Living Costs Lowest in Two Years

WASHINGTON (AP)—Living costs eased down a fraction in April to the lowest point in nearly two years.

The government reported today its index declined one-tenth of one per cent to 114.2 per cent of the 1947-49 average. This is three-tenths of one per cent less than in April last year. It is the lowest the index has been since May, 1953, when it was 114.0.

Lower prices for automobiles and a fractional decline in rents were mainly responsible for the lower index reading.

In foods, the greatest April price change was a sharp rise in cost of potatoes because of the March freeze. Prices went up 30 per cent from March and 60 per cent over April last year. Dairy prices declined seasonally in April.

In reporting the living costs figures, the Labor Department also said that take home pay of factory workers and the purchasing power of their pay were at record highs for the month this April.

The department reported that a average net spendable weekly earnings were \$69.05 for a factory worker with three dependents and \$81.78 for a worker with no dependents. This was about 40 cents less than in March for both types of worker. The decline was due to shorter scheduled working hours, more than offsetting an increase in hourly earnings.

Only Russians Silent About Air Strength

Conflicting U.S. Statements Leave Public Puzzled

By ELTON C. FAY

WASHINGTON (AP)—The administration's laconic announcement a week ago on Soviet air power—whatever its original purpose—has brought on a jumble of conflicting statements by virtually everyone interested, except the Russians.

Today an Air Force intelligence officer was insisting he was misquoted in reports on his speech which seemed to differ from a news conference comment by President Eisenhower.

The officer is Brig. Gen. Woodbury M. Burgess, chief of intelligence for the Continental Air Defense Command.

He was reported as saying in an address at Selfridge Field, Mich., Wednesday night that Russia has fighters and bombers equal to the best U.S. planes and has more of them than that "the Russian air force is currently at least as good as ours, possibly better," and that "one of our troubles is that we underestimate the Russians."

It was only Wednesday morning that Eisenhower scouted the idea, set forth by Sen. Symington (D-Mo.), that the United States may have lost control of the air to Russia. Yesterday, Gen. Nathan F. Twining, air chief of staff, told newsmen that Burgess "did not tell the truth," and that in speaking to some Ground Observer Corps people Burgess had "exaggerated."

Burgess was summoned hurriedly to Washington yesterday, making two appearances to explain—once to Twining and later to a Senate Appropriations subcommittee.

Committee members said Burgess contended he was misquoted, that his prepared speech was cleared by Defense Department Security review, but that he did answer some questions after the formal speech. Newsmen who heard him said they were sticking by their stories.

Sen. Chavez (D-NM) told reporters his Appropriations subcommittee will inquire into the relative air strength of the United States and Russia.

Forest Fires Sear 5,500 N.J. Acres

LAKEHURST, N.J. (AP)—More than 5,500 acres of New Jersey woodland went up in flames Thursday as some 20 wind-whipped forest fires tore through sections of the state, burning out a wide area of the Lakehurst Naval Air Station.

Hundreds of servicemen turned out to battle the blaze that scorched 3,000 acres of the air station, headquarters for the Navy's big blimps. None of the station's buildings was touched by the flames, however.

Two Burlington County towns—Browns Mills and Pemberton—declared emergencies while threatened for more than seven hours by an onrushing woodland fire.

The flames wrecked at least 12 homes valued at \$125,000. By the time the fire was contained late Thursday night, a total of 1,200 acres of woodland were charred.

This is An Aerial View of Waurika, a town in southwest Oklahoma, which was isolated on three sides today after torrential rains measuring nearly 10 inches sent creeks and tributaries rising to flood stage. The National Guard was utilized in the rescue of victims in what was the worst flood in Waurika's history. (UP Telephoto)

Belt of Neutral Nations Through Europe Opposed

Real Purpose of Reds Seems Aimed At Weakening West

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. officials find little practical merit so far in proposals for the creation of a European buffer zone of neutral nations between Russia and the Western Powers.

Like President Eisenhower, they are not willing to write off the whole idea at this point. They believe it to be a project in which the Soviet government is interested, probably for devious purposes. But there are now so many unanswered questions that they see little future for it.

The dominant view of informed diplomats is that Russia's real purpose in diplomatic maneuvering of the last several months, including its agreement to the neutralization of Austria last weekend, is to create in Western Europe a condition of weakness—a power vacuum.

According to this theory, a situation would develop which would eventually give opportunity for the Reds to gain control of the vast industrial and manpower resources of Western Germany.

That belief is so deeply rooted in the U. S. government that if the Soviets actually have any less aggressive objective in view, it will take long negotiations and extended evidence of their intentions to persuade American officials to change their view.

Eisenhower, at his news conference Wednesday, avoided criticism of the idea of creating a belt of neutral states across Europe. But he noted that in the case of Austria the capacity for self-defense has been preserved. He indicated that the only neutrality he would be interested in would be an armed neutrality.

This has a direct bearing, authorities said today, on the German problem. For the neutrality which the Soviets proposed for Germany in laying out a world disarmament program 10 days ago was a disguised neutrality. American and other occupation forces would be withdrawn and Germany would be permitted only the internal forces necessary for law and order—in other words, police.

That kind of neutralized Germany, authorities said, is totally opposed by the United States. A Germany armed sufficiently to protect itself against sudden attack but not allied with either of the two great power groups would be potentially capable of wielding the balance of power in Europe. It is doubtful whether any government, West or East, would want to create that kind of situation deliberately.

Badger Assembly OKs 2 A.M. Tavern Closing, Temporarily

MADISON, Wis. (AP)—It appears likely the Assembly might change its mind on allowing Wisconsin taverns to remain open until 2 a.m. during summer months.

The Assembly, by a 46-37 vote, approved such a bill today, but a motion to reconsider the action was entered and it will come up again next week.

The bill's author said he does not want the vote of approval to stick if it means minors could be in taverns longer than now permitted.

Mass Polio Shots Face New Delays

WASHINGTON (AP)—Uncertainty over when the program of mass inoculations against polio can get into full swing seemed likely today to continue at least until next week.

The Public Health Service provided no elaboration on its bare announcement Wednesday that reclearance of embargoed batches of Salk vaccine would be delayed pending further study.

Detroit Suitor Who Kidnaped Girl Captured

DETROIT (AP)—State police reported they took into custody today a 6-foot-1, pistol-toting suitor who abducted petite 21-year-old June Dallen from the apartment of a girl friend in Detroit last night.

Police said they found Murray Sinuk, 28, and Miss Dallen shortly after 6 a.m. four miles north of Monroe, Mich.

The troopers said they took a .45 caliber automatic from Sinuk. He was taken to the Flat Rock state police post for investigation of carrying a concealed weapon.

Detroit Police Inspector Thomas Maxon said Sinuk was wanted for "investigation of kidnapping and felonious assault."

Before finding the couple, police said they feared for the safety of Miss Dallen. Sinuk was reported to have threatened suicide if she did not marry him.

Maxon said Sinuk apparently had taken her at gunpoint by automobile to Bowling Green, Ohio, to marry her.

Police gave this account of the abduction:

Miss Dallen was visiting a girl friend, Dolores Gustas, 19, in an apartment in the same building where the Dallen family lives. Also in the apartment was Samuel McBride, 34, a friend of Miss Gustas. Sinuk entered the apartment brandishing a knife and a .45-caliber automatic. He ordered Miss Gustas and McBride to stand against the wall. Then he forced Miss Dallen to accompany him to the door.

Miss Gustas and McBride quoted Sinuk as saying:

"Don't come after me. I'll kill her or anyone else who gets in the way."

Then he left with the girl after ripping out the phone.

Faribault Area Searched for 3 Who Fled Jail

FARIBAULT, Minn. (AP)—A concerted manhunt was under way in southern Minnesota for three prisoners who broke out of the Rice County jail Thursday night after assaulting a deputy sheriff.

Henry O. Sanders, the deputy, said he was attacked by the trio as he sought to take aspirin to one of the men who feigned a headache. That man was identified as Darrell Lee, 21, Faribault, serving a term for grand larceny.

As he opened a cell door, Sanders said Lee, Arthur Hirdler, 21, and Ray Lawton, 39, White Bear Lake, jumped him. After a brief scuffle during which Sanders' arm was badly twisted, the men grabbed his keys, locked him in a cell and fled.

No trace of the men was found early today although roadblocks had been set up over a wide area about Faribault. Deputies said the three might have hidden within the city.

Lawton also was held for grand larceny while Hirdler was serving a 90-day term for drunkenness.

Sanders was taken to a hospital for treatment but was reported in good condition today. He was the only one on duty at the time of the escape.

Reds Stepping Up Korea Propaganda

WASHINGTON (AP)—The U. S. Information Agency reports that the Communists have stepped up propaganda in Korea in an effort to beat down non-Communist ideas in the North and plant Red propaganda in the South. A new broadcasting station has been built in Pyongyang, North Korean capital, the agency said.

Flooding Rivers In 4 SW States

By THE ASSOCIATED PRESS

Rivers swollen by torrential rains raged through parts of four southwestern states today in one of the most destructive spring floods in years.

Five persons were dead. Four schoolboys were killed during a rainstorm when a lightning bolt felled 42 youngsters at Kingsville, Tex. A Colorado woman drowned.

Mass evacuation was in progress at two southeast Colorado cities, where the state civil defense director declared an emergency. Scores of homes and business stores were abandoned to rising waters elsewhere in Colorado, Oklahoma and Texas. Northeast New Mexico also was hit by heavy rains.

Authorities in Colorado estimated at least 2,000 persons were isolated or have been evacuated. An additional 300 persons were removed from homes in scattered Oklahoma communities.

Despite the destructiveness of the four-day storm, it brought the first substantial moisture of the year to once-rich agricultural and ranching areas. Texas logged up to 15 inches of rain and Oklahoma 12.

At Conchas Dam, in New Mexico the rains increased water storage by 60,000 acre-feet. That was typical of once-dry reservoirs throughout the irrigated west.

Highways were closed in much of the four-state area as rolling streams reached flood stage. Bridges were washed out or threatened. At Lufkin, Tex., a windstorm partially unroofed a supermarket while 80 persons scurried to safety.

Flood warnings were issued for the North Canadian and Cimarron rivers in Oklahoma, and for the Canadian River in New Mexico. The most critical flood area, however, was in southeast Colorado.

At Trinidad, the Purgatoire River, which normally courses at one to two foot depth, reached 25 feet and closed four bridges linking the city's northern and southern halves.

Three homes were swept away by the raging torrents, and 10 railroad cars toppled over at the city's flooded Santa Fe Railroad yards. Ten blocks of property were under water.

U.S. Firefighters Battling to Save Italian Tanker

LONDON (AP)—U. S. Navy firefighters were reported battling today to save the flame-swept Italian tanker Argea Prime in the Persian Gulf.

The ship caught fire yesterday after colliding with a Dutch tanker, the Tabian, about 250 miles east of Bahrain Island.

A Navy spokesman said the Tabian had 22 feet of water in her forward hold but another Dutch tanker, the Loire, was towing her to port.

4 Armed Men Rob Alabama Bank of \$85,000

JACKSONVILLE, Ala. (AP)—Four armed white men robbed the First National Bank of Jacksonville of between \$85,000 and \$90,000 today, after kidnapping a bank official from his home.

The bandits surprised Jesse N. Wood, assistant vice president and cashier, at his house and forced him to accompany two men to the bank while the other two guarded his wife and two children.

At the bank they waited inside, meeting employees as they arrived for work, tying them up and putting them in a back room.

When a time lock opened the bank vault they scooped up between \$85,000 and \$90,000 and carried it off in a repossessed bank car. Dan W. Gray, bank vice president, made the estimate of the amount stolen. He said the loss was covered by insurance.

One of the two men who went to the bank was armed with a sawed off shotgun and the other with a pistol.

After raiding the bank vault the robbers forced Wood to help them carry the money to the bank car. They drove him to his house, and picked up their confederates.

The highway patrol set up road blocks around Jacksonville, a town of 5,000 about 70 miles east of Birmingham, and Federal Bureau of Investigation agents joined local officers in the manhunt.

Ex-POW Convicted Of Giving Military Secrets to Captors

BERLIN (AP)—Pvt. William T. Marchuk of Norristown, Pa., who spent nearly six years in Soviet prison camps, was convicted today of giving military secrets to his Russian captors.

Marchuk, 39, was tried by a seven-officer court-martial. It also found him guilty of deliberate desertion to the Communists in February 1949.

Sentence is expected later today. Marchuk could receive up to 30 years in prison. Whatever the sentence, it is subject to review by higher authorities.

Marchuk pleaded innocent to all charges. He did not testify in his own defense.

Wausau Man Killed As Car Hits Bridge

RIB LAKE, Wis. (AP)—Joseph K. Kuchta, 24, Wausau, was killed early today when his car hit a bridge abutment on Highway 102 west of here. A passenger, Grace Mildbrand, Athens, was treated for minor injuries and released from the hospital.

This Farm Home near Hale Center, Tex., stands in about five feet of water in low, once dry lake, after an estimated eight inches of rain in west Texas. All dirt roads in section were impassable as a result of the rains. Farmer's late model car, arrow, is almost covered with water. Top is all that is visible. (AP Wirephoto)

This Pile-Up Resulted when 40 cars of an 83-car freight train left the track north of Evansville, Ind., Thursday. A railroad spokesman said the wreck was probably caused by a broken wheel. None of the six-man crew was injured. (AP Wirephoto)

WEATHER

FEDERAL FORECAST

Winona and Vicinity—Generally fair tonight and Saturday. A little cooler Saturday. Low tonight 56, high Saturday 72.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 83; minimum, 54; noon, 76; precipitation, none; sun set tonight at 7:31; sun rises tomorrow at 4:35.

AIRPORT WEATHER

(North Central Observations) Max. temp. 85 at 3:30 p.m. Thursday, low 61 degrees at 6:30 a.m. today. Noon readings—temp. 78, skies clear, visibility 15 miles, wind from the east at 10 miles per hour, barometer at 29.98, steady, humidity 40 per cent.

Debate Opens In Senate on Highway Bill

By JOE HALL
WASHINGTON (AP)—The Senate opens debate today on a Democratic bill to double present federal aid spending for road building.

Republicans planned to try to substitute President Eisenhower's plan for it.

Majority Leader Lyndon B. Johnson (D-Tex.) said there would probably be no votes until the middle of next week. Both sides expect the issue to be settled by late next week, however.

The Democratic measure, written by Sen. Gore (D-Tenn.), would greatly increase spending on all of the four federal-aid highway systems—interstate, primary, secondary and urban. For these it would authorize a federal-state outlay of \$17,941,000,000 over the next five years. It would double the present rate of spending in the first year, and triple it by the fourth and fifth years.

The Eisenhower proposal would allot \$8 billion of federal and state funds for the four systems over 10 years, but would concentrate 25 billion of this on the 40,000-mile interstate system designed to link up all parts of the nation.

Under the President's plan, the federal government would put up 25 billion for the interstate, or nearly the entire cost, and raise 21 billion of it by a 30-year bond issue.

This feature has been heavily criticized by some Democrats, notably Sen. Byrd (D-Va.), who contend it involves heavy interest charges and also is a technical violation of the federal debt limit.

The bonds would be issued by a federal highway corporation and repaid from gasoline and other motor vehicle taxes.

Minneapolis Firm Wins Wabasha Job

WABASHA, Minn.—Bituminous Surfacing Treating Co., Minneapolis, was given a contract for 20,000 gallons of road oil at 13.38 cents per gallon by the Wabasha City Council Tuesday night.

The only other bidder was the H. J. Dunn Black Top Surfacing Co., Winona, which offered the material for 14.24 cents a gallon. The oil will be delivered between June 15 and July 31 for street repair here, H. J. Eggenberger, city clerk, said today.

A FORMULA FOR LAWN LUXURY!

It's FERTILENE liquid fertilizer for lawns - gardens - flowers - trees

LET US FERTILIZE FOR YOU WITH Nationally Famous FERTILENE

IT'S LABOR SAVING AND LOW COST TOO!

You save money when you have us spray with FERTILENE liquid fertilizer. We do the work quickly and efficiently with the proper equipment. It is no longer necessary for you to labor with heavy ineffective old fashioned fertilizers.

FEED YOUR LAWN PROPERLY

FERTILENE liquid fertilizer has a high nutrient content of Nitrogen, Phosphorus and Potash plus trace elements of Boron, Magnesium, Manganese, Zinc, Calcium and Iron. FERTILENE is odorless, harmless, will not burn lawns, less water required and best of all costs are amazingly low.

LET US SPRAY YOUR LAWN

Yes, we have the formula for a luxurious lawn now, and it is ready to serve you. If it grows it will be helped by FERTILENE. Grass, Trees, Flower Gardens, Vegetable Gardens, Golf Courses, City Parks—these and many more of Nature's greeneries—grow more healthy and more beautiful when properly nourished the modern FERTILENE way.

Metal Shortages Plague Industry

By STERLING F. GREEN
WASHINGTON (AP)—Shortages again are plaguing prospering industry. Today—so soon after the big Korean buildup—government officials are pondering whether to push for a new expansion of basic industries.

Scarcities of aluminum, copper and nickel haven't vanished despite substantial diversions of the metals to industry instead of the national defense stockpile. Some steel products and even cement have joined the deficit list.

Earlier this year officials ascribed the heavy demand to such temporary factors as the spring spurt of auto production, fear of midyear strikes and price boosts, inventory rebuilding, and perhaps a little scare buying caused by international stresses.

Mobilization Director Arthur S. Flemming today told an interviewer it now seems doubtful whether autumn will bring a substantial easing of demand.

Flemming, who recently reopened the government's offer of federal tax benefits to electric power companies which undertake expansion, disclosed he has taken these further steps:

1. Ordered a "basic, comprehensive" study to determine whether to approve the abandoned "third round" of aluminum industry expansion.

2. Asked the Defense and Commerce departments to investigate

whether any companies obtaining nickel under military priorities are diverting some of it to civilian items, thus tightening the shortage for other firms.

Meanwhile, Bethlehem and some other steel producers have announced informal "allocation" plans intended to assure each customer his historic share of their output. Mills began rationing nickel stainless steel early this year.

The cement shortage, reflecting record building activity, got worried attention from the National Assn. of Home Builders here this week. Some builders forecast tighter supplies if the big highway program now being considered by Congress is approved.

The aluminum "third round" was proposed by the Truman administration but abandoned two years ago. Two earlier expansions, during the Korean emergency, approximately doubled the nation's aluminum producing capacity.

The nickel shortage has persisted since Korea, because of heavy use in jet planes and guided missiles. Recent consumption of nickel carrying the military priority has far exceeded the official estimate of military needs. This has aroused suspicion that some priority metal may be going into civilian goods.

Copper supplies have not recovered from strikes in this country, Chile and Rhodesia last year and this.

Caledonia Names Leading Seniors

CALEDONIA, Minn. (Special)—Arlene Becker, daughter of Mr. and Mrs. Lloyd Becker and Kathryn Stadler, daughter of Mr. and Mrs. Lloyd Stadler, have been named valedictorian and salutatorian of the Loretto High School graduating class.

Arlene compiled a 97.23 average while Kathryn's average is 96.99. Both have participated in extracurricular activities. Arlene has been editor of the school newspaper and annual for two years, was a member of the junior and senior class play casts in addition to the Christmas plays, has been a member of the chorus for four years and has held numerous class offices.

Last year she was a member of the extension teen-age board and has won prizes for essays and poems she has entered in contests during her high school career.

Kathryn has been a member of the newspaper and annual staffs, the chorus, junior and senior and Christmas play casts, a baton twirler with the band and was named as the school's representative to Minnesota Girls State as a junior. Kathryn also has won awards for poems and essays.

DOVER SCHOOL REWIRING
DOVER, Minn.—A \$4,096 contract for rewiring the Dover school was given the Home Appliance Co., St. Charles, here Tuesday night by the board of education. Work will start June 6.

WILLIS CO. Announces Free Protection For Customers' Oil Storage Tanks

Your heating oil storage tank faces a big danger—RUST which forms inside the tank as a result of accumulation of moisture.

Rust spells trouble. It causes costly leaks.

That's why we put Shell SONITOR in every customer's storage tank. Sonitor is a new chemical product that protects against rust and corrosion. Sonitor not only stops old rust from spreading, but prevents new rust from forming. This is a free service for all our customers who use Shell Furnace Oil. We'll be glad to include you, too—just give us a ring.

Honor Students Named at Eyota

Richard Mary Jean

EYOTA, Minn.—Richard Dale Stehley, son of Mr. and Mrs. Willard Stehley, is valedictorian and Mary Jean Steinmetz, daughter of Mr. and Mrs. Theodore Steinmetz, salutatorian of the Eyota High School graduating class.

Richard played basketball, football and baseball, and was on the Student Council and school paper and annual staffs. He took part in dramatics. He has been awarded a scholarship by the Minnesota Academy of Science.

Mary Jean was cheerleader for four years and also in the band, glee club and chorus, served on the school paper and annual staffs, and was in the Pep Club.

Other honor students are Marlene Moehke, Patricia Head, Clarence Kuhlmann and Karen Townsend.

Baccalaureate services will be conducted May 29 in the school auditorium and commencement services June 2 at 8 p.m. Allen Gray, Minneapolis, radio commentator, will be the speaker, his topic, "This Too Shall Pass."

One out of every seven workers in the U.S. earns his living directly from highway transport industries.

People's Power Switching to Dairyland Co-op

ROCHESTER, Minn.—People's Cooperative Power Association, Rochester, will discontinue purchase of its wholesale power supply from the Rochester municipal utility and will be supplied by Dairyland Power Cooperative, La Crosse, after mid-summer, 1956, it was announced today by Ray E. Krotchak, general manager.

The organization has signed a contract with Dairyland and became a member of that co-operative. Dairyland now provides wholesale power for 25 rural electric systems in Minnesota, Illinois, Iowa and Wisconsin.

The rural system, which has been supplied with power by the city of Rochester since 1938, provides electric power to 5,200 farms and rural businesses in Olmsted, Wabasha, Winona, Fillmore, Mower and Dodge counties.

Rochester officials notified the co-op in February that it would have to curtail its load to 3,000 kilowatts by September 1956, and would have to make arrangements for a new power supply for its entire requirements by September 1957.

The cooperative's new contract provides for construction by Dairyland of approximately 33 miles of heavy transmission line from the steam plant at Alma, Wis., to the co-op's high voltage lines three miles east of Rochester. Service will be terminated by the city upon completion of the project by mid-summer next year.

Under the contract, Dairyland will construct an additional high voltage line from the Rochester

substation to its high voltage transmission substations at either Harmony or Adams. This will assure the local system a two-way feed to provide an alternate source of power in case of emergency.

Directors of People's co-op, who participated in the negotiations, include H. C. Blumentritt, Chester, president; Harold Caulfield, Byron, vice president; Glen Hairsine, Kasson, secretary-treasurer; Albert Hampe, Thellman; George Monette, Chatfield; John Stewart, Stewartville; Gregory Kramer, St. Charles; Clarence Klassen, Plainview, and Ed Reinke, Rochester.

Tenth District Legion to Meet In Independence

Convention Opens Saturday Afternoon; 9 Counties Coming

INDEPENDENCE, Wis. (Special)—Two big days of American Legion activity are ahead for this community which will play host to the spring convention of the 10th District Saturday and Sunday.

A Saturday night banquet at the Independence High School auditorium will feature the department commander, John O'Melia, Rhinelander, and the Rev. O. G. Birkenland, Whitehall, past national chaplain. George Heatherington, La Crosse, will be master of ceremonies.

The 40 et 8 will parade through town in the evening after a program at the school. A dance from 9 p.m. to 1 a.m. will climax the opening day of the convocation.

Business sessions will be held Sunday morning. Following a noon meal at the high school, a memorial service will be held at the city park at 1 p.m. and a street parade will wind up activity at 2 p.m. There will be carnival entertainment both days.

Registration starts at the city hall at 1 p.m. Saturday with a 40 et 8 "wreck" scheduled for 2 p.m. at the city hall. The public banquet, to be served by the American Legion Auxiliary of the Sura-Wierzgalla Post 186, will be held at 6:30 p.m. The Rev. Mr. Birkenland will offer the invocation; Mel H. Peterson, Bloomer, 10th District commander, and Post 186 Commander Dale Allen will give short addresses prior to the speech by O'Melia.

Peterson will preside at the business assembly. Both Allen and Independence Mayor Rufus Warner will speak and the auxiliary greetings will be given by Mrs. Gerda Rogstad, Eau Claire, 10th District president, and Mrs. Theresa Belthausen, local president. District Vice Commander Martin W. Swant, Barron; James D. Snider, Cornell, district adjutant; Don Stevenson, Arcadia, vice commander; T. Korolowski, Eau Claire; James F. Burns, Milwaukee, state Legion service officer, and Henry Theurer, Arcadia, district vice commander, will give reports.

Memorial Service

The memorial program has been planned by the Rev. Morris Olson, district chaplain, who will deliver the sermon. The Rev. Fletcher Bennett will give the prayer. Band music will be played by the Independence High School unit and O'Melia will give a short memorial address. "Taps," with salutes by a Legion firing squad, will conclude the service.

More than 50 units have been lined up for the Sunday afternoon parade. They include: Massed colors, the Winona band, Post 186 float, clergy, Masonic lodge, Knights of Columbus float, altar boys, Bible class, Lima High School band.

Eleva Sea Scouts, Whitehall Girl Scouts, Boy Scout drum and bugle corps, Fountain City Legion unit, Joe Roskos, Baugh Motor Sales, Elk Creek Creamery, REA float, Mondovi High School band, Mondovi Legion marching unit, Mondovi Legion Post, Auto Sales, Elk Creek Mill, Elk Creek Blacksmith, River Falls drum and bugle corps, Eau Claire marching unit, Eau Claire Post, Eau Claire Co. 40 et 8 Locomotive, Wozney Texaco Station.

Whitehall High School band, Briggs Motor Sales, Lyga's Store, Farm Bureau, Arcadia High School band, Northern Investment, Warner Feed & Elevator Co., Arcadia Legion vehicle, Arcadia Lion Club, Blair High School band, Blair Legion unit, R. Warner Bakery, M. A. Wiener float, Mier Bakery, Joe Roskos, Andre Grocery Store, Eleva-Strum High School band, Land O'Lakes, Western Wisconsin Creamery District 24, Smieja Market, Bar-Nom Mill, Fountain City Brewery, Stanley drum and bugle corps and Independence High School band.

John Luciente is parade marshal.

