College Hall gymnasia-
um, chemistry lab, and
Art Club, the Kinder-
garten Club, and the
Rangers.
January 25 — Basketball —
Junior College at Mani-
low, Minnesota.
January 26 — No — No —
No games this week in
College Hall auditor-
ium.

STUDENTS LISTEN TO MARVELOUS TALK
ON CHRISTMAS BY MRS. MCGUIRE

MRS. A. J. MCGUIRE SPEAKS
AT WOMEN'S VOTERS MEET
On Tuesday evening, November 27, the Winona Women's branch of the
League of Women Voters of the
University of Minnesota presented
a lecture on the Multilateral
Treaty by Miss Ruth Beth Watts.

COMMENTS
There were present at the event:

Three presentations were given:
MRS. McGuire was of five
women who worked on the World Court Petition to President
Coolidge and Secretary Hughes in
Washington last spring.

The only topic was one of
five topics at the time.
This Multilateral Treaty is
the proposal of the present presi-
dency of State, Frank B. Kellogg.
Miss McGuire gave a summary of the
progress which has been made.
She noted that a group of
women has been formed to
work on it.

A short reception was held in
the social room giving the audience
an opportunity to meet Miss McGuire.

The speech has been vocalized
more times than anything else.

Mrs. McGuire ended her speech
by declaring that the time
is ripe for a Multilateral
Treaty.

The question to be debated by
the college is "Can we have a
Multilateral Treaty without
the United States as a signatory?"

The chairmen of these com-
mittees were: Miss Przinzig,
Klen, Vollenweider, Voelchens,
and Miss McGuire.

Any race who has developed art
expression in any form intelligible
has voiced an explanation of natural phenomena through spiritual
manifestations. These students
were given an opportunity to
manifest their art through the
literature we're all familiar with.

Little by little they built for
themselves a story of the creation
of man and the making of the world.

In the beginning was the word,
and the word was with God.

Wishing all our friends a very
Merry Christmas and a Happy New Year.

Sandra J. S. 

The Sophomore class met
last week for the purpose of selecting class plays. They
chose the same type of play that
last year's class had. The
only change is that the group
will be in black instead of in
black block.

THE CHRISTMAS SPIRIT

What is the greatest holiday of the year? Why, Christmas of course. The Christmas tree, candles, and Christmas trees laden with gifts all mutually testify to this fact. The snow-covered ground and icy lakes are necessary accompaniments to this season. In fact, the very air is filled with the spirit of the holiday.

With the coming of Christmas, the atmosphere abounds with happiness. For Christmas is a time of giving. Generosity and good fellowship are parts of the spirit of this great day. And it is fittingly so, for the One in whose honor we celebrate the Christmas spirit was the personification of all that is kind and generous.

It is at this happy time that collections are taken up to buy food and clothing for the poor and needy that they, too, may be happy on this day of days. The spirit of Christmas brings happiness to the hearts of many sick people who would otherwise have a very bleak holiday.

The gaily decked trees, the beautiful gifts, and beautiful Christmas dances are all a part of the holiday spirit — it would not be Christmas without them — but they are merely external parts.

ON THE THRESHOLD

"We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial. We should count time by heart-throbs. He most lives who thinks most, feels the noblest, acts the best."

— B�LEY

New Year — the time of good resolutions — is soon upon us again. As Father Time usurps in the year 1929, we will in all likelihood go through a period of mental house cleaning. After considering the acts and habits of the past year, we will diligently cast aside unworthy ones, retaining only those which are beneficial to ourselves as well as to those around us. And experiences as our foundations, we can build our New Year's resolutions so as to best further our growth and self-development.

The annual meeting of the New Year's resolutions should not be merely superficial, but so planned that it may be of real benefit in making our lives for the coming year more useful and worthwhile.

THE ANNUAL

Work on the 1929 Wenonah is progressing rapidly under the direction of Paul Nissen, Editor-in-Chief, and Floretta Murray, art editor.

The cover and paper stock have been chosen, pictures have been sent and the letter design completed.

The staff is working to make this annual the best yet. The main idea behind the book is to please the student rather than to put out an annual which will not interest the student.

Have you students helped? If not, why not begin now? This is your annual.

SWISS BELL RINGERS PLAY TO TWO ATTENTIVE GROUPS

Georgetown's Famous Players, a company of bell ringers, gave a very delightful program last Monday evening, Dec. 17, under the auspices of the Die-No-Mo club.

The company had been in Winona before. Last year they gave an entertainment at the College of St. Teresa which was enthusiastically received by a large audience. During their seventeen years of travel they have received much praise and acknowledgment of their fine and varied programs.

F. E. Georgette, the manager of the company, showed that he is a finished musician, capable of arranging a well balanced program. Then, too, he played the cello, manzur, aluminum tubes and xylophones. The other two members of the company are Miss Jean Parr, a well known accompanist, and Miss Josephine Georgette who played various instruments with skill and a fine degree of interpretation.

