. James Geyer welcomed the group.

Gene Lansing gave the spiritual readings. Mrs. Thomas Kinney sang two vocal selections; the Rev. Charles Wolf, Lima, diocesan director DCCW, read the bishop's letter, and Mrs. Thomas Pattison, Durand, read a message from the president of the diocesan council. A tea followed.

FTA Members Guests of Iota Chapter at Tea

Thirty-five members of the local high school chapter of FTA were guests Monday afternoon at the annual Recruitment Tea given by Iota Chapter for prospective teachers.

In a brief talk, Superintendent of Schools Harvey Jensen pointed out the present and future need for an adequate number of well chosen and properly prepared teachers and the excellent job opportunities for such teachers.

A panel discussion followed, the subject being "Why I Like Teaching." Thomas Stoltman, moderator, introduced the other members, the Misses Arleen Nelson and Phyllis Rooney, Mrs. Le Roy Steber and Harry Peirce, all Winona teachers. In addition to presenting their own varied reasons for their choice of a profession, they discussed numerous personal and practical problems involved.

Advice to those considering education as a profession was summed up by the moderator as follows: "You must really love people and want to help them; be sincere and serious about your job; be able to take the hard things in stride. You must be resourceful and have confidence in yourself, respect your fellow man and deserve his respect."

At the meeting of Iota Chapter following the tea, Miss Helen Hiller, president, called on those who attended the state convention in St. Paul April 16 and 17 to reproduce some of the highlights for those unable to attend.

A dramatic adaptation of the book "With Banners" presented by a group of Macalaster students at the luncheon meeting proved to have been the most enjoyed. The book by Marguerite Bell is on the life of Stella Louise Wood, pioneer in the field of kindergarten work, founder of Miss Wood's School, now a part of Macalaster College.

Miss Wood was a state founder. In keeping with the theme of selective recruitment, the talk by state chairman, Miss Helen Hiller, pointed out "presented clear cut picture of the responsibility which rests upon the public to provide for the future needs of the schools."

Another report concerned the evening sessions of special interest to the local group was the installation of Iota Chapter. The address on the subject, "Wider Horizons for Delta Kappa Gamma" was the principal event of the banquet meeting. The speaker was Dr. Louise Clement, Bremerton, Wash., director of the Northwest Region.

Other reports concerned the Founders Breakfast, in charge of Iota, and the awarding of a \$100 scholarship to Hazel Henson Bemidji, who will do graduate work at the University of Minnesota. All members of Delta Kappa Gamma in the state contribute toward this fund.

Dinner followed the chapter meeting, the last for the year '54-'55.

Card Party Fund To Benefit Migrant Workers

Proceeds of the card party sponsored by Court Winona 191, CDA, Monday night at the KC Clubrooms, will go to the migrant workers of southern Minnesota. Winners in 500 were Mrs. Felix Pellow and Mrs. Gust Grise, in auction bridge Mrs. Anna Holmay and Mrs. Frank O'Laughlin; in schafkopf, Miss Rose Nepper, and in contract bridge, Mrs. William Kelberer.

Lunch was served by Mrs. Wilfred Mattison, chairman, and Mrs. Robert Nelson, co-chairman, and the refreshment committee.

The annual retreat for women sponsored by the CDA will be Aug. 19, 20 and 21. Mrs. Helen Foreman announced a rummage sale to be held in Mrs. Gust Grise's garage May 13 and 14.

Those unable to bring articles they wish to donate, may call Mrs. Jerome Starzecki, Mrs. Grise or Mrs. Fred Korupp to have the articles collected.

SOCIAL HOUR CLUB
PLAINVIEW, Minn. (Special)—Mrs. Alvin Irish will entertain the Social Hour Club at her home Thursday at 8 p.m.

ST. CATHERINE'S UNIT

WASHINGTON GUESTS
HOKAH, Minn. (Special)—Mr. and Mrs. Andrew Dickenson, Spokane, Wash., have been guests of Mr. and Mrs. R. S. Miller the past several days. Mr. Dickenson is a brother of Mrs. Miller, Sunday, the Millers drove their guests to Madison, S. D., where they will be guests of relatives. The Millers returned home the same day.

Mr. and Mrs. Ronald J. Galewski who were married at Holy Trinity Catholic Church, Rollingstone, have returned from a brief wedding trip to Milwaukee, Wis. Mrs. Galewski is the former Elaine Joan Wise, daughter of Mr. and Mrs. George T. Wise, Rollingstone, Minn., and Mr. Galewski is the son of Mr. and Mrs. Romauld Galewski, 630 E. Sarnia St. (Harold's photo)

Elaine J. Wise Wed in Ceremony At Rollingstone

ROLLINGSTONE, Minn. — Easter lilies were on the altar at the wedding of Miss Elaine Joan Wise, daughter of Mr. and Mrs. George T. Wise, Rollingstone, and Ronald J. Galewski, son of Mr. and Mrs. Romauld Galewski, 630 E. Sarnia St., at 9:30 a.m. April 16 at Holy Trinity Catholic Church here. The Rev. S. J. Majerus performed the ceremony. Miss Angela Rivers, organist, played the wedding music and Mrs. Joseph Reiland was soloist.

The bride, gowned in white nylon tulle over bridal satin, was attended by Mrs. Theresia Lehnertz, Winona, as matron of honor and the Misses Carol Wenzel, Winona, and Mary Lehnertz, Rollingstone, as bridesmaids. Carol Greden, Rollingstone, was junior bridesmaid.

The bridal gown was made with high round collar of Chantilly lace, long sleeves and floor-length skirt. The bride wore earrings, the gift of the bridegroom as was her crystal rosary, and carried a white satin-covered prayerbook on which were an orchid and Stephanotis. A crown embroidered with pearls, held her veil.

Her matron of honor was in blue and the bridesmaids and junior bridesmaid in pink. Their strapless crystal-embroidered gowns were worn with jackets of the same material, made with three-quarter length sleeves. They wore crowns of matching color, and carried daisies, the matron of honor's pink and the bridesmaids' blue. The attendants' earrings were gifts from the bride.

Thomas Lehnertz, Rollingstone, was best man and Joseph Jacob, Rollingstone, and Edward Kluzik, Winona, were groomsmen. David Greden, Rollingstone and Lambert Galewski, Winona, ushered.

A wedding dinner was served at noon at the Williams Hotel where flowers centered the table and a reception for 200 guests was held at the Winona Athletic Club. White snapdragons and pink and blue daisies and carnations decorated the club. Miss Dolores Maus and Edwin Maus, Rollingstone, furnished music during the reception.

Mrs. Francis Greden cut the wedding cake, the Misses Rita Kalmes, Carol Speltz, Betty Reisdorf and Mary Ann Speltz, served. Miss Audrey Zenk and Miss Dorothy Stockhausen and Miss Patricia Speltz were in charge of the guest book and Miss Mary Aline Speltz and Miss Gretchen Speltz of the gifts.

When the couple left on a brief trip to Milwaukee, the bride wore navy cashmere suit, pink and navy accessories and white orchid corsage.

They will go May 7 to Moffett Field, Calif., where he is stationed, and return to Winona when he completes his period of service in six months. The bride attended Holy Trinity School, Rollingstone, and has been a nurse at the Winona General Hospital. The bridegroom attended Winona Senior High School, and is in the Naval Air Force.

Prenuptial parties were given by Miss Carol Wenzel, Mrs. Paul Lehnertz and Mrs. Romauld Galewski at Jack's Place, by Miss Mary Lehnertz, Mrs. Francis Greden and Mrs. Raymond Lehnertz at the Greden home and by Miss Dorothy Stockhausen, Miss Mary Ann Speltz, Miss Audrey Zenk and Mrs. Dolores Kreidermacher, at the Stockhausen home.

MOTHER-DAUGHTER DINNER
PLAINVIEW, Minn. (Special)—The annual mother and daughter banquet of the Methodist church parsonage May 5. Tickets are available from Mrs. Clarence Kruger or Mrs. Hazel Steck. The banquet is open to all women and girls.

MILWAUKEE VISITORS
ETTRICK, Wis. (Special)—Mr. and Mrs. Roland Johnson and daughter Cheryl, Milwaukee, spent the weekend with Mr. and Mrs. Jennings Johnson, Walter J. Wall, who has a position as postal clerk at Hales Corners near Milwaukee, spent Sunday with his wife and family at Ettrick.

Miss Sheehan Elected President Of Ruskin Club

Miss Kathryn Sheehan was elected president of the Ruskin Study Club at its annual meeting and luncheon in the Hotel Winona Monday afternoon. She succeeds Mrs. R. J. Scarborough.

Other officers were re-elected. They are Mrs. P. A. Mattison, first vice president; Mrs. H. R. Kalbrener, second vice president; Mrs. Fred Boughton, secretary and Mrs. Herbert Bierce, treasurer.

Miss Louise C. Sutherland who has served as historian for many years, resigned, and Mrs. Robert R. Reed was elected historian to succeed her.

Plans for next year's programs were made, the theme to be "Interesting Places." The sum of \$5 was voted to the American Field Service fund.

Baked Goods Sale To Be Sponsored By Winona OES

The bake sale to be conducted April 30 at 9 a.m. in the H. Choate & Co. downtown store was stressed in the report given by Mrs. Ralph Biers, chairman of the ways and means committee, at the meeting of Chapter 141, OES, at the Masonic Temple Monday evening.

Mrs. Earle Welty, worthy matron, presided. Mrs. Arthur Brightman, junior past matron, and Jack Fair, junior past patron, were welcomed as was George W. Engstrom, recently elected Watchman of the Shepherds of the White Shrine at a meeting in La Crosse.

Mrs. Lyle Morcomb reported on good cheer, Mrs. Engstrom on the International OES Temple Fund and Mrs. C. E. Williams on the bake sale, which is coming to Winona May 2 through May 6. Members who can work at the Masonic Temple May 4 and 5 are to contact Mrs. Williams. Members who can donate blood, are to notify Miss Esther Barkow.

All members are reminded to have their baked goods at the H. Choate & Co. downtown store by 9 a.m. Saturday. Those wishing their donations collected are to notify any member of the ways and means committee.

Reservations for the dinner preceding the meeting May 6, are to be made by May 3 with any member of the ways and means committee.

Paul Sanders is in charge of transportation to the grand chapter session May 6. The bus will leave the Masonic Temple at 12:30 p.m. May 6, and return after the installation. Reservations must be made with Mr. Sanders by April 29. About 20 more reservations are needed to fill the second bus.