Convention Committees

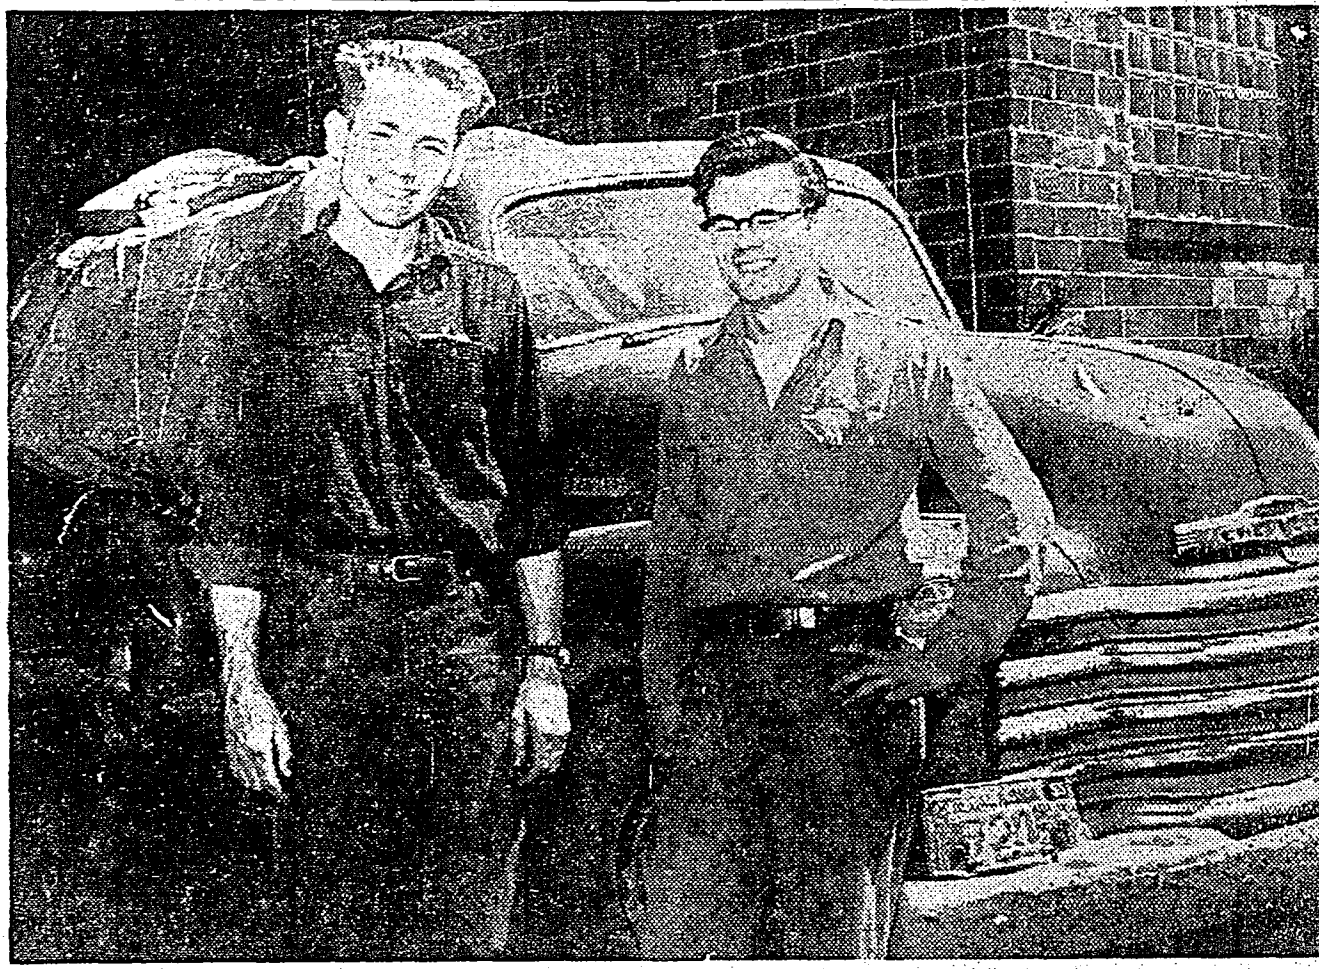

Independence post committees handling details are: Dance—Bob Guinn, Lester Guinn, Add Hotchkiss, Jack Halama; decoration—Bud Pienick, Pete Misk, Len Resler; Mel Samplowski; special guests—Martin Wiemer; lodging—Zig Glauert, N. Parizek; parking—Porky Halama, August Morchinek, Nick Morchinek, Peter Killian, Orville Olson, Ray Pietrek, George Smick, Peter Suchla, Tom Bautech, Paul Gabriel; registration and finance—Ernest Sobotta; parade—Hank Helgeson, Ray Smieja, George Bautech, John Luciente; post float—Roman Skroch; memorial services—Dale Allen, Harry Diapa; carnival—Harry Diapa; advertising—Alan Hanson; 40 et 8—C. Halama, and dugout—Ed Lyga and Roman Slaby.

There are nine counties in the district with 8,500 Legion members.

ATTENTION EAGLES

Brothers will meet tonight at the clubrooms at 7:30 to proceed in a body to the Breilow Funeral Home to pay last respects to Brother C. E. Hilden.

HOWARD JOHNSON
Worthy President

Here Are Two Young Americans — now residents of Alaska — who are obviously in a hurry. They climbed into this truck in Alaska at noon Saturday and at 3 p.m. Thursday they were at the Winona Tool Manufacturing Co., 1430 W. Broadway, Winona, Minn., some 3,720 miles from their garage at Mountain View, just outside of Anchorage.

Actually they drove the 3,600 miles from Anchorage to Minneapolis in 96 hours, taking a few hours off for business there before leaving for Winona. It was virtually a nonstop trip with the "off"

driver sleeping on an air mattress under the tarpaulin in back. The "bed" was a crated used crankshaft grinder they traded in on a new one at Winona Tool. They made 29 stops for gasoline. The Alcan Highway is fine, except for the price of gasoline — 40 to 70 cents — they say.

The garagemen from Alaska are Darrel LeFever, left, and Leonard Withers. They're going as far south as Dallas before heading north again, but expect to be back in Alaska with their crankshaft grinder and other new equipment within three weeks after starting out. (Daily News photo)

Federal Jury Gets Suit for \$110,000

A federal court jury this afternoon was considering evidence presented in the three-day trial of personal injury suits brought by three members of a rural Wabasha family against a North Bend, Wis., man and his father.

The jury retired at noon after receiving instructions from Judge Gunnar H. Nordbye, Minneapolis, who presided at the trial of the actions for damages totaling \$110,000 by Mr. and Mrs. James Harney, Theilman, and their daughter, Geraldine, against Arthur and Willis Slawson, North Bend, arising from a two-car collision near the Harney home Jan. 3, 1954.

Both sides rested their cases at 10:20 a.m. and Dan Foley, Wabasha, representing the Harneys, and Francis G. Thompson, Winona, attorney for the Slawsons, addressed their closing arguments to the jury.

The trial of the three actions, consolidated as the first matter on the jury calendar for the Winona term of federal court, began Wednesday afternoon.

Foley rested his case at 3 p.m. Thursday and the defendant, Arthur Slawson, 24, was the first witness called by Thompson.

Slawson testified that on the day of the accident he and his wife had been visiting at the home of his father-in-law, Henry Rademacher, north of Theilman.

At about 9:15 a.m., Slawson said, he left the Rademacher farm, with Eleanor Rademacher and Mrs. Dorothy Decker as passengers in his car, en route to church in Theilman.

In direct examination by Thompson Slawson said that his general speed from the time he left the Rademacher farm to where the collision with the Harney car occurred was between 30 and 35 miles an hour.

A short time before he reached the Harney farm, Slawson said, he approached the driveway of the Edward Freese farm where he saw the Freese car being driven out of the driveway.

Slawson said that he sounded his horn and passed the Freese car, still traveling between 30 and 35 miles an hour.

He drove down one hill and had reached the crest of the second hill when Slawson continued, when he suddenly saw the Harney car entering County Ad Road 13 from the Harney driveway.

"Sliding Onto Road" Slawson said that when he first saw the other automobile he was about 50 or 75 feet north of the driveway and recalled that the Harney car at that time was "sliding out onto the road" from the driveway.

The North Bend man said that as soon as he saw the Harney car "sliding out onto Highway 13" he applied his brakes but couldn't stop on the icy road and collided with the Harney car.

Moments before the crash, Slawson said, the Harney car had skidded to a stop, about in the center of the road and facing in a southerly direction.

Slawson said that he tried to turn to the left to go around the other car but continued to slide on the ice and the front end of his car struck the right rear side of the other automobile.

Earlier in the trial there had been testimony that last fall Slawson had told Mrs. Harney that he was sorry about the latter's accident injuries because he (Slawson) had been driving too fast as he approached the Harney farm.

Slawson denied under examination by Thompson that he had ever made such a statement.

He also denied earlier testimony by Miss Clara Freese, who arrived at the accident scene immediately after the crash that he had told her that "maybe I shouldn't have passed you."

Slawson said, however, that he had had a conversation with Harney on the night after the accident. The conversation took place, Slawson said, at the Rademacher farm and included a statement by Harney that Harney was at fault in the accident.

"He said that he'd buy me a

Dresbach Driver Denied New Trial

A motion for a new trial in an automobile accident case tried in District Court here last month has been denied by Judge Karl Finkelnburg.

The motion was made by attorneys for Charles Baker, Dresbach, the defendant in a lawsuit brought by Clyde Taylor, Fremont, Wis., as a result of a collision of cars driven by the two men at Dakota two years ago.

Baker's attorney, William McRostie, Minneapolis, moved that a new trial be granted on the grounds that the \$2,500 damages awarded Taylor by a jury April 28 were excessive.

McRostie held that the damages "appeared to have been given under the influence of passion and prejudice."

Arguments against a new trial were made to the court by C. Stanley McMahon of the Winona firm of George, Bremer & McMahon, attorneys for Taylor.

ST. CHARLES STATION

ST. CHARLES, Minn. (Special)—Jack Brighton has begun management of the new Skelly station on Highway 14.

He said that he would be able to endure stresses and strains as she had before the accident.

Later in the afternoon Thompson called Dr. R. H. Wilson, Winona, who examined Mrs. Harney at his office last Jan. 11.

Dr. Wilson said that he had found Mrs. Harney to be a very tense, apprehensive woman.

He said that she complained of tenderness in several regions but during the examination there appeared to be a considerable variance as to the exact location where the pain was complained of.

Dr. Wilson said that it was "interesting" that Mrs. Harney complained that she could hear nothing with her left ear "but when she'd strain to hear she'd turn her left ear to me."

He said that while he was talking to her about other matters he would purposely lower his voice and Mrs. Harney appeared to have no difficulty hearing him. But when he would mention the complaint of deafness she would have extreme difficulty in hearing.

Dr. Wilson said that he wished to emphasize that he was not implying that Mrs. Harney was feigning, symptoms but said that he believed that in many of the symptoms complained of there was involved a large element of nervous tension almost to the point of neurosis.

He said that the tremor displayed by Mrs. Harney was another doctor called by Foley.

He said that he had examined Mrs. Harney a number of times before the accident and found her to be in good health.

On Feb. 19, 1954, and on several occasions after that, Dr. Hayes said, he examined Mrs. Harney and found that she was complaining of severe headaches and backaches, pain in her left hip and was developing a pronounced tremor.

Dr. Hayes said that he found evidence of the injury to the lower spine and on succeeding examinations found that Mrs. Harney was losing weight and becoming increasingly irritable.

"She looked like her greatest trouble was in her brain," Dr. Hayes said, and added that he had suggested that she consult a neurological specialist.

Dr. Joseph C. Michael, Minneapolis, a specialist in nervous and mental disorders, was the next witness and told of examinations of Mrs. Harney made by him on Feb. 25 and Sept. 30, 1954, and April 27 of this year.

Dr. Michael said that his examinations revealed that the tremor noted on Mrs. Harney's first visit became more pronounced at each subsequent examination and the Wabasha woman complained of impaired hearing.

He said that the symptoms indicated "something wrong with the central nervous system."

Dr. Michael testified that he believed Mrs. Harney had suffered a brain injury in the accident and held that it was doubtful that she

could ever be able to return to her normal state of health.

"He said that he'd buy me a

High Schools Name Members Of Honor Group

Cotter Elects 27, Winona 45 Students; Ceremonies Held

Seventy-two students at the Winona Senior High School and Cotter High School were inducted into the National Honor Society at special programs at the two schools this morning.

Named to the national society on the basis of scholarship, service and leadership, 27 students were elected at Cotter and 45 at the Senior High School.

Solveig Lokensgard presided at the Senior High program and after Mary McConnon had reviewed the history of the society the announcement of the 1954 members was made by Judith Johnson.

Qualifications for membership were cited by Ed Ellis, Mary Kay Haake, Fred Naas and Nancy Cribbs and the announcement of 1955 members was made by Solveig.

The presentation of pins and cards to the members was made by Gaylord Aldinger, William Heise, Judy Herbert, Judith Johnson, Mary McConnon and Nancy Thode and the speaker for the program was Mrs. S. A. Boyd.

Also cited at this morning's program at Cotter were the students with the highest scholastic averages in their respective classes.

The senior with the highest average is Kay Joswick, Inez McCabe leads the junior class and Carol Joswick maintained the highest average in the sophomore class.

National Honor Society members at the SENIOR HIGH SCHOOL include 11 seniors re-elected this year.

They are: Gaylord Aldinger, Nancy Cribbs, Edward Ellis, Mary Kay Haake, William Heise, Judy Herbert, Judith Johnson, Solveig Lokensgard, Mary McConnon, Fred Naas and Nancy Thode.

Seniors elected for the first time are: Janet Backus, Roger Benson, Sherry Beynon, James Blake, Patricia Bradfield, John DeLozier, Phyllis Gerth, Mary Gilbert, Elizabeth Girod, William Hostettler, Thomas Jensen, Joanne Landers, Virginia Oech, Jacquelyn Peloties, Loren Pickart, Geraldine Root, Irene Stanek, Sherrie Schultz, Barbara Stewart, Katherine Stuh, Sandra Wilson and Virginia Witt.

Juniors elected: Wayne Buswell, Marie Engvall, Gary Eyenson, Sonja Hansen, Betty Lundstrom, Marjorie McCormick, Carol Miller, Alan Nisslake, Patricia Olson, Susan Schwager, Paul Sontag and Charles Wally.

COTTER members are: Seniors — Paul Breza, Rita Brom, Mary Jagan, Rosemary Frerick, J. E. Karsina, Martha Ochymowicz, Gary Ruppert, Herbert Schneiders, Joan Sierracki, John Speltz and Sylvia Wright.

Juniors — Karen Beyers, Barbara Borzyskowski, James Braatz, John Chuchel, Rosemary Evanson, Richard Gappa, Keith Hauge, Colleen Kierlin, Patricia Knopich, Sally Kukowski, Inez McCabe, Susan Palubicki, Virginia Peloties, Kenneth Plein, Carol Rozek and Rosalyn Wenzel.

City Sets Program Of Movies, Dances

A series of five teen dances and five movie programs are scheduled to begin in June as part of the park recreation department's summer program.

Dances will be held every two weeks beginning June 13 at the West Recreation Center from 8 to 10:30 p.m. The West Center Teen Club will provide adult hostesses. Dance bands will appear through the courtesy of the Winona Musicians Association with a fund provided by the National Federation of Musicians.

The first movie will be shown June 20 and the remainder of the series every two weeks thereafter. Films from the Minnesota Youth Conservation, Associated Films Inc., Chicago, and a Walt Disney cartoon will make up the program. Showings will be at Lake Park (area designated later) starting after twilight.

Parade, Luncheon

Winona to Welcome Chiefs on Saturday

Winona will extend an official welcome to the 1955 version of its baseball Chiefs Saturday with a series of events including a baseball luncheon, parade and an evening get-acquainted session.

The Chief's 49-game Southern Minny schedule opens at 2 p.m. Sunday when the Winonans host the Austin Packers at Gabrych Park.

Winona merchants are participating in the festivities with baseball merchandising specials and displaying "Welcome Chiefs" banners.

Saturday's noon luncheon at Hotel Winona will include remarks by Mayor Loyde E. Pfeiffer and Chiefs Manager Emil Scheid. Members of the team which dumped Fairmont Thursday in the final pre-season game will be special guests. The events have been scheduled by the Chamber of Commerce's sports and attractions committee in cooperation with the Merchants Bureau promotional committee.

The players will ride in convertibles through the business district in the parade that will move east on 3rd street from Johnson street about 2 p.m. Also scheduled to participate are three bands, the Valley Riders, and American Legion county guard and Winona youngsters dressed in baseball uniforms. The youngsters who have uniforms are asked to assemble at the courthouse at 1:15 p.m. The parade route will be east to Liberty street, south to 4th street and return to Johnson street. City officials and members of the Winona Baseball Association's board of directors also will participate.

At 3 o'clock, the Chiefs will hold a practice session at Gabrych Park, giving fans an opportunity to see them in action. They'll be able to meet the team personnel during the get-acquainted session at the Oaks Saturday night.

Local officials are anticipating a new attendance mark Sunday. They hope that the record of 3,725 fans who saw the Chiefs play a game in August 1953 will be exceeded Sunday afternoon.

Thirty-Seven Years Of Teaching in the St. Charles community were recognized Thursday night at a public testimonial banquet for Miss Cecelia Zeche, fourth from left, front row.

Part of the festivity was a skit "This Is Your Life" as portrayed by this group. Left to right, front, are Fay McCarthy, Commercial Club president; Mrs. Erwin Mueller, PTA president; Miss Alice Hansen, Rochester teacher; Miss Zeche; Mrs. Edith Hansen, Eyota postmaster; Mrs. Grace Lahey, St. Charles, who taught Miss

Zeche in the third grade, and Mrs. Leonard, Lewiston teacher;

Rear row — Supt. W. B. McPherson, St. Charles; Mrs. R. J. Haugen, chairman of the testimonial dinner; Mrs. Kendall Fuller, vice president of the PTA; John Hynes, president of the St. Charles School Board; L. M. Pennock, Rochester, master of ceremonies; Peterson Hayes, former St. Charles superintendent; Dr. M. M. Zeche, Winona; Mrs. Leone Linden, Lewiston, and Lorimer Palmer, St. Charles principal. (Stebbins photo)

Polio Vaccinations Started in Minnesota; Begin Here Wednesday

Salk polio inoculations already are under way in two Southeastern Minnesota counties, while two other counties in the area are slated to begin next week.

City of Winona first and second graders will get theirs in a five-day series of clinics beginning Wednesday, announced Miss Patricia Leary, city public health nursing supervisor, today.

Miss Loretta Kiley, county nurse, has thus far scheduled no set clinic times, but said today she hopes to get the immunizations started Wednesday also.

The program began to move in FILLMORE County Thursday, when 91 children received the vaccine at Rushford; HOUSTON County shots were being given at La Crescent and Spring Grove this morning, and WABASHA County health authorities don't expect to get started until next Friday.

Enough vaccine for about 1,100 youngsters — 95 per cent of those eligible — arrived in WINONA Thursday afternoon, said Miss Leary.

She said that about a dozen children have been withdrawn from the rolls by parents since the first consent slips were returned and noted that any parent who wants a child either added to or removed from the list must call the nursing service.

The second shot in the series of three inoculations is as yet unscheduled, said Miss Leary, adding that children were to bring \$1 with them — for the doctors — when they arrive at the various immunization clinics for their first inoculation.

Women volunteers at the clinics will be Mrs. Harry Young, Mrs. Herman Curtis and Mrs. Philip Hicks.

The schedule for the city of Winona (all starting at 9 a.m. at the first school and moving on to the next schools listed before noon):

May 25 — Jefferson School and St. Mary's School.

May 26 — Phelps School, St. Martin's School and Washington-Kosciusko School.

May 27 — Cathedral School and Central Elementary School.

May 31 — Madison School, St. Casimir's School and Lincoln School.

June 1 — St. Stanislaus School and St. John's School.

Inoculations for Rushford, Pet-

Teacher Retiring At St. Charles After 37 Years

ST. CHARLES, Minn. (Special)—Miss Cecelia Zeche, who has taught in St. Charles 37 years, was given a testimonial banquet here Thursday night by former pupils and members of the faculty. She will retire at the end of this term.

A banquet in the new activity room of the St. Charles School was followed by a program in the form of a "This Is Your Life" skit. L. M. Pennock, Rochester school principal and Winona State Teachers College classmate, was master of ceremonies. About 225 attended the affair.

She was given a gift of jewelry from the St. Charles PTA and a plant and scroll from the St. Charles Commercial Club. Mrs. R. S. Haugen, St. Charles, a former pupil, was chairman of the testimonial. John Hynes, chairman of the school board; Fay McCarthy, president of the Commercial Club, and Mrs. Erwin Mueller, PTA president, participated.

Miss Zeche is a native of St. Charles and graduated from high school here. Later she attended WSTC and taught at Dayton, Adrian, Staples, Lewiston and Litchfield before coming here in 1916.

She has taught in the grade school here and is currently instructor in mathematics and art in the junior high school.

Squirrel Disrupts Electrical Service In Industrial Area

A squirrel which managed to get inside a fenced-in electrical device area at the Mississippi Valley Public Service Co.'s steam plant here short-circuited 12,500-volt circuits about 3:25 p.m. Thursday.

Almost all industrial customers in the city and residential areas in Minnesota outside Winona were without service for a little over 10 minutes.

Why the squirrel was attracted to the area and how he managed to get up on the equipment after negotiating the steel fence remained a mystery to company officials.

WIN FREE TICKETS

ENTER

Get out your pencil and write in the answers to the QUESTIONS found in the advertisements in this issue of The Daily News.

TWO FREE TICKETS good for admission to any Chiefs' home games will be given to each of the first 50 correct entries received by MAIL ONLY. Address your reply to BASEBALL CONTEST, The Daily News, Winona, Minn.

CONTEST RULES

Look for the questions in the various Quiz Contest ads appearing in this issue. Group the answers for the questions on each page. (Indicate advertiser with answer to question in his ad. Example: Winona Milk Co. A.). When you have all the answers MAIL (do not bring) your entry to BASEBALL CONTEST, The Daily News, Winona, Minn.

Winners will receive their free tickets by mail. The tickets will be good for any home game at Gabrych Park.

Remember! Correctness and those mailing their entries with the earliest postmark will be the winners. Anyone except employees of this newspaper, Radio Station KWNO, and officials and members of the Chiefs baseball team are eligible to enter.

Japanese Star Says Current Picture Last

By BOB THOMAS
HOLLYWOOD (U)—Here's one actress Hollywood will not be able to lure—Japanese star Mitsuko Kimura, who intends her current picture to be her last.

Latest of the foreign lovelies to be imported by Hollywood (what ever happened to the all-American girl?) is Miss Kimura, who combines striking beauty with an almost painful shyness. This week she suffered through her first screen kiss.

The bussing took place with Aldo Ray in "the gentle sergeant," which was filmed largely in Japan.

Mitsi couldn't have been less happy.

"I have never kissed any man in public, even in Japanese films," she remarked. "It is not our custom in private life. We bow and embrace but we do not kiss."

As a matter of fact, she confided that she has kissed only one man before this week. He is her husband Ken Fukunaga, a former GI from Salt Lake City.

She did 15 films before she was picked to play the wife of Sgt. Hugh O'Reilly of the Gentle Wolf-bound Army outfit. He's the one-time "Jap-hater" who ended up adopting an Osaka orphanage.

She was asked if "The Gentle Sergeant" will be her last picture.

"I hope so," she replied.

Her husband, who was a pharmacist in the Army, said they will return to Japan after he takes her to meet his parents in Salt Lake City. When he got out of the Army in 1946, he took his discharge in Japan and stayed on as an Army interpreter. He recently signed a two-year contract to continue in that capacity.

"My wife doesn't want to leave her family yet," he said. "But eventually I plan to open a drug store in Salt Lake City. My wife would like to have a Japanese gift store next door."

More than a quarter of the trucks in America are farm-owned.

Sen. George Says U. S. Can't Cut Foreign Aid

WASHINGTON (U)—Sen. George (D-Ga.) said today it would be "fatal" for the United States to choke off its foreign aid programs in the face of an approaching Big Four conference and possible tension easing.

"Now is the very time for our government to show every disposition to go forward with our aid programs," George said in an interview.

The developments include the German rearmament treaties, the Austrian treaty and the outlook for a conference this summer among President Eisenhower and the British, French and Soviet premiers.

George, chairman of the Senate Foreign Relations Committee, said this nation "cannot afford" not to continue expensive foreign aid.

That is more true, he said, of economic than military aid.

Avoiding any prediction, George indicated the foreign relations group is likely to approve the Eisenhower administration's \$3.4-billion-dollar aid bill in "substantial" its present form.

Senate Minority Leader Knowland (R-Calif.) said:

"I doubt if there will be much if any cuts in the authorization bill."

It Happened Last Night

Groucho Can Laugh At His Easy Program

NEW YORK (U)—"My son Sluggo wants to know whether you're a Giant fan," I said to Groucho Marx.

"A Giant fan!" echoed Groucho. "I'm only about 5-feet-8. That's not personally... just their averages."

Groucho, his bride and I were, breakfasting at Lindy's. His spring visit to N.Y. from Hollywood is always crowded with ball games, B'way shows and conferences. I had proposed, one day, that we have dinner at 9 p.m.

"By 9 p.m., I've usually had my breakfast!" he snorted.

We spoke of the guessing game about whether George Gobel and other new comedians will last.

"I wish somebody'd worry about us old comedians," said Groucho.

"I guess they're resigned to me doing my show some day from my wheel chair. George Burns and Jack Benny and I will be like Civil War veterans. Every year there'll be one less of us as we totter down Fifth Ave."

"So-and-so's practically an old comedian now, too," I said.

"Just his jokes are old," flipped Groucho.

Groucho's going to be busier this summer than a cheesecake photographer at a nudist convention.

"I'm going to the 100th anniversary of the Swift Packing Co. in Chicago," he mentioned. "I don't have to tell you why they picked me."

On June 21, he narrates a spectacular titled "Remember???" for Herbert Bayard Swope Jr. Then he goes to Central City, Colo., where he'll appear briefly in a D'Oyly Carte Company Gilbert & Sullivan performance.

Stepped in Gilbert & Sullivan lore, Groucho remembers reading that Gilbert once said to an associate, "Have you seen my wife?"

"I think she's around behind," the associate answered.

"I'm aware of that!" snapped Gilbert. "Have you seen her?"

Groucho's "You Bet Your Life" show stays close to the top.

"I have to laugh at how easy it is," he confessed, "Compared to what other fellows go through. As Goodman Ace says, a show must open with 38 dancers—even though you can only see three on your screen."

"I wanted to save the world. Now I'd be satisfied just to save part of my salary."

WISPI SAID THAT: "It's easy for a married couple to have mutual interests. All he has to do is like what she likes."

TODAY'S BEST LAUGH: Taffy Tuttle insisted to Klavan and Finch she could keep a secret. For instance, once she was engaged for three weeks before the guy knew about it.

Thomas G. Kelly offers this capsule definition of summer: "When there's not very much on radio, TV or the girls at the beach." ... That's earl, brother.

Reds Extend Deadline for South Viet Nam

LONDON (U)—North Viet Nam extended for a month the time in which residents of North Viet Nam may move to the non-Communist South, the British Foreign Office announced today. The original deadline was midnight May 18.

