The Priest who baptized them five years ago meets the Seifert quads at Sleepy Eye, Minn., at Mass as they prepare for their fifth birthday today. Wearing their Sunday best are, left to right, Martha, Monica, Michael and Marie. The priest is Fr. A. J. Keller, pastor of St. Mary's Catholic Church. (AP Wirephoto)

House Squares Off in Farm Bill Debate

Old Battle Over Price Supports Up for Discussion

WASHINGTON (AP) — Opposing House forces squared off today in a new battle over the old issue of farm price supports.

The decision, however it goes, is certain to echo noisily in next year's political campaigning.

Scheduled for two days of debate was a bill to junk the administration's fledgling flexible support program and restore high rigid price props on basic commodities to the levels first fixed in World War II to spur production.

Both sides conceded the vote could go either way when the showdown comes tomorrow.

Democratic leaders, however predicted that if they capture 20 or more Republican votes they can pass the high support bill. Republicans were equally hopeful of holding city Democrats.

Last year, in a Republican-controlled House, 45 Democrats teamed up with the GOP majority to pass the present flexible law supporting basic farm crops at levels between 82½ and 90 per cent of parity. Voting with the Democrats were 23 Republicans.

Rep. Harrison (R-Neb.) said the GOP expects to lose only about 18 votes this time, but might also lose some of last year's Democratic support.

Regardless of what the House does, no early change in the law is in prospect.

The Senate Agriculture Committee has indicated it will not even consider a price support bill before next year. And in the event Congress should pass such legislation, it would almost certainly be vetoed by President Eisenhower.

Northfield Taxi Driver Drowns In Quarry Pool

NORTHFIELD, Minn. (AP) — Chester Shankey, 22, Northfield taxi driver, drowned in a quarry pool two miles north of here Monday night while in swimming with a group of five Carleton College students.

Shankey first was missed when one of three girls in the party cut her foot. All but Shankey came out of the water to assist her.

Jim Blischke and David Boaz, the two men students, walked about half a mile to a telephone to summon help when they couldn't find Shankey. He had been in the water about two hours when Northfield firemen recovered the body about 10 p.m.

Firemen said the pool, operated during summer months as a private bathing center, had signs posted saying it was closed.

Shankey, off duty, had taken the party to the pool in his brother's car.

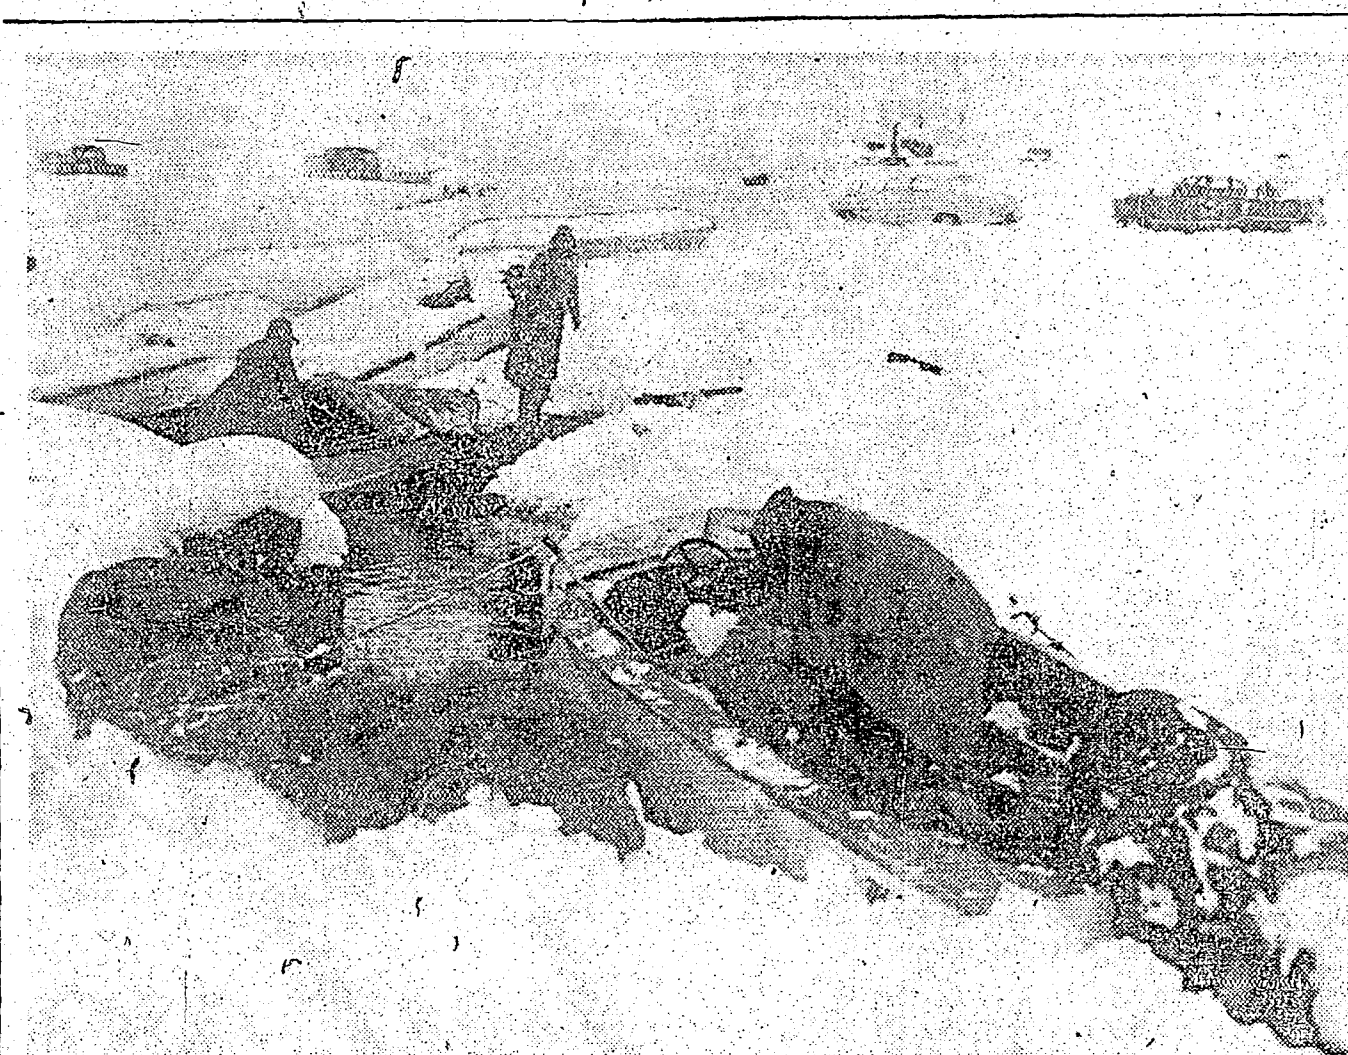

ST. PAUL (AP) — Four men robbed a motel on Highway 56 east of here of \$105 early today after threatening the woman proprietor at gunpoint.

Mrs. Edna Masele, 53, who with her husband operates Masele's Motel, said the intruders entered the office on the pretense of seeking a room.

The First of numerous wounded are helped from an ambulance in Saigon during bitter street fighting there. The civil war in the city, between Nationalist army troops and rebel Binh Xuyen forces, left sections of Saigon in flaming ruins and drove thousands of civilians from their homes. Premier Diem's government troops scored another major victory today that gave the anti-Communist Premier a firmer grip on divided Viet Nam. (UP Telephoto)

Red Bloc Plans Single Command

Eager Beaver Fishermen at Lake Crowley, Calif., on hand for the second day of this season's fishing Sunday, clear their boats of snow which fell during the night. About 500 hearty rod and reelers ignored the day-long snowfall to take a chance with the lake's famed giant trout. Cars approaching the lake area were backed up seven miles along the road. Lake Crowley is about 200 miles north of Los Angeles. (AP Wirephoto)

Russia and 7 Satellites Will Meet on May 11

Soviets Intend To End Austrian Occupation

VIENNA (AP) — Warsaw radio announced today that Russia and her seven East European satellites will meet in the Polish capital May 11 to set up a unified military command.

Western observers in Vienna said the move apparently was being taken to provide the legal basis for retaining Russian troops in Hungary and Romania after the expected end of the four-power occupation of Austria.

The Warsaw Radio said the Soviet Union, Poland, Czechoslovakia, Romania, Bulgaria, East Germany, Hungary and Albania would take part in the conference, with Communist China sending an observer.

The eight European nations met in Moscow last November to warn that the unified command would be set up if West Europe went ahead with ratification of the Paris treaties and with West German rearmament.

Western observers in Vienna said the announcement appeared a positive indication that Russia expects to carry through its promise to sign an Austrian independence treaty and end the occupation.

A Big Four ambassadors' conference to settle outstanding questions on the Austrian treaty now is in progress in Vienna. A communiqué issued after the first session yesterday said "notable progress was made."

Under the terms of the World War II peace treaties with Hungary and Romania, Russia should withdraw its troops from those nations as soon as they are no longer needed to protect the supply line to Soviet troops in Austria.

Creation of a unified command would give the Russians a legal basis to continue their forces in the satellites—an estimated 300,000 men in Hungary, 300,000 in Romania and 400,000 in Poland. The Soviets reportedly have only military observers in Czechoslovakia, Bulgaria and Albania.

Badger Senate Passes Bill to Boost Gas Tax

MADISON, Wis. (AP) — The Wisconsin Senate passed today a bill to increase the state tax on gasoline from the recent four cents per gallon to six cents.

The bill is a major part of Gov. Kohler's highway program.

Minneapolis Cabbie Slashed, Mauled

MINNEAPOLIS (AP) — A Minneapolis taxi driver was slashed and mauled early today in a fierce battle with an assailant who apparently tried to rob him.

Bruce O. Berg, 25, was listed in critical condition in Doctors Memorial Hospital with a possible skull fracture and cuts and bruises.

William F. Faulkner, right, Monday named winner of a Pulitzer prize for "A Fable," and now in Louisville to cover the Kentucky Derby for a leading magazine, had an early morning chat today with Eddie Arcaro. Arcaro came to Churchill Downs to work out aboard Nashua, a strong favorite in the Kentucky Derby Saturday. (UP Telephoto)

Diem Mopping Up Viet Nam Rebels

SAIGON, South Viet Nam (AP) — Premier was marshaling all his Gen. Trinh Minh The, top Cao Dai general and one of the chief supporters of the free Viet Nam revolutionary committee, was killed in action tonight.

His death was disclosed a short time after hard-hitting troops of the Cao Dai religious sect joined the Nationalist army of Premier Ngo Dien Diem in an offensive against the Binh Xuyen rebels.

Gen. The's Cao Dai forces were once allied with the Binh Xuyen Society and the Hoa Hao Sect in a united front demanding Diem's resignation. But the general switched sides three months ago when Gen. Le Van Vien, the Binh Xuyen leader, rejected demands that armed struggle be avoided.

Gen. The had thrown four battalions of his troops, perhaps 2,400 men, to Diem's support in mopping up Vien's battered force of 2,000 men on Saigon outskirts.

He died while directing the battalions in this action.

The Cao Dai general was fired upon by Binh Xuyen commandos in an armored motorboat and died instantly.

This blow to the armed forces supporting Diem came as the

Hint Nationalists May Agree to Cease-Fire Denied

TAIPEI, Formosa (AP) — The Nationalist Chinese Foreign Office flatly denied today a local press report that Foreign Minister George Yeh had hinted Nationalist China might agree to a cease-fire in the Formosa Strait.

Yeh made a report today at a closed session of the Legislative Yuan (Parliament) on the recent talks here between President Chiang Kai-shek and two special White House envoys.

The English-language China News said Yeh hinted that while Nationalist China had not officially approved any cease-fire plan "there might be a certain area of understanding on the issue."

Official quarters not only said this was speculative, but that Yeh covered much the same ground as in the past when he has stressed these points:

1. A Nationalist withdrawal from Quemoy and Matsu is unthinkable.
2. Nationalist China opposes a cease-fire in Formosa Strait.
3. The Nationalists will never sit at the same table with the Reds.
4. The White House envoys, Adm. Arthur Radford and Asst. Secretary of State Walter Robertson, did not press for a Nationalist abandonment of the offshore islands.
5. The talks with Chiang covered the whole Far East situation.

Disciplinary Code For Lawyers Approved

ST. PAUL (AP) — The Minnesota Supreme Court is approving the canon of professional ethics of the American Bar Assn., to serve as a yardstick for disciplining or disbaring of Minnesota attorneys who disobey those rules.

Approval came late Monday despite objection of Chief Justice Roger Dell that the regulation concerning solicitation of law business was not strong enough. He was supported by Associate Justice Thomas Gallagher.

Governors Wait New Word on Highway Plans

WASHINGTON (AP) — The nation's governors waited to hear today what the administration plans to do about salvaging its big highway program.

Highways came up for discussion at a closed-door session on this second day of a governors' meeting called by President Eisenhower.

Forty-five governors were on hand yesterday for a briefing on foreign and defense policy. Afterward there was some grumbling about what they heard.

Gov. Orval E. Faubus of Arkansas said, "We didn't learn anything we didn't know before." Gov. Averell Harriman of New York said he heard nothing that he thought ought to be kept secret, adding that "a current, careful reading of the newspapers would be as well informed."

Both Faubus and Harriman are Democrats. At a dinner last night, Eisenhower told the governors in a brief informal talk that the meeting serves to "bring us back closer to the people of your states."

The speaking in general about the American form of government, Eisenhower spoke out against officials—state or federal—"sitting in an ivory tower," oblivious of criticism. He said he welcomes any honest differences of opinion the governors may have with him, even violent differences.

Land Damage Claims Against Village Denied

ST. CLOUD, Minn. (AP) — A jury found in favor of the village of Albany Saturday in a \$20,000 damage suit in which the plaintiffs claimed their land was damaged because of a broken drain tile.

Alfred G. Werten, Henry Kowski, Ray Reinke and Eleanor Reinke, who each sued the village for \$5,000. They charged their lands were flooded when the village broke the tiling in 1949 while constructing storm sewers for Albany. The original tile drain was built in 1904.

Waseca Airman Dies in Crash

BRYAN, Tex. (AP) — Two Bryan Air Force Base student pilots were killed Monday in two separate crashes involving three planes.

Killed when his propeller driven trainer crashed as it approached the field for a landing was aviation cadet Linus E. Amberg, 20, of 712 8th Southeast Waseca, Minn.

A foreign student was killed when two jet trainers crashed together at 20,000 feet near Lola. Three others parachuted to safety.

Foreign Trade Bill Assured Of Passage

WASHINGTON (AP) — Sen. Byrd (D-Va.) said today most of the Senate opposition to the liberalized foreign trade bill appeared to have disappeared.

Byrd, floor manager for the bill, said in advance of a second day of floor debate there is a possibility of an agreement to limit debate starting tomorrow and that the bill might pass without change tomorrow night.

"That would be three days, and not so long ago we were afraid it might take 30 days," he said.

Majority Leader Lyndon B. Johnson (D-Tex.) said he was working on a time limitation agreement. Such an agreement requires unanimous consent. Its fate appeared to be largely up to Sen. Malone (R-Nev.), bitter foe of the reciprocal trade program.

Malone conceded in a separate interview he believes there will be only a few votes against the measure on passage.

A rewriting job done on the trade bill by the Finance Committee, which Byrd heads, appeared to have quieted much of the opposition.

The committee preserved the key features of the bill requested by President Eisenhower and passed by the House.

WEATHER

FEDERAL FORECAST
Winona and Vicinity: Partly cloudy and cooler late tonight, scattered local showers likely. Generally fair and cooler Wednesday. Low tonight 62, high Wednesday 76.

LOCAL WEATHER
Official observations for the 24 hours ending at 12 m. today: Maximum, 88; minimum, 69; noon, 78; precipitation, none; sun sets tonight at 7:12; sun rises tomorrow at 4:55.

AIRPORT WEATHER
(No. Central Observations)
Max. temp. 82 at noon, low 72 degrees at 6:30 a.m. today. Other noon readings — thin, broken layer of clouds at 25,000 feet, wind from the south at 10 miles per hour, visibility more than 15 miles, barometer at 29.89 steady, humidity 30 per cent.

Nation's Weather Mixed Up for May

By THE ASSOCIATED PRESS

The nation's weather today was a little mixed up for early May. The Weather Bureau reported a heat wave over the Central Plains from North Dakota to Texas. It was 78 above early today at Fargo, N.D., and Abilene, Tex., compared to 65 at Miami. Yesterday it was 94 at Bismarck, N.D. At Burwell, Neb., it was 97, the same as at Presidio, Tex., and the day's top reading across the nation.

Temperatures in the spring heat belt were 15 to 30 degrees above normal with a general warming over the eastern two thirds of the country. Early today readings were in the 70s in a belt from central Texas northward through eastern Kansas into Minnesota and eastern North Dakota.

It was below freezing in some areas of Colorado, Utah and Wyoming. Three inches of snow fell at Laramie, Wyo., as cooler air moved over the Rockies.

Thundersqualls, with winds

reaching 75 m.p.h., and hail, blowing dust and a small tornado struck sections of the Central Plains during the night. The twister hit northeast of Lexington, Neb., destroying one small building. No one was injured.

High winds and scattered thundershowers were scheduled to mesh with record-breaking spring heat in Minnesota today.

Highs from 85 to 90 were forecast throughout the state, together with winds up to 50 miles an hour and occasionally severe thundershowers.

Muggy heat which clung to the area Monday persisted in some of the highest early morning temperatures ever recorded in the region.

At 5:30 a.m. it still was 75 at Grand Forks, 74 at Fargo-Moorhead, 71 in the Twin Cities and 70 at St. Cloud.

Hottest on Record
Monday was the hottest May 2 on record in scores of northwest communities. Bismarck and Jamestown logged readings of 94 and it was 90 in the Twin Cities.

Today's Minnesota forecast was for temperatures in the upper 80s and around 90 in the western portions with scattered thundershowers and thundersqualls.

Western and central Minnesota were expected to feel the brunt of the storm activity, aggravated by blowing dust.

60 M.P.H. Winds
Winds of near 60 miles an hour were registered early today in the Red River Valley and visibility was sharply reduced by dust.

Southwesterly winds of from 30 to 50 miles an hour were predicted for the western part of the state, scaling down to between 25 and 35 miles an hour in other sections.

By contrast with today's heat, it was 26 above a year ago today in the Twin Cities.

Minnesota's five-day forecast called for temperatures as high as 84 to 12 degrees above the normal highs of 58 in the north and 69 in the south for this time of the year.

The hour 40-minute session at the White House was intended to bring the congressional leaders up to date on foreign developments and give background for the administration's request for 3½ billion dollars for foreign aid.

The Senate Foreign Relations Committee will begin hearings Wednesday on the foreign aid bill. Its chairman, Sen. George (D-Ga.), told reporters: "There is no question but that it will get through—in what form, I don't know."

As to foreign aid, Johnson said Congress will "carefully scrutinize and thoroughly explore" the President's program. He added that there was "no question" but that "some changes will be made."

Johnson said that under administration plans the largest slice of military aid—452 million dollars—would go to Korea, Indochina, including free Viet Nam, would get 417½ million dollars and the Republic of China on Formosa 99 million dollars.

Salk Vaccine Hearings Due For Early Start

WASHINGTON (AP)—An early start appeared assured today for House hearings into the wisdom of federal controls over the distribution of Salk polio vaccine.

The Eisenhower administration has thus far recommended against such controls. Secretary of Welfare Hubert H. Humphrey said last night she will recommend curbs to the White House "if it appears on the basis of our findings and discussions or developments that the fight against polio will best be advanced by such legislation."

A special government-sponsored advisory committee, comprised chiefly of private medical and health officials, yesterday recommended voluntary controls to deal with problems of supply, distribution and priorities.

Several members of Congress have called for federal controls to assure that the vaccine goes first to those who need it most. General Spence (D-Ky.) said yesterday the House Banking Committee will hold hearings on the question "as soon as possible."

Fairless Resigns U. S. Steel Post

PITTSBURGH (AP)—Board Chairman Benjamin F. Fairless of U. S. Steel Corp. resigned Monday. He will remain a director and member of the finance committee.

The company made the announcement on the eve of Fairless' 65th birthday. The additional retirement age at U. S. Steel is 65 although there is no compulsory retirement age at the company.

Fairless is attending the company's stockholders' meeting in Hoboken, N. J.

The company said a successor probably will be named Tuesday. In announcing his resignation, Fairless said he would "surrender the responsibility of my office to capable and younger hands."

Fairless, son of a Welsh coal miner, was born in Pigeon Run, Ohio, May 3, 1890.

Wilson Says Military Men Seeking 'Surplus'

WASHINGTON (AP)—Secretary of Defense Wilson says military men just naturally ask for more forces than they need. In testimony before a House Appropriations subcommittee, released yesterday, he said: "The history of the world is that if you listen to military people only they will bankrupt the nation or else create a military dictatorship."

O'Hara Predicts Continued Natural Gas Supervision

By RICHARD P. POWERS

WASHINGTON (AP)—When all the hue and cry is done, the Federal Power Commission (FPC) will continue to control natural gas prices at the wellhead, predicts Rep. Joseph P. O'Hara (R) of Glencoe.

O'Hara is a member of the House Commerce Committee now holding hearings on a bill by Rep. Harris (D-Ark.) to exempt independent producers of natural gas from FPC jurisdiction.

Scores of witnesses have appeared before the committee on both sides of the question.

The Harris backers say there is no reason to keep control over natural gas production when there is over coal, oil, timber or other resources which are not under similar regulations.

On the other hand, opponents of the Harris bill say the very nature of the natural gas industry and the methods needed to get the gas to the consumer makes it in effect a monopoly. They say that you can buy one or another brand of coffee, but you can't shop around for gas for your home when there is only one supplier.

Calls Control Necessary

O'Hara said in an interview it is obvious from the hearings to date and from previous experience and observation that controls are necessary over production of natural gas as well as over transportation of gas.

The administrative responsibility should be in the FPC so as to provide that the consumer be charged only what is fair and reasonable for the cost at the wellhead as well as the transportation of natural gas," he said.

Asked the chances of the Harris measure to exempt the independent producers, O'Hara said, "I believe," the controls are here to stay.

The FPC, after a thorough hearing several years ago, ruled in a four-to-one decision it did not have authority under the 1938 Natural Gas Act to control prices of the independent producers.

But the Supreme Court last year disagreed. It ruled that the FPC should control the rates of independent producers.

Rep. Walter Judd (R) of Minneapolis recently gave the bride away. The bride was his secretary, Miss Elizabeth Fletcher, on his staff for the past 12 years.

She was married to Millard J. Cook of Washington, D.C., who recently was named vice president of the Union Stock Yards & Transit Co. of Chicago.

The ceremony was at St. John's Episcopal Church here. Judd gave the bride away since none of her close relatives was present. Her parents, Mr. and Mrs. Roderick Fletcher live at Stockton, Calif. and an uncle and aunt, Mr. and Mrs. Russell Bennett, in Minneapolis.

The couple plans to visit her parents soon.

When Rep. John A. Blatnik (D) of Chisholm walked into his House Public Works Committee room the other day, the committee halted its proceedings.

The members crowded around to shake hands and congratulate him on his marriage April 9 to his German bride, the former Gisela Hager. They were married at Hamburg.

Rep. Fallon (D-Md.) said he wanted to welcome him "as one of the beneficiaries of the committee."

Sen. Hubert H. Humphrey (D) is chairman of a Senate Foreign Relations subcommittee which is considering a proposed treaty with Canada to make a joint attack on the sea lamprey which has practically ruined the lake trout fishing industry in the Great Lakes.

Those backing the treaty claim that a joint effort is needed to combat the vampire eels which attack the lake trout and suck their blood.

Many streams emptying into the Great Lakes are already trapped to catch the lampreys by use of an electric "fence" to guide them into the traps.

However, many streams are unprotected and far more work has to be done.

Labor Union Merger Snags Over a Name

By NORMAN WALKER

WASHINGTON (AP)—AFL and CIO efforts to merge into a single labor union group have snagged at least temporarily in a dispute over a name for the proposed combined organization.

Both sides declined to say today what names they have in mind but apparently the AFL wants the new organization to bear its own name while the CIO wants something new like "the American Congress of Labor."

George Meany, AFL president, said the quarrel over a name could cause "trouble," but he added: "We've had trouble before and we've gotten over it."

Otherwise, Meany, CIO President Walter Reuther and other AFL and CIO leaders reached complete agreement yesterday on a constitution, or set of working rules, for the proposed merger organization.

The constitution, with the name of the new organization left blank, will be submitted to the AFL Executive Council and CIO Executive Board this week, with approval expected. Thereafter, if the name quarrel is settled, only ratification by the AFL and CIO conventions would be needed to put the merger into effect.

It was announced the AFL and CIO would hold simultaneous conventions Dec. 1-2 in New York City and start a joint convention there Dec. 5—provided the business of choosing a name doesn't queer the whole merger idea.

This seems unlikely but both Meany and Reuther appear fairly determined on the point. The AFL feels its name ought to be preserved as the senior organization dating back to 1882. The CIO was formed in 1935 by a group of unions splintering away from the AFL.

The CIO feels it already has gone pretty far in agreeing that Meany will head the new organization and that the AFL will provide most of the other officers.