There will be a kitchen towel shower at the next regular meeting.

Substituting for the station of marshal for Monday evening was Mrs. Harold Briesath. Harry McMillen was in charge of lighting, Miss Helen Hiller, past worthy matron, will serve as acting worthy matron while Mrs. Welty is at grand chapter sessions.

Hostesses for Monday evening were Mr. and Mrs. Herbert Schladschinske, chairman; Mr. and Mrs. Harvey Hogan, Miss Marian Wheeler, Mrs. Edna Hodgins, Miss Glee Griswold, Mrs. Victor Gilbertson, Mrs. Hubert Beth, Mrs. Edward Earsley and Mrs. Austin Shira. Members of the chapter are invited to attend Friends Night at the Trempealeau Chapter meeting at Trempealeau, Wis., being held this evening.

WHITEHALL LADIES AID
WHITEHALL, Wis. (Special)—Doors will open at 2 p.m. at Our Saviour's Lutheran Church parlors Saturday, April 30, for the Ladies Aid's annual rummage and bake sale. A grab bag will be an added attraction.

ROSARY CIRCLES
WHITEHALL, Wis. (Special)—Two Rosary circles were organized last week within the Altar Society of St. John's Church. Mrs. Petta Hunter is chairman of St. Ann's Circle and Mrs. Ingvalds Knudson is chairman of St. Rose's Circle.

CHURCH WOMEN
WHITEHALL, Wis. (Special)—Women of St. John's Catholic Church will have their annual Mother's Day bake and plant sale at the Farmers' Store at 2 p.m. May 7. They will sponsor a dinner at their church June 5.

WHITEHALL PTA
WHITEHALL, Wis. (Special)—All officers of the PTA of Whitehall were re-elected at the annual meeting at the high school recently. Henry Thorsen continues as president and other officers are Mrs. S. B. Ivers, vice president; Mrs. Henrik Herness, secretary; Glen Olson, treasurer, and Mrs. Donald Warner, historian. All committees have been reappointed to serve next year. Meetings of the association are now discontinued until October.

Spring Grove PTA Carnival Friday

SPRING GROVE, Minn. (Special)—The Spring Grove PTA is sponsoring its annual carnival Friday at 7:30 p.m. in the new Spring Grove auditorium.

The stage show will be patterned after the "Hit Parade," and will feature the Al Norman Band and S. L. Johnson is master of ceremonies. Other stars appearing will be "The Slumberettes," "The Barber Shop Razor Blades" and "The Girls Trio."

The faculty and the annual staff will have side shows. As usual there will be ring toss, dart ball, basket shooting, nail driving, a fish pond and a grab bag. In addition there will be novelties for sale, spook alley, pop corn, pop, candy and lunch.

The Spring Grove PTA is hoping to make this carnival bigger and better than ever. They have purchased many things for the new school building, and have undertaken the raising of a fund for a grand piano for the new auditorium.

Recreation Classes Meet for Supper

A farewell party for members of two classes at the East Recreation Center was held at the center Monday evening. A potluck supper was served at 6:30 p.m. and the last sessions of the classes in leathercraft and textile painting followed.

Forsythia and tulips centered the table while attractive paper umbrellas marked each place. Mrs. W. W. Lowe conducted the classes and Mrs. Leona Hoepfner poured. About 30 members enjoyed the party.

CLEAN HALL

ETTRICK, Wis. (Special)—Ettrick Girl Scouts will collect paper Saturday at 1:30 p.m. Ettrick residents having papers to dispose of, are to leave the papers tied in bundles, or placed in cartons, on the steps or at the curb, to facilitate collection. Senior scouts as a community project recently spent a second Saturday afternoon in cleaning the community hall under the direction of their leaders, Mrs. Ben Erickson and Mrs. Henry Solberg.

Eyota PTA Raises \$375 for Band Uniform Fund

EYOTA, Minn. (Special) — The Eyota PTA meeting Wednesday at the Eyota High School auditorium was attended by 100. J. D. Hogle, president, reported that \$375.50 had been raised in last month's drive for the band uniform fund.

Arlis McIntosh and Margaret Keefe gave a musical duet, accompanied by Marilyn Higgins.

Rollo Armour announced that the spring concert would be May 13 with admission charged. On the committee selling tickets are Mrs.

Melvin Jones and Mrs. Donavon Daniels.

Named to a nominating committee were Mrs. La Verne Smith, Mrs. Elmer Randall and Mrs. James Plank and to an auditing committee Mrs. Fabian McConnell and Mrs. Frank Branch.

On the committee for the preschool roundup are Mrs. J. D. Hogle, Mrs. Lawrence Vrieze and Mrs. Don Pennington and named to the by-laws committee were Floyd Stocker, Harold Shea and Miss Jo Cassidy.

The guest speaker, Harry M. Reynolds, Winona, past president of Minnesota Congress of Parents and Teachers, talked on cooperation.

A panel discussion led by Mr. Hogle followed with Supt. S. L. Johnson and school board members participating. Questions from

the audience were answered by the panel members.

On the lunch committee were Mr. and Mrs. Fabian McConnell, Mr. and Mrs. Arthur Allen, Mr. and Mrs. Roy Duckson, Mr. and Mrs. William Elgersma, Mr. and Mrs. Lester Higgins, Mr. and Mrs. Cecil Head, Mr. and Mrs. Arthur Moehnke and Mr. and Mrs. Floyd Stacker.

INSTALLATION
GALESVILLE, Wis. (Special) — Installation of new officers for the Holy Name Society of St. Mary's Catholic Church is planned for the May meeting of that group. To be installed are Joseph Byrne as president, John Humfeld as vice president, Willard Beirne as secretary, Albert Brendtner as treasurer, and Lawrence Smith, marshal.

Keep in Trim

Exercise Can Reshape Figure To Slimmer Lines

By IDA JEAN KAIN

Solve this mystery: Why is it that one reducer can slip into a dress a size smaller than another reducer her same weight can wear, even though both have taken off an identical number of pounds and are the same height? The explanation is that one reducer exercised regularly and slimmed off inches while dieting to lose weight.

Since exercise is not an effective means of reducing weight,

many of you are puzzled as to just where exercise fits into a reducing program. Exercise is slimming. Diet is reducing. Slimming refers to inches . . . reducing to pounds.

If your figure has spread, but you are not actually overweight, you do not need to cut calories. Exercise will restore tone to flabby muscles. With specific calisthenics, you can reshape your measurements.

However, those of you who need to reduce must curb calories. To improve your measurements as you lose excess pounds, exercise along with dieting.

Some of you may remember the streamlining miracle of the overweight who lost 28 inches while reducing only 30 pounds! Many inquiries came in following that column, asking how this was possible.

The miracle was brought about through streamlining calisthenics. This young woman, the mother of four boys, two of school age, two younger, arose every morning at 5 in order to have time for her 30 minutes exercise period. Again, here are the exact measurement changes accomplished: Bust, from 40 to 35; waist, from 33 to 28; abdomen, from 44½ to 36; hips from 43½ to 37½; thighs, from 25 to 21½.

She reduced from 172 to 142 pounds. Her height is 5 ft. 5 in. Her doctor had given her permission to swing into calisthenics . . . which she certainly did — slimming 8 inches off the stomach (abdomen); 6 inches off the hips and 5 inches off the waistline, plus the other places.

Since there is a 2-inch difference through the important measure-

ments from one dress size to the next, it is easy to figure why this reducer could wear a dress two sizes smaller than another reducer who had lost a total of 30 pounds but failed to exercise.

Not all overweights can take vigorous exercise. However, streamlining exercises need not be rugged. A smooth stretch with a slow motion side-bend takes little effort but slims the important middle measurement. If the doctor approves of exercise for you, take advantage of precision calisthenics . . . they work wonders.

Send long, stamped, self-addressed envelope for illustrated exercise leaflets Wake Up and Stretch and For a Slimmer Waist. Address request to Ida Jean Kain, care of The Winona Daily News. Post card requests cannot be answered.

WCS MEETING

DAKOTA, Minn. (Special) — The WCS will meet Thursday at 2 p.m. at the home of Mrs. Harold Brostrom.

SCOUT LEADERS

BLACK RIVER FALLS, Wis. (Special) — Girl Scout leaders from Sparta, West Salem and Melrose were special guests of the Black River leaders Monday afternoon at the Girl Scout cabin here where 25 demonstrations were given. Last weekend 20 of the Black River Falls senior Girl Scouts attended the annual Senior Girls Spring conference at Sheboygan. Mrs. Clement Fontaine, senior Girl Scout leader, was in charge. The senior scouts are selling tickets to a play they will present May 20. Mrs. Donald Holl is in charge.

Do You Read Them?

Many readers of The Daily News turn to the classified pages before anything else. Some are watching for bargains, others have something to sell and are looking for good buyer-prospects, others are thinking of changing jobs or need help, and there is the host of in-born shoppers drawn by some mysterious power to the classified section. The important thing to remember is that this is a big clearing house for the farmer and the city folk. And the nice thing about it, when you have something to sell, is that you can depend on a big reader audience each day, so, when you have something to sell to farmers or to city folks, depend on The Daily News classified section to find the buyer. And when you're in the market for supplies, equipment or other goods or services, look first to these pages to fill your need.

Suitcase Farmer Termed Menace To Great Plains

DENVER, U.S. — The "suitcase farmer" was pictured in the central Great Plains today as a menace to the nation equal to the dust storms that now plague the area.

At least this was the word picked up by Secretary of Agriculture Benson as he started a two-day motor tour through the plains to ascertain extent of damage caused by drought-provoked wind erosion.

"If you don't keep the real farmer on the land, he'll have to sell out to the suitcase farmer and move to town to seek work," farmers told the secretary at a meeting here last night.

The term "suitcase farmer" is usually applied to city residents who buy up land from distressed owners and hold it for speculative farming operations.

Benson was told that the non-resident operator takes less care of the land than does one who lives on it. The resulting misuse of the land, they said, could cause an intensification of present wind erosion problems.

The cabinet officer said the present siege of dust storms could be laid in part to drought and to a plowup of grass lands. But much of the responsibility for this plowup, he said, must be borne by the federal government because it encouraged extended wheat production during the war.

"This is a national problem," Benson said. "The government has a moral responsibility to help solve the problem. I don't want to see the spirit of our rural people broken. I want to do all that I can to see that it is not broken."