A spokesman told a news conference the government of Moscow-trained Ho Chi Minh notified the International Communist Commission in Hanoi yesterday that it has agreed to give thousands more refugees time to travel southward.

About 700,000 refugees already have quit North Viet Nam for the South. Western officials estimate there are 400,000 more who want to leave.

The May 18 deadline was laid down in the 1954 Geneva agreement which divided Viet Nam along the 17th Parallel and brought about a cease-fire in the eight-year Indochinese war.

The British spokesman said first word of the extension came in a note from Russia Wednesday.

The spokesman commented that the Communist concession goes only part way in responding to the British request. Britain had asked that the refugee movements be allowed to go on until Indian, Polish and Canadian members of the commission were unanimously satisfied that all refugees who wanted to go South had done so.

Graduation Today At Waterville

ARKANSAW, Wis. (Special)—Commencement exercises for 29 seniors at Waterville Union Free High School here will be held today at 8 p.m. in the new school gymnasium.

Principal speaker will be Dr. Ralph Iverson and the invocation and benediction will be by Father Emil. Salutatorian addresses will be given by Lucille Radle and Doris Hartung, while the valedictory address will be delivered by Jeanette Anderson, "Youth Seeks a New Principle."

Presentation of diplomas will be by W. J. Weese, principal and class adviser, and vocal solos will be by Doris Curtis, Judy Keyes, will play the processional and recessional.

The 1955 senior class motto is "We have already climbed the hills; yonder lies the mountains," class colors are orchid and white and the class flower is the baby orchid.

Members of the graduating class are: Carole Anderson, Jeanette Anderson, Gary Bauer, John Baur, Elaine Brunner, Linda Buchanan, Geraldine Brunette, Thomas Drier, Jeanne Harmon, Doris Hartung, Bernard Heit, Sherry Herbst, Orin Keyes, Audrey La Brec, Donald Leuer, Betty Lien, Ted Longsdorf, Cal Longsdorf, James Luther, Robert Manor, Lynn Manor, Elaine Martin, Mary Jane Milliren, James Nothom, Lucille Radle, Ramona Wiskerchen, Ruth Shaw, Cleo Weiskerchen and Lyle Clark.

ARCADIA STUDENT EXAMS

ARCADIA, Wis. (Special)—Sixty-three Arcadia High School seniors will write their final examinations Monday beginning at 9 a.m. Other students will be writing their final examinations Tuesday and Wednesday, beginning at 9 a.m.

20 Crewmen of Seized Ship Returning Home

TAIPEI, Formosa (U)—Twenty crewmen of the Polish tanker Gotwald seized by the Chinese Nationalists last year left for their homelands today. One is a Greek; 19 are Poles.

Eleven other crewmen who got political asylum in Formosa after the Nationalist government seized the 5,058-ton tanker May 13, 1954, emigrated to the United States last October.

PREPARING FLOWERS FOR EXHIBITION

It will not be long, now, until flower growers will be preparing their favorite blooms for exhibit at the various flower shows in the Winona area. Therefore, it seems timely to offer a few suggestions that may assist the exhibitors in getting their flowers to the shows in the best condition possible.

One of the most important points to bear in mind is proper cutting. Make a clean slanting cut with a sharp knife and place the flower at once in a pail of cold water, submerging the stem up to the bloom. Cutting is a shock to the flower and it should be done late in the evening, or early in the morning, but never during the heat of the day. The blooms should be cut the day before the show and placed in a cool dark place such as a cellar, or basement.

The above is the way to handle most cut flowers, but there are exceptions. Dahlias and oriental poppies keep better if the cut ends of the stems are dipped in boiling water, or seared in a flame, before being placed in the water. The flower and the stem, except the lower two inches, can be carefully wrapped in a cloth or paper to protect them during the process.

Chemicals Questionable

According to plant authorities, it is useless to put aspirin, salt, or sugar, in the water in an effort to prolong the life of the blooms. They state that there is no scientific evidence to show that any chemicals are useful in prolonging the freshness of cut flowers.

Since the cut ends of flower stems are inclined to heat under water, each day. Cutting the stem under water prevents air from entering the stem. This is especially important with peonies that have a somewhat woody stem.

The arrangement of cut flowers is a matter of taste in color and form, but there are certain principles that are generally followed. As a rule, the height of the longest, or central, stem above the vase should be about one and one-half times the height of the container itself. However, this is not always applicable, since allowance must be made for the kind of material available. The container and the flowers should be treated as a unit.

Central Balance

Every grouping of flowers should have a central balance, or theme. In other words, a single flower, spike, spray of flowers, or buds, should top the center of the bowl, or vase. This is generally the rule.

June Designated as Air Reservist Month

ST. PAUL (U)—Gov. Freeman Thursday stressed the need for a strong reserve to supplement the Regular Air Force in the event of another national emergency and proclaimed the month of June as "Air Reservists' Month of Dedication."

To facilitate enrollment of reservists, the governor's proclamation cites the organization of the following air centers.

2465th Air Force Reserve Combat Training Center and the 440th Fighter-Bomber Reserve Wing (jet), both located at St. Paul-Minneapolis International Airport; 2655th Air Reserve Center, 1022 Nicolet Ave., Minneapolis, with subcenters in St. Paul, Rochester, Duluth and Mankato.

Freeman said these centers will provide training, supervision and units throughout the state and called on citizens to encourage a greater number of Air Force reservists to affiliate themselves with an Air Force reserve unit.

Higher-Ups to Be Exposed in Military Graft

WASHINGTON (AP) — Sen. McClellan (D-Ark.) said today his Senate investigations subcommittee intends to expose the higher-ups in "a nest of small grafters" he contends has fattened on contracts with the armed forces.

He said in an interview he sees no evidence that corruption in big-scale buying of uniform equipment has reached very high in the procurement services. But he said further evidence will show it has reached levels higher than those shown in two days of testimony this week.

The subcommittee's public hearings recessed yesterday until Tuesday after a former chief inspector for the Army admitted he had lied under oath.

The witness, Joseph G. Porreca, of Clifton, N.J., testified he had received a home freezer, meat to stock it, and some lingerie for Mrs. Porreca in 1952 from Marvin Rubin, a key figure in the inquiry. Rubin was a business finder—Sen. Bender (R-Ohio) called him a "fixer"—for some firms whose products for the armed services were inspected by Porreca's subordinates.

Porreca admitted he had lied in prior sworn denials to the subcommittee that he had accepted any of those things from Rubin. He still insisted they were not gifts, but he said he never paid for any of them.

Rubin, called to the witness stand four times during the day, stuck to his story that he had made "no payoffs" to any government workers. He said Bender was wrong in calling him a "fixer."

Rubin acknowledged he sent the freezer to Porreca on Christmas Eve 1952, and that Bonita Originals, Inc., which held a contract with the quartermaster general,

Bemidji Man Killed As Car Collides With Semitrailer

WADENA, Minn. (AP) — A Bemidji resort operator was fatally injured Thursday when his car collided with a semitrailer on Highway 71 four miles south of here.

The victim, Harry Reese, 50, died four hours after the mishap in a hospital here.

Officers said Reese was heading toward Bemidji when his car plowed into the semi while the truck was backing into an approach. The truck driver, who was not immediately identified, was not believed seriously hurt.

Reese operated the Shorecrest Resort at Bemidji and was past governor of the Lions International Club District 5.

Violence Mounts In Morocco

CASABLANCA, Morocco (AP) — Violence is mounting in this French North African protectorate as Ramadan—the Moslem month of fasting—nears its end.

Casablanca, a center of Arab nationalist agitation, was the scene of a series of shootings and other incidents yesterday that left at least one Moroccan dead. At Oujda, a European was killed in a shooting.

Police patrols were increased in Casablanca as demonstrators stoned several buses, cut telephone lines and sabotaged a railroad signal. Many Moslem shops were closed. Police confiscated the stocks of the few merchants who tried to sell on the streets.

Nationalist pamphlets urged a shopkeepers' strike over the weekend. They called for another shutdown to last until May 26 after a brief opening Monday, the end of Ramadan.

paid for it. But he said it was not a Christmas gift, and that he had "gently" tried to collect its \$215 cost from Porreca without success.

Badgers in Washington

Wiley Seeking Crackdown On Stock-Selling Frauds

By RICHARD P. POWERS
AP Special Washington Service

WASHINGTON (AP) — Sen. Alexander Wiley (R-Wis.), campaigning for a crackdown on stock selling racketeers operating in Canada, reports that country's Justice Department now is investigating fraudulent stock selling schemes.

He said he had received word to that effect from A. D. P. Heene, Canadian ambassador to the United States, to whom Wiley had written in the interest of "cracking down on the racketeers who have been conducting high pressure campaigns on behalf of fraudulent stock issues."

In a letter to Wiley, Heene said also that the Canadian government was scrutinizing the extradition treaty between Canada and the United States.

Wiley says sales of stocks in Canadian firms reputed to have valuable lands have boomed since a Canadian court ruled in a test case that the treaty was not valid. The effect of this decision, if it stands, will prevent return to this country for prosecution U.S. citizens engaging in fraudulent operations.

Wiley said investors in this country should be "doubly cautious" against being taken in by high pressure phone calls from Canadian stock racketeers.

Wiley emphasized that his aim is solely at fraudulent operators and he has no intention of hindering legitimate promoters. Some of the fraudulent operators, he said, have run off stocks from printing presses with nothing but their own whistles.

Wiley said he had consulted with the U. S. Securities and Exchange Commission, the U. S. State Department and other sources to see what could be done to implement the extradition treaty, adopted in 1952, but now ruled invalid.

Wiley also asked Postmaster General Summerfield for any suggested changes in the law "in order to better enable the Post Office Department to fulfill its responsibilities to help protect the public from fraud of this nature."

Wiley is a member, and former chairman, of the Senate Foreign Relations Committee which helped work out the extradition treaty.

A Senate Banking subcommittee headed by Sen. Fulbright (D-Ark.) is currently checking into stock frauds. Wiley said he expects to testify before the subcommittee.

Exchange Cooperates
In a statement in the Congressional Record Wiley said the New York Stock Exchange had given him the fullest cooperation.

"Mr. Keith Funston, president of the New York Stock Exchange, in contact at my request with counsel of the Senate Foreign Relations Committee, has assured me the most complete teamwork," Wiley said.

"I am sure that Mr. Funston's position is completely reflected by exchange member firms and by other responsible leaders in American finance and in financial circles across the border."

Wiley has received many letters from stock fraud victims over the country. Excerpts from some of them:

"... I happen to be one who Mr. Wiley of Montreal called many times, urging me to buy... and assuring me it was sure to be a profitable investment. I finally bought 400 shares. You no doubt know what happened. I told Mr. Wiley I was a widow past middle age and could not afford to lose even one dollar."

"This gigantic fraud is powerfully pursued and extremely widespread. I am also attaching three different sales pitches I received in today's mail along with worthless stocks. Also I had two boiler room calls for two of these deals yesterday."

"I happen to be one of the unfortunate persons that have been swindled in a small way in the Canadian oil frauds. I still have some correspondence and stocks sent to me and will be glad to help in any way I can."

"We bought 1,000 of — for the sum of \$500 and \$1,000 of — 90 months later, at \$650 for that lot. We were given prospectus and so forth and also received what purported to be market papers of one sort and another giving bid and asked prices of these stocks; only one could not sell them for love nor money."

Kindergarten Class At Independence Set For Monday Graduation

INDEPENDENCE, Wis. (Special) — Pupils of the Independence kindergarten class will graduate Monday at 8 p.m. at the school gymnasium.

The class will enact the playlet, "Peter Rabbit." In the cast are Ricky Sobotta, Paula Tushar, Mark Marsolek, Jane Ballard, Jack Baecher, Robert Saverinski, Wanda Bauteh, James Klimek, Dick Stendahl, George Sonsalla, Bobby Hotchkiss, Bobby Lucente and Mary Weir. The entire class participates.

There will be speaking and singing as well as a performance by the rhythm band.

West Germany Offers Road Aid To East Germans

BERLIN (AP) — The U. S., British and French ambassadors relayed to Soviet envoy G. M. Puskhin today a West German offer to help pay for the maintenance of East German roads. The West asked the Communists in turn to cut taxes now hindering Berlin's highway lifeline to the West.

The offer of at least five million marks (\$1,190,000) annually was presented by the Western representatives at a meeting with Puskhin in the Soviet Embassy in East Berlin. They traveled from Bonn to ask personally for Soviet intervention.

Although the ambassadors — America's James B. Conant, Britain's Sir Frederick Hoyer-Millar and Andre Francois-Poncet of France — were received with formal courtesies, Puskhin had made it clear that he consented to the meeting with great reluctance.

General Arrives At Camp McCoy

CAMP MCCOY, Wis. — Maj. Gen. P. D. Ginder, until recently commander of the 10th Infantry Division at Ft. Riley, Kan., arrived today to assume command of the Fifth Army's annual summer training camp here. The 10th division will leave for Germany in July.

Met by his staff, an honor guard, band and the traditional 13-gun salute, Gen. Ginder heads the regular Army complement at Camp McCoy which will conduct training activities for National Guard and Organized Reserve units from many Midwest states of the Fifth Army area.

Gen. Ginder arrived with his wife, the former Miss Jean Dalrymple, stage producer and playwright. They reside in New York City.

A veteran of Korea, where he commanded the 45th Division, Gen. Ginder recently led the 10th Infantry Division through months of intensive training, culminated by the Army's announcement designating the division as the first stateside division to be rotated overseas under "Operation Gyroscope."

Gen. Ginder will review his troops at 4 p.m. on Saturday during Armed Forces Day. Residents of surrounding communities have been invited.

A weapons firing demonstration will open the afternoon's activities at 1:15 p.m. All weapons of the infantry regiment will be demonstrated individually and en masse. The artillery will fire 105- and 155-millimeter howitzers. A rifle squad will attack and withdraw from an objective.

At 2:30, an equipment display to include infantry, ordnance, signal, artillery, medical and engineer material will be available for inspection by the public. In addition, a tour of a typical unit area, including living quarters, mess hall, supply room and recreation room is planned.

In case of inclement weather, free movies will be held in place of the ceremonial review and the equipment display will be held in building 101. The firing demonstration will take place as scheduled.

East Center Boys To Present Totem Pole to Girl Scouts

M. J. Bambenek, director of the park-recreation department, announced today that 15 boys and girls from the East Recreation Center will present a totem pole to Winona Girl Scouts during the Girl Scout camp open house Sunday at 3:30 p.m.

The totem pole was constructed during an Indian craft project at the center this spring.

Harry Wineski, Stanley Czaplewski and Carl Fratzke will make the presentation and Susan Lipinski, Dorothy Conroy and Katherine Barnhardt will present a ceremonial Kachina doll to leaders of the camp.

Bunche Heads African Problem Study in U.N.

UNITED NATIONS, N.Y. (AP) — Dr. Ralph Bunche, American Negro undersecretary general of the United Nations, will head a study of African problems by U.N. officials.

Winona Student Wins Awards in Television

A satire series written for TV by a Winona student recently swept top awards in competition among telecommunication students at the University of Southern California at Los Angeles.

Named best writer of the year and copying other honors for floor managing, best production and a second director's award for maintaining high professional standards was Lance Belville, son of Mrs. Grace Belville, 662 Main St.

Honors were presented to 14 outstanding students for their work on KUSC-TV, the university's television station, and KUSC-FM, the radio station, during a first annual awards banquet.

New York Lifts 'Burlesque' Ban

NEW YORK (AP) — The 18-year-old ban on "burlesque" in New York City has been lifted by court order, but the shows apparently won't be what they used to be.

State Supreme Court Justice Aron Steuer has cleared the way for a producer to display the burlesque signs that were ruled out in 1937 when the shows got too raw.

Steuer directed City License Commissioner Edward T. McCaffrey yesterday to grant a license to Thomas J. Phillips for presentation of vaudeville and burlesque. Steuer said McCaffrey's refusal to grant a burlesque license was

"arbitrary and capricious" and was carrying out his duties "in the light of his personal moral code." The justice also said McCaffrey's action amounted to illegal preensorship.

There was no immediate indication of whether the city would appeal from Steuer's ruling.

Asphalt soaked cloth was used to wrap Egyptian mummies.

C'mon out to see Winona's Own Girl Scout Camp!

Open house for everybody—2 to 5 Sunday afternoon!

Tour the beautiful, wooded grounds... see all the interesting buildings... watch fascinating demonstrations of camp activities. Enjoy delicious refreshments at the Main Lodge. It's all FREE. Come and bring the whole family!

To Reach Camp: Cross Interstate bridge, turn east on Hwy. 35. Turn right at West Prairie schoolhouse, drive 1 mile to North Western tracks. Cross tracks and follow "Girl Scout" signs.

Scouts! Register for Day and Established Camp at the Open House!

Registrations will be accepted Sunday from 2 to 5. Girl Scout office will be open for registrations, Monday thru Friday from 3:30 to 5!

See the Chiefs Play Sunday, Help the Team Off to a Good Start

The Winona Chiefs concluded their exhibition game schedule Thursday night by winning a 6-2 victory over Fairmont at Gabrych Park. Now comes an all-important date Sunday afternoon against Austin at Gabrych Park.

That's Winona's opening game in the Southern Minny League, a day eagerly anticipated over the long winter months by Winona's many baseball fans.

It's a day when local baseball boosters should turn out to cheer the Chiefs; a day when it is hoped a good attendance will set the pattern for the season ahead.

The exhibition season is a time of trial and error, a series of contests scheduled to give new players a chance to show their wares and enable veterans to get in shape for the summer months of league games.

When Austin comes to town Sunday, it's for real. The practice games are over now and from here on, every score will count in the final standings. That's why a record turnout Sunday is important to give the Chiefs the backing and support they need.

Winona is known around the Southern Minny League as one of the best baseball towns in the area. The past two years with losing teams, local fans didn't fail to support the Chiefs. Under a new manager, Emil Scheid, and with new faces in the lineup, we hope Winona's fans will continue to show the same enthusiasm and loyalty they displayed in past seasons.

The game of baseball in the U.S. is called the national pastime. It's an enjoyable part of the summer scene in America, and a unanimously accepted tradition in Winona.

A major league scout called Winona "one of the best baseball towns in the country." He made that observation because he was familiar with many players from this community who played starring roles in organized baseball over the years, because he was aware that Winona's high schools and colleges play an outstanding brand of ball, because he knows Winona's summer program for youth is one of the best of its type, and because he remembered how Winona Chiefs fans turned out, win or lose, in past seasons.

Sunday is the day we hope Winona fans will fill Gabrych Park to overflowing. When the stands are packed to the brim, baseball is a lot more fun. The roar of the crowd inspires the players to better effort and it's more enjoyable for fans when the stands and bleachers are well-filled.

The Winona Baseball Association has worked hard over the winter to make plans for the season opener and the rest of the season's 48 games. Winona fans accepted their efforts by buying over 400 reserved season tickets, which guarantees the Chiefs more advanced sale of tickets than they've ever had before.

We're quite sure the stands will be packed Sunday. We're sure that the Winona fans will continue to show good support.

To the players we would say, perform to the best of your ability all the time. The fans who support you like to see a hustling ball club, and when they pay the price of admission they are investing in you. Don't disappoint them.

Last year Winona won the Southern Minny attendance trophy on opening day with a crowd of some 1,890 fans. Sunday is the time to double that attendance and make sure of keeping the attendance trophy here.

When the umpire cries, "Play ball!" Sunday afternoon at 2:30, make it a point to be at Gabrych Park and cheer the Chiefs.

American Motorists Must Become More Responsible

The American Automobile Association is tired of having the nation's motorists described as morons or madmen. It has published a report showing that driving is safer and motorists more skillful today than 20 years ago.

The report shows that while population, vehicular registration, number of operators and miles driven annually have climbed, the death rate has declined.

In 1935, according to the report, when there were 26,000,000 motor vehicles on the roads of the United States, 38,369 persons died in motor accidents. The death rate for 1953 was 15.9 per million motor vehicle miles traveled. By 1953, the number of motor vehicles on the road had soared to 56,000,000, while 38,300 persons were killed in highway accidents. The death rate for 1953 was down to 6.2 per million vehicle miles.

For anyone interested in statistics, these figures are comforting. They do show that road safety has been improved for a 20-year period. The fact remains, however, that in 1953 many thousands of people were killed needlessly in motor vehicle accidents. Driving is still hazardous.

Not many people would contend that the

These Days

Russ Out to Win Way With Honey

By GEORGE E. SOKOLSKY

NEW YORK—G. F. Hudson of Oxford University starts an article as follows:

"Sir Winston Churchill once said that the rulers of the Soviet Union do not want war, but they want the fruits of war. By this he meant that, without a real intention to risk a mortal clash of arms, they endeavor to gain by bluster, truculence, and threats objectives such as are not normally to be reached by peaceful negotiation, but only by victory on the field of battle."

But now the truculence and bluster have been displaced by smiles and gentle private letters and proposals for mutual exchanges of visits. We are approaching an era of sweetness and light.

SOMETIMES SMALL EVENTS begin great courses. When William Randolph Hearst Jr., associated with a name and a press that had long been violently anti-Communist, was granted a visa to enter Soviet Russia, when he and his party got to Moscow and discovered that the red carpet was rolled out for them, it meant something more than was warranted by the visit. The Russians stated a revision policy through what they believed to be the most antagonistic channel available to them.

And they have continued to pursue the course of a revised policy. Their purpose is to win by honey what they failed to win by prussic acid. And the change of policy may go further than is generally believed because the alternative is war—the most disastrous war in all history. Such a war would defeat the Marxist program of converting the human race to Communism. It would defeat everything because it would destroy everything. There would be no human race to convert.

In a word, it is becoming more obvious, as this revision of policy unfolds, that in Soviet calculations the margins between peace and war are closing and that it is impossible any longer to delay writing a contract for peace because the alternative must be war.

If this estimate of the Russian approach to world problems is correct we are on the verge of a struggle for survival through peace. By that is meant that while prolonged negotiations continue, neither side need or will make such compromises as could destroy their social and economic systems. Nevertheless, if there is a will to peace, come what may there will be no war—not even an accidental war.

PERHAPS THE EXPLANATION lies in the cold, arithmetical fact that both sides know that neither side can afford forever stockpiling atom and hydrogen bombs which becomes obsolete with each new experimental explosion. And each side knows that with the first use of the hydrogen bomb, no matter who starts first, the history of our civilization is ended. Karl Marx's structure of periods in the struggle of class against class will only be a memory as the economics of David Ricardo, Adam Smith and John Maynard Keynes will be memories, perhaps to be found 20 centuries from now in the debris of our ancient and forgotten civilization.

All this is pure nihilism and therefore must be rejected by a Marxist as by a humanitarian. These bombs, if we are to believe Thomas E. Murray of the Atomic Energy Commission, do not leave room or time even for the struggle for existence. They are the end. I listened to Murray describe the effects of the bombs; to listen was to enter purgatory.

Therefore the only answer can be peace. And peace it somehow will be. The fact that we have gone through 10 years of approach to war without actually becoming involved in a worldwide devastation, and the further fact that neither side has established its prowess by using whatever bombs were available to it in incidents that might have become wars, cannot go unnoticed.

During all this time, however, the "Cold War" bred distrust and hatred and fear. The emergence of Red China, with its fierce demands, complicated the situation as much for Russia as for us. The defeat of Chou En-lai at Bandung must have sobered the Chinese sufficiently to calm the waters about Formosa if nowhere else. At any rate, Quemoy and Matsu were not seized when everyone expected that they would be.

Can one trust this estimate of the situation? I do not know, but this is what it looks like at this moment.

IN YEARS GONE BY

Ten Years Ago . . . 1945

Crackling thunder and bolts of lightning, unusually heavy for this time of year, and a heavy rain disturbed Winonans' sleep.

Ten gallons of ice cream were left at the end of the annual Winona school safety patrol picnic.

Twenty-Five Years Ago . . . 1930

Burglars broke into Hansen's store at Cochrane and stole ten cartons of cigarettes, several pairs of overalls, pennies in two vending machines and a revolver and cartridges from an unlocked safe. Winona maintained its position as the most prosperous city in the state.

Fifty Years Ago . . . 1905

This was Nature Study Day at the Winona Normal School.

Judge D. E. Vance was elected president of the Winona County Old Settlers Association.