In another matter involving union mergers, the AFL council yesterday rejected a bid from Dave Beck, president of the million-member AFL Teamsters Union, to take over jurisdiction in the longshore industry.

Few octopuses grow to be more than three feet across with their tentacles extended.

Missionary Building Japanese Boy's Town

TOKYO (AP)—An Australian Catholic missionary, Francis Hunter, is establishing a Japanese "Boy's Town" patterned after the home for boys near Omaha, Neb. It will open Thursday on Kyushu Island.

Division Overseas 13 Years Returning

FRANKFURT, Germany (AP)—The U.S. 1st Infantry Division, which went into action in North Africa in 1942, has started back home after 13 years overseas. An advance party left by plane for New York last night.

Draw Bridge Closings For Disasters Set

The district office of the Corps of Engineers, St. Paul, today announced that comprehensive regulations permitting the closing of draw bridges during major disasters or Civil Defense emergencies

have been approved by the secretary of the Army.

The notice stated that bridges will be closed to navigation during periods indicated by yellow (probable attack by enemy aircraft) or red (imminent attack by enemy aircraft) warnings.

11 More Downtown Blocks To Get New Street Lights

Engineer Asked To Prepare Plans And Specifications

Providing a favorable bid is received, 11 more downtown Winona blocks will get new street lighting this summer.

The City Council Monday night asked City Engineer W. O. Cribbs to prepare plans and specifications for 11 blocks, adding to the 9-block installation made last summer.

The Council previously had asked the Chamber of Commerce lighting committee—headed by K. A. McQueen—to check with property owners in a dozen blocks whether they were willing to share the cost equally with the city.

All except one block said yes. The lone exception: Johnson street, from 2nd to 3rd streets. There only one property owner—the Park Hotel, including parking lot—approved. That represents 200 out of the 580 feet.

There was a clear majority in all of the other 11 blocks, according to the C. of C. petitions presented Monday night, but only in one block—on 3rd from Franklin to Kansas streets—was it unanimous.

Here's the full report (plans and specifications are asked for all except the block listed last):

Block	Frontage	Approved	Opposed	No Reply
2nd, Main-Center	580	320	0	60
2nd, Center-Lafayette	600	440	100	60
3rd, Walnut-Market	600	453	0	147
3rd, Market-Franklin	600	420	20	160
3rd, Franklin-Kansas	600	600	0	0
3rd, Kansas-Lafayette	580	420	140	0
3rd, Lafayette-4th	580	480	0	100
4th, Center-5th	574	320	0	254
4th, Center-5th	580	350	30	0
4th, Main-Johnson	560	548	0	12
Johnson, 4th-3rd	563	488	0	75
Johnson, 3rd-2nd	580	200	280	100
Total	6977	5443	370	948

9 Blocks Last Year
Last year the city got the nine blocks lighted—including all new conduit and four feet standards to a block—for \$32,544. That made the per foot cost \$5.23. With the city and the property owner sharing the bill, each share of the per foot charge was \$3.115, and the property owner has 10 years to pay.

There's no money in the 1953-54 city budget for lighting, but aldermen agreed last September at a budget time that they'd use the same procedure employed for the first nine blocks if there was demand for an extension. The procedure: "Borrow" from the local improvement fund which had a cash balance of \$32,000 at the end of the fiscal year March 31. Next fall the Council plans to levy for collection in 1954, the amount of the city's share of the lighting extension. That's what they did this year for last year's nine blocks.

Two Cars Collide Near La Crescent

LA CRESCENT, Minn. — Cars driven by Kenneth Burns, 35, La Crescent, and Donald Snider, 30, La Crosse, collided on the west approach to the channel bridge near here at 9:15 p.m. Saturday.

Both vehicles were traveling east when the Burns car ran into the rear end of the Snider automobile.

Minnesota Highway Patrolman Eugene C. Molitor, who investigated the accident, said that after the collision the Burns car overturned.

No one was injured but both cars were damaged extensively.

Monday Hottest May 2 Since 1901

The mercury rose to a sweltering 88 degrees Monday afternoon—hottest for the date since 1901—but cooler temperatures are expected tonight and Wednesday.

Scattered local showers are likely in the Winona area tonight with generally fair and cooler weather forecast for Wednesday. Low tonight will be about 62 with a high of 78 degrees on Wednesday.

The 88-degree reading was the warmest here since Sept. 7, 1954. A year ago Monday, Winona had a trace of snow, while the temperature hovered between high-low readings of 43 and 29.

High early May readings were reported in 1951 and 1952 with a temperature of 92 on May 1, 1952 and 86 degrees May 3, 1951.

Wisconsin too, had its share of warm weather Monday with 87-degree readings at La Crosse and Eau Claire while Graysburg equaled Winona's 88 reading.

As the temperature falls, the Mississippi River is expected to dip 4 to 6 feet for the next several days. This morning, the river stage was only 5.6.

Catholic and Protestant clergy met with Winona County soil conservationists Monday noon at the Hotel Winona as a prelude to Rogation Sunday, May 15, which this year will be termed "Soil Stewardship Sunday" by the National Association of Soil Conservation Districts. Left to right are the Rev. Webster Clement, Faith Lutheran Church, president of the Winona County Ministerial Association; C. P. Crawford, supervisor of the Burns-Homer-Pleasant Soil Conservation District and state supervisor president; the Rt. Rev. Msgr. Joseph Hale, Cathedral of the Sacred Heart. Ed Gopin, Wanamingo, spoke and showed slides at the luncheon. (Daily News photo)

\$10 Monthly Hike For City Employees

The City Council with one dissenting voice Monday night increased the wages and salaries of its employees \$10 a month effective May 1. That's \$120 a year.

The boost involves only those employees directly under control of the Council, but if the pattern of other years is followed other boards will fall in line roughly. They include the Board of Fire and Police Commissioners, meeting tonight; the Board of Municipal Works and the Park-Recreation Board.

Altogether about 170 employees would be involved. Annual total cost to the city if the \$10 monthly raise is general: Slightly over \$20,000.

The aldermen did not have a single request for a specified increase in salary, although City Engineer W. O. Cribbs said Commissioner Thomas Gledhill had a joint letter asking for an increase for their employees. In addition one of their employees filed a separate letter in his own behalf.

Heard by Committee
Two street and engineering department workers, representing the crews, appeared briefly at the committee of the whole meeting to say that they would like to receive the same raise given anyone else. They were Valentine Modjeski, street, and Jack Nelson, engineering.

Voting against the new salary schedule was 3rd Ward Ald. Howard A. Baumann. He said that he opposed it because it had not been budgeted last September when the budget for the year beginning April 1 was adopted. That is the proper time to consider salaries, he said. The vote was 7-1, with 2nd Ward Ald. William S. L. Christensen not present. In committee of the whole the vote was 6-2, by secret ballot.

Here is the new schedule with an asterisk indicating no change from last year (previous year's salary or wage in parentheses where other than exactly \$10 a month):

Attorney, \$485; recorder, \$510; treasurer, \$385; deputy clerk, \$310; assessor, \$435; deputy assessor, \$290; stenographer, \$210; janitor, City Hall, \$210; assistant janitor, \$250.

Sewage plant operator, \$300; assistant plant operator, \$255; lift station operator, \$310; sewage plant and lift station maintenance man, \$255.

Engineer, \$650; plumbing and electrical inspector, \$385; draftsman, \$385; assistant draftsman and inspector, \$275; instrumentman, \$345; chairman, \$290; rodman, first, \$275; rodman, second, \$240; steno-clerk engineering-streets, \$200; building inspector, \$390.

Poor commissioner, \$310; assistant poor commissioner, \$260; health officer (part-time), \$175; dairy inspector (part-time), \$285; sanitary inspectors (two), \$270; health technician, \$250; deputy registrar, \$235; acting supervisor, \$350 (has been \$300 as acting supervisor, raise recommended by Dr. R. H. Wilson, city health officer); nursing stenographer, \$195; nurses, \$260 minimum to \$300, maximum, based on one year to five years of service (4th Ward Ald. Daniel Bamberg, member of the Public Health Nursing Advisory Council asked that the entrance wage be boosted to \$275); Veterans service officer, \$325; veterans service stenographer, \$180.

Stenographer (part-time), \$150; Street commissioner, \$410; assistant street commissioner, \$335; machinist, \$185 per hour (\$1.80); class "A" operator, dragline, shovel, grader or motor patrol, finishing earth work and bituminous, all \$1.80 (\$1.75); class "B" operator, loader, 30 horse power, grader, motor patrol, Snogo operator, all \$1.70 (\$1.65); Class "C" operator—sweeper, distributor, roller, all \$1.60 (\$1.55); sewer crew foreman, \$1.60 (\$1.55); patching crew foreman, \$1.60 (\$1.55); laborers, \$1.35 (\$1.30); truck drivers, \$1.53 (at \$1.47); truck driver helpers, \$1.43 (at \$1.37); parking meter repairman, \$255; Assistant airport manager, \$100. Of the five not granted a raise,

PAY INCREASE
The building may eventually house a medical museum.

Jury Ponders Verdict in Accident Case

Instructions From Judge Before Noon

A District Court jury continued its deliberations this afternoon on evidence presented in the trial of an automobile accident case which completes the jury calendar for the spring term of court.

The action for damages of \$300 was brought by John Culhane, Rushford, against Virgil Ellsworth, Utica, who had entered a counterclaim for \$200 damages.

The jury received its instructions from Judge Karl Finkelnburg shortly before noon today after Ernest D. Blair, Rushford, representing Culhane, and H. M. Lamberton Jr., attorney for Ellsworth, completed their final arguments.

Began on Monday
The trial began Monday afternoon and testimony was heard from five witnesses, the last this morning.

The first to testify was Culhane who described circumstances of the collision involving his car and a pickup truck driven by Ellsworth at the intersection of two county roads four miles west of Fremont last Jan. 10.

Culhane said that as he approached the intersection he looked both ways but saw no oncoming vehicles.

He said that when he was about two-thirds through the intersection he saw the pickup coming, he applied his brakes and turned to the left but the two vehicles collided.

He estimated Ellsworth's speed at about 50 miles an hour and said that he was driving not more than 25 miles an hour.

After the accident, Culhane said, Ellsworth ran back to the car and remarked, "It was all my fault, fellows. I was just going too fast."

A passenger in the car, Harry Treder, Lewiston, was the next witness called by Blair.

Estimates Speed
Treder also estimated Culhane's speed at about 25 miles an hour and Ellsworth's at between 45 and 50.

Ellsworth, the first witness called by Lamberton, held that his truck was struck by the car and denied that he was traveling at the speed cited by Culhane.

The Utica man said that he was not driving over 30 miles an hour when he approached the intersection and added that he had not seen the car until the moment of the crash although he looked to the side as he neared the junction.

Ellsworth also denied that he had made any statements to Culhane at the accident scene that he was responsible for the accident or that he had been driving at an excessive speed.

He was followed on the witness stand by Wayne Dabelstein, who operates a farm near where the two vehicles collided and who was one of the first persons to arrive at the accident scene.

Dabelstein said that he was not a witness of the accident but said that skid marks he noticed at the crash site indicated that the two vehicles collided in the northeast corner of the junction and that the truck had traveled past the center of the intersection at the time of the accident.

Mrs. Ellsworth was the last witness to testify before court was adjourned at about 4 p.m.

The trial was resumed this morning.

This morning, Lamberton called an automobile mechanic, Alois Virning, as a witness to testify regarding damage to the Ellsworth truck and recalled Ellsworth for one question.

Both sides rested their cases at 10:15 a.m.

Members of the jury serving on the case are Mrs. Vivian Boyce, 425 39th Ave., Goodview; Harry Plughoff, Houston; Harry Fabian, St. Charles; Mrs. Rose Rihs, 402 1/2 E. 5th St.; Mrs. John E. Papenfuss, Dakota; Mrs. Walter Miller, Utica; Mrs. Ed Kohner, Minnesota City; Emil Prondzinski, 860 E. 4th St.; Mrs. Leo Githner, 466 Mankato Ave.; John Schneider, 1055 Center St.; and Michael Ross, Plainview.

Whalan Youth Not Badly Hurt In Collision

RUSHFORD, Minn. — A Whalan youth and two companions escaped with only minor cuts and bruises when the car in which they were riding overturned after a collision with another automobile on Highway 43 on Rushford Hill near here at 7:50 p.m. Sunday.

Minnesota Highway Patrolman Eugene C. Molitor identified the drivers of the two cars as Lyle Storie, 24, Winona Rt. 1, and Glenn Johnson, 19, Whalan.

Johnson was driving north on Highway 43 when his car and the southbound Storie automobile sideswiped.

After the collision the Johnson car rolled over while the Storie automobile continued on the highway for a distance of about 500 feet and struck a guard rail post.

ENGINE MISSING
Oscar Schuster, Rochester, has reported to police the theft of a 6-horsepower gasoline engine from a garage at the rear of 553 Huff St.

Schuster said that the engine was taken sometime since Jan. 15.

Walk-in Blood Donors Sought

Walk-in donors were in demand as the Red Cross bloodmobile unit began a four-day stand here at 2 o'clock this afternoon.

The need for additional donors exists today, Wednesday and Thursday, but particularly today and Thursday. The unit will be at St. Mary's College Friday.

Donors will be especially easy to accommodate between 5 and 8 p.m., James D. Cole, blood chairman, said.

Hours for the three days beginning today are 2 to 8 p.m. The unit is at the Athletic Club today (75 registrations) and at the Masonic Temple Wednesday (114) and Thursday (69).

A total of 617 pints are needed to make quota.

Highway Contracts Totalling \$127,209 Awarded by Board

The Winona County Board awarded road construction contracts for 1953 totaling \$127,209 following bid openings at the courthouse Monday afternoon and this morning.

Commissioners completed May buy-sell maneuvers this morning by selling two pieces of ancient-vintage rock crushing equipment for bid prices totaling \$2,675.

All road construction contracts were let to low bidders on eight separate projects.

H. J. Dunn Blacktop Surfacing Co. of Winona was awarded a \$35,639.47 contract on State Aid Road 11 south of Lewiston, calling for 10,534 cubic yards of crushed rock and 52,609 gallons of bituminous surfacing.

Other bidders on the project were: Leon Joyce, Rochester, \$36,887.25; and Roverud Construction Co., Spring Grove, Minn., \$36,343.86.

Canton Firm Low
William Ramlo & Sons, Canton, Minn., was given two contracts Monday afternoon for work on SAR 1 east of Ridgeway and SAR 18 south of St. Charles.

His bids: SAR 1, calling for excavation, 4,179 cubic yards of sub-base and 2,041 cubic yards of crushed rock, \$18,547.07; and SAR 18, for excavation and 4,688 cubic yards of crushed rock, \$34,444.30.

Others offering proposals were: SAR 1—Boym Construction Co., Rushford, Minn., \$20,778.70; Ben Erwin & Son, Caledonia, Minn., \$20,072.71; SAR 18—Boym Construction Co., \$40,731.50; and Ben Erwin & Son, \$36,228.56.

All three of the above are federal aid secondary projects.

Commissioners received bids at 10 a.m. today on 20,000 cubic yards of crushed rock for use by the county highway department at five separate locations.

Low Bids Accepted
The County Board accepted the low bid on each of the five and awarded contracts to three firms at a total contract cost of \$38,584.95.

Roverud Construction Co. had offered a bid covering all five phases of the project at \$39,004.62. Fred Fakler, Winona, offered the same for \$33,168.85 and Patterson Quarries, St. Charles, bid on phase 1 of the job for \$7,721.40.

Contracts were awarded by commissioners as follows: Phase 1, 4,542 yards, awarded to Patterson Quarries, \$7,721.40; phase 2, 3,390 yards, Roverud Construction Co., \$6,305.40; phase 3, 5,681 yards, Fred Fakler, \$10,417.35; phase 4, 2,190 yards, Roverud, \$4,577.10; and phase 5, 4,490, Roverud, \$3,570.70.

Equipment sold this morning included:

* One 15-by 36-inch Diamond primary rock crusher, purchased in 1937 for \$2,993, sold to the Roverud Construction Co. for \$1,320.

* One Badger secondary crushing and screening plant, bought in 1940 for \$6,587, sold to the Winona Sand and Gravel Co. for \$1,355. Both firms were high bidders on the two pieces of equipment.

Iowan Ordered To Pay \$100 Fine For Topsy Driving

Albert Nestyby, 53, Decorah, Iowa, R. 4, was ordered to pay a \$100 fine at 2 o'clock to serve a 60-day sentence in the county jail today after he pleaded guilty in municipal court to a charge of drunken driving.

Nestyby was arrested by the Minnesota Highway Patrol near Hart after he was found to be driving in an erratic manner.

The arrest was made on Highway 43 at 10:30 a.m. Monday.

This morning the Decorah man was seeking to make arrangements to pay the fine.

George Steck, 59, Rochester, pleaded not guilty to a charge of cashing a worthless check here Feb. 28.

Steck was arrested by Sheriff George Fort on a warrant signed by the management of the Wagon Wheel, 1000 W. 5th St., who said that he cashed a worthless check for \$10 there.

Trial of the case was set for next Tuesday.

Arthur Martinson Jr., 19, 1710 W. Wabasha St., forfeited a \$20 deposit on a charge of window-peeping.

He was arrested by police after he had been found outside a window at a residence near the Jefferson School at about 11:30 p.m. Sunday.

A resident who saw Martinson at the window chased him and obtained the license number of his car which provided police with information for the arrest.

Garage Near Street Denied By City Council

20-Foot Lot Restriction Must Be Observed

In zoning ordinance actions Monday night, the City Council denied the request of Ralph Schaefer, 577 1/2 Mill St., to build a garage close to the street instead of 20 feet back. Building Inspector George Rogge had recommended rejection.

Petitions approved under the zoning ordinance:

Mr. and Mrs. Jack N. Walz, 60 E. King St., to violate the lot line restrictions in construction of a shed. A neighbor had given written approval.

Joseph Kulas, 569 E. Front St., to violate the lot line restrictions in construction of an addition to his house. A neighbor had given written approval.

Some Held Over
Held over for a report from the building inspector were the requests of:

* Albert Linken, 204 Harvester Ave., to violate the lot line by 1 foot in construction of a garage. Written approval has been given by Oscar H. Bonham, Mary C. Bonham and Anna McCleary.

* Raymond H. Thorn to violate his "neighbor's lot line." He gave no address and did not indicate what kind of building the violation would be done. His neighbor, Fred Ziebell, has given written consent.

* Roy V. Miller, 1134 W. 4th St., to violate lot line restrictions in construction of an addition to his house. A neighbor, John Greeley, has given written approval.

* Wendell Fish, Sig J. Jerešek and William J. Miller to violate lot line restrictions in the construction of houses by Fish and Jerešek on Market street, between Lake drive and Sarnia street. The houses will be on the east side of Market street, with the Jerešek residence on Sarnia street. Its setback—the attached garage—is to be 10 feet from Sarnia street and its southern extremity will be within 5 feet of the southerly property line but approximately 35 feet from the Fish residence. The Fish home will have walls 8 feet from the side property line with an overhanging cornice on each side of 4 feet. The Jerešek lot is 80 by 100 feet, the Fish lot, 80 by 200 feet.

Held over at the request of the owner was the petition of Winona Properties, Inc., for rezoning of a part of Johnstone's Addition to commercial and transient-dwelling-motel. Action on the request now is scheduled for May 16.

Claims Received
Claims from Mr. and Mrs. Andrew E. Dick, Wabasha, for injuries allegedly received in a fall by Mrs. Dick at 2:45 p.m. March 24 at 116 Main St. were referred to City Attorney Harold Streeter. It is claimed that her left foot and leg dropped into a manhole. She wants \$5,000, her husband \$1,000.

Filed was a request of Peter Kulas for payment of \$24. He claims he was given the wrong measurement for a sewer by the city, resulting in extra digging.

The Park-Recreation Board, by letter, requested that the city complete the storm sewer to Lake Winona on Carimona street, south of Sarnia street. City Engineer W. O. Cribbs will make an estimate.

The council accepted the offer of A. M. Kramer to build a sanitary sewer system in Kramer's Second Addition and, if it meets city specifications, to accept it and maintain it.

Referred to the city attorney was a request of Edward L. Hostetter, 382 Collegeview, to be removed from the sidewalk contract, bids on which are to be opened May 16. He said that no one else on the street is participating.

Scheduled for June 6 was a hearing on the petition of Mr. and Mrs. Wesley Kittle, Orlane Kittle, Margaret Kittle and Mr. and Mrs. Kenneth Blanchard for the city to vacate all of Samstad street and that part of Howard street which is in Kittle's First Addition.

In the petition they claim taking of property south of the addition by the state has eliminated the need for the streets. They are unimproved.

Council O.K.'s Night Parking Around Schools

The City Council has created some parking space—at least for nights and weekends.

Aldermen Monday night agreed to pass an ordinance which will eliminate painting of yellow no-parking zones around schools. Instead there will be signs telling motorists that they can't park there during school hours.

There is a possibility that a short yellow strip may be left in front of school doors.

School officials have approved the change, the Council was told. At one school, the change already has been made. Several months ago St. Martin's Lutheran Church officials asked for the change at its school.

Talking about marking parking spaces, cross-walks and no-parking zones, Mayor Loyde E. Pfeiffer commented, "Now that the street department has done a good job on marking parking spaces, people should be taught how to park. Too many of them take up two spaces."

New Salary Schedule Will Give Teachers \$250-\$450 Increases

A new salary schedule which will provide Winona's public school teachers with wage increases ranging from \$250 to \$450 for the coming year was drafted by the Board of Education in special session here Monday night.

The new schedule, listing basic salaries ranging from \$3,450 for a teacher with a bachelor's degree and no previous teaching experience to \$5,150 for instructors with a master's degree and 13 or more years experience, was presented to representatives of the Winona Public School Teachers Association as a compromise between the schedule adopted by the board earlier this year and salary revisions previously requested by the teachers.

The seven-member WPSTA delegation which attended last night's special board session said that they would bring the schedule to the general membership and report back to the school directors on the teachers' reaction to the new schedule.

The board meets again in regular session next Monday and it is possible that formal action adopting the newest draft could be taken then.

Only Basic Salaries Listed
The new schedule lists only basic salaries for varying degrees of experience and training and the amount set for each step do not include the \$400 increment paid to all married men on the teaching staff (this additional allotment for married men is reduced to \$300 on the top step of the schedule) and is separate from the other increments paid teachers for various coaching duties and other assignments.

In presenting the new schedule to the teachers, the board also went on record with the assurance that when the directors begin their discussion of a new tax budget for the next fiscal year in July they will "give serious consideration to further salary increases for the 1953-54 contract year."

Monday night's board action was the latest development in a four-month series of salary discussions between the teachers and board.

Chronologically, these have been the steps in the current negotiations:

1. On Jan. 10 the board adopted a new schedule with limits for teachers with the B.A. degree of \$2,200 to \$4,850. This schedule would give increases of about \$150 to most members of the teaching staff.

2. The teachers expressed almost immediate opposition to this schedule and presented a proposal calling for a \$3,200-\$5,500 range at the bachelor's degree level with a \$400 differential on all steps for teachers with a master's degree, raising the upper limit for a teacher with a master's degree and 13 years experience to \$6,250.

3. A week ago Board President Carroll Svenson and Superintendent of Schools Harvey D. Jensen met with representatives of the teachers association for a comprehensive examination of the over-all salary problem.

4. Data compiled at this meeting figured in various proposals considered by the board in drafting the new schedule Monday night.

Teachers Delegation Present
When the board was convened for last night's special session, the teachers delegation of John Duell, John Pendleton, Miss Neva King, Miss Lucille Dolan, Miss Arvilla Ludwizke, Morton O. Ouren, and Miss Susan Day appeared for a 40-minute discussion with the directors.

When the teachers delegation left, the school board considered several proposals for upward revisions in the salary schedule and finally a vote was taken on the \$3,450-\$5,150 range with the provision that consideration be given at tax budget time to further increases for the next year.

When the rollcall vote was taken on this motion the board approved the schedule by a vote of 7-1 with only 4th Ward Director Louis Czarnowski dissenting.

B. A. Miller, director from the 2nd Ward, was not present at the meeting.

In the second column of the table below are listed the salaries for the past year paid for the various

Deeds Missing, Examiner Says Of Authority

A \$51 overpayment on a contract, difficulty in locating abstracts and apparent loss of deeds to property on which the Arthur C. Thurler Homes are located were revealed by the state public examiner in a report on financial affairs of the Housing & Redevelopment Authority of Winona.

The report on the years ending Dec. 31, 1952, and 1953, like a similar report on financial affairs of the Board of Municipal Works for the years ending March 31, 1953 and 1954, was prepared by Raymond E. Vecellio, deputy public examiner. Both studies were made last October.

There was no criticism of the water department's records.

Bulk of the comment on the WATER DEPARTMENT'S activities was on the 25 per cent rate increase of Aug. 1, 1953. It was required to meet the demand for extensions and improvements of the city's water distribution system.

He noted that the rate increase boosted receipts from operations \$35,568 during the year ending March 31, 1954, and also that construction costs during the two years examined totaled \$125,912. The planned construction of a gravity flow reservoir "in the very near future" south of Lake Winona also was cited as a requirement of additional income.