Alarm Clocks Get Rabbits Up for Test

LAS VEGAS, Nev. — How do you keep a rabbit awake to help solve an atomic problem?

Dr. E. B. Doll, director of weapons effects for the armed forces special weapons project, told civil defense representatives yesterday.

A test of the effect of the unearthing brilliant light on eyes was to be made and rabbits were chosen for one of the atomic tests conducted in Nevada.

The rabbits were put out in pens, facing the shot tower. But the rabbits had to be placed in position well before the pre-dawn shot. And the probability was they would be sound asleep when the explosion came.

The solution?

Alarm clocks in the pens, set to go off a moment before the explosion.

GLENCOE HUSTLERS 4-H

ARCADIA, Wis. (Special) — A movie, "How To Catch A Cold," was shown to the Glencoe Hustlers 4-H Club at its meeting. First aid booklets were distributed to members and it was voted that flowers be placed in churches of members on National 4-H Sunday, May 15. Lunch was served by Mrs. Joseph Boland and Miss Lois Krackow.

Serving in The Armed Forces

The families of servicemen from Winona, Southeastern Minnesota and Western Wisconsin are invited to send news about them—assignments, addresses, promotions, transfers, leaves, etc.—for use in this column. Pictures will be returned, if requested. Address: Servicemen's editor, The Winona Daily News.

Women who are juniors in an accredited college or university may now apply for enlistment in the Women's Army Corps (WAC) Reserve and concurrent order to active duty for six weeks' officer training between the junior and senior years of college preliminary to filing application for appointment during their senior year in college.

Applicants must be less than 28 years old, single (except those with prior service), not have children or dependents under 18 years of age and must meet the physical, mental and moral requirements of the military service. Enlistments under this program will be made in the grade of corporal. Applications will be accepted at the Minnesota Military District, 1006 W. Lake St., Minneapolis, through May 7. The training period will start July 1.

Pfc. Ralph K. Ives, son of Mr. and Mrs. Ralph B. Ives, 573 W. Broadway, recently arrived in Germany for duty with the 182nd Ordnance Company. A parts clerk with the unit, he attended Winona Senior High School before entering the Army in 1952. Pfc. Ives took basic training at Ft. Campbell, Ky., and also was assigned to duty at Ft. Sam Houston, Texas.

M. Sgt. and Mrs. J. C. Skarstad and Mrs. J. C. Skarstad at Holmen, Wis., over the weekend. The Skarstads recently moved to Holmen from Winona. Sgt. Skarstad has been transferred from the Randolph Field Air Force Base, San Antonio, Texas, to Iowa State College, Ames, Iowa, for duty with an Air Force Reserve Officers Training Corps detachment.

A Winona and two area men recently participated in an efficiency test conducted by the 1st Infantry Division's 7th Field Artillery Battalion in Germany. The men are: Pfc. Marilyn C. Olson, 21, son of Mr. and Mrs. C. O. Olson, 466 Glenview Ct., Winona; Cpl. LeVern J. Haines, 21, son of Mrs. Susie K. Haines, DRESBACH, and Cpl. David H. Caldwell, 22, son of Mr. and Mrs. Phillip Caldwell, HARMONY. The test involved positioning and firing 105-millimeter howitzers, coordinating infantry-artillery movement and establishing a perimeter defense against infiltration. Pfc. Olson, who attended Winona State Teachers College before entering the Army in September 1953, is assigned to the battalion's battery C, Cpl. Haines, who took basic training at Camp Chaffee, Ark., was employed in La Crosse while Cpl. Caldwell farmed before entering the Army. He is a clerk in the battalion's headquarters battery.

Navy Lt. (jg.) Daniel H. Schulz, son of Mr. and Mrs. Herman Schulz, 503 E. Howard St., has returned to the Barbers Point (Hawaii) Naval Air Station with a 6-month tour of duty in the Alaskan area. Lt. Schulz has recently been named commander of one of the squadron's "Neptune" patrol planes.

Cpl. Robert Pellowski, returned to duty at the Marine Corps base at Barstow, Calif., after spending a 30-day furlough at the home of his parents, Mr. and Mrs. D. P. Pellowski, 68 W. Sanborn St. Cpl. Pellowski arrived in San Francisco on March 6 after serving 14 months in Japan and Korea. His new address is: Svc. Branch, Motor Pool, Marine Corps Supply Center, Barstow, Calif.

PEPIN, Wis. (Special) — Lyle Sundquist arrived home Sunday from Ft. Lee, Va., to spend a two-week furlough with his mother, Mrs. Nona Sundquist.

Pvt. Robert L. Winberg has completed a two-week training course. Bruce Engel, son of Mr. and Mrs. Lloyd Engel, has received his discharge from the Navy. He enlisted

ed in April 1951 and took boot training at Great Lakes, Ill. He served aboard mine sweepers on the East Coast. Engel, his wife and daughter are en route home from Charlotte, N. C.

David Dutcher left Friday to return to duty in California after spending a 30-day furlough with his parents, Mr. and Mrs. George Dutcher Sr.

RUSHFORD, Minn. — A.J.C. Edward H. Mortenson, son of Mrs. Thelma Mortenson, is spending a 10-day furlough here and in Chalfield after completing a basic training at the Parks Air Force Base, Oakland, Calif. After the furlough, Airman Mortenson will report to the Keesler Air Force Base, Biloxi, Miss., to attend radio and radar school.

Pfc. Raymond A. Kjos, son of Mr. and Mrs. Norman T. Kjos, is attending a six-week course at the Army's Infantry School, Ft. Benning, Ga. A member of the 503rd Airborne Infantry Regiment, 11th Airborne Division, Ft. Campbell, Ky., Kjos has completed the basic airborne school at Ft. Benning and is now a qualified parachutist.

GALESVILLE, Wis. — The new address of Pvt. Kenneth A. Poss, son of Mr. and Mrs. Roy Poss, is: Co. A, 94th Engr. Const. Bn., APO 46, New York, N. Y. He is serving in Germany.

ETTRICK, Wis. (Special) — The new address of A.J.C. Max Paine is: 31st Rescue Squadron, APO 74, San Francisco, Calif. He is the son of Mr. and Mrs. Arnold Paine, South Beaver Creek.

MELROSE, Wis. (Special) — Sgt. Myron Anderson now is stationed in Korea. He stopped in Hawaii and Japan en route to Korea.

SPOKEN FAIRLY

By MARGARET LATROBE

The State Department is asking Congress to increase its "funds for entertainment." In other words, the diplomats are short of hard likker and the customers don't like soda pop.

The swindle sheet — laughingly referred to as the "expense account"—as we all know, is heavily frightened with items for entertaining customers. Not only does big business find it expedient to provide certain libations to the pain of the customer, but Uncle Sam also has his pals connected with the old schnappe.

If you have read the text of the Yalta papers, as every good citizen should, it pops right out in print that diplomacy isn't all work and no play. There is the matter of drinking toasts to your boys, to our boys, to their kindfoks, the south forty, Mother's Day and Guess Who Will Start the Next War. These are not drunk in sarsaparilla, friends.

Takes money to buy it, and the diplomats are kicking because they are not well enough supplied. Step up to the cupboard to pour a highball for the visiting delegation and find only three fingers of firewater in the jug? Deplorable situation! Here is the country which advertises itself as the biggest and best, the richest and most generous. "Boss, I ask you, I want me to look cheap? You think I should run a still, mix it at home, or something? Can't our division get a liquor allowance big enough to entertain as well as our competitors?"

The over-all request to Congress was for \$750,000. I hope the honorable gentlemen remember that this sum will buy about four times as much abroad as it will within our continental limits. Taxes, you know. Duties, and more taxes make a good grade of Scotch hover lovingly around six dollars a fifth. But where the diplomats will be mixing in the fizz water, the same liquid sells for a dollar or two—depending on the country where drunk. That is, where consumed.

Congress is having enough trouble without hearing from me about I would enjoy them bring (1) increase 10-fold the present liquor allowance, if there is any small chance that a state of me-low acquiescence might ensue among the "customers" being "entertained," and (2) mayhap revive that quaint mid-Western custom called B.Y.O.L., which means bring your own liquor, and is designed to let the host off easy yet provide ample supplies for getting sous for having an agreeable evening.

Russia Agrees To Meeting on Austrian Pact

MOSCOW, U.S. — Russia agreed today to a meeting of Big Four ambassadors in Vienna to settle final details of an Austrian state treaty.

Representatives of Austria would also take part in the talks which were proposed by Britain, France and the United States in identical notes to the Soviet government on April 22.

The Western powers had set next Monday as the date for the meeting of ambassadors. This date was agreed to by the Soviet Union.

The Soviet government, in notes to the three Western governments, said it did not believe a conference on the ambassadorial level was really necessary, but added it was willing to go along since the West felt such a meeting was needed.

Russia declared that in its view there were no outstanding problems on an Austrian treaty which could not be solved when the Big Four foreign ministers get together at a later date.

Red Wing Voters Re-elect Mayor, Four Aldermen

RED WING, Minn. — Mayor Harry Rardin and four incumbent aldermen were back for new terms after Monday's city election. The balloting attracted only 1,742 voters out of a registration of 5,781.

Rardin had an easy 1,247-484 victory over his challenger, A. F. Suskovic. Winning new terms in the City Council were Seth Withers, John D. Friedrich, Alvin Johnson and Clarence Peterson, all incumbents. David C. Johnston went into the second ward seat unopposed, succeeding a man who did not file.

Municipal Judge Elmer Tomfohr, O. A. Bandelin, the treasurer, and two school board members, Mrs. Lucille Harris and Dr. Gordon Lee, also were returned without opposition.

Hokah School Board Announces Teachers

HOKAH, Minn. (Special) — The Hokah Board of Education has announced the staff of teachers for the 1953-54 school year.

Included are Clare Rood, Brownsville, principal; Mrs. Florence Gauds, Houston, grades 5 and 6; Mrs. Charles Sauer, grades 1 and 2; and Mrs. R. Lenartz, La Crosse, grades 3 and 4.

A part-time teacher is being considered. Rood will be the first male teacher in school for more than 25 years.

Gateway Area Council To Meet at La Crosse

WHITEHALL, Wis. (Special) — Boy Scout leaders and scouts are planning to attend the annual meeting of the Gateway Area Council at Logan High School, La Crosse, Thursday, beginning with a potluck supper at 6:30.

There will be no district meetings and roundtables for the DeCora and Buffalo districts during April.