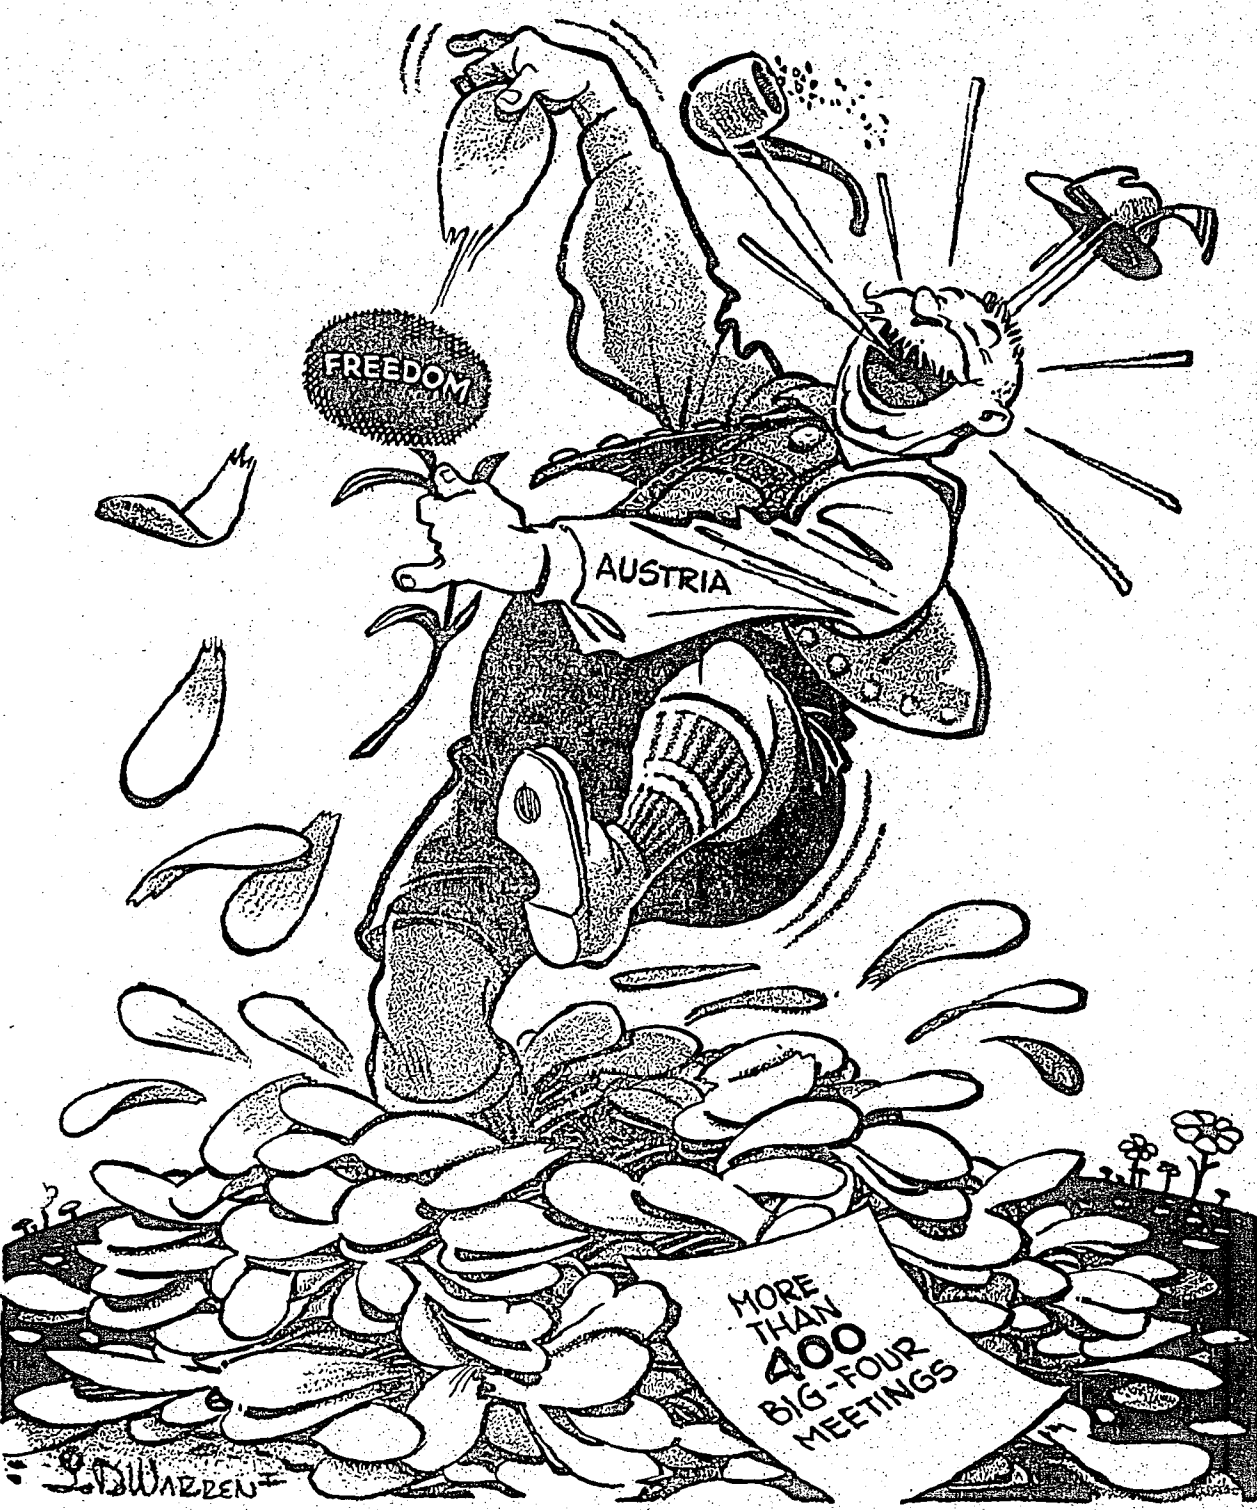

Seventy-Five Years Ago . . . 1880

The name of the German Light Guards has been selected for the new military company.

Wilson & Gale are moving to their new rooms in Judge Wilson's block.

American motorist is either a madman or a moron. But many motorists are careless, and when the foot hits the accelerator they lose all sense of restraint. Before the road menace can end, the American motorist must become more responsible. Until he learns restraint and responsibility, he will remain a menace.

'SHE LOVES ME!'

Washington Merry-Go-Round

One Congressman Blocking 2 Vitally Important Bills

By DREW PEARSON

WASHINGTON—Next big revolt on Capitol Hill may bust out in the House Education and Labor Committee, whose members are sore as blazes at their chairman, Cong. Graham Barden, the courtly reactionary from North Carolina.

If Barden doesn't stop his filibustering tactics against two vitally important bills—federal aid for school construction and minimum wage liberalization—some of his colleagues may start an open rebellion.

What irks the insurgents is that Barden obviously is trying to kill two birds with one stone. By prolonging hearings on the school construction bill indefinitely—thus preventing a floor vote during this session—he also can take up the committee's time and forestall action on the minimum-wage bill.

However, Democratic Congressman Cleveland Bailey of West Virginia, leader of the insurgent majority, bluntly warned Barden at a recent closed-door meeting: "This committee has delayed far too long in authorizing federal aid for underhoused school children. If the delay continues, I'm going to demand a showdown vote on who is responsible."

"While we're on the subject, I may as well say that I have every intention of asking for a vote in the near future on the minimum-wage bill, for which the distinguished chairman also seems to show small enthusiasm," broke in Democrat Lee Metcalf of Montana.

"This is no surprise to me," declared Barden, haughtily. "I know how you feel about that bill."

Dewey Dilemma

Tom Dewey, whose sartorial makeup is as immaculate as his carefully combed mustache, arrived in Washington the other day for the Gridiron Club dinner which requires white tie and tails. Much to his horror, he found that he had brought with him no starched collar to support his white tie.

A bellboy was summoned and instructed to search for an evening dress collar. It was late in the evening, most of the stores were closed. The bellboy finally came back. All he had was a size 17 collar.

This might have come nearer fitting Sen. Kefauver, Sen. Brickner, or some other presidential aspirant, but not Tom Dewey. He wears size 15. However, faced with the emergency, he adjusted the 17-collar anyway and went down stairs to the dinner to make the best of it.

Shaking hands with various Washington bigwigs, including President Eisenhower, Dewey was careful to explain that he had not shrunk as a result of the hazards of the Eisenhower administration. "Nor," said the ex-governor of New York, "have I shriveled as a result of my retiring to private life."

Merry-Go-Round

Ex-President Harry Truman got his biggest birthday chuckle from a greeting sent by Democratic national headquarters. The greeting was an original cartoon, showing an "Out to Lunch" sign at the White House being replaced by a sign reading, "Out to Golf."

The President's speech-writers are having trouble keeping him from giving his speeches off-the-cuff a la Truman. Ike has insisted on giving his next speech ad lib. He says he's more at ease saying what comes to his mind than reading someone else's stilted lines. But the ghost-writers warn that a president's every word must be carefully considered in advance, that he could upset international policy by popping off with an ad lib remark. So Ike has grudgingly agreed to stick to the text in his next speech . . . Agriculture Department employees heaved a big sigh of relief when this column revealed how they were replaced by postcards to boost Newsweek magazine's circulation . . . The post-

Advice on Health

Ulcer Patient Must Avoid Certain Foods

By H. N. BUNDESEN, M.D.

There's an old adage which says, "Once an ulcer patient, always an ulcer patient."

Human nature being what it is, most of you, I'm afraid, tend to fall off your diet once you enjoy a few weeks of relief from your ulcer symptoms. Then back comes your ulcers.

Even if your ulcer isn't causing you any discomfort right now, I think your doctor will recommend that you avoid certain foods. He'll probably suggest a liberal diet such as this:

Cereal: Oatmeal, refined rice, farina and corn; commercially prepared cereals from wheat, rice or corn which is free from any outer coatings.

Bread: Hard rolls, white or fine rye bread, dry toast, crackers.

Soup: Cream soup made with vegetables listed below; oyster soup.

Vegetable: Cooked asparagus, beets, carrots, peas, pumpkin, spinach, string beans and squash.

Fruit: Orange juice diluted with an equal amount of water; ripe avocado or banana; canned, stewed or baked apples; apricots, cherries, peaches, pears, puree of dried fruit; all without seeds or skins.

Meat, Eggs, Cheeses: Chicken, beef, bacon, sweetbreads, fresh fish, canned salmon or tuna; eggs; cream or cottage cheese and American Cheddar cheese for use in cooking.

Potato or Substitute: Potato, corn or lima bean puree, spaghetti, noodles, macaroni, refined rice.

Beverage: Milk, milk drinks, weak tea, decaffeinated coffee, cereal beverage. No carbonated beverages or very hot or cold beverages permitted.

Fat: Cream; butter or one of its substitutes.

Sweet: Sugar and jelly in moderation. No jam or marmalade permitted.

Dessert: Ice cream, custards, rice pudding, tapioca cream, gelatin or rennet desserts, plain vanilla, apricot or prune whips, angel food and sponge cakes. No desserts with fruit or nuts.

Miscellaneous: Salt, cream sauce.

QUESTION AND ANSWER

U. S. B.: What are the symptoms of nicotine in the blood stream?

Answer: The presence of immeasurable amounts of nicotine in the blood stream would cause symptoms of poisoning.

Banana Trees Downed

BOGOTA, Colombia (AP)—A hurricane tore down more than a million banana trees in Magdalena Department yesterday.

Armas, now the non-Communist president, as the man who could rescue Guatemala. The American who's been given the job of helping to rescue Guatemala is Ambassador Eddie Sparks, the career man who did such a good job in Bolivia. He has become the State Department's No. 1 trouble-shooter for Latin America . . . Able Ambassador Tucce Paz of Argentina has quietly arranged for a dozen scholarships for Latin Americans to study in the U.S.A. He does it without government red tape, by approaching business firms in Buenos Aires and collecting a thousand dollars here and five thousand there to improve U. S. Argentine relations by people-to-people friendship . . . Thanks to Paz's quiet work, things are improving between the U.S.A. and Argentina lately.

THE WORLD TODAY

Minimum Wage Row Raging in Senate

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Millions of workers are involved in the wrestling match between the Eisenhower administration and some Senate Democrats over the meaning of words. The words involve a boost in the minimum wage and its extension to workers not now covered. In spite of the talk and the words, there's a good chance there will be no increase.

Boyle's Column

Greatest Dreamers Middle-aged

By HAL BOYLE

NEW YORK (AP)—Reflections of a Pavement Plato:

Youth is a dream, but the great dreamers of this world aren't the young. They are the middle-aged.

This is particularly true today, when the generations seem to have reversed their traditional order in the pattern of life.

In the past it was the young man who was regarded as idealistic, impractical and emotionally immature. The middle-aged man was supposed to be a solid, sober, quiet head of the family, practical in outlook and the real balance wheel of civilization.

He might be in a rut in both a business and social sense, but he enjoyed his rut to a considerable extent. It was at least better than having no rut at all to protect him from the winds of adversity. And he had to remember, after all, he had reached "the age of responsibility."

Less Truth Now

If this distinction between young and middle-aged men ever had any truth, it seems to have less truth now.

The young man today is the planner, the schemer, the one who wants to tie all the loose ends of his life in a neat little package. He often isn't trying to avoid a rut; he is looking for a nice soft one he can burrow into and become a settled citizen.

His dreams are all in black and white. He doesn't emerge from college stuffed with a nonsensical dramatic ambition to change the world overnight. He has no yearning to become a martyr in the pursuit of an unattainable goal. His goals are quite practical—a safe and secure job, a safe wife, a good car, a sound house in a sound neighborhood.

Basically, the average young man seems ruled by one idea—he wants a sure thing in life. He wants to be middle-aged.

Technicolor Dreams

It is the middle-aged man now whose dreams are in technicolor and are played on a wide vision screen. He is the great adolescent of our time. He wants to be young in the way youth used to be young.

The less secure a human being feels the more he turns to his dreams, and the wilder grow his fantasies.

Look inside the skull of a middle-aged man—or, to a slightly lesser degree, a middle-aged woman—and you discover a great big confused, overgrown problem child.

Security, which seems a possibility to a young man, is a lost impossible dream to a middle-aged man. He has weathered too many financial depressions and world wars to put complete trust in either the durability of money or peace.

Medicine may eventually slow the ravages of time in others, but he looks in the mirror and sees any such scientific victory will come too late to benefit him much.

The middle-aged man feels he was born a generation too late to share the resignation of the elderly, a generation too soon to share the present hopes and self-confidence of the young.

Smugness Missing

Whatever became of the smug middle-aged? It isn't a period of smugness anymore. It is the young who are smug, because they know exactly what they want and feel they can get it.

It is middle-aged people today who are trying to "live it up," who fight the rutted road they travel, who seek impossible escapes from the prison of reality, who try to do new things they can't and seek to become what they cannot be.

Whether it be from idealism or foolishness (or both), the middle-aged man, a peculiar victim of

About 24 million workers in businesses which deal across state lines—such as factories producing goods shipped in interstate commerce—are covered by the federal minimum wage law. It requires that they be paid at least 75 cents an hour.

Another 20 million people working for wages and salaries are not covered. This group includes farm workers, such people as small grocery store clerks, employees of banks, and people employed by theater, grocery, hotel and movie theater chains, and employed in 5- and -10-cent store chains.

In his Jan. 6 State of the Union message President Eisenhower said of the minimum wage: "I recommend its increase to 80 cents an hour. I also recommend that many others, at present excluded, be given protection of the minimum wage."

Congress set the present minimum of 75 cents an hour in 1950. Since then living costs have gone up about 15 per cent.

The big labor organizations want the minimum set at \$1.25. The administration sticks to 90 cents. A boost from 75 to 90 cents would mean an automatic raise for about one million manufacturing employees in the South, and 300,000 others.

Just how many of those 20 million uncovered workers did Eisenhower want brought under the protection of the law with a 90-cent minimum wage?

He had left it "many others" in his message. But on April 14 Secretary of Labor Mitchell went before the Senate Labor Committee to explain the administration's views. The committee is considering a bill to boost the minimum.

Kahler Employees Turn Down Offer In Wage Dispute

ROCHESTER, Minn. (AP)—Employees at the Kahler Corp. here turned down the company's latest offer Thursday in a wage dispute which threatens a strike at three hotels, a motel and a laundry in Rochester.

Business agent Dom Ventrelli of local 21 of the AFL Hotel, Hospital, Restaurant and Tavern Employees Union, said the workers rejected the offer by a margin of 5-1.

Terms of the offer were not disclosed. The dispute was certified to the governor May 2 for the appointment of a fact-finding commission. Some 400 employees are involved in the dispute.

Astor, Second Wife Settle Child Case

NEW YORK (AP)—An out-of-court settlement has been reached between John Jacob Astor and his second wife Gertrude Gresham Astor over custody of their 6-year-old daughter Mary Jacqueline.

The Astors were married in September 1944. She is suing for a separation and for a judgment declaring a Mexican divorce Astor obtained in June 1954 is invalid. He has filed a countersuit.

Mrs. Astor won custody of the girl last December, along with temporary alimony of \$2,500 and \$1,000 a month for the child. The amount for the child later was reduced to \$500.

history caught without the consolations of the past or the faith of the future, has become the great dream-spinner of the present, a hopeless romantic in a practical present.

The next time you meet a middle-aged man, don't laugh at him. Just pat him on the back and say: "I understand. Every child wants candy it can't have. Just bear up. When you finally grow up and settle down, everything will look better."

School Addition To Be Dedicated As Shrine to Flier

POPLAR, Wis. (AP)—Schoolrooms for the education of this community's youth will be dedicated Sunday as a shrine honoring the late Maj. Richard Ira Bong, the nation's top combat pilot in World War II.

Military officials from across the nation, state officers, local guests and neighbors will gather as the \$120,000 addition to the school is dedicated.

The new section consists of an auditorium - gymnasium, more classrooms and a trophy room. A P-38 fighter plane, the same kind the young major flew over the Pacific Ocean as he downed 47 enemy planes, has been refurbished and will be placed in the school.

The dedication address Sunday will be delivered by Gen. George Kenney who commanded the Air Force in the South Pacific during World War II and as such was Bong's senior superior officer.

Others participating in the program include his parents, Mr. and Mrs. Carl Bong who will unveil the P-38 monument. Gov. Kohler, U.S. Sen. Alexander Wiley, Rep. Alvin O'Konski of the Tenth District, and Andy Borg, Wisconsin commander of the Veterans of Foreign Wars.

Coffee Price War Possible

NEW YORK (AP)—Coffee drinkers may be in for another break.

The coffee-producing nations to the south have been waging a cold war among themselves. Over-supply, stiff competition and unstable prices threaten today to break into an open price war—in spite of denials from the feuding nations.

The price of coffee for future delivery dropped early this week on the New York market as traders received word that attempts of the producing nations to set up a price-controlling agency were running into snags.

Another attempt will be made here next week. Spokesmen for the coffee traders say that 16 producing countries will be represented. Aim: To launch an international coffee agency with power to stabilize prices.

But Brazil, with a large supply of unsold beans on hand, has just dropped its minimum coffee export price. The Brazilian government says this doesn't mean the start of a price war. But traders here note that El Salvador and Mexico are reported to have taken similar action.

The immediate dispute among the Latin-American nations is over what to do about some 10 million bags of coffee which will be left over from the old crop when the new crop year starts July 1.

The Brazilian government has bought 3,100,000 bags (409 million pounds) to hold off the market. The quarrel is said to be over how much more it should buy, and how much other producing countries should hold off the market until prices stabilize.

By GRETCHEN L. LAMBERTON

GOING up to Minneapolis the other day I read a lot of roadside signs and was struck by the number of deliberately misspelled words, most of them substituting the letter K for C. Thus you are asked to sleep on a King Koil mattress, eat Ice Cream Kones, listen to the Korn Kobblers, go to the Kit Kat Klub and the Kozy Korner, and so on.

It seemed a little stupid to deliberately misspell words. But after I thought about it, why I wondered, shouldn't we just drop the letter C from the alphabet? After all, doesn't it duplicate the sounds of the letter K (as in "cat") and also the sound of the letter S (as in "nice"), and sometimes the letter X (as in accident)? And of course the letter Q has long been a useless encumbrance for which we could substitute KW.

Actually we could cut out the letters C and Q quite quickly, cleanly and nicely, don't you think?

The streets of the Twin Cities were filled with the swish of skirts, for every girl or young woman on the street seemed to be wearing a full gathered skirt and one of those stick-out starched net or crinoline petticoats. It's a pretty fashion but offers some complications. (A) These crinoline petticoats aren't too good in a high wind. (B) They take up so much room. When I got into an elevator full of gals in billowing skirts things were really crowded.

This was true too in a long narrow waiting line of a cafeteria. (C) They'd be the dickens to pack. In several stores I noticed specially made stiff cellophane cylinders priced at a dollar for packing your roller up crinoline petticoat. Well, I thought, that's just one more gadget to clutter up one's life, one more special thing to put some special fad-of-the-moment thing in. One more gadget to complicate our already far too complicated life.

Soccer, the European version of football, is thought by many people to be more thrilling than football. Certainly it's a tough game, for it consists of two 35-minute halves with no time outs, rest periods or substitutions during the half. Last weekend an exciting soccer game was played at Minneapolis Edina High School stadium by the foreign exchange students in Minnesota. One of Winona's six exchange students, Pekka Kause went up and played in the "North-South" game. According to some who saw it Pekka was the star player of his team, and they won. The teams were made up of boys from Finland, Norway, Sweden, Denmark, Germany and England. Mr. and Mrs. Carl Kiehbaum drove up with our three foreign exchange boys and one of the girls.

A crowd of 5,000 people saw the game which was played for the benefit of the American Field Service international scholarship fund. Over \$1,500 was cleared, which was enough to take care of three foreign exchange scholarships for next year. More and more towns around Minnesota are raising money to bring foreign exchange students to their community and also to send some of their own high school youngsters abroad for the summer. It costs \$850 to bring a foreign student here and \$435 to send an American youngster abroad for the summer.

So far we in Winona have raised enough money to take care of 2 1/2 foreign students. We need \$1,000 more for the other 1 1/2 foreign student. Plus \$435 for one Winona student to spend the summer with a European family. It would be wonderful if we could raise enough money to send TWO Winona High School age youngsters to live with European families this summer!

The Inner Circle girls of Winona High have just contributed \$200 which they raised through food sales. Several other local organizations are planning to contribute toward this wonderful experiment in international friendship. Let's all get busy and turn in our contributions to the First National Bank. Checks may be made out to the American Field Service Student Exchange fund.

West Bend Dentist Arrives at Durand

DURAND, Wis. (Special)—Dr. John O'Meara, a practicing dentist at West Bend, Wis., for the past 20 years, Tuesday took over the practice here of the late Dr. John Smith.

Dr. O'Meara, a graduate of Marquette University at Milwaukee and a World War II veteran, will move his wife and two children here as soon as he completes arrangements for a home.

Nearly 8 out of 10 motor vehicles in the world are American owned.

Ex-Hungary Premier Stripped of Last Post

BUDAPEST, Hungary (AP)—The Hungarian press announced today that former Premier Imre Nagy has been stripped of his last remaining public post.

Nagy was purged from the premiership last month for alleged right-wing deviationism. He resigned yesterday as vice chairman of the Hungarian Patriotic People's Front, the press reported.

The patriotic front, an organization embracing all aspects of Hungarian society, was founded last September.

Local Firms Get Safety Awards

Industrial safety awards were presented to six Winona firms at Wednesday night's annual award presentation dinner of the Minnesota Safety Council at the St. Paul Hotel, St. Paul.

Recipients of the 1955 awards for achievements in industrial safety were: Archer-Daniels-Midland Co., Boland Manufacturing Co., Mississippi Valley Public Service Co., Peerless Chain Co., The Winona Daily News and The J. R. Watkins Co.

Governor Orville L. Freeman presented the awards and delivered the evening's principal address.

Safety awards went to cities and counties throughout the state which compiled outstanding safety records during the past year, to clubs and individuals active in safety work and to the industrial firms for their participation in the safety program.

Governor Freeman outlined his projected statewide safety campaign for 1955, including the recently-announced demerit system for traffic violators.

He cited a statewide reduction of 50 in the 1955 death toll on streets and highways as compared with the 1954 traffic accident record and attributed the improvement to increased attention to matters of safety.

Among those attending the meeting were Roy K. Carpenter, president of the Automobile Safety Council of Winona, and Assistant Chief of Police Everett Laak.

Winners in the governor's annual traffic safety contest for cities in Minnesota were Minneapolis, Austin, Thief River Falls and Two Harbors in their respective population groups.

Ramsey, Cottonwood and Rock Counties received bronze plaques and Olmsted County was an award of merit winner.

Jap Scientists Claim They Can Predict Rainfall

OSAKA, Japan (AP)—Five Tokyo University scientists have developed a method which they say tells not only if it is going to rain, but how much.

The scientists published their findings before the Japan Meteorological Society Congress.

They claimed 100 per cent success in predicting time and extent of three typhoon-borne rainstorms here last year and in other tests, dating back to 1939.

Quality Chevrolet Co.

Winona, Announces

A good old-fashioned "GET ACQUAINTED"

NEW CAR

SALE!

For Grand Opening—Through Saturday
**OVER 70 NEW 1955
CHEVROLETS GO ON SALE**

**\$1797 Delivers 1955
Chevrolet
6-Passenger Sedan**

DO YOU KNOW you can own a new 1955 Chevrolet 6-passenger sedan for only \$1797 delivered in Winona? That includes all state and federal taxes too!

If you've been "thinking" about a new car, you'll find it's worth your time to get our figure during our good, old-fashioned "Get Acquainted New Car Sale" this week.

From \$1797 just deduct our Grand Opening trade-in allowance, and you'll make yourself the buy of your life on a new 1955 Chevrolet.

News is being made in Winona this week. Quality Chevrolet Co. is holding a Grand Opening with practically no used cars in stock. We need used cars—70 of them—for our used car lot. So we have made arrangements with the Chevrolet Motor Company to bring in a giant shipment of over 70 new 1955 Chevrolet cars and trucks that will be sold at Grand Opening trade-in allowances never before offered people in the Winona area.

In the next 3 days over 70 families in this area will trade in their old cars and trucks on new 1955 Chevrolets at savings they never thought possible. And in addition to these new 1955's, we are able to offer a select number of 1955 company cars at savings of \$500 and more. It is the policy of Quality Chevrolet in Winona to guarantee used cars 12 months or 12,000 miles—whichever comes first.

Come In By Saturday . . . Register!

**40 FREE Gift Certificates
Good At Any Winona Store**

During our Grand Opening (through this Saturday) everyone is invited to come in and register for 40 ten dollar gift certificates good at the store of your choice in Winona. No purchase is necessary, and you need not be present for the drawing. Winners will be notified by mail and published in The Winona Daily News Tuesday. All you need do if you're one of the 40 winners is pick up your gift certificate and tell us the Winona store you want it made out to. Everyone is eligible to win regardless of age.

COFFEE, DONUTS and CHILDREN'S PRIZES

You're cordially invited to come in anytime before Saturday night and see our big Chevrolet showing of new 1955 passenger cars and trucks. There'll be free coffee and donuts, and prizes for the children. The welcome just is out at Quality Chevrolet Company in Winona.

William Meyer, Wife Mark 60th Anniversary

WABASHA, Minn. —Mr. and Mrs. William H. Meyer, lifelong Wabasha County residents, will observe their 60th wedding anniversary with a dinner and reception Sunday.

Dinner for the honored couple and their children will be served at noon at the Idle Hour Game Farm followed by a reception at the home in this city from 2 until 5 p.m. Sunday, Friends and relatives may call throughout the afternoon. No formal invitations will be issued.

Mr. Meyer, 84, was born August 25, 1870, on Pepin Hill, the son of Mr. and Mrs. William Meyer, and Mrs. Meyer, 80, was born April 18, 1875 on Pepin Hill, the daughter of Mr. and Mrs. John Koob. Mrs. Meyer is the former Miss Catherine Koob. They were married at St. Felix Church, Wabasha, May 21, 1895. Attendants of the couple were the bride's sister, Margaret Koob (Mrs. Herman Busch) who has since died, and the bridegroom's brother, Frank J. Meyer, Wabasha.

The couple observed their golden wedding in Wabasha in May, 1945.

After their marriage 60 years ago, the couple farmed on Pepin Hill for five years, after which they moved to Conception where they lived until 1940, when they moved to this city.

Mr. and Mrs. Meyer were the parents of four children, three of whom are living. They are John P. Meyer, Kellogg; Walter, Kellogg; and Mrs. Arlin Brehmer (Viola), Wabasha. A daughter, Mrs. Albert Leocher (Agnes), is dead.

They had 18 grandchildren of whom 16 are living and seven great-grandchildren.

Both Mr. and Mrs. Meyer are enjoying good health.

James Poncellet, Bride at Home

LAKE CITY, Minn. (Special)—James Poncellet and his bride, the former Beverly Reding, Mazonia, are at home on a farm near Bellechester. The couple was married in St. Peter and Paul's Church, Mazonia, May 4 by the Rev. F. J. Felton.

Mr. and Mrs. Leo Reding, Mazonia, are the bride's parents and Mr. and Mrs. Matthew Poncellet, Bellechester, are parents of the bridegroom.

White lace and nylon over satin fashioned the bridal gown. Panels of lace were used on the full skirt. A sweetheart-shaped bouquet held the bride veil and the bride carried roses and stephanotis.

Mrs. Jerry Cronin, Rochester, was matron of honor and bridesmaid was Miss Marge Poncellet. They wore taffeta and net gowns in green and orchid. Frosted organ gowns were chosen for the flower girls, Ann and Fay Schaefer. Nickie Poncellet was the ringbearer.