Contracts for constructing and equipping the 160 apartments of the low-rent ARTHUR C. THURLEY HOMES totaled \$1,539,865 at the end of 1953, the report stated. Financing of the project, none of which represents an obligation to the city, was detailed, including the preliminary loans (\$75,700) and issuance of temporary notes between March 4, 1952, and Dec. 2, 1953, totaling \$1,212,688.47, all of which have been repaid.

The project now is operating a long-term bond financing program that was inaugurated a year ago, when bonds totaling \$1,655,000 were sold to a New York firm. Final maturity date on the bonds, bearing 2 1/2 per cent interest, is April 1, 1955.

The bonds are repaid through rental receipts and funds received under the annual contributions contract with the federal government. Payment to the city, in lieu of taxes, totals 10 per cent of the shelter rent. None has been paid yet, however.

Vecellio's report on the housing authority made reference to several matters revealed during the financial study including an overpayment of \$51.59 to Edward J. Hartert as option negotiator for the authority.

Overpayment Cited
The report noted that the authority paid Hartert \$543.09 on March 12, 1951, and that on May 10, 1954, Stanley W. Hahn, assistant director of development for the Public Housing Administration, advised the authority that payment should have total \$491.50 under a Feb. 27, 1951, contract. The report said that Executive Director A. A. Gallien had reported that as of the time of the examination (Oct. 31, 1954) no attempt had been made to recover the overpayment.

Vecellio also said that the deeds to the property on which the Arthur C. Thurler Homes are located are missing, but are registered with the Winona County register of deeds.

Abstracts of the land acquired March 1, 1951, also were missing at the time of inspection, but Vecellio said he was later informed by E. G. Scherneck, former executive director, that he had the abstracts to the three parcels of land and delivered them to the examiners on request. The abstracts then were turned over to Gallien.

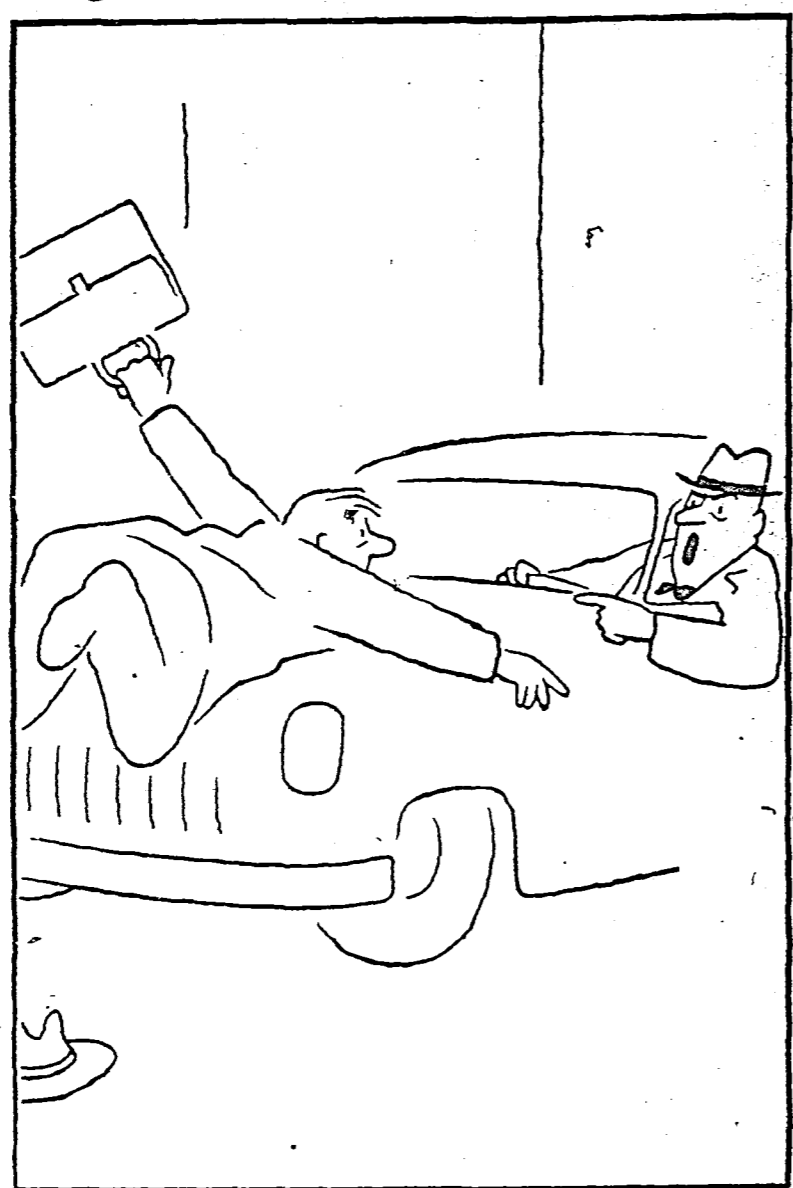

Contracts Summarized
Largest among the construction contracts awarded was to the general contractor, WMC, Inc., for a total of \$1,432,417.82. "The original contract called for a total expenditure of \$1,384,000, but additions, listed by the examiner, totaling \$48,417.82, increased this contract to the higher figure."

Largest among the additions was \$28,070 for piling. Piling alone cost \$66,070, but the actual contract increase was \$28,070 when it was decided to omit a brick veneer finish on the 33 apartment buildings. Some reductions also were included in change orders on contracts.

Contract awards included in the

Misguided Missiles

by Chon Day

"You happen to be on private property."

development fund listing by the examiner included:

Contractor - Services	Total with additions to Dec. 31, 1953
Gould, Brown & Summey, Inc., housing survey	2,025
Boytum, Schubert & Sorenson, architects	48,836
P. Earl Schwab, appraisals	105
John Druve, appraisals	105
P. Earl Schwab, appraisals	60
Edward J. Hartert, option negotiations	543
Herbert M. Bierce, legal	93
B. O. Boyum, R. L. Leininger, survey contract	354
R. J. Thurler, survey contract	823
George, Brehmer & McMahon, legal	540
George, Brehmer & McMahon, legal	1,330
Alfred J. Rundquist, chief inspector	12,000
General Electric Supply Co., electrical meters	2,294
Rockwell Mfg. Co., gas meters	1,750
Frigidaire Sales Corp., refrigerators	17,137
Minnesota Butane & Equip. Co., gas stoves	9,627
Minnesota Butane & Equip. Co., gas water heaters	9,650
WMC, Inc., main construction contract	1,432,417
Totals	\$1,639,865

In the WATER DEPARTMENT summary Vecellio noted that in comparing fiscal years 1953 and 1954, the operating expense during 1954 decreased \$5,178, to a total of \$84,303, while operating revenue totaled \$141,110, or an increase of \$56,807 in 1953.

Total assets of the Board of Municipal Works passed the \$1 million mark during the fiscal year ending March 31, 1954. The figure was \$1,012,498 compared with \$965,890 the previous fiscal year.

The water works improvement and extension fund, meanwhile, decreased \$20,177 in a comparison of the two years. The total at March 31, 1954, was \$123,291. Earnings and other amounts from the water department are transferred to this fund to pay water main construction costs. The decrease was explained by the fact that only \$105,734 was transferred while construction costs totaled \$125,912.

The balance sheet, comparing the status of assets and liabilities at March 31, 1953 and 1954, included:

	1953	1954
Treasurer's cash balance	\$ 11,343	\$ 24,261
Inventories	24,923	25,569
Depreciation fund	12,284	39,336
Treasurer's cash balance	127,696	83,955
Investments	783,240	825,445
Fixed assets		

Surplus monies in the respective years were \$39,731.44 and \$46,878.39.

Safety Winner Is Fined for Speeding

OMAHA — Mrs. James T. Pruett appeared in court for her husband, arrested on charges of driving 54 miles an hour in a 35-mile zone. She said, "He was on his way home after receiving a safe driving award." Judge James O'Brien said, "I now give him the dubious award of being the fastest speeder to appear in court today. Fifteen dollars and costs."

India's Parliament Fights Discrimination

NEW DELHI — The upper House of Parliament has approved a bill providing penalties of up to three months imprisonment for discriminating against untouchables,

Whisky Bottom Road Battle Starts Again

LAUREL, Md. — The battle of Whisky Bottom Road is on again. Albert L. Dalton, owner of a motel at the nearby intersection of U.S. 1 and the disputed thoroughfare, reported someone had sawed down the large sign on his property which reads "Historical Whisky Bottom Road—Circa 1732 A.D."

He and a number of long-time residents contend the name is a

historical symbol, but newcomers say it is only a sordid reminder of a prohibition past. They have sought to have the name changed to Patuxent Drive.

Dalton said he put the sign right back up and if any anti-Whisky Bottomers return "I'll be watching for them from now on."

There are U. S. towns named London, Paris, Rome, Moscow, Dublin, Belfast, Vienna, Lisbon, Berlin, Madrid, Cairo, Tokyo, Warsaw and Belgrade, says the U. S. Geographic Society.

Brand NEW!

A gasoline at regular price

that gives you

more miles per gallon!

NEW Mobilgas
with Mobil Power Compound

More miles per gallon... with better performance than ever! That's the story of new Mobilgas with higher octane, plus Mobil Power Compound—three important, gas-saving additives. Here's how these additives save you money:

ADDITIVE #1—Saves gasoline by controlling pre-ignition and spark plug mis-firing.

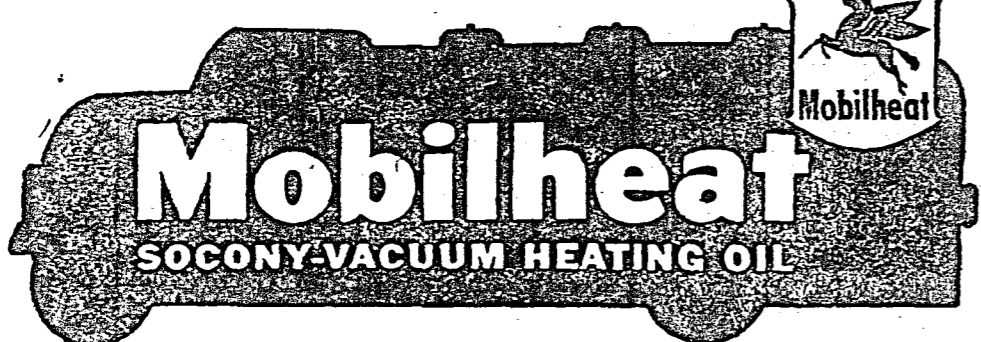

ADDITIVE #2—Saves gasoline by reduc-

ing the stalling due to carburetor icing.

ADDITIVE #3—Saves gasoline by combating engine-formed gum and by helping to keep carburetor and fuel system clear.

If your car uses "regular," you'll be thrilled with how much better your engine performs with new Mobilgas—how much gasoline you save. See for yourself—today!

MOBILGAS —the famous Economy Run Gasoline —gives you greater economy than ever!

Backed by 83 Years' Refining and Research Experience.

"MOBILHEAT" the famous "FLYING RED HORSE" OIL now features a new improved fuel oil with a "TWIN ACTION" formula that cleans as it burns. The new "MOBILHEAT" helps prevent

the accumulation of harmful deposits inside your tank. Improves the operation of your burner. Helps keep it fresh and clean for maximum efficiency. Yet "MOBILHEAT" fuel oil burns as hot as ever. Can't be beat for steady heat.

No. 1 Clear Range Oil ... 15.5¢ gal. Nos. 2 and 3 Mobilheat ... 14.2¢ gal.

FOR ECONOMICAL HOME HEAT THAT CAN'T BE BEAT

Let Us Hope Cancer Will Be Next

Perhaps today there is another Dr. Salk waging an unheralded battle against that dreaded killer of mankind — cancer. Let us hope so.

He may be among the dedicated scientists who in innumerable laboratories are attempting to track this menace to its lair.

Professor Felix Haurowitz of Indiana University is one who is turning the light of his great knowledge of chemistry on the causes of cancer.

His research is supported by the American Chemical Society which reports some heartening news. Prof. Haurowitz has found a new clue to action of chemicals which are known to cause the mysterious disease.

Using radioactive sulphur and carbon atoms he was able to trace the action of certain molecules similar to those which cause liver cancer in rats. His research indicates that cancer may get its start through a weakening of the body's defenses.

Before medical science can find a way to cure cancer, it first must know exactly how the disease acts on the body's cells.

The Indiana "U" professor appears to have opened up a new panel of investigation. The public can feel assured that the path will be explored to the fullest, for there is no let-up in the war against the killer diseases.

The recent great victory over polio is a tremendous advance in that war. Victory over cancer will surely come and when it does it will be due to the infinite patience and dedication of such men as Prof. Haurowitz.

Movies Can Be an Effectual Spiritual Tool

Motion pictures are somewhat more effective than other forms of communication in the religious education of children, according to a study conducted in 102 Protestant churches in New Haven, Conn. The sponsors of the study made it clear, however, that this does not detract from the need of person to person contact in teaching religion.

The study illustrates an interesting point. So often we hear how movies contribute to juvenile delinquency, how television and other forms of entertainment lead youngsters astray. Yet here is an instance where a form of communication properly used has proved to be an effective spiritual tool.

It would be well to remember this when we are wondering how to solve the problem of how best to teach and protect our young people from undesirable influences. By taking positive action, by doing things like putting motion pictures to work for good, we can gain a great deal more than we can by pointing to the dangers of bad movies.

The world changes. Work changes, recreation changes, language changes. There is no harm in the idea of change in itself. But if life is to improve, it is needful that people see to it that they choose the better forms of change. Movies, radio, newspapers, books which emphasize the beauty and goodness of the life of the spirit can contribute greatly to a better world. It always was and always will be a useful idea to "hold fast that which is good."

Have Never Figured Out the Opposition

Daylight saving came to a large section of the nation over the April 24 weekend. About the only notice we took of it in Minnesota was the fact it loused up most of our radio and TV programs.

As usual the daylight saving plan failed to be accorded any visible degree of support in the state Legislature, not even on a local option basis.

We have never figured out the basis for the opposition. We'll go along another two years on the present system while tens of millions of Americans in more enlightened states reap the benefits of longer daylight hours in which to work and play. — St. Cloud Daily Times.

Try and Stop Me

By BENNETT CERP

Every year a group of wags in the brokerage house sector, headed by talented John Straley, get out "The Bawl Street Journal," which kids everybody from the House of J. P. Morgan to the House of Polly Adler. Its ads have featured a spurious announcement from the National City Bank reading "No signature, no co-signers—and no collateral." Also "Bring your rich relatives: They're the kin we love to touch," and a note from Wertheim & Co. recommending "Schizophrenia, preferred: A stock sure to be split." The Michigan Corporation begged, "If you're looking for a dog, take a peek at our list," and Palmer & Co. advertised, "Wanted! Customers!

These Days

Nationalists May Fight for Quemoy

By GEORGE E. SOKOLSKY

NEW YORK — When last February, the Nationalists on Formosa evacuated the Tachen Islands, with the assistance of the American Seventh Fleet, they assumed that they had an agreement, in writing, with the United States that because of such evacuation, Quemoy and Matsu would be defended by the United States. They believed that to be true up to Sunday, April 24, when Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, and Asst. Sec. of State Walter Robertson arrived on Formosa to tell them otherwise.

(In this article, I am trying to give the picture as I understand the Chinese on Formosa see it. I do not know, of my own knowledge, what the Tachen evacuation agreement was.)

As a matter of fact, the initial rejection of Chou En-lai's invitation to talk on a Saturday, which was nullified on the following Tuesday, was in conformity with the spirit, if not the letter, of such an agreement.

To the Nationalists, therefore, the change of attitude between Saturday and Tuesday is in the nature of a double cross — "Walk the garden path," as the Chinese say it—and they are blaming it, as usual, on the British, by which they mean that the constant necessity for adjusting American to British policy give the British, who dislike Chiang Kai-shek, an opportunity to influence American views.

THE NATIONALISTS intend to stay put which is embarrassing to the United States, because the question then arises, will the United States blast the Nationalists off Quemoy and Matsu in the interest of Communist China. The alternative to that is to let the Nationalists do their own fighting, the Seventh Fleet watching the engagement. The Nationalists will, of course, fight with American equipment just as the Chinese Communists will fight with Russian equipment. It will be something like the civil war in Spain during which one side was supported by Soviet Russia and the other side by Nazi Germany. It might even be regarded in Asia as a prelude to the big fight.

Should the Nationalists be defeated and the Communists decide to push on to Formosa, the Seventh Fleet would become engaged automatically, unless the United States decided to violate its treaty of alliance with Nationalist China. Should such a violation occur, the Communists could readily take Formosa and Japan would be forced to reconsider her position vis-a-vis the United States. The Japan-Australia line would be in a state of collapse, and the United States would have to form a new defensive line, probably with Pearl Harbor as the core. Then Southeast Asia would go pro-Communist China and anti-American because no country can accept the reliability of a treaty-breaker.

Nobody in Asia is quite sure as to what American policy is. Chiang Kai-shek has put his faith in Radford and Robertson, two excellent officials, who have been required to make proposals to him which he cannot and will not accept. Suicide is, for him, more acceptable, and may some day be the only way out.

CHIANG HAS BEEN DEALING with countries for a long time. He understands that Radford and Robertson were sent on the mission to nullify the agreement concerning Quemoy and Matsu precisely because the Nationalists regard them as friends and trust them. He recognizes that public officials are often required to perform wholly unpalatable duties. Therefore, in his mind, their arguments are discounted because he does not believe that they mean what they say. They are merely carrying out their public duties, whatever their private opinions may be.

Further, all governments dealing with the United States recognize that there are actually two State Departments, if not more, and that the two do not always agree, which is why it was possible to say something officially on Saturday and to back away from it on Tuesday.

The formal State Department, presided over by John Foster Dulles and Herbert Hoover, Jr., holds the view that was expressed on Saturday; the White House group, which includes Dr. Milton Eisenhower, Harold Stassen and Nelson Rockefeller, holds the view which was expressed on Tuesday. The British, who frankly do not like Dulles, try to by-pass him by going directly to the White House group, and that makes for confusion and uncertainty.

IN YEARS GONE BY

Ten Years Ago . . . 1945

Loss estimated at between \$2,000 and \$2,500 was caused by a fire which severely damaged the interior of the Boston Bakery.

The Nazi report that Adolf Hitler died at his command post in Berlin may be true but the average Winona does not believe it.

Twenty-Five Years Ago . . . 1930

The worst tornado in the region's recent history took a toll of three lives at Lake City and wreaked damage of over \$200,000 in property.

A bank bandit sought for several weeks in the Northwest area was captured on a farm 20 miles north of Winona by an armed posse.

Fifty Years Ago . . . 1905

A fire broke out at the Puhlbrugge Brothers greenhouse on East Fifth street.

Mr. and Mrs. A. N. Meyers were surprised by a number of friends on their 20th wedding anniversary.

Seventy-Five Years Ago . . . 1880

One F. W. Raymond, a Chicago "rat," was arrested in an attempt to rob the money-drawer of J. S. Wilson's harness shop.

Another telephone experiment was tried between Winona and Beef Slough with much success.

No previous experience necessary! Spaulding's had "paddles for investors up the proverbial creek," and Tiffany's a number of solid gold Cadillacs.

When Wall Street is in such a good humor you know there's a bull market in progress!

Army to Build Subways Under Greenland Icecap

By DREW PEARSON

WASHINGTON—It hasn't been announced yet, but the Army Engineers will burrow under Greenland's mighty icecap this summer and, if successful, run subway trains beneath the packed snow and ice just as subways now run under New York City.

This spectacular project, known as Operation Icecube, is awaiting final approval by the Danish authorities who govern Greenland. A volunteer construction crew of six officers and 172 men, commanded by Lt. Col. Elmer Clark, is standing by to begin the dangerous tunneling through the solid, million-year-old ice. Their work will be supervised by 60 scientists, all Arctic specialists.

Using the latest snow-tunneling equipment, they will bore 100 feet below the ice to build this unique, deep-freeze subway. Purpose is to link scattered Arctic outposts by fast electric trains that will streak under the icecap with troops and supplies.

Greenland stands — a mammoth, stationary iceberg — in the path of Soviet bombers that could strike America from Arctic bases. Actually the island is a huge submerged valley, packed to the brim with snow that spills over the mountainous outer rim into the sea. This tremendous snowdrift, accumulated for centuries, is nearly two miles deep at some points.

The surface is a Sahara of snow, whipped by winds over 150 miles an hour, frozen by stark, 70-below temperatures. But underneath, the conditions are calm, the temperature is a constant 13 degrees below zero.

Besides protection from the terrible storms and severe temperatures, the proposed under-ice transportation system would be safe from detection by enemy bombers. Already the Army Engineers have built sinking Arctic outposts, whose buildings are designed like submarines to sink on an even keel, leaving only antennas and hatchways poking above the snow.

Construction on the Arctic subway will begin in July, probably near Thule Air Force Base. The first effort will be experimental to determine how feasible the project is. Cost is expected to run no more than it takes to build an average, two-lane concrete highway.

But its value may be immeasurable in conquering the forbidding but strategic Arctic — another triumph for American ingenuity.

Hall Gets Panned
Genial, barren-beaned Len Hall, chairman of the GOP National Committee, has to carry a lot of gripes and trouble on his broad shoulders. He is used to most of them, takes them in his stride. But he was flabbergasted when an explosive gripe was delivered in his office by an old backer of the GOP.

He was Sam Pryor, former GOP national committeeman from Connecticut, a Wendell Willkie campaign manager, and now vice president and chief lobbyist for Pan American Airways. Pryor has helped to raise a lot of money for Republican campaigns and his visits are not unwelcome at GOP headquarters — except for this one. This time he came storming into Chairman Hall's office fit to be tied. "I am going to get you if it's the last thing I do," the angry Pryor told the genial Hall.

And he proceeded to blame the GOP committee for failure to reappoint Oswald Ryan to the Civil Aeronautics Board. Ryan is the friend of Pan American Airways, who, from his vantage point on the CAB, had helped deliver important routes to the "world's biggest airline." Though Pryor consistently denied — to this writer and others — that Ryan was a friend of Pan Am or had done any favors, he seemed to have for-

Boyle's Column

Good Wife Can Replace Laundryman

By HAL BOYLE

NEW YORK (U)—Who sews your buttons? Who darns your socks? Who sends your shirts to the laundry?

If a man does these things himself, presumably he is a real fine modern-minded husband and a great companion to his wife. But if he expects his wife to do them, he is presumably a brow-beating oaf who is secretly looking for a mother not a marital partner.

Some present-day sociologists and marriage counselors seem to hold. I say they're full of taddle.

There has been a horrible spate of magazine articles lately on the "new freedom" of wives, the "new partnership" in marriage, the "new sharing of responsibility" between husbands and wives.

Sheerest Drivel

Much of this wide-eyed tripe is the sheerest drivel. It operates on the theory that (1) a home is hopelessly old-fashioned if the husband goes out and brings home the bacon, then rests contentedly in the living room while his wife cooks it—but (2) everything is palsy-walsy in a home in which papa opens a can of beans for dinner while mama cheerfully busies herself painting the kitchen ceiling.

Well, I just don't believe it. And I'll bet 10 million American husbands (and their wives!) agree with me.

The latest of these little up-to-the-minute matrimonial essays really has me riled. It found in a survey that many young U. S. wives were neglecting their husbands, but held sociologists thought this just dandy as conditions have changed, and a man no longer has the right to expect from his wife the personal attentions and services his father received from his mother.

Saddening Statistics

The article expressed surprise but no disapproval over the fact that a poll of college girls taking a course in marriage and family life showed only half expected to darn their future husband's socks, sew on his buttons, see that his shirts were laundered and his suits kept cleaned and pressed.

To me this is saddening. Do these girls really want to marry a husband—or merely marry a bachelor, who doesn't need them? I recall in a college course I attended the professor asked the girls the minimum income they would demand in a husband. One girl insisted it would have to be \$100 a week. That was more than 20 years ago. She's unmarried.

'Porgy, Bess' Troupe Shatters Precedent

ROME (U)—Floodlights on Athens' ancient Acropolis were turned off to provide adequate power for footlights. At Zagreb, a Yugoslav audience gave a 20-minute ovation. Milan's famed La Scala opera house junked tradition to stage a semioperate production for the first time.

PAUL HARVEY NEWS

Washington Planned With Eye to Future

By PAUL HARVEY

NEW YORK—I am at my favorite watering place between airplanes—home. Here, amidst the quiet green lawns with the folks who matter most, I am digesting the memories of what the politicians call "a swing through the East."

Angel and Small Paul went along this ride; they shared with me the nice tributes from the Sumter Guards in Charleston, S. C., and the DAR in Washington.

It is nice to reflect upon that trip, but as memories sift and sort themselves, it's surprising which ones come to the top.

The turreted white towers of The Citadel rising above the flaming azuleos of Charleston. So like Camelot. And the plumed cadets presided over by Gen. Mark Clark provide other parallels with the knights of those Round Table days.

I remember a narrow street in Charleston which detours around a tree. The street goes out of its way to pass on either side of the great old hanging oak in a gesture that typifies a gracious demeanor preserved yet.

I remember in the park overlooking the harbor where the great ships of the Atlantic Mine Fleet lay at anchor, there is a statue.

Erected to a Sgt. William Jasper. It is inscribed with his words: "Don't ask us to fight without a flag."

Small Paul and I stopped to read it, stayed to memorize it.