Eleven patrols representing six units recently participated in the annual Trempealeau-Beauregard district first aid contest, held at Whitehall. Winning patrol was Crew 1 of post 65, Mondovi, which placed 1-A with a score of 737. Runnersup were Antelope patrol, post 61, Galesville, first with a score of 628; Crow patrol of troop 86, Ettrick, second, 503; Flaming Arrow patrol, Galesville, third, 581; Eagle patrol, Galesville, fourth, 579; Beaver patrol, troop 78, Whitehall, fifth, 544; Lion patrol of troop 54, Alma, sixth, 517; Bobwhite patrol, troop 86, Ettrick, seventh, 484; Muskrat patrol, Alma, eighth, 484; Flaming Arrow, troop 52, Blair, ninth, 485 score; and Beaver patrol, Alma, 10th, 436.

Mankato Council Picks New City Manager

MANKATO, Minn. — Harold B. Vasey, 60, was named as Mankato's new city manager Monday night by a City Council vote of 5-2. Vasey presently holds a similar berth at Carlisle, Pa. He was one of three candidates for the job here.

Vasey succeeds Herbert J. Matson, Mankato, who has been acting city manager since Feb. 15. The berth pays \$8,000 a year plus \$50 per month car allowance.

Parents Say Prayers Aiding Sick Child

CHICAGO, U.S. — The parents of little Gayle Russell, who was in a coma a month, say the prayers of Protestant, Jewish and Catholic congregations have helped her recover from sleeping sickness.

The 6-year-old girl was stricken with encephalitis two weeks after an appendectomy and lapsed into a coma. For more than a month she couldn't talk, could barely move her limbs and didn't recognize her parents. Doctors gave her only a 50-50 chance for recovery.

She began coming out of the coma Saturday and was able to talk yesterday.

AT FB CONFERENCE

CALEDONIA, Minn. (Special) — Leroy Eikens attended a Farm Bureau insurance conference at St. Paul last week.

Dr. Raymond Shows Wild Flower Slides To Scout Leaders

Dr. M. R. Raymond, chairman of the Division of Science and Mathematics at Winona State Teachers College, talked and showed slides of more than 50 varieties of wild flowers found in this vicinity at the April meeting of the Girl Scout Leaders Association Monday evening at the YWCA.

During the past 15 years, Dr. Raymond has made a hobby of photographing the flowers common to this locality within a ten-mile radius of Winona. As a result, he has accumulated a rare collection of outstanding slides.

Troop camping plans were discussed and a film entitled, "Let's Go Troop Camping," with Mrs. Norman Thingvoll as narrator, was shown.

Plans were made for the leaders' workshop at the Girl Scout camp scheduled for May 16. Leaders will congregate that day to help ready the camp for the summer's camping activities.

Hostesses at this meeting were Mrs. Charles Dean, Mrs. Raymond Sebo and Mrs. James Sweazey, Girl Scout volunteers of Jefferson School.

The Winona Girl Scouts are a Red Feather Agency of the Winona Community Chest.

Ridgway Warns Red Army Biggest In World Today

WASHINGTON, U.S. — Gen. Matthew B. Ridgway says the Soviet army is "the most powerful land combat force in being today."

Ridgway, U.S. Army chief of staff, gave that estimate of Russian land strength during February testimony at a closed door session of a House Appropriations subcommittee. Ridgway's testimony was made public last night.

He said the Soviet army is in an "excellent over-all state of combat readiness" and is "equipped and disposed to undertake a major war with little warning."

He said Soviet forces have been given "atomic warfare training" along with their conventional military exercises. He spoke of a "substantial improvement" in the "mobility, firepower and combat readiness" of the Russian army.

Moreover, he said, other Communist armies in Asia and Europe are being brought up to date with Russian help and "are gradually being molded into effective modern forces."

Ridgway, who has been outspoken in opposing Army manpower reductions, related that the Army had nearly completed its budget requests based on a reduced "atomic warfare training" of 1,175,000 by mid-1955 when Secretary of Defense Wilson directed him to trim his plans to 1,102,000. This cutback is expected to save 940 million dollars in the year starting July 1.

Assistants Given At Marquette University

The assistantship in physics won by John W. Scholmeier, Winona senior, at St. Mary's College, is at Marquette University, Milwaukee, not at St. Mary's as announced Monday.

BUY WHITEHALL HOME

WHITEHALL, Wis. (Special) — Mr. and Mrs. Maynard Seix have purchased the G. M. Steig residence on Abrams street and took possession last week. Mr. and Mrs. Steig are planning to build a one-story home on the same street but south of the Miss Mae Weeks residence, on a lot purchased from C. B. Melby.

CAMPAIGN AT DODGE

DODGE, Wis. (Special) — Mrs. George Hoesley, Dodge chairman for the Easter seals sale for crippled children, reports collections of \$18.25.

FIRE AT LANESBORO

LANESBORO, Minn. (Special) — The Lanesboro fire department was called at 11:30 a.m. Sunday to extinguish a chimney fire at the Edward Brekke farm home just outside the city limits north of town. There were no damages.

WABASHA CO. VETERANS

PLAINVILLE, Minn. (Special) — Wabasha County Veterans Service Officer Fred W. Nettekoven will attend the State Department of Veterans Affairs conference at St. Paul Wednesday through Friday. His office at Wabasha will be closed those three days.

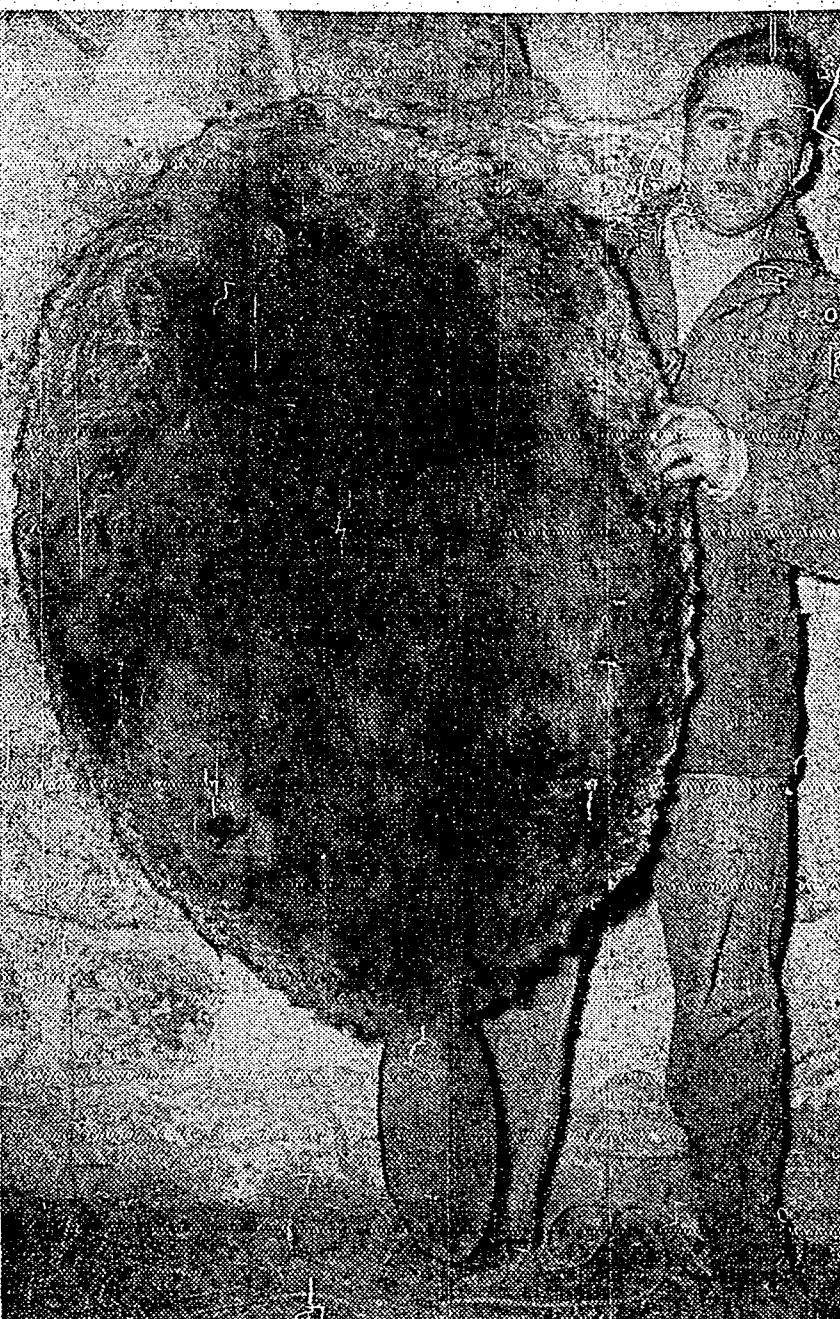

NORTH BRANCH 4-H

WHITEHALL, Wis. (Special) — The chief topic of discussion at the last meeting of the North Branch 4-H club was safety. Members decided to purchase safety tape to be placed on tractors, wagons and other vehicles so they can be easily seen along the highways if used after dark.

DAGGETT 4-H Club

WHITEHALL, Wis. (Special) — A speaking contest was held at the last meeting of the Daggett 4-H Club. In the junior group Paul Ringling placed first, Ardel Fremstad, second and Arnold Aasen, third. Senior group winners were James Ringling, first, and Ralph Ringling, second. The first place winners in both groups will compete in the Trempealeau County 4-H speaking contest at the court-house May 2. The club will collect paper and rags one of the first Saturdays in May. Any one having paper or rags to discard should notify Ansel Hagen, Whitehall, or Orville Fremstad, Pigeon. Next meeting will be May 9 at the Ansel Hagen home.

VOICE of the OUTDOORS

Beaver Blanket

This five-foot, nine-inch beaver blanket came from a 67-pound animal taken in the Whitman Dam area during the present open season. Richard Rolbiecki of Bass Camp at the Whitman Dam, who caught the big fellow, is holding it in the above picture made by Edna Greer of the Harold Studio.

Rolbiecki had nine of the beaver taken during the season tagged Sunday. Before a Minnesota beaver can be marketed, it must be sealed by a Minnesota warden. The sealing cost is \$1. Warden Ronald Shager has sealed 45 beaver to date. The season runs into May.

Wisconsin Opening

The opening day trout fishermen from the counties along the river will head for Wisconsin because of changes in fishing regulations. Wisconsin this year has thrown out the 10 a.m. opening and established a midnight opening. The lid will go off their trout season at 12:01 a.m., which is one minute after midnight.