Dune Reding was best man and the ushers were Clarence Schaefer, Gervase Majerus and Dennis Mahony. The bridegroom attended McCahill High School.

Their 60th Wedding Anniversary will be celebrated by Mr. and Mrs. William H. Meyer, life-long residents of Wabasha County, Sunday at a dinner and reception, the latter at their home.

New president of the Auxiliary Unit to Leon J. Wetzel Post 9, American Legion, is Mrs. Donald Schaefer. She succeeds Mrs. Arthur Bard. Mrs. Schaefer formerly served as membership chairman for the auxiliary. She includes in her community service activities, work in the local canteen unit of the American Red Cross.

She has worked in the gift shop for the Winona General Hospital Women's Auxiliary, and in her church, St. Martin's Lutheran Church where Mrs. Schaefer is an active member. She is captain of Circle C of the St. Martin's Guild.

Among her hobbies are the making of hooked rugs during the winter months, and in contrast, fishing at the family cottage during the summer. Her husband, a composer for the National Weeklies, and she reside at 405 Chatfield St. In addition to home, community and church work, she is employed, being bookkeeper for the Kelly Furniture Co.

The Portia Club also has a new president, Mrs. T. Charles Green, the former Betty Boyum, daughter of the late Mr. and Mrs. B. O. Boyum. Mrs. Green previously served the Portia Club as recording secretary and as vice president. She took over as president in March of this year following the resignation of Mrs. Robert Brehmer who moved from the city, and was elected to the office at the recent annual meeting.

Mrs. Boyum is filling her second term as recording secretary of the PEO, and prior to taking that office, held the office of treasurer for two years. She is a charter member of the Mrs. Jaycees, and was the local unit's first president, holding that office for two years.

Organist at Central Lutheran Church, she also directed the church high school choir. She is a member of the Women of Central Lutheran Church and of Circle Five of the church. Her music work has included teaching at the Edstrom School of Music, and at present, she teaches piano to private pupils at her home, and in addition to all this works part time in the office of the Stein & Green Agency, recently opened by her husband and Robert Stein.

Her father was senior partner in the architectural firm of Boyum, Schubert & Sorensen. Mr. and Mrs. Green have two children, Alice, in

the first grade at Madison School, and Tommy, two. The family resides at 462 W. King St.

The children's librarian at the Winona Free Public Library, Miss Dorothy Jefferson, has varied outside activities. She is serving for her second year as president of the Wesleyan Service Guild of Central Methodist Church. She has been children's librarian here for six years.

Additional church work has been as a teacher in the kindergarten department of the Sunday School, and serving as a delegate to the 1954 national conference of the Women's Society of Christian Services, held in Milwaukee.

She is a member of the American Library Association and of the Minnesota Library Association. She reviewed and prepared a purchasing list of outstanding children's books of 1954-55 for a state library division workshop meeting for librarians of this district held in Winona this spring, and also acts as Girl Scout reading consultant. She has showed slides of a European tour she took last summer, and given a commentary on them to 33 organizations and groups the past year.

Life membership pins were given to Mrs. Melvin Torkelson, Mrs. Fred Lindstrom, Mrs. Sophia Twesme, Mrs. Emma Hallanger, Mrs. Helen Legred, Mrs. Carl Moen and Mrs. Synva Lynghamer who have reached their 70th birthdays. Mrs. Martha Jordahl, 92, Jo Coulee, one of the first women in the North Beaver Creek congregation to have received a life membership pin, was a guest of honor.

A service was conducted with Mrs. Eugene Herreid as reader, and Mrs. Richard Myrland, pianist. Vocal solos were by Mrs. Edmund E. Olson and a vocal selection was contributed by the North Beaver Creek women's trio comprised of the Mmes. Elvin Rogness, Lloyd Quammen and Oren Bue. Devotions were by Mrs. Erick Anderson.

Reports of the spring convention of the La Crosse Circuit, WMF, at South Beaver Creek May 3 were given by the delegates, Mrs. Rogness and Mrs. Floyd Back. Mrs. Peter Underdal, president of North Beaver Creek WMF, and Mrs. Herreid have been named delegates to the Eastern district WMF convention to be held at Madison May 24 to 26.

Mrs. Carl Engelen, French Creek, Eastern District chairman of life membership and in memoriam, will present a program on the work the afternoon of May 25. The sum of \$25 has been sent to the Bethany Indian Mission to pay for two weeks of summer school for an Indian student. Subscriptions to the Christian Home magazine are being solicited during May and June under the direction of Mrs. Underdal.

Mrs. Floyd Back was named treasurer to fill the unexpired term because of ill health. Mrs. Eugene Herreid will be flower chairman.

Plans were formulated for the annual Memorial Day public program and bazaar to be held May 30 at 2 p.m. In charge of arrangements will be Mrs. Ardel Matson, program; Mrs. Floyd Back, dining room; Mrs. Oscar Tranberg, kitchen and lunch; Mrs. La Verne Knutson, coffee; Miss Jennie Knutson, fish pond; Mrs. Norman Anderson, fancy work; Miss Mabel Herreid, candy booth, and Mrs. Eugene Herreid, baked foods.

The six circles of the aid society will meet in the various homes June 14 at 2 p.m. The Bible study lesson will be based on the Book of Luke. The next meeting of the society will be July 5. Hostesses will be the Mmes. Albert Tranberg, Ardel Matson, La Vern Knutson and Emery Johnson.

CALEDONIA, Minn. (Special)—Mrs. E. D. Hanke and daughter, Ruby recently motored to Portland, Ore.

ANNOUNCE ENGAGEMENT
MABEL, Minn. (Special)—Mr. and Mrs. Kermit Flattum, Mabel, announce the engagement of their daughter, Beverly, to Russell Flattland, son of Mr. and Mrs. Norman Flattland, Mabel. No wedding date has been chosen.

Totem Pole to Be Presented At Scout Camp

The presentation of a totem pole, carved and painted by a group of boys and girls at the East Recreation Center as their Indian project, will be a highlight of the open house at Girl Scout camp, Trempealeau, Wis., Sunday.

The pole which is six feet tall, was constructed for the camp by Michael Suchomel, Michael Pondzinski, Mark Kotter, Terry Wineski, Carl Fratzke, James Smokey, Teddy Kinowski, Theodore Czaplewski, Kathleen Barnholtz, Susan Lipinski, Billy Rose, James Vondrashek and Garry Burmann.

Mrs. Ole Hansen was the class instructor.

The presentation will be made by Stanley Czaplewski, Terry Wineski and Carl Fratzke, representing the class.

All Winona and area residents are invited to attend the open house at the camp. This will be the first opportunity for the public to tour the grounds and the buildings, which have undergone extensive remodeling and improvements during the past year.

Hours for the open house are 2 to 5 p.m., and it will be held regardless of weather conditions, inasmuch as there are indoor facilities which can be used in the event of rain.

Visitors are asked to wear walking shoes so that they can take advantage of the guided tours of the campsite which will be led by members of senior and mariner troops.

Demonstration units will be set up on the grounds. Brownie troop projects will be shown by a group of girls directed by Mrs. Jack Squires. Mrs. L. E. Brynestad and Troop One of Central Lutheran Church and Troop 40 of St. Stanislaus Church, under the direction of Mrs. Florian Wicksa and Mrs. Ralph Kotter, will demonstrate intermediate Scout activities.

Refreshments will be served in the main lodge where hostesses will be the Mmes. J. A. Henderson, R. W. Lundberg, Wallace McDougall, John Epps, R. J. Williams, S. J. Kryzsko and R. W. Miller.

Registrations for both establishment and day camp will be accepted during the open house hours.

Life Membership Pins Given to Eight

ETTRICK, Wis. (Special)—A life membership and in memoriam program was presented Tuesday at North Beaver Creek Lutheran Church by Mrs. Gilbert Kittelson, department secretary for that phase of WMF work.

Life membership pins were given to Mrs. Melvin Torkelson, Mrs. Fred Lindstrom, Mrs. Sophia Twesme, Mrs. Emma Hallanger, Mrs. Helen Legred, Mrs. Carl Moen and Mrs. Synva Lynghamer who have reached their 70th birthdays. Mrs. Martha Jordahl, 92, Jo Coulee, one of the first women in the North Beaver Creek congregation to have received a life membership pin, was a guest of honor.

A service was conducted with Mrs. Eugene Herreid as reader, and Mrs. Richard Myrland, pianist. Vocal solos were by Mrs. Edmund E. Olson and a vocal selection was contributed by the North Beaver Creek women's trio comprised of the Mmes. Elvin Rogness, Lloyd Quammen and Oren Bue. Devotions were by Mrs. Erick Anderson.

Reports of the spring convention of the La Crosse Circuit, WMF, at South Beaver Creek May 3 were given by the delegates, Mrs. Rogness and Mrs. Floyd Back. Mrs. Peter Underdal, president of North Beaver Creek WMF, and Mrs. Herreid have been named delegates to the Eastern district WMF convention to be held at Madison May 24 to 26.

Mrs. Carl Engelen, French Creek, Eastern District chairman of life membership and in memoriam, will present a program on the work the afternoon of May 25. The sum of \$25 has been sent to the Bethany Indian Mission to pay for two weeks of summer school for an Indian student. Subscriptions to the Christian Home magazine are being solicited during May and June under the direction of Mrs. Underdal.

Mrs. Floyd Back was named treasurer to fill the unexpired term because of ill health. Mrs. Eugene Herreid will be flower chairman.

Plans were formulated for the annual Memorial Day public program and bazaar to be held May 30 at 2 p.m. In charge of arrangements will be Mrs. Ardel Matson, program; Mrs. Floyd Back, dining room; Mrs. Oscar Tranberg, kitchen and lunch; Mrs. La Verne Knutson, coffee; Miss Jennie Knutson, fish pond; Mrs. Norman Anderson, fancy work; Miss Mabel Herreid, candy booth, and Mrs. Eugene Herreid, baked foods.

CALEDONIA, Minn. (Special)—Mrs. E. D. Hanke and daughter, Ruby recently motored to Portland, Ore.

ANNOUNCE ENGAGEMENT
MABEL, Minn. (Special)—Mr. and Mrs. Kermit Flattum, Mabel, announce the engagement of their daughter, Beverly, to Russell Flattland, son of Mr. and Mrs. Norman Flattland, Mabel. No wedding date has been chosen.

Mr. and Mrs. Hans Holger will observe their golden wedding anniversary Sunday at an open house from 2 to 5 p.m. in the Greenfield Lutheran Church parlors. No formal invitations are being sent.

Mrs. Russell Van Vleet will be the guest speaker when the WSCS of the Centerville, Wis., Methodist Church meets Wednesday at 2:30 p.m. at the church. The Rev. and Mrs. Russell Van Vleet have been engaged in missionary work in the Dominican Republic for the past five and one-half years.

They arrived in the States May 6 and expect to return to the Dominican Republic after a year's leave. They have two sons, James, five, and Paul, three, both born in the Dominican Republic. Both the Rev. and Mrs. Van Vleet are graduates of Taylor University, Upland, Ind., and Biblical Seminary, New York.

They will arrive in Galesville Thursday to spend a week with the former's parents, Mr. and Mrs. Oscar Van Vleet, Galesville. The meeting is open to the public.

Charlotte Lien Becomes Bride in Chapel Ceremony

WHITEHALL, Wis. (Special)—Miss Charlotte Beatrice Lien, daughter of Mr. and Mrs. Bennie Lien, and Harold Bringsosen, son of Mrs. Lulu Bringsosen, were married by the Rev. O. G. Birke-land in the chapel of the Sunday School building of Our Saviour's Lutheran Church May 13 at 8 p.m.

The bride, attired in a white street dress with white hat, was attended by her sister, Mrs. James E. Fry, Des Moines, Iowa, who wore blue, and by Miss Marion Skjongsby in white. All wore corsages. The bridegroom's attendants were Mr. Fry and Lawrence Christopherson, Whitehall.

Mrs. J. V. Maldonado was soloist at the ceremony, singing "Be-cause" and "O Perfect Love." Mrs. John O. Gilbertson who accompanied her, also played the wedding marches.

About 50 relatives and close friends were guests at the reception which followed in the church parlors. Two high school classmates of the bride, the Misses Arvis Moe and Helen Arneson, served and the Mmes. Elmer Jahr and Lillian Moe, served from the kitchen.

The bride who graduated from Whitehall High School, will continue for the present her employment as assistant to the laboratory technician at the Community Hospital. Mr. Bringsosen is employed by the Whitehall Rendering Co. They will make their home on the Bringsosen farm in Fly Creek.

ATTEND OPERA
CALEDONIA, Minn. (Special)—Marcelline, Theodora and Jean Ellen Roerkohl and Hella Lachner, German exchange student at the L. L. Roerkohl home, attended the opera "Carmen" in Minneapolis Saturday.

OES MEETING
ST. CHARLES, Minn. (Special)—Reports of the grand chapter were given at the meeting of Sunshine Chapter, OES, Monday night. A change in bylaws has been suggested, and will be voted upon at the meeting June 6. This will also be school of instruction, conducted by Mrs. Ruth Tauter, district instructor, Rochester. Four new members were received.

Keep in Trim Get in Shape For the Swim Suit Season

By IDA JEAN KAIN

Prior to the shorts and swim suit season, requests for thigh shapers come in—often complete with original art work. Invariably, thin girls complain of hollows along the inner borders of the thighline while the chubby girls want to know how to banish the bulges that flank the outer thighline.

Just as we inherit structure, we inherit the tendency toward slender or stocky limbs. However, it is needless muscles that are to blame for disfiguring hollows and bulges. Of course with overweight, excess calories figure in bulges, too. But let's get on with the toning.

The inner thigh muscles particularly tend toward flabbiness because they are unused in everyday activities. It is the muscles on the front of the thigh that are used in rising from a chair, standing and in swinging the leg forward.

The inner thigh muscles are brought into action with side-to-side movements, termed adduction and abduction, and also through knee flexion and circling. So, here we go.

Position: Stand, holding on to table or chair for support.

Movement: Flex one knee, and with the knee point, describe slow circles, circling first in one direction about ten times, then in the other direction. Repeat with the opposite knee.

The following holding exercise, while a bit rugged, can turn you into a bathing beauty. For this toner-upper you will need a round hassock or low bench or stool.

Position: Lie on left side, leaning on left elbow and arm and, bracing self with right palm flat on floor. Have inner border of right foot resting on hassock.

Movement: Pressing with the inner border of the right foot, lift hips and then bring left leg up to right leg.

Position: Half reclining on floor on left side, resting on pincushion of fat padding, have weight partly supported on left forearm, left leg straight down, right knee bent, foot on floor.

Movement: Bounce, bounce, bounce up and down smack on fat padding. Change sides and continue bouncing. Finish by rolling slowly and heavily across hips clear over to fat pad, back across hips to rest on fat pad on opposite thighline, 12 to 20 times.

Tone up and get in the swim! Send long stamped addressed envelope for leaflet "Slim Hips in A Hurry." Address request to Ida Jean Kain in care of The Winona Daily News. Post card requests cannot be answered.

INVESTITURE
ALMA, Wis. (Special)—At investiture ceremonies for brownies at a special meeting Thursday night at the Alma public school Kathleen Moley and Karen Mork invested and received pins and Kathleen Klee and Janet Rohrer received pins. Presents were presented by the leader, Mrs. John Burg. Girls expecting to go on into girl scouting received their wings.

Mrs. F. G. Laufenburger, assistant leader, presented the wings. Mrs. M. O. Bachhuber and Mrs. Mark Saxton decorated the tables, made favors and served the lunch. The brownie story was dramatized. Games were played.

Donna Rawson, Duane Sinckel Wed at Wabasha

LAKE CITY, Minn. (Special)—At a wedding to which only members of the immediate families were invited, in the Congregational Church, Wabasha, Miss Donna Rawson was married to Duane Sinckel in a double-ring ceremony performed by the Rev. William Hull May 14 at 4 p.m.

The bride is the daughter of Mr. and Mrs. Elwood Britten of this city and the bridegroom is the son of Mr. and Mrs. Herbert Carlson, St. Paul.

Mrs. James Kosec, sister of the bride, was matron of honor and Archie Erickson was best man.

The bride wore an eggshell white linen box suit, matching accessories and a small flowered hat with veil. Lilies of the valley and red roses formed her corsage.

The matron of honor wore a pink linen box suit with white accessories to honor and corsage of carnations and rosebuds.

A dinner for 12 guests was served at the Terrace. Both Mr. and Mrs. Sinckel are Lincoln High School graduates, and employed by the O'Neil-Irwin Co. They are at home at 116 1/2 Marion St.

Nelius Storlies Honored by 200 On Anniversary

SPRING GROVE, Minn. —Approximately 200 relatives and friends gathered at the farm home of Mr. and Mrs. Nelius O. Storlie, south of Spring Grove, May 15 to honor them on their silver wedding anniversary.

Mrs. Storlie is the former Alice Halverson. The Storlies were married May 15, 1930, by the late Rev. A. O. Johnson, Spring Grove.

Attendees at the wedding were the bride's sister Ruth, now Mrs. Edwin Gultormson, Spring Grove, and Gerhard Storlie, Mabel, who is a nephew of Mr. Storlie, both of whom were present Sunday.

The Storlies are parents of three sons, Norris, David and Richard, all at home.

Receiving the guests with Mr. and Mrs. Storlie was Mrs. Levi Halverson, Spring Grove, who served as hostess. Miss Shirley Storlie, Spring Grove, was in charge of the guest book.

The anniversary cake was cut and served by Mrs. Ellsworth Lewis and Mrs. Orin Arneson, Caledonia. Mrs. Mildred Tollefsrud poured the coffee.

Assisting with serving were Mrs. Martin Osborn, Mrs. Walter Burmeister, Mrs. Robert Lewis, Mrs. Lena Carroll, Mrs. William McGowan, Mrs. Baldwin Hanson and Miss Amanda Storlie.

The Storlies' son Norris served the ice cream and later acted as toastmaster for a short program consisting of a talk by the Rev. Oscar Engbretson, Spring Grove, and songs by the three young daughters of Mr. and Mrs. Walter Burmeister, Caledonia. Mr. and Mrs. Storlie each responded with brief talks.

Besides those present from Spring Grove and vicinity, there were guests from Caledonia, Harmony, Mabel, Dorchester and La Crosse.

PTA MEETING
PLAINVIEW, Minn. (Special)—The Plainview PTA will meet Monday at 8 p.m. Officers will be elected and a program devoted to youth problems will be given. Enoch J. Dixon, probation officer for Olmsted County, will be the speaker. Officers of the local PTA have extended an invitation to all parents and friends in the Plainview Consolidated School District to attend.

LOS ANGELES GUEST
CALEDONIA, Minn. (Special)—Connie McCauley, Los Angeles, Calif., recently spent two weeks at the home of his brother, Maurice, and with other relatives.

PRENUPTIAL SHOWER
WHITEHALL, Wis. (Special)—Mrs. Palmer Hagen will be hostess at a pre-nuptial shower Tuesday afternoon for Miss Beatrice Skogstad whose marriage to Gene Larson will take place June 18. The Mmes. Ben Skogstad and Herb Johnson will be assisting hostesses.

ALWAYS BETTER BUYS AT GAMBLES

Illinois Girl New National Spelling Champ

WASHINGTON (AP) — Sandra (Sandy) Sloss, 13, of Granite City, Ill., is the new national spelling bee champion.

Sandra, an eighth-grader at St. Joseph's School, won over 61 other crack spellers yesterday in one of the most toughly contested of the 28 national spelling bees sponsored by Scripps-Howard Newspapers and other papers.

It took 541 words—116 more than last year—before Sandra finally won over Jean Copeland, 12, of Prescott, Ariz.

After successfully spelling many a tongue-twister, Jean finally stumbled on the comparatively short but unfamiliar word "abbacy," which means a place where an abbot lives. She spelled it "abbasy."

Sandra spelled it correctly and then clinched her victory by managing "crustaeology," which means the study of shellfish.

Senate Passes Budget Committee Legislation

WASHINGTON (AP) — The Senate has passed a bill to set up a Senate-House committee on the budget to keep a rein on the federal spending. It now goes to the House, which twice has failed to adopt such a measure.

Police Chief Tagged

LOUISVILLE, Ky. (AP) — Police Chief Ronald C. Kelsay of suburban St. Matthews was fined \$4 in Louisville Police Court for parking in a restricted area.

Serving in The Armed Forces

Only Two Years Separate the uncle-nephew combination which enlisted in the Air Force Tuesday through the Winona recruiting office.

Kenneth L. Eide, 20, right, discharged from the Army in March, enlisted in the Air Force as an airman third class. He will not take basic training because of his prior service. A.3.C. Eide will be processed through the Lackland Air Force Base, San Antonio, Texas, for duty assignment.

His nephew, 18-year-old Richard D. Boigenzahn, son of Mr. and Mrs. Robert Boigenzahn, ARKANSAS, Wis., also enlisted for four years, but will take 11 weeks of basic training at Lackland. After a 10-day furlough, he'll be assigned to a technical training base. Eide's wife will join him later at his permanent base. (Daily News photo)

The new address of Pvt. Gerald J. Zeise is: Prov. Co. A, LL Sig. GP., 826th AU, APO 59, San Francisco, Calif. He is the son of Mr. and Mrs. Valentine Zeise, 470 E. Mark St. Pvt. Zeise is assigned to duty in Korea.

CALEDONIA, Minn. (Special) — E.M.J. Wayne L. Meitrodt, son of Mr. and Mrs. Roy Meitrodt, is spending a 30-day leave here after returning from a Pacific cruise aboard the USS Windham. After the leave, he will report for reassignment at Long Beach, Calif. Capt. William Bowers, who recently completed a course at Camp Gordon, Ga., is spending a furlough here before reporting to duty at Ft. Carson, Colo.

COCHRANE, Wis. — Pvt. Allen Farmer, son of Mr. and Mrs. Raymond Farmer, is taking basic training with the Army at Ft. Leonard Wood, Mo. His address is: 1st Pst., Btry. B, 62nd AFA Bn., 6th Armored Division, Ft. Leonard Wood, Mo.

Ministers Told to 'Forget Those Clubs'

SCRANTON, Pa. (AP) — Dr. Harry Denman, of Chicago, told the Methodist Church's annual Wyoming conference last night that "too many preachers fool with Kiwanis and Lions clubs too much. People in your community have gone to hell while you've gone to service club meetings."

Reds Execute Three Charged With Spying

MOSCOW (AP) — Three men charged with using American equipment to spy on Soviet territory for Turkey have been executed. The Soviet State Security Committee identified them as Ahmad Izmailov, Aurud Zinalov and Katib Aslanov. The committee said they were arrested in Kishin with pistols, cameras, binoculars and an American radio transmitter.

Dean Kuklinski Tops Class at Kellogg; Ilean Johnson 2nd

KELLOGG, Minn. (Special) — Dean Kuklinski, son of Mr. and Mrs. Frank Kuklinski, has been named valedictorian of the Kellogg High School graduating class with Ilean Johnson, daughter of Mr. and Mrs. Clarence Johnson, as salutatorian.

Dean, who had perfect attendance throughout four years of high school, held a class office every year, served as carnival king as a sophomore, and was a delegate to teen-age "driver's day" and "boy's county." Dean participated in four class plays and was a four-letter winner in basketball and baseball and won three football letters. He captained all three teams.

Ilean was a member of the junior class play and was the school's representative to Girls State. She was a member of the glee club two years.

Black Angus Heifer Added to Ike's Herd

WASHINGTON (AP) — A Black Angus heifer was added today to the small herd of cattle President Eisenhower is accumulating at his Gettysburg farm.

"I'll tell you exactly where she runs," he told the Women's National Press Club last night as he accepted the animal from two top Democrats in Congress — Senate Leader Lyndon B. Johnson and House Speaker Sam Rayburn, both of Texas.

Wiley Says 'Nobody But Ike for GOP'

DETROIT (AP) — Predicting President Eisenhower will be drafted to run in 1956 and will win, Sen. Wiley (R-Wis.) said yesterday, "There isn't anyone else who has developed sufficient stature to be a winner on the Republican ticket."

Supreme Court Rules Picketing Of Cafe Legal

ST. PAUL (AP) — The Minnesota Supreme Court today refused to restrain peaceful picketing by a labor union of the Original Lee's McKnight Building Coffee Shop in Minneapolis.

The high court rejected the appeal of Leland E. Starr, Elmer E. Wobig and Frank E. Lee, co-partners of the Coffee Shop, which has been picketed by the Cooks, Waiters, Waitresses and Helpers Union Local 458, AFL.

Where no strike is in progress, Minnesota law limits picketing to one picket at each entrance. No strike was in progress at the restaurant, but the union contended it wanted to establish union standards there.

Associated Justice Leroy Matson said the findings of the trial court, Judge Harold N. Rogers of Minneapolis, are sustained by the evidence—that picketing was peaceful and involved no unlawful objective.

"Minnesota," Justice Matson wrote, "expressly recognized peaceful picketing as a constitutionally protected form of free speech by enacting a statute which prohibits its courts from restraining picketing 'as a means of publicizing facts in a labor dispute as long as it involved neither fraud nor violence.'"

Cleaners' Truck Rushes Mankato Girl to Hospital

MINNEAPOLIS (AP) — A dry cleaning truck raced a 12-year-old Mankato girl in an iron lung and afflicted with a serious kidney ailment, to the Sister Kenny Institute early today.

Slowly recovering from a 1952 attack of polio, Vivian Solli became seriously ill with uremic poisoning Thursday.

Bob Wandersee, Mankato dry cleaning plant operator, volunteered to make the emergency trip with Vivian and the iron lung aboard his truck.

Sixty minutes carried the 900-pound apparatus through a 3½ by 6 foot picture window in the home of the girl's parents, Mr. and Mrs. Gerhard Solli.

Highway patrolmen escorted the emergency vehicle to Minneapolis.

Chicago Investment Banker Wins Seat On CNW Board

CHICAGO (AP) — Morton Weinress a Chicago investment banker, won himself a place on the board of directors of the Chicago and North Western railway, the road announced Thursday.

Weinress campaigned as an independent candidate for the board, not nominated by the management. He obtained enough proxies from stockholders to gain a board seat. There are 18 directors. Six are elected each year for three year terms. The company is a Wisconsin corporation.

To make room for Weinress the management dropped from its slate Frederick W. Walker, Milwaukee banker. The road said Walker's candidacy was withdrawn "at his own request."

Sen. Thyne Supports Holland Amendment

LEWISTON, Minn. — Sen. Edward J. Thyne, has wired Donald H. Rupprecht, Lewiston, chairman of the Winona County Agricultural Stabilization and Conservation Committee, that he voted for repeal of the Holland amendment in the Senate Wednesday.

The senator stated that the Senate adopted the bill to repeal the amendment enacted last year in the farm price support bill. It went to the White House for the president's signature after previous passage by the House of Representatives.