I remember Washington. The hushed conferences, the revelations of intrigue. The few relaxed moments with our nation's top echelons of leadership.

The color and pageantry of Constitution Hall where I took the stump for internal security. After my speech, the gracious, personal note of appreciation that was delivered to me at the Mayflower . . . signed by John Edgar Hoover.

When George Washington stood up there on the heights across the Potomac where Gen. Lee's old mansion row stands . . . and looked down on his chosen site for "The Federal City" which he did not know would one day bear his name . . . it is amazing the foresight of the man.

As he planned this lovely place and told Pierre Charles l'Enfant how all streets should radiate from the Capitol like the spokes of a wagon wheel . . . yet the Mall and the Tidal Basin were left undisturbed. It is uncanny that his plans have accommodated all our expansion to this day.

From the steps of the Lincoln Memorial, looking up the Mall past the Washington Monument, to the Capitol . . . all in a straight line.

With the White House . . . That's interesting. I never thought of that before.

With the White House forever just slightly to the left.

George Washington's long-range planning which set the stage for all this appears phenomenal to us now. For today we do not plan for the distant tomorrow. We give but such a little concern to the long-range good we seek just to get past next week.

Yes, it's a good thing they let George do it. For if our Capitol and our country were to be blue-printed today it would likely look like the Pentagon and function with the efficiency of the United Nations.

Missing Couple Feared Murdered

MIAMI, Fla. (U)—Law enforcement officers intensified their search today for Mr. and Mrs. Charles Ferri but they said there was little hope that the well-to-do couple would be found alive.

The couple were classified as "missing persons." Although the condition of the seven-room home from which they disappeared Friday night pointed to murder. Blood spots led from the front room to a bedroom and then to a carport. Human blood was on a pair of Ferri's slippers near the driveway.

A theory that Ferri, 68-year-old retired plumber and pipe fitter, was the victim of a gangland slaying lost significance as officers delved into the couple's background.

Ferri had been subpoenaed as a witness in the income tax evasion trial of Albert Anastasia in Newark, N.J., May 10. Anastasia reputedly was onetime executioner of Murder, Inc., in Brooklyn.

at Europe's reaction to "Porgy and Bess" than the singers themselves. "Our reception everywhere has been absolutely fantastic," said prima donna Gloria Davy after a performance before enthusiastic Romans. "We become more amazed with each city we visit."

Advice on Health

Tongue Not Immune to Certain Ills

By H. N. BUNDESEN, M.D.

There's one part of the body to which we seldom give much thought. Yet, without it, men would have a tough time putting over business deals and women wouldn't be able to chat over the back fence.

I refer, of course, to the tongue. Now, in spite of its extensive use, your tongue is probably in very good condition. It is not, however, immune to ailments. Gerson, viruses, and other organisms might attack it, leaving it inflamed and perhaps swollen and ulcerated. Doctors call this condition glossitis.

Glossitis can also be caused by jagged teeth, poorly-fitting dentures or by breathing through your mouth. Excessive use of tobacco or alcohol, or eating too much hot foods and spices, might be the cause. Then, too, your tongue may be sensitive to certain toothpastes or mouth washes.

Anemia, or the lack of certain vitamins, particularly those of the B group, might help this condition get started.

Sometimes your entire tongue may become fiery red, or even swollen and severely ulcerated. These disturbances often interfere with chewing, swallowing and talking.

Since there are so many possible causes for glossitis, your doctor must be consulted to determine the reason for the trouble. Whatever he decides, he probably will also supplement your diet with vitamin B complex.

Until the condition clears up, you should stop smoking, stop drinking alcohol and irritating liquids, and stop eating hot and spicy foods. Keep to a liquid or at least a bland diet. Avoid all citrus fruits, tomatoes and vinegar.

Keep your mouth and teeth clean. Brush your teeth at least twice a day and rinse your mouth frequently with alkaline mouth washes.

In certain cases, application of one per cent gentian violet usually is effective. However, this causes your tongue to become temporarily purple in color. A mouth wash of sodium perborate used several times a day doesn't have the drawback of purple coloring, but it isn't as effective either.

QUESTION AND ANSWER

MISS I.E.: Would stomach ulcers cause a sensitive and sometimes a dull ache around the navel?

ANSWER: Stomach ulcers as a general rule do not produce pain around the navel. Such condition might be due to a bowel disturbance or some condition affecting the bladder.

Tape Recording Routs Burglars

CHICAGO (U)—The burglars who broke into the Michigan Electronics, Inc., plant were greeted by a pleasant male voice: "Good evening, gentlemen. We remind you that this place is electronically guarded. We suggest that you turn around and disappear."

There was a brief pause and the male voice, not pleasant, shouted: "Help, police, police! Thieves, burglars! Help, police! Next came a woman's shrieks: "Call the police, help, help! Call the police." Then a siren wailed and alarm bells set up a loud racket.

Nearby residents summoned police but the burglars had fled.

Paul Grossi, engineer for the pocket-size tape recorders, said yesterday he and another engineer rigged up the device "largely as a gag." The burglary attempt was its first test.

Labor Plans Big Plunge Into Politics

By DON WHITEHEAD
WASHINGTON (AP)—Organized labor is planning today to move into politics in the 1956 elections on a scale never before attempted in the history of the American trade union movement.

This move will begin after the AFL and CIO merge their 140 unions into one, 15-million-man organization this fall—perhaps in December.

AFL President George Meany, who will head the new federation, said in an interview:

"We're going as far down that (political) road as it is necessary to go to achieve our objective—and that objective is the raising of the living standards of the working man."

This plunge into politics will be an historic turning point for labor as far as the 10-million-member AFL is concerned. In the past, the AFL has remained pretty much on the political sidelines except to endorse this or that candidate for public office, although the CIO has been active politically for years.

Meany believes now labor must move onto the political front in force for self-protection. This is his reasoning:

Compelled by Events
"We are being compelled by the force of events to take defensive action to make sure that we are not hampered and restricted at the bargaining table. We are being compelled to enter the political field in order to change the political picture that is developing against labor. And the job must be done not only on the national level—but on the state level."

"The Taft-Hartley law and restrictive state laws are putting all the weapons in the hands of employers. So there is no other way left open to us but to take political action."

Meany referred to the spread of so-called "right to work" laws and laws which curb the use of union funds for political purposes.

The Taft-Hartley law forbids the use of union funds for political purposes and it also bans the closed shop, in which only union members may be hired. The law permits, under certain conditions, the union shop, in which a worker must become a union member within a certain period after he is hired. Now 18 states have the right-to-work laws, which, for the most part, ban the union shop. Some states are moving, too, to curb union political activity.

Blockade Claimed
In referring to these laws, Meany said: "We are seeing right now a new move under way to strike at labor from a new direction. There is a new effort to block us on the political front and to prevent our members from taking action on a political level."

"But I say we are going to be political to the extent that we are forced to be in the protection of our own rights at the bargaining table. What the hell is the use of going to the bargaining table if you are going to have your hands tied behind your back?"

Meany has had political experience in helping push pro-labor laws through the New York Legislature.

The Library of Congress in Washington was burned by the British in 1812 and other fires in 1825 and 1851 destroyed much of the collection of books.

THE WORLD TODAY

Truman Guessed Wrong On Prospects for Peace

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Presidents Truman and Eisenhower both reached a point in their White House stay where things began to look a little better to them around the world.

Truman guessed wrong, and remained in office long enough to find it out. Eisenhower has 21 months of his term left. That should be long enough to tell whether his present careful optimism is justified.

When Truman faced reporters April 13, 1950, he had been in office five years and one day. In those five years, in which the wartime allies had split and the cold war had begun, this country had taken a number of steps to stop the spread of Communism.

It had armed Greece and Turkey; it had created the Marshall Plan to get Western Europe back on its feet and it was succeeding; and it helped set up the North Atlantic Alliance.

But Communism had spread nevertheless. After taking over the satellites, the Communists got Czechoslovakia and the Chinese Communists, late in 1949, took over China.

Nevertheless, the Truman administration was cutting down its military spending and on April 13, 1950, the President told newsmen the prospects for peace looked better than at any time since the cold war started in 1946.

Then in June the United States was in war in Korea and remained in war for the rest of Truman's term.

The Eisenhower administration, explaining its increased reliance on new weapons, is cutting down the size of the armed forces although Gen. Matthew B. Ridgway, Army chief of staff, has taken a gloomy view of Army reductions.

On military spending Truman and Eisenhower faced the same problem. The country couldn't afford to stay fully mobilized indefinitely. Both men sought a middle ground.

Grand Jury Indicts Mill City Dentist In Woman's Death

MINNEAPOLIS (AP)—Dr. A. Arnold Axilrod, Minneapolis dentist, faces arraignment today on a first-degree murder charge in the strangling death of Mrs. Mary Moonen, 21, one of his patients.

Dr. Axilrod was indicted late Monday by the Hennepin County grand jury. The true bill came just 10 days after Mrs. Moonen's body was found in a Minneapolis Lake District alley.

In statements to police, Dr. Axilrod admitted having taken the woman for a ride the night of April 22, only hours before her body was discovered.

Charles Wetherill, inspector of detectives, said Axilrod claimed to have blacked out after Mrs. Moonen accused him of fathering her unborn child. In his statement, the dentist said Mrs. Moonen alleged she had been assaulted while under sedatives in the dentist's office. He denied the charge.

Conviction upon first-degree murder charges carries a mandatory life prison term.

About 3,000 No. 6 fish hooks can be processed from a pound of steel.

2 More Members Of Gov. Freeman's Team Take Office

ST. PAUL (AP)—Two more top members of Gov. Freeman's team took over their positions Monday.

Byron Allen, Detroit Lakes farm manager and former Democratic national committeeman, became commissioner of agriculture, and George Selke, former president of St. Cloud Teachers College, took office as commissioner of conservation.

This brings to eight the number of top posts filled by Freeman appointees. Others are Arthur Naf-talin, commissioner of administration; Frank Starkey, employment security; I. G. Rasmussen, banking; Morris Hursh, public welfare; Harry Sieben, liquor control; and Mitchell Perizzo, aeronautics.

Principal holdovers are M. J. Hoffmann, commissioner of highways; G. Howard Speth, taxation; James Clark, business development; and William Revier, veterans affairs, who refused Governor Freeman's request that he resign.

U. S. to Train Crews for British Bombers

NEW YORK (AP)—The New York Times said today the United States has agreed to train selected British bomber crews to use American atomic weapons.

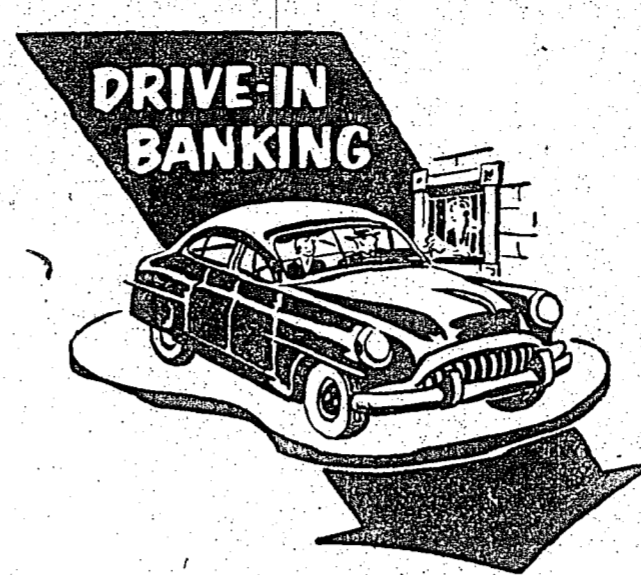

This agreement clearly envisages the delivery—in a war emergency—of United States atomic weapons to units of the Royal Air Force, the Times dispatch

from London said. The report added that the actual weapons would only be turned over to the British from U. S. stocks in Europe on the order of the American President, as required by U. S. law.

The Times said according to "reliable sources" the new British-American arrangement

"marks the first time since the passage of the McMahon Act of 1946—liberalized by Congress last August—that the United States has begun planning with an ally for the potential use of American atomic weapons by that ally."

There are around 2,000 species of lice.

County Board Grants \$500 for Memorial Day

Winona County commissioners approved annual Memorial Day appropriations totaling \$500 during an afternoon session at the courthouse Monday.

Stated to receive \$50 each for May 30 expenses were the following county service organizations: Clarence Miller Camp 5, Spanish American War Veterans, Winona; Leon J. Wetzel Post 9, American Legion, Winona; Neville-Lien Post 1287, VFW, Winona; Hugh Watson Post 190, American Legion, St. Charles; Donahue-Ham Post 5630, VFW, St. Charles; Sylvester O'Meara Post 90, American Legion, Lewiston; Marine Corps League of Winona; John Ball post, Women's Relief Corps, Winona; Henry Morton post, Women's Relief Corps, St. Charles; and the Winona Memorial Day Association.

Three school hearings were set for June by commissioners, including:

A petition from the school board in Dist. 68, Winona County, asking that their district be dissolved and attached to Dist. 22 at Lewiston.

A petition from Robert C. Foster, asking that his land in Dist. 82, Wabasha County, be set off and attached to the independent consolidated district at Plainview.

A petition from Wayne F. Evans, Alice L. Loehrer and Mildred A. Getschmann, asking that their land in Dist. 82, Wabasha County, be set off and attached to the independent consolidated district at Plainview.

All three hearings are set for 2 p.m. June 6, first day of commissioners' June session.

The County Board has approved the contracts and bonds for the Roverud Construction Co. and H. J. Dunn Blacktop Surface Co. for bituminous surfacing and chipped rock contracts awarded in April.

In a hearing Monday afternoon, commissioners approved the dissolution of Dist. 110, Olmsted County, with subsequent attachment to Dist. 69 at St. Charles, Winona County. Hearing in the affair was on a petition from the school board in Dist. 110 and was approved unanimously.

Commissioners approved tax abatements this morning to include:

Homestead classification and reduction of taxable value — John J. Kelly, 227 1/2 E. 3rd St., for 1931-32-33-34, \$1,950 to \$1,350; Cecelia M. Denny, 463 Sioux St., \$1,440 to \$900; George Mika, 164 E. Broadway, \$1,750 to \$1,100; Robert F. Kropp, 1273 W. 3th St., \$1,460 to \$910, and John F. Pozane, 1068 E. King St., \$770 to \$480.

Reduction in assessed valuation of real estate for the current tax year — Leo Winkels, 226 W. Wabasha St., \$2,660 to \$2,360.

Deputy Sheriff Helmer Weinmann inspects damage which resulted to a car involved in a collision on Highway 14, about a mile and one-half east of Lewiston Monday afternoon. The drivers of both cars suffered minor injuries in the collision. (Daily News photo)

'Pride, Prejudice' To Be Presented At Spring Grove

SPRING GROVE, Minn. (Special) — "Pride and Prejudice" is the name of the senior class play to be presented here May 6.

It is the story of trials and tribulations of a Victorian gentleman with an impressionable and high-strung wife and five marriageable daughters, based on a novel by Jane Austen, in three acts.

The cast has: Charles Kinneberg, Catherine Haugstad, Joyce Christensen, Marie Schwartzhoff, Virginia Myhre, Arlene La Forgia, Audrey Morken, and Laurel Elton. Georgia Deters, Helen Forde, Margaret Bakken, Gertrude Nerstad, Gary Roverud, George Thompson, John Dahl and Donald Bagley.

Howard Johnsrud heads the production staff.

Lewiston Man in FB Group to Washington

Erwin Richter, Lewiston, a member of the Winona County Farm Bureau, is in Washington with a Minnesota delegation opposed to a return of high rigid price supports now before the House.

About 30 Minnesota farmers, headed by J. L. Morton, president of the FB, left for the capital Sunday and will dine with state congressmen tonight.

West 5th Street Becomes Arterial

West 5th street became an arterial officially Monday night, but cross-street drivers won't be aware of it for several more weeks. The City Council passed an ordinance making about two miles of the street a throughway. Main street to Highway 61, but it'll be several weeks before stop signs—already ordered—arrive and are installed.

City Engineer W. O. Cribbs said today that the ordinance as passed is not consistent with the understanding that he had of the Council's plans. He said that Bierce street should have been excepted. It is his understanding that this is to remain a four-way stop.

Temporarily, too, 5th street traffic will continue to stop for Huff street traffic. Aldermen plan a traffic signal there. There's a pedestrian-actuated signal at 5th and High streets now.

One of the principal changes in traffic will be at Winona and 5th. There 5th street has been stopping for Winona street traffic.

Many of the streets approaching 5th street already have stop signs.

In other business the Council heard a report from 2nd Ward Ald. Henry Parks and 4th Ward Ald. Joseph Karsina that the Socoy-Vacuum Oil Co., Inc., has purchased the vacant lot adjacent to its service station at East 3rd and Market streets. The Chamber of Commerce parking committee had recommended that the city acquire use of this lot for parking purposes. Up to 28 cars could be accommodated. The aldermen, in

reporting the purchase last night, said that the new owner is interested in making it available to the city at the cheapest possible rental figure. A representative will be present at the May 16 meeting.

On the recommendation of 4th Ward Ald. Daniel Bambenek, chairman of the airport committee, the Council passed a resolution asking Congress to pass legislation which will continue to give feeder air lines permanent certificates. Ald. Bambenek said that the large airlines are attempting to persuade Congress to keep the small airlines permanently on a temporary basis.

Subject to the passage of an ordinance, the sidewalks on Washington street, between Front and 2nd streets, will be required to be only 5 feet in width, rather than 6 feet. The property owner on the east side made the request since he is planning to rebuild his portion.

At the request of Dr. R. H. Wilson, city health officer, the Council agreed to pay the rent in the Exchange Building for the Winona County Dependency Project. Annual city share of the rental for the offices is \$1,300. This is the second year that the city is helping to pay the bill.

First Ward Ald. Harold Briesath reiterated that some of the residents of Arthur C. Thurlay Homes are damaging private property in taking a short-cut. The Winona Housing & Redevelopment Authority as well as the Public Housing Administration is being asked for action.

Teachers

(Continued from Page 3)

cerned, the new schedule would mean that a large group whose experience now places them somewhere in the center of the schedule will receive raises of \$350 next year. Perhaps 60 or so who are now at the top of the schedule will have increases of \$250 while a few on the lower end of the schedule would realize \$400 to \$450 hikes.

In their meeting with the board Monday night the teachers stressed their desire for a boost in the schedule to the point where it stands at least at the median for the Big 9 Conference.

The median maximum for the next year is \$5,050 and teachers said that they proposed a schedule with a range from \$3,400 to \$5,050.

The delegation said that since the last meeting the board they had inspected board records and found that the public schools "financial status is good . . . and this makes it easier for the board to meet the median salaries of the other schools."

A rather sharp exchange broke out at one point in the meeting when 3rd Ward Director William A. Lindquist asked the delegation whether they had ever considered looking at teachers salaries from the standpoint of wages paid per day of teaching.

\$18 to \$31 Daily

Lindquist remarked that he noted that if the teachers work year embraced 173 days of actual classroom teaching the present salary schedule provided wages of \$18 a day for beginning teachers with no previous experience to \$31 a day for an instructor who is married, has a master's degree and 13 years experience.

The delegation objected strenuously to this consideration, Duell holding that "you can't judge teachers salaries by the hour or by the day. No one puts in more overtime for free than a teacher."

The delegation also said that the 173-day year cited by the director didn't include a workshop week when teachers are on duty and Pendleton said that teachers also are expected to attend conventions for which they receive no remuneration for expenses.

Czarnowski said that he found that the Winona school system had one of the largest per pupil costs of education in the conference. The teachers said that this was due in part to the fact that a number of special classes are provided here that are not available in other schools.

Pine Island Driver Quizzed in Boy's Death

KASSON, Minn. (AP) — Donald M. McKay, 22, Pine Island, today was being questioned in an auto accident that took the life of a 5-year-old St. Paul boy Sunday. Sheriff Rudy Benson of Dodge County said McKay was driving the car that struck Allen Schlaeppli, while the boy and his parents were visiting at the home of an uncle, William Schlaeppli, living 10 miles north of Mantorville.

Allen died in a Rochester hospital Sunday night. His was the state's 153rd traffic death compared with 200 a year ago.

The sheriff reported McKay's driver's license had been taken up April 5 after he had been convicted of drunken driving.

Pay Increase

(Continued from Page 3)

three are part-time employees; the building inspector, in accordance with an agreement made a year ago when he was hired, received a \$15 increase in November, and as for the nurses, the Council has been relying in the past on advice from the nursing advisory council.

The Council also set its own salaries and that of the mayor; there's no increase. The mayor gets \$1,000 a year, the Council president \$750 and the other eight aldermen \$500.

Frank Keelan, meter maintenance man, filed a letter asking for consideration of overtime worked. This will be discussed further at a subsequent meeting.

Notices Filed

Filed was a notice from Roy G. Wildgrube, clerk of municipal court, that he has reapportioned Alfred G. Berndt as deputy clerk with the approval of Municipal Judge E. D. Libera.

Approved was the reapportionment of Police Records Clerk George McGuire as court officer by Municipal Judge Libera.

Filed was a notice that the Holy Name Society will play bingo at its family picnic at Latsch Prairie Island Park July 10.

Permission was given the American Legion Auxiliary to sell poppies May 27 and 28.

Licenses approved: Cigarette—Frances Valentine, 315 E. 3rd St.

Dance—Marvin Schaffer, Red

Men's Wigwam, April 22, and Chester Wiczek, 851 E. Wabasha St., May 7, 14, 21 and 28.

Sign—Royal Finance Co., 51 E. 3rd St.

Drainlayer's — Frank O'Laughlin, 527 Washington St.; John H. Sherman, 1113 W. Howard St.; C. J. Borzyskowski, 168 E. 3rd St.; Charles Olsen & Sons, 111 Center St., and H. J. Kramer, 520 Center St.

By unanimous vote, Robert Van Gundy, Houston, was denied a peddler's license. The fee is \$3 a day. A peddler, by definition of city ordinance and state law, is a person who makes a sale, delivers the goods and takes the cash, rather than taking orders for later delivery.

Held over for two weeks was the application of Ruby Smith for a palmistry license at 173 E. 3rd St.

At the request of Park-Recreation Director M. J. Bambenek larger lights were ordered at the

intersection of East 4th and St. Charles streets and in the East Recreation Center playground.

Payrolls approved were distributed as follows: Treatment plant, \$446.30; streets, \$2,632.69; municipal band, \$83, and parking meter fund, \$12.

CACTUS IN BLOOM
Miss Edna Rose, 609 W. Wabasha St., has an orchid cactus plant in bloom.

She claims it is a very rare plant and is, striking in appearance. Flowers are nearly eight inches in diameter and the leaves are sometimes a yard long. The flowers are bright red.

Wisconsin Salk Vaccine Called Ready for Use

MILWAUKEE (AP) — Wisconsin's supply of Salk polio vaccine needs no additional tests and should be administered as rapidly as possible, the emergency consultation committee of the State Medical Society said Monday.

Dr. Carl Neupert of Madison, the state health officer, said the State Board of Health would release vaccine for use in the state on arrival, expected by Friday.

The committee agreed that: "Because all polio vaccine coming into Wisconsin is certified as to safety, potency and purity by the biological control laboratory of the National Institutes of Health (NIH) of the U. S. Public Health Service prior to its licensing and release, the committee recommends that such vaccine be put to use as rapidly as available without delay by the imposition of additional requirements."

The recommendation, along with one outlining a system of priorities for use of the vaccine, will be submitted here tonight to the medical society's house of delegates.

Dr. William Hildebrand of Menasha, committee chairman, said the committee felt more testing would delay administration of the vaccine at least 35 days and would jeopardize some children. He said the state's facilities for testing the vaccine were not adequate and Wisconsin should follow the lead of other states in accepting NIH as the highest authority.

The emergency committee recommended that so long as the vaccine is in short supply, priority should be given two groups having a higher incidence of polio—children from 6 months to 13 years, and pregnant women.

A more vaccine becomes available, the committee agreed, its use should be broadened to include children 14 through 19.

Orchids Revive Undressed Sheep

WOODLAND HILLS, Calif. (AP) — O. H. Wilkins recommends an orchid diet for shivering sheep. But not his orchids.

Eight hundred newly sheared sheep began keeling over yesterday after a rainy and windy weekend caught them in an unseasonal state of undress. Their pasture is near Wilkins' five-acre estate.

Wilkins, a lighting director for the National Broadcasting Co., said he couldn't get help for them on the telephone, so he began hauling the nearly dead sheep by wheelbarrow to his only convenient shelter—his orchid hothouse.

"I never cared much for sheep," he said, "but I just couldn't stand around and watch those poor things die off like that."

About half the sheared sheep died. "They got a chill," said their owner Nick Costa. "It turned into pneumonia, and they died."

Wilkins sheltered 100 of them in his snug and warm hothouse. On the advice of a veterinarian, he administered penicillin with his orchid feeder syringe.

The still-wobbly 100 perked up, looked around and began to munch on Wilkins' rare orchids. He said some of the plants were worth more apiece than the sheep. Between the drugs and diet, however, they were soon revived.

Costa said the 400 who died were trucked away to a rendering plant.

Plainview-Elgin Riders Plan Event

PLAINVIEW Minn. (Special) — The first trail ride of the newly organized Plainview-Elgin Riders will be held Sunday.

Riders will meet on Highway 42, midway between Elgin and Plainview.