Minnesota has done just the opposite. It has thrown out its one hour before sunrise opening for a 10 a.m. opening. Both states open their trout seasons Saturday. The change was made by the present session of the Minnesota Legislature, so it will be two years at least before Minnesota can return to a sane trout opening. Whoever heard of a trout season opening in the middle of the forenoon until some Wisconsin public relations man sold it to that state's conservation director? It apparently went out with the director, after about five years of experimenting.

Many local trout fishermen who normally purchase a Wisconsin non-resident license anyway, this year will open their fishing on the nearby streams of Buffalo, Trempealeau or Jackson counties. The 1953-54 Wisconsin non-resident licenses are now available at most sporting goods stores and cost \$5.

Unlike Minnesota, Wisconsin has a size limit of six inches on its trout and a creel limit of 10 a day. Lake Minnesota, Wisconsin does extensive stocking under a "put and take" program. During the past few weeks, fishery trucks have planted in the better trout creeks a supply of fishable size trout.

So this weekend before the first rays of daylight crack through the night in the east, Wisconsin trout fishermen will be near the deep holes in the creeks waiting for enough light so the trout can see to strike. It will be a new thrill to a lot of youngsters, but the old timers will say, "This is wonderful—this is real trout fishing again."

Wisconsin Inland Waters

Otherwise Wisconsin inland water regulations are pretty much the same as during past seasons. There are two fishing zones, one north and the other south of Highway 29. In the south zone, the walleye, northern and catfish season opens Saturday. The north zone season opens May 14. The bass season in both zones opens June 18. Crappies, sunfish, perch, bullheads and rough fish seasons are open the year around.

Locally, however, most pike fishing will be directed toward the Mississippi where the general fishing season opens on Saturday for all common game fish including bass. With water conditions now

New General Heads Aid Defense Command

WASHINGTON, U.S. — The Air Force announced last yesterday that Gen. Earle E. Partridge will head the Continental Air Defense Command and that Lt. Gen. Laurence S. Kuter will succeed him as air commander in the Far East.

Kuter is head of the air university at Maxwell Air Force Base, Ala. Partridge, who has been Far East Air Force commander since last year, will replace the retiring Gen. Benjamin W. Chidlaw.

MONTANA PIONEERS 4-H

ARCADIA, Wis. (Special) — When the Montana Pioneers 4-H Club met at the Norman Camero home, rotation talks were given by Alvin Guenther, Richard Berger and Wayne Flury. A program will be given at the Lincoln School, May 15 in the evening, as a part of the national 4-H Sunday observance. The club presented three music numbers and one four minute speech. Jon Flury's taps recorded speech was "Conservation of Wildlife." Faye Rosenow, Nancy Hayes, Karen Flury, Karen Berger, Dawn Allemen, Judene Guenther, Alvin Guenther, Gene Camero, Jerry Hayes, Byron Buchli, LaVern Doerner, Gary Luethi, Cheryl Halverson and Rodney Allemen presented a novelty, "Ten Little Indians." Wayne Doerner and Sharon Doerner, Wayne Flury, and Melvin Camero sang "Molasses, Molasses," and Cheyenne Flury sang a solo, "Open Up Your Heart," accompanied by all the members of the club and the pianist, Sharon Luethi.

Ad Club Makes Prize Award To Winona Girl

A Winona girl placed fourth in the Hiawatha Valley Advertising Club's recent essay contest among high school students in this area, it was announced Monday evening at the club's monthly meeting at the Oaks.

She is Mary Kay Buscovich, daughter of Mr. and Mrs. Thomas Buscovich, 523 E. 5th St., who attends Cotter High School. Mary received a \$5 cash award as did the other contest winners, with the exception of Monica Schmitz of Rochester who won a portable typewriter as first prize.

The essay contest attracted a large number of entries from the high schools of La Crosse, Winona, Rochester and others. Club President F. J. Marin reported. The contest was conducted in conjunction with National Advertising Week and the subject discussed was "How Advertising Affects Our Lives." The first prize winner is automatically eligible to compete in the national contest.

May Lower Dues

A short business meeting disclosed that in the future there may be lower club membership dues and associate and retail memberships, also available at lower dues. These matters are still under consideration, however, Marin said. It was also announced that the next meeting would be at Rochester.

Speakers were Phil Duff, manager of the Red Wing Republican-Eagle, and Bob Houge, businessman and photographer from Cannon Falls, who recently visited India. The two men showed color slides of India and discussed newspapers, advertising and general conditions in India.

Duff said that while the Indians are very hospitable, friendly and helpful, the country is unbelievably backward with no nationwide distribution of products, few newspapers and almost no stores as we know them here in this country. Part of this backwardness is due to the number of different languages spoken in India, Duff said. The only really common language, he said, is English which most of the even partially-educated can speak.

There is no such thing as brand name products in India and thus not much national advertising. Most of the advertising in newspapers is government advertising. Everything is grown or made locally and sold in small open-air shops. Camel caravans are a common sight in many parts of India where the main modes of transportation are trains, airplanes and bicycles, Duff said.

Newspapers, the two men said, are almost a rarity and small. In one town with 150,000 population there was no daily paper, only two weeklies. Another town of 300,000 population had a four-page daily newspaper with only 15,000 circulation. One of the reasons for this is that the number of different languages makes it difficult to

THE MILWAUKEE ROAD

The Daily Record:

Municipal Court

John C. Kauphusman, 19, 873 E. Broadway, forfeited a \$10 deposit on a charge of permitting an unlicensed driver to operate a motor vehicle. He was arrested by police at 9:46 a.m. Monday, after his car, driven by an unlicensed person, was involved in an accident. Edward Przybylski, 357 Chatfield St., forfeited a \$3 deposit on a charge of driving through a red light at East 3rd and Lafayette streets. He was arrested by police at 10:32 p.m. Monday.

Parking deposits of \$1 were forfeited by D. J. Raciti, Edwin Buck, Elsie Tomaszek and Edward Trzebiatowski, for meter violations; Lloyd Peterson, for overtime parking; Ralph Kosterman, for improper parking, and Miss Fern Kinzie, for double parking.

WHITEHALL, Wis. (Special)—

Adrian Lisowski, Arcadia, appeared in justice court before P. M. Paulson here Monday and pleaded guilty to a drunken driving charge. He was sentenced to pay a \$100 fine and \$6.95 costs or 60 days in the Trempealeau County Jail. His license also was revoked for a year. Lisowski was arrested Monday in the town of Arcadia by James Myren, Osseo, Trempealeau County traffic officer.

MARRIAGE LICENSES

Duane P. Zenke, Dakota, Minn., and Lois A. Papenfuss, Lamolite, Minn.

Weather

The Mississippi will continue to fall throughout the entire district. All tributaries will fall unless locally heavy rainfall occurs.

reach a large number of readers with one paper. Also, the lack of advertising makes it difficult to support a paper. Most newspapers in India, the two men said, are political organs for wealthy individuals or parties. Russia exploits this by circulating propaganda papers.

The largest newspaper in India is the "American Reporter" which is put out by the American Information Service. It is distributed free and has a circulation of 300,000.

Despite the backwardness of India, there are signs of progress, Duff said. An enormous amount of building is being done. One man told him that 15 years of peace are needed by India to progress further and to make freedom meaningful. The Indians view the world struggle as an economic one and are suspicious of the United States' policies which they feel are based upon a military struggle for power. They point out our armed intervention in the Formosa problem as an example.

WILLIS CO. Announces Free Protection For Customers' Oil Storage Tanks

Your heating oil storage tank faces a big danger—RUST which forms inside the tank as a result of accumulation of moisture.
Rust spells trouble. It causes costly leaks.
That's why we put Shell SONITOR in every customer's storage tank. Sonitor is a new chemical product that protects against rust and corrosion. Sonitor not only stops old rust from spreading, but prevents new rust from forming. This is a free service for all our customers who use Shell Furnace Oil. We'll be glad to include you, too—just give us a ring.

Two-State Deaths

Mrs. George L. Mehringer
FOUNTAIN CITY, Wis. (Special)—Mrs. George L. Mehringer, 57, died at 6:30 a.m. Monday at her home here after a lingering illness. Mrs. Mehringer was born Nov. 15, 1897, at New York City. She was the former Myrtle Steen and was married to George Mehringer Nov. 21, 1923, at Bremen, N.D. Survivors are: Her husband; two sons, Gordon, at home, and Ralph, La Crosse; a sister, Mrs. Louis Munklewitz, Long Island, N. Y., and her foster father John G. Steen, Fargo, N.D.

Funeral services will be held at 2 p.m. Thursday at the Florin Funeral Home, the Rev. A. L. Menckie, Winona, officiating. Burial will be in Fountain City Cemetery. Friends may call at the mortuary from Wednesday noon on.

Mrs. Inga Vick
ETTRICK, Wis. (Special)—Mrs. Inga Vick, 82, died at Madison Thursday.

Funeral services were held at Madison Saturday, with burial in Rose Lawn Cemetery.

The former Inga Johnson, Mrs. Vick was born in Jo Coulee, Town of Ettrick, in 1873, the daughter of Mr. and Mrs. Lars Johnson. Her husband, Alfred Vick, is dead. She had made her home at Madison for more than 30 years.

Survivors are two daughters, Mrs. Kenneth McCredie and Mrs. Melvin McCredie, both of Madison; six grandchildren and eight great-grandchildren.

Mrs. Elmer Husmoen
GALESVILLE, Wis. (Special)—Funeral services for Mrs. Elmer Husmoen, 68, Winona, former Galesville resident who died Sunday afternoon at the Winona General Hospital, will be held at 2 p.m. Wednesday at the Smith Mortuary here, the Rev. Harold Wisner officiating. Burial will be in Green Mound Cemetery near Holmen.

Mrs. Husmoen was born March 31, 1887, at Waukon, Iowa. She was the former Bertha Taylor. She spent her early life in Galesville and moved to Winona 11 years ago after her second marriage.

Survivors are: Her husband; a son, Claus Vander Laan, Galesville; three daughters, Mrs. Allison (Mae) Pickering and Mrs. Vilas (June) Jacobs, Galesville, and Mrs. Raymond (Ella) Schallow, Milwaukee; 10 grandchildren, and three great-grandchildren. Friends may call at the mortuary from 7 to 9 p.m. today.