The program of the group consisted of standard, popular, and classical selections. Many simple, well known melodies were included in the entertainment, such as "Believe Me If All Those Endearing Young Charms" and "Love's Old Sweet Song". Selections from various operas, and novelty numbers made up a very interesting part of the program.

The Wenonah Players will hold their annual one-act play contest in May.

The purpose of this contest is to further good drama throughout the high schools of the state. Any high school in the state may enter play in this contest, providing that it is on the approved list. Several high schools have already made inquiries, while some have also sent in their applications. A film and some Kodak slides of the various plays will be shown.

NatureDecorates Her Christmas Trees

The Grinn Trio was greeted by an enthusiastic audience Novem ber nineteenth, when they gave their first recital of the year for the student body. The outstanding feature of the first number, "Ele de" by Arensky, was its inordinate rhythm. The second number, "Rome" by Sibelius, because of its originality to the students, was more enthusiastically received than the preceding number. The Cello, played by Mr. Grimm, was the only instrument that played the piece in this composition. The last number, "By the Brook" by Ryskilde, proved to be the most popular with the audience.

This selection is a favorite of the students of this college and has often been played for them by the Trio, "Minuet" by Godard, and "Star of the Sea" by Grieg, were two delightful encores.

This was the last recital in which Miss Meyer, pianist, will appear with the Trio, because of her health. From the college. Her absence will be greatly felt.

STUDENTS OF MISS MEYER'S CLASS IN PIANO RECITAL

Three of Miss Meyers' advanced pupils in piano, gave a very interesting and delightful recital in Chapel, November twentieth. The first number of the recital was "Julia Dance", played by Lucille Hall. Leona Anderson played two selections by Grieg, the first number being a Nocturne and the second number, "To Spring". Both of these were of a calm and quiet nature, but the melodies in each required good tone quality. The last number of the recital was the Norwegian Bridal Procession, by Grieg. This composition was played by Gwen- dolyne Hall. It is hoped that soon again, the students will have the opportunity and pleasure of hearing another recital.

Three of the music specials sing Gregorian Chants at the Catholic church.

THE MESSAGE OF THE STAR

A story of wonderful beauty. Planted thick in the dome above, You whisper with infinite sweetness Of a Father's unrequited love.

You lift me to the heights eternal Up from the clay and sod, Filling my soul with wonder. At the matchless beauty of God.

And from out the majestic silence You lift me to the heights eternal Up from the clay and sod, Filling my soul with wonder. At the matchless beauty of God.

And from out the majestic silence You lift me to the heights eternal Up from the clay and sod, Filling my soul with wonder. At the matchless beauty of God.

And from out the majestic silence You lift me to the heights eternal Up from the clay and sod, Filling my soul with wonder. At the matchless beauty of God.
Johnson took an easy first. "Ev" best.

The Upper Classmen made up the last three minutes of play. In the first game of the season, the Vikings entered the field. The game was won by the Vikings. The score was tied twice during the game, but the winning team never let Eau Claire take the lead.

A very interesting tennis tournament was won by Allyn S. Morgan, who promoted the tournament. He chose a team which made this possible. The Upper Classmen made up the first point of the game by taking the freshmen down a few notches in base ball. The game was decided in a tie, and the Vikings continued to hold the athletic field.

The first game of the season was with the Dover Bisons. The first game was played in front of some of the students. The teams were conceded the championship.

Basketball is one of the most popular sports in the school. They have one minute to decide whether to win or lose. We shall never win the championship of the school. They had one minute to decide whether to win or lose. We shall never win the championship of the school.

The names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them.

THE FOOTBALL BANQUET

Vince, he wishes to be on the move. He wishes to be on the move. He wishes to be on the move.

Mr. Sandt chose a team which met La Crosse and played them. The Upper Classmen made up the first point of the game by taking the freshmen down a few notches in base ball. The game was won by the Vikings. The score was tied twice during the game, but the winning team never let Eau Claire take the lead.

Charles Fish of Plainview who was playing his first game for the Teachers College scored nine points. He was the first player to make a successful drive in the game, and the Vikings continued to hold the athletic field.

The names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them. The list of the names of the teams and their players will be given to them.
Then oh, what a sad, sad child.

If you don't, you will see

"You're right," Bena said with a smile.

"It seems funny to me

Cause she's such a very young tad,

`If I spend any more coin, I'm sunk'.

"Why only last year

This Santa stuff's all the bunk!

Of course, he's come toute suite.

Oh boy, won't there be fun

A blue-eyed lass, Florence Milaney,

Said Gus to his boy friend Pete.

Is often very contrary,

You always are seen when you're masked.

A red-haired boy named Moon,

Wants to see Santa Claus soon;

A bright boy is Stanley Arbingast,

And want lots of toys,

Wants to see Santa Claus soon;

A blue-eyed lass, Florence Milaney,

Said Gus to his boy friend Pete.

Is often very contrary,

You always are seen when you're masked.