The club has selected white lettering on green backgrounds for emblem banners and shirts.

Officers of the 35-member riding club are: Maurice Loos, Elgin, president; Fred Barz, Elgin, vice president; Willard Deming, Plainview, secretary; Aaron Timm, Plainview, treasurer; and David Dickerman and John Welti, Plainview, directors.

Cowboy Game Brings Death To State Boy

GRAND RAPIDS, Minn. (AP) — A cowboy game he apparently was playing brought death late Monday to a 10-year-old boy living at La Prairie, two miles east of Grand Rapids.

When his son didn't come home for dinner, John Ritter investigated to find David's body hanging from a tree, his neck broken.

Arthur Jetland, deputy Itasca County coroner, said David apparently was playing with a lasso. A noose was around his neck. The other end of the rope was loose, but had a large knot in it. This knot had become lodged in a fork of a large branch and the boy was suspended with his feet off the ground.

In addition to his parents, David is survived by six brothers and a sister. Jetland called the death accidental and said there would be no inquest.

No Time Yet to Form Own Opinions

DENVER (AP) — "Is there any reason why you shouldn't sit as a fair and impartial juror?" defense attorney Isaac Mellman asked prospective juror Edward Sachs as a murder trial opened yesterday. "Well, I've just been married a short time," Sachs replied.

More States Now Require College Trained Teachers

LOUISVILLE, Ky. (AP) — School administrators are finding that one way to get and keep teachers—a sore problem for 15 years now—is to make it harder to be a teacher.

The number of states requiring a college degree in education to teach in elementary schools now is nearing 35, and others are planning to put degree requirements into effect.

A group of school superintendents attending a conference of presidents of state associations of administrators here discussed this development in a panel interview today.

"We put in a requirement for a degree about three years ago," said Dale Whitenack, of Vancouver, Wash., "and, as many states have found, we discovered that the higher the requirements, the better are the chances of getting teachers."

"The first question prospective teachers usually ask our recruiters is 'What are your requirements?' Money is important too, but most of all they seem to want to work where their associates are well trained."

"It's only the same thing that the bar and medical profession did 40 or 50 years ago," commented

Deputies Discover Wrong Man Jailed

LOS ANGELES (AP) — Sheriff's deputies weren't aware there was anything wrong until Eusebio Espana, nervously pacing his cell, suddenly called out to a jailer: "Hey! When do I go to court?" Somebody looked into the matter. And, it developed, Espana, 29, already had been to court. Furthermore, he had been ordered released.

Espana didn't know all this. And for very good reason.

Inquiry showed that Rudy Garcia Megiorino, 28, had helped himself to Espana's property slip, and had appeared in court as Espana. When the judge dismissed the charge against Espana, Megiorino was released.

Megiorino hasn't been seen since. He was supposed to go to prison on a robbery conviction.

To make matters worse, it seems nobody noticed that Megiorino's clothes didn't fit when he walked out. With his pilfered property slip, the 130-pound Megiorino had been given the clothes of Espana, who weighs 189.

William H. Baker, Holden, Mass. "They raised their standards, and you can see the results."

Massachusetts has required a degree for some years. Several states — Kansas and Louisiana, for example — have required them for junior and senior high schools and are beginning to put a degree requirement into effect for elementary schools.

Boy Scout Boat Stolen at Ettrick

ETTRICK, Wis. (Special) — Ettrick Boy Scouts lost their 14-foot, bright green boat from its mooring on the Ettrick pond, behind the Harry Ekern residence.

The boat was first missed Saturday, and it is believed to have been taken within the last few days. It was chained and padlocked to a small boat dock the scouts had built behind the Ekern home, and the chain had been sawed in two.

The scouts had purchased the boat during the last month, had cleaned, caulked and painted it,

and built the dock at the pond's edge. Their loss has been reported to the Trempealeau County sheriff.

EASTER SEAL REPORT

ETTRICK, Wis. (Special) — Mrs. E. O. Runnestrand, chairman of the Easter Seal sale for crippled children, has reported that \$106.25 has been received.

She said there are some persons who have not yet replied, and that there still is time for those to contribute if they wish to do so.

The usual trout stream is a succession of comparatively quiet pools with wide, shallow riffles between—a pool may be very long or merely a break in faster water.

Elected First Vice President of the Women's Auxiliary to the Minnesota Optometric Association at the group's 55th annual meeting in St. Paul last week was Mrs. C. Richard Kollofski, 408 W. Sanborn St. Mrs. Kollofski is seated above at the far left as she is pictured with the new cabinet. Other officers seated from left to right include Mrs. G. W. McKee, secretary, Excelsior; Mrs.

Donald G. Anderson, Robbinsdale, president, and Mrs. H. L. Carlson, treasurer, Mankato. Standing from left to right are Mrs. K. G. Dunwell, vice president, Preston, and Mrs. K. W. Neujahr, vice president, Bagley. The next state meeting of the group will be held in the spring of 1956 in Minneapolis.

Community Concert Membership Drive To Open Monday

The silver anniversary of the Winona Community Concert Association will be specially observed at its workers dinner May 9. The dinner at the Hotel Winona at 6:15 p.m. that Monday will officially open the campaign week which will close at 6 p.m. May 13. Heading the concert course for next year will be the famed Robert Shaw Chorale, a group ensemble of 42, singers and orchestra.

Only those persons becoming members during the campaign may attend the association concerts during the 1955-56 season. Early membership is urged as often toward the end of the campaign, latecomers cannot secure memberships. Only as many memberships are released as there is seating capacity in the Winona Senior High School auditorium where concerts are presented.

Autographed photographs of artists who appeared here the past season, the Paganini quartet, the stars of the Ballet Russe de Monte Carlo and Conrad Thibault and Paul Badura-Skoda, will be presented to those who become the first, 25th, 50th, 100th, 150th, 200th, 300th, 400th and 500th members.

Brief talks will be given at the dinner by a number of members in observation of the 25th anniversary of the association. On the program are W. Kenneth Nissen, James McConnon, Mrs. William M. Markle, Mrs. Carpenter Buck and Miss May S. Murray.

Mrs. Myles Petersen is in charge of dinner arrangements. Campaign chairman is Mrs. Hubert Weir and in charge at campaign headquarters, to be maintained with its own telephone in the Hotel Winona lobby, will be Mrs. Milton C. Davenport.

WEAVER, Minn. (Special) — Mr. and Mrs. Gerald Costello and son Con have returned to their home at Waco, Texas, after a visit with his parents, Mr. and Mrs. Con Costello. On Sunday a family gathering was held in their honor at the Costello home.

ST. JOHN'S AID
ARCADIA, Wis. (Special) — The Ladies Aid of the St. John's Lutheran Church will meet Thursday afternoon in the church parlors. Bible study will be at 1:30 p.m. and serving will begin at 2 p.m. Hostesses will be Mrs. John Hohmann Jr. and Mrs. Henry Kube.

during the day, and of wearing fresh stockings every day. Stockings must be one-half inch longer than toes when standing, otherwise they restrict and cramp the foot. Short stockings are almost as bad as short shoes.

Foot exercises are particularly beneficial if you stand on your feet all day. Any exercises of a toe gripping nature are excellent. Curl the toes under to pick up marbles or jacks, or write with a pencil, or curl up the edges of a rough towel. Another good exercise is to walk a chalk line, barefoot, one foot placed directly ahead of the other, curling toes under, throwing weight to the outer borders.

Feet break down under excess weight, too. It stands to reason that feet constructed to carry you along happily at 130 pounds will protest when forced to bear the weight of 160 pounds without a corresponding increase in supporting strength.

Joseph Stencels Wed 57 Years

ARCADIA, Wis. (Special) — Mr. and Mrs. Joseph D. Stencel observed their 57th wedding anniversary April 26. A Mass was celebrated at the Our Lady of Perpetual Help Catholic Church for the event.

Mr. and Mrs. Stencel have lived in Arcadia nearly all their married life. They were married April 26, 1898, at St. Michael's Catholic Church, North Creek, near Arcadia, and came to Arcadia to make their home. Mr. Stencel, 81, was born in Pine Creek. He was employed by the Fugina Brothers and Fertig Company in Arcadia, transferred to the Fertig company store at Independence until it was discontinued, after which he returned to Arcadia, still with the same company.

Later he opened his own business, and operated a general merchandise store until 1928. He operated a bowling alley for some time, and served as city treasurer and assessor for many years. He has been in poor health for the

past four years, being bedridden for two years.

Mrs. Stencel, 76, the former Elizabeth Woychik, was born at North Creek. She is in good health and does her own housework, in addition to carrying for her husband.

The couple has five children, Joseph Jr., Broadhead; Mrs. Gerald (Genevieve) Howland, Merrill; Mrs. Donald (Eleanor) McFasters, Green Bay; Alphonse, Arcadia; and John O. Madison; ten grandchildren and one great-grandchild.

MIRIAM CIRCLE
Miriam Circle of Grace Presbyterians Church will meet at 2 p.m. Wednesday at the home of Miss Mary Klee, 459 Harriet St.

Home Talent Play to Raise Cancer Funds

DAKOTA, Minn. (Special) — A home talent play, "Kidnapping Betty," will be given at the Tregon ballroom here Saturday at 8 p.m. Johnny's Accordion Band, La Crosse, will play.

This program will raise funds for the National Cancer Crusade. Mrs. Otto Dobrunz of the village is chairman. Tickets are on sale.

Cast of the play includes Thomas Chandler, Maynard Brostrom, Richard Brostrom, Joan Radsek, Jo-

anne Flatten, Sue Bearwald and Lorraine Dobrunz.

The play is being coached by Mrs. Otto Dobrunz and daughter Betty Ann.

Thomas Chandler and Robert Bergsrud will present a record pantomime. Local businesses will furnish stage properties.

RUMMAGE SALE
The WSCS of Central Methodist Church will conduct a rummage sale in the guildhall Saturday, beginning at 9 a.m.

MISSIONARY SOCIETY
The Lucinda Missionary Society will meet Friday at 1:30 p.m. in the Dakota Methodist Church basement with Mrs. Harold Brostrom as hostess.

Mrs. Boardman To Be Installed At Open Ceremony

Mrs. D. V. Boardman, 204 W. Wabasha St., will be installed as worthy grand matron of the grand chapter of the Order of the Eastern Star in open installation ceremonies in the municipal auditorium in Minneapolis Friday evening.

Nearly 100 members of the Eastern Star and Masonic organizations here and other friends will attend the installation which is open to all interested whether or not members of the order.

Mrs. Ruth A. Jones, Waterbury, Conn., most worthy grand matron of the general grand chapter of the order, will be the installing officer. The installation will be held at 7 p.m. Friday.

A. Marvin Anderson, Canby, Minn., will be installed as worthy grand patron.

An open house, also open to all friends, will be held at the Curtis Hotel following the installation. Two bus loads of local members and friends will leave Friday noon for Minneapolis and there is a possibility of a third bus being chartered if sufficient persons make reservations.

Local chapter members will serve as hosts and hostesses at the open house. Past matrons of Winona will present an addendum honoring the newly-installed worthy grand matron at the close of the installation.

Past matrons from Winona will serve as ushers and Mrs. A. C. Brightman, junior past matron of Winona Chapter 141, will serve as page for Mrs. Boardman.

CIRCLE C
Circle C of St. Mary's Catholic Church will meet with Mrs. Albert Kethler, 723 W. Howard St., Thursday at 2 p.m.

TO TACOMA
Mrs. C. N. Dean, 1018 W. Wabasha St., will leave the latter part of this month for Tacoma, Wash., making the trip by plane. She is making the trip to attend the golden wedding celebration of her brother-in-law and sister.

HOMER WSCS
HOMER, Minn. (Special) — The Homer WSCS will meet at 2 p.m. Wednesday at the home of Mrs. Austin Shira. Devotions will be given by Mrs. Maxwell Carpenter. Jesse McGinnis will talk on Korea, and will show slides taken near Seoul.

HOMEWORKERS BOARD
WHITEHALL, Wis. (Special) — A meeting of the executive board of the Trempealeau County Homeworkers will be held at the courthouse here at 1:30 p.m. Friday to select projects for next year. Members of the board are Mrs. Herbert Lee, Osseo, vice president; Mrs. Jessie Hale, Galesville, treasurer; Mrs. Bennie Erickson, Elrick, president; Mrs. Levi Skoug, Strum, secretary; Mrs. Price Hilson, Galesville, treasurer the past two years, and Mrs. Arnie Anderson, Strum, outgoing vice president.

Alma Center Prom Royalty Announced

Allan Marianne

ALMA CENTER, Wis. — The junior prom of Lincoln High School will be held May 13 in the Inwood Ballroom at Hatfield, Wis., with Howie Sturtz and his orchestra playing. Theme of the prom is "Three Coins in the Fountain." Allan Gutknecht has been chosen king for the prom and Marianne Johnson will be queen. Both are from Alma Center. Gary Jacobson, Alma Center, and Neida Gile, Merrillan, are attendants.

CALIFORNIA GUEST
KELLOGG, Minn. (Special) — Mrs. Wilma Kitz came Monday from Palo Alto, Calif., to spend this week at the home of her aunt, Mrs. Elizabeth Bricher, and family. Mrs. Kitz is the daughter of the former Ida Tobias, Kellogg.

TO ALASKA
KELLOGG, Minn. (Special) — Mr. and Mrs. Arthur Hager left Friday for Anchorage, Alaska, where they will reside.

ELECT OFFICERS
KELLOGG, Minn. (Special) — Officers elected recently by the WSCS of the Methodist Church here, are president, Mrs. Glenn Kennedy; vice president, Mrs. Cecil Weir; secretary, Mrs. Charles Wehrenberg, and treasurer, Mrs. Raymond Slawson. Mrs. Elizabeth Bricher was treasurer for 9½ years, resigning her office at this meeting.

Keep in Trim Foot, Leg Savers For Those Who Stand All Day

By IDA JEAN KAIN

Girls who stand on their feet all day have asked for suggestions for the prevention of veins showing through the skin, a condition known as varicose veins. Anyone who has trouble of this kind should consult a physician.

Mild cases require no special treatment, and the doctor may approve the wearing of elastic stockings under the regular stockings. These are made of very fine elastic and merely act as a mechanical support much the same as a girdle affords support for the abdominal muscles.

Standing on your feet all day is much harder on them than walking, because the circulation slows up with constant standing. For example, heavy operators and clerks have more foot and leg troubles than waitresses who keep walking. But anyone who is on her feet all day should give them the best treatment. Resting with feet propped up is a good plan. While listening to the radio, prop your feet on a couple of sofa pillows or the arm of the davenport. Some girls find it helpful to sleep with their feet on the pillow.

Stimulating the flow of circulation is always helpful. One plan is to splash hot and cold water over the feet and legs. Sit on the edge of the bath tub and let the water flow at full force, alternating hot and cold. Finish with cold water, then rub the legs briskly with a rough towel.

Heels should be straightened regularly. Runover heels throw the weight toward the weakest position of the foot, inward, and this brings on foot troubles. Most girls realize the value of changing shoes

VEL* MAKES DISHES SHINE WITHOUT WASHING OR WIPING!

"Vel soaks dishes clean... SAVES YOU ALL THE HARD WORK!"
says Mrs. Irene Buckley, mother of 2.

NO "DETERGENT BURN" TO HANDS WITH VEL!

Prove it yourself—this "HAND-HEAT TEST" shows why.

Dip hands in water. Then put a tablespoonful of any leading washday detergent in one hand—put a tablespoonful of VEL in the other.

FEEL THE HEAT! From wash-day detergents, indicating presence of irritating alkalis and harsh chemicals that cause "Detergent Burn!"

FEEL NO HEAT WITH VEL because Vel contains no irritating alkalis or harsh washday chemicals to cause "Detergent Burn!"

Marvelous for dishes and finest fabrics!

*Vel is the trade-mark of the Colgate-Palmolive Co.

Square Dance Program Given For Madison PTA

The Madison School PTA at its final meeting of the year enjoyed a square dancing program presented by sixth grade students. Mrs. Orline Nordby and Raymond Dyar, sixth grade teachers, explained that square dancing is a part of the winter physical education program.

The brownie troop of Madison School presented a skit which demonstrated the handicraft and group activities worked on during the year.

During the business session the PTA voted \$10 to the Girl Scout campership fund and purchased tickets to the city PTA banquet for the outgoing and incoming officers.

Charles Beckman conducted the installation ceremony for the new officers: Carl Kiehnbaum, president; George Robertson Jr., vice president; Mrs. B. F. Perkins, secretary; and Miss Lucille Dolan, treasurer.

The attendance prize went to Mr. Dyar's sixth grade and the hospitality prize to Mrs. Jesse Long.

CIRCLE H

A meeting of Circle H of St. Martin's Lutheran Church will be held at the home of Mrs. Kenneth McCready, 556 E. 5th St., Thursday at 8 p.m.

PLAINVIEW LADIES

PLAINVIEW, Minn. (Special)—The monthly meeting of the Immanuel Lutheran Church ladies aid will be held Wednesday at 2:30 p.m. in the church social rooms. The meeting will include a miscellaneous sale. Hostesses are Mrs. Theodore Schoewe, Mrs. Ed Schultz and Mrs. Orlando Schultz.

FARM VISIT

Intermediate Girl Scout Troop 40, St. Stanislaus School, visited the farm of Mr. and Mrs. Millard Bauers, Bluff, Wis., Sunday afternoon. Joan Baures acted as guide for the flower study hike and lunch was served. Mrs. Ralph Kotter and Mrs. Florian Wicka, leaders, accompanied the girls.

IMMANUEL AID

SILLO, Minn.—The Immanuel Lutheran Ladies Aid of Silo will meet Thursday at 1:30 p.m. at the school auditorium. The pastor, The Rev. Harold C. Braun, will lead the discussion on "Christian Training in the Home." Hostesses will be Mrs. Marvin Rupprecht and Mrs. Gerhard Rupprecht.

VISIT RELATIVES

PICKWICK, Minn. (Special)—Mr. and Mrs. Herman Smith and son Harold, Maple Plain, former residents here, spent the weekend with relatives in this area. At Pickwick they visited Mr. Smith's brother, William Smith, and Mrs. Smith's sister, Mrs. Roy Greenwood, and other relatives here. At Dakota they visited their daughter, Mrs. Elmer Bernadot, and family.

Mr. and Mrs. David Boynton, Lewiston, Minn., announce the engagement and coming marriage of their daughter, LaVina Jane, above, 222 E. 5th St., to John J. Burns Jr., son of Mr. and Mrs. John Burns Sr., Lewiston. The wedding will be June 25 at 9 a.m. at St. Stanislaus Catholic Church, (Harold's photo)

KITCHEN SHOWER

LANESBORO, Minn. (Special)—Miss Margaret Johnson was guest of honor at a kitchen shower last Friday evening at the C. W. Hanson home. Other hostesses were the Mmes. R. E. Sears, A. W. Highum and Otto Moe. Miss Johnson will be married June 25.

Ernie Reek and his Country Playboys, Arcadia, will furnish the music. Mrs. Marcel Thomas, Mrs. George Werner and Mrs. Eugene Zabinski are making arrangements.

Chautauqua Club Tours Winona Daily News Plant

Apple blossoms, lilacs and other spring flowers set the pattern for the Chautauqua Club dessert luncheon Monday afternoon at the home of Mrs. M. H. White, 370 W. Sanborn St.

After the luncheon Mrs. C. R. Kollofski, club president, called the meeting to order and led in the reading of the "Club Collect."

At the business meeting which followed, reports were given by Mrs. A. J. Anderson, secretary; Mrs. Norman Indall, hospitality chairman; Mrs. M. L. Spencer Sr., essay contest chairman, and Mrs. Lloyd Osborn, hospital auxiliary representative, and Mrs. Glenn Fishbaugh, program chairman for next year.

Mrs. Stanley M. Hardt, present program chairman, announced that the last meeting would be a 1 p.m. luncheon May 23 to be held in the Flamingo Room of the Hotel Winona. Mrs. A. E. Meinert will have charge of the program.

Letters concerning the conservation essay winners' recognition program were read by Mrs. Kollofski. Mrs. Spencer brought up the need for a supervised playground for the children in her neighborhood (Clark's Lane), and suggested that the Clark homestead dooryard at the south end of Clark's Lane would be an ideal spot.

It has been suggested that the park should memorialize the six original homesteaders on the site of Winona. The club was urged to give thought to making the park-playground idea a project for civic improvement.

Mrs. Osborn reported the invitation extended to the club mem-

Blair Woman Reaches 92

BLAIR, Wis. (Special)—Mrs. Martha Jordahl was honored by friends Friday in celebration of her 92nd birthday.

As Martha Davis she was born in Chicago April 23, 1863. Her father was a seaman and died while at sea when Martha was a year old. Upon her husband's death, Mrs. Davis and her daughter came to Joe Coulee, in the Blair area, where Mrs. Davis married again.

Mrs. Jordahl has lived on the same farm for 76 years. Her husband died in 1907. She and her daughter, Mrs. Sophie Twesme, who is a widow, and with whom she resides, spent the winter months at the home of Mrs. Jordahl.

Announcement is made by Mr. and Mrs. Edward Klink, Arcadia, Wis., of the coming marriage and engagement of their daughter, Patricia, above, to Harlan Pronschinske, son of Mr. and Mrs. Albert Pronschinske Sr., Arcadia. The marriage will take place May 14 at 9 a.m. in the St. Stanislaus Catholic Church here.

bership to attend a hospital tea May 15.

Assisting Mrs. White was Mrs. Anderson. Mrs. Meinert, Mrs. W. G. Zilliox presided at the table.

Following the luncheon and business session, members toured the Winona Daily News plant. Guests on the tour were foreign exchange students in Winona.

CIRCLE SEVEN

Circle Seven of the Cathedral of the Sacred Heart will meet at the home of Mrs. John McDonald, 209 Grand St., Wednesday at 8 p.m.

MOTHER-DAUGHTER BANQUET

PLAINVIEW, Minn. (Special)—The annual mother and daughter banquet will be given at the Methodist Church Hall Thursday at 6:30 p.m. by the WSCS. On the program are Mrs. W. E. Mahle, Mrs. Lloyd Melendy, Mrs. Donald Harrington, Mrs. Adrian Reiter, Arlene Binder, Mrs. Allan Kackman, Dallas Schwanz, Roxanne Bruner, Roxanne Mahle, Jan, Laura and Mary Mrachek, Mrs. Edward Moon, Mrs. Fay Wood, Ann Feldman, Jean Haines, Mrs. W. E. Mahle, Mrs. D. G. Mahle, Susan Mahle, Mary Leonard. No tickets will be sold at the door. Tickets are available now from Mrs. Clarence Kruger or Mrs. Hazel Steck.

Teachers College Council Elects

William Schimmel, St. Louis Park, is the new president of the Winona State Teachers College Student Representative Council for 1953-54. He succeeds Arnold Boese, Winona, president of the council for 1952-53.

Miss Patricia Diethert, Stillwater, is the new vice president. Miss Barbara Gaddis, Owatonna, secretary, and David Mertes, Winona, treasurer.

Schimmel, who transferred to Winona from the University of Minnesota this year, is a major in social studies and a member of the Newman Club. During the spring he has been student assistant to Eugene Brodhagen, coach of the track and field teams at the college.

Miss Diethert, a transfer from Marquette University, is a member of the Lutheran Student Association, newly elected vice president of the YWCA, Y-Teen adviser, and a copy writer for the 1953 yearbook.

A major in kindergarten teaching, Miss Gaddis is assistant student dean of the women's dormitories, a member of Future Teachers of America, Kappa Delta Pi, the Canterbury Club, and current vice president of the junior class, and treasurer of YWCA.

Mertes, the only sophomore on the slate of officers, is a member of the Business Club, the "W" Club, the football team, and has represented the freshman class this year on the joint faculty-student finance committee.

TO BE MARRIED
MAIDEN ROCK, Wis. (Special)—The engagement and approaching marriage of Miss Joyce Pearson to Donald Lamberg, Red Wing, is announced by her parents, Mr. and Mrs. Howard Pearson. Mr. Lamberg is the son of Mr. and Mrs. Emil Lamberg, Red Wing. The wedding will be May 21.

70TH ANNIVERSARY
PEPIN, Wis. (Special)—Mr. and Mrs. Harold Percy received announcement of the observance of the 70th wedding anniversary of the former's grandparents, Mr. and Mrs. Orrie Taylor, Ft. Dodge, Iowa. The couple, who are 90 and 91 respectively, observed their anniversary April 22.

ANNOUNCE ENGAGEMENT
WHITEHALL, Wis. (Special)—Mr. and Mrs. Olaf Wivelstad, Whitehall, announce the engagement and coming marriage of their daughter, Barbara Ann, to Adolph John Lyga, son of Mr. and Mrs. Alex Lyga, Whitehall. The date of June 4th has been chosen for the wedding.

SQUARE DANCING CLASS
ARCADIA, Wis. (Special)—The next meeting of the square dancing class will be held Thursday in the Arcadia High School gymnasium from 8:30 to 11:30 p.m. Instructor and caller will be Fred Bambenek, Winona. Each person attending the dance is to bring food for a potluck lunch.

SCHOOL MEETINGS
DURAND, Wis. (Special)—Two meetings aimed at helping parents better understand the pre-school child are to be held at St. Benedict's Community Hospital here, according to Pepin County Health Nurse, Mrs. Helen M. Murphy.