Byron L. Hutchins
INDEPENDENCE, Wis. (Special)—Byron L. Hutchins, 89, died Monday afternoon at the Whitehall Community Hospital.

Funeral services will be held Thursday at 2 p.m. at the Independence Methodist Church, the Rev. Fletcher Bennett officiating with burial in Greenwood Cemetery. Friends may call at the Winona General Home, Paltheaters will be R. C. Warner, John Mark Olson, Mort Dusenberry, Myron H. Olson, Adam Garthus and Robert Gillilan and Lester Senty.

Born Sept. 22, 1865, in Traverse Valley, west of Independence, he resided on a farm with his parents until moving to Independence in 1876. Hutchins was an insurance and real estate agent for a number of years. He was a charter member of the Modern Woodmen of America.

He married the former Miss Bertha Taylor.

tha Arnold Feb. 26, 1899. She died Sept. 12, 1948.

Surviving are: Two sons, Lee and Earl, both of Independence; two grandchildren and one great-grandchild.

John D. Lyon

HOKAH, Minn. (Special)—John D. Lyon, 91, who moved to Hokah just after the Civil War and lived here from time to time since, died April 2 in a Los Angeles hospital.

He was born Nov. 11, 1863, at McGregor, Iowa, the son of Mr. and Mrs. Levi T. Lyon. They moved to Grand Crossing, Minn. (now La Crosse) in 1883 and to Hokah in 1888. John farmed here and later worked in grain elevators in South Dakota and as a railway postal clerk out of Duluth. For the last several years he had resided in California.

He married Grace Cole Aug. 28, 1889. She died April 29, 1942. Survivors are a daughter, Mrs. Marguerite Murillo, Bellflower, Calif., and her family.

Mrs. Mary Proudly Berry
BLACK RIVER FALLS, Wis. (Special)—Mrs. Mary Proudly Berry, 85, a former Money Creek, Minn., resident, died Monday morning at the Krohn Hospital here following a brief illness.

Funeral services will be held Thursday at 2 p.m. at the Money Creek Baptist Church with burial in the church cemetery. The Jensen Funeral Home, Hixton, is in charge of arrangements. Her husband, Nathan Berry, died several years ago.

A recent resident of Alma Center, she is survived by two daughters, Mrs. Paul (Gladys) Ledebuhr, Mondy Creek, and Mrs. Myrtle (Noreen) Black River Falls; five sons, Gilbert and Ivan, Muskegon, Mich.; Clifford and Roy, Taylor, and Francis, Black River Falls, and 22 grandchildren.

Mrs. Herman Krackow
ARCADIA, Wis. (Special)—Funeral services for Mrs. Herman Krackow, 65, who died Sunday at the Lutheran Hospital, La Crosse, will be held Wednesday at 1:30 p.m. at the Wiemer-Killian Chapel and at 2 p.m. at St. John's Christ American Lutheran Church, the Rev. Marvin Benning officiating. Burial will be in Glencoe Lutheran Cemetery. Friends may call at the funeral home until the time of services.

Mrs. Krackow was born Aug. 20, 1889, in the Fountain City area, the daughter of Mr. and Mrs. George Koehler. She was married to Herman Krackow Nov. 20, 1919.

Surviving are: Her husband; two brothers, George, Tucson, Ariz., and Fred, Arcadia, and 10 nieces and nephews. Her parents and a son are dead.

Mrs. Carlus Selvig
HARMONY, Minn. (Special)—Funeral services for Mrs. Carlus Selvig, 71, who died Saturday at the Harmony Community Hospital, were held Monday at the Peterson Funeral Home and the Harmony Methodist Church, the Rev. C. L. M. Peterson officiating. Burial was in Newburg Cemetery.

Mrs. Selvig was born at Mabel Nov. 10, 1883. The former Blanche Mae Hellickson, she was the daughter of Mr. and Mrs. Henry C. Hellickson. She lived in Mabel until her early teens when the family moved to Minneapolis. She graduated from South High School there, the Minneapolis School of Music and the University of Minnesota. She taught in Caledonia, Buffalo and Sleepy Eye, Minn., and Everett, Wash.

She was married to Dr. Selvig.

Ambrosen Slated For Board Again

John Ambrosen

The Park-Recreation Board Monday recommended reappointment of John Ambrosen, 213 W. Howard St., as the board's representative to the John Latch Memorial Board.

The four-year appointment is subject to the approval of the District Court judge, under the deed by which the memorial board was established in 1915.

Ambrosen is president of the five-man board. Roy G. Wildgrube is secretary pro tem. Other members are: A. J. Bambenek, representing the Winona General Hospital; J. Russell Smith, Woodlawn Cemetery Association; E. J. Sievers, bath board, and Mayor Loyde E. Pfeiffer.

of Harmony Sept. 20, 1911, and she lived here the rest of her life.

Survivors are: Her husband; two daughters, Mrs. Oliver Althoff, Cannon Falls, and Mrs. Arver Thorne, St. Paul; three grandchildren, and two sisters, Mrs. Harry Sanders, Huron, S. D., and Mrs. Eva Seager, Minneapolis.

East-West Meetings to Test Early Major League Strength

By ED WILKS

The Associated Press

Now comes the first test of power in the American and National League pennant races.

Milwaukee and St. Louis get a first-hand look at all this early nonsense by Brooklyn in the National. And the New York Yankees

see what's new with the Chicago White Sox and Cleveland.

The first East-West meetings of the season open today and tonight, but only the Yankees and White Sox get right down to business. They play a day game at Comiskey Park. The rest of the AL schedule sends Washington into Cleveland, a point of no return for the Sena-

tors, and Baltimore to Detroit this afternoon with Boston at Kansas City tonight.

In the National, Milwaukee and St. Louis get around to Brooklyn in a few days. Tonight, the Braves are at the Polo grounds against the New York Giants and the Cards are at Philadelphia. Cincinnati is at Brooklyn and Chicago

at Pittsburgh in another night pair.

Milwaukee comes East with Bobby Thomson in fine shape, its pitching as good as expected and only 2½ games behind the Brooks despite the Dodgers' 11-2 mark. Manager Leo Durocher, still 5½ games off the pace, figures his lads are "all straightened out" now. He'll go with either Ruben

Gomez (0-1) or Johnny Antonelli (0-2). Bob Buhl (1-0) goes for Milwaukee.

The Cardinals, packing some relief help for a change, run into Robin Roberts (2-1), trying for a "comeback" after getting slugged off his winning streak by the Brooks. St. Louis, a game behind the Braves, goes with Harvey Had-dix (1-0).

Cincinnati's Redlegs, up to their necks in a hitting slump, send their reluctant swatters against Russ Meyer, the Brooklyn right-hander who's only a .505 bat at best against the Redlegs. Corky Valentine (0-0) works for Cincinnati.

Cleveland, with pitching trouble for a change and winning but one of the last four, tries to fatten up on Washington. The Senators

haven't won in Cleveland since Aug. 25, 1953, when they beat Bob Lemon. It's Lemon (3-0) they'll face today with Maury McDermott (1-1) hoping to snap Washington's 12-game losing streak at Municipal Stadium.

Now that Boston's Willard Nixon has beaten the Yanks six straight, the AL figures to revise its "south-paw-the-Bombers" idea. Chicago

starts the switch to right-handers with Mike Fornieles (2-0) today vs. Bob Turley (2-0). A victory would send New York into first ahead of the White Sox, who start the game 31 percentage points to the good.

Boston also could climb into the lead with New York if Tom Brewer (0-2) stops the A's. Kansas City goes with Arnie Portocarrero (0-3).

Smith Gets Shot At Carter Title

Lightweight Tiff Scheduled June 1

NEW YORK (AP)—Lightweight champion Jimmy Carter and Wallace (Bud) Smith, of Cincinnati, will clash in a 15-round title bout in the Boston Garden June 1.

It will be their second meeting. Carter outpointed Smith in Cincinnati March 28, 1950.

When they climb into the ring for their television title match both will remember their first encounter, but not with any pleasure. The year 1950 was a very lean one for both. Carter had three fights that year and Smith only four. Even then they had reached the point where they were just too good for their own good. None of the "name" fighters wanted to box them.

Carter broke into the money a year later when he won the crown by stopping Ike Williams in the 14th round. Since then, the New Yorker has been cashing in. This will be his 11th title fight.

Smith, National AAU champion in 1948, hopes this will be his turning point. The broad-shouldered Negro has had only 47 fights in more than six years of pro boxing for a 31-11-5 record. He has 18 knockouts to his credit and has been stopped once—by welterweight Joe Miceli in five rounds a year ago. Bud now is the No. 5 contender. Carter is 31, Smith 26.

According to the terms of the match announced by promoter Jim Norris of the International Boxing Club, Carter will get 40 per cent of the net receipts and the estimated \$35,000 television money. Smith will collect 20 per cent.

Castellani, Perez Seek More Action

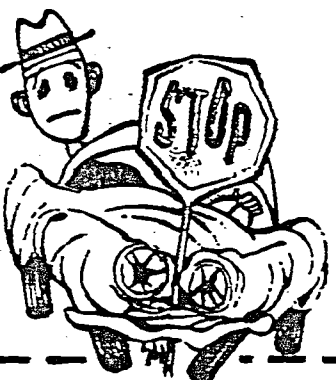

NEW YORK (AP)—Rocky Castellani and Lulu Perez, the victors in the two network television fights last night, today were looking forward to May fights while their victims began involuntary layoffs because of nasty cuts.

Castellani, the third-ranking middleweight contender from Cleveland, staggered Cuba's Chelo Varona several times to win a 10-round decision at St. Nicholas Arena. Varona, outweighed 159½ to 155½, required 10 stitches to patch up cut over his left eye. That should keep him sidelined at least six weeks.

A 5-1 favorite, Castellani won by 8-2 round scores from each of the three officials.

Perez, in his best shape in over a year, celebrated his 22nd birthday by trouncing Rudy Garcia, sixth-ranking featherweight contender from Los Angeles, at Brooklyn's Eastern Parkway Arena. Lulu weighed 128, Garcia 129.

A 6-5 underdog, Perez, of Brooklyn, won by unanimous decision. Garcia was gashed in two places. A cut over his left eye, inflicted in the second round, required six stitches. A deep wound high on his forehead, suffered in a head collision in the last round, needed 10 stitches. Dr. Samuel Swetnick said the California featherweight king will be out of action about two months.

WHY PAY FOR RECKLESS DRIVING?