The amendment penalized farmers for ignoring acreage allotments on such basic crops as corn, wheat, cotton, tobacco, rice and peanuts by denying them soil conservation practice payments.

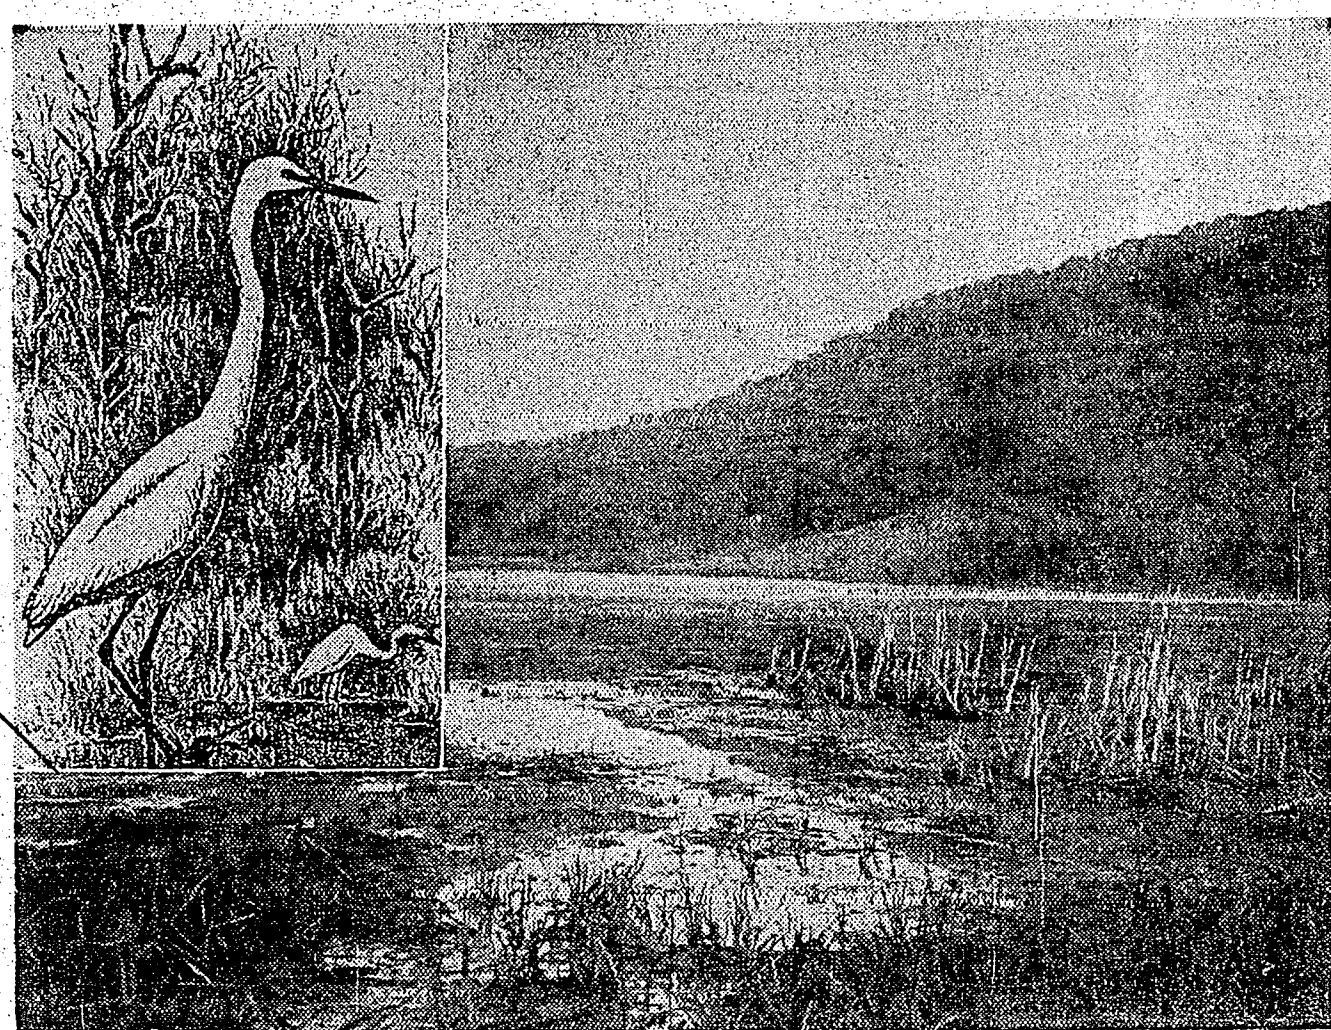

Salvation Army Girls Hold Chocolate Sale

Salvation Army Girl Guards and Sunbeams are conducting their annual chocolate sale to provide funds for summer camping.

Since Wednesday night they have been soliciting in Winona with goal of selling several hundred boxes. The Sunbeams, girls 6-10, will attend Silver Lake Camp near St. Paul for four days this summer while the Guards, 11-18, camp for a week.

There are 50 girls in the Winona units. Capt. and Mrs. Charles Hall are in charge of the local chapter.

VOICE of the OUTDOORS

Egret Rookery?

Is there an egret rookery in the wilderness area of the Whitewater Refuge below Beaver?

That is the question bird students, state biologists and George Meyers, superintendent of the Whitewater Refuge have been asking the past few weeks. If there is one it will be a new nesting record for Minnesota. State records today contain no report of a egret rookery in the state.

Pictured above is the Whitewater Refuge marsh along Highway 74 below Beaver with a colony of these beautiful white birds hardly visible in the distance. The picture was made last Sunday by Earl Gilbert, Daily News staffer, early in the morning. The insert picture is a drawing of an American egret by Dr. W. J. Breckenridge, curator of the Museum of Natural History, University of Minnesota.

Land 'Swindle' Trial May Be Postponed Again

SAN ANTONIO, Tex. (AP) — A scam Gies' trial for bribery, theft and conspiracy to theft, scheduled here Monday, may be postponed again.

The trial of Gies, former Texas land commissioner, was postponed originally from April 11 to May 23. He is charged in connection with alleged irregularities in the handling of the state's 100-million-dollar veterans land program.

More than 200 indictments have been returned following widespread investigations of the program designed to help war veterans buy farms on long terms at low interest.

County's 1st Dial Telephone Building Started at Whitehall

WHITEHALL, Wis. (Special) — The building that will house Trempealeau County's first automatic dial system telephone exchange now is under construction here.

It is scheduled for completion Aug. 1, and equipment will arrive in September, according to B. H. Piepmeyer, Black River Falls, manager of the Community Telephone Co. of Wisconsin.

Clifford J. Woychik, Whitehall, is contractor for the 29 by 21½-foot building. The building has a concrete foundation and 12-inch lightweight, concrete block side walls, especially treated on both sides to make them waterproof. The roof will be flat.

The building will be fireproof and dustproof. It will have a large steel door and no windows. It will be entered only at intervals by the plant man.

The concrete floor supporting the electrical equipment will be made of hollow blocks and covered with reinforced concrete surfaced with asphalt tile. The floor will be constructed so that air can pass from one end of the building to the other beneath the floor, to keep it free from moisture.

Heating will be with a liquid gas.

Woman Worker on Strike Against Union

PITTSFIELD, Mass. (AP) — Mrs. John H. Callahan says she's on strike today against Local 225, CIO International Union of Electrical Workers, for "unfair labor practices."

Mrs. Callahan is a clerical worker in the local's business office. She said yesterday the "conditions" have existed "for quite a while, but reached the breaking point today." She did not elaborate.

Her husband is chairman of the union's National Conference Board.

This Whitewater colony has been around, Supt. Meyer tells us, for at least a month, mainly in this marsh. Refuge personnel, he says, think there is a rookery somewhere in the main part of the refuge. It is going to be a major project to find it.

Most conspicuous egret rookery ever discovered this far north was found about ten years ago on the Trempealeau Wildlife Refuge in a giant old tree. The big white birds apparently had been nesting there for a number of years. Dr. Breckenridge spent considerable time there working with Supt. Ray C. Steele of the refuge, making photographs both still and movie. Wildlife photographers came from Washington to use the blind they had set up and made additional pictures the following year.

Egrets already have made their appearance along this sector of the river, according to reports from rangers north of Rock Island. The large and pure white bird stands out against the blue river water. It can be seen plainly from either Highway 61 or 35 in the marshes and near or on top of the old wing dams.

Refuge biologists declare this is early for the annual northward flight of these birds. The main nesting region of the bird is far south of Minnesota and Wisconsin but after their early breeding season in that region the birds are taken with an urge to push far north before returning south for the winter. Their size and color makes them easy to spot on any body of water.

Twenty-five or more years ago the American egret, like other beautiful American birds, were hunted for their plumage and almost became extinct. Congress at the urging of bird lovers over the nation enacted a law to afford these birds full protection. They have been staging a comeback in the past decade which may explain to some extent the rookery found in the Trempealeau bottoms and the one now being sought on the Whitewater Refuge in similar type of habitat.

Boys Admit Putting 200 Rods on Track

MIDDLETOWN, Ohio (AP) — Two 8-year-old boys have admitted they put more than 200 steel rods on the New York Central's main line through here last Saturday. A freight train hit the rods but was not wrecked and no one was hurt. The boys' parents were ordered to bring them into Juvenile Court Thursday.

Hospital Farm Head Praises Value of Dryer

Demonstration Set
All Day Tuesday
On Whitehall Place

By PETER BIERI
Trempealeau County Agent
WHITEHALL, Wis. (Special)—I was talking to Albert Erickson, superintendent of the Trempealeau County Hospital, regarding the barn hay dryer.

"The dryer is the best farm investment we have ever made," says Erickson. "The mow dryer is just a finishing device to take the last moisture out of hay, and sure proved its value last summer."

He says it has one big advantage—you can handle hay while tough, thus saving all of the leaves. "This year we expect to cut and crush in the forenoon and under ideal conditions bale in the afternoon," Erickson explained.

70-Cow Herd
The county farm has a 36 by 140-foot barn and puts up better than 800 tons of hay annually to take care of a 70-cow herd.

At a cost of about \$500, Erickson is now assuring the herdsmen of good quality forage. Herd production has been increased, and feed costs lowered. The good quality hay combined with grass silage is an excellent one-two combination for feeding dairy cows.

Erickson claims that hay should have not more than 35 to 40 percent moisture when put into a barn dryer. The amount of moisture you must remove is roughly doubled with hay at 50 percent moisture. It is tripled at 60 percent moisture.

When high moisture hay is stored, drying costs soar and the quality of the hay goes down. If hay isn't dry within four or five days after storage, mold will begin to develop.

The heart of a good drying system is a large capacity fan, says Erickson.

Hay should be spread out well over the dryer as the barn is filled. Do not let hay pile up in one spot, preventing uniform air distribution.

Demonstration Tuesday

A hay drying demonstration and tour will be held Tuesday, at the hospital farm. It will be an all-day meeting beginning at 10 a.m. Dinner will be served at the farm.

Following the noon meal the tour will move on to the Art Schultz farm near Arcadia.

There will be demonstrations on how hay harvesting equipment works, what it costs and what it will do for farmers.

The demonstration and tours are being sponsored jointly by the Trempealeau Electric Co-operative, the Trempealeau County extension office and hay drying equipment manufacturers.

3 Weed Meetings In Badger Counties

WHITEHALL, Wis. (Special)—Seventeen spring weed meetings have been scheduled by the Wisconsin State Department of Agriculture.

The ones in this area will be held Wednesday at 1:30 p.m. at the courthouse in Whitehall for Trempealeau County, that same evening at 8 o'clock at the courthouse at Alma for Buffalo County, and for Jackson County the meeting will be held Thursday at 8 p.m.

Howard T. Richard of the state seed and weed laboratory of the Department of Agriculture and Donald Peterson of the agronomy department of the University of Wisconsin will be present at each to lead the discussions on weed control methods. Arrangements for the meetings are being made by county agents and local officials. The public is invited.

Except for the present virtual drought of 11 days, the current growing season has been one of the best on record.

Winter wheat and rye in this grain field near Mondovi has headed out. A yardstick set beside some of the average shoots and they tower four inches above it. The ruler can be seen in the center of the photo. Mr. and Mrs.

Sam Cook, a mile south of Mondovi, own this field of rye which was planted last fall. Mrs. Cook credits part of the growth to a heavy treatment of lime.

A Winona nurseryman said this week that his growing season is three weeks ahead of the average spring. (Daily News photo)

Trempealeau Co. DHIA Reports on April Production

WHITEHALL, Wis. (Special)—Maynard L. Sexe, and Leo Hovel, testers for the Trempealeau County Dairy Herd Improvement Association, have announced test results for April.

The five high herds tested by Sexe belonged to Leslie Grover, Galesville; Arthur Ofsdahl, Ettrick; Bensen J. Haines, Dodge; Frank L. Butz, Galesville, and John C. Lamberson, Whitehall, in the order given.

Five high herds among those tested by Hovel belonged to Maurice Wangen, Blair; Ray Lamberson, Whitehall; Harris Holmen, Osseo; Elmer Weltzien, Arcadia, and Marshall Nehring, Centerville, respectively.

Grover's 27 registered Holsteins produced an average of 1,154 pounds of milk and 43 pounds of fat with an average test of 3.72. Ofsdahl's 28 registered Holsteins gave an average of 1,150 pounds of milk and 41 pounds of fat with a test average of 3.56. The 21 registered Brown Swiss in the Haines herd produced an average of 992 pounds of milk and 40.9 pounds of butterfat with an average test of 4.11. The 34 grade Holsteins in the Butz herd have an average of 1,059 pounds of milk and 38.7 pounds of fat with a 3.65 test average, and the 47 registered Holsteins belonging to Lamberson produced an

Pressure Cooker Clinics Planned in Winona County

By MRS. JOYCE RANDALL
Winona County Home Agent
LEWISTON, Minn.—The canning season is soon going to be in full swing. Perhaps, it has already gotten under way for some of you if you are interested in canning asparagus or rhubarb.

The reliability of the equipment you use is very important in home canning. I am thinking especially of your pressure canner — and specifically of the gauge. A gauge which is two to three pounds off can mean the difference between success or failure in your canning. Depending upon the food canned, it may keep or it may spoil. Is it best to know just how accurate your gauge is.

For this reason, I am holding seven pressure cooker clinics next week in the county. These will be as follows:

May 24, 9:30 a.m.-12 noon—St. Charles City Hall;
May 24, 1:30-4 p.m.—Lewiston City Hall;

average of 1,073 pounds of milk and 34.6 pounds of butterfat with an average test of 3.22.

A new standard test member was added by Sexe in April, Clifford Herbert of Ettrick. Sexe now has 553 cows on standard test in 18 herds. The average production of milk per cow among these herds was 853 and the average pounds of butterfat per cow was 31.5.

Wangen's 14 grade Guernseys produced an average of 910 pounds of milk and 39.7 pounds of fat with a test average of 4.36. Ray Lamberson's 31 registered Holsteins produced an average of 1,135 pounds of milk and 38 pounds of fat with a test average of 3.35. Holmen's 28 grade Holsteins produced an average of 1,086 pounds of milk and 37.4 pounds of fat with an average test of 3.44. The 22 registered and grade Holsteins in the Weltzien herd gave an average of 1,090 pounds of milk and 36.7

pounds of butterfat with an average test of 3.37 and Marshall Nehring's 16 registered Guernseys produced an average of 738 pounds of milk and 35.1 pounds of fat with an average test of 4.76.

Hovell had 350 cows on standard test in 15 herds. The cows in these herds produced an average of 832 pounds of milk and 32 pounds of fat.

BROWN SWISS BULLS
C. A. Choate, Old Elm Farm, Winona, has recently sold a purebred Brown Swiss bull and purchased two others, according to an announcement by the Brown Swiss Association, Beloit, Wis. He sold Old Elm Carl's Ambassador to Lawrence Sass Jr., Chatfield, Minn., and bought Lee's Hill Inspirer M from Lee's Hill Farm, New Vernon, N.J., and Norvic Master Pollyman, Norvic Farm, Lake Mills, Wis.

Agent Tells How to Get High Income

Emphasizes Crop
Yield Per Acre
In Farm Profits

By GORDON ANDERSON
Winona County Agent
LEWISTON, Minn.—One of the most important, if not the most important, of factors in farm profits is the crop yield per acre.

We put about the same amount of time, effort, machinery use and seed in a field, whether the resultant crop is good or poor, so the difference between low and high yields is pure gravy. We often try to make this gravy with the judicious use of fertilizers.

As we are not in the farm business to win yield contests, but rather to make a high net income, maybe we should review some points:

• If you are fertilizing a field which is run down and has a history of low yields, then you can plow under everything including Mr. Murphy's overalls and probably make it pay. But, if you now are raising 90-100 bushels of corn, for instance, and are fertilizing for a higher yield, the difference may or may not pay for the added cost. The higher the original productivity, the harder it is to raise it.

• It takes water besides plant food to make a crop. A big factor in last year's tremendous corn yields was our 39 inches of rainfall (10 inches over normal for the county). A fertile field will get through a drought better than an infertile one, but over-fertilization won't hold that much more.

• A high stalk count is necessary to use up the plant food we put in the soil, thereby increasing the yield.

• Balanced fertility is important. Too much of one of the nutrients in combination with not enough of the others, means problems such as poor ripening, poor ears or poor stalks. Proper interpretation of the results of a reliable soil test is the method of working into a balanced fertility program.

• The best corn yields, according to published results of farmers' contests, are still to be gotten on fields which have had a good legume crop plowed under, so don't sell a good rotation short.

Larkin Valley Farm Sold by Ole Urlens

BLAIR, Wis. (Special)—Mr. and Mrs. Ole Urlens of Larkin Valley, four miles east of here, have sold their farm to Gerald Onsrud, West Salem, who will take possession June 1.

Mr. and Mrs. Urlens will move to their home on Spring and First streets, Blair.

Mr. and Mrs. Wayne Frederixson have moved from their home in Blair to the Wilbur Osgood farm on Highway 53.

Arcadia FFA Chapter Elects Pronschinske

ARCADIA, Wis. (Special)—Mark Pronschinske has been elected president of the Arcadia High School Future Farmers of America. Marvin Grotjahn was named vice president; James Ziegewied, secretary; John Schank, treasurer; Robert Schmidtke, reporter, and Allyn Pelowski, sentinel. Frank Jereczek, Dodge, was selected as the outstanding farmer of the area in 1955. The annual chapter picnic will be held Saturday at Merrick State Park.

The Mabel, Minn., Chapter of the Future Homemakers of America and mothers of some of the members were in Winona Tuesday. One of the places they visited was The Daily News plant where they saw how a newspaper is produced. Here they are shown how advertising is handled. Partly visible in the left background is

a wall map showing where The Daily News is distributed.

Many area groups have taken advantage of the spring weather for visits to Winona industries and The Daily News plant. More than a dozen club and school groups have visited The Daily News this month. (Daily News photo)

Pepin Co. Agent Compares Costs Of Preservation

DURAND, Wis. (Special)—To keep costs down and a good supply of food on hand, homemakers are making food preservation plans for the year. By now they have decided how much they'll need for their families. The homemakers growing their own food had their eye on the freezer when they planned and planted the garden. However, some foods are better canned than frozen.

To provide for plenty of the winter's supply of vitamin C, a family of four should have about 80 quarts of tomatoes. This amount can be used for side dishes, casseroles, seasoning, sauces and juice.

Rhubarb and peaches are good either canned or frozen, so if freezer space is scarce, some could be canned. Use the boiling water bath method when canning fruits and tomatoes.

About the only other vegetable homemakers may want to can instead of freeze is snap beans. Use only a pressure cooker or pressure saucepan for canning this nonacid vegetable. Asparagus, peas and greens are better frozen.

Whether homemakers can or freeze depends on freezer space, canning equipment, jars and packages on hand, how much food one plans to put up and the time available to prepare food.

Freezing is usually the most costly method of food preservation unless full use of the freezer is made. Frozen storage runs from 10 to 28 cents a pound of food, plus the cost of packaging. However, if the freezer is filled two or three times a year, it will run toward the lower figure, according to Mrs. Linnea Dennett, foods specialist at the University of Wisconsin.

Freezing and canning bulletins are available at the county agent's office in Durand.

ROLLINGSTONE, Minn.—Legislation will be discussed at a meeting of the Farmers Union local at Holy Trinity auditorium Tuesday at 8:30 p.m. In addition, a program of movies has been planned by the executive committee which met Monday night here. All interested farmers are invited.

Buttercake Contest Set Here June 16

Finals in the Winona County Farm Bureau buttercake contest are scheduled June 16 at 1:30 p.m. in the Winona Senior High School auditorium.

Contestants will be winners of local bake-offs and the finalist in the county contest will enter the state meet. A dairy foods demonstration will be given at the county event by a home economist and Millard Chab, Winona, state dairy inspector, will speak on refrigeration of dairy products. Prizes will be awarded.

Spring Grove Resident New DHIA Supervisor

SPRING GROVE, Minn. (Special)—Harlan Johnsrud, Spring Grove, is now supervisor for the Winnebago County (Iowa) Dairy Herd Improvement Association.

Johnsrud will take over the duties of Art Moellers, Oshtemo, who has been supervisor three years, but will devote full time now to farming operations. Johnsrud has had a year's experience in Minnesota as supervisor and will be in charge of regular testing as well as owner-sampler service. He is the son of Mr. and Mrs. Harold Johnsrud, Spring Grove.

June 20 Deadline For Wheat Acreage

WHITEHALL, Wis.—Trempealeau County wheat growers have until June 20 to get in compliance with their 1955-crop wheat acreage allotment.

By that time, according to Raymond A. Lamberson, chairman of the county Agricultural Stabilization and Conservation Committee, the grower must dispose of his excess wheat so that it cannot be harvested for grain or the wheat will not be eligible for price support, the farmer will not be eligible for agricultural conservation program cost-sharing and wheat from acreage in excess of 15 acres or the allotment whichever is the larger will be subject to a marketing quota penalty.

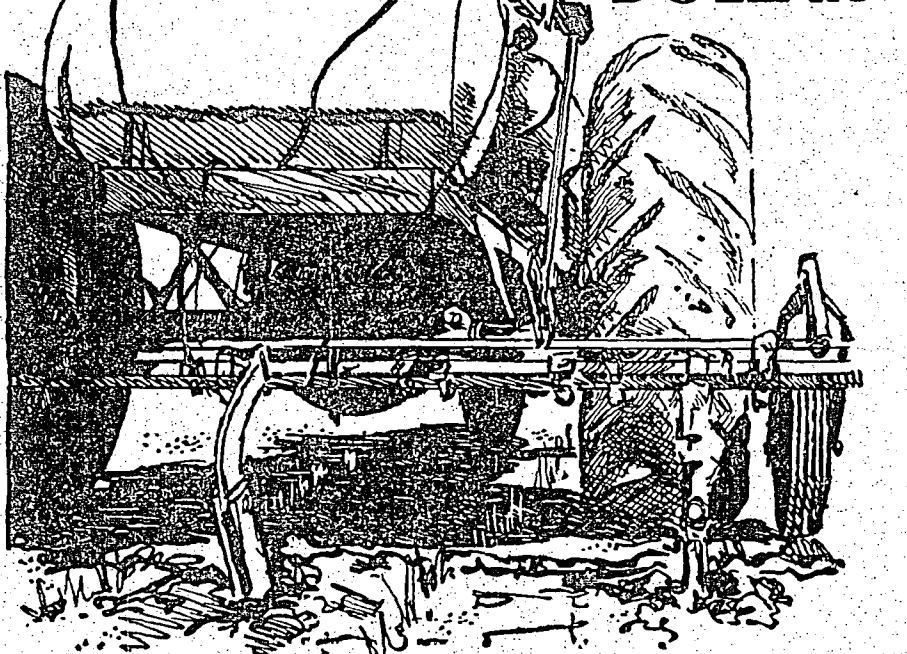

In Trempealeau County ASC reporters will visit farms on which wheat is grown to determine acreages from May 16 to June 5. Chairman Lamberson urges that any county farmer who has seeded wheat this year and who is not visited by an ASC reporter by June 5, notify the county ASC office in Whitehall.

BULL 'EXCELLENT'
Old Elm Hercules, a purebred Brown Swiss Bull owned by C. A. Choate, Winona, was classified excellent by a breed expert from Iowa State College, Ames, Tuesday morning.

7 Test Plots Being Watched In Winona Co.

By HARRY PEIRCE
Winona Vocational-Agriculture Instructor

Yes, field test plots point the way to fertile soils, improved crops, and a better living for the farm family. That is the reason for the emphasis on the field test plot program sponsored by the "Vo-ag" department of the Winona public schools. The vocational-agriculture department, with the cooperation of the farmers and local seed, fertilizer and insecticide dealers, develop these various test plots so that farmers may see, first hand, how effective some of these cropping practices are when tried in the Winona area.

This year the test plot program has grown to include seven separate farms in the Winona area. Corn variety and agricultural ammonia plot is on the Alvin Burfield farm at STOCKTON, Alvin and his neighbor, Leonard Burfield, are the cooperating farmers. On one end of the corn field 15 different varieties of commercial seed corn is planted to determine adaptability to this area. In another section of the same corn field, agricultural ammonia was applied as the source of nitrogen that was required in the total plant food program.

The oat variety test plot is on the Old Elm Farm near SUGAR LOAF with Charles A. Choate and William Bartosh cooperating farmers. Here, 16 varieties of oats were planted to determine adaptability. The Winona County extension service cooperated in this test plot by donating the seed.

A corn fertilizer and insecticide test plot is on the Henry Meyer farm at WILSON. Check strips will be compared with strips treated with fertilizer and aldrin, an insecticide used to control rootworm, wireworms and other corn insects. Another corn fertilizer and insecticide test plot is on the Albert and Howard Volkhart farm at MINNESOTA CITY. In addition to the fertilizer and aldrin some of the corn was treated with Dieldrin, a seed corn insecticide. Organic soil conditioner test plot is on the Russell Church farm in STOCKTON VALLEY. The organic soil conditioner used in this case is Super-Gro. It has been applied broadcast, as a starter, and will also be side dressed at a later date.

There are also two test plots that have been carried over from last year's program. One is the wide row corn plot at Emil Fugleboe farm at WITOKA and the other is the legume variety and fertilizer plot on the Vic Pappenfuss farm at WILSON. Results on these two plots can be observed at the present time.

Yields will be taken on all of these test plots at harvest time and the result will be made available to the farmers in this area. Field days will be conducted at harvest time on those plots where it is suitable. The time and dates for these field days will be announced later. Farmers are encouraged to stop and inspect all of these plots during the growing season and also at harvest time.

WAGNER BUSY BADGERS
WHITEHALL, Wis. (Special)—Helen Thompson, Darlene Matthey and William Weller are arranging the program that will be presented at the meeting of the Wagner Busy Badgers 4-H Club Monday evening at the Wagner School. Misses Judson Weller, Sam Thoma and Lawrence Christopherson will serve lunch, according to Clarke Christopherson, reporter.