The first meeting is planned for Thursday at 8 p.m.; the second May 19 at 9 p.m. Films will be shown.

Yvonne Zell Becomes Bride in Church Ceremony

PLAINVIEW, Minn. (Special)—Miss Yvonne M. Zell, daughter of Mr. and Mrs. Allen E. Zell, Plainview, and Walter J. Kruger, son of Mr. and Mrs. Joseph Kruger, Kellogg, who were married at St. Joachim's Catholic Church, Plainview, April 18 at 9 a.m. by the Rev. S. E. Mulcahy, will live at Greenfield Acres near Wabasha.

Music was played and sung by the Dominican nuns. Easter lilies and red geraniums made the background.

The bride, given in marriage by her father, wore a ballerina-length gown of white nylon tulle over slipper satin with Chantilly lace forming a peplum on the skirt, strapless bodice trimmed in nylon tulle and scalloped lace, and bolero jacket of lace. Her illusion veil was held in place by a tiara of seed pearls and rhinestones.

She carried red and white roses tied with silver lace ribbon, and wore a gold and rhinestone pin which had been worn by her maternal grandmother on the latter's wedding day 55 years ago.

The matron of honor, Mrs. Donald Murphy, Kellogg, sister of the bridegroom, and the bridesmaid, Miss Kathryn Lester, Winona, cousin of the bride, wore identical gowns of powder blue net and lace over taffeta. Their headresses were of blue net and pink rosebuds. They carried white daisies, pink roses and miniature pink calla lilies. The bride presented her attendants with pearl earrings and necklaces.

Best man was Glenn Zell, Plainview, brother of the bride, and groomsmen were Vernon Kruger, Kellogg, brother of the bridegroom, Ushers were Robert Murphy, Plainview, and William Norton, Wabasha.

A wedding dinner was served to 47 at 11:30 a.m. at St. Joachim's dining hall with Mrs. Ray Nunamaker as hostess. Blue and white candles were used on the tables. Serving were the Misses Kathryn Nunamaker, Margaret Carpenter, Marjorie Majerus and JoAnn Zell and Mrs. Albert Hoffman.

A reception followed at the bride's parents' home. The wedding cake centered the table along with spring flowers and white candies. Mrs. Layne Buckingham, Winona, cut the cake and Mrs. Francis Appel, Millville, poured. In charge of the guest book was Mrs. Gordon Crowson, Lake City. In charge of the refreshments were the Misses William Rahmann, Kenneth Majerus and Louis Rahmann.

The mothers of the bride and bridegroom wore navy dresses and accessories and corsages of pink roses. The bride's maternal grandmother, Mrs. Elizabeth Hoffmann, Winona, wore a gray and white summer frock and a corsage of carnations.

Both the bride and bridegroom are graduates of Plainview High School and the bride prior to her marriage was employed by Lance Cleaners, Plainview. The bridegroom is employed as a carpenter in Wabasha.

For their wedding trip in the south, Mrs. Kruger wore a beige and avocado green dress and coat ensemble and yellow accessories.

Plainview Residents' Granddaughter Wed

PLAINVIEW, Minn. (Special)—Announcement has been received here of the marriage at First Methodist Church, Lindsey, Calif., April 2 of Miss Marilyn Grace McClure, daughter of Mr. and Mrs. Ralph McClure, and Carl Edwin Wilsey, Lodi, Calif., son of Mrs. Louise Wilsey and Lawrence Wilsey, Santa Rosa, Calif.

The bride's gown was of Chantilly lace and nylon tulle. Her illusion veil was caught to a Chantilly lace coronet. She wore a single strand of pearls, the gift of the bridegroom, and carried white rosebuds and stephanotis and a lace-edged handkerchief which had been carried by her mother and grandmother at their weddings.

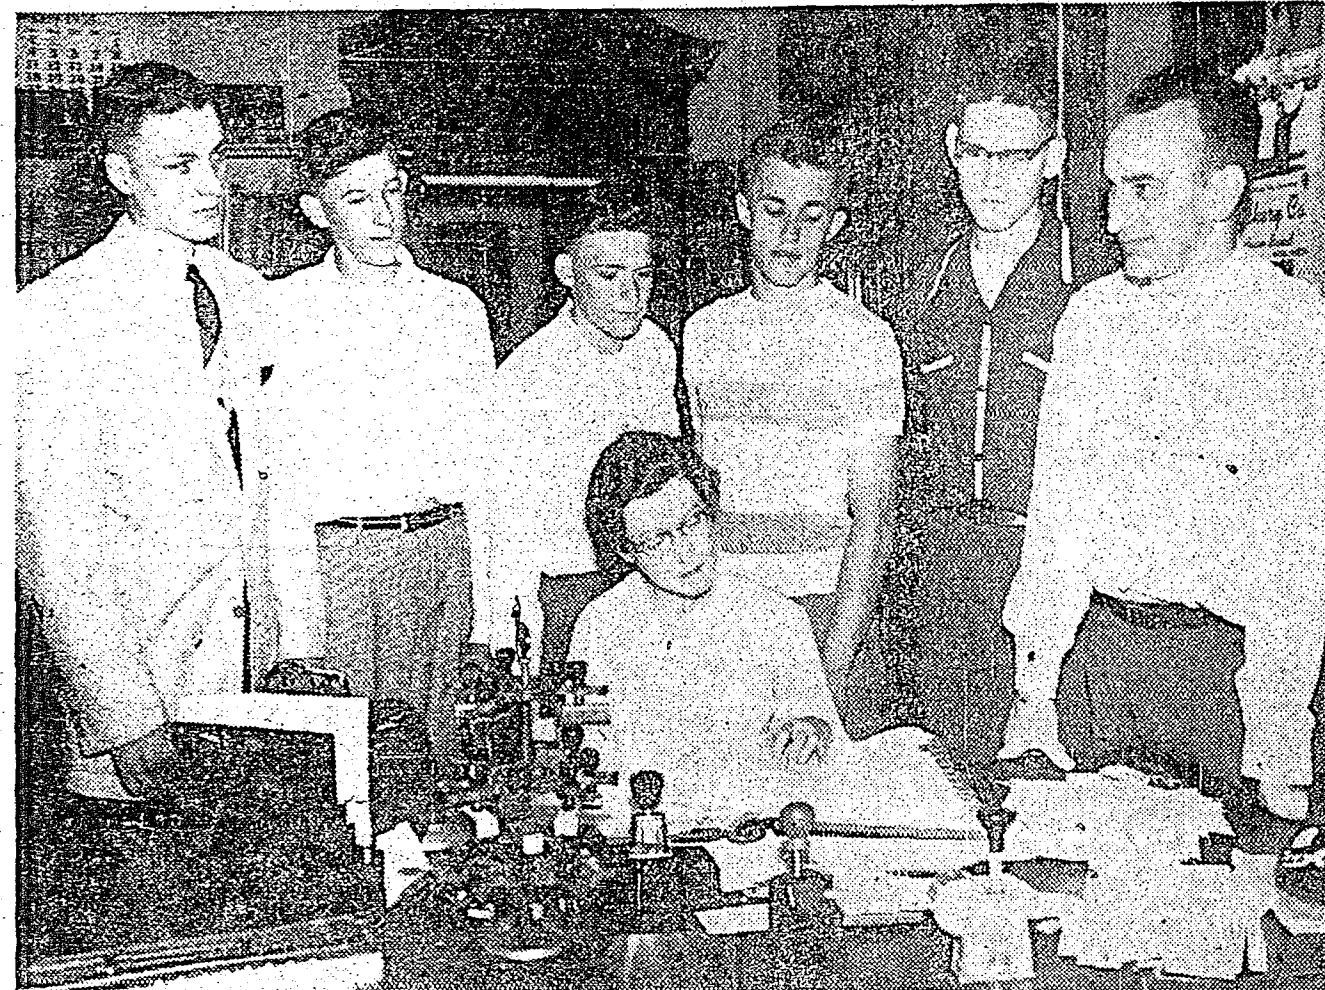

The bride's maid of honor was her sister, Miss Diane McClure, and two sorority sisters were bridesmaids, Mrs. James Hammond Jr., and Miss Huberta Williams. The attendants wore identical gowns in soft pink silk shantung, and carried peacock blue delphinium and carnations.

James Hammond Jr., was best man and Vernon Wilsey, Millard Stroh and Malen Stroh ushered. The bridal party received their guests in Maxwell Hall immediately following the wedding.

The couple is at home, after a wedding trip, on Shadum Drive in Stockton, Calif. Mrs. Wilsey is majoring in education at the College of the Pacific. She will receive her degree in June. Mr. Wilsey is principal of Alpine-Victor School, Lodi, and a graduate of the College of the Pacific. Mrs. Wilsey is the granddaughter of the late Dr. and Mrs. Frederick McClure, Plainview. Mrs. Nettie Gorrell and Mrs. Phyllis Hoffman, Plainview, attended the wedding.

GUEST SPEAKER

PEPIN, Wis. (Special)—Clifford L. Fagan, Marinette, secretary of the WIAA, was guest speaker at the April teachers in-service meeting Wednesday afternoon at the high school. Principal C. M. Miller was in charge of arrangements.

Miss Peg Stevenson, deputy Winona County Auditor is giving a group of high school juniors attending the 3rd annual Boys County today an "inside look" at the county's financial statement. More than 60 students from five high schools began touring courthouse offices at 9 a.m. today. A noon luncheon at the American Legion Memorial Club was followed by more tours and a 3 p.m. summary session for all delegates this afternoon. Looking over Miss Stevenson's shoulder are, left to right: William Hardt, son of Mr. and

Mrs. Stanley Hardt, Lake Boulevard, representing Winona Senior High School; Marlin Ziemer, Lewiston High School; Melvin Glover, St. Charles High School; Philip Andersen, Holy Trinity High School at Rollingstone; Michael Koscianski, son of Mr. and Mrs. Harry Koscianski, 561 W. 3rd St., delegate from Cotter High School, and David Sauer, deputy county supervisor of assessments, who is chairman of the American Legion-sponsored project. (Daily News photo)

Spring Grove OES Installs Officers

SPRING GROVE, Minn. — Officers of Spring Grove Chapter OES recently installed at the Masonic Hall were Mrs. V. M. Eddy, worthy matron; Mrs. Jerome Joerg, associate matron; Ernest Schmidt, worthy patron; E. E. Kahn, associate patron; Mrs. E. L. Quinnell, secretary; Mrs. Charles Carter, treasurer;

Mrs. Ernest Schmidt, chaplain; Mrs. Ove Fossum, marshal; Mrs. H. S. Lovold, organist; Mrs. George Peters, conductress; Mrs. Ralph Krome, Ada; Mrs. Minnie Solie, Ruth; Mrs. Cyrus Lee, Esther; Mrs. Melvin Thorson, Martha; Mrs. O. G. Ellingson, Electa; Mrs. Anna Prolow, warder, and Mrs. Angus Ekern, sentinel.

Acting as installing officers were worthy matron, Mrs. Owen Foss, chaplain; Mrs. E. E. Kahn, marshal, and Mrs. Overt Dahle, organist.

The worthy matron's jewel was presented to Mrs. Eddy. During the social hour, lunch was served by Mrs. Arthur Glasrud and Mrs. Oren Lansverk.

CALL CHURCH TEACHERS
PLAINVIEW, Minn. (Special)—Immanuel Lutheran Church Sunday School teachers will meet at 8:15 p.m. today.

CHATTER CLUB
HOMER, Minn. (Special)—Chatter Club members met at the home of Mrs. Austin Shira for a 6:30 p.m. dinner Friday.

DOVER GUESTS
DOVER, Minn. (Special)—Mr. and Mrs. Jack Abbott of Chicago were weekend guests of their uncle and aunt, Mr. and Mrs. Harvey McDougall, Dover.

SEWING CIRCLE
St. Martin's Sewing Circle will meet Wednesday at 8 p.m. in church social room. Hostesses will be Mrs. Clara Bonow and Mrs. Bertha Bonow.

AT AGENTS CONFERENCE
WHITEHALL, Wis. (Special)—Edward Ausderau, assistant Trempealeau County agent, attended the annual new agents' conference on the University of Wisconsin campus at Madison last week.

FROM SPOKANE
PLAINVIEW, Minn. (Special)—Mrs. Walton Boyd returned Saturday from a six-week visit with her daughter, Mrs. Robert Baker, and family, Spokane, Wash., and with friends at Seattle.

ST. MATTHEW'S AID
The St. Matthew's Lutheran Ladies Aid will meet at 2:30 p.m. Thursday in the church social rooms. Mrs. John Maultsoph and Mrs. Albert Brandt will be hostesses.

RETURN HOME
Mr. and Mrs. E. P. Effertz, 276 Walnut St., returned home Monday from southern California where they spent three months. The return trip was made via Seattle.

BETHANY MEETING
BETHANY, Minn. (Special)—Ladies aid of the Bethany Moravian Church will meet with Mrs. Arthur Beyer at 1:30 p.m. Thursday. A mother's day-Christian family program is scheduled.

TO MICHIGAN

BOARD ENTERTAINED
LANESBORO, Minn. (Special)—Members of the Lanesboro school board and their wives were guests at a buffet dinner given by the members of the senior home economics class last Friday evening at the school. Mrs. Hjordis Nordstrom is home economics instructor.

Woman Hurt When Her Auto Capsizes

SPRING VALLEY, Minn. (Special)—A Deer Creek, Minn., woman was treated for minor injuries here Monday afternoon after her car capsized on Highway 63 nine miles south of here.

Mrs. Rosella Heisler, 64, suffered abrasions on her forehead; cuts on the left arm and leg and complained of stiff neck. She was treated by a Spring Valley physician, according to Sheriff Donald Cook, Preston, who investigated.

She told Cook her car went out of control and rolled over after she swerved to avoid a pheasant. Mrs. Heisler was alone, traveling north. Damages to her car were estimated at \$250.

Woodland Boy Hurt in Fall Down Hay Chute

WOODLAND, Minn. (Special)—Duane Hassig, 3-year-old son of Mr. and Mrs. Deane Hassig, suffered a fractured skull when he fell through the hay chute in his father's barn striking his head on the cement floor below Saturday.

He was taken to St. Mary's Hospital, Rochester, for treatment and observation. Hospital officials described his condition as "satisfactory" at noon today.

In France, corn is called "Spanish corn."

Big Family Puts Dent In Hotel's Policy

SAGINAW, Mich. (Special)—The policy of the Bancroft Hotel still is children free — the "Younk invasion" notwithstanding.

Mr. and Mrs. James Younk, of Rochester, Mich., in town to attend a wedding, called to ask:

"Do those road signs advertising your hotel really mean that children are admitted free?"

"You bet your boots," said the clerk. "How many are there?"

"Nine," snickered Younk. Gasping, the clerk called Manager James Ruttman. Ruttman gulped, but stuck to his rule.

The family — all 11 of them — occupied four rooms for the price of one.

\$90,000 in Road, Bridge Work in Buffalo Co. Set

ALMA, Wis. (Special)—Petitions for road and bridge work totaling \$90,000 were granted by the Buffalo County Board of Supervisors Friday.

A resolution was adopted, that petitions be granted and county appropriations be made at the November session. If the work proceeds before funds are available, then towns, villages and cities shall advance funds for which they will be reimbursed.

Half the cost will be paid by the local government unit and the rest by the county. Location of projects; road letters, and amounts to be paid by each unit are:

Mayor Edmund Hitt, Alma, spoke to the board as did W. F. Kalkofen, the latter on welfare administration. Group insurance to county employees was explained to the board by Mr. Chaffin and Mrs. Fleming. Seven thousand three hundred sixty dollars and 39 cents was transferred from the county aid funds to the county maintenance fund.

Adopted was a resolution to clear up old tax debts. The tax deed committee was given the power to sell tax lands acquired by tax deed.

A per diem committee was appointed: Ferd Balzer, Town of Milton, Edward Servalis, Town of Glenwood, and Werner Stettler, Town of Lincoln.

A resolution was amended that the town contribute one-fourth of the county's share in all federal aid bridge projects. Twenty-five members voted yes and three no.

The pamphlet regarding commodity distribution by the welfare department was tabled. The salary committee will report at the fall session on the petition pertaining to insurance for county employees.

Tabled also was the state traffic patrol and state gas tax bills, John Falkner, Town of Canton, made a motion which carried to take \$20,000 out of the maintenance fund and put it in the construction fund to finish Highway 4.

Weather

Winona Deaths

Mrs. Anna Serres

CALEDONIA, Minn. (Special)—Funeral services for Mrs. Anna Serres, 90, a former Houston County resident, were held at Austin Thursday. Mrs. Serres died last Tuesday.

Born Sept. 24, 1865 in Winnebago Township, she was the daughter of Mr. and Mrs. Edward Stevens.

Surviving are two sisters, Mrs. Helmer Solberg, Faribault, and Mrs. Julius Gran, Caledonia. Her husband is dead.

George A. Dunlap

ALMA CENTER, Wis. (Special)—Funeral services will be held Wednesday at 2 p.m. for George A. Dunlap, 68, who died Sunday at a Madison hospital where he had been a patient for three weeks.

The services will be held at the Alma Center Methodist Church with the Rev. F. A. Fahlgren, Mondovi, officiating. Burial will be in the Houghtenbury Cemetery between Alma Center and Humbird.

Members of the Odd Fellows Lodge, Humbird, will conduct graveside rites. Friends may call at the Jensen Funeral Home, Hixton.

Dunlap farmed all his life. He is survived by a sister, Miss Lela Dunlap and a brother, Charles, Alma Center.

John Morth

STOCKHOLM, Wis. (Special)—Funeral services for John Alfred Morth, 74, of the Lund area, were held Wednesday afternoon at the Baby Lund Lutheran Church.

John Alfred Morth, son of Carl and Christine Morth, was born March 7, 1881 in Wisconsin and died at the Plum City Hospital Sunday, April 24. He had been in failing health for some time.

Morth is survived by two brothers, Emil, Milaca, Minn., and Oscar, Marysville, Wash.; one sister, Mrs. Mary Anderson, Lake City, Minn., and several nieces and nephews.

The Rev. A. J. Bjorkmann officiated at the services. Burial was in the Baby Lund Cemetery.

Edward Theobald

CALEDONIA, Minn. (Special)—Edward Theobald, 94, died Saturday morning at the Caledonia Community Hospital after a long illness.

Funeral services were held Monday morning at the Blaschke Funeral Home and St. Nicholas Church with the Rev. J. J. Donahue officiating. Burial was in the church cemetery.

Born April 14, 1861 at Peterboro, Ontario, Canada, Theobald was married to Miss Harriet Booth, Savannah, Ill., in February 1890.

The couple resided at Hawkeye, Iowa until 1911 when they moved to a farm near Freeburg. Mrs. Theobald died May 24, 1934.

Surviving are: A son, Paul, Caledonia; three daughters, Mrs. Gregory (Bertha) Link, Freeburg, Mrs. Frank (Amy) Dean, Sumner, Iowa and Mrs. Joseph (Ruth) Burke, New Albin, Iowa; 32 grandchildren and 65 great-grandchildren.

George A. Lewis

PIGEON FALLS, Wis. (Special)—George A. Lewis, 66, native of this area and head of the operational section of the Northeastern Office of the Rural Electrification Administration, Washington, D. C., died Monday in the nation's capital.

Lewis was born May 27, 1888 in the Town of Hale. At various times he served as town chairman, town treasurer, clerk of the school board and was a state vice president of the Farmers Union. He moved to Washington in 1941 after working locally for the REA from 1935.

Survivors are his wife, Edith, Arlington, Va.; sons Robert, Washington, D. C., John, Miami, Fla., Edward, U. S. Coast Guard, and David at home; daughters, Mrs. Charles (Ruth) Trubach, Washington, D. C., and Miss Madeline Lewis, at home; brothers, Arthur, Al, Alberta, Canada and Dennis, White.

Alma Concert

Wednesday Night

ALMA, Wis. (Special)—A spring concert by the Alma Public High School music department will be presented Wednesday at 8:15 p.m. in the auditorium. Lynn Pritchard will direct the band, mixed chorus, girls chorus and junior band.

The senior band will play: "Pillgrimage Overture," R. S. C.; "March of the Meteorites," Leuchter; "Deep River Rhapsody," Walters; "Vicarious Overture," Lorenz and "Military Escort," Bennett.

Songs by the mixed chorus are: "Tritomba," "Hub-A-Ba-Lu-Be-Lay," "Now Let Every Tongue Adore Thee" and "Comin' Through The Rye."

The girls chorus will offer: "Create In Me a Clean Heart"; "We Sing Thy Praise"; "It's A Me" and "Chop Sticks."

Three numbers will be played by the junior band: "March Majestic"; "Dutch Choral" and "Hermina Waltz."

hall, Wis. and sisters, Mrs. Agnes Thorson, Pigeon Falls and Mrs. Mabel Thorson, Augusta, Mont. A son Arthur preceded him in death.

Funeral services will be held Saturday at 2 p.m. at the United Lutheran Church here, the Rev. C. K. Malmgren officiating. Burial will be in the church cemetery.

Speculation in Stocks Worries Senate Probers

By SAM DAWSON

NEW YORK (AP)—Stock speculation that might get out of hand and undermine our good times worries the staff of the Fulbright stock market study committee.

But traders in Wall Street seem to fret more about the daily quakes of cheer and gloom in the corporate news.

Both of these points to nervousness. In Washington it's fear that the better-than-expected good times may go to the nation's head and foster gambling. In Wall Street it's nervousness lest the surprising bull market may have carried stock prices near their peak.

This nervousness shows up every time an occasional sour earnings report wedges into the parade of glowing profit statements from most companies. Price of the stock of the less fortunate company swings widely, and this often spreads to the market as a whole.

Or a corporation doesn't come through with the stock split, raised dividend or merger which rumor had predicted. A sharp break in the market follows.

These sudden and severe swings, either up or down, in stock prices worry many in Washington. These observers interpret the market's nervousness and fluctuations in recent weeks as evidence that speculators may be taking over from investors.

The report by the staff of the Senate Banking Committee, which Sen. Fulbright (D-Ark.) heads, puts the cause for worry this way:

"When more and more people turn to the stock market for a quick profit rather than investment income, with an increasing reliance on credit, speculative excesses are likely to develop."

BACK ON JOB

WHITEHALL, Wis. (Special)—Herman Seneca, Arcadia, state traffic officer for this area, returned to work Monday after an absence of several weeks following major surgery.

FAIRLY SPOKEN

By MARGARET LATROBE

It would be impossible to say how much Dr. Salk and all those who worked with him have done for you and me. The actual prevention of polio, the release from fear of polio, are the obvious contributions.

But more valuable yet is the psychological gift—it can be done. It has just been done with polio. It can be done with cancer. At this moment cancer research is being carried on in laboratories, great and small. Some research scientist is working this minute on experiments which—maybe tomorrow, maybe next month—will mean the end of suffering more cruel and torturous than anything we know.

Sometimes we give, and give and give—to this drive, to that chest, to another fund—feeling that it is probably a futile gesture. What good is my \$5, my \$50, even? Who gets it, and what real good will it do? Nothing is happening except a lot of talk. Every newspaper and magazine carries banter stories about cancer—dreadful, of course. But sometimes the only total impression we get is that cancer is so terrible that we'd bet-

ter save our money for the surgeon, for the X-ray, in case this disease struck one, we love. Or perhaps ourselves.

Last year—and I am not proud to tell this—we spent 10 times more money sending flowers to funerals of close friends who died of cancer than we donated toward helping find the cause and cure of the frightful thing itself. Our friends were well and happy one day, slightly ill the next. Then the operations began, and the suffering which no one can believe except when standing beside the bed of a cancer victim.

When they died we could only breathe—"Thank God it is over." Dr. Salk has given us not only one of the historic medical accomplishments. He has done far more than that. He has given us hope for future discoveries, demonstrable belief in what may happen any day, any hour—the cure for cancer.

Will you hasten the next step? Will you give good hard cash now, so you may not weep hard tears for someone you love, who will die from cancer?

Morale Biggest Problem Now In Atomic Test

SURVIVAL CITY, Nev. (AP)—The problem of morale, both civilian and military, became a major factor in the much-delayed atomic test today.

With the big open shot slated only tentatively for tomorrow, there was considerable grumbling and griping among Civil Defense workers and GIs scheduled to participate. The latter group, of course, had to take it, but many of the civilians were leaving.

Harold L. Goodwin, test director for the Federal Civil Defense Administration, had a long "heart-to-heart" talk with field workers yesterday and apparently dissuaded the majority from pulling out, just yet.

Supermarket Target of \$10,000 Plot

PORTLAND, Ore. (AP)—Fred Meyer, Inc., Portland's largest independent supermarket chain, was the target of a \$10,000 extortion threat yesterday.

Police Chief James Purcell declined to say whether any money was paid. However, a package which was ordered placed at a contact point in the northeast Portland suburbs was missing.

Two high school students, age 17 and 18, were captured speeding from the contact area. Police held their names. Purcell said, after questioning them for several hours, he didn't know if they had any connection with the extortion. The threat was that one of Meyer's huge grocery and variety stores would be bombed.

Meyer and his wife are touring Europe.

The threat was the latest in a series that has plagued this city since April 15, when a bomb was exploded in a large Portland department store in an extortion attempt.