My company aims to insure only careful drivers. As a result, claims costs are lower and the savings are passed along to policyholders in the form of lower cost insurance. Find out today if you can qualify for State Farm Insurance as a careful driver. Just phone me.

NOTE: Today's Sidelites column includes an analysis of the newest member of the Southern Minny League, Lyle Domek, sports editor of the Fairmont Sentinel, is today's guest columnist. His subject is the Fairmont Martins, winners over Rochester in the "Little World Series" last year. The Martins were subsequently voted into the Southern Minny when Owatonna and Waseca merged. Domek's article is the sixth in a series of Southern Minny previews to appear in The Winona Daily News.

Fever Hits Fairmont

FAIRMONT, Minn.—Rabid Fairmont baseball fans are beginning to contact their usual pre-season fever with baseball news hitting at full stride for the past week. Over-all opinion of the local fans on allowing the Martins to join the Southern Minny claim it's the best thing that could have happened to Fairmont baseball.

Up until the last 10 days the Martin pilot, Jim McNulty, was as tight as a drum on releases of '55 Southern Minny players signed to the Fairmont club.

McNulty has, to date, a signed Martin roster of nine with promises of a full roster of 14 players signed before the first of the month.

McNulty, recognized in Fairmont, as a master-mind in the art of fielding a winning ball club, will start the '55 season as head man for the Martin ballclub for the fourth year. During the '52-'53 seasons he piloted the Martins into the state tourney and last season managed a ten-man club, with just two pitchers, into a four out of six win over Rochester for the state Class AA championship.

With due consideration of the Southern Minny being a tougher league in comparison to the Western Minny, McNulty is expecting to add over-all power to his 1955 championship team.

Last season, the Martin pitching staff was two during the "Little World Series."

The '55 pitching staff will be four before the league opener May 22.

Mainstays Return

To date, four mainstays of the Martins of the past season have signed. McNulty will handle second-base duties, as well as manage the club.

Back behind the plate will be Joe Colasinski, one of the top catchers in the state.

Herb Banton, the jack-of-all-trades of the Fairmont Martins, will draw outfield duty with possibilities of duty at any position on the field.

Banton came to Fairmont in '53 as a pitcher and posted a 8-2 record. The slugging ability and top batting average, .387 in '53, has won a regular berth on the Martin roster as a utility-outfielder for the Virginia flash.

The fielding and batting gem of the Martins during the Rochester-Fairmont "Little World Series" last season, Grady Wilson, will be back as shortstop.

Wilson had the best fielding percentage of the Western Minny shortstops last year.

5 Newcomers Inked

Newcomers to the Martin fold number five to date. Herb Banton's brother, Herman, a lefty; Bob Mueller, a righthander and Loyal Bloxam, another righthander round out the Martin pitching staff.

Bank Workman, formerly with Kansas City in the American Association, has been signed to the outfield.

Don Dahlke, with Denver in the Western League last year, will be the Martin third-baseman.

McNulty expects to field another top defensive team with added power at the plate and ample mound strength. His hopes are to be riding the top of the pack in the Southern Minny by season's end.

Here & There

Paul Wilke, Albert Lea High School basketball coach, turned down an offer for the post of athletic director at Wayzata recently. Although it would have been a higher-paying job than Wilke's at Albert Lea, Wilke said he was too interested in coaching to drop that phase of athletics for a job devoted exclusively to directing a program.

The man who takes the Albert Lea grid coaching job vacated by the resignation of Gordy LeBeau, will have to start from scratch. Of 24 Albert Lea football letter-winners, only nine will be back and the only full-time regular in the group is tackle Ralph Delgado.

Bob Hastings, former Austin all-around prep star, is now a 6-2, 180-pound regular second baseman on the Harvard University varsity nine.

The Gustavus team that St. Mary's defeated Saturday was minus one of its pitching aces of last season, Cliff Straka. Straka was declared ineligible for accepting \$25 for playing with a team of state college all-stars against a team of Big Ten players in an exhibition game during March in St. Paul.

Box seats for baseball games this summer at Dartt's Park, Owatonna, have been completely sold out. A volunteer work-party to renovate Dartt's Park was scheduled over the weekend.

The Rochester Royals have given outfielder Yogi Giammarco his outright release and have put veteran catcher Don Wheeler on the suspended list. Wheeler told Royals officials his job in the Twin Cities wouldn't enable him to play night ball in the Southern Minny.

Tom Miner, football-basketball-baseball star who was graduated from Winona High in 1952 is home now after being discharged from the Army. He was a special-order clerk with a paratroop outfit at Camp Wood, Japan.

Tom will be right in step with events in this red-hot bowling town. He set a three-game series record at Camp Wood, firing a 703 scratch set on games of 253-243-205.

A brother to Jim Miner, regular shortstop on the Winona State baseball team, Tom plans to enroll at Winona State next fall. He was regular quarterback on the Warrior grid squad in 1952 before his hitch in the Army.

Jolly Cholly Predicts Big Year for Bob

By JOE REICHLER

NEW YORK (AP)—Out of the mouths of major league managers:

Charlie Grimm, Braves: "This should be Bobby Thomson's biggest year in the majors. Barring injury, he is likely to lead the league in runs batted in. With him in the lineup last year we probably would have won the pennant."

Paul Richards, Orioles: "I think Whitey Ford is the best pitcher in the American League. Maybe he might turn out to be the best in the majors."

Fred Haney, Pirates: "Next to Ty Cobb, Jackie Robinson is the best base runner I have ever seen. Like Cobb, Robinson knows when

and how to run and he can go at full speed after a step and a half. Jackie is the only base runner around today who can upset an entire club."

Marty Marion, White Sox: "I'm tickled to death the way Bob Nieman and Walter Dropo have been hitting but I'm not surprised. I knew all the time they could hit. Those two give us the added power we need to fight the Yankees and Indians for the pennant."

Leo Durocher, Giants: "I'm surprised that Herb Score, Cleveland's young southpaw, hasn't been going too well. I think he's the fastest guy in baseball and the closest thing to Lefty Grove. I still think he'll win 20 games this year. I thought Karl Spooner of Brooklyn was fast until I saw this kid. He has as much stuff as anyone I've ever seen. And what a curve!"

Casey Stengel, Yankees: "Bob Turley is proving to be every bit as good a pitcher as we expected him to be."

BASEBALL FEAST... Members and friends of the Minnesota City baseball team went "whole hog" Monday night at the Oaks. The occasion was a benefit feed and dance to raise money for expenses of the Hiawatha Valley League entry.

Buhl Draws Starting Nod Against New York Tonight

NEW YORK (AP)—The Milwaukee Braves open their first road tour of the season tonight against the world champion New York Giants at the Polo Grounds.

The 13-game jaunt around the eastern circuit may provide an indication of how Milwaukee will stack up later in the season.

Road games separate the men from the boys.

Ordinarily it is conceded a team is doing all right if it can break even in wins and losses on the road. To do better than that in-

dicates strength, inasmuch as major teams are due to spend only half their time at home parks and familiar surroundings.

Right now the Braves are in second place, 2½ games behind top place Brooklyn.

And they look good, especially in the pitching department. Bobby Buhl (1-0) will throw for Milwaukee tonight against either Johnny Antonelli (0-2) or Ruben Gomez (0-1).

And Buhl, along with Chet Nichols, appears to have regained his

old form. Witness last week when he set the Chicago Cubs down 2-1 on five hits in eight innings.

Nichols was sharp in his 5-4 victory over St. Louis as the Cards got only one earned run off him.

Still looking good on the mound staff are Gene Conley, who'll most likely start against the Giants Wednesday afternoon; Lew Burdette and veteran Warren Spahn.

In reserve are Ernie Johnson, Dave Jolly, Ray Crone, Humberto Robinson and Roberto Vargas.

It should add up to strength on defense.

Bobby Thomson has provided new spark to the Braves' offense. He was out of play last year until July 13 after breaking an ankle in spring training. Then he wound up the season with 15 runs batted in.

Batting in the tough and vital clean-up spot, Thomson so far this season has batted in 17 runs in 10 games and is tied with Duke Snider of Brooklyn for the league leadership.

On the other side of the coin, Eddie Mathews, Joe Adcock and Del Crandall haven't been hitting as of old. Mathews still has to get his first homer of the year after collecting 40 in 1954.

Manager Charlie Grimm, taking a good look at all factors, says, "We couldn't be in better shape for the tests coming up. The players themselves feel it is only a matter of time before they are on the top of the heap, and to stay."

of Pasadena, Calif., and Sidney Schwartz, of Brooklyn, 4-6, 6-3, 6-4.

At one stage, according to tournament officials, Larsen became upset over the overzealousness of a 10-year-old ballboy who kept getting in the players' way.

Larsen reportedly became nervous when the boy couldn't understand his requests to leave the court and he smashed a ball at the youngster. The ball hit the boy squarely in the face. The lad began crying and fled from the court.

Officials at Genoa said at the time no action was planned against Larsen, who yesterday came back to play the singles final, losing to Fausto Gardini of Italy 6-4, 6-8, 6-2, 6-2.

McMann's cable was addressed to Larsen in Florence, where the 30-year-old left-hander was scheduled to begin another tournament today.

Technically, the order only cut off Larsen's expenses but the action was tantamount to a suspension. If the report is unfavorable, Larsen could be set down by the USLTA amateur committee, which last winter meted out a six-month suspension to Gardner Mulloy, of Miami, Fla.

Whisenant's Blows Help Beat Saints

By THE ASSOCIATED PRESS

Louisville moved up another notch in the standings Monday night to support its ranking as pre-season favorite in the American Association.

The combination of Toledo's 6-5 verdict over St. Paul and Louisville's 2-1 rout of Denver left the Sox atop the heap with a 7-3 record, but Louisville second by one game and slipped the Saints a notch to third, another half game back.

Omaha whipped Indianapolis, 11-5, and Minneapolis trimmed Charleston, 5-4, in other games. Pete Whisenant's second homer of the evening at St. Paul broke a 5-all tie and provided the Toledo Sox' victory margin. He poled his round-trippers in the seventh and eighth frames, the first with one on. Bert Thiel, touched for seven Saint hits, was the winning pitcher. Rene Valdes relieved Joe Baliga in the seventh for St. Paul and was the loser.

It was more of a mound battle at Minneapolis, with righthander Al Worthington the victor on an eight-hit job against the Charleston Senators. The Millers collected only seven off Ross Grimley, the loser, and reliever Floyd Melliere but four unearned runs provided the Minneapolis margin.