Interest Shown In Soil, Water Loans, FHA Says

Buffalo and Pepin County, Wis., and Winona County, Minn., farmers are showing considerable interest in the soil and water loans which are available through the Farmers Home Administration for soil and water conservation purposes, supervisors, Jens Uhrenholdt, Alma and Edward Rucki, Rochester, said this week.

Loans, made from insured or appropriated funds, are for farm improvements involving soil conservation, water conservation, development or use, forestation, or drainage of farm land.

Uhrenholdt expects an increasing demand for loans to help with terracing and contour farming, and developing waterways and ponds in connection with handling the run-off. Farmers are becoming more and more conscious of the washing away of topsoil, yet many farms in the county are still losing fertility because soil conservation practices are not carried forward as they should be.

Establishment or improvement of permanent pastures is prominent in the better farming plans of many Winona County farmers who are improving their farming systems through FHA soil and water conservation loans, according to Rucki, the agency's county supervisor whose office is in Rochester.

The loan funds are being used to establish new pastures or to improve those already established. Some of the practices to develop good pastures, and for which soil and water conservation loan funds are being used, include seeding with recommended grasses and legumes, proper fertilizing, and liming.

In some areas, sodding and subsoiling are necessary, Rucki said. Brush removal is also a practice that may be necessary on some farms.

Another use of the funds may be for cross-fencing, for pasture rotation or to prevent overgrazing or damage to portions of the pasture land not ready for grazing. Still another way in which soil and water conservation loan funds may be used in connection with pasture improvement is through development or irrigation systems. Funds may be used, when recommended, for land leveling, well drilling, and the purchase of pumps, sprinkler systems and other irrigation equipment.

BUFFALO TOWN CHAMP
FOUNTAIN CITY, Wis. — Mrs. Reuben Suhr won first place in the Buffalo Town custard pie baking contest sponsored by the Farm Bureau at the Frank Wantoch home, Fountain City Rt. 1, last Wednesday evening. Mrs. George Engel was judge; Albert Prondschinske, Arcadia, spoke on Farm Bureau insurance.

Number of Badger Farms Down 11%, But Dairy Cows Up

MADISON, Wis. — Annual reports from Wisconsin assessors show a decline in the number of farms and also a drop in the number of dairy herds. Taken over a period of 10 years these declines in number of farms and dairy herds have been substantial.

From 1945 to 1954 the number of farms in the state has declined 11 per cent. During the 10-year period assessors' reports show a drop of 18 per cent in the number of dairy herds in the state.

Even with the smaller number of dairy herds, Wisconsin had an all-time high in the number of dairy cattle last year. Wisconsin dairy herds are becoming larger. The herds with 20 cows or more accounted for only 41 per cent of the cows in the state in 1945. By 1954 the dairy herds of 20 cows or more had increased in size enough to account for 53 per cent of the cows in the state.

Farm Labor Shortage Continues in Wisconsin

MADISON, Wis. — The Wisconsin farmer is facing a continuing labor shortage, reports A. O. Follett, farm management specialist at the University of Wisconsin. He points to a ten per cent drop in total farm laborers in the state since 1950. Average wages, however, have not changed much since 1952.

Badger state farmers are paying an average of \$18 monthly, plus board and room, to single farm hands. Average monthly wages when a house is furnished to a married man is \$161.

Where summer help is hard to get, Follett urges farmers to have more of the harvest work done by custom operators. Rates for custom baling, hay chopping, and combining are not expected to vary much from last summer.

The average rate for combining small grains was \$5.10 an acre in 1954. Baling was 10½ cents a bale, and hay chopping averaged \$10.20 an hour, according to Follett.

County Hospital Herd Averages 408 Pounds

WHITEHALL, Wis. — The Trempealeau County Hospital Holstein herd averaged 11,200 pounds of milk and 408 pounds of butterfat per cow in a year of testing by the Holstein-Friesian Association of America.

There are 57 cows in the herd which were milked twice a day for 365 days. Their production equals 17 quarts of milk per cow a day.

Breeders Cooperative Meets Monday at Alma

ALMA, Wis. — The annual meeting of the Buffalo Breeders' Cooperative will be held at the courthouse here Monday at 8:30 p.m. Harlan R. Koch, Wisconsin Scientific Breeding Institute, will be speaker.

HEGG 4-H MEETS

ETTRICK, Wis. (Special)—Members of the Hegg 4-H Club have made plans for a booth at the Trempealeau County Fair. Reports were given of the recent 4-H club boys camp held at the fairgrounds at Galesville by Gary Quammen, Larry Thompson and Roger Henderson. Lunch was served by Mrs. William Henderson. Next meeting will be held June 13. Refreshments will be served by Mrs. Richard Myrland.

Houston Co. DHIA Adds 4 Members

CALEDONIA, Minn.—Four new members were added to the Houston County Dairy Herd Improvement Association during April, according to Lawrence Knutson, supervisor.

They are Lester Traff and Harrie & Todd, Houston; Al Huesmann, Caledonia, and Byron Treangen, Spring Grove.

The 32 herds with 709 cows on test during April had an average butterfat production of 30.5 pounds. The high cow for the month was a grade Brown Swiss owned by Rainer Klug, Caledonia, that produced 1,610 pounds of milk and 74 pounds of butterfat.

The ten high herds for the month were:

Julius Ernster, 18 grade Holsteins, 43.5 pounds butterfat; Francis Wilkes & George Bissen, 17 registered Jerseys, 42.1 pounds butterfat; Lloyd Schauble, 25 grade Holsteins, 39.9 pounds butterfat; Al Husemann, 15 Holsteins and Jerseys, 37.5 pounds butterfat; Marvin Schneider & Son, 23 grade Holsteins, 35.8 pounds butterfat.

Rainer Klug, 16 registered and grade Brown Swiss, 35.4 pounds butterfat; Alden Solum, 28 grade Holsteins, 34.7 pounds butterfat; Vernon Robie and George Bissen, 18 registered Jerseys, 34 pounds butterfat; Lester Beckman, 23 grade Holsteins, 33.2 pounds butterfat; and Cletus Schleich, 15 registered Brown Swiss, 33 pounds butterfat.

During the month five cows were culled because of low production and three for old age and disease.

University Strawberry Meetings June 4, 11

MADISON — Wisconsin strawberry growers will be shown new varieties June 4 and 11 at the university.

R. H. Roberts, university horticulturist, says the meetings were originally scheduled for June 11 and 18 but have been moved up because of an early strawberry season.

Roberts will explain new strawberry crosses and possible varieties which have been selected for good freezing qualities, high production, and good berry type.

Gatherings will be held at a fruit garden just north of University avenue on Walnut street. All growers are welcome to attend.

Caledonia Beginning Summer Music Program

CALEDONIA, Minn. (Special)—Registration for the beginners' group in the Caledonia band began this week, so that the class can be started this month.

This class will work through the greater part of the summer.

When a youngster is enrolled in the Caledonia school instrumental program, he or she immediately becomes a member of the beginners band and receives a lesson a week. Youngsters from St. John's Lutheran, Caledonia public, Catholic Central Grade and Loretto make up three bands in the instrumental program.

Instrumental and twirling classes will be part of the summer recreation program. All instruction is free.

Poppy Sales Planned By St. Charles Groups

ST. CHARLES, Minn. (Special)—The American Legion Auxiliary will sell poppies May 21 and the Veterans of Foreign Wars will sell poppies May 28.

Mrs. Irving Smith is in charge for the Legion Auxiliary. She is assisted by Miss Florence Stenback.

Alice in Dairyland
BLAIR, Wis. (Special)—Miss Betty Ann Strand, daughter of Mr. and Mrs. Helmer Strand, Blair, has entered the 1955 Alice in Dairyland contest. Betty Ann is a member of the 1955 senior class of Blair High School.

Eyota Wonder Workers
EYOTA, Minn. (Special)—Roger Smith has been selected 4-H camp delegate by the Eyota Wonder Workers Club recently. Olmsted County Sheriff Gerald Cunningham spoke and Mrs. Clarence Kuhlmann discussed 4-H week. Karen Townsend gave a report of the leaders meeting.

Rural Carriers To Help Complete Livestock Survey

ST. PAUL—Rural mail carriers and postmasters throughout Minnesota will again assist the State-Federal Cattle and Livestock Reporting Service in making the annual June 1 livestock survey. This is the 34th year in which the Post Office Department has cooperated in making similar livestock surveys.

Postmasters have been furnished a supply of cards which will be distributed by rural mail carriers to farmers served by the local post offices. Farmers receiving this card are requested to provide the reporting service with information about the livestock and poultry numbers for their own farms. The replies will be used by the Department of Agriculture in preparing state and national reports on numbers and production of livestock and poultry. Farmers, who cooperate in this survey, will receive copies of the report from their rural mail carriers when the results become available.

Results of the survey will first be made known through newspapers and radio June 22 when the estimates of the 1955 spring pig crop and the prospective fall pig crop numbers are released in Washington, D. C.

Theme for Parade Selected at Blair

BLAIR, Wis. (Special)—"One Hundred Years of Progress" has been chosen as the theme for the Blair-Preston Centennial parade July 4. Ray Nereng, chairman of the parade committee, has reported.

Three qualifications must be met for entry: Units must follow the theme; they must be approved by a parade committee which will review the unit by written description and a sketch, and advertising floats must have some connection with historical progress, Nereng said.

Certain rules to insure safety for the parade participants as well as for the huge crowds expected to witness it have been adopted.

Expected to be a feature of the celebration is a centennial band now being organized under the direction of Everett Berg. The musical organization will feature such musicians as Ole Solberg, James Anderson, Dr. O. M. Schneider, Earl Zastrow and Carl Penno.

Fashion Conscious

CLINTONVILLE, Wis. (Special)—The Clintonville High School graduating class is right up to the minute. The students' choice for class colors: Charcoal and pink.

Summer Lull in Capital

By STEWART ALSOP

(Note: Joseph Alsop has just returned from six months in the Far East. What follows is excerpted from an informal memorandum by his partner, Stewart Alsop, bringing him up to date on the Washington scene.)

WASHINGTON — Since you left, domestic politics has been sounding more and more like a cracked phonograph record. Over and over again, the oracles ask the same three questions: Will Ike run? Will Adlai run? Will Joe McCarthy run? And over and over again the oracles answer themselves: Yes, Yes, Yes. This performance tends to a certain monotony.

So does the performance on Capitol Hill. Majority Leader Lyndon Johnson is no doubt the most thoroughly professional congressional leader of our times. But that's just the trouble. He ships legislation through so quickly and quietly that nobody notices, or even cares very much.

There has not been a single good low since this session began. Sometimes one can't help feeling a certain nostalgia for the late Joseph R. McCarthy. McCarthy, incidentally, is so sunk without trace that it's hard to believe that he was dominating the headlines when you left for abroad.

War Scare
But the dizzying chopping and churning on the foreign front have more than made up for the dullness at home, that is if you prefer vertigo to tedium. If you had come straight back from Formosa about five or six weeks ago, you would have found the country in the grips of a tremendous war scare. It was only about that long ago that Admiral Carney was talking about "war by April 15," and he was merely voicing the most widely held official view, and had the bad luck to be unfairly used by our profession.

Now the Far Eastern crisis, which you covered so ably, has suddenly disappeared from view, rather the way McCarthy has. Presumably it is still there, as presumably McCarthy is. But as in his case, it is considered tactless to mention its existence. When Chou En-lai rather condescendingly remarked that he was willing to talk to us, and the President and Secretary Dulles (after some pretty confusion) replied that we were willing to talk to everybody, sighed with relief and said, "Well, that's over."

It isn't really over at all, of course, as I suspect you may point out, in your tactless way. But all concerned seemed to have agreed that the best policy for dealing with the Asia crisis is simply to pretend that it isn't there any more. If there is any other policy, I have been unable to find out what it is.

More Talk of Peace
Now the talk is all of peace in our time. The almost instantaneous transition from war scare to peace talk has been a really amazing phenomenon. At first, after the Russians signed the Austrian treaty and agreed to the meeting at the summit, all concerned were very cautious. From the President and Mr. Dulles on down, there were many warnings against expecting miracles. But now small, irresponsible, hopeful noises have begun emerging from the warblers themselves as from children at Christmas time who pretend to be too grown up to believe in Santa Claus, but really do all the same.

Of course there may actually be a Santa Claus, or a reasonable facsimile thereof. You will find men whose opinions you respect speculating seriously that the Soviets may be genuinely anxious to make a European settlement which the Western powers could accept. The Russians have certainly been

Caledonia Commercial Club Party on Tuesday

CALEDONIA, Minn. (Special)—Miss Maureen Applegate of the faculty of Wisconsin State Teachers College, La Crosse, will be the guest speaker during the annual Commercial Club guest night Tuesday at 8 p.m.

Music by Al Hestman and His Orchestra in addition to some local talent will be included on the program.

Another Surprise

But the Russians also sprang another surprise, with the overlying of Moscow before and after May Day. This could well be the most significant single event that has occurred since you left. As these days, the Pentagon tried hard to move and play down the meaning of the event (remember Operation Candor?). But the essential facts have come out, and their meaning is plain. The Soviets have a fully mature and remarkably well equipped all-weather air defense system. And they have a rapidly maturing strategic jet air force, with tanks for air refueling, so that Soviet jets can now unquestionably bomb targets in this country, and return to base.

The Moscow overflights knocked into a cocked hat all our defense plans — Secretary of Defense Wilson himself, you remember, was saying only a year ago that Soviet war preparations were wholly defensive. But again, it is considered somewhat unseemly to mention such things.

I was in the Senate gallery the other day when Symington of Missouri made a short but cogent speech pointing out that we "may have lost control of the air," and calling for a report by the President on the meaning of the Moscow overflights. He might just as well have been baying at the moon, or extolling the virtues of North Dakota, like old Sen. Langer, who got the floor after him, amid a babble of general indifference. It is much more popular, these days, to believe in Santa Claus. Cheaper too, of course. Anyway, welcome home.

Testimony Ending In Murder Trial Of Faribault Airman

SUMTER, S.C. (AP) — Testimony neared an end today in the trial of Roy A. Nichols, 21-year-old Faribault, Minn., airman charged with beating a Birmingham, Ala., salesman to death in a motel here Feb. 4.

A general sessions jury Thursday heard Nichols' co-defendant, Daniel J. Dick, Billings, Mont., describe the beating of W. R. Evans, 63, after a drinking spree. Dick has been indicted and will be tried later.

Dick testified that he stood in the bathroom of a motel near Sumter and watched Nichols knock the salesman to the floor, remove his clothing and knot something about his neck.

"Nichols acted crazy," Dick testified, and was in a "fit of anger" as Evans was beaten.

Dick said the three had spent the day drinking beer in various Sumter cafes before going to the motel.

The traffic death toll in 1954 was 36,300. More than a million others were injured.

LARRO ANTIBIOTIC MIX IN SURELIFT TREATS SPECIFIC DISEASES!

New Wonder-Working Mixture Offers Relief to Chickens, Calves, Turkeys and Pigs!

Time was when individual treatment with a variety of medicines was the only way to treat Scours in pigs and calves, Chronic Respiratory Disease in chickens, and Hexamitiasis in turkeys. But not today! New Larro ANTIBIOTIC MIX IN SURELIFT treats diseases in chickens, pigs, calves and turkeys! When disease is present, your animals need more vitality, more vital nutrients. New Larro SURELIFT provides these, along with plenty of wonder-working antibiotics.

SURELIFT gives your livestock and poultry the extra vitality they need at shipping, vaccination, or castration time. This extra vitality comes in handy during sudden temperature changes, too. Watch your animals closely, and at the first sign of trouble... feed SURELIFT!

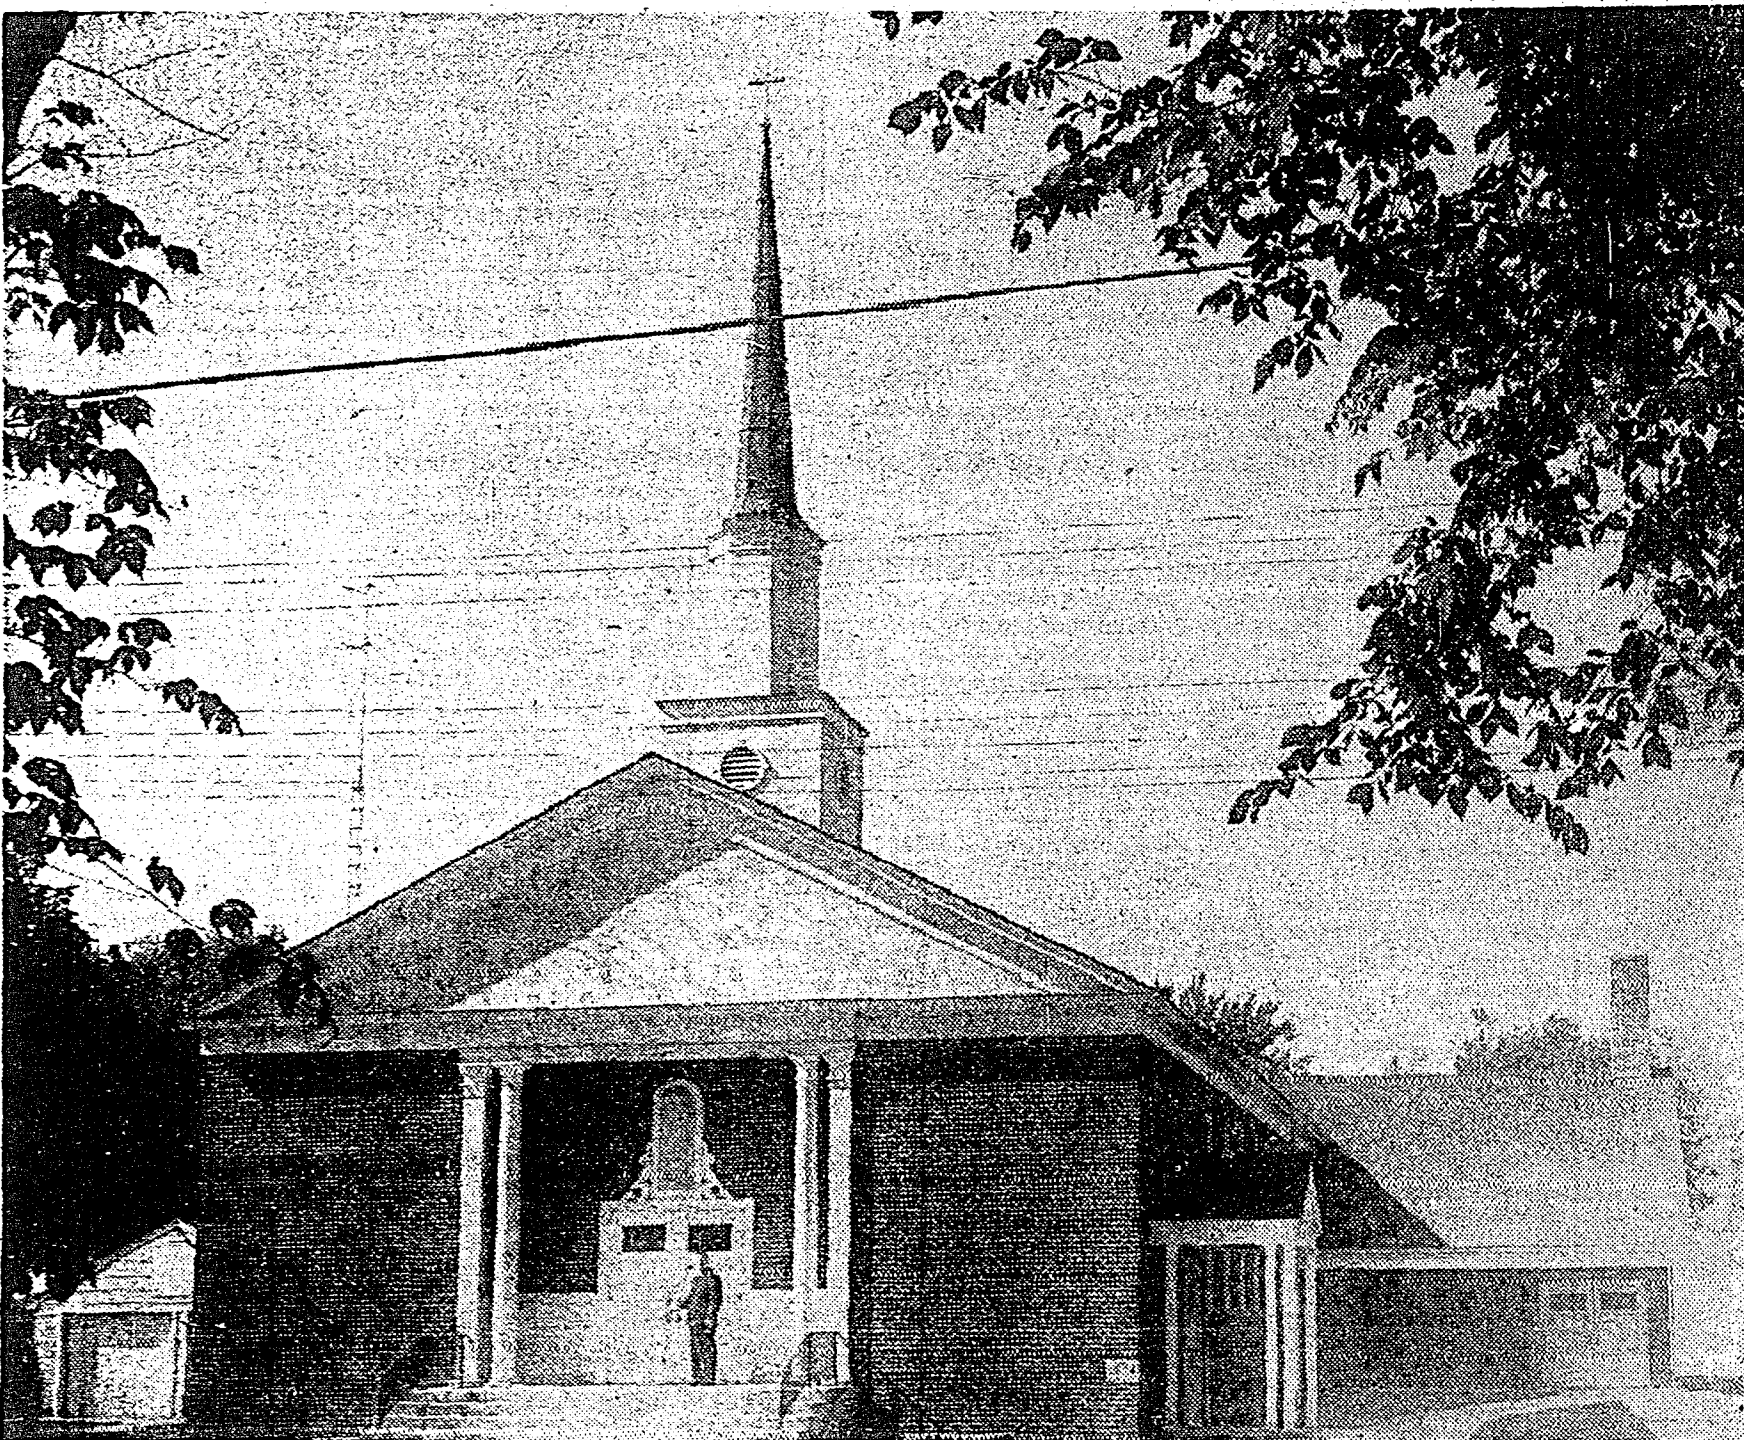

WHAT IS SURELIFT?
Larro SURELIFT is a specially-prepared feed and drug mixture that is highly fortified with disease fighting antibiotics, trace minerals, health-promoting vitamins, and other vital nutrients.

Since SURELIFT is highly palatable, it has ready acceptance by chickens, turkeys, calves, and pigs—even if they have been "off feed." And, since SURELIFT contains 200 grams of proven antibiotics per ton, it's a treatment for specific diseases in pigs, chickens, turkeys, and calves.

The quality feed ingredients—plus extra-high amounts of other vital nutrients—goes to work improving vitality, and stimulating appetites.

WHAT SURELIFT CAN

Mondovi Church to Be Dedicated

The new Sacred Heart Catholic Church, Mondovi, to be dedicated Sunday, is a colonial-type structure of red brick and white trim. The Rev. Stanley Andrzejewski, priest, is standing at the front entrance. A sacristy wing with a white-trimmed porch is at far right. Estimated cost of the structure is \$125,000. (Daily News photos)

New Catholic Edifice Rites Slated Sunday

MONDOVI, Wis. (Special) — Dedication services, with the bishop of the La Crosse Diocese officiating, will be held at the new Sacred Heart Catholic Church Sunday.

It was completed recently at a cost of \$125,000 and replaces an edifice across West Hudson street built in 1896 for \$5,000. The parish of 130 families, led by the Rev. Stanley Andrzejewski, also owns an eight-grade school building, a rectory and a convent.

The Most Rev. John P. Treacy, bishop, will preside at 10 a.m. dedication rites following a procession from the rectory adjacent to the old church to the front of the new building. Participating in the line of march will be the parish altar boys, flower girls, the first communion class, Catholic War Veterans color bearers and guard from Eau Claire and fourth degree Knights of Columbus from Wisconsin Rapids.

A Mass of dedication will then be offered by Father Andrzejewski assisted by the Rev. Charles Brady, Galesville, deacon, and the Rev. Aloysius Baumann, Seneca, Wis., sub-deacon. Both are former pastors of Sacred Heart.

The Very Rev. Joseph Andrzejewski, Arcadia, brother of the Mondovi priest and the Very Rev. Stephen Anderl, Durand, will be deacons of honor to the bishop at the rites. Father Anderl will preach the sermon. The Rev. James Finucan, La Crosse, Bishop Treacy's secretary, will be master of ceremonies.

At noon a public dinner will be served from the new kitchen in the basement by the Altar Society. Mrs. W. H. Berger, president, Mrs. Eleanor Adams and Mrs. Lyle Loomis are co-chairmen of the affair. They expect a crowd of 2,000.

The new dining hall will seat 350. All furnishings are new including tables, folding steel chairs, stoves, roasters, refrigerators and dishwashers. There are two kitchens—one for food preparation, the other for serving. Young people of the parish will serve.