Senator Certain

Loan Proposal

Being Studied

WASHINGTON (AP)—Sen. Potter (R-Mich.) said today he is sure the Eisenhower administration is considering his proposal to substitute long-term loans for much of the proposed direct foreign economic aid to U.S. allies.

Potter opposes continuing direct dollar aid. He said in an interview he had suggested loans on which the interest payments might be waived for as long as five years.

"I am sure this proposal is being given serious consideration by the administration," he said. "Under such a plan I think we could make contracts with recipient countries which would be mutually beneficial."

"If the plan were adopted, I would favor giving the administration latitude to extend direct aid where loans couldn't be arranged. But I am sure that in most cases it would be possible to get contracts."

Eisenhower said in an April 20 message to Congress that his new program for the fiscal year starting July 1 would emphasize loans rather than grants. But he gave no explanation of this statement.

The President asked for \$17,000,000 in military aid funds. He proposed \$712,500,000 in economic assistance, plus one billion dollars for "defense support" payments to other countries.

European Terrorists

Blamed for Assaults

TUNIS, Tunisia (AP)—European terrorists were blamed today for attacks on two French members of organizations favoring less French control of Tunisia. One of the victims was in a hospital with a fractured skull.

The assaults last night were believed inspired by a mass meeting Saturday at which 6,000 French residents of Tunisia denounced recent French-Tunisian accords promising self-rule for the protectorate.

The injured victim was Dr. Etienne Burnet, 85-year-old retired director of the local Pasteur Institute. He was bludgeoned on his doorstep.

Prof. Charles Pignon of the Institute of Higher Studies was attacked by three young men who tried to force their way into his home. He escaped by slamming and bolting the door.

BAND BOOSTERS

SPRING GROVE, Minn. (Special)—The Spring Grove Band Boosters Club will hold a bake sale and tag day at the grade auditorium here May 14.

During the last year the organization has purchased music and instruments and has had the uniforms cleaned. Lunch will be served; doors will open at 9 a.m.

ASK BIDS ON WALK

ETTRICK, Wis. (Special)—Bids are being asked by the Ettrick village board for a concrete walk and curbing on the west side of the old school, and in front of the new elementary school.

Manhunt Ends With One Dead, 1 Hurt, 2 Held

CANTON, N.Y. (AP)—A manhunt through northern New York wilderness ended where it began in St. Lawrence County Jail, from which four men fled Wednesday.

Freshly shaven and clothed, Patrick Brooks, 26, of Gabriels, walked quietly into the main jail office at 9:06 last night. A friend drove him from the swampy woodland where he had been hunted since Friday. Two children rode with them.

The final score stood: One desperado dead, one wounded and two in custody. A state trooper was recovering from his wounds.

Leon Caskinette, 24, was taken after a gun battle Friday. Frank Ialarico, 44, Utica, and Ralph LaShomb, 29, were shot when troopers found them yesterday morning. Ialarico was killed.

More than 200 state police, sheriff's deputies and volunteers took part in the manhunt in rough country near the Canadian border. Louis Greenwood, 38, said Brooks appeared at his house 13 miles north of Potsdam about 8 p.m. and asked for food. Greenwood's sister is married to Brooks' brother.

Greenwood said his wife gave Brooks a meal. Then the couple urged him to surrender.

In discussing the wounding of the trooper, Greenwood said Brooks raised his right hand and declared, "I swear to God I never used a gun."

Brooks agreed to surrender. Greenwood said, on condition that Greenwood's car be used for the trip and "don't let the police get me."

State Planning

Ban on Medicine

Sale in Grocery

ST. PAUL, Minn. (AP)—The State of Minnesota is planning legal action to bar grocers and supermarkets from selling patent medicines. Harold H. Carpenter, Owatonna, president of the State Board of Pharmacy, said today.

Carpenter told the more than 1,000 delegates to the Minnesota State Pharmaceutical Assn. that injunction actions were being prepared against two such wholesale and retail outlets in and near the Twin Cities.

Carpenter said the legal action would cover about 20 specific products, such as bromo seltzer and anacin. He said the move was regarded as vital in the protection of public health.

Earlier, delegates heard that ending of fair trade pricing laws could mean "virtual extinction" for small retail outlets, including the corner drugstore.

Martin B. Breighner, official of a camera firm at Ann Arbor, Mich., said that members of the drug trade were especially dependent upon fair trade because it enables pharmacists to make a reasonable profit.

Breighner said any thought on the part of consumers that the small stores are gouging him, as compared to bargains offered by so-called "discount houses," must be met with education and heavy sales campaigns.

Skulduggery Afoot

While Hoppy's Away

HOLLYWOOD (AP)—While Hopalong Cassidy was away there was skulduggery at the ol' ranch house.

When Bill (Hopalong) Boyd returns from a personal appearance tour in the East, he'll find that burglars jimmied a window at his Hollywood home and made off with an assortment of valuables.

The actor's agent said that only Boyd could tell what was taken and how much it is worth.

Driver Fjunks, Goes

Back to His Tricycle

KALAMAZOO, Mich. (AP)—Three-year-old Chuck Taylor has taken his first driving lesson. He flunked. Chuck, bubbling with confidence, climbed into a car owned by James Palmore. He began playing with the levers.

"Look, it goes by itself," he shouted. It did too—50 feet backward into a parked car.

Unhurt, but the cause of a \$75 wreck, Chuck was retired to his tricycle.

VOICE of the OUTDOORS

Lanesboro Rodeo

Bobbie Hege, six, was a pretty proud guy Saturday morning. He caught the first fish in the annual Lanesboro kids fishing rodeo. In the picture above he is holding up his fish, hardly larger than his little hands, to show it to Earl Bohn, chairman of the event. In the background are a part of the more than 100 youngsters present when the contest opened at 10 a.m. Saturday.

The event is sponsored annually by the Lanesboro Commercial Club, which gives the youngsters a long list of prizes for many attainments such as the biggest fish, the smallest fish, the most fish, the biggest carp or trout and so on. It is a poor fisherboy or fisher girl that does not come home at noon with some kind of an award.

The purpose of the contest, of course, is to give the kids something to do on the opening day. However, it also provides an attraction for mothers who see that the hooks are properly baited. Older sister and brother come along and get in also on the fish and the prizes. Henry Hanson, superintendent of the state fish hatchery, also cooperates and sees that the lagoon in Sylvan Park is properly stocked for the rodeo. In the background of the picture is the Lanesboro community building.

Beaver Creek Check

Fishermen caught 139 trout in Beaver Creek within the Whitewater Refuge during fishing hours Saturday. They ranged in size from 6 to 22 inches and consisted mainly of brooks and rainbows. This is the creek beyond the Beaver store and on the land formerly owned by the Owatonna Tool Company. It had been planted with brooks last fall and with "clipped" browns and rainbows this spring. Of the 139

trout caught the first day, only 12 were spring planted.

All of which shows that fishermen do not catch all of the spring-planted trout on the first day of the season as some fishermen contend. On Sunday, the catch for the day dropped to 70—making the total for the two opening days out of this four miles of creek roughly 200 fish. This indicates that there is still a good supply left in Beaver Creek for future fishing.

Number of trout fishermen in the Whitewater area over the opening weekend was not reduced any by the late or ten o'clock opening on the first day, according to George Meyers, superintendent of the Whitewater Refuge, who made surveys and comparisons with other years. Fewer big fish were taken, however, but the average fisherman went home with trout.

Ten O'clock Opening

Nearly five per cent of the trout fishermen on the creeks of Wabasha County were disgusted with the late opening, according to Willis Kruger, Wabasha County warden, who made most of the creeks in the county on the opening day. They caught just as many fish as usual, considering the low clear creeks.

Warden Kruger estimated that Wabasha trout streams

British Communists Enter 17 Candidates

LONDON (AP)—Britain's Communist party said today it is entering 17 candidates for House of Commons seats in the May 26 general election. It urged its supporters to vote for Labor party candidates in the other 808 districts.

The Labor party has disavowed Communist support in all previous elections. The Reds entered 10 candidates in the last general election, in 1951. All lost.

Deer, Bass, Tomato, Strawberry, Grapevine, Wild Cherry and Peach Orchard are places in Arkansas.

THE WINONA DAILY NEWS

KWNO Air Check

Baseball dominates many conversations now, so let's start by mentioning some of the Braves games coming up this week. Tonight, Wednesday and Thursday it's Pittsburgh, Friday and Saturday it's St. Louis. Watch the radio log of The Daily News for the correct times of the games and the other programs which have to be moved to new times. Some games start on FM only due to previous commitments, but you can always hear most of the game on AM if you don't have FM on your radio. In most cases, the entire game is on both AM and FM. After each Saturday and Sunday game be sure to hear EXTRA INNINGS with the latest baseball scores.

Don't forget that you can now hear some fine music, interviews and general chat over KWNO live, direct from the beautiful lounge at the New Oaks. Featured is Don Robey, a fellow who has worked in such lavish places as the Shamrock Hotel in Texas and the Last Frontier in Las Vegas. THE DON ROBEY SHOW will run every night this week from 10:30 p.m. until midnight. Don is at the Oaks in connection with a new feature there titled "Tunes for Treasure Show" during which fabulous prizes will be awarded to contestants from the audience. You'll hear more about this great show during the KWNO programs and in Daily News ads. Just be sure to go out and meet Don Robey this week during his radio show. Tune to KWNO if you can't get out there.

Don McNeill and his BREAKFAST CLUB gang began entertaining American servicemen stationed in foreign lands last Sunday. Every weekday now, a special half-hour version of the popular morning radio variety show will be heard by GIs at 80 military overseas posts through the Armed Forces Radio Service. The Monday through Friday radio broadcasts of the 22-year-old BREAKFAST CLUB will be condensed into a 30-minute transcription for daily transmission to the troops abroad. In the specially edited and relayed broadcasts, the servicemen will hear toastmaster McNeill keynoting the breakfast table fun which includes the comic ad lib of Sam Cowling, narrations of happenings "back home" by Aunt Fanny (Ed Allen), and the song and music of the show's young singers and maestro Eddie Ballantine's boys. The Armed Forces Radio Service is a joint Army-Navy-Air Force activity organized under the Department of Defense for the entertainment and education of American servicemen. BREAKFAST CLUB is heard on KWNO each weekday from 8:15 to 9 a.m.

NOTES FROM THE ROBIN'S NEST

by Bob Gillum

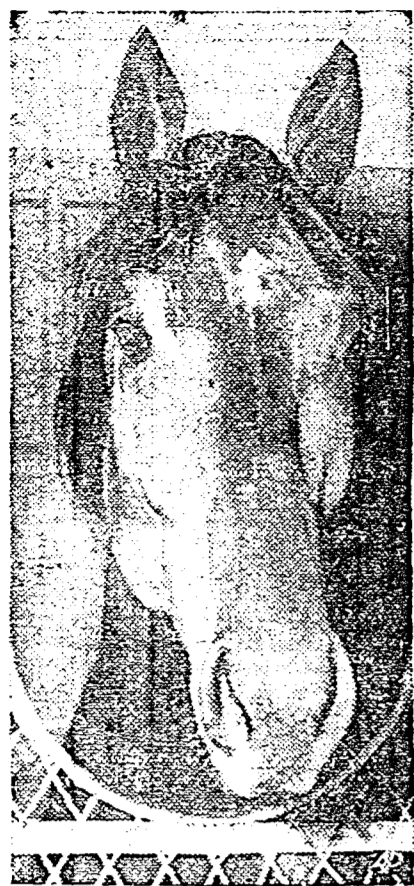

HI, NICE PEOPLE! Today, I'd like to call your attention to a very informative, interesting program, THE CASUAL OBSERVER OF THE AIR. On Tuesday and Thursday at 10:30 a.m., Mrs. Gretchen Lamberton interviews local personalities of interest to you and me. She is The Casual Observer. Incidentally, the interviews are not always local... which often adds that extra "spice" to the show. Guess it's a try at 10:30 some Tuesday or Thursday mornin', won't ya? For fishermen, Don Bonham is back as your FOUNTAIN FISHERMAN each Monday through Saturday at 6:30 p.m. The program features interviews, tips and general dope for the "relaxers" in our area. By the way... hope you fellows had good luck on opening day, today!... from time to time we have received calls pertaining to the Winona Chiefs ball game broadcasts... a lot of folks are worried we may miss some of the Chiefs games, but rest assured ALL the Chiefs games.

Something new at KWNO—all announcers are now salesmen, so if one of the fellows calls on you merchants, bend an ear his way because he's got a great product to sell—RADIO! Yes, RADIO is bigger than ever! This selling project for announcers is the brain child of our sales manager, Rod Hurd, and our manager, Ed Allen. All of us are real happy about the set-up... as you know, announcers don't "ad lib" all the messages your way each day, so therefore Ol' Robin would like to salute three gals who work their typewriters to the bone every day of the week (almost): Ethel Holte, Alice Bailey and Ronnie Schneider... a group of Arcadia merchants brings you the ERNIE RECK show every Sunday at 11:30 a.m. Ernie and yours truly have a great time every Sunday so dial the 1230 spot on your AM set or 97.5 on the FM set and join us for an old time party, won't you? For now, that's it, nice people... see you soon!

Three new books will be dramatized in part on the Reader's Review segment of PAGING THE NEW this week at 10:30 a.m. The books to be introduced by host Brett Morrison are: Tomorrow, "Katherine" by Amy Seton; Thursday, May 5—"The Living Faith" by Lloyd C. Douglas; Friday, May 6—"The Strong Box" by Howard Swiggett. On the "Lady in the Circle" portion of the program each day a guest will give household hints for listeners.

Good listening during the coming week!

Million-Dollar Jockeys in Derby Duel It's Arcaro vs. Guerin Saturday

NASHUA

SUMMER TAN

By FRANK ECK
AP Newsfeatures Sports Editor

The story of the 1955 Kentucky Derby may not be the cinch some experts are predicting for Nashua now that he has beaten Summer Tan four times out of five.

The total margin of Nashua's four wins is less than one length. The race at Churchill Downs on Saturday, May 7, could develop into a tense riding duel between the "million dollar jockey" Eddie Arcaro on Nashua and Eric Guerin aboard Summer Tan.

Between them the two veteran saddlebushers have accounted for \$2,088,880 in stake purses over the last 16 months. Although comparative figures are unavailable it is believed to be a record haul for two riders over such a short stretch of time.

In 1954 Arcaro won 29 stakes with 18 different horses over 11 race tracks in 7 states. The winning owners received \$396,190. Based on the usual 10 per cent a rider gets for winning a stake, Arcaro last year came close to earning \$90,000 for 29 rides.

Guerin took down 21 stakes with 12 different horses over 8 tracks in 5 states in 1954. Winning owners received \$692,445 for these victories.

Guerin has the jump on Arcaro. By winning eight stakes this spring, Guerin has won \$231,445 for owners of four horses. Arcaro has earned \$218,800 in purses with three stake wins this year.

However, Arcaro has been running into bad luck, despite his winning efforts with Nashua in two \$100,000 races—the Flamingo and Florida Derby. Thus far this year Arcaro has had three 10-day suspensions.

Eddie won the \$183,360 Santa Anita Maternity with Miz Clementine but the horse was disqualified for a foul. Jamaica and Bowie suspensions also cost Arcaro the mount on Nashua in the

Wood Memorial and on Fisherman in the Excelsior.

Unlike Arcaro, who rides free lance, Guerin is under contract to Alfred G. Vanderbilt's stable. This has had its reward because Vanderbilt in the last two years has had Native Dancer, Social Outcast and Find among his stake winners.

Arcaro, who in the last 15 years has been the rider most in demand for rich races, is the only jockey who has won the Derby five times. At the age of 40 he is favored to make it No. 6 with Nashua, the William Woodward colt he couldn't ride in the Wood because of a suspension for a minor riding infraction.

In February, when Ted Atkinson, aboard Saratoga, lodged a claim of foul against Arcaro and Nashua in the Flamingo, Arcaro said:

"Nashua is the best 3-year-old. He will make any horse quit and he has yet to run his best race."

Arcaro and Nashua will get a big chance to prove it in the Derby, the first of racing's Big 2—the others are the Preakness at Pimlico, May 28 and the Belmont at Belmont Park on June 11.

Only Summer Tan, a gamehearted colt—and Jockey Guerin—seem to stand in the way of Nashua taking a stranglehold on 3-year-old honors.

EDDIE ARCARO

ERIC GUERIN

Nashua Rated Horse to Beat In Derby

LOUISVILLE, Ky. (U)—The traditional Kentucky Derby fever took a firm grip on this horse-loving Ohio River city today as nine 3-year-old thoroughbreds prepared to match strides in the Derby Trial.

But hours before the nine tangled in the mile of the \$10,000 added trial, Nashua, the "big" horse, was scheduled for his final workout before parading to the post about 3:30 p.m. CST, Saturday as the probably odds-on favorite for the \$125,000 added mile and one-quarter run.

This was the horse to beat in the Kentucky Derby—the horse that has won 10 of his 12 starts, earned \$477,440 and edged Mrs. John W. Galbreath's Summer Tan in the recent Wood Memorial.

Summer Tan remained the firm second choice and Rex Ellsworth's Swaps, Santa Anita Derby Winner, was third in line.

Eau Claire Tops Grand Forks 8-2

By THE ASSOCIATED PRESS

Eau Claire downed Grand Forks 8-2 Monday night but Superior, Wisconsin's other club in the Northern League, lost to Fargo-Moorhead 8-4.

In other games Duluth beat Aberdeen 5-3 in 10 innings and St. Cloud edged Winnipeg 8-7.

'You'll Never Be Big Leaguer'

Logan Disproves Manager Who Doubted His Ability

BROOKLYN (U)—Johnny Logan, whose manager once told him "You'll never be a big leaguer," is the spring hitting sensation of the Milwaukee Braves.

If they voted for the all-star team at this time, Logan probably would win the starting shortstop job for the National League.

Nothing would please Logan more, especially since the game will be played in Milwaukee for the first time, July 12.

Around the league they know Logan as an aggressive player, carrying no chip on his shoulder but ready to defend himself against all comers. Last year he wound up fighting both Jim Greengrass and Johnny Temple in one game with Cincinnati.

"I don't go around looking for trouble," he said Sunday before the game with Brooklyn. "But if I know I'm right, I'm not taking anything from anybody."

He will brush off talk about his .356 batting average by saying he's "just swinging away" but, if you press him hard he'll admit he feels this may be his year.

"I've never been a bad hitter," he said. "Usually I'm around that .275-.280 mark. After you're around a few years you get to know what to expect from the different pitchers."

Logan had to battle his way up

through the minors and then had to fight to stay up. He was up with Boston in 1951 and again in the spring of 1952 when Tommy Holmes was the manager. Holmes sent him back to Milwaukee, then in the American Association.

"Holmes told me I'd never be a big leaguer," Logan said with a touch of bitterness. "When Charlie Grimm brought me back to the Braves the day after he took over, I guess I tried twice as hard to prove I belonged."

Summer Pin League Slated at Lewiston

LEWISTON, Minn. — Eight weeks of mixed bowling starts at the Lewiston Alleys May 9 and bowlers in the Winona area interested in participating are urged to write or call H. B. Wruska for reservations. Two men and two women will comprise a team.

Ramblers Rip St. Augustine

AUSTIN, Minn.—Coach Johnny Nett's Cotter High Ramblers chalked up victory No. 2 of the young baseball season here Monday afternoon, scoring a 10-2 victory over the Shamrocks of St. Augustine.

Jerry Langowski, Cotter right-hander, went the distance and limited St. Augustine batters to four hits while striking out eight and walking only three.

Langowski's teammates supported him with a six-hit attack that featured a pair of doubles by freshman catcher Bill Campbell and another two-bagger by Rich Gabrych.

Cotter scored six of its ten runs in the sixth inning when nine Ramblers paraded to the plate.

The rally was featured by back-to-back doubles by Campbell and Gabrych who were the first two batters.

Tom Kosidowski then walked. Rich Mergener singled Gabrych home and Langowski smashed another single past the shortstop, scoring Kosidowski for the third run, with Mergener taking third.

Rich Brown and Bob Hogenson both drew bases on balls and Mergener and Langowski both scored on passed balls. Brown was picked off base while Hogenson advanced on an infield out and scored later on the third passed ball of the inning.

The game marked Langowski's third complete slab job and his first victory of the season.

He went the distance, but lost twice to Winona High.

Thirteen Cotter players saw action in the game. Next in line for the Ramblers will be a return game against Lewiston, scheduled to be played in Winona Friday.

Cotter handed the Lewies a 19-1 setback the first time the teams met.

Greenberg's Wife Seeking Divorce

CLEVELAND (U)—Carol Gimbel Greenberg, heiress to a department store fortune, has asked an end to her nine-year marriage with Hank Greenberg, home run hitter who became general manager of the Cleveland Indians baseball team.

Mrs. Greenberg, a noted horsewoman, Monday claimed "gross neglect and extreme cruelty" and asked custody of their three children, Glenn, 8, Stephen, 6, and Alva, 2. She also demanded alimony.

Greenberg, 44, said he was "terribly distressed."

They met while Greenberg was first baseman for the Detroit Tigers.

The Southern Conference tennis tournament will be held May 5-7 at Davidson, N. C.

Moore in Line For Title Bout After Victory

LAS VEGAS, Nev. (U)—Light heavyweight champion Archie Moore may well have earned a shot at Rocky Marciano's world heavyweight title.

Ageless Archie whipped the No. 1 contender, Nino Valdes of Cuba, in a 15-round fight Monday night. At ringside was Truman Gibson, secretary of the International Boxing Club, who said the 38-year-old Moore deserved a chance to meet Marciano.

Gibson said the match would probably be scheduled for September in New York, provided, of course, that Rocky disposes of England's Don Cockell in San Francisco May 18.

It was a repeat victory for Moore over Valdes and while Archie had aged two years since that meeting, he didn't show it. Moore weighed 196½, the heaviest in a career in the ring that stretches back 18 years. Valdes weighed 209½.

Referee Jimmy Braddock, the old time ex-champion of the heavies, gave Archie eight rounds, Valdes five and he called two even. One round was taken away from each fighter for hitting low.

How D'ya Beat Dodgers? Braves Wish They Knew

Brooks Win 2-0 In 12 Innings On Furillo Homer

BROOKLYN (U)—How do you go about beating the Brooklyn Dodgers?

The Milwaukee Braves couldn't do it Monday night as Carl Furillo whacked out a home run in the 12th inning to give the Dodgers a 2-0 victory after a fine pitchers' duel between Carl Erskine and Gene Conley of the Braves.

Braves' manager Charlie Grimm shook his old gray head and said "The rest of the league better do something about Brooklyn before it's too late."

The loss dropped Milwaukee in to fourth place in the National League, only a few percentage points behind St. Louis. Both are 6½ games behind the Dodgers who have won 16 of 18 starts this season.

Spahn Goes Tonight
Tonight at Pittsburgh 6 p.m. (CST) the Braves get a chance to pick up half a game on the idle Dodgers. Warren Spahn (2-2) will start for Milwaukee against Dick Littlefield (0-2).

Until Furillo's dramatic homer into the lower left field stands it appeared the game might end in a scoreless tie as both clubs had agreed not to start an inning after 11:15 because the Braves had to catch a train for Pittsburgh. Furillo's winning blow on Conley's slow curve came at 11:13.

Until then Conley had outpitched Erskine, allowing only three hits to his rival's six.

Lack of Hitting
It wasn't the pitching so much as weak clutch hitting that sent the Braves down.

Milwaukee had several chances but just couldn't get a hit at the right time. In the last four innings they left seven of their ten stranded runners.

In the seventh inning, Eddie Mathews tripled to right center. But there he stayed as Bobby Thomson rolled out to Jackie Robinson. Joe Adcock popped out and Johnny Logan was another easy out.

With two gone in the 11th, Henry Aaron doubled and Mathews and Thomson walked but Adcock flied out.

Opportunity Knocks
In the 12th Logan and Danny O'Connell walked and Del Crandall sacrificed them along. Conley, allowed to bat, bounced out to Pee Wee Reese, and Billy Bruton flied to Sandy Amores in front of the left field wall.

Gil Hodges opened the bottom half of the 12th by fanning. Robinson walked. Then Furillo connected for his eighth homer of the year and that was the ball game. Oddly enough, the only two hits off Conley in the regulation nine innings were by Erskine. Until Furillo broke up the game, no Dodger reached third and only three got to second.

But when the Dodgers got to third, they came on home—and that's what counts.

Slumping Bosox Could Use Ted Williams' Base Hits

By ED WILKS
The Associated Press

If Ted Williams was casting base hits around the American League instead of reeling in the big ones off the Florida keys these days, Boston's Red Sox might be a lot better off. He's having a good time, but they're in sixth place in the American League.

After a fast start, when they were 6-1 and first place by April 20, the Red Sox now have trailed off to lose 10 of their last 12, including five in a row.

They've been batting a puny .180 through the slump, getting shut out four times en route.

Jackie Jensen provided what little power the Red Sox mustered yesterday while losing their fifth straight. He homered with none on while the Red Sox ran afoul of Cleveland's Early Wynn. The Indians won 4-2, retaining first place.

Wynn, a 23-game winner last season, grabbed his first victory of the season. Recovered from an attack of bronchial pneumonia, he scattered six hits. Dave Pope hit

a three-run homer in the first. Detroit kept the pace, a half game. The Yanks, who were tied for second with the Tigers and Chicago White Sox at the day's start, fell off to fourth. The White Sox, idle, leveled off at third.