SPORTS ROUNDUP

Thomson's Hitting Pace Justifies Swap

By GAYLE TALBOT

NEW YORK (AP)—Now that the hysteria over the Brooklyn club's great start has subsided somewhat, the important thing to notice is that the Dodgers are being followed. As the second phase of the National League race began with an invasion by the Western teams today, the Milwaukee Braves were only one game behind the streaking leaders in the lost column.

Without much fanfare, Charlie Grimm's fine club had clicked off seven victories against only three

losses for a percentage of .700. You may be sure that such a pace, if sustained all season, will be plenty good enough to land the Giants in the next World Series, the National League being the scramble that it is.

Though they were a total of 24 games behind the Dodgers as they opened a two-game set against the Giants here today, Grimm's slug-gers had played three fewer games than the record breakers and as yet had not had a crack at the woody Pittsburgh Pirates, whom the Brooks mangled four times while winning their first 10.

With Bobby Thomson apparently fully recovered from his broken ankle and slugging the ball at a furious clip, the Braves appear to be that much stronger than they were last season. It should not be forgotten either that they were in there battling for the '54 pennant until Sept. 11, the sad day when first baseman Joe Adcock, who was in the midst of a sensational hitting streak, was struck on the wrist by a Don Newcombe fast ball. They faded steadily after that misfortune, but had shown their potential.

Thomson at last is proving that the Braves were not so dumb when they surrendered pitcher Johnny Antonelli to obtain him from the Giants. In his first 10 games he has hammered home 17 runs, tying him for the league lead with Duke Snider of Brooklyn, who had played in 13 contests. One of the two games in which Bobby failed to knock in a run he saved with a brilliant catch of a home run bid by Hank Sauer of the Chicago Cubs.

Braves Hope for New Gate Record

MILWAUKEE (AP)—Hopes for a third straight national league attendance record are high in this baseball capital of the world despite poor crowds at some of the other major league parks this spring.

While the attendance pace here is below the 1954 mark, the only factor getting the blame is the cold weather the Braves have had to contend with in their five games at home thus far.

The optimism for 1955 hinges in part on an advance sale of 1,200,000 tickets before the season even started. For their five games at home this spring the Braves have drawn 117,882 fans—an average of 23,576—compared to 140,139 for the first five home games last year.

The Braves now are on the road and won't be back until May 10, when warmer weather also should be on hand.

The Braves had record gates of 1,826,397 in 1953 and 2,131,388 last season.

DENNIS THE MENACE

"SHHH! GRANDPA CAN'T HEAR HIS COWBOY MOVIE!"

LAFF-A-DAY

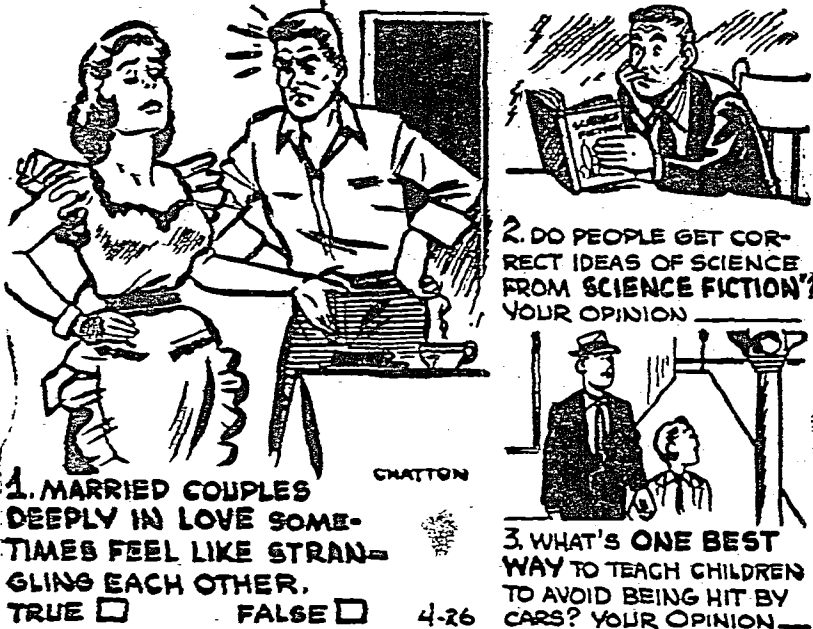

Copyright 1957, King Features Syndicate, Inc. World rights reserved.

"Mither Thmith... thn't there thum way you can let me have an envelope theating mathine?"

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. S.

Answer to Question No. 1

1. True, say two happily married marriage counselors, Evelyn and Sylvanus Duvall. They add that the "romantic" myth that "two people truly in love never quarrel" is nonsense. This myth is spread by movies and novels. In a burst of anger, the destructiveness in the depths of their natures suddenly comes to the surface. What to do is told in our booklet by Mrs. Duvall, "Facing the Facts of Married Life." Nonprofit, 15c, (coin only) and self-addressed, stamped envelope. Send to Dr. A. E. Wiggum, care of The Winona Daily News.

Answer to Question No. 2

2. James Quinn, Editor of "IT" magazine conducted a survey of editors' opinions on this subject

and found that at least editors don't want them to get false ideas. The survey revealed that while editors all felt such stories were stimulating interest in real science, they don't want stories that "violate the laws of science" or that "go beyond probability." When Tennyson spoke of the "fairies of science," he probably meant science in poetic or fictional form.

Answer to Question No. 3
3. Children imitate their parents. If they see parents cross between intersections, they will do the same. Parents should practice with their children until they cross correctly—which means safely. All persons who cross streets anywhere at night not wearing white garments or carrying a newspaper or other white safeguard are inviting death.

BEDTIME STORIES

By HOWARD GARIS

Uncle Wiggly and Bosun stood side by side at the edge of the rabbit gentlemen's raft when it was tied up along shore at Puppy Dog Island in Frog Pond. They looked at the island dog who had just rushed toward them barking:

"You are just in time!"

"Do you mean," asked Uncle Wiggly, politely, "that we are just in time to give you and your friends some of the popcorn and molasses taffy that Nurse Jane Fuzzy Wuzzzy has cooked in her Candy Kitchen? Is that what you mean, Mr. - Mr. -" Uncle Wiggly did not know this friendly dog.

"My name is Dash," said the dog. "I am always dashing around. That's why I am named Mr. Dash."

"I am pleased to meet you," said Uncle Wiggly.

"That goes for me, also!" barked Bosun. "I am glad we are just in time, Mr. Dash!"

"King Wuff will also be glad," went on Mr. Dash. "It isn't because we are going to get the popcorn and molasses taffy, which

Nurse Jane has made, that we are glad, Uncle Wiggly. When I said you were just in time, I didn't mean that."

"What did you mean?" asked Uncle Wiggly while Sammie, Susie and Bunty the rabbits, and Billie Wagtail, the goat, with the other animal children, stood at the edge of the raft, listening. "What are we just in time for?"

"In time for the happy party!" barked Mr. Dash. "It also is to be a crowning, or coronation party. We are about to crown our new king and we are happy that you have come in time."

"Who is the new king?" asked Uncle Wiggly.

"His name is King Wuff!" answered Mr. Dash.

"Avast and belay! That's a good name for a dog king!" said Bosun.

"I suppose he was named that because he makes wuff-wuff sounds."

"That is exactly right," answered Mr. Dash. "His name is King Wuff!"

"What was the name of the other king?" asked Uncle Wiggly.

"He was King Whiff!" answered

Mr. Dash. "He made whiffing sounds when he barked, so that's how he got his name."

"Did the two king dogs have a fight and did King Wuff beat King Whiff?" asked Mr. Turfbog, who, being an English bulldog, was much interested in fighting.

"Oh, no, it was nothing like that," explained Mr. Dash. "It was all very friendly. King Whiff was growing old. He could no longer bark with enough voice to be heard around the corner."

"What corner?" asked Uncle Wiggly.

"Any corner," answered Mr. Dash. "So when King Whiff's voice could not be heard around any corner, we had a meeting to elect a new king. It was a sort of barking contest—all friendly like and jolly. Mr. Wuff had the best barking voice. He could be heard around six or seven corners."

"So King Whiff abdicated—that is he gave up the throne and the crown—and he said there should reign, in his place, King Wuff. We all agreed to that. Now you are just in time for the crowning or coronation party. And might add something else," he barked, gently like.

"Add all you want, or subtract, divide or multiply," said Uncle Wiggly kindly. "We are glad we are in time for the coronation party. But what do you want to add?"

"I would like to add," barked Mr. Dash, "that it would be fine if your Nurse Jane Fuzzy Wuzzzy could make enough popcorn and molasses taffy for the coronation party."

"I shall be most happy to do that, you may tell His Majesty, King Wuff," squeaked the muskrat lady happily.

"Thank you," barked Mr. Dash. "Come ashore, everyone!"

Uncle Wiggly and all his friends, including the animal boys and girls aboard the raft, hurried ashore. They were taken to the dog palace. And then began a most happy and jolly coronation party. More about that tomorrow, and about something strange that hap-

pened, if the honey bee doesn't go to sleep in the spring violet and forget to wake up in time to buzz off to the hive to meet the Queen Bee.

Fishermen Find Exhausted Man In North Sea

ELSINORE, Denmark (AP)—Fishermen found an exhausted man in the strait between Denmark and Sweden today. His clothes were so padded with water-soaked Russian newspapers the rescuers had to tow him to a lightship before he could be pulled from the water.

The man, described by police as "obviously a sailor from some Russian ship," was taken to a hospital. He was reported unconscious and suffering from pneumonia.

Part of Other States Just Moves to Texas

AUSTIN, Tex. (AP)—Area Director H. P. Burleigh of the U.S. Reclamation Service says Texas' nose, clogging dust of recent days really is a blessing. "Most of it is highly fertile top soil and fertilizer," he said. "It comes mostly from New Mexico, Kansas, Colorado, Oklahoma, the Texas Panhandle and Texas' south plains. It's particles of the nation's finest soil."

THE GRAB BAG

THE ANSWER, QUICK!

1. Who is the secretary of the interior?
 2. Who was born first, Wolfgang Amadeus Mozart or Ludwig von Beethoven?
 3. Who was Edwin A. Abbey?
 4. What is the capital of Idaho?
- HOW'D YOU MAKE OUT?
1. Douglas McKay.
 2. Mozart, 1756; Beethoven, 1770.
 3. An American artist - 1852.
 4. Boise.