Open House Set

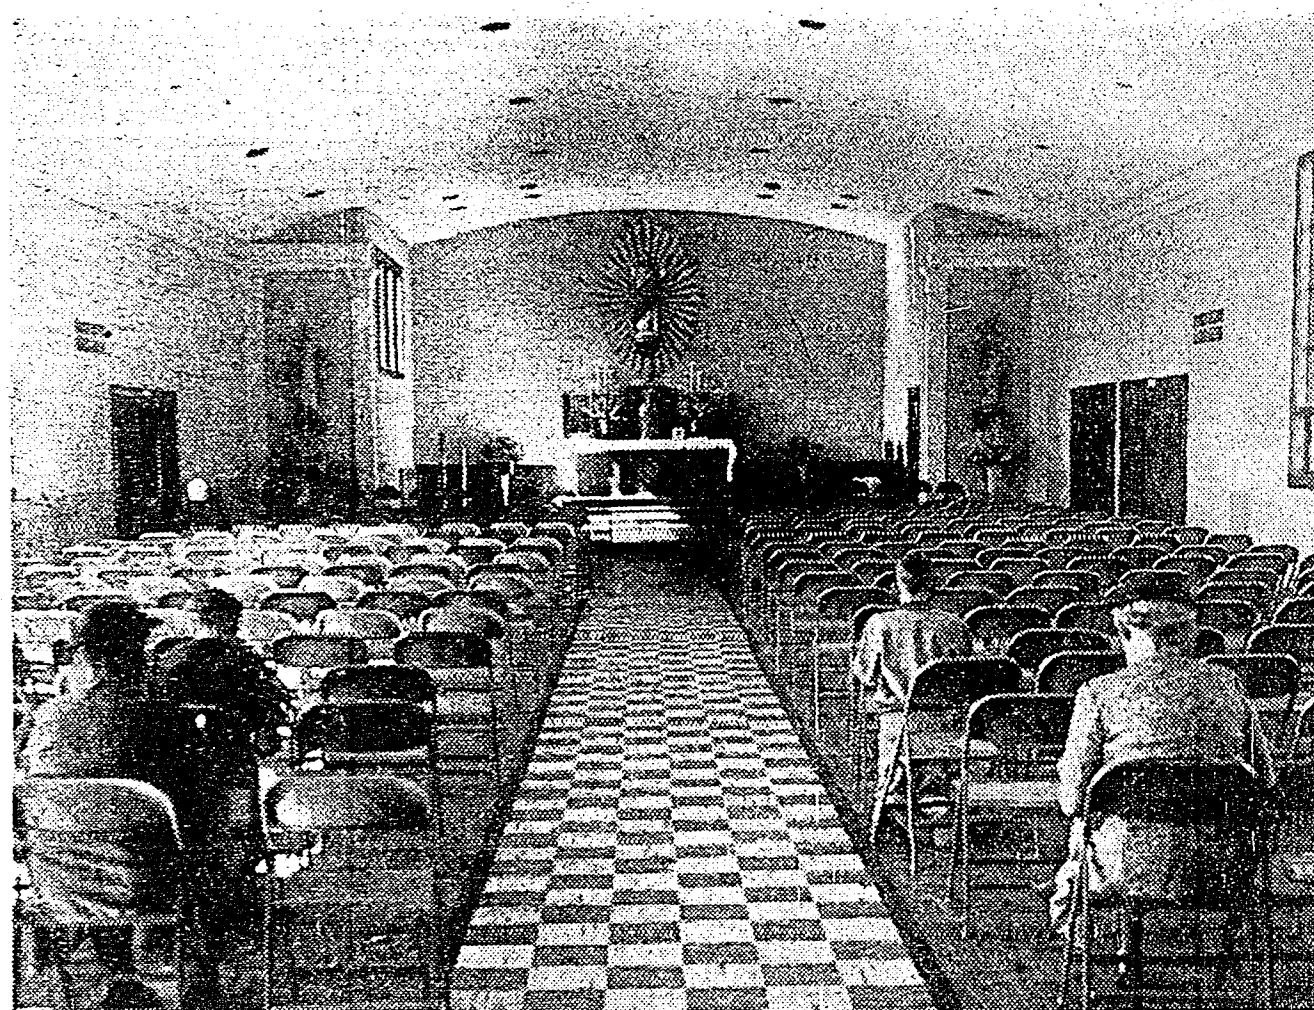

Open house will continue throughout the day.

Groundbreaking ceremonies were held last Aug. 8 and the cornerstone was laid Oct. 17. The church is 123 by 42 feet with a sacristy wing on the east side. It is a colonial-style structure of red brick and white, wood trim. The steeple is modified and is built mainly of copper sheeting. New furnishings for the sanctuary and a communion rail will be installed in the near future.

The Altar and Rosary societies bought the new altar; school children and the Catholic Youth Organization purchased an electric organ for the choir loft and the school children bought a baptismal font.

John P. Stewart & Son, Durand, was the general contractor.

Four Franciscan Sisters of Perpetual Adoration, La Crosse, serve the parish as school teachers. They are sisters Mary Dolores, Mary Quentin, Mary Maxilinda and Mary Marguerite. There are 163 students in the eight Sacred Heart grades.

Much of the new furnishings for the Sacred Heart Catholic Church, Mondovi, has been purchased by parish organizations. The altar, back-ground, was bought by the Altar and Rosary societies; the baptismal font by the grade school pupils and a choir organ, not visible, by the school and Catholic Youth Organization. Pews, a communion rail and sanctuary furniture will be installed in June.

The Rev. Stanley Andrzejewski

New Pastor Arrives To Serve Churches At Hammond, Chester

HAMMOND, Minn. — The Rev. Donald Mielke, who recently completed studies at the Naperville, Ill., seminary, has arrived to take over the pastorate of Evangelical churches here and at Chester.

He succeeds the Rev. Mr. Robertson, who left Monday for a new pastorate at Deer Creek, Minn. Pastor Robertson preached his farewell sermon Sunday, with a fellowship dinner following.

During the three years of his pastorate here, several projects were completed, including redecoration, new furnace and restrooms for the church and acquisition of chimes through a memorial gift.

St. Charles Church Marks 1st Birthday On Sunday Morning

ST. CHARLES, Minn. (Special) — Faith Lutheran Church here will celebrate its first anniversary in special services Sunday at 10:30 a.m., with the Rev. T. A. Thompson, Minneapolis, as guest preacher.

The congregation officially organized under the auspices of the Evangelical Lutheran Church May 20, 1954.

The Rev. Mr. Thompson has worked closely with the parish during its first year through his position as director of home mission activities for the Evangelical Lutheran Church in this area.

A potluck picnic and other festivities will be held at City Park following morning worship services.

Baccalaureate Rite At Kellogg Sunday

KELLOGG, Minn. (Special) — Baccalaureate services for five graduating seniors at the high school here will be held Sunday at 8 p.m. at the Kellogg City Auditorium, with the Rt. Rev. B. A. Kramer as principal speaker.

Pronouncing the invocation and benediction will be the Rev. W. E. Mahle, Plainview. Others appearing in the program will be Mrs. L. L. Maschka and Mrs. Carl Reinke.

The 1955 class motto is "Character is more valuable than riches," light blue and navy are the class colors and the class flower is the American Beauty rose.

Members of the graduating class are Francis Cory, Jean Johnson, Dean Kuklinski, Kenneth Schouweiler and La Vonne Timm.

7 Whitehall Leaguers At Circuit Convention

WHITEHALL, Wis. (Special) — Fourteen members of the senior Luther League at Our Saviour's Lutheran Church here attended a La Crosse Circuit convention at La Crosse last Sunday. The delegates were accompanied by the Mmes. Henry Thoreson and C. E. Nordhagen, advisers, and the Rev. O. G. Birkeland.

Seven of the group participated in a panel discussion on the subject, "Win With Christ," the theme of the convention. Included on the panel were Toby Ellison, Gary Johnson, Benjamin Ringstad, Dorothy Birkeland, Camille Gilbertson, Carolyn Mattson and Marlys Torud.

Others attending from Whitehall were Grant Anderson, Ruth Schanberg, Barbara Spanberg, Margaret Birkeland, William Brennon, Julie Blank and Suzanne Garthus.

FATHER ILL CALEDONIA, Minn. (Special) —

Clarence Guillaume has returned to his home at Gulf Breeze, Fla. He was called here due to the illness of his father, Nicholas Guillaume. Mr. Guillaume underwent major surgery at a La Crosse Hospital Monday.

Presbyterians Elect New Leader

LOS ANGELES — The nation and the world are on the crest of great new religious enthusiasm, the newly elected leader of the Presbyterian Church of the United States of America said today.

"It is a major goal of the church to respond to this enthusiasm and fulfill the need of the people," said Dr. Paul S. Wright, of Portland, Ore.

Dr. Wright, 59, was elected yesterday as moderator of the 167th general assembly of the largest of the three Presbyterian groups.

The pastor of Portland's First Presbyterian Church was elected by a 510-393 vote over Dr. John S. Bonnell, of New York City, in

St. Paul Mother Wins Custody Of Two Sons

ST. PAUL (U) — A St. Paul mother, who worked for many years as a waitress to earn enough money to support and care for her two children, today won their custody in the Minnesota Supreme Court.

The high court reversed a lower court order awarding custody to the father, Leo N. Lammi of Duluth, and ruled in favor of the mother, Mrs. Frances Lammi, now Frances Falde. She and her new husband and the two boys, 9 and 11 years old, live at 657 Grand Avenue, St. Paul.

Associate Justice Thomas Gallagher said in the unanimous decision: "The mother's devotion to the children, her years of work to maintain them, and her sacrifice of weekends and vacation periods to be with them, establish beyond doubt her concern for them and the fulfillment of the trust imposed upon her when their custody was awarded to her."

District Judge William J. Archer of Duluth directed the change in custody, from the mother to the father, in his order of Aug. 31, 1954, because the children had lived from September 1949 until June 1, 1954, with the father's mother, Mrs. Pearl Pulkabek, near Hinkley, while the mother worked as a waitress.

Eyota School Presents Awards

EYOTA, Minn. (Special)—Eyota school students, from the seventh through 12th grades, received awards for various activities at the annual achievement night.

Election of officers also was held for the coming year for the Eyota Parent-Teachers Association. Gordon Herrick was elected vice president; Mrs. Melvin Jones, secretary and Mrs. Gladys Meyers, treasurer. The president, J. D. Hogle, continues until the next meeting in Sept.

Perfect attendance awards went to Margaret Hamm, 11th grade; Katherine Kivonen, 10th grade; Norma Bryan, ninth grade; Daniel Hamm, eighth grade; Larry Smith, eighth grade; Robert Ellinger, seventh grade; Shirley Kivonen, seventh grade; Gary Bowman, seventh grade; and Judith Madison, sixth grade.

Student council awards — Richard Stehley, president; Larry Daniels, vice president; Mary Steinmetz, secretary; Tom Smith, treasurer; and Marlene Moehke, two-year member.

American Legion and Auxiliary awards for the outstanding boy and girl in the graduating class presented by Mr. and Mrs. Duane Bierbaum — Richard Stehley and Mary Jean Steinmetz.

Two-year member — David Vehrenkamp, Bruce Pierce, Jerry Pennington and Glenn Stocker.

Scholarship awards from Luther College — Richard Stehley and Mary Steinmetz.

School paper awards — Richard Stehley and Mary Steinmetz.

School annual awards — Marlene Moehke, Karen Townsend, Tom Smith, Richard Stehley, James Vrieze and Clarence Kuhlmann and Ardis Lyke.

Declamation awards — Kathryn Thelico, Ardis Lyke and Erika Thelico.

Library awards — Marilyn Higgins, Katherine Kivonen and Margaret Hamm.

School patrol awards — Fred Gaskin, Le Roy Higgins, Harry Duckson, Roger Asher, Dick Greach, Eugene Allen, Delbert Brown, Larry Karpola, Everett Woodward, Vernon Pickett and Melvin Harnack.

Athletic awards — Football, Tom Smith, Jim Curran, Larry Daniels, Darold Streiff, Ed Ryan, Roy Horn, Stan Fuchs, Jim Drysdale, Duane Head, Roger Smith, managers Bob Lovejoy and Richard Stehley; basketball, Tom Smith, Dick Stehley, Luverne Hammel, La Verne Burke, Carlton Swan, Ed Ryan, Roy Horn, Stan Fuchs, Glenn Briske, Roger Smith, managers Bob Lovejoy and Darold Streiff; baseball, Bill Asher, La Verne Burke, Jim Curran, Jim Drysdale, Bob Duckson, Stan Fuchs, Luverne Hammel, Roy Horn, Roger Smith, Tom Smith, Dick Stehley, Carlton Swan, Glenn Briske, Bob and Jerry Lovejoy.

Music awards — Patricia Head, Neoma Nichols, Marlene Moehke, James Vrieze, Mary Steinmetz, Tom Smith, Karen Townsend, Ardis Lyke, Wally Blum, Norman Grechen, Clarence Kuhlmann and James Curran.

The home economics classes gave a style show and a program. Crowned style queen by Superintendent Johnson was Margaret Vrieze. All the grades and departments held open house and showed exhibits.

Cat Lovers Approve Governor's Veto
BALTIMORE (U) — Gov. McKeldin's recent veto of a bill restricting the nocturnal wanderings of cats in Prince George's County has brought him feline acclaim.

A cat lover in Gary, Ind., nominated him for president for his stand in favor of feline freedom at night. The American Feline Society has announced it will give the governor an award June 2.

From the "Chatham Park Mouse Watchers Assn." of Chicago came a letter from "Mickey" noting that if cats hadn't been persecuted in Europe rats would not have spread the black plague which depopulated a continent. It concluded with the offer that if the state has a rodent problem, "please do not hesitate to call on any of our local associates for help."

Met Discussing Tour
CHICAGO (U) — General Manager Rudolph Bing says the Metropolitan Opera has been discussing with the State Department a European tour as a propaganda move.

Area Church Activities

CALEDONIA, Minn. (Special)—Confirmation ceremonies will be held at Immanuel Lutheran Church Sunday at 11 a.m. for David Schuldt, David Wiebe, Judith Comstock, Sandra Doering, Sandra Hanson, Francis Joerg, Jane Waldron, Laurie Cran, Stanley Doering, Charles Olson, Jacqueline Brown, Lyman Flatten and Sandra Schultz. First Communion will be Sunday at 8 p.m.

WHITEHALL, Wis. (Special)—The Rev. Paul Fretheim will be the guest speaker at a meeting of the Hale Luther League Sunday at 8:15 p.m. Also on the program are Mrs. Arnold Hanson and Mrs. Gordon Johnson, who'll give readings; Mrs. Peter Johnson, a vocal solo, and Virginia and Emelie Vold, vocal duet.

ARCADIA, Wis. (Special)—New officers of the Fagernes Luther League are: Lila Hanson, president; Mary Rae Studien, vice president; Kenneth Husmoen, secretary, and Richard Studien, treasurer.

WHITEHALL, Wis. (Special)—The junior and senior Luther Leagues at Our Savior's Church will hold their first joint outdoor meeting Sunday evening at the home of Mr. and Mrs. Helmer Fremstad. The meeting is open to the public.

ETTRICK, Wis. (Special)—A two-week vacation religious school for all Catholic grade school children will begin June 6, with three Franciscan nuns from La Crosse in charge. High school students from St. Mary's congregation, Galesville, and St. Bridget's parish here will hold a joint picnic June 1 at Merrick State Park.

PIGEON FALLS, Wis. (Special)—Dr. R. L. MacCormack, Whitehall, will show slides of a 1954 European trip during a meeting of the Luther League at the Synod Lutheran Church Sunday evening. Linda Iverson will contribute a vocal solo.

PICKWICK, Minn. (Special)—The Rev. Harris Melin, pastor, represented the Baptist Church here Monday at the May meeting of the Interstate Ministerial Association at Spring Grove, Minn. He will represent the congregation at the annual meeting of the National Convention Baptist Association at St. Paul this weekend.

DODGE, Wis. (Special)—A class of six girls and eight boys will receive their first Holy Communion during the 7:30 a.m. Mass Sunday at the Sacred Heart Catholic Church of Pine Creek.

WHITEHALL, Wis. (Special)—Members of the Senior Hi Luther League will wash and vacuum local residents' cars for \$1.50 beginning Monday and continuing through the following Saturday. Proceeds will be used to help send 15 delegates to the International Luther League convention at San Francisco, Calif., this summer.

HARMONY, Minn.—The Greenfield Lutheran Church choir will present a program of sacred music at the North Prairie Lutheran Church, near Lanesboro, Sunday at 8 p.m. The Rev. Walter Johnson, Harmony, will be guest speaker.

CALEDONIA, Minn. (Special)—A class of nine was confirmed during ceremonies last Sunday at the Methodist Church by the Rev. Lee Workman, pastor. Included were Jerome and Margaret Cleveland, Curtis Gissendorf, Lynn, Sheldon, Janice and Betty Owen, Donna Blanchard and Douglas Rudisuhle.

PLAINVIEW, Minn. (Special)—A mission festival will be held Sunday at Immanuel Lutheran Church with services at 8 and 10 a.m. Guest speakers will be respectively the Rev. William Petzke, Rochester, Minn., and the Rev. J. Carl Bast, St. Charles, Minn.

WHITEHALL, Wis. (Special)—Marilyn Senty, Independence, was elected president of the Methodist Youth Fellowship of the Whitehall and Independence churches during a meeting last Sunday at the home of Mr. and Mrs. C. A. Kuhn here. She succeeds Donna Ball. Judy Larson and Fred Friske, both of Whitehall, were named president and secretary-treasurer respectively.

WHITEHALL, Wis. (Special)—The Misses Gladys Peterson and Emma Neundorff have announced that they are conducting a series of denominational gospel services at the City Hall each Wednesday, Thursday and Sunday at 8 p.m. Services began May 18.

ETTRICK, Wis. (Special)—South Beaver Creek Lutheran Brotherhood will entertain women of the congregation Monday at 8 p.m., with colored slides to be shown and the Rev. Wayne Grover of Black River Falls as guest speaker. Charles Nordstrom is in charge of arrangements.

PLAINVIEW, Minn. (Special)—The Community Presbyterian and Methodist churches will unite and conduct their annual vacation school June 6-17, with classes to begin at 9 a.m. and continue through 11:30 a.m. Monday through Friday. Children in grades 1-7 have been invited to register.

WHITEHALL, Wis. (Special)—The Rev. Axel T. Blom of Strum, Wis., will be the guest speaker at a meeting of the Grace Luther League of Pleasantville Sunday evening. The Mmes. Maurice Swaim and Curtis Stuve will give readings. Mrs. Clarence Herman will play an organ solo and Mr. and Mrs. Noble Kieven will contribute a vocal duet.

PLUM CITY, Wis. (Special)—A decision to close the Olivet Methodist Church here was made at the quarterly conference and congregational meeting last week. A special service, recognizing the history of the church and marking its closing, will be held June 6 by the Rev. Keith Davison, pastor.

CALEDONIA, Minn. (Special)—Sharon Keefe was May queen during May crowning ceremonies last Sunday at St. Peter's Church. Her attendants were Larry Schulze, Stephen Danaher and Mary Susan Frank.

PLAINVIEW, Minn. (Special)—The Rev. C. F. Stratton, former pastor of the Community Presbyterian Church here and now living at West Liberty, Ohio, is presently visiting a son-in-law and daughter here, Mr. and Mrs. Jay La Rocque. He will be guest of honor at a pot-

Law Blocking Sale Of Farm Surplus, Humphrey Says

WASHINGTON (U) — Sen. Humphrey (D-Minn.) said today possible overseas sales of government farm surpluses are being blocked by a law requiring that they move in American ships.

"If our merchant marine requires a subsidy to compete on the high seas then we should do it directly instead of penalizing the farmer," Humphrey said in an interview.

The Minnesota Senator said multibillion dollar stocks of wheat, cotton and other commodities acquired in price support operations "now overhang the market and depress both farm prices and incomes."

"If we would just use a little more imagination and drive, I know that more of these food surpluses would find a ready world market," Humphrey said.

Humphrey said U.S. officials overseas told him that recent prospective sales of surpluses to Denmark, Norway and other countries had been blocked "by the requirement that half of them move in American bottoms (ships)."

Humphrey lost by an 8-7 vote in the Senate Agriculture Committee Wednesday an effort to cut short planned hearings on a House-passed bill that would repeal the administration's program of flexible price supports on basic farm crops, in time to assure a Senate vote this session.

First Step's a Killer
CHARLOTTE, N. C. (U) — Elva Anthony, 21, said goodbye at the home of friends and stepped out of a second-story window by mistake. He was released from a hospital after treatment of head bruises.

luck lunch Sunday at Wedgewood Park, sponsored by members of the congregation.

DAKOTA, Minn. (Special)—Workshop services will not be held Sunday at the Methodist Church here. The Rev. William Lowden's three charges—Dakota, Dreshbach and La Crosse—will hold joint services at 11:15 p.m. at La Crosse to hear a "Sermon in Song" by George Mathews, negro tenor.

ARKANSAS, Wis. (Special)—A class of nine will be confirmed Sunday at the Methodist Church, with pews on the left side of the church to be reserved for the families of the class members.

PLAINVIEW, Minn. (Special)—Named officers of the Methodist men's club during an election Monday were: Donald Carpenter, president; Vincent King, vice president; Fred Gerber, secretary-treasurer, and Alvin Langhans, lay delegate.

PLAINVIEW, Minn. (Special)—The Rev. C. F. Stratton, former pastor of the Community Presbyterian Church here and now living at West Liberty, Ohio, is presently visiting a son-in-law and daughter here, Mr. and Mrs. Jay La Rocque. He will be guest of honor at a pot-

A Former La Crosse Resident, John A. Saecker, left, now of Winona, introduced Mayor Milo Knutson, center, to the Transportation Club of Winona Thursday evening. At the right is Don Whiting, club president. (Daily News photo)

La Crosse Mayor Says Public Relations Vital

Because the United States has been transformed from a republic into a democracy, there's a need for public relations, the new La Crosse mayor, Milo Knutson, told the Transportation Club of Winona Thursday evening.

In the early days of the republic, said Knutson, representatives and senators were elected for what they were or could do; now they are elected because they are for or against something.

"Under the present circumstances, where legislators are subject to the views and pressures of various groups and individuals, 'government will never consider your programs on merit exclusively,' Mayor Knutson said.

He said that "you must tell your government and your neighbor about yourself."

As neighbors he included employees, labor unions, customers, bankers, the general public, local officials, competitors and stockholders.

He advised, "Make certain that facts are available so that your neighbors may come to a proper decision."

About 80 attended the dinner at the American Legion Memorial Club. Don Whiting, club president, district manager for Murphy Motor Freight Lines, Inc., president, and John A. Saecker, Winona, Gateway Transportation Co. dispatcher and former La Crosse resident, introduced the speaker.

BUYS AYRSHIRE COW
DAKOTA, Minn. — Rudolph Erickson, Dakota, has purchased a registered Ayrshire cow as the first of a planned purebred herd, according to the Ayrshire Breeders Association, Brandon, Vt.

French Indochina Commissioner Asks To Be Replaced

SAIGON, South Viet Nam (U) — France's top man in Indochina has asked to be relieved of his post.

An official announcement today said Gen. Paul Ely had asked Paris to replace him as French commissioner general in Indochina and commander of the 75,000 French troops in the country.

Observers in Saigon believed the French government would grant the request and would replace Ely with two men—a civilian as commissioner general and military assistant to command the French expeditionary corps.

Ely's move came as a surprise. But it obviously was an outgrowth of South Viet Nam Premier Ngo Dinh Diem's defiance of his wishes and of American support for Diem.

Jury Deliberates 7-Days Then Asks 'Who's Defendant?'
BOSTON (U) — After seven days of trial and four hours of deliberation, a federal court jury asked yesterday, "Who's the defendant?"

The jury reported it couldn't decide whether Guy's Super Service Garage, Inc., or Guy R. Pezzola, its treasurer, was the defendant in a tax evasion case.

Judge Francis J. W. Ford suggested that "a simple reading of the indictment should provide the answer." It did.

The jury convicted Pezzola on the charge of evading \$6,276 in taxes for the years 1948 and 1949. Sentence was deferred pending appeal.

UPPER FRENCH CREEK
ETTRICK, Wis. (Special)—Upper French Creek School, taught by Mrs. Randolph McRae, will close with a picnic May 26.

Skywatch Started By Mondovi Groups

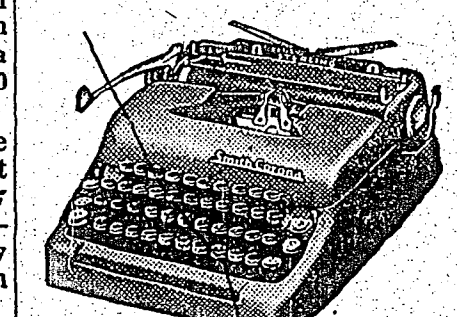

MONDOVI, Wis. (Special)—The Mondovi Ground Observer Corps post was activated this week with skywatch hours from 8 a.m. to 6 p.m. daily except Sunday.

The GOC post is located on the fairgrounds, south of the east end of the football field. The post is equipped with lights and a telephone.

Leaders have been appointed to select observers and a schedule has been drawn as follows, listing the leader, organization assigned and duty days:

Herman Weiss, Catholic men, Saturday; Mrs. Martin Wolff, Central Lutheran Church women, Monday; James Nyro, Central Lutheran men, Tuesday; Mrs. Nick Cook, Trinity Lutheran women, Wednesday; Wayne Allmang, Trinity Lutheran men, Thursday; Mrs. Catharine Pythian Sisters, May 27; Spencer Christensen, K. of P. Lodge, May 28;

LAFF-A-DAY

"Just the hats, Bill. We brought our own noisemakers."

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. Sc.

Answer to Question No. 1

1. True, Tolstoy added: "Each unhappy family is unhappy in its own fashion. The things that make marriage happy are few and simple—similar backgrounds, likes and dislikes, and philosophies of life. These spell love. Things that make marriage unhappy are legion—chiefly—emotional immaturity; next, not money, but how to spend the money; how to rear Junior; and dissatisfaction with marriage and life itself.

Answer to Question No. 2

2. Yes, I've calculated that U. S. citizens alone would save 47,319,512,341,211 and 19 minutes man-and-woman-hours yearly, if everyone knew the multiplication table up to 25 times 25. The late A. Thorndike, eminent educational psychologist, strongly advocated this. Anyone over 14 can learn it in a few evenings. I'm up to seven times seven and working on eight times eight. Seriously, it would be an immense time and money saver. Can you remember... Names? Telephone numbers?

Good stories? Simple, effective rules outlined in booklet, "How To Improve Your Memory." Send 15c (coin only) and self-addressed, stamped envelope (name city and state) to Dr. A. E. Wiggum, in care of this newspaper.

Answer to Question No. 3

3. No. Havelock Ellis, British neurologist, could find only three geniuses in all history who could be called "insane." Biologist F. A. Woods searched for years to find three eminent scientists who were mentally disturbed. Psychiatrist J. Adele Juda studied 234 "disturbed" German scientists, writers, artists, and musicians and found "over two-thirds mentally well-balanced." Terman has followed the careers of 1,400 "gifted" children for nearly 30 years and found them "far above average in mental health."

THE GRAB BAG

THE ANSWER, QUICK!

- Who was the author of the poem, Casey at the Bat?
- Where did President James Buchanan die?
- What well-known poem begins with the line, "No stir in the air; no stir in the sea?"
- Who is the governor of New York?

HOW'D YOU MAKE OUT?

- Ernest L. Thayer.
- At Wheatland, near Lancaster, Pa. in 1868, aged 77.
- The Inchcape Rock by Robert Southey.
- W. Averell Harriman, Democrat.