Washington blasted Kansas City 12-1 in the only other AL game.

In the National, Brooklyn kept up its fantastic pace, widening its lead to six games as Carl Furillo rambled his eighth home run into the left field stands to beat Milwaukee's Braves 2-0 in 12 innings. That pushed the Braves into fourth with Chicago's Cubs leaping into second on a 2-1 victory at Philadelphia after wrapping up a 4-2 decision by completing a suspended Sunday game.

Pittsburgh's Bob Purkey had no trouble with St. Louis, beating the game back of the Indians, by whipping the New York Yankees 5-1.

Stettler-Kasimor Win Bub's Tourney

Oswald Stettler and Marge Kasimor were winners by a 30-pin margin in the Bub's Mixed Doubles Bowling Tournament which concluded over the weekend at Hal-Rod Lanes.

They totaled 1,172 to win first prize money of \$75. Second was another Winona duo, Frank Dorsch and Elsie Dorsch, with 1,142 for \$52.

A tie existed for third place. Receiving \$40.50 apiece on 1,139 scores were the Art Ofsdahl-Ruth Since team from Galesville and Bill Linahan-Phyllis Breza, Winona.

The total entries included 144 couples and prize money amounted to \$579, with \$75 donated by the Peter Bub Brewery.

Meanwhile, leaders after the first day of shooting in the Hamm's Tournament at Hal-Rod Lanes were Walt Janda with 836, followed by Jack Critchfield with 806 and Carl Johnson, Galesville, with 797.

Caledonia, Wykoff Stay Undefeated

Wykoff	1	0.1000
Freeston	0	0.0000
Harmony	1	0.1000
Canton	2	0.6666
Lanesboro	0	0.0000
Chatfield	0	0.0000

RESULTS MONDAY

Caledonia 11, Houston 4.
Wykoff 14, Chatfield 4.
Canton 14, Mabel 6.

Caledonia and Wykoff, unbeaten in District One Conference baseball, held the pace by scoring victories Monday.

Caledonia tallied an 11-5 victory over visiting Houston, while Wykoff romped past Chatfield 14-4.

In the other league game, Canton won its first game, 14-0 over Mabel.

Gates, Hohmeister Fire 600 Series

A pair of men's 600 honor counts highlighted a reduced slate of league bowling Monday night in Winona.

Bill Hohmeister, a member of the Arenz Shoes team, fired 200-199-223-622 in the VFW League at Hal-Rod Lanes. An errorless 509 was recorded there by Rich Beranek, Hildebrandt Paints.

Bill Gates had 617 for Merchants National Bank and Al Voelker rolled 606 in the City League at Hal-Rod. Top single game was Ollie Davies' 243 for Western Kool Kids.

In the Pin Topplers League at the Keglers Klub, Esther Pozanc, d in the discus.

Blair Trackmen Defeat Arcadia

ARCADIA, Wis. (Special)—Bowling banquets for members of the men's and women's associations will be held here this week.

The men's banquet will be held tonight at the golf clubhouse, starting at 7 p.m. Prizes and awards will be presented.

Members of the women's association will have their dinner Thursday night at the golf clubhouse at 6:30 p.m. Prizes and awards will also be presented for them.

Rookie pitcher Bob Thorpe of the Cubs is the first player to jump directly to the Cubs from a Class C league. He won 28 games for Stockton in the California League.

Rookie pitcher Bob Thorpe of the Cubs is the first player to jump directly to the Cubs from a Class C league. He won 28 games for Stockton in the California League.

Millers Win 9th Straight Victory

By THE ASSOCIATED PRESS

The first place battle in the American Association was narrowed slightly as the top three won Monday night while fourth place Toledo was blanked, 4-0, by St. Paul.

League leading Minneapolis broke a 2-2 tie in the fifth when Gill Harris singled in an unearned run and Rance Pless tripled, sending the Millers off to win, 6-3, over Charleston.

Wally Lammer homered in the seventh for second place Omaha and gave the Cardinals the edge they needed to down Indianapolis, 3-2.

A 12th inning single with the bases loaded netted third ranking Louisville a 3-2 decision and its seventh triumph over cellar-dwelling Denver in eight meetings.

The same teams meet Tuesday night.

Minneapolis pushed its win streak to nine games after handing Charleston a 2-0 lead on unearned runs in the second. The Millers tied the score in the third on alternating pairs of walks and singles. Bob Lennon homered in the eighth for Minneapolis.

Rookie Joe Baliga scattered 10 Toledo hits through eight innings and St. Paul registered its second shutout of the year over the Sox. The Saints scored twice in the fourth on doubles by Stan Rojek and Norm Larker and a triple by Walt Morry. Their second pair came in the eighth when Roy Hartsfield singled with the bases loaded.

Quite a Feller

Of all the sparkling performances in major league baseball Sunday, the one that thrilled us the most was Bob Feller's 2-0, one-hit victory for the Cleveland Indians over the Boston Red Sox.

Feller's accomplishment rated headlines over some remarkable effort—the 16-strikeout, 2-1 victory turned in by his rookie teammate, Herb Score, and Johnny Antonelli's 16-inning, six-hit, 2-1 victory for the Giants over the Cincinnati Redlegs.

It does the heart good to see a true thoroughbred like Feller, now in the twilight of a brilliant career, have a day like he did Sunday.

No one can forget the day 17 years ago when he struck out 18 Detroit Tigers. He had the misfortune to pitch during his greatest years with a team that was seldom a pennant contender.

It must have been a bitter pill for him last fall not to get a chance to pitch in the World Series.

The forgotten man of the baseball classic in 1954, a reporter saw him sitting alone in the locker-room after the fourth game, and asked his opinion of the World Series.

Feller's answer was, "Why don't you ask somebody that played in it?" Always a gentleman, Feller's reply reflected his disappointment.

The one-time Van Meter, Iowa, farm boy always kept himself in splendid physical condition and during his career his habits of clean living have set a wonderful example to youngsters who idolize him.

Feller may have more big moments like Sunday's before he unavails his spiked shoes the last time, but the accomplishments of strong-armed youngsters like Score, Antonelli, Turley & Co., will push Feller ever closer to the wings, and finally, the exit of the American baseball stage.

But we'll never forget Feller. We asked a friend, "What about Feller's one-hitter Sunday?" and he replied, "What about Score and Antonelli?"

All we could say was, "Do you think they'll be pitching one-hitters when they're 36 years old?"

Akins' Victory May Scare Foes

NEW YORK (AP) — Virgil Akins was hoping today that his surprising eight-round knockout of hitherto iron-chinned Ronnie DeLaney wouldn't scare off any other high-ranking opponents.

The 25-year-old St. Louis veteran, a 4-1 underdog, flattened the sixth-ranking middleweight contender from Akron with a picture left hook and right to the jaw in 2:41 of the eighth round of their television 10-rounder at St. Nicholas Arena last night.

So Far, So Good

Winona's Paul Giel, rookie pitcher of the New York Giants, hurled his second inning in major league baseball this season Saturday and after two innings pitched, it's a case of so far, so good.

His first start was April 15 against Brooklyn in the ninth inning. The Brooks beat the Giants 6-3, but not because of Giel. He had a hitless and scoreless inning, striking out one and walking one.

The situation was similar Saturday. The Cardinals had a 6-2 lead going into the ninth inning when Manager Leo Durocher put Giel on the mound.

Giel had another scoreless inning, giving up one hit but no walks. His two-inning total to date is one hit, one walk, one strikeout and no runs.

Although we'd like to see Giel have the chance to pitch more often, we have no complaint with the way the Giants have used him so far. His two appearances were in games where the Giants trailed, hence there was little pressure on him.

Both times he did well, building up his confidence to ready him for the days when his relief roles come more often and perhaps (who disagrees?) when he gets a starting role.

Five Winona Staters have lined up coaching jobs for next season.

Pete Polus will coach basketball at Lewiston and Art Bianchi also will be on the coaching staff there.

Arnold Boese has accepted the football coaching job at Mabel. Toney Burkard goes to Sandstone as football coach, and Roland Hill will coach football at Mapleton, Iowa, near Sioux City.

Speaking of Pau Giel, sports assistant Bob Ziebell came across an interesting item the other day while checking our sports files.

In 1950 when Giel pitched for the Winona Braves, he hurled 109 innings, struck out 171 batters, gave up only 46 hits, had a 9-4 record and a 2.14 earned-run average.

The Winona Chiefs game here Tuesday, June 14, will be a June Dairy Week promotion game.

Baseball enthusiast Jack Rhode of Whitehall dropped in and left some schedules of Milwaukee Braves games with a ticket order blank on the back side.

Jack noted, "Why don't you stay at my desk?"

All we can say to Jack is, "We would have stayed if we had known you were coming!"

Pekka Kause, an exchange student from Finland attending Winona High, will be a member of the "South" team in a soccer game scheduled May 13 at Edina-Morningside. All players are foreign exchange high school students attending schools throughout Minnesota.

Cease-Fire Talk By U.S., Chou Held Doubtful

WASHINGTON (AP) — Sen. H. Alexander Smith (R-N.J.) said today Secretary of State Dulles has indicated he doubts Red China's Premier Chou En-lai will follow through on his offer to discuss Far Eastern tensions.

Speculation that the United States and Communist China might be able to get together on some kind of cease-fire in the Formosa Strait increased sharply 10 days ago when Chou expressed willingness to undertake direct talks and said China did not want war with this country.

"I doubt that anything comes of Chou's offer to talk," Smith said in an interview. "The impression I get from Secretary Dulles is that he doubts it too. But the secretary matched the offer for direct conversations with Chou so that the Communists couldn't say we were unwilling to discuss a settlement."

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, and Asst. Secretary of State Walter S. Robertson report to President Eisenhower this afternoon on their talks in Formosa with Chinese Nationalist leader Chiang Kai-shek.

Smith said he doubts Chiang would agree to attend any conference with the Chinese Communists on the cease-fire issue, even if invited.

Sen. Humphrey (D-Minn.) told the Senate Monday Chiang has "been led up the hill and he has been led down the hill," by American diplomats.

He noted that the State Department first had said this country would take no part in conversations with the Chinese Communists on the Formosa situation unless Chiang was represented. Then, he said, it was made clear "the next day that it wasn't important" if the Nationalists were present.

"This is not only confusing the enemy but it is confusing our friends," Humphrey declared.

Pair Accused In Slaying of Oilman Shot

FORT WORTH, Tex. (AP) — Two men accused of slaying wealthy oilman William P. Clark were shot down on the Jacksboro Highway northwest of here Monday night. Cecil Green, ex-convict and Texas underworld figure, was reported in critical condition. His companion, Leroy Eggleston, suffered a gunshot wound in the arm. The pair and Henry Huggins are charged in the slaying of Clark May 19, 1953. All are free on bond. Clark's widow, Mrs. Mary Clark, 43, is charged as an accomplice in the death of her husband.

Huggins was believed the object of a widespread hunt by Fort Worth police and sheriff's deputies today.

It was Huggins' statement to police that broke the Clark case recently, officers said. Huggins told police in the statement that the three men went to Clark's 28-room mansion and that Eggleston took Clark into a room and shut the door, leaving Green and Huggins outside. The two heard a shot, Huggins said, and Eggleston walked out alone.

Eggleston, Green, and Mrs. Clark all have denied any connection with the shooting. Huggins said Mrs. Clark offered \$10,000 for Clark's death in a fake robbery but only paid \$5,000 after the killing.

A few days before he was killed the 63-year-old Clark filed suit for annulment of his marriage and said in the petition that Mrs. Clark "lured him into marriage" for his money.

Eggleston told police his assailants Monday night were in three cars parked across the highway from a drive-in cafe and that he knew none of them. He said he and Green had "just pulled up" at the drive-in when the shooting occurred.

The drive-in, closed at the time of the shooting, was the same place which Fort Worth gambler Edell Evans recently named as his destination before disappearing.

Evans' blood-soaked Cadillac was found in northwest Dallas County. Officers still are investigating that case.

Fargo Police Hold 2 in Fatal Beating

FARGO, N. D. (AP) — Two men were held without charge Monday while Fargo police investigated the fatal beating of Wesley Moore, 38, a transient, whose nude body was found in an alley early Sunday.

Officers said the victim had been so severely bludgeoned about the face and head as to be almost unrecognizable.

Bloodstained clothing was found in the trunk of a car belonging to David Moore Jr., 22, Grand Forks, Minn., no relative of the dead man, was found apparently asleep in his car by officers a block from the spot where the body was found.

The Grand Forks man and Joseph Munnell, 30, a transient living at a hotel here both denied any knowledge of the beating. Police said Munnell's clothing was spattered with blood.

Card of Thanks

BLANK— I wish to thank all my friends, neighbors and relatives for all the visits and cards sent me during my stay at the Winona General Hospital.

KRACKOW— We wish to express our heartfelt thanks to all who assisted us in any way during our recent bereavement. The loss of our beloved wife and sister, your thoughtfulness is greatly appreciated.

Brother and Sisters.

Commission Named To Study Kahler Employee Dispute

ROCHESTER, Minn. (AP) — A three-man governor's fact finding commission will be appointed to study a labor dispute involving some 400 employees of the Kahler Corp., hotel operator.

The state labor conciliator's office Monday certified the dispute as "one which affects the public interest," thus delaying a threatened strike for at least 30 days.

No agreement was reached Monday at a conciliation hearing. The employees, represented by AFL Hotel, Hospital, Restaurant and Tavern Employees Union, are seeking adjustments in wages, hours and union security.

The corporation operates three hotels in the city and a laundry in the Rochester area.

Hope for Purdoms' Reconciliation Fades

HOLLYWOOD (AP) — Reconciliation hopes appear to have faded for British actor Edmund Purdom and his wife Tita.

She filed a court petition yesterday asking the setting aside of an order which directed the couple to refrain from any legal action in their domestic dispute for 90 days.

She has filed a suit asking for separate maintenance. Purdom has sued for divorce on grounds of mental cruelty.

St. Paul Building's Door Revolves Itself

ST. PAUL, Minn. (AP) — Tenants today were getting used to what the Pioneer Building management termed the world's first two-speed, powered revolving door, installed as part of a remodeling job.

The motors move the doors at a steady three revolutions per minute. Those in a hurry merely push down a crossbar on each panel and the thing speeds up to nine turns every 60 seconds, or normal walking speed, say the sponsors.

FOR LIGHTING AND ELECTRICAL IM-
PROVEMENTS IN THE DOVER PUBLIC
SCHOOL.
Sealed proposals will be received by
the Office of Education for the cost of
improvements to the Dover Public
School, at the Office of the Superin-
tendent of Schools, Dover, Minn., until
May 17th, 1935 at 9:30 p.m. for all
labor and materials required for wiring,
installations and fixtures as hereinafter
described. The bids will be publicly
opened and read aloud at a meeting of
the Board to be held at 9:30 p.m. on
the 17th day of May.
Copies of the list of rooms to be lighted,
specifications of the installations, and
to be used as a guide in the opening of
the bids, may be obtained at the office
of the Superintendent of Schools, Dover,
Minn., or at the office of the Superin-
tendent of Schools, State of Minnesota,
in an amount of 100 per cent of contract
is required.
No bid will be considered unless accom-
panied by a certified check or cash in
the amount of 5 per cent of the maxi-
mum payable to independent school dis-
trict No. 125 of Olmsted County, as a
guarantee that the bidder will execute
the contract and bond within ten
days of awarding of contract.
No bid shall be withdrawn after the
opening of bids without the consent of
the board of school directors. A per-
formance bond complying with the
statutes of the State of Minnesota, in
an amount of 100 per cent of contract
is required.
All bidders should bid the cost of all
labor and materials to be used.
All bidders are required to visit the
school building before bidding.
All bidders should bid as follows: All or
any part of bid may be rejected.
1. A bid which includes all ma-
terials and labor as indicated in the
specifications.
2. The contractor shall state the amount to be subtracted from
the base bid for the following: Omitt
ing the installation of new wiring,
6 & 8, and the kitchen light fixtures
only.

DENNIS THE MENACE

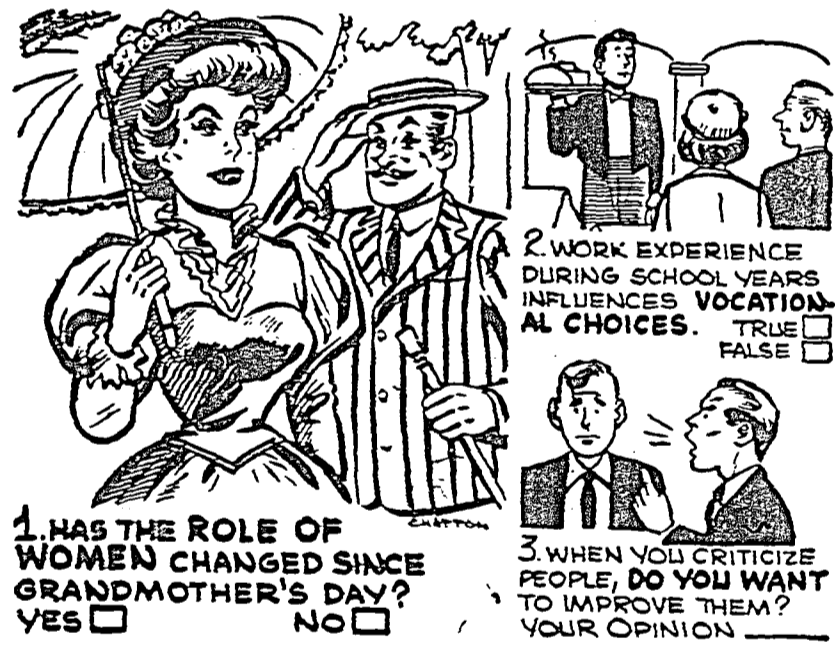

LAFF-A-DAY

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. Sc.

Answer to Question No. 1
Dr. Kate H. Mueller says yes in her "Educating Women for a Changing World." Woman's work and responsibilities have enormously enlarged, and a woman must be trained in all the skills of wife, mother, citizen, and wage-earner. A woman is no longer "merely" housewife and homemaker. She must have more scientific and economic information for all these jobs—as each role is a job by itself.

Answer to Question No. 2
Decidedly true. Young people get a clearer picture of realities. Educator Youmans found among 1,200 12th-grade boys that far more of those with no work experience had ambitions for professional careers than had those who had tried jobs. Only one-third of boys with eighteen months or

more of work experience expected white collar jobs; while one-half of non-workers had this expectation. Counselors find it helps boys choose vocations more wisely if they have tried several jobs during school years.

Answer to Question No. 3
3. Usually you want to show your superiority or conquer your inferiority—same thing. A boss who bawls out an employee, a woman who threatens to call the manager about a salesperson, a parent who speaks harshly to a child—all are simply relieving their own feelings of rousing antagonism, and hurting others. They need our new book, "How to Persuade People." It will improve them and the other fellow. Nonprofit, 15c (coin only) and self-addressed, stamped envelope. Send to Dr. A. E. Wiggum, in care of The Winona Daily News.

BEDTIME STORIES

By HOWARD GARIS

Uncle Wiggly's raft was sailing for Pussycat Island in Frog Pond. On this island only cats lived—all sorts of cats. Just as on Puppy Dog Island, there were only dogs, who had a king dog named Wuff.

Buster, the Rabbit Scout, and Billie Wagtail, the goat, had gone on adventure sail in a rowboat, while the raft was tied up at Pussycat Island. They had some trouble, but at last they were rescued by Uncle Wiggly's raft, and were now safely on board.

"Where is my umbrella?" demanded Nurse Jane Fuzzy Wuzzy. The muskrat lady housekeeper ran from her Candy Kitchen which was near the Merry-Go-Round on Uncle Wiggly's raft. "Where is my umbrella?" she asked.

"Here it is, thank you," bleated the goat boy handing the umbrella to Miss Fuzzy Wuzzy. "We were using it for a sail when we went adventuring in the rowboat," Buster explained. "Did you punch any holes in it?" asked Nurse Jane. "An umbrella with holes in it is almost as bad as no umbrella at all."

"We didn't make any holes in your umbrella," said Buster. "Well, I am glad of that," answered the muskrat lady. "But, after this, please don't take my umbrella without asking me."

"But when we came down to the raft at Pussycat Island," said Buster, "I mean after we were tired of seeing King Wuff crowned, you weren't here, Nurse Jane. So we couldn't ask you for the umbrella."

"Well, I suppose that is true," admitted the muskrat lady. "Oh, me! Oh my!" she suddenly exclaimed as she turned to run back to her Candy Kitchen.

"What is wrong?" called Uncle Wiggly.

"My molasses taffy is burning!" shouted Nurse Jane. She hurried to the stove in her kitchen, and with the curved handle of her umbrella, lifted the pot of boiling molasses off the stove.

"Did you get it in time to stop the burning?" asked Uncle Wiggly, who had followed Miss Fuzzy Wuzzy to the kitchen.

"Yes, I did," she answered. "It's a good thing I had my umbrella,

for the molasses taffy kettle was too hot for me to get hold of. So it is a good thing, after all, that Billie and Buster, took my umbrella, and gave it back to me just now. Otherwise I would have had to run to your automobile, Mr. Longears, and get my umbrella there."

"Do you generally leave your umbrella in my auto?" asked the rabbit.

"Yes, I do, in case of rain," answered Nurse Jane. "But today I just happened to have left my umbrella in my kitchen. I suppose that is where you found it, didn't you?" she asked the goat boy.

"Yes'm, I did," bleated Billie. "Well, now I'll put my umbrella back in your auto, Mr. Longears," said Miss Jane to the rabbit uncle.

"Then I can finish making the molasses taffy and I shall also pop some more corn."

It might seem strange that Uncle Wiggly had his automobile on board his raft, but he did. He said he wanted it to be ready in case he needed to take a ride when his raft anchored at some island in Frog Pond. So there his auto was on board his raft, with all the tires, including the spare tire, filled with air.

On and on sailed the rabbit gentleman's raft. The wind was blowing on the sail now. It had started blowing again just before Billie and Buster were rescued from the rowboat.

"What do you think we shall reach Pussycat Island, Bosun?" asked Uncle Wiggly as he twinkled his pink nose.

"Avast and belay, sir, Cap'n Wiggly! I think I see Pussycat Island looming up dead ahead of us!" barked the old sea dog.

He was right. Soon Uncle Wiggly's raft was tied up at Pussycat Island. A big Tom Cat came down to the shore to meet the rabbit uncle and his friends. The Tom Cat mewed:

"You are just in time, Uncle Wiggly!"

"Time for what?" asked the rabbit.

"Is there another coronation party here?"

"No," answered the Tom Cat.

"But Queen Florabell is having a lot of trouble blowing up balloons. She needs help." More tomorrow if the paint brush doesn't put red and white stripes on the candlestick to make it look like a candy cane.

Red Wing Officials Convinced Disposal Plant Delay Over

RED WING, Minn. — City officials here have announced that they are convinced Red Wing can delay no longer construction of a new sewage disposal plant—estimated to cost about \$500,000.

By the end of 1956, the city will have approximately \$44,000—the result of an annual two-mill levy set two years ago—available to finance surveys and architectural plans.

An unidentified city official, pointing to similar projects being rushed through at Hastings and Stillwater, said, "With these two cities acting upon sewage plants, Red Wing will be one of the few river cities in the state without a disposal plant."

"The pressure of statewide public opinion will mean that Red Wing will have to act," he said.

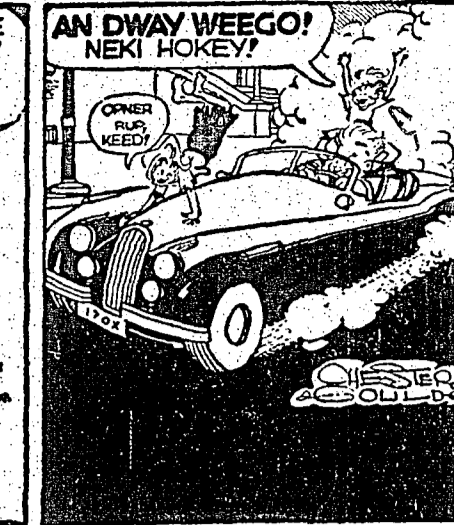

Actual construction, however, probably will depend upon a bond issue and such a decision would be put up to voters here at the time of an election.

The State Water Pollution Control Board ordered the City Council to start work on the project two years ago, threatening to forbid any further sewer extension work here if the ultimatum was not obeyed.

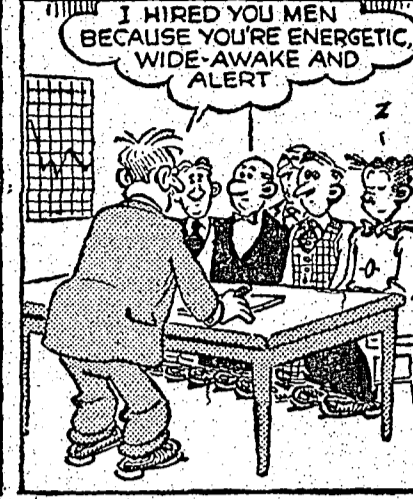

City officials are going around in circles, however, asking themselves what will happen if Red Wing voters reject a bond issue to finance the half-million-dollar project?

Some comets have been detected which are apparently heading into outer space, never to return.
